NUMBER 36

COUNTY AD VALOREM TAX PAYABLE WITH SCRIPT

Special Road, State, Poll and School Funds Must be Paid in Cash. Belief of Collector.

Considerable speculation has arisen over the county concerning the probability of holders of county script being to pay their taxes with this and Tax Collector J. A. Grigsby week outlined his ideas as to what county script may be applied on payment for taxes. His belief is shared by Judge Clark.

According to their understanding of the county ad valorem tax is to be collected this year county script may be used to pay taxes and there are certain limitations in this respect. The county ad valorem tax includes the

Road and Bridge fund.....	15c
General fund	25c
Building fund	10c
Jury fund	05c

A total of..... 55c

It does not include the 15 cent special road tax in each commissioner's precinct, nor does it include the state tax totalling 62c nor the school tax of any local school district, ranging from 20 cents to \$1.00 in this county.

In the case of jury script the holder in use it to pay his ad valorem taxes, regardless of who performed the services for which it was issued, or in other words, the holder who presents the jury script in payment of the tax, may pay this tax with it regardless whether it was issued directly to him by the county or was purchased from him.

On the other hand, script issued on the road and bridge fund, the general and or building fund cannot be accepted by the collector in payment of the ad valorem tax unless the service for which the script was issued is performed by the person himself. This means that a purchaser of county script, except on the jury fund, could use the script so purchased in payment of the ad valorem tax. Ad valorem taxes of the county will be less than half of the taxes to be collected if the state, school and poll taxes are included in the computation.

Mr. Grigsby received the tax rolls last week from Assessor D. I. Bolding and has begun the collection of taxes for the year. A number have already paid. The fact that script is to be accepted in payment of a part of the taxes of the county will necessitate more clerical help during the rush months of December and January, it is thought.

Dissemination of the information as to payments of taxes with script and the basis on which it can be accepted by the collector, it is thought, will clear up any misunderstandings if any, now exist and will make it possible for tax payers to more readily understand the position of the collector, whose duties are outlined by the statute.

No warrants will be accepted unless registered with County Treasurer.

BARELY FREEZING WEATHER INTERRUPTS BALMY SPELL

One of the balmiest falls in a number of years, old timers declare, has been the lot of Floyd County and the Panhandle territory in general this fall, the first frost in mid-October barely killing the tenderest vegetation while mid-day weather for almost six weeks has been quite warm. This stretch of pretty weather was broken slightly Tuesday by a norther that brought with it a temperature almost freezing and an occasional pond had a slight skim of ice Wednesday morning early.

Fair weather succeeded again yesterday at noon, however, with indications for continued higher temperature today.

90-YEAR-OLD MOTHER BURIED IN TEMPLE CEMETERY

Mrs. S. J. Bickley, 90-year-old resident of the vicinity of Petersburg, died last Monday afternoon at 3:30, of causes incident to old age. She lived with her son, F. A. Bickley, five miles north of Petersburg.

The remains were shipped Tuesday to the former home of the family at Temple, where interment was made Wednesday.

Mr. Bickley and a sister, Mrs. T. B. Watkins, of Claude, accompanied the remains of their mother to Temple.

W. H. Seale returned home Tuesday from a visit to the markets for the Seale Dry Goods establishment.

RECREATION POSSIBILITIES OF BLANCO CANYON TALKED

Round Table Discussions of C. of C. Members Develops Many Valuable Ideas

The Chamber of Commerce meeting last Friday night resolved itself into a round table discussion among members of many opportunities presenting themselves to the community and county, the subject in which greatest interest was evinced being the possibilities of Blanco canyon as a place for recreation for the people of Floyd and surrounding counties. Quite a bit of enthusiasm was injected into the discussion of a country club. Unlimited possibilities exist on the canyon for playgrounds for the population of Floydada and neighboring peoples. A sky-line drive around the rim of the canyon, a large lake made by damming up the creek in the canyon's bed, the building of a club house and the laying out of a golf course, were among the things discussed. The proposition, it was the consensus of opinion, could easily be put over.

Considerable disappointment was expressed by several members present at the failure of the Petersburg Star Route to be approved by the Post Office Department and the suggestion made that the route not be given up as hopeless. Petersburg people and many persons living on the proposed route are equally as interested as are Floydada people, it was shown. Congressman Jones will be asked to aid in the matter.

Possibilities of reviving the Floyd County Fair to its former prestige came in for much consideration. A County Fair Committee appointed in April of this year, which spent much time on the project of establishing the fair as a permanent institution, will be asked to report at the next regular meeting and an effort made to get the permanent organization under way this winter and spring, and make a fall show possible next year.

All outstanding committees are asked to report at the next regular meeting, Friday evening of next week. The Civic Committee, Publicity Committee, Good Roads Committee, and the committee to investigate the possibilities of getting a sewer system in Floydada, being especially named as committees whose reports were desired and needed at that time.

E. C. NELSON, JR., ADDRESSES SWISHER COUNTY TEACHERS

E. C. Nelson, Jr., spent Saturday in Tulia where he was invited to make an address before the Swisher County Teachers' Institute. He spoke in the afternoon on the subject "Co-operative Effort in School Building."

Teachers and patrons of the Swisher County schools are making their monthly institutes very successful in attendance and interest and several viewpoints are obtained on school problems by inviting outsiders before the body for discussions.

President J. A. Hill, of Canyon Normal, was a distinguished visitor at the gathering, as was Cullen F. Thomas, a candidate for the U. S. Senate from Texas.

\$50,000 STOCK OF FURS SHOWN IN FLOYDADA

One of the largest, if not quite the largest, stock of furs ever seen in Floydada, was that Tuesday at the C. R. Houston & Company Fur Sale, when a special display was brought here by R. J. Marx of the house of Ben Marx at Detroit.

The local company had widely advertised the display and several hundred persons visited the display, many purchases being made.

The entire stock was valued at \$50,000, upward of \$6,000 worth of the furs being used in the windows alone.

TAX ROLLS ACCEPTED BY STATE COMPTROLLER

Tax Assessor D. I. Bolding has received notice that the tax rolls of the county have been received and approved at the Comptroller's office at Austin.

SANITARIUM NOTES

Bow Faucher, of Amarillo, was operated on at the Childers Sanitarium Monday for appendicitis. Mr. Faucher is a son-in-law of J. C. Fox.

Mrs. A. N. Gamble has sufficiently recovered to return home after two weeks at the sanitarium following an operation there.

MANY WILL ATTEND LEGION BANQUET TOMORROW NIGHT

McDermott Post Wires Senators Appreciation for Vote on Bonus Bill in Congress

Plans for their Armistice Day Program, the culminating feature of which will be the Legion banquet tomorrow night at the Viles Hotel, were discussed fully at the regular meeting of McDermott Post held Monday night in the Legion Club rooms. Indications now are that the attendance at this banquet will be big.

Some of the features for the day program have been abandoned, but the banquet program will be a good one, it is declared.

By a unanimous vote the Post went on record as expressing the members' appreciation for the votes of Texas' two senators in Congress for the bonus bill in Congress Saturday. The adjutant was instructed to wire these senators expressing the thanks of the McDermott Post for their efforts toward getting the bill passed.

In line with the Armistice Day spirit the members of the McDermott post will be guests of honor Sunday at the Baptist Church at the morning service when a special service will be held and Rev. J. Pat Horton, pastor of the church, will preach a sermon for ex-service men. Post members will meet at the club rooms Sunday at 9:30 and march in formation to the church for the service.

A dance is expected to be a feature following the banquet tomorrow evening at the Viles Hotel. It was voted in the meeting Monday night, however, that no dances would be held in the name of McDermott Post, and sponsored as American Legion dances. The dance will be held for those members who desire to remain and enjoy it.

NEXT LYCEUM NUMBER ANNOUNCED FOR NOVEMBER 19

The next number announced for the Floydada Lyceum Course has been set for November 19th, it was stated this week by Geo. A. Linder, secretary of the lyceum committee.

Frank B. Logan, cartoonist, is to be the attraction offered. As a chalk-talk artist he works fast and obtains fine color effects with lightning-like rapidity, advance notices say. Because of his service with the A. E. F. in France a considerable part of his work is tinged with the portrayal of the life of the doughboy there.

Before his entry into the war Mr. Logan had experience in newspaper work and on the Chautauqua platform, so that his program here is expected to be that of an experienced artist.

CITY MARKET SHIPPED 14 LOADS STEERS SATURDAY

Howard and Stribling, of the City Market, shipped fourteen loads of steers to the Wichita, Kansas, market last Saturday, the shipment being made from Hale Center and Lubbock.

This firm has been buying quite actively in that territory as well as the local territory the past few weeks, another eight carload shipment being scheduled to go to market the latter part of this week.

COUNTY BOARD FILLS VACANCIES ON DISTRICT BOARDS

The Floyd County School Board in its regular quarterly session Monday transacted the routine business of the county's school business, filling vacancies in a number of districts.

The county apportionment of \$2 per capita, as made by the secretary of the board, Supt. W. B. Clark, was approved. A petition from residents of the portion of old common school district No. 4, commonly known as the "new" part of Floydada Independent School District, which was decreed not legally in the independent district during the Fall Term of District Court, was read and considered by the board, the decision being to defer action on the application until the next regular meeting of the board.

The scholastic records show there are 26 pupils in the territory which was asked to be made a district.

Members present were: E. C. Nelson, chairman; W. H. Nelson, Precinct No. 4; J. H. Upton, precinct No. 3; I. I. Isbell, precinct No. 2; W. B. Clark, ex-officio clerk.

Roy C. Curry and W. A. Shipley are in Paducah, leaving Wednesday. They will sell a bunch of mules at that place Saturday afternoon. Col. W. H. Seale will conduct their sale.

PRISONER ESCAPES BY SAWING JAIL BARS

Chester Newton at Large Since Tuesday Evening at 7 O'clock—Is Charged With Forgery

Chester Newton who has been an inmate of the Floyd County jail the past two or three weeks, held on a charge of forgery in two cases, made his escape from the jail Tuesday evening about seven o'clock. The bars over the windows show to have been sawed. Since his escape Newton has been at large, though the sheriff and his deputies discovered the escape within an hour after he had gone and followed all possible clues to his recapture.

Newton had been in the jail about three weeks. He was arrested shortly before that time by Deputy Sheriff H. S. Bolin, after the sheriff's department had followed him through several northwestern states.

The work of sawing the bars of the window was evidently accomplished the same day the delivery was made as on the day previous a close examination of the jail had been made by officers. Two other prisoners made no effort to escape with Newton.

The Floyd County jail, according to the sheriff's department, offers an easy escape to the prisoner who is really anxious to escape. The fact that it is located in the basement of the court house, with windows opening onto the ground, with a public walk in some twenty feet, makes it easy for confederates or sympathizers to pass saws, fire arms or other weapons in very easily. A number of times a search of the jail has brought to light various weapons which the prisoners did not carry into the jail with them.

Certain physical ailments with which the young man who escaped, is afflicted, are expected to make it easier for the sheriff's department to locate him than it would be otherwise. Newton is about 20 years of age and of fine physique.

Indicating that practically every jail on the south plains is not proof against delivery of prisoners the Lubbock and Hale County jails have both been the scenes of escape of prisoners in the past few weeks. Only last week a negro being held in the Hale County jail, made his escape from the jail which is situated similarly in the Hale County court house to the situation of the Floyd County jail. At Lubbock two men with rather notorious records escaped by unlocking three or four doors.

COUNTY AGENT NOTES

Farm Bureau Meeting

All members of the Floyd County Farm Bureau Federation are urged to be present at the regular monthly meeting to be held at the District Court room on November 17th, Thursday. Every member should be there. A report will be made by the secretary on the progress of the wool and cotton associations and other things of interest will be taken up.

Also every other farmer who is interested in the progress of these associations should come. Every one is welcome as all the meetings are open to all. These marketing associations are saving the farmers lots of money and could do a great deal more if all the farmers would give them their support.

Earl Rainer, President, T. Scott Wilson, Secretary.

Floyd Co. Poultry and Club Show

Every person in Floyd County should remember the show to be held at Lockney on November 26, Saturday. Every one who has some pure blood poultry should prepare some birds to show there. This is going to be the best show ever held in Floyd County and will give you some good advertising.

All boys and girls who are members of the agricultural clubs are urged to prepare and show their products what ever they have in this show. Also record books should be completed and turned in to the county agent now whether you are going to enter the show or not.

Poultry Culling

Cull your poultry now. This is the time to do this. The county agent will be glad to help you do this any time. All you have to do is to arrange a date and furnish a crowd of neighbors. The community plan is better than individual work and does a greater deal more good.

MOTHERS' CLUB

The regular bi-monthly meeting of the Mothers' Club will be held tomorrow afternoon at the North Side School.

PAVILLION TO BE MADE INTO MODERN AUDITORIUM

Co-operation of City, Lyceum Committee and Mothers' Club to Transform Building

After all it is possible that Floydada's lack of a public auditorium at which community gatherings may be held without let or hindrance, may prove a blessing in disguise. The announcement was made this week that the City Park Pavilion in southwest Floydada will be transformed into an auditorium, which will seat in comfort 1,200 persons summer or winter. The contract was let by the city through Geo. A. Linder, City Engineer, to H. E. Cannaday Tuesday evening and the work begun Wednesday. The city will expend \$450 on the work and the lyceum committee will use about \$150 in available funds to help complete the heating and equip the large building. Although the Mothers' Club has not officially acted on the matter individuals in this organization have also indicated that they will likewise interest themselves in further beautifying the completed auditorium. The Mothers' Club has already spent quite a bit of time and money in improvements on the grounds of the park. The matter of aiding will be brought before the club in its meeting tomorrow afternoon at the North Side School.

The auditorium will be created out of the pavilion by framing the sides, and the use of sixty feet of sliding doors besides two large permanent entrances and ten sets of double windows will make it cool for large assemblies in hot weather.

The carpenters' work on the structure will be completed next week, and the heating and lighting fixtures installed. Besides this work some money will have to be expended on the stage and the entire building painted.

The first use to be made of the new auditorium will be the presentation of the lyceum program Saturday night of next week. The building will be warmed up very comfortably even for severe weather, the committee announces.

DRY GOODS HOUSE REORGANIZED UNDER NEW FIRM NAME

The Price-Clark Dry Goods Company has been reorganized and is now operating under the firm name of Clark-Wood Dry Goods Company. J. D. Price has retired from the firm, his interest having been purchased by E. G. Wood.

The store has been closed several days to arrange the stock, while Messrs. Clark and Wood have been in the markets. The re-opening day was set for Wednesday of this week, a re-organization sale being used by the new firm to introduce itself to the public, the sale being announced to last throughout November.

HIGH SCHOOL LOSES HARD LUCK GAME AT CANYON

Floydada High School lost another game last Saturday at Canyon when the high school squad of that city, playing on their home grounds, took the boys into camp 7 to 0, winning the game in the first quarter.

From the opening of the second quarter F. H. S. had the best of the argument, playing largely in enemy territory and twice getting within two yards of the goal line.

Hollis Moore, captain of the team, was knocked out in the second quarter being unable to play longer, and Ira Marshall sustained a broken arm before the squad left Floydada and could not play. He did not realize his arm was broken until he reached Canyon where he had it set.

"A WHITE LIE," HOME TALENT PLAY, TONIGHT

"A White Lie," four-act comedy-drama, will be presented tonight at the Olympic Theatre by an all-home talent cast, sponsored by the Y. P. M. S.

Mrs. C. M. Wilson, Miss Pauline Bishop, Miss Clara Lee Johnson, Ray Dickey, Ed Bishop, Olen Turner and Carroll Hopkins are in the cast, every member of which has shown more or less talent in former plays presented here.

The play is a lively one and has some good comedy situations throughout as well as excellent dramatic action.

J. D. Price, since retiring from the dry goods business in his own name, is now salesman with the W. H. Seale Dry Goods establishment.

FALL FROM WINDMILL INSTANTLY KILLS M. F. SWAIN

Accident Occurred Monday Afternoon 3:30—Funeral Services Held Yesterday

M. F. Swain, prominent resident of Floyd County, living one mile east of Floydada, was killed instantly Monday afternoon about 3:30 when he fell from a twenty-four foot windmill tower in the yard at his home, his neck being broken instantly from the fall. One child was the only witness to the accident. His wife heard the noise while at work in the house. She ran to him but he gave evidence of little or no life when she reached him.

The body was prepared for burial by the F. C. Harmon Undertaking Department and held until yesterday afternoon for the funeral and burial, awaiting the arrival of children and other relatives.

Funeral services were held at the Methodist Church, conducted by Rev. C. B. Meador, pastor of the church, assisted by Rev. H. E. Smith and Rev. V. H. Trammell. Many friends were present for the funeral and the burial which followed in Floydada Cemetery. Burial services were in charge of the Masonic Lodge of Floydada. Deceased had been a member of the Methodist Church and Masonic Lodge for many years.

M. F. Swain was a native of McNary County, Tenn., and came to Texas in 1890, locating in Parker county. He had twice been married, four children surviving the first marriage and ten children the last. His widow was formerly Miss Kate Stimson. She and all the children, except one daughter, residing in California, were here for the funeral.

Prior to his removal to Floyd County about five years ago he had lived at Munday in Knox County for many years.

Out-of-town relatives here for the funeral are: W. J. Swain, of Goree, W. G. Faucher and wife of Munday, H. A. Brackeen and wife of Thurber and Miss Irene Swain of Wichita Falls.

COMMERCIAL SECRETARIES MEET AT TULIA

R. E. Fry, secretary of the Floydada Chamber of Commerce, spent Saturday at Tulia in a meeting of the Panhandle-Plains Commercial Secretaries' Association, at which one of the best programs yet enjoyed by the secretaries was held.

The visitors were the guests of the Tulia citizenship at a banquet in the evening, which was the culminating feature of the days' gathering.

President J. A. Hill, of West Texas State Normal College, was one of the principal speakers of the afternoon. He discussed the normal school in its relation to the commercial advancement of the plains country. Harry Locke discussed good roads as a part of the work of the live commercial body and F. R. Jamison had as a subject, "Diversified Farming." Seth B. Holman, Secretary of the Hereford Chamber of Commerce discussed "The Troubles of a Commercial Secretary" from the viewpoint of the secretary.

J. L. Pope and Cullen F. Thomas were also distinguished visitors at the meeting and made short addresses.

R. M. Fielder, secretary of the Tulia Chamber of Commerce, presided at the meeting and Jno. L. Boswell was secretary.

HI FOOTBALL SQUAD TO PLAY LOCKNEY TOMORROW

The High School Football Squad will take on the Lockney High School boys tomorrow afternoon at three o'clock at the Floydada Baseball Park in their scheduled Armistice Day game. Reports from Lockney indicate their team has been strengthened very greatly since the two teams met, and the visitors are feeling confident.

The locals still have a good string of men, but Marshall who has been one of their most consistent distance gainers will be out with his broken arm.

Before the football game the Lockney High School girls will play the F. H. S. basketball team at the high school grounds. This will be the first game of the season for both teams.

K. C. MARKET REPORT

Though cattle receipts were larger than a week ago they were less than a year ago, and not excessive for this season of the year. Receipts elsewhere were liberal and the general tendency at all markets was down-

The unusually high casualty list among enforcement officers of the Treasury and Justice departments is the subject for a statement issued by the Methodist Board of Temperance and Morals, from Washington the other day. In this statement the board declares the enforcement officers should be prepared to "shoot first." The bootlegging fraternity, the board declares, is made up in part of the worst criminal class in the country who are many times killers. They do not hesitate to shoot enforcement officers and the latter should take steps to protect themselves, this Methodist organization says.

THE FARM BOY

It has come to be recognized within recent years that the world is largely dependent upon the farmer for its living. Concrete and steel, produced from the earth, may build great structures to house us; wool from the backs of sheep may clothe us; but the farmer alone can feed us.

Along with this realization came the knowledge that the farm boy was turning toward the city in greatly increasing numbers, and that there threatened a great shortage of men qualified to carry on the business of agriculture on the proper basis. The agricultural colleges have done much to offset this by pointing the way to real scientific farming and therefore to real profit for the farmer. But despite this fact a large number of farm boys, even those who had had an agricultural college education, were turning toward the city as soon as they came of age.

One thing more than any other lay at the bottom of this trouble, and that was the difference between living conditions in the city and on the farm. City life meant shorter work hours with complete leisure when the day's work was done. It meant freedom from chores. It meant the material comforts of living such as running water and electric lights in the home. Unquestionably these things, coupled with natural ambition and a failure to realize the business possibilities of farming, led many farm boys to seek their futures in the city rather than on the farm.

A new agency has risen, however, to overcome this tendency. It is the new modernly equipped farm home. With the development of the farm electric plant, bright electric light and a bath room are enjoyed on the farm just as readily as in the city. Electric power, too, has done away with the drudgery of chores. It pumps the water, milks the cows, does the separating and churning, and lots of other work that used to fall to the lot of the farm boy.

This new servant can be expected to work wonders in the way of keeping the farm boy on the course for which he is best fitted.

**LUBBOCK-CROSBY COUNTY
LINE BEING ESTABLISHED**

The line between Lubbock and Crosby county has been permanently and mutually established. The commissioners court of Lubbock and Crosby county having met and agreed upon adopting the line run about twenty nine years ago, and the retracing of the old line was very successful all of the markings having been found except one or two which were in farms opened since the line was run. The new cement markers with iron pipes, and the field notes etc. have been sent to Austin to be filed with the General Land office. This will be a great consolation to the owners of land along this line in either county, as it will settle the line question, and make their titles much more absolute. Next week the new markers will be ready and members of the court in each county will do the work jointly. One of these markers will be placed every three miles on the line.—Lubbock Avalanche.

**HUNTERS ASKED TO WATCH
FOR TAGGED DUCKS**

Letters of warning have been sent to game wardens and sportsmen through the north and south, advising duck hunters to examine all fowls shot during the present season and report their findings to the Chief Game Warden of Saskatchewan, Canada. Five hundred ducks have been released at that place as an experiment and each has leg bands and a wind bag on the right side, close to the body.

The letter is as follows: "Five hundred Saskatchewan ducks have been tagged for the purpose of ascertaining their migration routes to their winter homes. Bands bear the notations: "Manitoba Trading Co., and are numbered. Kindly report date bird is killed, variety and exact locality."

Mr. and Mrs. Sam Abston and family, accompanied by their daughter, Mrs. L. C. Krames, left Sunday for Coffeyville, Kansas, to be gone for an indefinite period on a vacation trip. They are making the trip by auto.

**ESCAPES WHISKEY CHARGE BY
RUSE; FINED FOR THROW-
ING GLASS ON HIGHWAY**

The Canyon News tells of a new way out of the clutches of the law which makes it illegal to have whiskey in one's possession, but likewise tells of a unique manner found by the sheriff in that city to make a violator pay a fine. Says the News:

V. B. Steele of Aamrillo drove into Canyon late Tuesday evening with a suspicious looking outfit. He was accompanied by a woman. Sheriff Black proceeded to investigate, and Steele hurled a bottle of whiskey to the ground. So far so good, as he thus escaped the penalty of being caught with the whiskey in his possession.

However, under the highway law, any person throwing glass of any description upon a street or public road is subject to a fine, and Steele drew \$31 as a penalty. This he paid and went on his way rejoicing. He claimed that he had bought the whiskey, and disclosed the name of the man from whom the purchase was made.

The fact that he broke the bottle, and that the sheriff could not produce the goods against him in court, allowed him to go free under the liquor law.

The penalty connected with throwing glass upon a highway or public road is new to most people, but it is a good law, and one that should be strictly enforced.

Ira Marshall, son of Mr. and Mrs. L. A. Marshall, sustained a broken arm last Saturday morning, when a car backfired as he cranked it.

E. C. Mince reached Floydada Monday morning from Coalinga, Cal., after a cross-country trip by auto. He is returning to Texas after two years in that state.

Little Miss Mildred Houston, of Plainview, is visiting with her father, C. R. Houston, this week in Floydada.

Editor Ben F. Smith, of Lockney, was a business visitor in Floydada Monday.

**NORTH TEXAS CHAMPIONSHIP
BETWEEN CHILDRESS
AND ELECTRA HIGH**

The Interscholastic League Football finals are in the offing and it begins to look like Childress High and North Fort Worth High are to be the big contenders in the North Texas territory.

While there are a number of undefeated teams even in the panhandle none of these apparently have any chance against Childress, and the fact that Electra has cleaned up on the leaders in north Texas proper, would indicate that team is a logical contender for sectional honors, and that either Childress or Electra will be the contenders against East, South and Southwest Texas leaders for state honors.

J. E. Ellis and son, Clois, were here last week on a business trip. The Ellis family are living in Abilene.

**SWISHER COUNTY MAN
BURNED BENEATH HIS CAR**

Tulia, Swisher Co., Texas, Nov. 5.—William B. Cain, who resided in the northeast part of Swisher County, was burned to death under his automobile when it turned over in the road near his home Thursday. Mr. Cain was driving his car when one of the wheels broke and upset the machine. His

body was pinioned underneath wreckage. Fire broke out immediately after the accident.

Persons living near the scene of the accident saw the flames and hurried to the scene, but were too late of any assistance. The gasoline had exploded and the machine burned very quickly. Mr. Cain's body burned beyond recognition. He left a family.

Lakeview, Nov. 7.—Sunday school was well attended Sunday afternoon. Brother Day filled his appointment here Sunday.

Misses Mildred and Lucile Railey spent Saturday night with Miss Irene Allen.

Miss Hazel Jones spent Sunday with Misses Mary Pearl and Letha Coward.

Mr. and Mrs. F. P. Donathan entertained the young folks with a party Saturday night. All reported a nice time.

J. M. Harper, of Willard, New Mexico, is visiting his sister, Mrs. P. D. Adams.

Grandma Hooser has been very sick the past few days.

Bob Willis finished the repair work on the school house Saturday.

The singing at Mr. Bert Battey's was well attended Sunday night.

Some of our roads are being worked for the past two weeks.

Mrs. F. M. Price spent Sunday with Mrs. F. P. Donathan.

Mr. and Mrs. W. N. Jones and sons, Roscoe and Lovel, visited in the All-mon community Sunday.

Misses Mattie Lee and Lula Mercer, of Lockney, are visiting their aunt, Mrs. P. D. Adams.

Five new pupils started to school this morning, making a total of 101 enrolled.

Autrey Sparks spent Saturday night with Harry Jones.

We are going to reorganize the Literary and Dramatic Club Friday night. Following the program there will be a "pie supper." Everybody is invited.

TOTAL POPULATION, SEVEN

The other day The News printed its first news item from Leveland, Texas. Leveland was then three days old and its population numbered seven souls. Even within so short a time it has become necessary to use the past tense. By this time only one on the ground could afford to hazard an estimate of Leveland's population. Things change quickly in the Pan-handle country when they get to moving. But seven souls, seventy or seven hundred, Leveland is the county seat of Hockley county and has a real courthouse, one store, one residence and a windmill.

No mention of a jail is made. Persons obsessed with cinema notions of the West should not jump to the conclusion that all sentences of court in that section are executed either with revolver or with hemp. It isn't so. The dispatch sent to The News, on the contrary, states that the District Judge has just called together the grand jury and received from it the report of no bills of indictment found. In other words, there was no crime in Hockley County. With a grand total population of 137, as shown by the last census (and therefore subject already to correction and addition,) Hockley County can afford to dispense with crime.

This is doubly fortunate, for in a notable murder case, for example, it would be easily possible to use so many of the 137 population—together with recent acquisitions by immigration, of course—that there wouldn't be enough left for lawyers and jury. A change of venue would be absolutely necessary. In that case all Hockley County would have to go visiting to attend court. Probably that's why they don't have many murders up there. It's too inconvenient.—Dallas News.

THE UNLOADED GUN PROVES FATAL AGAIN

The unloaded shot gun proved fatal again Saturday evening, when two negro boys about 12 years living at Southland, were playing with a shot gun, supposed to be unloaded, when it was discharged, the load striking the other in the knee. The wounded boy was brought to the Lubbock sanitarium. It was thought best to amputate his limb, but the boy died on the operating table. He was buried Sunday afternoon.—Lubbock Avalanche.

MRS. E. C. HENRY HOSTESS TO QUILTING CLUB

Mrs. E. C. Henry was hostess last Thursday to the Quilting Club in its regular weekly meeting. The ladies of the club and several visitors enjoyed a day of quilting, five quilts being completed. The social side of the meeting was also very pleasant.

G. W. Gilbert returned the latter part of last week from Mineral Wells, where he had been for treatment the past few weeks.

Mrs. Bertie Muncy is rebuilding on the location where her home was recently destroyed by fire in east Floydada.

Mr. and Mrs. R. K. Bruner and daughter, of Hereford, are visiting relative in Floydada this week.

L. Rice returned home Thursday on a visit with relatives in Youngtown.

Don't Hide Your Face
Nothing is more annoying and to some people more disgusting than facial eruptions.
These disfiguring blemishes are often caused by local disorders of the skin, which require medical treatment.
Occasional applications of ointments and lotions do not correct these troubles.

HUNT'S SOAP
MEDICATED

is especially good for the correction of skin disorders. The rich, delightful lather of Hunt's Medicated Soap carries with it the healing medicine most needed by the skin, allowing the medicine to reach into all the tiny pores, searching out and destroying disease germs which cause pimples, blackheads and other facial blemishes.

Floydada Drug Co.

The Best Christmas Gift

THERE IS NOTHING You can give that is so personal as your photograph.

Throughout the year, the photograph you give this Christmas will stand as a reminder of your loving thoughtfulness. It will contribute happiness to those who mean most to you.

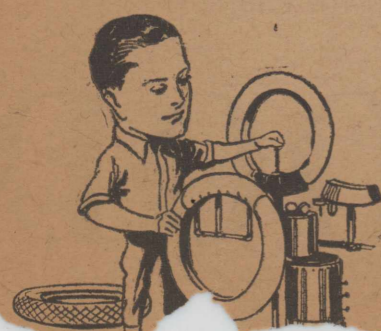

Surprise the family, and your friends. Give photographs.

Today is not too early to arrange for a setting. Phone for an appointment.

BETTER LIVING
CONDITIONS

The Oil-Pull Tractor Repeats

In 1912 the Oil-Pull Tractor set a world record for FUEL ECONOMY at Winnipeg, by using only .7 of a pound of fuel (KEROSENE) per horse power hour. Made under actual field conditions, recorded by most competent and unbiased judges to be found. In addition to setting a world's fuel economy record the OIL-PULL was:

First in Maximum brake tests, First in overload capacity, First in plowing test, First in total points.

And, as evidence of allround superiority of the OIL-PULL, was declared the SWEEPSTAKES WINNER over all contestants, 33 in number.

Nineteen Hundred Eighteen thoroughly demonstrated the supremacy of the OIL-PULL. Every test entered gave indisputable proof that the OIL-PULL can plow an acre of ground CHEAPER THAN ANY OTHER TRACTOR.

REPEATS THREE TIMES IN 1918

AT MINOT, N. D. Competing with 29 other tractors the OIL-PULL used 21 per cent less fuel than the average.

AT TOPPENISH, WASH. Competing with 10 other tractors, the OIL-PULL used 33 per cent less fuel than the average.

AT SALINA, KANSAS. Won at Salina, but the Officials only announced the winners, giving no figures.

LOWERS OWN RECORD IN 1920

At Columbus in 1920 the bombshell exploded when an OIL-PULL lowered its own record for fuel economy made at Winnipeg in 1912 by using only .606 of a pound of fuel per horse power hour. The remarkable feature of this contest was the saving of 84 per cent IN FUEL COSTS OVER THE AVERAGE OF ALL OTHER TRACTORS ENTERED. This same tractor developed 40 3-4 per cent overload, and finished "GOOD PLUGS" (a high rating) in close governing in the variable load test.

SAME OLD STORY THIS YEAR

At Fargo from June 28th, to 30th, competing with 35 tractors, plowing heavy gumbo, the OIL-PULL as usual "topped out" winner, consuming 2.3 gallons KEROSENE per acre, which was 30 per cent less than the average.

NOTE: Above figures are for KEROSENE burning machines as GASOLINE burning machines have never in any way competed.

BUILT FROM THE GROUND UP TO BURN KEROSENE

Old Number One—the first OIL-PULL built—twelve years old—after 7,350 acres plowing, over 750,000 bushels threshing, and a total repair bill of less than \$200—is still on the job going strong. Built from the ground up to burn KEROSENE (80 per cent of our fuels are low grades) the OIL-PULL of today, more refined, and surely destined to give longer service than the thousands of others eight, nine, ten and twelve years old.

POWER, THE WHEAT GROWERS PROBLEM

Moisture is no respecter of person—having sufficient today is by no means an insurance policy that the same condition will be prevalent next week—our great experimental stations have taught us to conserve moisture while we have it. Dependable power, is the only solution. "Rat in" your wheat and you will always be indebted to your bank. Put it in RIGHT, on as large scale as practical, and your increased yield will more than pay for your machinery, and you will keep on the "black side" with your bank.

MR. FARMER: There is an OIL-PULL tractor for your size farm. If you buy an OIL-PULL, you buy the longest lived, most economical tractor built to date. You will get your work done on time, with NO "hired help" expense. No flies, no getting "tired," "eats" only while working, and gives you more time with your family and other business. The NEW IDEAL STEEL SEPARATOR is the greatest grain saver offered. Contract your wheat early and make the delivery on time by purchasing a small IDEAL SEPARATOR for your own and neighborhood use. The RUMELY TRUCK insures quick deliveries, and is by no means a liability to the wheat grower.

DEVELOP YOUR MECHANICAL TALENT AT OUR EXPENSE

Growing wheat as a business can only be made profitable by the use of MODERN MACHINERY, and the success or failure by the use of machinery depends altogether on your mechanical knowledge of same. The ADVANCE RUMELY THRESHER CO. are going to hold a big TRACTOR AND SEPARATOR school in Dallas from November 28th, to December 2nd, inclusive, and we want you to be our guest to that school. The requirements are easy, and here they are:

Give us your order NOW, for a RUMELY TRACTOR, SEPARATOR or TRUCK for delivery now, or as late as June 1st, 1922, and we will refund your R. R. fare (or your automobile expense not to exceed R. R. fare) as well as your legitimate living expenses (not to exceed \$5 per day) while in actual attendance at the school in Dallas. Here's your opportunity to know your machinery, and it will mean dollars to you to go yourself, or, send your machine man with us. TERMS; will be two and three falls depending on the size rig you buy. The ONLY ACTUAL CASH you would be required to put into a delivery NOW (in case you accept delivery now) is the freight on the rig you buy.

GET RID OF MISFIT AND SURPLUS

As a SPECIAL INDUCEMENT to purchasers that will accept deliveries prior to the school, we will accept a REASONABLE amount of trade; In Tractors, (any make) Separators (any make) Automobiles, Trucks or Livestock. We have had one decline in price this year, and on orders dated for delivery after the school will be accompanied with a rider protecting purchaser against any further decline in price the Company might by chance be able to make prior to delivery.

QUICK ACTION NECESSARY

REMEMBER: All orders must be accepted prior to the school by the Advance-Rumely Threshing Co. as usual, and quick action will be necessary. Therefore, we urge you to drop us a line NOW, or phone us, giving exact location in every case, and we will call on you and explain more thoroughly. DO IT NOW.

NOTE: On this campaign we are pleased to announce that FIVE GENTLEMEN are "on the dotted line" ready for the school. We may form an automobile party and go overland. Their purchases embrace a 12-20 and two 20-40 OIL-PULLS, a 28-44 Ideal Steel Separator and two 28-48 Steel Ideal Separators.

PROGRESS IN SWEET POTATO STORAGE AND CONSERVATION

The work of the United States Department of Agriculture for better utilization of the Nation's sweet potato crop by better storage and disease preventive methods has aroused widespread interest throughout the sweet potato producing States, which include more than 20 of the 48.

The department has published three farmers' bulletins useful to those interested in production, harvesting, marketing of sweet potato.

On November 10, 1922, Sweet Potato Storage and Sweet Potato Growing; Sweet Potato Disease.

Joiner, pastor of the Baptist Church, was a visitor to Floydada Monday.

Maxwell, who has been at Floydada for a few weeks, returned Monday.

WHAT TO EAT, WHEN AND HOW MUCH, RED CROSS TO TEACH

Only four percent of the children in the plains section in the United States are normal, according to a survey recently made by the American Red Cross and the United States Public Health Service jointly. A large percentage of these subnormal children are so because of malnutrition. Malnutrition is answerable for more ills in the child life of America than any other one cause, it has been ascertained, and this condition is found as frequently among the children of the rich as in the families of the poor.

The Red Cross, through its nutrition classes and diet educational work, is endeavoring to correct this widespread condition of under-nourishment and to lay the foundation for a healthier next generation by building up the strength of the children. In the United States there are over a thousand nutrition classes in which more than 22,000 children are enrolled. In addition to this there are 163 classes in Food Selection with over, 1,500 students, all of whom either are in advanced school grades or are adults.

With a work of this magnitude, with an effort constantly to increase its scope, the Red Cross hopes in the next few years to teach American children what to eat, when to eat it, and how much of it to eat, so that under-nourishment will no longer be a menace to the health of the nation.

BANK CHANGED HANDS AT IDALOU LAST WEEK

Last week a deal was consummated wherein the bank of Idalou changed hands. S. L. Brabham retiring, Mr. S. F. Fitzgerald who is formerly from Okmulgee, Oklahoma, took charge first of the week. His family is expected in a few days.—Lubbock Avalanche.

Wm. McGehee, of Lockney, was a business visitor in Floydada Saturday.

WHEN IT'S NIGHT TIME

The night time! It was a wise arrangement in Nature that divided the day into daytime and night time.

The daytime was meant to be the time for real work, for planting and sowing, plowing and reaping, making and selling, all the activities that are necessary to the welfare and the progress of mankind.

Just as truly, the night time was intended for rest, for recreation—for restoring the energies spent in the days' struggle and for gaining new strength and inspiration for the ensuing day.

The night time—the evening hour—should be the pleasant, the happiest time of the whole day. That is the time for most of the social activities, the time when neighbors get together, the time when the common interests of the neighborhood or of the community are considered, the time for everybody to forget to be selfish, to contribute his or her share to the happiness of others and to be happy in consequence, accordingly.

Some people can be happy and contented under almost any surroundings or circumstances, but the thing that does most to bring satisfaction and contentment to the majority of us, at

the close of the day, is a comfortable, cheery home.

Right along with that, an abundance of bright light does more than anything else to insure a cheery home.

It's hard to be cheerful under a dim, gloomy light, but under the radiant glow of cheerful light, mirth and jollity and good-fellowship spring up naturally.

The importance of good light for the home has long been recognized. The continuous demand for a better light has led us up, from the days of the pine knot and the tallow-dip, past the era of the kerosene lamp and the gas light, until now, in this electric age, electric lights have come to be recognized as the requirements for satisfactory home-lighting.

They are convenient. Electric lights can be placed anywhere that the wires can be strung. They can be controlled easily and instantly, just by the touch of a button.

They are perfectly clean and healthful. They give an abundance of radiant electric light, without any cleaning of lamps or other unpleasant preparations and they do not burn precious oxygen from the air, leaving it poisoned and ill-smelling as do open flame lamps.

These are some of the qualities that recommend electric lights to the home-

maker, the qualities that are causing them to be used more and more, in homes everywhere, to the delight and the boundless satisfaction of all who try to find their chief comfort and enjoyment in the home.

PREACHING ANNOUNCEMENT

Elder T. A. Dunn, Primitive Baptist Preacher, will preach Saturday night at the Cumberland Presbyterian Church. Services will begin at 7:30. A cordial invitation to attend the service is extended to all.

N. S. Hartin and family left last mid-week for Ferguson Switch, south of Plainview, where they will make their home.

SAPOLIO
For every day in the week. For every room. For general housecleaning. Solid Cake No Waste.

WHEN IT COMES TO Your Eyes

You want the same feeling of security concerning your optician, as you do your bank, your surgeon, or your lawyer. You will only feel certain your glasses are right when you get them from an establishment that enjoys the absolute confidence of the community. We have over 3,400 satisfied patients using our bifocals in Floyd and adjoining counties. Our methods excel for skill, science, accuracy and optical technique.

THE UNIVERSAL CAR

The One-Ton Truck

The Ford One-Ton Truck first made its appeal to the farmer and merchant because of the merits of Ford Cars. And it made its wonderful reputation and great sales record because it lived up to every claim made for it.

The reliable Ford Motor, the special Ford steel chassis, the aluminum bronze worm-drive, all combine to produce a truck of unusual power, capacity and strength—a truck that lasts in service; a truck that solves the haulage problem at a very small operating and upkeep expense. Hence the demand for the Ford One-Ton Truck is constantly on the increase.

For the good of your business, whether it be farming, merchandising or manufacturing, you should come in and look over the Ford One-Ton Truck—NOW!

IMPORTANT

We are prepared to furnish the Ford Truck equipped either with Standard or Special Gearing. The Standard Gearing gives the truck a maximum of power. The Special Gearing increases the speed of the truck from five to seven miles an hour, converting it into a Fast Delivery Car.

NOTICE OF STOCK LAW ELECTION

This the 18th day of October, A. D. 1921, came on to be considered by the County Judge of Floyd County, Texas, the petition of F. T. Emert and one hundred fifty-two other free holders of said County of Floyd, State of Texas, for an order of election in the entire County of Floyd, Texas, for the purpose of enabling the freeholders thereof to determine whether horses, mules, cattle, jacks and jennets shall be permitted to run at large therein; And it appearing to the undersigned judge of such county that such petition was filed with the Commissioners' Court of said county on the 12th day of September, 1921, and that such court thereafter, on the 10th day of October, A. D. 1921, heard and granted the same and ordered that such election be held on the 3rd day of

Extra Large Suits and Dresses

C. R. HOUSTON & CO.
FLOYDADA, TEXAS

December, 1921, and that the judge of said county issue an order thereof and cause public notice thereof to be given as required by law;

Now, therefore, by virtue of the authority vested in me under such order and the law, I, W. B. Clark, County Judge of Floyd County, Texas, do hereby order that on the 3rd day of December, A. D. 1921, at the usual voting boxes in said county, an election shall be held for the purpose of enabling the freeholders of the said county of Floyd, Texas, to determine whether horses, mules, cattle, jacks and jennets, shall be permitted to run at large in said county of Floyd, Texas;

That said polls shall be open for such election at the usual places in the said county used for the purpose of holding general elections in said county; no person shall vote at such election unless he is a freeholder and also a qualified voter under the Constitution and Laws of the State of Texas; all votes at such election shall be by ballot and voters desiring to prevent the animals designated herein from running at large shall place upon their ballots the words "For the

Stock Law," and those in favor of allowing such animals to run at large, shall place upon their ballots the words, "Against the Stock Law."

On or before the tenth day after such election, the persons holding such election shall make due return of all the votes cast at their respective voting places for and against said proposition, to the Co. judge of said county, who will tabulate and count said returns and ascertain and proclaim the result of said election in the manner prescribed by law.

Public notice of this order shall be given for at least thirty days before the date of such election by the publication thereof in some newspaper published in said county, if there be one, and if no newspaper be published in said county, one of which shall be posted at three public places in said county, one of which shall be at the court house door thereof.

Witness the hand of the county judge of Floyd County, Texas, this October 18th, 1921.

W. B. CLARK,
County Judge, Floyd County, Texas. 33-4tc

SCHOOL TAX INCREASE VOTED IN DISTRICT SATURDAY

The increased school tax for the maintenance of the Floydada Public Schools was voted by a decisive majority last Saturday, the vote being 145 to 51 for the increased tax.

The trustees have set the tax at \$1, the maximum allowed under the law. Only voters within the "old" district participated in the election.

With an assurance of this increase in the taxes the board expect to be able to run the school the full nine month term. Had the tax failed to carry the funds would not have been sufficient to run the school past January.

The vote Saturday makes it possible to run the school the full term regardless of the outcome of the litigation now before the higher court.

SOUTHEAST CORNER SQUARE

UNITED STATES PRESIDENTS HAVE ALL SHOWN INCLINATION TO SAVE FROM THEIR SALARY EARNINGS

Most of the presidents since Hayes have had money enough or means of earning enough to permit them to live comfortably, says Richard Barry in Leslie's.

Mayes is said to have saved \$44,000 a year during his term as president. At that rate, he had at the end of his term some \$176,000, which, invested at 5 per cent would give him an annual income of \$8,800.

Garfield was in office only five months before he died, but his successor, Arthur, is believed to have saved \$50,000 during his three and a half years in office. Cleveland was a poor man when he went into the White House, but he retired to private life with a comfortable estate, due largely to wise investments of his savings. Harrison is said to have spent but about half of his salary.

McKinley Paid Off His Debts

McKinley went to the White House in debt, but during his five and a half years in the Presidency he paid his debts and saved enough more to provide adequately for Mrs. McKinley after his death.

Roosevelt saved money while he was in the White House. He received legacies from his father during his lifetime which totaled nearly \$200,

000, but at his death he left an estate of half a million dollars, more than half of which was saved by him during his term as President, or received by him for his writings.

Taft went to the White House in debt, as did McKinley; in four years he was out of debt and had saved money.

Wilson Bought \$150,000 Home

Woodrow Wilson had practically nothing before 1912, but in 1921 he bought a home in Washington for \$150,000, paying for it in cash or its equivalent. He is planning to spend a similar amount on a country home, and he casually refused an offer of \$150,000 for an article on the Peace Conference. He is evidently much

better off than the college professor at Princeton, who, 20 years ago, applied for a Carnegie pension. Mrs. Wilson had a small fortune, but no such amount as the ex-President has today.

Associates of the ex-President estimate that he saved \$50,000 a year for eight years. Here is \$400,000, which, added to the income from his books, an income greatly accelerated by his increased prominence, should enable him to live well during the rest of his life.

President Harding has manifested a tendency toward personal economy during his few months in the White House, which indicates that he, too, will save something out of his monthly check of \$6,250.

Artie Baker, of Lockney, spent a part of Monday and Tuesday in Floydada on business.

"FATHER OF COTTON RAISING" VISITOR IN LUBBOCK

Mr. O. F. Batty, of Floydada, was a visitor in Lubbock the past week. He has been attending the bedside of his daughter, Mrs. Pratt, also of Floydada, who recently underwent an operation in one of Lubbock's sanitariums. We are glad to report Mrs. Pratt is doing splendidly. Mr. Batty is an old time resident of Floyd county and is often called "the man who taught them how to raise cotton on the plains." He has been very successful as a cotton raiser, has several hundred acres in the fleecy staple each year, and his advice is often sought by the new comers regarding the best methods to employ in raising this particular crop. Come to see us again, Mr. Batty.—Lubbock Avianche.

R. E. Fry and Misses Fry and Wilkerson and L. B. Maxey spent Saturday afternoon in Canyon at the high school football game there.

F. F. Henry and sons, of the Roaring Springs country, were in Floydada shopping and transacting business Tuesday of this week.

Announcement

Having entered into a new RUMELY CONTRACT for the coming year, and taking on practically double the territory we have had during the year just ending, and being desirous of keeping in closer touch with the "pulse" of the POWER FARMING BUSINESS, we have discontinued the Garage Business, and have opened a SALES AND SERVICE ROOM in the A. M. ALLEN TIN SHOP, the third door east of our former location.

Considering the season, the RUMELY YEAR just closing has been great. And, we are preparing to give the outskirts of our territory the same attention that close in territory has had, by giving greater service to owners, and doing "our bit" in promoting the best interest of all farmers operating POWER FARMING MACHINERY.

A. L. TRAILOR INCLUDED IN PARTNERSHIP

A. L. Trailor having spent his life in the study of BATTERY, MECHANICAL and ELECTRICAL science, has entered a partnership with us in these lines, and will devote his entire time and efforts in that capacity.

WE HAVE TOOK STANDARD BATTERY ACCOUNT

In casting about for another BATTERY account, we have settled on the "STANDARD," made right here in Texas (Fort Worth.) And, we are prepared to state that when you pass a "STANDARD" BATTERY for quality, you pass a "good bet". STANDARD BATTERIES are manufactured exclusively for a replacement BATTERY. The factory is modern in every respect, and don't cater to the car manufacturer for their business, which we know from experience in handling cars to be purely political.

STANDARD BATTERIES CHEAPEST ONE YEAR BATTERY

The price (a highly prized item in anything you purchase just now) on STANDARD BATTERIES is the cheapest to be had on a BATTERY GUARANTEED TO GIVE ONE YEAR'S SERVICE. This is not a replacement, exchange or adjustment price, that forces you to pay two-thirds the price of a new BATTERY on every BATTERY trouble that develops. The reason for this favorable price being, that they are made right "next door to us."

"WE HAVE PREPARED FOR THE JOB"

Realizing the importance of being equipped for every emergency, we have purchased additional BATTERY and ELECTRICAL testing device consistent with good business, and are prepared to tell you instantly just what you may expect when you refer BATTERY or ELECTRICAL trouble to us. There will be no guess work. Matters not the make of your BATTERY or ELECTRICAL equipment, we can correct any trouble that may arise.

We will continue to do welding and mechanical work, and any mechanical troubles you may have, you can drive in the back of our new location with all ease as the way is clear. Drive by and let us test your BATTERY. Probably it needs attention NOW that will save you money by correcting NOW. It might need "spicing up" a bit, and if so, we can rent you a BATTERY while this is being done. Please give us a trial.

L. A. WHITE MOTOR CO.

(DON'T FORGET OUR NEW LOCATION)

A Few Days Ago We Saw a Man Buy an Orange ---It Cost Him a Dime

There's room in that for a sermon, but we are not sermonizing here. We merely call attention to the incident as an illustration of the necessity of having a bank account laid aside for just such emergencies as we now have.

Isn't it wonderful how many bills there are to pay at the end of each month, and isn't it wonderful how quickly the collectors can find you? It looks like they spot you out first every month. They don't give a cent for the other fellow—THEY ARE AFTER YOU!

Light bill, telephone bill, milk bill, grocery bill, dry goods bill, drug bill, doctor bill, interest on the note—maybe the note itself—life insurance bill, fire insurance bill, laundry bill, gasoline and supply bill, feed bill—and a lot of others. Looks like "Bill" is the middle name of every fellow that wants to see you.

That's when a fellow needs a FRIEND, and about the most useful FRIEND at that time is a BANK ACCOUNT.

That dime the man paid for the orange would have started a bank account at the First State Bank.

FIDELIS CLASS

Last Sunday the attendance of the Fidelis Class was thirty-seven. Our

membership aim is fifty.

We would be pleased to have every young lady in town, who does not already belong to a class, to join us. We

are endeavoring to make our organization really worth while, not only to each member, but also to the community as a whole. —Reporter.

C. E. PROGRAM

For November 13, at 6:30 P. M.
Subject—Personal Evangelism.

Leader—Mr. Bolding.

Song—"Wonderful words of life."

Text—Matt. 4:18-22; 9:10.

Sentence prayers.

Song—"He keeps me singing as I go."

Answer in meeting:

1. Why should we become soul winners?—Anna King.

2. Why should the soul winner know his Bible?—Miss Murchison.

3. Why should people be won to Christ?—Mr. Pierce King.

4. How did Andrew win Peter?—(John 1.)—Mrs. Bain.

5. How did Peter win Cornelius? (Acts. 10)—

6. Why did Peter hesitate in speaking to Cornelius?—Mrs. Bolding.

7. How can we learn to become soul winners?—Helen King.

8. How did Jesus win the Samaritan Woman? (John 4)—Mr. Frede.

9. How did Jesus win Zaccheus? (Luke 19)—Miss Campbell.

10. Whom should we seek to win? Bro. Baucom.

11. How can we win our comrades Christ?—Mr. Burgett.

12. What are some qualifications of a soul winner?—Mr. Baker.

13. What hinders us from being soul winners?—Mrs. Baucom.

Song—"Where Jesus is."

Business.

Benediction.

BLANCO NEWS

Blanco, November 9.—Health of this community, so far as I can learn is real good at present.

Misses Lillian and Etta Grace are attending school at McCoy this term. Rev. C. B. Meador and wife, of Floydada, visited at the home of Will Snell last Thursday.

Mr. and Mrs. J. R. Brewer, of Electra, came in Sunday night to spend a few days on their farm at this place and to see after wheat sowing. He expects to finish sowing this week and this will make about 865 acres he has sowed in Floyd county.

Miss Nell Jones, who is attending school at Floydada, spent the weekend at her home here.

Mr. and Mrs. Claude Dempsey, of Hart, visited their parents at this place since our last paper.

Will Snell and family attended Sunday school and church in Floydada Sunday morning and were accompanied home by Miss Vaughan West who

spent the rest of the day visiting them and spent Sunday night at the home of her uncle, Edgar McCarty.

This community was well represented at McCoy prayer meeting Sunday night.

Plenty of ice and frost here this morning, so guess hog killing will be the order of the day next.

CUMBERLAND PRES. CHURCH

O. N. Baucom, Pastor

All regular services at our church November 13th.

All members are expected and all visitors will find a welcome.

Holeproof Hosiery

The dainty, stylish Hose of wonderful wearing quality.

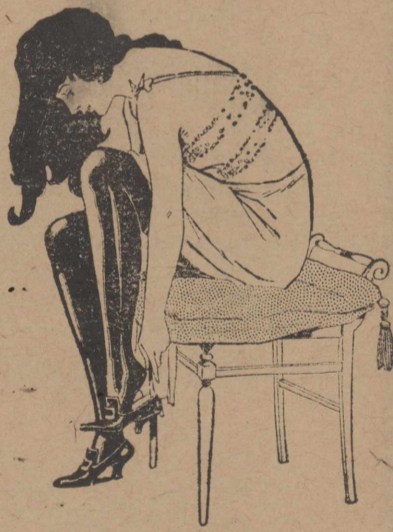

Holeproof Hosiery represents the supreme achievement of the hosiery-making art. Its radiant beauty, lustrous sheen, and fine texture mark it as the style hose, yet with all its refinement and sheerness, it has the ability to deliver long and satisfactory service.

Holeproof is also to be had here in men's and children's styles.
