

PLAINVIEW BUSINESS HOUSES

Plainview, Texas, May 21.—Burglars entered four Plainview business houses Friday night by forcing open rear windows and took considerable merchandise and a small amount of cash in each place. A sack of sugar, a few pennies and possibly some canned goods were taken from the Boyd Grocery Company. The McGlasson-Armstrong Tire Company was relieved of a small amount of cash and a few casings and tubes. Small amounts of cash, totalling about \$6.50, were taken from the Shepard Auto Company and the McLelland Buick Company.

Officers are working on a clue and expect to make arrests soon.

I'd walk a mile for a Camel

The pleasure is worth it. There's no substitute for Camel quality and that mild, fragrant Camel blend.

The fellow who smokes Camels, wants Camels. That's because Camels have a smoothness, a fragrance and a mildness you can't get in another cigarette.

Don't let anyone tell you that any other cigarette at any price is so good as Camels.

Let your own taste be the judge. Try Camels for yourself. A few smooth, refreshing puffs and you'd walk a mile for a Camel, too.

Upkeep Expense on the OilPull Is Extremely Low

OilPull owners are frankly amazed after each season's work at the uncommon economy in cost of upkeep and fuel.

Practically every OilPull owner will tell you the cost of doing his farm work now is much less than the former cost with horses.

First, the fuel cost is extremely low—lower than that of any other tractor built. Fuel economy has been one of the chief characteristics of the OilPull from the very first. It is designed throughout—carburetor, motor, cooling system, etc., for the use of cheap fuels.

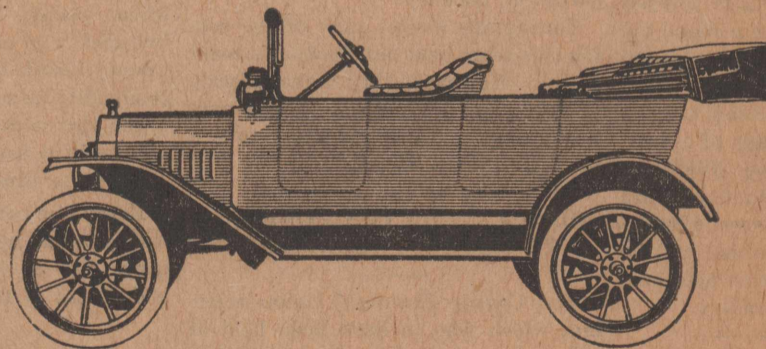

Then, the cost of upkeep is noticeably low. With every part made extra strong, there is little need for repairs. For example, "Old Number One," the first OilPull built 12 years ago, has had a total repair bill of less than five cents a day.

These are vital things for you to consider when you get ready to buy a tractor. A tractor which is constantly in the repair shop, instead of at work in the field, is a mighty unprofitable investment. You want the OilPull kind.

It will pay you to drop in and see all four sizes of the OilPull.

LEANS GET REVENGE ON HEAVY WEIGHT BOYS

The Leans took revenge on their heavy set fellow townsmen last Friday afternoon, when they overcame a big lead piled up in the early innings and won a baseball game by a score of 23 to 17.

The game was played for the benefit of the Cemetery Association funds and a large crowd was out.

The biggest feature of the game was the casualty list. O. P. Rutledge was painfully injured when a thrown ball caught him unawares in practice before the game opened. It was thought his nose was broken. L. A. White had an ankle turned while sliding to second in the fifth inning. His injury was quite serious and it will require several weeks for the ankle to heal. C. A. Shockey was struck in the face by a high fly in the seventh inning, but pluckily stayed the remainder of the game. A large number of substitutes were necessary before the nine innings were finished. Many of the stores closed because the game was a benefit game fostered by the Mothers' Club.

The Fats showed the effects of their game a week before while the Leans scamped about like colts.

WAYLAND COLLEGE BOYS LOSE TO SWATTERS 4 TO 0

The Swatters added another game to their list of won games Saturday afternoon when they bested a team of Wayland College boys on the local diamond.

Cannaday pitching for the visitors allowed nine hits, but kept them so well scattered that only four scores resulted. Two of these were home runs.

The college boys' greatest weakness was at the bat. They got only one hit off of Curry, who struck out seventeen men. One man got to second.

Each side made three errors, none of which were responsible for scores, however.

INTER-CITY TWILIGHT LEAGUE PLANS BEING MADE

An inter-city twilight league to play baseball this summer is in the process of formation and a schedule will be worked out soon, if plans now being made are carried out. Employees of the banks, the post office the Santa Fe and the High School boys will form a four-cornered inter-city league to play on a schedule of three games per week with the possibility of a fifth and sixth entry from the grocers and the dry goods men.

The games would be called about six o'clock and the season close in September, according to the idea advanced.

JUNIORS ENTERTAIN

The Juniors gave a farewell entertainment to the Senior Class of 1921, at the home of Ira Marshall, Saturday evening, May 14th. As the Seniors arrived they were introduced to the Seniors as they will appear in life forty years from date. There were many amusing characters represented, among them a tramp, an old maid school teacher and a parson.

The Juniors presented the Seniors with some comical presents for remembrance of the occasion.

Many novel and interesting games were played which were followed by a program that Mr. Marshall had arranged for the occasion. The F. H. S. quartette gave a number which was followed by a reading by Myrtle Muncy and farewell addresses by Chester Day and Mr. Parks.

During the evening the respective members of the Junior class were busily engaged in making a life book for each Senior. These life books were given to the Seniors before they departed.

Refreshments of ice cream and cake were served to about fifty students of the F. H. S. The Sophomore and Freshman classes were also represented.

To the class of 21, the Juniors say, "Good bye and good luck."

PUG CAVETT PITCHING GOOD BALL THIS YEAR

The many friends of Pug Cavett will be pleased to know that Pug is going strong this year with the Indianapolis club.

In a six game series last week with Louisville, Pug pitched and won three games, allowing five hits and no runs in all three games.

Pug is a Canyon boy and has a host of friends all over the Panhandle country. He was given a chance with the Detroit club four years ago, but got off on the wrong foot and was sent back to the minors. With his start this season, he looks good for another chance in the big leagues.—Canyon News.

FLOYDADA EMPIRE'S CENTER

A. B. Holland, a Sweetwater citizen recently visiting in Dallas on business, is quoted by the Dallas News as saying, "West Texas is the portion of this state that will come to the front in a short while. The picturesque cowboy, with his brilliant shirt and large jangling spurs is giving way to the farmer. The ranches are being cut up into farms and the whole country is being irrigated wherever needed. In my opinion Floydada is going to be the center of this new empire, and already I can see indications of a great agricultural center."

Mr. Holland is right. Floydada is already the center of the greatest agricultural section of West Texas, and its growth and the future possibilities point to the coming day when Floydada shall be called the "center" of things in the panhandle.

DON'T LET THIS HAPPEN

To every reader of The Hesperian who resides within Floydada Independent School District we call attention to the fact that the school tax election in this district will be held on Saturday, June 4th, the same day that the road bond election of the county will be held. And we say in all seriousness that failure of the school tax measure to carry will mean disaster to Floydada Public Schools. It is hardly conceivable to a believer in the free school system that the voters will fail to register themselves for the measure, but such things have happened. There are people to whom taxes are anathema, people who vote against any measure that carries with it an increased burden in taxation regardless. These people will be sure to vote in the election, while it is just

possible that the people who are in favor of giving the school board authority to increase the school tax to a figure not exceeding \$1 on the \$100 valuation will take it for granted that a favorable vote will be registered without their troubling themselves.

The school tax election will be held in the District Court Room. You'll have to walk a flight of stairs to get to vote for it. Are you willing to walk the flight of stairs to give Floydada School District boys and girls a nine-months school term? Rural districts all over Floyd County are putting their schools on a sounder basis in this manner. They are guaranteeing to their children better schools and longer terms. Floydada people, if they do not do the same will be cheating their children out of a heritage that cannot be measured in dollars and cents.

Without in least minimizing your duty to express your convictions in the road bond issue on June 4th, we urge that by all means you do not fail to climb another flight of stairs when you get through voting on the road bonds and cast a ballot for the school tax.

As a matter of information, women who paid their poll taxes are eligible to vote in the school election, as well as in the road bond election in cases where they are property tax payers, and a woman whose husband is a property taxpayer is also a property taxpayer under the provisions of the law and can cast a vote.

SAND HILL TEAM WALKS AWAY WITH SWATTERS' GOAT

The Floydada Swatters had a wrench thrown in their well-oiled machine Tuesday afternoon at Floydada Park when Sand Hill's team made a race track out of the diamond, while the boys in town were giving an exhibition of how the game of baseball should not be played. The score was 8 to 2. The visitors played first class baseball when it was necessary, while the Swatters were presenting them with enough scores on errors to win an ordinary game.

Mickey allowed eight hits but kept them well scattered.

The Swatters made several changes in their line-up during the game in an effort to re-capture their jinx, all to no avail.

The box score tells the story:

THERE is a certain song which holds a fascination for Mr. Edison.

It means that famous vocalists and instrumentalists have compared their performances with the RE-CREATION of those performances by the New Edison. It means that there is no difference between the living performance and the RE-CREATED performance. It means that only the New Edison gives music exactly as great artists give it,—for only the New Edison sustains this test of direct comparison. **FUND TO WOOL GROWERS
EXCESS PROFITS ON 1918 CLIP**

A new record of distributing refund excess profits on the 1918 wool clip was made by the Bureau of Markets, United States Department of Agriculture, during the week ending April 16, when 11,645 checks, representing \$53,188.06, were mailed out to growers. The total number of refund checks which were mailed out to that date was 54,492, distributing excess profits amounting to \$185,463.66.

The distribution of refunds was begun last October. Distribution for the week ending April 16 covered one-fifth of the total number of checks and one-fourth of the total amount of money returned to growers that far. The record made during that week, however, was due to an accumulation of checks received from the disbursing office and the special effort made to bring the work up to date.

Up to this time \$568,116.54 has been received from wool dealers as excess profits to be distributed to the growers. The pending excess profits involve an additional minimum amount of \$581,600.27, which will make the total refund from wool dealers \$1,149,716.18. This represents the excess profits thus far ascertained and demanded from 68 central dealers and 953 country dealers. Reports submitted by wool dealers indicate that only 38 per cent of the central dealers and 20 per cent of the country dealers made excess profits on their 1918 transactions.

**BEWARE OF TYPHOID INFECTION
WARNS HEALTH BOARD**

Country Districts and Summer Resorts Offer Greatest Source of Infection, They Say

Austin, Texas, May 15.—A warning against the dangers of typhoid infection has been issued to summer vacationists by the State Board of Health. It is said that there is greater danger from typhoid in the country districts and summer resorts than elsewhere, due to polluted water supplies, impure milk, and the presence of the typhoid-bearing fly.

"The tendency to have confidence in the purity of a water supply is too often a misplaced confidence," said Dr. M. M. Carrick, State Health Officer. "Two simple methods by which water may be made for drinking purposes are by boiling and by hypochlorite treatment. The last named method is simple, inexpensive, and highly efficient. Get a few ounces of the best quality of chloride of lime and prepare a stock solution of one teaspoonful to one quart of water. Keep in a tightly stopped bottle, and add one teaspoonful to two gallons of the water to be drunk. Allow to stand uncovered for 20 minutes before using, then bottle and keep on ice."

The State Health Officer, in speaking of the oftentimes dangerous milk supply of summer resorts, gave directions for pasteurizing. "Take a pail a little shorter than a milk bottle, place a saucer in it and stand the bottle of milk (cap on the bottle) on the saucer. Pour water into the pail until one-half of the bottle is submerged. Then place the pail and contents on the stove and bring to the boiling point. When the water begins to boil, remove bottle of milk from pail immediately, and cool as rapidly as possible.

"Flies are known carriers of disease," said Dr. Carrick, "and they thrive in summer resorts because of the frequently imperfect system of garbage and waste disposal. Swat the breeding places by sprinkling kerosene daily over the garbage, using chloride of lime in the privy vaults, and by pouring kerosene down the drains occasionally. Screen doors and windows, and use fly traps such as a poison made of one teaspoon of milk, one teaspoonful of water, one tablespoon of formaldehyde, and five drops of ordinary bluing. Pour some of this solution in a saucer in which a one-inch cube of bread has been placed, always keeping a surplus of liquid in the saucer."

The most efficient guard against typhoid infection, according to Dr. Carrick, is the anti-typhoid vaccination, and every vacationist should start this treatment three weeks before leaving home, three inoculations—seven to ten days apart—being necessary for immunity. He also warned against the malaria-spreading mosquito, and urged that kerosene be put on the surface of swamps, ponds, cisterns, rain barrels, or other quiet waters where "wigglers" are found.

Judge B. Frank Buie and Joe W. Williams, of Canyon, were in Floydada the latter part of last week on business.

J. D. Hanna, who is employed as assistant cashier with The First National Bank at Ringling, Oklahoma, has been here the past several days on a vacation visit with his parents, Mr. and Mrs. W. C. Hanna.

PLAINVIEW, TEXAS

**N. B. STANSELL VICTIM
 OF BRIGHT'S DISEASE**

N. B. Stansell, of Runningwater,
 Texas, died at the home of his son,
 J. C. Stansell in Plainview last Sat-
 urday morning and was buried in
 Plainview Cemetery Sunday after-
 noon, following funeral services con-
 ducted at the Methodist Church in
 that city by Rev. J. C. Clement, of
 Wellington, a former pastor and
 friend of years standing of the de-
 ceased.

Deceased was 67 years of age. He
 was reared in Texas and spent the
 greater part of his life in Fannin
 and Hunt Counties, where he amassed
 considerable wealth and many friends.
 He moved to Runningwater about five
 years ago and many friends from over
 this section, who knew him in East
 Texas, were at the funeral service.

Surviving him are five children: W.
 C. and Robert Stansell, of Running-
 water; J. C. Stansell, of Plainview;
 Mrs. Nellie Nevill of Leonard; and O.
 L. Stansell, of Floydada. The last
 named spent most of last week with
 his father and was with him at the
 time of his death. Mrs. O. L. Stansell;
 J. S. Collins and family, C. T. and R.
 E. Warren and C. W. Pollan, of this
 city were among the friends and rela-
 tives who attended the funeral Sun-
 day afternoon.

**RELIEF FUND FOR STORM
 SWEEPED AREA IS ASKED**

An appeal to citizens, civic and
 business organizations of Texas to
 contribute \$10,000 for use in perman-
 ent relief and rehabilitation of suf-
 ferers from the tornado that struck
 northeastern Texas and southwestern
 Arkansas on April 15th was formally
 made today by the Southwestern Di-
 vision American Red Cross Disaster
 Relief Section at Texarkana. Appeals
 for statewide contributions for perman-
 ent relief have been withheld until
 this date until a survey of the reha-
 bilitation needs for the storm areas
 could be completed by the American
 Red Cross which has charge of relief
 work in the entire devastated region.

This survey is now complete and
 shows a total of 597 families who have
 lost homes and personal property, of
 which 110 families are located in the
 Texas Counties hit.

"All emergency needs for these peo-
 ple have been taken care of by local
 subscription and by the Red Cross
 which has appropriated a large sum
 from its national contingent fund for
 this purpose, the call for funds sets
 forth: "The Red Cross also is main-
 taining without cost to the communi-
 ties involved, a staff of rehabilitation
 and relief workers who are directing
 the work on an economical and scien-
 tific basis."

"The larger work of reconstruction
 must now be undertaken and these
 citizens of Texas put back on a self
 supporting basis. Contributions lo-
 cally have been generous and the Red
 Cross has added a large sum to these.
 Due however, to financial and crop
 conditions most of the farmers and
 residents in the storm areas were in
 no condition before the storm to meet
 an added burden and now with their
 homes swept away and their property
 gone are in critical state and are able
 to do very little toward helping them-
 selves."

"Still further added funds are need-
 ed to supplement Red Cross and local
 contributions, and channels are now
 opened for these contributions and in-
 dividual receipt for this donation by
 the American Red Cross and any re-
 quests stipulating certain sections in
 which the money is to be used will be
 carefully carried out.

"All expenditure for relief and re-
 habilitation are based on careful con-
 sideration of the actual needs of each
 family, made by expert disaster work-
 ers in co-operation with local com-
 mittees. Contributors to this fund
 may rest assured that their donations
 will be used to the greatest advant-
 age."

Donations and contributions should
 be forwarded to Edward B. Arr, di-
 rector Disaster Relief, American Red
 Cross, Offenhouse Building, Texar-
 kana.

**FORD IS NOW PRODUCING
 4,000 CARS A DAY**

Ford is building cars at full speed.
 And, according to an official state-
 ment from the factory at Detroit, the
 demand for Ford cars and trucks still
 exceeds the output, despite the fact
 that a new high level of production
 has been reached.

By the first of May the figures
 representing daily production were in
 the neighborhood of 4,000 a day, so
 the May schedule was set at 101,125
 cars and trucks, not including the out-
 put of the Ford Canadian plant or
 any of the foreign assembling plants.

A comparison of Ford production
 figures for 1920 and 1921 discloses the
 fact that for April, 1921 the output
 was greater by 34,514 than for the
 corresponding month of a year ago.
 The output for May 1921 will prob-
 ably overshadow May, 1920 by be-
 tween fifteen and twenty thousand

cars and trucks.
 Approximately 43,000 men are at
 work in the Detroit plant of the Ford
 Motor Company. The factory is oper-
 ating on full time, six days a week
 and three shifts a day.

**SPECIALLY CALLED TO ATTEN-
 TION OF BILL COLLECTORS**

Sweetwater Reporter:
 The following is being circulated by
 J. E. Bogg-Scott, vice president of the
 Texas Farm Bureau Federation:

"Here is a letter from a small cot-
 ton planter of North Carolina, to a
 fertilizer shipper, which succinctly ex-
 presses the spirit of the time:

"I received your letter about what
 I owe you. Now be patient. I aint
 forgot you. As soon as folks pay me,
 I'll pay you. If this was Judgment
 Day and you no more prepared to
 meet your God than I am to meet your
 account, You'd show go to hell."

**Y. M. C. A. PRAISED BY PER-
 SHING FOR WAR-TIME SERVICE**

General John J. Pershing, in his ad-
 dress last night at the thirty-fourth
 annual dinner of the International
 Committee of the Young Men's Chris-
 tian Association at the Waldorf-Astoria,
 praised the work of the associa-
 tion at home and overseas. He was
 the guest of honor and principal
 speaker.

One thousand persons attended the
 dinner.

General Pershing was given a tre-
 mendous ovation when he rose to
 speak. He told of his experiences
 with "Y" men in the Philippines, on
 the Mexican border and in France, and
 declared that it was overseas that he
 came in closest touch with the asso-
 ciation workers. He said the Y. M. C.
 C. organization expanded to meet the

needs of the A. E. F., and told how
 the association had taken charge of
 the army canteens at his request.

"When the work of the Y. M. C.
 A. came to be compared with that of
 other organizations operating with far
 less responsibility and covering only
 special areas," said General Pershing,
 "there arose some unjust criticism, of
 which other organizations too often
 took advantage. I should like to ex-
 press here in this presence my deep
 appreciation of the results obtained.

"I also wish to express the belief
 that this association will continue to
 grow in usefulness to humanity and
 will early become a universally recog-
 nized force in our national life against
 which the powers of evil may not pre-
 vail."—N. Y. Tribune, May 11th.

PUBLIC FORUM

SAYS VOTE AGAINST THEM

I see there is going to be an elec-
 tion on June 4th to see whether the
 voters of Floyd County want to vote
 \$100,000 road bonds or not. I have
 been living in Floyd County 9 years
 and I like Floyd County fine. Here-
 tofore I have always kept my mouth
 shut but now I feel like its my time
 to say a few words. I think we ought
 to first give this matter a thought.
 Remember that our county is already
 badly in debt and we already have
 respectable roads. I live in the south-
 west part of the county and we have
 always managed to haul off what we
 raised. We have more car tax every
 year and more people to pay taxes and
 I feel we can get along fine without
 voting this debt and having it hang-
 over the people of Floyd County.

Let me ask a question. Don't you
 think it is better for a farmer to stay
 out of debt? If so, don't you believe it

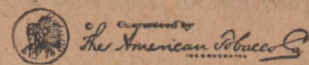

In a new size package

MANY smokers prefer
 it. They'll find that
 this compact package of ten
 Lucky Strike Cigarettes
 will just suit them.

Try them—dealers now
 carry both sizes: 10 for
 10 cts; 20 for 20 cts.

It's Toasted

is a good idea to keep our county out
 of debt? Let us go to the polls and
 vote against it. Remember, we are
 already taxed to death. Let us use
 better judgment, economize and not
 try to live 100 years ahead of our
 means. Let's not get the vehicle ahead
 of the team. Haven't we made out
 without this \$100,000 bond issue so

far? Yes.
 Let's remember the date and go to
 the polls and vote this great debt
 down. I will be there if I am not
 sick and vote against the bonds. Come
 on, you voters, let's keep our county
 out of debt.

G. W. PHIPPS,

THE U. S. CHAIN TREAD
 One of the few tires of which it may
 be said that they deliver economy
 year in and year out and tire after tire.
 The U. S. Chain Tread gives
 sufficient traction on all ordinary
 road surfaces. It is probably the
 handsomest, and by all odds the
 most popular, of the whole U. S.
 Fabric Tire line.

**As in the greatest cities so in
 his own home town—the U. S.
 Tire user gets fresh, live tires
 of current production.**

**"In every section, however
 remote, you find a dealer in
 fresh, live U. S. Tires."**

Economy rides on U.S. Tires—

IF you could get together all the car
 owners you know, you'd probably
 find that their tire experiences had been
 much the same.

Most of them have taken their fling
 at "job lots," "discontinued lines" and
 "surplus stocks." Soon or late, nearly
 all settled back on quality first as the
 one sound assurance of tire value.

* * *

As soon as a man forgets the cut-
 price tag, and comes to the dealer who
 concentrates on a full, completely
 sized stock of U. S. Tires—he learns
 what it means to get fresh, live tires
 —not once in a while but every time.

Not merely in the big cities, but in
 his own home town.

Not merely for the heavy car, but for
 the medium and light-weight car—a
 full selection of size, tread and type.

* * *

Your U. S. Tire dealer can give you
 this service because of the service he
 gets from his neighboring U. S. Factory
 Branch. There are 92 of these Branches.
 Each gets its share of U. S. Tires, so
 that the dealer is always supplied with
 fresh, live stock.

U. S. Tires sell as fast as they are made.
 There is no over production. No sur-
 plus piled up waiting for a "market."

Wherever you buy a U. S. Tire—
 you buy a tire of current production,
 as full of life and value as the day it
 left the makers.

B. Y. P. U. ENTERTAINS FOR MISS CARRIE GRIGSBY

The B. Y. P. U. entertained Tuesday evening at Mrs. Doyle Garison's home for Miss Carrie Grigsby who is leaving in a few days for Fort Worth where she will enter school.

Games and music were the diversions of the evening. A male quartette rendered several numbers which were fine. Some of us were rather disappointed and maybe surprised when we had our fortunes told and found that we must live the terrible life of single bliss for years to come, but every dark cloud has a silver lining. We found that the silver lining to this cloud is that farther on in life a "Prince Charming" is due to arrive. At any rate we decided that we would rather be an old man's darling than a young man's slave any way. That is just the woman's idea of it. When the boys found that they were free from the toils of matrimony for a number of years to come there was no dark cloud. Every thing looked bright and clear.

After spending a very happy evening in play, refreshments were served to the following guests:

Messrs. and Mesdames. Elmer Woods, W. L. Fry and Doyle Garison; Misses Margaret Grigsby, Lena Thagard, Pearl Stephens, Viola Tarpley, Jane Thompson, Ardren Jones, Rosa Jones, Gladys Covington, Annie Nickell, Virgie Price, Aileen Stovall, Louise Wright, Joyce Hopkins,

Faye Hatchell, Mary Childress, Thelma Williams, Tommie Lee Awtry, and Anna Maud Garison. Messrs. Henry Wright, Roy Grigsby, Rufus Lowry, Clarence Boothe, Rolland Lowry, Orval Murry, Clois Ellis, Ira Marshall, Jack Hamner, Otis Abston and Chauncey Garison.

SHOWER FOR MISS ABSTON, JUNE BRIDE-TO-BE

Miss Gladys Abston, June bride-to-be, was honor guest at a six o'clock breakfast and shower last Saturday morning. Mesdames Wells Henry, Homer Steen and T. B. Triplett gave the shower at the home of Mrs. Triplett on West Missouri Street.

The living and dining rooms were decorated in pink and white, and pink carnations were the table decorations and favors. Hand painted place cards were used, and the fortunes of the guests were told in rhyme by cards drawn from the center of the table. Miss Marie Henry toasted the bride-to-be.

Following the breakfast a tray bearing the "shower" of the guests for the bride-to-be was brought in. Numerous very pretty gifts were given her.

For an hour or more music and games made the time pass pleasantly. Plates were laid for twelve.

ANOTHER SUNRISE BREAKFAST

Tuesday morning at six o'clock a number of young people gathered at

the home of Vera and Tate Fry, and just as the sun was rising departed for the Blanco Canyon. The sun was quite high when we reached the canyon, but we enjoyed our breakfast of scrambled eggs, bacon, coffee and grapefruit just as well as if it had been a real sun-rise breakfast.

After eating we roamed around over the canyon enjoying the fresh air and scenery.

About nine o'clock some one suggested going to Cone, and we had quite a nice little drive, getting back home at twelve o'clock. The morning was thoroughly enjoyed by every one.

In the crowd were: Misses Vera Fry, Elna Eubank, Mozelle Viles, Ora Slaughter, Pauline Stovall, Anna Maude Garison, Lena Thagard, Ethel Houghton, Florence Nelson, Gladys Evans and Clella Scott.

Messrs. Tate Fry, Chester Day, Earl Evans, Kenneth Henry, Roy Eubank, Macyle Burke, Maurice Burke, Royce Maddox, Otto Faulkner, Orval Murray, Len Magill, Clark Meador, L. M. Houghton, Bobbie Eubank, and Chauncey Garison.

FIDELIS AND BARACA SUNRISE BREAKFAST

Friday morning at six o'clock after meeting at the home of Tate Fry the members of the Fidelis and Baraca Classes of the Baptist Sunday School went to the Blanco Canyon on a sunrise breakfast.

Everyone fried his own bacon and eggs for breakfast, and during the meal Ernest Fry delighted the company by doing a genuine Indian war dance around the camp fire.

After eating, the party broke up and the members amused themselves by climbing the hills, walking up and down the stream, and if one might call it an amusement, by looking for snakes. Everyone was sorry when the time came to return home. A delightful time was reported by all.

Those who answered roll call at breakfast were: Mesdames. Glad Snodgrass, George Lider, Lon Smith, Pleas Nelson, Luther Fry, Ernest Fry, T. C. Russell, Elmer Wood, Young, Strickland and H. B. Callahan.

Misses Annie Nickell, Louise Wright, Rebecca Griffith, Vera Fry, May Hamilton, Badgett, Rosa Jones, Carrie Grigsby, Annie Marie Moore, Ruby and Jack White.

Messrs. Tate Fry, Truett Butler, Rufus Lowry, Rolland Lowry, Macyle Burke, Lee Joiner, Elmer Wood, Glad Snodgrass, H. B. Callahan, T. C. Russell, Ernest Fry, Luther Fry, Lon Smith, George Lider, and Bert Barker.

MRS. GRADY VAUGHN HOSTESS FOR AFTERNOON OF '84'

Mrs. Grady Vaughn was hostess yesterday afternoon, when she entertained with progressive eighty-four at the Vaughn home on West Virginia Street.

Following the games, played at three tables, a salad course with iced tea was served.

Guests were Mesdames H. B. Callahan, W. I. Cannaday, K. E. Bain, R. C. Henry, E. C. Henry, F. P. Henry, V. Andrews, Glad Snodgrass, T. B. Triplett, Wells Henry, N. W. Williams, W. U. White, J. H. Hamner, O. P. Rutledge, M. F. Husky, H. Steen, G. V. Smith, R. E. Fry, J. G. Wood, Jas. K. Green and Misses Marie Henry and Ethel Weiner.

CARD OF THANKS

The kindness of our many friends in coming to our aid following the injury to our son and his death, has touched us deeply and we wish to take this means of expressing a part of the great appreciation which we feel. Mr. and Mrs. J. W. Jones and Family.

Mr. and Mrs. C. E. Thompson of Danbury Connecticut are visiting Mr. Thompson's parents, Mr. and Mrs. E. B. Thompson. They will remain in Floydada for a few days before going to their future home in Amarillo where Mr. Thompson is employed with the City Light & Power Company.

Mr. and Mrs. Tobé Picklesimer and daughters left the first of the week for Alamosa and other points in southern Colorado to visit. They will spend the summer away from home visiting the national parks in Colorado, Salt Lake City, and the Yellowstone National Park during their absence.

Mrs. Newsome Dougherty, of Gainesville, Fred Zimmerman and Harvey Adams, of Wichita Falls, are here this week.

AT THE METHODIST CHURCH

On next Sunday services as usual by the pastor. We have had a great revival and have been treated to great commencement sermons and addresses. The storm is now over and we hope to get down to the real work of a great charge and I call on you, one and all, to be at your posts next Sunday and each and every service of your church, and do your part to keep the work going.

We have received about 80 members as a result of the meeting and have 25 more that ought to come in. We will look for you next Sunday.

Sunday school at 9:45 a. m.; intermediate league at 2:30 p. m., junior league at 3:30 and senior at 7:15.

With great gratitude to the Father we enter upon the work begun to make the Methodist Church do her full duty by the community.
