Banks Show Financial Condition Sound.-News of Interest from Motley County News

In response to the call made in last week's issue of the News, a mass meeting was held at the court house, last Friday night, at which the Motley County Law and Order' Lague was organized by the election of T. T. Jameson, president, and Eugene Sanford, secretary.

There were about twenty representative citizens present and everyone icined the league.

The following report has been handed the News for publication:

The object of this organization is to give aid and enforcement to our county officers in the enforcement of the law by open daylight means. By meeting from time to time and discussing the conditions of the county; by pledging the membership of this body to fearlessly report all violations of law, to make complaints when necessary, and not to shirk jury service on flimzy pretexts when called on the juries of the county.

The different neighborhoods of the entire county are invited to form similar organizations, to the end that the criminal laws may be enforced and the public conscience quickened against the tendency to lawlessness that is

The reports of Matador's two banking institutions, published this week, in response to calls from the Comptroller of the Currencey and the State Bank Commissioner, reflects great credit upon the banks and is an indirect tribute to the solid financial condition of the country.

The combined deposits of the two banks shows that its parons have nearly \$400,000.00 to their credit or did have at the time of the calls, which are dated December 31st.

Miss Amy Glenn left today for Fort Worth, where she will enter the Baptist Seminary, taking a special course in B. Y. P. U. work, in which she is already very efficient, and with this additional training Miss Glenn will be equipped for doing a consecurated work in her chosen field.

Mrs. Tom King was stricken with an accute and very threatening attack of appendicitis, last Sunday, necessitating an immediate operation.

... The ... Chicago Ladies Sextette

NNNNNNNNNNNNNNNNNN

An orchestra worthy of the name of the great city it represents.

A happy combination of artists who play and sing-and bring to their audiences the best as well as the popular.

A rare combination of genuis, experience, versatility and genuine ability.

An organization that stands out in the Lyceum world-as few companies do.

AT THE

CITY PARK AUDITORIUM Friday, January 20th

The Chicago Ladies' Sextette offers a most unique, original and delightful program. In varied combinations of violins, cello, string bass and piano, these gifted young ladies play their way into the hearts of their audience-and lose no time indoing so. They have what might be called a "Personality Program," for they certainly are "Personality Girls"-every mother's daughter of them.

You will like the Chicago Ladies' Sextette. You will enjoy every minute of their program. You will enjoy their orchestral work, their solos, their vocal combinations, and their readings and impersonation work. There is not a dull moment on their entire program, and when you have heard them, you will agree-with the folks all along the line-that the Chicago Ladies offer a program of real dramatic and musical worth.

The "Dixie Duo," who appeared in Floydada Friday evening of last week under the auspices of the Floydada Lyceum Committee at the City Park Auditorium, presented a program which deviated quite a bit from the beaten path and proved interesting and entertaining to one of the best yceum crowds of the season. Vocal selections and impersonations of ante-bellum days constituted practically the entire program, negro 'spirituals" and folk songs, well-aranged and splendidiy presented making up much of it.

TO OUR CUSTOMERS AND FRIENDS

The year's clock dial shows one week gone. What did your business do for you during that week? What did you do for your business? You know.

A cow gives milk in accordance with the way you feed her; soil yields crops in accord with the treatment it receives; and just so does a mill give service in proportion to the way it is handled. We have a letter from the Chief Engineer of the Mill Factory that says we have one of the best-equipped mills in the state. And we know we have the best wheat in the state (Floyd County wheat).

THAT IS THE REASON THERE IS MORE HOME-MADE FLOUR SOLD IN FLOYD-ADA THAN ALL OTHER BRANDS COM-BINED.

We sold 422 sacks of Pride and Flavo Flour the past week. If you are not a user of home flour you are missing one of the best treats that enters your home. Some very encouraging letters of praise and appreciation for our home-made flour have been received at our mill, and we want to thank the friends who sent them. When we sell a customer one sack we get a repeater. A satisfied customer is the best advertisement we have. If you are not a customer we want to sell you one sack of Pride Flour and if you don't find it to be the best flour you ever used your money will be cheerfully refunded.
