

THE FLOYD COUNTY HESPERIAN

VOLUME NUMBER 27

FLOYDADA, FLOYD COUNTY, TEXAS, THURSDAY, JUNE 17, 1920.

NUMBER 15

MRS. SALLIE LOKEY DIED FRIDAY AT MACON

Mrs. Sallie Lokey, of Macon, Franklin county, sister of E. C. and E. P. Nelson, of this city, died Friday morning of last week at six o'clock, of apoplexy, following a stroke sustained at 11 o'clock the night before.

The Nelson brothers here were notified of their sister's death Friday morning but were unable to make train connections to reach that place for the funeral and burial services.

Besides the brothers here Mrs. Lokey is survived by her husband, Dr. Lokey, two other brothers, H. L. Nelson, of Omaha, Texas and S. D. Nelson, of Winfield, and a sister, Mrs. Lela Wilkinson, of Mt. Vernon.

Mrs. Lokey had a number of friends here among the older residents, who remember the visit of Dr. and Mrs. Lokey here prior to 1910 with W. W. Nelson, now deceased brother.

15c SUGAR COMING FROM ARGENTINA REPORT

According to a current report five to seven shiploads of Argentina sugar is soon to reach American shores, which will be landed on the wharves at New York City at a cost of 15c per pound.

If the report be correct, good authorities in the sugar industry are of the belief that sugar will be sold retail during the canning season as low as 20 cents.

G. F. RIGDON OUT OF COMMISSIONERS' RACE

G. F. Rigdon, of Lockney, is out of the race for commissioner of Precinct No. 2, he informed friends here this week, while attending Commissioners' Court.

He has served his precinct a number of years as commissioner.

His retirement from the race leaves J. F. Dollar and Mr. Teaff in a two-cornered fight for the place.

TWO-YEAR-OLD HEIFERS TOP KANSAS CITY MARKET

Two-year-old heifers from Floyd County topped the Kansas City market in their class on Monday of this week.

The heifers, a carload, were shipped by Fred Zimmerman Friday morning from Floydada. They were fattened on the range in his pastures south-east of town, and averaged 730 pounds at market.

H. F. BRUNNEMAN, ASSISTANT COUNTY AGENT, NOW HERE

H. F. Brunneiman, who is to be assistant county agent of Floyd County during the next sixty to ninety days, reached Floydada Tuesday afternoon to take up his work with the local agent.

Mr. Brunneiman was a student at A. & M. College when the war broke out. Entering the service he was with the A. E. F. in France. Upon his return home he has entered the county agent work and is being assigned here by the A. & M. College Extension Service authorities for training before undertaking work on his own initiative in another county.

Mr. Brunneiman will likely be assigned to some West Texas County in the fall.

BROKEN ARM STOPS VACATION TRIP FOR BROWN'S

Mr. and Mrs. W. Ed Brown, who left Floydada Monday morning in company with Edgar Jones and family enroute to the Devil's river country planning to spend two weeks on a vacation, returned home Tuesday, after getting as far as Slaton.

At that point their 12-year-old son sustained a broken arm from a back-firing car, as they started to leave town. Both bones of the lower arm were fractured. Medical attention was immediately available and the arm was set at once. All the party started to return but Mr. and Mrs. Brown prevailed on the Jones family to proceed on the trip.

WORK STARTS ON FIRST OF FOUR ROADS FROM TOWN

Work on the four cardinal roads leading out of Floydada was started this week by Commissioner Chas. Trowbridge, with the road leading out northwest to Lockney, which is being put into shape. The plan is to maintain the road from the railroad right-of-way to the E. C. Henry corner, thence east to the Santa Fe station on Fifth Street, thence south on Fifth to the intersection of Missouri Street at the Daily Hotel Corner.

The other roads will be rounded in to shape as they can be reached.

EWES SHEAR 20 POUNDS OF WOOL PER HEAD

O. W. Fry last winter disposed of his herd of grade sheep and re-invested in a small number of registered sheep. Recently he clipped the wool crop from these sheep and got an excellent clip, the ten head of ewes averaged 20 pounds of wool each.

The sheep he is now breeding are similar to the Rambouillet, and are called Delane, a new stock of sheep for this section. He is highly pleased with them, he says.

BELIEVE THAT ADVERTISING WILL GET HARVEST HANDS

It is now believed that the advertising done by farmers and business men of Lockney and Floydada is going to be productive of an increased labor supply in the county this harvest season. This is true if the interest indicated by letters received is an index.

The harvesting season is advertised to begin Monday, June 21st and the middle of this week have seen a few new workers in both Floydada and Lockney. However, the middle of next week should show a large increase in available help, if the advertising gets the results hoped for.

LYNN COUNTY MAN CANDI- DATE FOR THE LEGISLATURE

T. G. Marks, of Lynn County, is a candidate for the legislature from the 122nd District. He has filed his application with County Chairman R. C. Scott of the Democratic Party to have his name placed on the official ballot.

Mr. Marks was here Friday and Saturday representing the State Department of Agriculture.

Advertise Your Harvest Hands Requirements

Extensive advertising has been conducted to inform the outside world that Floyd County needs harvest hands. This publicity sets forth that this section will pay 60 cents per hour and board for hands, — a price arrived at after scores of discussions with representative farmers. This rate of pay means the same as \$6.00 per day and board because in the long run throughout the season the delays and stops which invariably occur in harvesting operations will reduce the average length of the day to a ten hour basis. This is testified to by farmers in practically all wheat sections and is substantiated by the fact that in many places in the Panhandle last year farmers offered hands their option of \$5.00 per day and board, or 50 cents per hour and board. Floyd County farmers are safe in figuring that 60 cents an hour and board means an average of \$6.00 per day and board.

This scale of wage pledges no man in the county to give that amount, but in advertising it was necessary to announce a uniform wage, and a wage was set which apparently suited the ideas of the majority of farmers.

W. H. Darrow of Floydada, County Agent, is in charge of placing the hands that come to Floyd County looking for employment. W. N. Brown of the First State Bank of Lockney is co-operating with the County Agent in placing hands in the Lockney district.

Notify one or both of these two men of your help wants and every effort will be made to supply you. Do this as early as possible.

BIG RAINS SPOTTED; SHOWERS OVER COUNTY

Some Hail and Wind Damage Reported Sunday and Tuesday Afternoons

With portions of the county reporting tremendous rains, while all sections and communities report at least half inch showers, the row crop in Floyd County has taken another big impetus and nothing short of providential hindrances can prevent the harvesting of one of the largest fall crops since farming was begun in the county. Row crops are perhaps in better all-round mid-June condition than has been the case in several years. Spring rains fell, for the most part, ideally, and in only limited areas were farmers forced to replant. These rains were followed by weather which permitted cultivation and preparation for the harvesting season, only a few sections of the county having too much moisture.

This week's rains fell Sunday, Monday, Tues. and Wed., covering all the county. While the fall in Floydada was a total of only 65 hundredths two and three inch rains covered most of the county. Some cotton is reported with six and eight leaves and other row crops are looking just as good.

On Sunday afternoon and night some damage was done by wind in a few localities, and hail did some damage, too, in the southwest and north-east parts of the county. No reports have been received of more than fifteen percent damage to wheat Sunday. Tuesday afternoon, however, Starkey and McCoy Communities had some much heavier hail. The hail strip, according to the reports, was two to three miles wide and several miles long. As much as fifty per cent damage is reported in two or three fields of wheat and an equal number of cotton fields. The hail was blown by a brisk wind that helped to increase the amount of damage done. Most of the crops affected had some hail insurance.

Wheat has matured much faster the past week than many raisers figured and many more binders will go into the harvest the latter part of this week than had been anticipated. Most of the raisers who planned to begin between Monday and today are still out of the fields waiting for dryer ground.

HEAD OF BUCKNER'S COMING FRIDAY, JUNE 25th

Hal F. Buckner, joint manager with his brother Joe, of Buckner's Orphanage at Dallas, next week will start on a tour of West Texas in the interest of the Home and will reach Floydada on Friday, June 25th, he informs Rev. W. A. Darden, pastor of the Baptist Church here.

The sons have succeeded Rev. R. C. Buckner as managers of the Home since the latter's death. They now have more than six hundred children under their care.

Hal Buckner is a widely traveled man and an interesting speaker, it is said, having at one time served his church as a missionary to China.

He will speak at the Baptist Church Friday night.

\$200,000 LUMBER COMPANY IS FORMED HERE

Echols-Cannaday Lumber Company Will Establish Yards at Five Points in Territory

Friday night of last week business men of Floydada, Matador, Roaring Springs, Lockney and Ralls perfected the organization of a lumber company with a capital stock of \$200,000 and for the declared purpose of establishing yards at five of the best points in the South Plains-Panhandle territory, these places being Ralls, Lockney, Floydada, Matador, Roaring Springs. The company acquired from A. G. McAdams and W. I. Cannaday the two yards operating at the last two mentioned places.

The capital stock was subscribed in liberal quantities from all five of the places designated. At the stockholders organization meeting here Friday night A. B. Echols, of Matador, I. E. Martin, of Whiteflat, W. I. Cannaday, of Matador, C. Surginer and Lee Montague, of Floydada, were elected directors. Two other directors will probably be added, it was stated following the meeting, making the total seven.

C. Surginer will be president of the new lumber concern, A. B. Echols vice president and W. I. Cannaday secretary-treasurer and general manager.

According to Mr. Cannaday the company will acquire sites and establish yards at Floydada, Lockney and Ralls just as fast as conditions will permit, negotiations having already been opened for the sites.

According to the belief of the gentlemen forming this company the territory surrounding the five points designated offer the biggest opportunity for development during the next ten years of any section of West Texas. All are surrounded by tremendously good farming country with excellent promise of growth for each of the towns.

CONCORDIA, KAS., BANKER VISITS WITH LOCAL BANK

W. M. Peck, president of the Cloud County Bank, of Concordia, Kansas, and until just recently president of the Farmers' National Bank, of Lubbock, is here this week, the guest of officials of the First State Bank.

Mr. Peck sold his interest in the bank at Lubbock and the stockholders of that institution and the Security State Bank consolidated the two institutions with C. E. Maedgen as president. While in Lubbock Mr. Peck also sold one of the best located business blocks in that city to A. B. Conley, Jr., a business man of that city.

Mr. Peck is rather largely interested in this section of country through loans made and also owns land in this territory. He is a director in the Interstate National Bank of Kansas City, and is investigating the possibilities of this immediate part of the plains for himself and his banking connections. He will probably spend the week here.

Mrs. B. M. Gamble and children, of Canyon, have been visiting A. L. Bishop and other relatives here the past week.

HARDING AND COOLIDGE HEAD REPUBLICAN TICKET

Senator Warren G. Harding, of Ohio, and Governor Calvin Coolidge, of Massachusetts, are the Republican candidates for president and vice president, chosen at the Republican National Convention which adjourned Saturday night in Chicago.

Senator Harding was nominated on the 10th ballot, after a deadlock had been reached between Lowden and Wood forces. Lowden's strength was thrown to Harding.

Governor Coolidge was nominated for vice president on the first ballot.

CO-OPERATIVE OIL WILL BUILD STATION HERE

The Co-operative Oil Products Company will build their drive-in station in Floydada. A sufficient amount of stock had been subscribed by local people yesterday to assure the enterprise coming, L. E. Hensley, representative of the company said.

Mr. Hensley and E. P. Nelson have been at work on the project.

Engineers will be here next week to secure a location.

Mr. Hensley left today for Lockney, where it is their plan to establish a station.

ARMSTRONG TAKES 8 LOADS OF CATTLE TO MARKET

N. A. Armstrong left Friday morning of last week for Kansas City with eight loads of cattle, including cows, heifers and some mixed cattle. He sold on Monday's market.

Mr. Armstrong is expected home the latter part of the week.

FARMERS DO NOT REACH PRICE AGREEMENT AT AMARILLO

Farmers of the Panhandle who gathered in Amarillo to discuss the labor shortage in the forthcoming harvest season did not reach an agreement for the entire section as to prices, which they could afford to advertise in order to get the labor necessary to save the crop.

In the meeting there it was brought out that Kansas is offering \$8 per day and Oklahoma 60 cents an hour. Several counties announced their intention of advertising on a sixty cent basis, including Swisher.

JUNE 19th LAST DAY TO FILE CANDIDATE APPLICATIONS

June 19th is the last day on which candidates can make their applications to get their names on the Democratic Nomination Ballot, which will be made up on Monday, June 21st, by the Executive Committee of the party.

Hesperian Ad Liners Get Results.

STATE DEMOCRATIC TICKET IS MADE OUT

The State Democratic ticket was made out this week by the State Executive Committee and certified to the Secretary of State. The state ballot will present to the voters the following names:

For Governor—Joseph Weldon Bailey of Cook County, B. F. Looney of Hunt County, Pat M. Neff, of McLennan County, and R. E. Thompson of El Paso County.

For Lieutenant Governor—I. W. Culp of Bell County, Lynch Davidson of Harris County, R. R. Humphrey of Dallas County, W. A. Johnson of Hall County, J. C. McNealus of Dallas County, and W. T. Peace of Dallas County.

Attorney General—C. M. Cureton of Bosque County, incumbent.

State Treasurer—John W. Baker of Crosby County, incumbent.

Presiding Judge, Court of Criminal Appeals—W. L. Davidson of Travis County, incumbent, and F. B. Martin of Gregg County.

Associate Justice, Supreme Court—William E. Hawkins, incumbent, and W. M. Key of Travis County, and William Pierson of Hunt County.

Commissioner of Agriculture—Sam H. Dixon of Harris County and George B. Terrell of Cherokee County Railroad Commissioner—Earle B. Mayfield of Bosque County, incumbent, and John L. Andrews of Dallas County.

Superintendent of Public Instruction—Annie Webb Blanton of Denton County, incumbent and J. M. Carlisle of Nueces County.

Land Commissioner—J. T. Robinson of Morris County, incumbent.

Comptroller—S. H. Goodlet of Travis County, Lon A. Smith of Henderson County, and Mark L. Wington of Hill County, incumbent.

POISON BAIT KILLS GRASS HOPPERS QUICKLY

Reports are beginning to come in on the use of the formula known as Kansas Poison Bait, recommended by the U. S. Department of Agriculture, to kill out grass hoppers. Results seem to be all that was expected of the bait.

J. I. Hammonds is among others who have spread the bait. The hoppers are small and had not done a great deal of damage on his farm.

The grass hoppers are seemingly not traveling in droves as old-time "grasshopper years" when they went in schools and took everything before them. Practically all of them are the small winged hoppers and appear to have bred on the premises, scattering in all directions.

Hesperian Ad Liners Get Results.

The Banker And The Farmer

By co-operation with a bank the farmer places himself in position to receive the financial support that is necessary at certain seasons in all agricultural pursuits. And it is the farmer's co-operation that places the bank in position to render such support. In a word, the banker and the farmer need each other.

We particularly solicit the accounts of farmers and the facilities of this bank are always at your disposal.

THE FIRST STATE BANK Floydada, Texas

MEMBERS FEDERAL RESERVE SYSTEM

OFFICERS:

Lee Montague, President; W. D. Long, Vice President; T. S. Stevenson, Active Vice President; Irvin Bishop, Cashier; Maury Hopkins, Assistant Cashier.

DIRECTORS:

Lee Montague, W. D. Long, T. S. Stevenson, R. E. L. Muncy, S. A. Greer, W. I. Allen.

Warning To Farmers!

What are you doing to insure the protection of your crop against the inevitable CAR SHORTAGE which will exist this year?

As harvest time draws near, it appears to us altogether vital and necessary that the farmers of this community at once prepare to build storage rooms for the preservation of their grain.

THE PRESENT PROSPECT of a serious shortage of cars and the consequent inability of the railroads to move your grain at harvest will mean the destruction of your crop and a big financial loss to you, unless you provide adequate storage facilities to take care of it.

NOW, WHILE THERE IS TIME, DO NOT FAIL TO GIVE THIS MATTER YOUR EARNEST THOUGHT AND IMMEDIATE ATTENTION.

IF THIS BANK CAN BE OF ASSISTANCE TO YOU IN ANY WAY, DO NOT HESITATE TO CALL UPON US.

First National Bank Floydada, Texas

10 More Days of Our June Clearance Sale

And remember we are offering a big reduction on each article in our big \$50,000 stock of Dry Goods and Ready to Wear.

BIG REDUCTIONS ON GEORGETTE, CREPE DE CHINE AND SILK WAISTS—

We have a large stock of waists in all of the new styles and colors, large sizes, to select from.

Crepe de chine waists in white and colors, regular price \$12.50 to \$15.00, your choice for	\$9.50

SYNOPSIS OF PANHANDLE-PLAINS SECRETARY REPORT IS GIVEN

COMMITTEE SAYS ORGANIZATION GOT RESULTS BY UNITY OF ACTION NOT POSSIBLE OTHERWISE.— LITTLE MONEY SPENT

At the 10th anniversary meeting of the Panhandle Plains Chamber of Commerce it was moved and seconded and became a part of the record, ordering the issuance of a synopsis of the Secretary's report. The committee appointed for the performance of this duty, begs leave to report as follows:

We have found that the association has collected and spent less than \$10,000 and that the work of the organization has been little short of marvelous, in the returns that it has been able to show with this modest expenditure of money.

The report shows between January 20th of the current year and May 5th movement of approximately 19,000 cars of grain representing a wealth excessive of \$35,000,000. Its values in this connection were attested by the statement of one of the attendants of the Santa Fe Railroad who is high in authority. During the coal famine this organization is given credit for having relieved the distress of the people, generally, throughout the Panhandle in bringing about closer connection between producer and consumer and carrier and consumer. The movement of the crop and the assistance that was given in respect to the distribution of coal means a great deal, additional to the actual value in that it was a great factor in the perpetuity of the good credit in this Panhandle and Plains division of Texas.

The report further advocates the establishment of storage and granaries in the rural district by the producers of grain owing to the fact that the car supply for the coming harvest is quite inadequate to take care of the crop that is now apparent upon the soil.

The report further shows that the activities in this body in retention of the present freight arrangements means the saving of millions of dollars annually to this portion of the state.

This committee is glad to note the thread of harmony which is closely interwoven throughout the report. It does not claim to control the law bodies of the state and nation; it does

not claim to have the operation of Railroads within its power; it lays no claim to the absolute control of finance and is not self styled as the court of last resort. But the duty as apparent to the executives of the Panhandle-Plains Chamber of Commerce is to create that spirit of harmony and comradeship along all lines of endeavor to complete unification of effort which may prevail on the part of all interests concerned. Its labor therefore, is to bring about that spirit of comradeship and regard, which interlocks all the interest of this section of the country and when so interwoven and interlocked that its request will be heard in financial circles, in Railroad matters and congressional halls, when spoken as a unite, and in proper language desirous of these measures to which we are so justly entitled.

This committee endorses every movement undertaken by the Panhandle-Plains Chamber of Commerce through its first year of operation and is glad to include in this report the wording of the resolution introduced by Mr. W. A. Palmer and unanimously adopted:

"Whereas the Panhandle-Plains Chamber of Commerce has demonstrated its great usefulness by the splendid result it has produced during the first year of its organization, therefore, be it resolved by the delegates in attendance that we heartily recommend that this organization be continued in a more intensive manner if possible and that we pledge our cordial support for the future."

This committee commends the organization for its economy and energy and conservative operations through the year which has just closed and takes great pride in commending its usefulness to all interests: counties, municipalities and individuals who reside within the confines of the territory which is specifically defined as the Panhandle and Plains Country of Texas.

Respectfully submitted,
(Signed)
Judge Paul.
W. A. Palmer.

W. W. Rixey,
Judge Hamilton.
—Committee.
F. R. JAMISON, Secretary-Manager.

CITATION BY PUBLICATION

THE STATE OF TEXAS:
To the Sheriff or any constable of Floyd County, Greeting:
You are hereby commanded that by making publication of this citation in some newspaper of general circulation which has been continuously and regularly published for a period of not less than one year preceding date of this notice in Floyd County, Texas, you cite all persons interested in the welfare of Martin Edward Taylor, Luther Taylor, Robert Taylor and Runie Taylor to appear at the next regular term of the County Court of Floyd County, Texas, to be holden at the Court House thereof in the city of Floydada in Floyd County, Texas, on the third Monday of July A. D. 1920, same being the 19 day of July, 1920, and contest if they see proper to do so, the application of W. C. Taylor which has been filed in said court for the guardianship of the person and estate of said Martin Edward Taylor, Luther Taylor, Robert Taylor and Runie Taylor, minors.

Herein fail not, but have you before said court at next term thereof, this writ, with your return thereon showing how you have executed the same.
Witness Tom W. Deen Clerk of the County Court of Floyd County, Texas.

Given under my hand and seal of said court at office in the city of Floydada this the 9th day of June, A. D. 1920.

(Seal) TOM W. DEEN,
Clerk County Court Floyd Co., Texas

OKLA. COUNTY FARMERS WILL STAGE PICNIC

Chickasha, Oklahoma, June 12.—The old custom of the city merchants entertaining the farmers with a "Fourth of July" celebration, will be reversed in Grady County this year. Under the auspices of the County Grange, the farmers of Grady county will be hosts to the city of Chickasha and the towns of Grady County with a celebration to be staged south of this city on July 3.

Miss Marguerite Viles returned home last week from Baylor Female College, where she spent the school year just closed.

The Season's Bride

And the Groom, too, will find our place of business a veritable treasure store of good things for that new home.

Aren't you a bit bewildered at the thought of a home of your own? While you are deep in the problem of furnishing it, why not bring your list to us and let us suggest a few extra necessities, as well as quote prices on those things which you have noted?

It's our business to help you in every way we can, and we invite you to make our store headquarters for everything in the line of furniture for the home. We especially call your attention to our Arcadian Ranges.

C. Surginer & Son

I Can Get That Loan For You

If for any reason you are unable to get a FARM LOAN why not come and see me? I make straight five, seven and ten year loans, granting liberal prepayment privileges and meet regular competition on Amounts loaned per acre, with interest payable annually on the first day of any month you select. You can make your interest and principal payments through me free of charge. Another feature is that I can give quicker service by making my own inspections. My interest rate will interest you. See me before making your FARM LOAN.

S. E. Duncan, Representative

**NATIONAL BANK BUILDING
Floydada, Texas**

Why man—
we made this
cigarette for you!

Camel

CIGARETTES

CAMELS fit your cigarette desires so completely you'll agree they were made to meet your taste!

Unique flavor, fragrance and mellow-mild-body due to Camels quality and expert blend of choice Turkish and choice Domestic tobaccos are a revelation! You will prefer the Camel blend to either kind of tobacco smoked straight!

With Camels you can go the limit without tiring your taste. They leave no unpleasant cigarette after-taste; no unpleasant cigarette odor!

To get a line on why Camels win you so completely compare them puff-for-puff with any cigarette in the world at any price. You'll prefer quality to coupons or premiums!

Camels are sold everywhere in scientifically sealed packages of 20 cigarettes for 20 cents, or ten packages (200 cigarettes) in a glassine paper-covered carton. We strongly recommend this carton for the home or office supply or when you travel.

R. J. REYNOLDS TOBACCO CO., Winston-Salem, N. C.

PRICE-GOEN SELLS FOR CASH

You Are Overlooking A Golden Opportunity

Do you own land in some of the counties in Texas where you can sell it for \$100.00 an acre or more?

Why not sell the 160 acres and with the \$16,000.00 buy an improved 160 acres in Swisher County for \$50.00 an acre or less, (\$8,000.00) and have the other \$8,000.00 of your money left in cash or in interest bearing notes for a 'rainy day.'

Do You See The Point?

Swisher County is the "Pride of the Plains." The best county in the Panhandle, but not as thickly settled as your county and land is cheaper—But just as good or better.

We have some choice unimproved tracts at \$25.00 an acre. Some choice improved tracts from \$35.00 an acre up. Wheat and oats are looking fine and land is sure to advance in this county by fall.

It will be too late to buy at these prices then. Write us or come up and see us.

THE TULIA COMPANY

TULIA, TEXAS

J. T. SCOTT, MANAGER

BURIED CITY IN PANHANDLE

From the Higgins News:

On the upper reaches of Wolf creek about forty-five miles northwest of Higgins, is what has been known to the old timers ever since the settlement of this portion of the Panhandle, as the "Buried City."

It is located on what was the Jim Freyer ranch, now owned by the Handy Bros., on an elevated tableland, about four hundred yards to the south of the creek, and, perhaps about the same distance from the cliffs on the south bank of the creek.

Last week Warren K. Morehead, curator of the department of archeology of Phillips Academy of Andover, Mass., and a crew of men were digging in the ruins of the city and exploring the country round for whatever could be found that would be of interest to the scientific world.

In all his party of explorers discovered the ruins of twenty-six old time dwellings. Old perhaps when Columbus sailed across the unknown water of the western sea.

Most of these ruins, which consist only of the lower walls, are located on the Handy place, the rest being scattered along the valley of Wolf creek at widely separated locations.

Beyond locating the ruins at other points, the explorers made no excavations at any point other than on the Handy place.

At this point the lower walls of a number of buildings were located, which show their presence only by the upper portion of the walls showing through the short grass, clearly indicating in most cases the outline of the four walls of the buildings.

The largest, a building which was forty feet by seventy feet was explored, and every evidence was found of a very ancient civilization which may possibly have ante-dated the cliff dwellers.

In this building, in which human skeletons, ancient pottery, bones of animals, and various other things had been previously found, the explorers discovered portions of two human skeletons, some fragments of pottery, flint arrow heads and war points; and several small ornaments made of mother of pearl, beautifully shaped and of excellent workmanship.

In the ruin five "ash-pits" were found, and from these places where the aborigines built their fires, to cook their food and warm themselves, the bulk of the finds were made.

Professor Morehead says that sufficient of these relics were found to establish the fact that these ancient people were of the same "culture" as the cliff dwellers, but he could not yet determine whether the dwellers of the Wolf creek were the forecmf the cliffs of Wolf creek were the fore-runners of the cliff dwellers, or those that came after that ancient race of people.

From what the writer saw, when on the ground some ten days ago, it seems to be quite evident that this tribe of the ancient residents of the Panhandle was destroyed, either by enemies, or by some cataclysm of nature. It is likely that enemies did the work. Had it happened from a landslide from the cliffs above the upper walls of the buildings would have been scattered through the ruins and in the same state of preservation as the walls that are now to be found buried beneath the soil.

Assuming that enemies did the murderous work, killing all the inhabitants of the village, as is evidenced by the fact that at least six human skeletons have been found; it is more than probable that, in the course of years that the soil from upper part of the hill, has been washed down, filling up the ruins to the present level, which is about three feet six inches above the foundations. At the same time the bodies of the dead, and whatever else had been left by the marauders, was covered by the soil, and is now being dug up for the interest and edification of the people of today.

It is quite likely that in the years that have elapsed, those portions of the walls that were not covered by soil, have crumbled away beneath the touch of time, and are now mingling with the sands of the creek below.

Whoever these ancient people may have been it is quite evident that they were far more advanced in the arts of civilization than any of the Indian tribes known after the arrival of the white man in these regions. The erection of a building, such as the largest ruin implies, indicates a civilization far in advance of the plains Indian, or any of his contemporaries. Whom these ancient peoples may have been we know not. Like many peoples in the history of the world, they lived their allotted time, fulfilling whatever destiny might have been theirs, and they passed away into the darkness of the oblivion of the ages that have gone.

The News nam obtained some few little relics of these people, that are highly prized.

DYE, FORD AND ROGERS BUY ANOTHER SHOW AT WICHITA.

According to Dr. E. L. Dye, member of the firm of Dye, Ford & Rogers, his company has purchased the Wichita Falls opera house, making their third show in that city. The company recently purchased the Majestic at Wichita Falls and are using it for pictures and vaudeville. Hereafter the vaudeville will be shown at the opera house and the pictures exclusively at the Majestic. The Olympic, which is about completed, is said to be one of the finest and best equipped show houses in the state.

The firm of Dye, Ford & Rogers now has two shows at Plainview, two at Amarillo and three at Wichita Falls. They are also contemplating building another fine theatre at Amarillo to replace their Olympic which was burned last winter.—Plainview Herald.

GRASSHOPPERS EAT CROPS IN HALL AND CHILDRESS

Austin, June 2.—Crops in Hall and Childress Counties are being attacked by swarms of grasshoppers, according to reports received at the State Department of Agriculture from Estelline. Much damage to corn and cotton is reported, the insects eating the plants as fast as they come up.

B. Y. P. U. PROGRAM

FOR JUNE 20, 1920

Subject—Prayer and Thanksgiving.
Leader—Miss Annie Nichols.
Scripture Lesson; Psalms 103; Miss Ardrena Jones.

Introduction by Leader.
The Duty of Prayer and Thanksgiving—Miss Ruth Haygood.

Prayer and Thanksgiving should go together—Miss Louise Wright.

Thanksgiving is acceptable prayer—Mrs. Hicks.

Why is thanksgiving neglected—Mr. Caudle.

The first American thanksgiving—Mrs. Darden.

WILL HAVE A REAL LONG HORN AT LAS VEGAS

Las Vegas, New Mexico, June 11.—Walt Naylor, a prominent cattleman, knows where there is a steer with horns eight feet long. Each horn has one complete turn in it. Several trombone factories are said to be negotiating for the ivories. If somebody does not shoot the steer for an Elk before July 4th, Naylor expects to have him at the Cowboys Reunion here. The appearance of such an animal in this vicinity a year after the first of last July is regarded as remarkable. Previous to that time it was not unusual for peculiar looking beasts to be seen occasionally.

MARKS MAKING ADDRESSES TO FARMERS OF COUNTY

T. G. Marks, representative of State Agricultural Department, lowering his address at the court in Floydada Saturday afternoon to Cone where he addressed a gathering of people on Saturday. Tuesday night he talked in view in this county, West at Fairview and tonight at Center, according to an ad made.

HOVE BACK ON "EARTH"

The Plains folks are glad to know that A. M. Hove, for years publisher of the Santa Fe in this part of the Southwest, has been reinstated and is back on the job with headquarters in Amarillo.

During Uncle Sam's regime, railroads were not allowed such liberties as publicity men and the Santa Fe's publication, "The Earth" was suspended. Now that its publication has been resumed, Mr. Hove's familiarity with the Southwest and conscientious and painstaking work the past, make him the man, par excellence, for the position.

Woody Drug Company

J. M. Findley and Mac Allison, of Gasoline, were in Floydada this week working for the promotion of the Crayola Oil Company, which is drilling near Turkey.

Judge Brown, of Brady, was a visitor in Floydada the latter part of last week.

Mr. and Mrs. J. A. Burrus and little daughter, who live on a ranch west of Lubbock, have been visiting here the past several days, guests of the E. C. Nelson and C. Surginer families and other friends.

Judson Wyman is home from Baylor College at Wato to spend the summer. He was accompanied on his return by Robert Puryear, who will visit here before going on to the Puryear home at Bentonville, Ark.

Miss Cleo Andrews returned home Tuesday from Pueblo, Colorado, where she had been spending a two-weeks vacation with Mrs. E. B. Bloodworth.

Mrs. J. M. Jackson returned Monday from Childress where she had been for a month visiting relatives.

Mr. and Mrs. Paul Barrier arrived Sunday from Denver, Colorado Springs and other points in Colorado where they had been on a short honeymoon trip following their marriage at Roaring Springs.

Mrs. E. B. Thompson is visiting a son in Yuma, Arizona, this month. She will go from there with her son for a tour of California, expecting to return home during the earlier part of July.

Dr. M. F. Husky and three sons, Ocie, Dallas and R. V., and Wallace Sparks returned Saturday night from the McNeil Ranch in the edge of Dickens and Crosby counties where they spent last week.

HOUSING A SERIOUS MATTER IN FLOYDADA

Housing for the people who want to remain in Floydada to live and for those who want to move here to make their homes is a really serious matter. Reports and complaints come from practically every quarter, asking for a place to live, a home to buy, or rooms. Several instances have been brought to mind the past few days where people who could afford to rent good homes were compelled to live in shacks,—people, who because their occupation makes their residence always possibly just temporary, can afford to pay a reasonable price for the use of a good dwelling.

Then, there are those who want to make Floydada their permanent home, who are unable to build without credit a good home, but who are excellent moral risks, are potential influential and worthy citizens. These people are having to go elsewhere against their will. Instances of this kind are happening every week. So many opportunities are presented here for making money, for accumulating wealth, for school and church advantages that the town is really an attractive one for live, energetic people.

That the situation is one which should be cured goes without saying; that it can be cured to a large extent is also true. And that the people who already live in Floydada, who are able to handle such a financial undertaking are the people to undertake the remedy is certainly true, too.

In Plainview, a monster home building program will be started soon. That little city will build 50 or 100 new homes, through a syndicate recently formed by well-to-do citizens. If Plainview should carry through its intended plan Plainview will get the people that would live in Floydada had they an opportunity.

Recently a Ralls report stated that a certain skilled workman was moving to Floydada because he could not find the housing accommodations at Ralls that he needed. We do not know how this man found what he needed in Floydada. Suffice that he did. One more good citizen. And this family might be multiplied by a hundred in the next six months by methods which are not radical, wild-eyed nor out of the reach of Floydada town builders, but are altogether business like and practical.

Floydada with three thousand citizens might as well be Floydada with four thousand, with the consequently increased property valuations, increased paved street frontage, increased prestige in the business world and increased value as a trading point, within a year from today.

J. G. Fort and daughters and Mr. and Mrs. Jeff Simpson visited at the home of Mr. and Mrs. G. R. Fort near Floydada last Sunday. Mrs. G. R. Fort and little daughter returned with them to visit relatives here.—Silverton Star.

Miss Blanch Gray who has been visiting at Bloomburg the past two months with her sister, returned home last Friday. Mrs. A. L. Knowles, her sister, returned here to spend several weeks on a visit with her parents, Mr. and Mrs. W. T. Gray.

LAST MEMBER OF LEE'S STAFF DIES

New York, June 14.—The Rev. W. W. Page, last living member of the staff of General Robert E. Lee of the Confederate army, and rector of St. Paul's Church, Cornwall, N. Y., died in a hospital here last night, it was learned today. He was 80 years old and was at one time religious editor of the New York Herald.

NO MORE SMALL POX

No new cases of small pox have been reported to County Health Officer Dr. V. Andrews, following the two cases which broke out in extreme east and west parts of the county ten days or two weeks ago.

Dr. Andrews is of the belief that no new cases will develop though the possibility of new cases is not yet past.

Pull Together for an American Merchant Marine

The war resulted in the creation of a great merchant marine—10,000,000 tons of American ships which cost us \$3,000,000,000.

Everybody agrees that we must keep this fleet on the seas.

If we fall back to pre-war conditions—when only 9 per cent of our foreign trade was carried in American ships—

We shall be in the position of a department store whose goods are delivered in its competitor's wagons.

Congress is considering legislation which will perpetuate our war-built merchant marine.

Until this is done the ships we have should not be sold to face conditions which, prior to the war, resulted in the decline of our merchant marine to insignificance.

This Committee calls attention to these facts because a right solution of our shipping problem is vital to the future prosperity of shipbuilding, but equally vital to the safety and prosperity of the nation.

Send for free copy of "For an American Merchant Marine."

Committee of American Shipbuilders

HAS NO EQUAL IN PRICE

BEGINNING with the substantial construction of the frame work of the cabinet of the best five-ply mahogany veneer obtainable, through its many different operations of rubbing and polishing to give it its beautiful, velvety, soft finish, the Westrola cabinet reflects the grace of its beautiful lines.

Its graduated tone arm; the all wood, molded, amplifying chamber creates that wonderful "Natural-Tone" in which the "human thrill" is so apparent that you believe the artist in the flesh is actually there.

And the throbbing heart—the life of the instrument—the large powerful, double spring, fibre inlaid, noiseless motor; as solid and substantial and as smooth running as human hands can make it—reflects the service you can expect from your Westrola.

AJAX CORD

THOSE indented grip spots, in the center of each cleat, are safeguards against side-slipping. In forward or backward motion the cleats take hold, like the cleats on an athlete's shoes.

Thus the Ajax Cord is thoroughly dependable. Study the cleated tread. You can see why it holds.

DAY & NIGHT GARAGE

Reductions on all Lines of Goods Throughout the Store During Our Big June Clearance Sale---W. H. SEALE

LOW EGG PRICES AND POSSIBLE REMEDIES

The extremely low price prevailing for eggs throughout the country is due to two conditions, namely: (1) the fact that practically all hens are now laying and (2) that the majority of eggs produced are fertile, and therefore have very poor keeping qualities in hot weather. The only real relief that can be brought to bear on the deplorable situation, which confronts us at this same time every year to a greater or less degree, is to raise better laying hens, and to produce nothing but fertile eggs for sale. The reason that a better laying hen or flock of hens will give relief is that a high producer lays a relatively greater proportion of her year's eggs in the fall and winter months when eggs are high, and lays relatively less when eggs are cheap. The sorriest hens are now laying all over the United States and that means an oversupply of eggs and a low price. Combine with that fact the additional fact that a great majority of people allow their roosters to run with the flock, thereby resulting in fertile eggs which will scarcely keep two weeks, and you have ample reason for the low prices prevailing for eggs.

If farmers and others could realize that they lose in the aggregate over \$15,000,000 yearly because they allow the eggs to become fertile fertile eggs during the summer months would be comparatively few and eggs would bring a better price. County Poultry Association is for eggs if enough people would produce infertile eggs and sell them guaranteed fresh to assume some proportions. The newly formed Floyd County Poultry Association is working on that proposition right now—trying to get enough people to sell eggs guaranteed fresh and infertile to attract poultry dealers to pay a little higher price for same. For further information see or write Mrs. J. L. West of Floydada, who has charge of this work.

To get to the real point of this article, many persons would like to preserve a quantity of eggs which are now "cheap as dirt" for use a few months later when they will be worth several times as much. This can easily be done, and for the benefit of those interested the following is given:

3 gallons water, 10 pounds common salt, 1-2 bushel slacked lime.

Mix thoroughly and allow solution to stand two or three days. Then remove the clear top liquid into a tub or other suitable receptacle and place the eggs therein. If desirable the eggs may be put in the tub first. Have about 2 inches of liquid above the eggs.

Before boiling such eggs when used later on, puncture the shell with a needle otherwise the egg is apt to crack as soon as placed in hot water, owing to the pores being closed.

Another good way of preserving eggs is to pack them in dry salt or bran. They will keep several months in this way.

The most common way in use is pickling in waterglass, but since this is very high priced now it is of doubtful value.

NEWS OF THE LEGISLATURE

Austin, June 14.—In the upper branch of the legislature was passed finally late today a senate bill carrying an emergency appropriation of \$5,000,000 for the public schools for the next fiscal year.

This is \$1,000,000 in excess of the amount carried in a similar bill passed by the lower house last week. An adjustment of the difference will likely be determined by a free conference committee.

Pink Boll worm legislation was finally referred late today to a free conference committee of five representatives and five senators, the two branches having failed to reach an agreement on a bill.

An increase of approximately fifty per cent in salaries of county school superintendents is provided in a house bill passed to engross in the house.

Mr. and Mrs. C. M. Wilson left Wednesday morning by the northern route for Los Angeles, Calif., where they will spend the next six weeks. Following a short tour of Colorado they will visit with Mrs. Wilson's mother, Mrs. J. C. Finger in the first mentioned state.

Edgar Jones and family and W. Ed Brown and family left Monday for the Wil's river country where they will spend some two weeks on an outing.

Mr. and Mrs. Marvin ... Center, June 12th, a son.

Thompson left Tuesday morning for Dallas where he will spend some time on a visit at his home. He is expected to return in a week or ten days.

We can save you money on your header and bundle forks. Kirk and Sons. 15-1tc

TRACTOR TEARS UP ROAD

A giant tractor had it's panting throat throttled the first of the week by a court injunction in the midst of demolishing about \$10,000 worth of highway between Clovis and Portales.

The court injunction accrued thru the indignation of the citizenship of both cities. A big steam machine with giant lugs on them, had traversed the Portales highway for a distance of many miles before information of the destruction the machine was doing to the road. When the outfit started back to Portales trailing a house in its wake, wrath boiled over and the injunction restraining further damage to the road, was served on the owner. The machine was halted by court order and will not be permitted to follow the highway any further, it is understood.

"There is no way of estimating the damage done to the road," stated a highway man today. "It took thousands of dollars to surface that road, and the tractor has broken through the surface to the sand beneath." It is possible the state will take some action against the guilty party.—Portales (N. M.) News.

RALLS NEWS

From The Banner:
It is with sorry that the Banner chronicles the death of Teddy, 3 year old son of Lawyer and Mrs. L. A. Wicks, which sad event occurred at the sanitarium in Lubbock Wednesday, where the little fellow had been taken for treatment. The remains were brought to Ralls and interred in the cemetery here Thursday afternoon.

G. A. Osmand and family are this week moving to Floydada. Mr. Osmand is leaving Ralls only because he is unable to secure a house to live in. He will operate D. B. Gordon's harvesting and threshing machinery in that section this year.

Messrs. Bryant and Link, of the firm of Bryant-Link Co., were in Ralls Friday of last week looking over the field with a view to establishing a large mercantile business here. As is generally known, this firm owns a chain of stores in West Texas, and is among the most enterprising business firms in this section of the state.

Ernest Cleveland happened to the misfortune of getting badly burned at Con Parrish's place, this week, when an oil stove exploded and set the house on fire. In his efforts to extinguish the flames Ernest was badly burned about the hands and face, but the house was saved.

It has long been rumored, and much has been penned about the \$50,000 hotel that was to be built in Ralls, and up to this time it has seemed but a myth, but last week we had the pleasure of seeing the plans that had only recently been drawn up for this magnificent structure, and with these plans were also the plans for a complete block of modern brick business houses on the east side of the square, nine in number, and we have been reliably informed that work will commence on these structures as soon as material and labor can be obtained.

LADY VICTORY LAYS LAVISHLY

Poultry specialists of the United States' Department of Agriculture practice as well as preach. Their recommendations to poultrymen are based on actual experience. At the department's experiment farm at Beltsville, Md., is a flock of more than 6,000 birds whose thriving condition and good egg production is evidence of the practicability of the specialists' poultry doctrine. In this immense flock there is one hen—Lady Victory they call her, though officially she is No. 408—who has been exhibited at many poultry shows and has taken many prizes. This is the enviable laying record which she has made: In her pullet year she laid 214 eggs, and in the first five years laid a total of 779 eggs. Lady Victory is now in her sixth year, hale and hearty, and still laying eggs at a good fast clip.

WE WANT YOUR LAND ON OUR SALES LIST

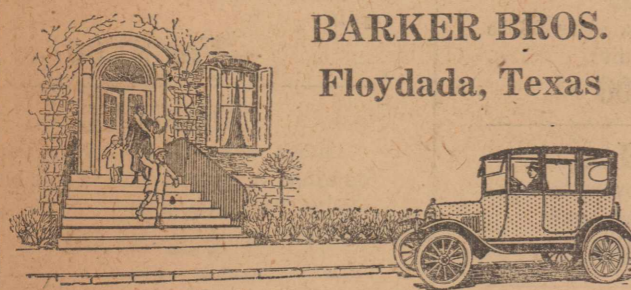

We have several prospective buyers and can sell it for you if the price is right. Please come to our office and give us a listing on what you have for sale including a complete record of all improvements, special features, etc., which is very essential as it enables us to push the sale of your property to better advantage.

We handle Vendor's Lien notes and make loans on farms and ranches, with a minimum of delay and "red tape" insuring prompt returns following completion of title.

Gamble Land & Cattle Company
FLOYDADA, TEXAS
Telephone 76, Barrow Building

The Ford Sedan, with electric self-starting and lighting system and demountable rims with 3 1/2-inch tires front and rear, for every day in the year has no equal as a family car. Just as popular on the farm as it is in the city. In fact, it fits the family demands in every vocation of life. Large, roomy seats, finely upholstered, plate glass windows make it an open car in pleasant weather, while in rainy and inclement weather it becomes a closed car, dust-proof and rain-proof. It is not only comfortable, but really cozy, and above all, economical in operation and maintenance, and has all the Ford merits of strength and durability.

There's a Special Ingersoll for Each of These Folks

DID YOU ever "get fitted" to a watch? We mean, did you ever figure out exactly your watch needs and then see if you were properly equipped?

There are a dozen or more different Ingersolls—varying in price, varying in purpose—small watches, jeweled watches, radium dial watches for night use, and so on. For instance, if you have an expensive watch, you probably would choose a Radiolite for \$3.50. If you haven't a good serviceable watch, you'd be likely to buy a 7-jewel Reliance. The dealer will help you to select just the one for you.

"Ingersoll" has always meant the lowest-priced good timekeeper. Today, with present day costs and the 1920 purchasing value of a dollar, \$2.50 is the lowest price at which we can make a watch while keeping up the Ingersoll standard of quality. "Ingersoll" means "money's worth" whether it's for the \$2.50 Yankee or one of the Radiolites that tell time in the dark, or for one of the jeweled watches.

FLOYDADA BOYS TAKE SECOND GAME FROM MATADOR BOYS

The Floydada Baseball Team added another won game to their string Friday afternoon when they took a very interesting game from Matador on the home grounds by a score of 8 to 5.

In the first few innings the local boys had the thing all their own way, but in the third the visitors began a hitting rally and but for poor base running and failure in the last two innings to hit with men on would have nosed out in the lead. Patton in the box for the visitors after the third inning was able to keep hits well scattered throughout the game, allowing only three in six innings pitched.

The line up and summary:

FLOYDADA	
Smith c f	5 1 3 1 1 0
Curry p	4 1 1 0 5 0
Dickey 1 b	4 0 2 7 1 1
Hall c	4 0 0 10 3 0
Andrews s s	4 1 2 1 1 0
Snodgrass 3 b	4 1 1 4 2 0
I. Bishop 2 b	4 2 3 2 1 4
Salisbury 1 f	4 0 1 1 0 0

Floydada	0 5 3 0 0 0 0 0—8
Matador	0 1 0 2 0 1 1 0—5

Summary: 2 base hits; Smith, Hindmon. 3 base hits; Dickey, I. Bishop, 2; Stearns. Struck out; by Curry 8, by Patton 3. Bases on balls; off Curry 1. Hit batters; By Curry 2. Hits off Watson 7 in 2 innings. Left on bases Floydada 4, Matador 7. Time of game 1 hour 45 minutes.

FAIRVIEW NEWS

(Delayed) The convention Sunday was a success. Dinner was served to a large crowd and everyone seemed to enjoy the good singing.

G. M. Bullard has gone to Kansas City to be with his wife who is taking treatment there.

Fairview and Roseland matched a ball game on the Roseland grounds Saturday. The Fairview team won.

Misses Alta Mae and Gracie Irwin came home Saturday from Canyon, where they have been attending the normal. Miss Gracie returns this week to the summer school.

John and Sallie Austin came home from Plainview Saturday.

Mr. and Mrs. Reid attended the home-coming at Canyon the latter part of the week.

Mr. Pat Nix and family and George Crawford and family visited the Nix home Saturday night and Sunday.

Some of the Fairview young people attended the cream supper in the Campbell Community Friday night.

We are glad to report that Mrs. Hoffman is again able to be at home.

A large crowd went to the Bullard home Sunday after the convention and then went to Campbell to church that night.

Mr. and Mrs. Landrum visited in the Bullard home Sunday.

Miss Sophia Austin spent Sunday night with the Irwin girls.

Mr. and Mrs. S. E. Williams, of Canyon, were here the latter part of last week visiting their son, W. C. Williams and family and other relatives.

Jim Bagwell, of Dimmitt, was here Friday and Saturday visiting his parents, Mr. and Mrs. J. A. Bagwell.

GRAHAM-DUCK

On Saturday, June 5th, Joe Millard Graham and Miss Lois Duck were married in Norman, Oklahoma.

Mr. Graham is the son of Mr. and Mrs. T. J. Graham, formerly of Carr's Chapel, but now of Norman, Oklahoma, and Miss Lois is the daughter of Mr. and Mrs. J. F. Duck, who formerly lived north of Floydada, but now reside at Brice, Texas.

The young couple were residents of Floyd County for several years and have friends who wish them much happiness and prosperity.

Mr. and Mrs. Graham will make their home in Norman, where Mr. Graham is employed with a milling and grain company.

CHANGE IN TIME FOR PANHANDLE IS DENIED

Washington, June 2.—Petitions asking that the Texas Panhandle be removed from the central mountain time zone and placed in the standard central time zone were dismissed today, by the Interstate Commerce Commission.

Mrs. J. W. Weathers and daughter, Miss Ina, of Fort Worth, are here on a visit with the family of F. M. Light. Mrs. Weathers is Mrs. Light's mother. They will spend sometime here.

BROWN BROS

J. J. Gordon, of Amarillo, is here this mid week on business. Mr. Gordon is building storage for the wheat crop on his farm.
Mr. and Mrs. R. R. Rankin, of Temple, Oklahoma, are visiting here this week, the guests of Mr. and Mrs. G. C. Tubbs, having arrived Friday. Mesdames Tubbs and Rankin are sisters.

MARRIAGES

Rev. J. S. Huckabee, pastor of the Methodist church, officiated at three weddings Saturday and Sunday, one of which was a double wedding.
On Saturday afternoon at three o'clock William Emmett Brooks and Miss Leona Delpha Riddell, of Silverton were united in marriage at the parsonage.
At three-thirty the same afternoon Mr. Russell Schudell and Miss Lorene Askey were married at the parsonage. Miss Askey is a niece of Mrs. Chas. Durham of this city.
Sunday afternoon the double wedding was performed in the reception room of the parsonage, R. T. Jennings and Miss Heba Parker, and O. N. Jennings and Miss Ruby Davis being the contracting parties. The Jennings men are cousins and the couples reside in Crosby county.

SCOTT-KARNES

Mr. Olin B. Scott, manager of the Olympic Theatre, of this city, and Miss Henri Karnes, of Belton, were united in marriage at the latter place on Saturday morning, June 12th, at ten o'clock.
Following some ten days spent in Dallas Mr. and Mrs. Scott came to Floydada, arriving here on Tuesday, and will make their home here.
The groom is a widely known and live young business man of Floydada. He has been associated with J. H. Donaldson in the picture show business in Floydada since 1916, but spent some two years in France with the A. E. F.
The bride is a beautiful and accomplished young lady and the couple have a host of well-wishers here among the friends of the groom.

S. B. A. ORGANIZATION TO BE COMPLETED FRIDAY NIGHT

The organization of the local council of the Security Benefit Association will be completed here tomorrow night, officials announce, following the return Tuesday of W. T. Dykeman and Mrs. Fontella D. Lindsay, District Deputies, from the Grand council Meeting held at St. Louis.
The organization charter has been received and the ceremonial of inauguration of the council will be held at the Odd Fellows' Hall.
A large roster of names is included in the charter membership of the new fraternity.

MANY ANSWERS TO ADVERTISEMENTS FOR HELP

County Agent W. H. Darrow is answering approximately 100 letters daily now from persons all over Central, East, South Texas, Oklahoma and Louisiana, who have seen advertising in newspapers or circulars for help in Floyd County during the harvest.

A form letter in which all details of local conditions are gone over, is being forwarded each inquirer by Mr. Darrow. In this letter he discusses not only the harvest situation but also calls attention to the fact that work is very likely to be plentiful in this section throughout the remainder of the year.

PUT HIMSELF IN NOMINATION FEBRUARY 22, 1877

Marion, Ohio, June 14.—Warren G. Harding, the man who was selected as the Republican standard bearer in the coming presidential campaign, first announced his candidacy at the age of 12 years, according to his father, Dr. George L. Harding.

"It was on Washington's Birthday, in 1877," mused Dr. Harding. "The church bells were ringing, and as Warren and some of his playmates stopped to listen, he remarked: 'I'm going to grow up and be a great man, and be President.'"

Dressed in the long-tailed greenish black coat, typical of the country physician, Dr. Harding related the boyhood life of the man who is to be the Republican entry in the presidential race next Fall.

Dr. Harding was 76 years old on the day his son was nominated, and Senator Harding will be 55 years old on Nov. 2, 1920.

When asked whether he would go to Washington in the event of his son's election to the presidency, Dr. Harding replied:

"No, I shall continue to live here. One of us at the White House will be enough."

The 11-year-old daughter of Mr. and Mrs. J. L. King was operated on at the Childers Sanitarium for appendicitis Sunday. She is convalescing satisfactorily.

R. W. Jones, editor of the Silverton Star, was a business visitor in Floydada the first of last week.

Big Bargains At SEAL'S June Clearance Sale

Miss Foy Cannaday returned last week from Baylor Female College at Belton, following the completion of her second year there in school.

E. C. Nelson, Jr., who has been attending the University of Texas Law School, returned home Monday afternoon.

THE WAY WITH WOMEN

"What was coming off at your place last night, Gap?" asked an acquaintance. "As I rid past, along in the shank of the evening, I heered a right lively horraw going on in the house, and then the front dor booled open and out you poured along with a mess of kids and varmints, something like the water used to pour down at What-d'ye-call it, in the Third Reader."

"Aw, I'll tell you," returned Gap Johnson, of Rumpus Ridge, Ark. "Me and wife was setting there, all calm and contented, when she happened to mention that she'd seed in the paper where it said good-looking women were fetching \$1.30 apiece in Turkey. I says 'Well, I reckon a womans worth \$1.30 of any man's money,' say I. 'That is if she's right good looking.' And she roched something off'n the stove—a skillet, I reckon it was—and smacked me on the head with it and as I was staggering about, trying to find whur I was at and sorter tromping on such of the dogs and children as were scattered around, she grabbed up a steupan of hot water, and let me have it, that is, what of it didn't scatter and splash on the dogs and young 'uns, and we all ejaulated out of there as agile as possible. Of course, later I had to settle it the best I could; I owned up that a woman didn't have to be so thundering good looking to be worth \$1.30. You know how wives is that-a-way; you've got to give in to 'em and admit they're right, whether they are or not."—Tom P. Morgan in Judge.

L. A. Marshall and family, J. A. Huckabay and wife and daughter, and Audrey Cash, are away from home on a tour westward by auto, their objective being Los Angeles and other points in California. They left several days ago, and expect to be gone 30 to 60 days.

- For Commissioner Precinct No. 4: G. L. FAWVER. O. F. BATTEY. EARL RAINER.

NOTICE OF SALE

Whereas, the undersigned, a mechanic has, for the past seventy days, retained possession of certain personal property belonging to Geo. P. Calloway of Floyd County, Texas, described as follows: 1 1915 Model Ford racer type car as he was empowered to do under the law, to secure his charges amounting to \$205.25 dollars, due for more than seventy days past, as per contract between the said Geo. P. Calloway and the undersigned W. F. Hutchison and whereas, the said Geo. P. Calloway though duly notified, as required by law on the 4th day of April, 1920, to come forward and pay such charges, has failed and refused to do so: Therefore notice is hereby given that after the expiration of twenty days from this date, to wit, on the 6th day of July A. D. 1920 being the first Tuesday in said month of July between the hours of ten o'clock A. M. and four o'clock p. m., at Floydada Floyd County, Texas, the place which, owing to the nature of the said property, is most convenient to exhibit same to purchasers at such sale, I shall sell said property at public sale, following the manner of sale under execution, and apply the proceeds to the payment of such charges; any balance to be turned over to the person entitled to the same.

Witness my hand this 7th day of June A. D. 1920.

W. L. Hutchison.

361,436 AUTOMOBILE LICENSES ARE ISSUED

Austin, June 12.—Registrations of new automobiles with the State Highway Department for the week ending June 9, was 2,554, making the total for the State for 1920 361,436.

Thirty new dealers licenses were issued, forty motorcycles registered, 1,902 transfers of motor vehicles recorded, 244 chauffeurs licenses and 168 duplicate seals issued.

Carbon Paper and ribbons at The Hesperian Office.

GRASSHOPPER POISON BAIT

Following the announcement of destructive work by grasshoppers in Cottle county come many reports of the presence of and damage by grasshoppers in Floyd County. These reports have been coming from the east and central portions of the county and the affected crops are wheat, oats, cotton and forage crops such as alfalfa and sudan. The damage to wheat and oats has been confined in the main to destruction of the blades only, though a few have testified to much injury to the head. The most seriously affected crop, however, is cotton, several men at least having lost a considerable acreage.

The County Agent is of the opinion that these losses will not continue indefinitely, though they are very apt to be serious enough to destroy many acres of cotton unless prompt measures are taken to combat them. In the grasshopper plagues that have confronted Kansas, Colorado and other states in recent years hundreds of remedies have been tried out and discussed until but one remains. That is the use of poison bait according to what is known as the Kansas formula worked out by the A. & M. College of that state. By the use of that bait the grasshopper menace has been reduced to where it is within the power of the farmer to control it. To get results, however, it has been found necessary that a general war be waged against the insect by all farmers affected, and the same will doubtless be true here.

Following is the Kansas poison bait which has proved so effective. 50 pounds bran, 3 pounds Paris Green or White Arsenic or London Purple, 1 gallon molasses, (cheap grade or spoiled just as good,) 10 lemons, 5 gallons water.

Mix the poison and bran dry. Then mix the water and molasses separately and add to it the juice of the lemons, and then the peel cut up fine. Mix all the ingredients together, taking care to avoid any lumps. Scatter (broadcasting it by hand) very thinly and it will cover 6 acres. Apply where the grasshoppers are thickest and spread a little in advance of the line of the marauders. If it is applied carefully according to these directions there is no danger of poisoning stock on the same land. Investigators in New Mexico declare there is no danger to poultry either if proper precautions are taken.

For the benefit of those who are experiencing trouble with hoppers in their cotton it may be stated that several reports that have come to the attention of the County Agent show that the use of this bait has effectually stopped the work of grasshoppers in the cotton patch. One important point in this is to remember that an early start counts for much. Don't wait until your crop is half gone but act at once. In looking for dead grasshoppers remember that the greatest part of them will crawl under weeds and rubbish to die and not many will be seen in the open.

Any person desiring additional information on the subject, or in need of special assistance, will find the County Agent ready to go.

Irvin Bishop, B. K. Barker, D. E. Pitts, and J. H. Donaldson left Sunday for an overland trip to the Pike's Peak region of Colorado and a tour of northeastern New Mexico, planning to be away from home some two weeks.

Mr. and Mrs. Henry Allmon left Saturday of last week for Fresno, Calif., to make their home. Mr. Allmon has an uncle, Emmett Allmon, already living there.

Do You Know?

That every time you prepare to take a trip in your car you put it before an experienced auto man to go over and put in shape to stand the wear that it is called upon to give. You are very careful to see that it is cleaned and given fresh oil.

NOW? Do you think as much of the machine you possess that tells you the time of day, that tells you when it is time to retire and arise, the time-measuring machine you call your WATCH?

Your watch is one of the smallest and most complicated machines in the world. Don't you think that it should be cleaned and oiled the same as your car? A watch cannot be expected to perform the task set before it if it is not cleaned and re-oiled at least once a year.

Bring your watch to me and let me pass judgment on it. It will not cost you a thing to find out, and if it is in a dirty or broken condition you will find that my prices are very reasonable.

E. L. BELT

Watch Maker and Jeweler

WITH FLOYDADA DRUG CO. FLOYDADA, TEXAS

—In view of the ever increasing cost of fuel, labor and repairs it is necessary to raise the light rates at Floydada to the following, beginning July 1st.

Residence Rate:

ERRATA

Bonham News: The Dallas News is one of the most accurate publications in this country and it is quite noticeable when an error creeps into its pages, but Saturday's paper carried a special announcement on the first page that the News would have a good corps of staff correspondents in "San Francisco to cover the Republican Convention." The News, like the rest of us, gets its wires crossed sometimes.

The News does make errors, in the written and printed word. Sometimes the editors make them, sometimes the printers make them, sometimes both make them. All daily newspapers which go to press by time schedule, in which a minute is something to be husbanded and capitalized, make mistakes. The surprise is not that some errors get through but that more errors do not get through. Even in the leisurely monthlies or weeklies, some of which go to press sixty to ninety days in advance of the publication date, errors creep in and get by. But who among us is not guilty of mistakes? The farmer sometimes damages his crops by plowing too deep or too shallow; the merchant sometimes makes mistakes by delivering merchandise to the wrong address, or by charging to the account of State Press a bill of goods bought by Buck Jones. The dentist sometimes pulls the wrong tooth or the wrong leg, and the doctors of medicine and doctors of divinity sometimes err in their prescriptions. But it is the newspaper's bad luck to stand convicted in black and white of every error it commits. It can not plead not guilty, because the guilt is so obvious that he who runs may rubber at it.—State Press in Dallas News.

JACK DEMPSEY ACQUITTED

San Francisco, June 15.—William Harrison (Jack) Dempsey, world's champion, was found not guilty on a selective draft evasion indictment by a jury in the United States District Court here today.

George Seale and wife, of Frederick, Oklahoma, have been here since Sunday visiting Mr. Seale's brother, W. H. Seale and family. They will leave the latter part of the week for Northwestern Arkansas to visit in that section.

NORMAL STUDENTS WILL CONTEST FOR HEALTH ESSAY PRIZES

Austin, Texas, June 15.—A health essay contest will be held in the six state normal colleges during the summer-sessions of those institutions, under the direction of the Texas Public Health Association, that organization announces. The prize competition will be established in the normals at Commerce, Denton, Alpine, Canyon, San Marcos and Huntsville.

Two prizes will be awarded in each of the normal colleges—a first award \$15 and a second prize of \$10—by local judges, while a state prize of \$25 will be given for the best essay submitted from the six schools. A state committee of judges will award the state prize.

The subject of the essay is to be: "The Modern Health Crusade—A Factor In Health"; and the contest is being held to interest the teachers in health instruction in their schools, especially in the Modern Health Crusade, directed in the Lone Star State by the Texas Public Health Association, in which movement over 419,000 Texas children participated in 1919.

Miss Katherine Gray, Assistant Superintendent of the State Department of Education, chairman of the state award committee in the H. A. Wroe Health Essay Contest, endorsed this method of stimulating health work in the schools, and recommended the summer session contest.

SCIONS OF GERMANY'S ROYAL FAMILY ARE AT WORK

London, June 15.—Scions of royal houses in Germany are having rough sledding. Four of the ex-Kaiser's young nephews have just gone to work. They are sons of Princess Margaret of Prussia, the ex-Kaiser's youngest sister.

One has become a farm laborer to learn agriculture from the ground up. He works from 5 o'clock in the morning until 8 o'clock at night. Another is working in a steel mill and studying engineering at night. The third has apprenticed himself to a firm of architects, and the fourth is a clerk in the demobilization department.

The Hesperian is authorized to announce the name of J. T. Howard for Constable of Precinct No. 1, subject to the Democratic Primaries.

50-GALLON STILL IS FOUND IN DALLAS SUBURB

At 2 a. m. yesterday, on a secluded lane in the outer western fringe of Oak Cliff, deputies of the Sheriff's department happened upon, by mere chance, the largest still that has ever been discovered by the authorities in Dallas County. The still is estimated to have a capacity to produce fifty gallons of 'white lightning' was found by the officers, it being reported later that an automobile load of liquor had earlier in the night been taken to a near by town.

Deputies Allen Seale, Pat Richards and H. A. Hood had gone, shortly after midnight, to a cottage on a lane connecting the Duncanville road and the Fort Worth pike, in quest of some stolen property. While two of the deputies searched the house one of them went out to explore a dilapidated old barn in the back lot. There a complete still, a small amount of corn whiskey, about 150 gallons of mash and a large quantity of meal and other materials were found. Two men were arrested and brought to the county jail.—Dallas News.

It pays to advertise in the Hesperian

WEATHER MAN NEARLY LOSES GAME FOR LOCALS

The weather man almost played a decisive part in a third game of the season between Matador and Floydada yesterday afternoon on the local grounds, when at the end of the fifth inning, with the score 4 to 3 in favor of Matador an overhanging cloud that rained everywhere but at Floydada, began threatening rain with great dust clouds kicked up on the diamond. The game was called temporarily and was finished at sundown.

The locals won their game in the last half of the ninth, when Curry got on first with a clean hit, stole second and third, and loped home on a wild pitch, untying the score and winning 6 to 5. Curry starred repeatedly in fielding and batting, besides pitching his usual consistent ball game. Two plays of stellar magnitude were also pulled in left field, the first coming in the fourth when Salisbury for Floydada made long run and speared a three-base hit into some automobiles which had overrun the lines. The second came in the sixth when Hindman for Matador made a sensational run and barehanded catch of a line

drive just over third, when two men were on, one down and a batting rally in the offing.

Umpire Davis, from Matador, was booed considerably by local fans on his calls of strikes and balls, as well as bases. From the sidelines his decisions looked bad. At the end of the fifth fans' overran the playing lines and a five-minute squabble marred the game.

The line up and score:

FLOYDADA	
Smith, cf	4 0 0 1 1 0
Curry, p	4 2 1 1 4 0
S. Bishop, ss	3 1 0 0 2 0
Hall, 1b	3 0 2 8 1 1
Andrews, 2b	3 0 1 1 0 0
Dickey, c	1 0 0 5 0 0
Brown, c	3 0 1 6 1 0
Snodgrass, 3b	3 1 0 2 2 2
A. Bishop, rf	4 1 2 0 0 0
Salisbury, lf	3 1 0 3 0 0

31 6 7 27 11 3

MATADOR

Lorance, ss	4 1 1 2 1 1
R. Henderson, c	3 1 1 8 2 0
A. Henderson, 1b	5 2 1 10 0 1
Hindman, lf	4 1 1 1 1 0
Watson, 3b	4 0 1 0 0 0
Tilson, cf	4 0 0 0 0 1
Stearns, 2b	3 0 0 3 2 0
Whitworth, rf	4 0 1 0 0 1
Faulkner, p	4 0 0 0 5 0

35 5 6 24 11 4

None out in ninth when winning run scored.

Floydada; 0 0 0 0 3 2 0 0 1—6

Matador; 0 0 4 0 0 1 0 0—5

Summary; Stolen bases; Smith, Curry 3, S. Bishop 2, Andrews, R. Henderson 2, A. Henderson. Sacrifice hits; Curry, Andrews. Struck out; by Curry 10; by Faulkner 6. Bases on balls; off Curry, 3; off Faulkner 5. Hit batters; by Curry 2, by Faulkner 1. Left on bases; Floydada 7; Matador 7. Umpires Herberg and Davis.

Faulkner, who pitched for Matador yesterday is the best pitcher the team has hit against this year.

The team here needs pitching reinforcements. Curry is doing very consistent work, but should not be expected to keep it up indefinitely without a rest. He has had no training as pitcher, though he has good control. Apparently, he wins by "mixing them up" and outguessing his opponent at the bat. He struck out ten men out of 35 who faced him.

What the bunch is going to do for a pitcher tomorrow afternoon if Curry does not feel equal to the occasion, when they face the Plainview Elks is problematical.

Tahoka must have a good team this year. The Ralls team which gave Floydada its only real drubbing this year on the diamond, was cleaned up at Tahoka 3 to 0 one day last week.
