

**FLOYDADA HIGH AND PLAINVIEW BATTLE TO TIE**

Girls' Basketball Team Win From Ralls and Second Football Squad From Lockney

Floydada High School's football schedule of games closed Thanksgiving with the Turkey Day Battle at Plainview, where Floydada and Plainview High teams battled to a 7 to 7 on Lamar School Grounds in a game which was witnessed by hundreds of Plainview and Floydada people.

In the first three quarters the local teams had the better of the argument, scoring in the first six minutes of play on a long end run by Colville and successive line bucks and end runs by which the ball was carried 27 yards for a touchdown. Burke kicked goal. The play came after a disastrous fumble after Plainview High kicked off. The fumble was covered by a Plainview High man on Floydada's 10-yard line. The ball went over, however, when the line held, and the march down-field began. In the second quarter the Plainview boys were kept on the defensive in their territory the greater part of the time, but in the opening of the second half honors were about evenly divided, the game developing into a punting duel.

Plainview's school boys scored when, two minutes before the game was over a long forward pass was successfully completed and Bryan ran for 45 yards before being downed in 7 yards of the goal line. Four kicks put the ball over and goal was kicked, tying the score.

The game ended with the ball in Plainview possession in mid-field.

The line-up:

Floydada Hi, 7	Plainview Hi, 7
Quarterback	Bryan
Colville	Fullback
Moore	Left Half
R. E. Bank	Right Half
	Center
Day	Right Guard
Luttrall	Left Guard
L. M. King	Right Tackle
M. Burke	Left Tackle
Britton	Left End
Scott	

Substitutes: Floydada, Maxey for Luttrall, Beedy for Maxey.

The Lockney and Floydada second teams, a number of whom will be on next year's first teams, played Friday in Lockney, Floydada High winning 25 to 0.

The girls' basketball team did not play at Plainview last Thursday on account of lack of time. They played Friday with Ralls at Ralls and won 19 to 11.

The high school team is disappointed because Coach Wester is unable to match a post-season game with Lubbock. The latter team advised they would not play any more games this year under any circumstances. He and his team think Lubbock High did not show good sportsmanship in their last game which was a tie. His proposition was to pay all expenses for the game here and furnish a referee at F. H. S. expense who should reside at least 100 miles from either Lubbock or Floydada.

**STOCK LAW ELECTION CALLED FOR SATURDAY**

Saturday is the day on which Floyd County people will vote on the adoption of the provisions of the Stock Law in Floyd County.

The new vote is being taken following a petition to the Commissioners' Court for the same, after the election held in 1917 was declared void in a decision of a case by Judge Joiner in District Court.

**POULTRY ASSOCIATION SHOW WAS BIG THING**

Prize Awards for Long List of Birds Announced—Between 400 and 500 Entries

(By Oliver Allen, Secretary Floyd County Poultry Association.)

The Poultry Show at Lockney November 24 to 26th, given by the Floyd County Poultry Association and Lockney Commercial League, was by far the best ever held in Floyd County. There were between 400 and 500 birds shown, with Partridge Wyandottes leading in number for any one variety. Brown Leghorns, S. C. Reds and White Leghorns were next in number in their respective classes. The quality of the birds shown was extra good; there being first cockerel Texas State Fair and second cockerel Iowa State Fair this year in the Partridge Wyandottes also fourth hen in this variety. In White Orpingtons there was shown a fourth prize bird of Texas State Fair this year.

One could not visit this show and not be impressed with the large number of fowls on exhibit, and with the quality that was shown in nearly every variety and breed of standard bred poultry.

The attendance was large each day and the fact that the people in general are becoming interested in more and better poultry was brought out clearly by the support given the show in every way.

**COUNTY AGENT SUBMITS SUMMARY OF ANNUAL REPORT FOR CONSIDERATION OF COMMISSIONERS**

ACTIVITIES OF COUNTY AGENT HAVE BEEN MANY AND VARIED DURING YEAR CLOSING NOVEMBER 1, 1921, DISCLOSED BY REPORT

County Agent T. Scott Wilson has submitted a report of his activities during the past year, closing November 1st, to the Commissioners' Court of Floyd County and to the authorities at A. & M. College. A summary of this report reveals activities ranging through every avenue of effort put forth by the farmers of the county, as follows:

The purpose of this summarized report is to lay before you and the people of Floyd County a few of the most important lines of activities of the county agent during the last year from November 1, 1920, to November 1, 1921, calling your attention to some of the things undertaken and accomplishments. The duties of a county agent can not be placed in any one or group of categories. You may readily see from the various lines of activities the importance of the service and some of the difficulties to be overcome. On account of the demand for so many things to be done by one man it is indeed difficult to successfully complete any one thing in the highest desired way. It is very important that this work receive the hearty co-operation of every one in the county in order that the most good may be done to the largest number of people. I am highly pleased with the support and spirit of co-operation shown by the people of the county. It has been my endeavor to serve the largest number of people possible. The amount of good accomplished bears an equal ratio to the number of people who have availed themselves of the opportunity offered them by the service. There are many things we have accomplished during the year which may not present a striking remunerative appearance immediately but the future good coming from some of the commonly considered minor projects will more than repay the money invested. We may be in danger of being misled by the unusual results of some projects which show a large immediate return in money. The lasting good will come from the starting and fostering of different lines of agricultural industries which are well fitted for this locality. The most ultimate good can come from the pursuance of a well balanced program. But our program must be suited or changed to conform to the immediate needs during abnormal times.

On account of the abnormal conditions confronted during the last year we found it necessary to divert from our regular routine of constructive work in the development of agricultural progress and try to relieve the emergencies, but not permanently abandoning our plan of good constructive work. It is not necessary for me to go into a detailed discussion of our marketing accomplishments but let the results suffice.

We sold 77 cars of maize heads, saving the farmers \$3080; 1 car threshed maize, making \$88.16 more than here; 38 tons cane seed, saving

**LETTERS ALREADY COMING IN FOR SANTA CLAUS**

Santa Claus is already beginning to hear from the little boys and girls of Floydada and Floyd County. They are anxious that he be sure to remember them. Some of these letters are already being sent to The Hesperian, and we are planning for our Christmas Edition on December 15th to print all the letters from the kids, received on or before Tuesday, December 13th. It would not do a great deal of good to write him later than that date. Santa Claus believes in early shopping because that is the sensible thing. Therefore, he tries to get all the things for the boys and girls as early as possible and avoid the rush of the last minute.

One thing to remember in writing to Santa Claus is not to ask for too many things. For all we know the old boy may be having a hard time this year. If he is he would hate to disappoint the boys and girls and would certainly disappoint only those who ask for more things than he can provide.

**MERCHANTS ASSOCIATION WILL DENOTE RATINGS**

The Retail Merchants' Association of Floyd County is the name decided upon by Floydada merchants who have formed an association for the purpose of collecting and disseminating to members only, ratings of their customers in Floyd and other counties and obtaining information through channels of new people coming into their territory.

Mrs. Ruby Young has been employed as secretary of the association and offices have been leased on the second floor of the First National Bank. Advance preparations for the work are being made this week.

**ADDITION TO BAPTIST CHURCH STARTED THIS WEEK**

An addition of floor space to the First Baptist Church of Floydada, made necessary by the fast growth of the church and attendance at its services, has been started this week, following the completion of plans in conferences of the church and its officers. The addition will be made as quickly as possible and the building, with the addition, will comfortably seat between 600 and 700 people, the capacity being increased about one-third.

**CEMETERY ASS'N MEETING SATURDAY AT 3 P. M.**

Mrs. O. P. Rutledge, chairman of the Floydada Cemetery Association, has called a meeting of the organization for Saturday afternoon at 3 o'clock. The meeting will be held at the office of Geo. A. Lider, basement of the court house.

Members of the association are urged to be present.

Shop early. Avoid the rush.

**WILL TRY STRAWBERRY TRUCK FARMING HERE**

L. A. Marshall has under construction on a five-acre lease recently made from Mrs. J. B. Bartley, a large concrete and dirt tank which he will utilize as soon as completed for the preparation of ground for a strawberry truck farm. The ground will be planted next spring and when the project is under way five acres will have been planted. A total of 50,000 plants will be planted on the acreage. Ever-bearing varieties of the strawberry will be set out.

The project is based on the wonderful success of the strawberry plant, wherever it has been tested in this county the past ten years. Hundreds of homes have small garden plats of strawberries which have furnished all home needs throughout the season, at very little trouble and expense, and some raisers have sold strawberries throughout the summer after furnishing their home needs.

The productiveness of the plant, its comparatively small requirement of attention and expense and the excellence of the berry produced under climatic conditions in Floyd County lead to the belief that strawberry truck farming, long neglected a source of revenue, may be turned into a big industry here. Mr. Marshall's effort will be watched with much interest, as it will afford an index as to the possibilities of the country as a truck farming section and will test the value of strawberries as a money-making crop here on a commercial scale.

**C. OF C. REGULAR MEETING TOMORROW NIGHT**

Tomorrow evening at 7:30 the regular meeting of the Chamber of Commerce will be held at the County Court Room.

A number of committee reports have been called for to be made at this meeting, and the choice of a delegation for the meeting next week of Bankhead Highway delegates to be held at Spur will also be considered. The latter idea carries with it the completion of the road from Spur to Floydada in the southeast portion of Floyd County and is of double importance to Floydada.

The Hesperian last week failed to mention the name of J. S. Collins as a member of the Good Roads Committee. Mr. Collins succeeded L. C. McDonald on the committee.

**DIRECTORS PRAISE WORK OF POULTRY JUDGE**

As directors of the Floyd County Poultry Association we take this means of expressing our appreciation to Mr. J. M. Lipscomb for his efficient and conscientious efforts in placing the awards in our show just held in Lockney.

H. P. Coleman, vice president, Oliver Allen, Secretary Treas., Earl Cowand, Mrs. W. T. Hopper, Mrs. Albert King, Mrs. Chas. Merrick, Directors.

**ROBERT L. HENRY TO RUN FOR U. S. SENATE**

Waco, Texas, Nov. 26.—Robert L. Henry for 20 years representative of the Waco District in Congress, today formally announced his candidacy for the United States Senate to succeed Charles A. Culberson next July.

**MEETING OF FLOYDADA LOCAL FARMERS' UNION CALLED**

J. L. King, president of the Floydada Local Farmers Union, has called a meeting of the organization here for Saturday afternoon at 2:30.

The officials urge all members to take notice of the date and hour and be present.

**MR. AND MRS. W. P. DAILY HOSTS THANKSGIVING**

Mr. and Mrs. W. P. Daily were hosts at noon Thanksgiving Day at a turkey dinner, honoring the pastor and officials of the First Baptist Church. The occasion was much enjoyed. Those present were Rev. and Mrs. J. Pat Horton, Mr. and Mrs. W. A. Cates, Mr. and Mrs. A. E. Johnson, Mr. and Mrs. J. D. Price, Mr. and Mrs. W. H. Foster, Mr. and Mrs. H. D. Butler, Mr. and Mrs. T. S. Stevenson, Mr. and Mrs. Doyle Garrison and Mrs. Audrey Hodges, of Tulia.

C. M. Craig, of Graham, is here for a visit with his daughter, Mrs. B. P. Woody.

**FINE ARTS CONCERT IS SUPERBLY RENDERED**

Home Talent Entertainers Repeatedly Score Hits with Filled Auditorium

The Mothers' Club Fine Arts Concert at the City Park Auditorium Friday evening, staged by all-home talent would best be described by the word superb. Superb rendition, superb in arrangement and superb in the manner it was received by the crowd which filled the large auditorium and repeatedly encored each number.

Mayor R. E. Fry opened the program with a short address in which he outlined the history of the park and its improvement and told of the plans and hopes of the Mothers' Club and the City for further improving and beautifying the park.

The Young Ladies Choral Club, with Miss Price at the piano, were called back for an encore following their rendition of Kipling's "Gypsy Trail." Miss Harmonson, as her only individual number on the program, gave Edward Schutt's "A la Bien-Aimee". She was followed by Miss Marie Henry in a reading, and she by Mr. Jackson, whose violin solos, "Traumerei" and "La Chiquantina," drew hearty applause.

Because of its unusual character and the excellence with which it was executed, perhaps the musical comedy sketch, "I Ain't Nobody's Darlin'", rendered by the Misses Long, got the biggest hand during the evening. Their encore was a fascinating dance step done equally as well. Truett Butler and E. G. Wood have unusually good voices and when they sang "Down the Trail to Home Sweet Home", the audience insisted on an encore.

That Sam Goslee may be termed a finished artist with the cornet was indicated by his masterful rendition of "Triumph Polka." He took its difficult passages with ease and grace. Miss Mabel Long, in her first appearance before a Floydada audience as a reader, did "A Real Lady" in most excellent style.

Dvorak's "Humoresque" and Beethoven's "Minuet in G" were rendered with good effect by Mr. Jackson and Mrs. Fagan, and following their number Miss Marie Henry gave a musical reading of "Only a Man" and, as an encore, "I've Got a Pain in My Sawdust."

The program closed with a song by the entire company, "Carry me back to Old Virginny."

Mrs. Alvis Chowning, whose splendid soprano voice has been complimented many times, sang "Mother Machree" as a solo and responded to hearty applause with an encore.

Mrs. J. V. Daniel, Miss Noama Harmonson and Mrs. O. W. Kirk were piano accompanists for the several numbers given.

The proceeds will be used by the Club to further their work on the park, the first objective being a new coat of paint for the auditorium.

**HOME TALENT PROGRAM ANNOUNCED FOR FRIDAY, DECEMBER 3**

A home talent program, in which will be a number of local talents in various forms of entertainment, has been announced for Friday, December 23rd, at the City Park Auditorium.

Only tentative plans have been arranged but a number of musical numbers are sure to be included. It is stated, the Boys' Concert Band has the arrangements in charge, and the proceeds to go into the band fund.

**STEAM LAUNDRY FOR FLOYDADA NOW IN OPERATION**

A steam laundry in Floydada is now an accomplished fact, the plant installed by F. W. Ansley, of the Plainview Steam Laundry Company, having been in operation for several days now. Trial runs made the earlier part of last week showed the plant to be in excellent condition and ready for business.

Mr. Ansley, who will be manager of the plant, declares that the laundry is of ample capacity to handle the business that will be offered there. Good workmen are employed, adding a sizable payroll to the weekly output of the community, and everything has been done to make the plant fulfill the desires and needs of the citizenship.

The new business offers a people of this territory an opportunity to keep at home thousands of dollars which has heretofore been sent to other places to return.

IN  
**"Charge It"**

What domestic tragedy lies behind those two seemingly insignificant words! How many homes have been wrecked by that simple phrase! How many hearts have been broken, how many lovers estrayed? In our onrushing American life the desire to keep pace with our wealthy friends has headed many a happy couple into dire disaster.

Clara Kimball Young sacrificed her home, her friends, her husband's love—she risked her good name—she threw her all into the scales of fate simply because she couldn't resist that little phrase—Charge it.

Of all the sad words of tongue or pen, the saddest are these—Please "Charge It"—again.

In "Charge It" you will see Clara Kimball Young in her greatest photodrama, supported by the most brilliant cast in any picture in which Miss Young has ever appeared.

**AT THE METHODIST CHURCH**

Next Sunday at 11 a. m., subject, "Jesus, the Carpenter" and at night, "Why I believe Jesus Christ is the son of God." You are cordially invited to worship with us.

We have many services at night during the week and it is our purpose, beginning Wednesday night to have all services on the same night and thereby save fuel and frequent visits to the church. To illustrate, we will meet on Wednesday evening at 7:15 for choir practice, 7:15 for prayer service. Then at 8 o'clock social and light refreshments, then Teachers' Training and any other meeting that may be necessary at 8:30.

This will concentrate all our efforts to the prayer meeting and everybody will get the benefit of the best service in the church. If the church is failing, it is because most of the members think when they have attended one or both services on Sunday they have done a great part. The

**COUNTY AGENT SUBMITS ANNUAL REPORT SUMMARY**

(Continued from page one.)

\$148.28; 17,070 pounds millet seed, saving \$70.14; 2070 pounds sudan seed, saving \$16.22; 375 pounds formaldehyde, saving about \$250.00; 39,531 pounds wool (estimated on account of incomplete returns) \$3000.00; 23 bales cotton (estimated on account of incomplete returns) \$575.00; bought 725 shade trees (free) Lubbock experiment station, saving \$700.00; 6 cars coal (300 tons), saving \$700.00; making a total of more than \$8,000.00 saving for the farmers more than the local price on these commodities. These figures do not include the effect on the local market. Considering the proportion of the commodities handled through this source, as compared with the local prices on the various products, the direct and indirect saving combined would amount to several times this amount.

Besides these sales many other things were sold as a result of the county agents efforts, such as livestock, seeds, feeds, etc. I have always kept a list of things for sale and articles wanted and have gotten the buyer and seller together in many cases. Farmers have been furnished with laborers and laborers have been placed in many instances. I have also found places for several farmers to rent.

Information on various subjects has been furnished and advice has been freely given where desired.

I have also assisted in public sales of livestock and have always urged the farmers to buy and keep good stock within the county where there were outside buyers.

By the assistance of farmer demonstrators I have endeavored to improve the agricultural industries of the county. We have tried to use the best known methods in crop systems. By the example of these demonstrators and co-operators we have influenced many other farmers in the better preparation of soil for crops and better methods of cultivation. By means of certain farmer demonstrators we have demonstrated the value of crop rotation and diversification of crops. I have always advised against a one crop system of farming.

prayer meeting is the service that lubricates every other department of church activities. Trust every member will fall in line to make this night of church activities great in its meaning.

**BUSY BEE CLASS OF BAPTIST S. S. HAVE PICNIC**

On last Friday afternoon the Busy Bee Class of the Baptist Sunday School swarmed the church for an outing in picnic style. Singing, readings and various games in and out doors were enjoyed as only Busy Bees can. Then came the hour for refreshments prepared by our beloved teacher, Mrs. Hamilton, the boys having to serve the girls in carrying out the contest for attendance just closed.

Those present and partaking of this feast were little Misses Grace Norman, Elizabeth Anne Hopkins, Bernice Bishop, Eloise Gordon, Gwendolyn Snodgrass, Joice Grigsby, Dartha Hall, Cleo Stovall, Edna Louise Ralls, Orlene Copperall, Bama Gene Smalley, Edna Mae Collins, Lathia Benton, Helen Grace Grigsby, Thelma Joe Hamilton; Masters Curtis Gilbert, Herbert Stovall, Truett Boothe, Frank Truitt and Melvin Slaughter.

We had twenty-two present Sunday. We cordially invite any child, who is seven years old and not yet ten, and not connected with any Sunday school to come and join the Busy Bee Class. Our motto is: "We gather honey all the day." Our aim to make life sweeter.

the number they wanted if they were in town. Also we advertised for hands and I made a trip to Spur and Dickens, in company with several farmers and we were able to get a large number from that country, by the co-operation of Mr. Johnson, the county agent there. By handling this harvest labor situation in this way we saved a great deal of money for the farmers, perhaps this one project saved the farmers several thousands of dollars.

If every time a man was helped had been a different one I would have had dealing with more than 1200 persons or as many farmers as are in Floyd County. Of course, they have not all called on me but I am gratified for the interest shown in my work. In general here are some of the ways I have met people and had intercourse with them in a business way and some of the things I have done during the past year: Visited 422 people, traveled 6246 miles by automobile in the county, 684 people interviewed me, 287 telephoned me, 47 farmers meetings held, 60 meetings of all kinds with a total attendance of 3771, 15 field meetings, 25 per cent of time in office and conferences with people, 75 per cent of time in field work, 1304 letters written, 79 articles prepared for newspapers, 20 circular letters prepared and 2406 copies mailed, 448 bulletins and circulars of the Agricultural Department, mailed, 47 visits to schools.

**THANKSGIVING SERVICE**

At the Methodist Church at 10:30 on Thanksgiving morning members of the various churches of Floydada assembled in the auditorium of the Methodist Church to worship and give thanks together.

Rev. J. Pat Horton, pastor of the Baptist Church, brought an inspiring message in the teaching of the true spirit of Thankfulness and all for which it stands. No other nation in the world sets aside officially a day of thanksgiving to Almighty God for benefits received, and to this fact, perhaps to a degree greater than any imagine, is the unparalleled prosperity of this nation due.

After the close of the devotional service a real Thanksgiving dinner was served in the basement of the church which was a fitting close of a Sunday School contest for attendance between men and boys and women and girls of that church.

The women and girls were winners in the contest. The seating was systematically arranged with reference to departments. One table specially deserves note for around this festive board forty-six little folks feasted ap-

The harvest hand situation was well controlled this year and every one seemed to be well pleased. I held four farmers meetings, two here and two at Lockney, for the purpose of assisting them in this work and these meetings were well attended and the farmers showed splendid spirit of co-operation. By arriving at a satisfactory understanding we kept the price of labor down so that the farmers could afford to pay the wages and come out at it, and at the same time allow a reasonable wage for the labor. I assisted a very large number of farmers in getting hands by keeping a list of their needs and by telephone many were placed and much was saved for the farmers would be to me and as a rule would get

**CENTER NEWS**

Center, November 21.—Thanksgiving was spent very pleasantly by most of our community at the school house, where the school rendered a program beginning at ten o'clock. Then Bro. Tubbs preached and at noon a sumptuous spread was made and every one did justice to the real Thanksgiving dinner. In the afternoon Bro. McCauley gave an interesting address on "Some things for which we should be thankful," mentioning the good country in which we live, the spiritual blessings that have been ours, the successful outlook of the Disarmament Conference and so many good things space forbids us mention them all.

Center church sent a box to Buckners Orphan's Home last week. We had met with Mrs. O. H. Johnston one day the week before and quilted two quilts.

J. E. Tivis has a brother and family here now. He will locate 28 miles southeast of here for another year.

The score was 20 to 23 in favor of Sand Hill. Thanksgiving night another program was rendered by the older pupils of the school.

Misses Cox and Lightfoot, teachers of Wake School in Crosby county, with a number of their larger pupils, attended part of our Thanksgiving exercises.

**SURPLUS TEXTBOOKS SHOULD BE BROUGHT TO CLARK**

Teachers of Floyd County who have a surplus of any of the adopted textbooks for this year should list them and bring to County Superintendent W. B. Clark, the procedure outlined by the State Department of Education following the change in the rules. A number of schools lack the adopted texts which other schools of the county may be holding as surplus and in some cases the need of adopted texts is urgent, Judge Clark said the first of this week.

This request, however, should not be confused. Exchanged texts, which are not now being used as adopted texts should be forwarded by the district direct to the depository or publishers who issued them. This feature of the requirements of the state department should not be overlooked, either, the judge stated.

R. S. Staley, of Springfield, Mo., has been here this week transacting business and renewing acquaintances of former days.

Mrs. L. B. Dawson and little nephew, James E. Parks, Jr., spent the latter part of last week in Roscoe visiting her parents, Rev. and Mrs. Parks.

THE AMERICAN PRESS ASSOCIATION

That the football schedule for the Floydada High School team this season has been the heaviest the team has ever had and at the same time the season has been their most successful, it a matter for congratulation to the boys and Mr. Wester, their coach. Perhaps, an even more complimentary thing which should be said, is that at no time have the eligibility rules of the Interscholastic League been over-stepped or even side-stepped. And one of the cardinal requirements in the rules is that every member of the team must have made passing grades in the month during which he plays.

Congressman T. L. Blanton must undoubtedly be a man of good reputation among his home folks and a man whose intentions are of the right kind. However, it must be patent to most everybody outside the pale of his immediate influence that he would do the state more harm than good in the senate. If his own people insist on sending him to congress very well and good. In the lower house he is one of 18. In the senate he would be half the state's representation. Apparently he has made it impossible for himself to be useful in congress by his radical methods.

Human nature has a queer turn. For twenty or twenty-five years the starving millions of India have periodically received untold millions in food and money from American people and the crushed Armenians have particularly appealed to church-people because it has been presumed they are the victims of the unspeakable Turk. But millions of Russians are dying on the snow-clad plains of Russia for lack of food, the victims of the greatest men-acesto civilization, Bolshevism and Communism, and it doesn't stir a ripple in America.

Aceton in bootleg liquor is the latest menace to the drinker who parades, according to a Pennsylvania enforcement officer, who declares at blindness and paralysis are sure to come to many communities where bootleg liquor is being sold. The distich leaves the impression that the danger is greatest in larger centers. We hope the country bootleggers have not learned how to make it with acetone yet and that none of our home consumers will be the victims of any city slickers."

Be careful of imported cotton seed. Thus early in the season before anybody has any money invested in high-priced cotton seed brought from a far-off country, growers should be warned of boll weevils and pink boll worm. Floyd County will always produce some cotton as a cash crop and next year present indications are the feed crop will be cut down to make room for a much larger acreage. Boll weevils and pink bollworms can ruin a mighty good prospect very quickly.

Memphis, Hall county, has a Ku Klux Klan. The organization there announced itself with a \$100 donation to the Red Cross. The Herald, of that city, by editorial expressions mixed with a story of the donation, puts itself on record as believing such an organization is needed there. Maybe they do need a Klan at Memphis, with Kleages, Kludds and Kligruff. But let's hope they don't start anything of the kind in Floyd County.

This year the demand on every form of public fund is greater and more urgent than ever before and every citizen who can should pay his taxes early. There are two good reasons for this. The first is indicated above. The second is that early payers are going to avoid the rush while the late payers are going to have to wait their turn.

Next year will be full of elections. Don't forget this fact. Pay your taxes and be in the swim next summer.

Recent statistics issued indicate that the various campaigns against the use of tobacco has had little effect on the consumption of the weed, the consumption figures for 1920 indicate the increase has been very great with a consequent heavy return to Uncle Sam in revenue. Kentucky has been the leading tobacco-producing state of the nation since 1909. Virginia and North Carolina vie for second place with the latter state in the lead in 1920.

Users of electricity in Floydada who are using pennies to plug their light switches or "wire around" the switch to save fuses, should take to heart the warning of fire authorities who point out that a blown fuse usually is a warning of a "short" in the circuit somewhere in the building and that the cheapest thing to do is to get an electrician to trace the trouble and correct it. Homes already are scarce in Floydada.

A report is extant, and some tax collectors are giving credence to it, to the effect that the owner of a commercial truck must be equipped with a rear-view mirror before it can be registered with a tax collector.

**WHAT'S IN A NAME?**

"What is in a name," the Hall County Herald asks, and then proceeds to answer the question in terms of Texas politics:

"Last Saturday, Governor Neff appointed Hon. C. V. Terrell as State Treasurer of Texas, to fill an unexpired term. In the last half century the name Terrell has played an important part in the political affairs of this state. Longer ago than that, Judge A. W. Terrell was a district judge and member of the Legislature. A little later came J. O. Terrell, of Terrell, Texas, who served in the Texas Senate. A dozen years ago, when the writer entered the Senate, there were three Terrells in the Senate and a couple of Terrells in the lower house of the Legislature. There were J. M. Terrell, C. V. Terrell and H. B. Terrell in the Senate and Chester Terrell and Geo. B. Terrell in the House. Before this, John J. Terrell had served for many years as Land Commissioner. Later on, H. B. Terrell was elected Comptroller, and Chester Terrell Speaker of the House. Still later, George B. Terrell was elected Agricultural Commissioner, in which position he is now serving. Now comes to the front again C. V. Terrell as State Treasurer. Another name that might illicitly ate the same point is the name Davidson. For forty years there has never been a time when there was not a Davidson on the State ticket of Texas. There was General R. V. Davidson as Senator and later Attorney General. Then there was Judge W. L. Davidson, first assistant Attorney General, and later for many years on the Court of Criminal Appeals. There was A. B. Davidson in the lower house and later in the Senate, then later Lieutenant Governor. There was T. W. Davidson, a candidate for Lieutenant Governor and now a member of the Senate. There is Lynch Davidson, a member of the House, a member of the Senate, and now Lieutenant Governor. A third example of the prestige of a name in politics is that of Mayfield. Allison Mayfield was private secretary to Governor Culberson, later Secretary of State, and then Railroad Commissioner. Then there was Earl B. Mayfield, a member of the Senate, later Railroad Commissioner, and now a candidate for the U. S. Senate. There was C. C. Mayfield, of Coleman, who made two races for Comptroller and came near being elected, although he was illiterate, never went out from home, and was named have been names to conjure with in Texas politics in the past half century. Neither one is common name, but either one is a demonstrated asset in vote getting in this state. The coming campaign will perhaps see all of these names well represented down the State ticket. There will be C. V. Terrell for State Treasurer, George B. Terrell for Commissioner of Agriculture, Lynch Davidson for Lieutenant Governor, Earl B. Mayfield for U. S. Senator, and Allison Mayfield for Railroad Commissioner. The common names like Jones and Brown don't often appear on the ticket. There must be something in a name, after all."

Ogie Johnson returned the latter part of last week from Anaheim, California, where he had been for several weeks. He was injured several days ago when a carpenter's scaffold fell with him. His ankle was broken and sprained.

Judge and Mrs. F. P. Henry spent Thanksgiving Day in Amarillo, guests of his son, S. A. Henry and family for Thanksgiving Dinner.

**DO YOU THINK IT WOULD BE FAIR, JUST OR EXPEDIENT TO CONTINUE TO CREDIT A PERSON WHO DOES NOT PAY OR EVEN MAKE SATISFACTORY ADJUSTMENT OF THEIR ACCOUNTS?**

Some few people do this very thing and still they feel hurt because they are told that their credit is very doubtful. The person who does not meet his bills and other obligations promptly, or who is indifferent or pays under protest, does not deserve any credit and will likely be investigated very carefully in the future. Isn't it a fine thing to be able to buy what you want, just say "Charge it" and walk out with the goods under your arm? People that pay their obligations when they are due or make satisfactory arrangements can always say "Charge it." Credit means honor, integrity and thriftiness; so when you receive credit those are the qualities the business men think you have.

**YOUR PRIDE IN BEING CLASSED AS GOOD CREDIT**

"YOUR CREDIT IS GOOD" is one of the highest compliments a merchant can pay to your integrity and standing in the community. It is just as though a banker told you, "We will be glad to lend you any reasonable sum of money WITHOUT SECURITY."

"Good credit" is easily earned, BUT IT MUST BE KEPT GOOD. The agreement when credit is extended, is that you pay in full at certain specified times, and when you fail to keep this agreement you shake the confidence imposed in your character and undermine your good reputation. If you persist in letting your bills go unpaid, you risk being told, "Sorry, but you'll have to pay CASH."

**WOOL COTTON" IS NOT PROFITABLE IN TEXAS**

Several samples of "Wool Cotton" or "African Cotton" have come to the classifying department of the Extension Service here at College Station, lately, with requests for information as to its adaptability here, and where seed can be secured, etc. Mr. J. B. Beers in charge of the Cotton Classifying Work, Extension Service, A. & M. College of Texas, and U. S. Bureau of Markets co-operating, advises that this variety is Asiatic and like all varieties from those countries is very, very short stapled, small balled and of only three or four locks. It is not the cotton for this State and should be avoided. Some mills which make blankets buy it, but of course, at prices below value of even normal short cotton, to say nothing of the comparison between prices of good 1-1-8 cottons and this kind of cotton.

**WEST TEXAS SALES OF MERCHANDISE BETTER THAN ELSEWHERE**

A. B. Nickell, traveling salesman for the H. J. Hines, wholesale grocery dealers, with traveling men all over the United States and Canada, was here Wednesday calling on our merchants. There are more than eight hundred salesmen in this company, and the last years business was checked up—giving each man his standing in proportion to the amount of goods sold, and Mr. Nickell was twenty-eight place from the top of the list, which shows there is a great deal more business for that company, when comparison of the population is made in the States and Canada. Mr. Nickell is a hustler too, and it is a coincidence that he was put in the best territory on the map.—Lubbock Avalanche.

Mr. Nickell is the eldest son of Mr. and Mrs. J. A. Nickell, of Floydada.

**SPAN OF LIFE INCREASED BY BETTER HEALTH CONDITIONS**

New York, Nov. 25.—One hundred and fifty-three years from now or in the year 2074, health conditions in this country will be so good that the average person will live 100 years, according to several Red Cross statistical experts.

These statisticians based their 100 years idea on what they called past passing out performances. For instance in 1910 in New York persons died at an average of 35 and in 1920 they shuffled along into the next world at an average age of 39.

This upward trend of life, they claimed, has been in evidence for many years, available statistics from the sixteenth century showing the span of life to be 18. By the eighteenth century it had lengthened to 28 years.

In the midst of life we found ourselves so suddenly in death and none but God can realize how much you helped us to carry our sorrows. We shall ever remember and love you for what you did for us. We are sure the Father will take notice of these deeds and repay you.

#### NEWS OF MOTLEY COUNTY

From the Matador News:  
Prof. Robt. F. Menefee, of Floydada, who has been here for several days engaged in an effort to organize a band in Matador, reports that he has met with most flattering encouragement.

The idea as now being put forth, is to organize a boy and girl band, out of the promising material found in the High School.

It is the purpose to have an organization of about twenty-five pieces, of which twenty recruits have been enlisted and no trouble is anticipated in getting the remainder.

The First Baptist Church of Roaring Springs, one of the strongest church organizations in the county, which has been without a pastor, has called Rev. D. E. Reid, of Abilene, and he expects to be on the work by the 15th proximo.

J. E. Woodruff, of Gunter, Texas, who had been slated to succeed J. C. McCrley as head clerk for the Matador Hardware Company, severed his connection with the firm, by mutual consent last Saturday, and left for his home.

The position has been filled by Guy Bradley, formerly with C. Surginer & Son, of Floydada, now living in Plainview, who is already on the job. Mr. Bradley will bring his wife to Matador in the near future, and our people will be pleased to welcome them to their new home.

P. G. Stegall, the well known cotton buyer and raiser, of Flomot, was in our city Monday.

Sam Abston and family and Mrs. Lester C. Krames returned the latter part of last week from a visit with relatives at their former home in Coffeyville, Kansas.

#### METHODIST THANKSGIVING DINNER VERITABLE BANQUET

The Thanksgiving Dinner, served Thursday noon in the basement of the Methodist Church, proved a banquet. More than 150 members of the Sunday school assembled and enjoyed a community dinner.

The men and boys served the dinner and washed the dishes according to the terms on which they accepted an attendance contest with the women and girl members of the Sunday school, and in which they lost. Several women members of the Sunday school declare their husbands, who are doctors, merchants, real estate men, and other callings, have missed their vocations in life.

# No Bank For Him

"I don't put my money in the bank," says Smarty Sam. "My old pocket is good enough for me and I'm gonna keep it there instead of letting them fellows have it".

Does he keep it there? He does not. The butcher, baker, grocer, clothier, or druggist get Sam's money and THEY put it in the bank. Sam doesn't know where his money goes, but SOMEBODY puts it in the bank.

Who is putting YOUR money in the bank? If it's good for the other fellow to have money in the bank, it's good for you—and SAY, THE OTHER FELLOW GETS RICH AT IT.

NOW is a good time to begin with us.

"THE PRICE IS THE THING"

# Lest You Forget

We still call your attention to the fact that we are still in position to supply your wants with hardware at prices that are right; we advise conservative buying, but in doing this we insist that it will pay you to get our prices before buying.

We have the old reliable Challenge Windmills which have fully proven their superiority; also the New Self Oiling Dempster which is the latest thing out in a windmill. Casings, piping, and cylinders.

Lard cans, butcher knives, and sausage mills. Special prices on Range Stoves, and Heaters.

And we call your attention especially to our complete stock of window shades, and are selling them at prices that will surprise you, and you get the best.

WE SOLICIT A SHARE OF YOUR BUSINESS
