

THE FLOYD COUNTY HESPERIAN

VOLUME NUMBER 27

FLOYDADA, FLOYD COUNTY, TEXAS, THURSDAY, OCTOBER 28, 1920

NUMBER 34

SCHOOLS GET \$9,110 AID FROM STATE FUNDS

Schools of Floyd County will get a total of \$9,110 aid from the State Department of Education County Judge J. W. Howard was notified last week, this being a considerable increase over last year's receipts from this source.

Exactly one-half of the schools of the county will share in the apportionment conditionally made. Fifteen of these are common school districts and one independent, Lockney Independent School District having been granted \$800.

The districts, the length of term and the amount of aid given each follows:

District	Term	Amount
Irick No. 1, 7 months		\$700
Fairview No. 5, 7 months		985
Starkey No. 6, 8 months		550
Sand Hill No. 9, 8 months		500
Harmony No. 10, 7 months		500
Lakeview No. 11, 7 months		745
Lone Star No. 14, 9 months		820
Mayview No. 18, 6 months		530
Providence No. 21, 8 months		340
Allmon No. 23, 7 months		500
Liberty No. 24, 7 months		500
Campbell No. 26, 7 months		615
Mt. View No. 31, 7 months		340
Newland No. 32, 6 months		500
Bobbitt No. 25, 7 months		185
Lockney No. B, 9 months		800
TOTAL		\$9,110

"These amounts," writes L. D. Borden, in the letter to Judge Howard, "will be granted finally to such schools, provided they have met the requirements of the Rural Aid Law when the School Supervisor visits them."

"Our corps of supervisors will begin their work in the several counties the coming week. You will be duly notified some five or ten days in advance of their coming so that you may prepare the necessary itinerary over the county."

The notice was dated October 19th.

GRANARY WITH 2,000 BUSHELS OF WHEAT BURSTS

The granary on the farm of W. M. Heard in Carr's Chapel community, burst Tuesday night of last week during an electrical display and spilled about half its contents on the ground, the presumption being that the lightning caused the wrecking of the building.

Mr. Heard and several of his neighbors loaded up the wasting wheat and brought it to market Friday. The wheat tested 61 pounds though threshed after the heavy rains of August and September. More than 1,100 bushels of the 2,000 bushels in the granary was brought to town in wagons pulled by trucks and teams.

Mr. Heard said while in town that it was certainly fine to have neighbors to help you out of a tight when matters came to a "show down". It just happened that it did not rain on the wheat while it was on the ground.

MR. AND MRS. J. M. MASSIE HOME FROM ROCHESTER

Mr. and Mrs. J. M. Massie returned home last Saturday from points in the north where they spent sometime following an operation undergone by Mrs. Massie at the Mayo Bros. institute at Rochester. Her health is much improved, Mr. Massie said upon their return.

SQUASH AND PUMPKINS FINE CROP THIS YEAR

One of the largest crops of pumpkins, squash and cashaws in the history of Floyd County, was raised this year, many farmers having some fine samples of these fall and winter eating varieties of vine products.

F. M. Price, who lives in the northeast suburbs of Floydada, was one of the successful growers of squashes and cashaws. He had about one-fourth of an acre planted to these on which grew some eight or ten wagon loads. One variety, a winter squash, known as the Pike's Peak squash was particularly prolific.

There is no commercial market for the squashes, cashaws or pumpkins but they will afford a delicious part of the home-raised table provender in many homes this winter.

"VIRGINIA GIRLS," MUSICAL SEXTETTE, COMING SOON

"The Virginia Girls," a singing orchestra, will be in Floydada on Monday night, November 8th, it is announced by the Floydada Lyceum Committee, and will be presented as a guaranteed attraction.

The reason that the attraction will be guaranteed is that on last year's program one of the sextets offered was below the usual excellence of programs given here and many expressions of dissatisfaction. The guarantee is given by the booking bureau to the local committee and by them in turn to the lyceum patrons.

The company will present a versatile program of music, including a combination of stringed and wind instruments, as well as vocal numbers. The young ladies opened the Denison, Texas, Y. M. C. A. course, and had an enthusiastic audience.

HESPERIAN WILL GET GENERAL ELECTION RETURNS

The Hesperian will receive by wire returns from the General Election next Tuesday night and Wednesday morning, and will give its readers who desire it the information "hot off the wire." The bulletin service will be a complete one, giving returns from all sections of the country as they are tabulated.

The arrangements include a "loop" to the Hesperian office where an operator will receive the returns and where they will be tabulated and given out. Arrangements are being made to give any information desired by telephone either to long distance points or locally.

COLD SNAPS FAILS TO DEVELOP INTO FREEZE

The "cold snap" of Saturday night and Sunday failed to develop into a freeze, spoiling the prognostications of practically all the old timers as well as that other class who have not been here so long.

Thermometers registered above forty during the entire period and clouds overhanging prevented the frost as well.

Foster or somebody said in a copyrighted forecast that our first frost or freeze this year would come around the 10th or 12th of November.

W. D. Fyffe and family returned this week from Cleburne, Texas, where they visited relatives.

EXTENSION FLOYDADA BRANCH NOT PROBABLE NOW

Prospects of Immediate Building Activities Santa Fe Not Good, President Storey Says

The prospects and probabilities of early building activities in many sections of the country by the Santa Fe and especially of some of its branches in West Texas, particularly the Floydada Branch have been the subject of considerable conversation and conjecture the past 18 months. President W. B. Storey in Fort Worth the latter part of last week said that these projects would have to be foregone for a time at least. "Extensions in West Texas or elsewhere for the present are out of the question," the Fort Worth Star-Telegram quotes him as saying. Continuing he said:

"In West Texas there are extensions which we know ought to be made," Storey said, in elaborating a subject of great interest to Fort Worth, "and we hope to get to them in due time. The same thing is true of Oklahoma."

"The railroads of the country are in bad shape to take care of the business they now have. They are not doing it properly. In fact, they are woefully deficient, and until they are brought up to a standard of efficiency on the basis of their present mileage, extensions are out of the question."

"During the war, growth was stopped, the making of equipment was at a standstill, but the business went on undiminished, so that now our facilities for handling the traffic are woefully inadequate."

"Everything costs double and money rates are too high to admit of the making of any improvements on a large scale, except those imperatively needed. The fact is that we have stopped work on projects in which we have a lot of money invested, because we simply can't go ahead with them."

Asked concerning the prospect for local improvements in Fort Worth, such as a new union depot and additional freight terminal facilities, Storey replied that he was not familiar with local conditions and was leaving those matters up to the judgment of Vice President Pettibone.

When asked what effect recent increases of freight and passenger rates would have upon the prosperity and efficiency of the railroads, the Santa Fe president replied that "without the increase the roads would have gone into bankruptcy. Now they will be able to pay their way. Whether they will be able to borrow money for new facilities, no one can tell yet. So far as the Santa Fe is concerned, I think we can get the money to put its service on an adequate basis. As for extensions, we are hoping for the best. We can't tell."

PLAN BOY SCOUT TROOP AND BOY SCOUT BAND

Bob Harte, Boy Scout worker of considerable experience, who is entering the automobile business in Floydada, is planning the reorganization of a Boy Scout troop here, following the insistence of numerous boys eligible to membership, and a Boy Scouts' Band will be one of the first things to be undertaken if the boys and their parents take kindly to the movement.

Experience of band workers in the past at Floydada and at other points indicate that a men's band is much harder to maintain, especially as regards personnel than a boys' band would be, for many reasons. In the organization of a boys' band among boy scouts it is believed that a worth while organization for the boys and the town can be formed, and the idea has gained the support of all to whom it has been broached.

The first organization meeting will be held on Friday night of this week at the Barker Bros. garage, when all boys who are interested are asked to meet Mr. Harte and go over the plans for the organization and start the ball to rolling.

TWO PAY 1919 POLL TAX UNDER NEW LAW

Only two persons in Floyd County, both of them men, took advantage of the recently passed law extending the time under Texas laws, when poll taxes might be paid in order to vote in this year's general election.

Both of these persons resided at Lockney.

No women paid the tax at all, indicating little or no interest in the election on the part of the female residents of Floyd County.

J. L. Kirk returned the latter part of last week from a short business trip to Dallas.

REV. C. B. MEADOR NEW METHODIST MINISTER

Rev. J. S. Huckabee Transferred to Munday in Stamford District of Conference

Rev. J. S. Huckabee, pastor of Floydada Methodist Church for the past year, was transferred to the Munday charge in Stamford District by the Northwest Texas Conference at Clarendon, and will be succeeded here by Rev. C. B. Meador, who comes from the Chillicothe charge.

J. J. McNeely is pastor of Floydada Circuit.

Floydada people will also be interested to learn that Rev. W. M. Lane, for four years pastor of the Floydada church and last year sent to Colorado City, has been made presiding elder of the Abilene District, one of the strongest in the conference.

Rev. J. S. Huckabee and wife leave this week for their new field of endeavor.

The conference was notable in many respects, among the important decisions being for the establishment of a Methodist College at Abilene and the withdrawal of support from Methodist schools in other conferences of the state after this year. The entire support of the conference will be thrown to Clarendon College and to the new college to be established at Abilene.

Appointments for the Amarillo, Clarendon, Lubbock, and Plainview districts were announced as follows:

Amarillo district: J. W. Storey, presiding elder; Amarillo, Polk Street, Henry Brooks; Amarillo, Buchanan Street, G. J. Irvin; Canadian, W. H. Perry; Channing, B. A. Moores; Dalhart, W. M. Pierce; Dumas, Joseph E. Eldridge; Higgins, W. H. Strawn; Miami, Ed. R. Wallace; Panhandle, H. C. Gordon; Perryton, G. T. Palmer; Speerman District, Z. B. Pirtle; Stratford, S. M. Williams; Texline, C. P. Kidd; Vega Circuit, Ira B. Sanford; White Deer Circuit, L. B. Smallwood; Aybach Circuit, to be supplied; conference evangelist, F. M. Neel; missionary to Africa, Ansil Lynn; Conference Sunday school secretary, R. N. Huckabay.

Clarendon district: J. R. Henson, presiding elder; Clarendon, C. N. N. Ferguson; J. B. McCarley, Leod Henderson, supernumery; Claude, M. E. Hawkins; Hedley, L. B. Hankins; Lakeview, J. M. Addison; Lelia Lake circuit, J. S. Rich; Lodge circuit, T. E. Yarbrough; McLean, L. B. Osborne, Memphis, A. L. Moore; Mobette, T. B. Hilburn; Pampa, M. S. Leveridge; Shamrock, C. L. Wright, R. B. Bonner, supernumery; Shamrock circuit, J. O. Hood; Turkey circuit, E. L. Sick; Wellington, J. E. Martin; Wellington circuit, W. M. Cope; Wheeler circuit, J. D. Thomas; professor in Clarendon College, Justin V. G. Anderson; president of Clarendon College, G. S. Slover.

Lubbock district: George W. Shearer, presiding elder; Andrews circuit, F. T. Pollard, Supply; Brownfield circuit, J. W. Baughman; Crosbyton, J. W. A. Hitchcock; Idalou, M. L. Moody; Lamesa, I. A. Smith; Lamesa circuit, to be supplied; Lubbock, J. T. Griswold; Lubbock circuit, to be supplied; Lorenzo circuit, R. F. Dunn; McAdoo circuit, to be supplied; Matador, J. O. Quattlebaum; C. D. Pitkins, supernumery; Muleshoe circuit, Raymond Van Zandt; O'Donnel circuit, to be supplied; Plains circuit, to be supplied; Post H. G. Scoggins; Post circuit, C. A. Duncan; Roaring Springs, T. W. Brabham; Ralls, J. A. Laney; Seminole circuit, J. T. Weems; Slaton, A. D. Hendrix; Tahoka, W. C. Hinds; Wilson circuit, W. L. Russell; Missionary to Japan, H. L. Hughes.

Plainview district: R. A. Clements, presiding elder; Abernathy circuit, J. T. Howell; Bovina circuit, B. Y. Dickinson; Canyon, Simeon Shaw; Canyon circuit, to be supplied; Dimmitt circuit, Preston Florence; Floydada, C. B. Meador; V. H. Trammell, supernumery; Floydada circuit, J. J. McNeely; Hale Center, G. H. Bryant; Happy, C. W. McNeely; Hereford, M. N. Beavers, B. W. Hawkins, supernumery; Kress circuit, S. J. Upton; Lockney circuit, T. W. Shephard; Lockney, H. B. Watts; Plainview, J. W. Israel, J. F. Neal, supernumery; Petersburg circuit, L. H. Davis; Silvertown, B. W. Wilkins; Tulia, T. C. Willett; Vigo circuit, Fred C. Goodman; student at S. M. U., G. W. Montgomery.

BIRTHS

BORN—to Mr. and Mrs. A. B. Toler, October 14th, a son.
BORN—to Mr. and Mrs. W. M. Mauldin, October 26th, a son.
BORN—to Mr. and Mrs. W. N. Eanes, Antelope, October 27th, a daughter.

G. D. FRENCH DIED FRIDAY AT DALLAS HOME

Friends in Floydada of G. D. French, for a number of years a resident of this place, but since last winter a resident of the City of Dallas, will regret to learn of his demise at his home there last Friday morning. Details of the funeral services are not known here.

Mr. French is survived by his wife and five children, the children being Guy and Chester French of Corpus Christi, Sims French of Dallas, R. G. French of Rugby and Mrs. Rogers of Arizona.

The deceased lived in Floydada a number of years. For some time he was active in business circles but during his last two years of residence here he was too ill to actively engage in business.

LUBBOCK WINS FROM F. H. S. IN FOOTBALL AGAIN

Floydada High School football team took another drubbing from the Lubbock High School last Friday afternoon on the local gridiron, which definitely put the team out of the running for Interscholastic honors in the state for this year, unless the team should make an almost impossible spurt in the next two or three games and win their Thanksgiving Day game.

The score of Friday's game was 24 to 0. 18 of Lubbock's points came in the first half. The local boys appeared unable to get going good until the last half and were then unable to make their downs in the pinches.

The Lubbock boys were heavier by some ten pounds than the local lineup.

CONFESSES TO FORGERY AND GIVEN TWO YEARS

C. E. Bauck, who spent last summer in Floyd County, while engaged in the harvest, and who was arrested in early September by Sheriff J. A. Grigsby on a charge of forgery, was sentenced in District Court in Floydada last week to two years in the state penitentiary.

Bauck worked for Cross & Sons near Lockney and about the time he left forged a \$42 check on them. The forgery was not known for two or three weeks. When the matter was given to Sheriff Grigsby he lectured the man at Stamford and got the confession from Bauck before his arrest.

TO THE BOY CLUB MEMBERS

I wish to announce to the members of the Boy Clubs and others who are interested that we are planning to have a club show next month at Floydada. You will please prepare anything you have to enter. We shall have some prizes to offer. The date of the show will be announced next week.

I am very sorry that we can not have a county fair but it is too late now. However, we shall strive to have a good one next year.

Yours very truly,
T. SCOTT WILSON,
County Agent.

I. D. Evans, Harry Snodgrass and W. H. Seale returned Saturday night from Hereford, where they had been to an auction sale of horses and mares, which Mr. Seale conducted for Snodgrass & Evans.

FARMERS GIN COMPANY CONTRIBUTIONS LIBERAL

Contributions to the fund for the Farmers' Gin Company following their fire loss early in this month were liberal, a total of \$1155 being subscribed.

The company's loss in the process of rebuilding this fall and the short run they will have will make their loss aside from the actual fire damage run in the neighborhood of \$2,000 and the bonus given them by the contributors to the fund was for the purpose of inducing them to rebuild at once.

It appears probable now that the firm will beat their schedule of 30 days allowed themselves to be at work. The machinery for the new gin reached Floydada the first of the week following Mr. Boerner's return from Dallas on Friday, and the work of installing it has not been delayed by the rains, the roof of the building being finished before the rains set in.

Following is a list of the donors to the gin company and the amounts given by each:

W. M. Massie	\$500
First State Bank	100
First National Bank	100
Martin Dry Goods Co.	100
Mitchell Bros.	100
C. Surginer & Son	50
Barker Bros	25
J. C. Wooldridge	25
S. D. Furguson & Co.	25
Collins Gro. Co.	25
J. S. Collins	25
W. H. Seale	25
Woody Drug Co.	10
Canaday Bros	10
J. A. Fawver	10
G. C. Collins	25

\$1155.00
W. L. Boerner, secretary of the company, said Monday that this material assistance would be of great value to them, and asked The Hesperian to publicly thank the donors to the fund for their generous aid.

FARMERS' 50,000 BUSHEL ELEVATOR AT LOCKNEY BURNS

A fifty-thousand bushel elevator being erected in Lockney by M. M. Egan of Fort Worth, for the Farmers' Elevator Company, was destroyed last Thursday night by fire, together with all its contents and a railroad car and its contents maize that was on the railroad siding adjoining. The total loss will run around \$50,000.

Stock in the elevator was owned altogether by farmers. It had not been accepted, however, according to the reports which reached Floydada, the elevator property being the loss of the construction company, with \$17,000 insurance. Practically all the grain in the building was insured, and the net loss may not total above \$21,000. The elevator was 50,000 bushel capacity.

Two cars of wheat that had been loaded the same day were saved by volunteer firemen.

Two workmen who were sleeping in the building barely escaped with their lives losing all the clothing and other personal effects.

Mrs. D. M. Light has joined her husband at Ralls where they will make their home. Mr. Light is manager for the Echols-Canaday Lumber Company at that point.

GRIGGS FAMILY SETTLED AT POMONA, CALIF., NOW

Mr. and Mrs. G. R. Griggs have bought them a home and are settled in Pomona, Calif., now. They left Floydada for that place some two months ago.

In a short letter ordering The Hesperian sent to them, Mrs. Griggs says: "We like here fine and Daddie is getting younger every day. Every one is so friendly and so sweet and nice to us we feel already like we have some good friends here. Of course, we did not expect to find as good folks here as there are in Floydada for we honestly believe God skinned the cream of humanity and planted them in Floydada. We can't hope ever to have so many good friends again anywhere as we left there."

Their address is 190 Laurel Ave., Pomona.

Mr. and Mrs. J. M. Willson returned last week from Dallas and Fort Worth where they spent some two weeks.

LOCAL BANKERS ATTEND COTTON CONFERENCE IN DALLAS

E. C. Nelson, vice president of The First National Bank, and F. S. Stevenson, vice president of the First State Bank, of Floydada, attended last week the conference of southern bankers in Dallas held to consider ways and means of financing the cotton crop of 1920.

The call for the meeting was issued by Nathan Adams and other prominent bankers of the southwest.

MRS. ROY K. BRUNER ILL

Mrs. Roy K. Bruner, of Hereford, has been quite ill for several days, according to reports which reached relatives here the latter part of last week, and an operation will be necessary physicians say, before she can recover her health.

Mrs. Bruner's sister, Mrs. T. B. Triplett left Saturday for Hereford and remained with her sister two or three days.

RAILROAD, MINE, FOREST PURCHASED BY HENRY FORD

During the last two months, Henry Ford and the Ford Motor Company have purchased the Detroit, Toledo and Ironton Railroad, 400,000 acre timber tract in Northern Michigan, and a coal mine in Kentucky. And it is rumored that other purchases are under consideration.

Two thousand railroad workers are automatically made "Ford men." In the near future they will be permitted to share in the investment opportunity with the thousands of other Ford employees. The minimum wage system and bonus distribution will also apply to the railroad men.

The Detroit, Toledo and Ironton Railroad will soon be known by another name. Avoiding congested centers, the railway is a direct line to the coal fields of Southern Ohio and the West Virginia and Kentucky boundaries. Solid coal trains may be routed through to Detroit without without delay or interference.

Timber from virgin forests of the Upper Peninsula of Michigan will be used to furnish lumber for Ford automobile bodies and other requirements. Another link added to the chain of Ford industries is the Ford saw mill, located just outside of Detroit.

These acquisitions are wonderful links in the chain of Ford industries. Fewer outside organizations are being depended upon year by year. Already work on the Ford car and Fordson tractor commences with the ore in Ford furnaces. Soon the coal will be transported from mines on a Ford railroad, and soon the timber will be cut from Ford virgin forests.

Including these new additions, the direct Ford payroll now contains approximately 100,000 names.

WILL DEBATE OPEN SHOP IN SCHOOLS OF TEXAS

Texas school boys and girls will debate the open shop next spring, according to announcement received by officials from Interscholastic League headquarters. Literature on both sides of the question is being distributed and boys and girls will be discussing one of the most vital questions of the country in the county, district and state contests next April and May.

Separate debates will be held for boys and girls, it is said. School authorities feel that often when girls debate on a team opposed to boys undue allowance is given them by judges.

Mrs. Addie Thayer the letter part of last week moved into her new home in Andrews Addition.

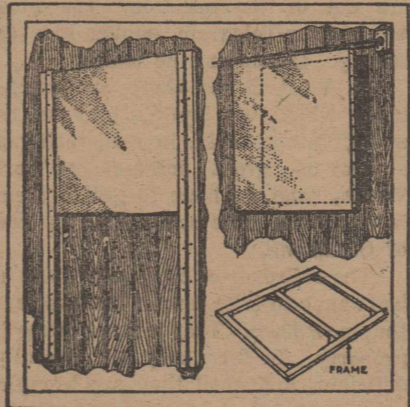

FARM POULTRY

VENTILATION OF HEN HOUSE

For Success With Poultry There Must Be an Abundance of Fresh Air Without Drafts.

Poultry raisers have come to realize that the ventilation of the poultry house is a very important matter. There must be an abundance of fresh air without extreme heat or cold, and without dampness and draft. Proper conditions cannot be had with the makeshift, wrongly used ventilators frequently employed.

One method, which has proved successful is to use the straw air strainer. A second ceiling is built about six inches below the regular ceiling, in the form of a latticed framework. A trapdoor in the center of this makes it possible to change the straw which is packed between the lattice and the original ceiling. Vents, or wide, low

Muslin Ventilators Can Be Used in the Poultry House to Secure Abundance of Air Without Either Drafts or Extremes of Temperature.

openings, must be cut in the side of the house as close under the eaves as possible. The air, entering at these vents, filters through the straw, and thus into the poultry house. No drafts are possible, and the temperature is kept very nearly constant. The straw also absorbs a great deal of moisture.

Another method, in rather wide use, is to cover an ordinary window frame with muslin, instead of using glass. An improvement on this type of ventilator is shown at the right of the drawing. A light wooden frame covered with muslin is hung from a wire, which serves as a track. The frame can thus be moved sideways over or away from the window opening. Screw eyes on the frame allow it to slide easily over the wire. The wire itself may be fastened either to screw eyes or over blocks at either end. To the left is shown a similar frame, moving up and down. In this case it will be necessary to arrange some means of holding the frame at the height desired. Either the pegs that fit into holes in the wall, or a hook fitting into screw eyes, placed at various heights in the wall, may be used for this purpose.

The advantage of the air strainers over muslin-covered frames is that the latter have to be adjusted accurately to the weather, while the air strainer requires no attention whatever.—J. T. Bartlett, Fort Collins, Colo., in Popular Mechanics Magazine.

COVER WINDOW WITH BURLAP

Most Excellent Plan to Keep Out Wind at Night While Fowls Are Roosting.

If the poultry house is narrow so that the wind blows in through the open windows on the fowls on the roost, put a piece of burlap over the open space at night, but do not close the windows until the weather gets cold.

FATTEN FOWLS FOR MARKET

Poultry Will Sell for Higher Price Per Pound Because of Increase in Weight.

If any stock is to be sent to market be sure that it is fattened well before it is shipped. It will pay to do this because the poultry will sell for a higher price per pound and it will weigh more.

POULTRY NOTES

Cull out weak or slow growing chicks.

A larger flock of hens could be kept on many farms at a profit.

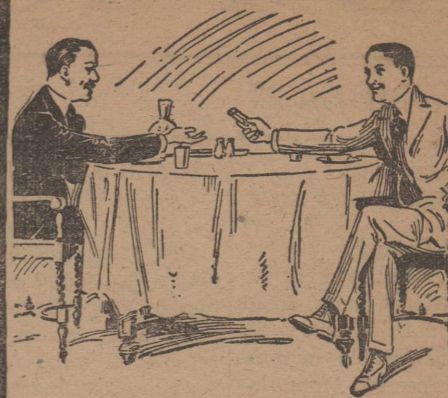

Water fowls do not receive the consideration they deserve on many farms.

Leghorns produce eggs more cheaply than hens of the general purpose breeds.

Don't forget to give the fowls a little salt, in some form every day. They like their food seasoned as well as we do. Pepper as well as salt.

Boards in the shape of and nites on fowls are unnecessary. The energy absorbed by these parasites will never go into eggs and meat.

WRIGLEYS

We eat too fast—we eat too much. Eat less—chew it more.

WRIGLEYS

after every meal— aids digestion, cleanses the mouth and teeth and sweetens breath.

Ford
THE UNIVERSAL CAR

The Ford Sedan, with electric self-starting and lighting system and demountable rims with 3 1/2-inch tires front and rear, for every day in the year has no equal as a family car. Just as popular on the farm as it is in the city. In fact, it fits the family demands in every vocation of life. Large, roomy seats, finely upholstered, plate glass windows make it an open car in pleasant weather, while in rainy and inclement weather it becomes a closed car, dust-proof and rain-proof. It is not only comfortable, but really cozy, and above all, economical in operation and maintenance, and has all the Ford merits of strength and durability.

USL USL USL USL USL USL USL USL USL USL

We have the exact size and type of battery to replace the one in your car.

You want a battery that fits

YOU'RE right. You can't put a short, fat battery into a long, slim box in your car. Then you want a battery with terminals that will shake hands like old acquaintances with your car's wiring terminals.

"But the main thing is to give you a battery with the right capacity to work in harmony with your car's electrical system. Your cutting-in-speed counts—that's the speed at which your generator begins to do business—and the number of amperes it feeds into the battery. Those are just some of the conditions your battery must work under. What it all means is that you want a battery of the right capacity to digest the current fed into it and to handle its work without strain.

"We have USL Batteries in all sizes and types to replace batteries of all makes. But we won't sell a battery if your old one is repairable. No matter what its make, if its plates are still sound enough, we'll rejuvenate and guarantee it."

When you do need a battery, we will sell you a USL with extra-wear Machine-Pasted Plates. It will be an actually new battery, too. The factory ships it "Dry-Charged" so you get it—not partially worn out but fresh.

We are a Golden Rule Service Station—Not a Battery Store.

INNER TUBE FREE

For the remainder of this week and all of next week, with every United States Tire we sell, we will give absolutely free one United States Tube of like size. This applies to our full line of United States Tires which includes Plain Tread, Chain Tread, Nobby Tread and Royal Cords in all sizes. Also Truck Cords. Our stock of casings and tubes is the most complete in Floydada and there is not an old one in our store. We receive from one to two and three shipments of casings and tubes each month.

There is no decline in the price of United States Casings. We are merely making this unusual offer in order to reduce our large stock. We have received about \$1,500 worth of casings within the last six weeks.

Remember, every United States casing and tube we sell is guaranteed by the United States Rubber Company, with a guarantee that means something. This company owns and operates 53 different factories and is the largest rubber company in the world. We have about 2,000 United States Tires in use in the vicinity of Floydada. Ask any user about U. S. Tires and Tubes. Our price is lower than any standard casing made in America.

GEOGRAPHY HAS MUCH TO DO WITH ELECTIONS

Event Next Tuesday Will be the Greatest in History of the United States

Washington, Oct. 23.—"From the time the first voter registers his choice for President on November 2, in Eastport, Maine, easternmost community in the United States, until some sixteen hours later when election judges close their booths in Ozette, Wash., the presidential suffrage community farthest west, the heaviest battle of ballots ever witnessed will be in progress," says a bulletin of the National Geographic Society, issued from its Washington D. C., headquarters.

"The battle will not be made greater than those of 1912 and 1916 by any increase in the area over which it will be fought," continues the bulletin, "for Arizona and New Mexico, casting their ballots for President for the first time in 1912, completed the roster of the States in the United States proper and signalized the extension of the presidential suffrage to every political unit between the two oceans and the Canadian and Mexican borders except the District of Columbia. The battle will be almost doubled in magnitude, however, by the extension of suffrage to women in the many States which did not permit them to vote in previous elections.

Far-Flung Ballot Box

"This greatest of election struggles will take place in an area of approximately 3,000,000 square miles under conditions varying from the frosty weather of the Canadian boundary, and the not improbable snowstorms of the higher communities of the Rockies, to the burning sunshine of Key West and some of the cities and villages of the Southwestern border. Ballot boxes—emblems of American sovereignty—will be set up in the hearts of great cities, in villages, in wayside school houses, in isolated islands, in pockets of the great woods, far up among rough peaks, and below the level of the sea; in many cases in communities which lie behind great natural barriers that cut them off physically from other settlements. And yet, because of the telephone and telegraph wires that extend into nearly every community, and wireless communication that supplements them, most American citizens, unless the contest is unusually close, will learn the results from the far-flung attle line at their breakfast tables next morning. Indeed, impatient followers of the returns will probably know the results before midnight, reading reports as they are flashed on screens before newspaper offices in countless cities and towns.

"It was far different, paradoxical as it may seem at first sight, during the early presidential elections in which popular voting figured, in spite of the fact that practically all voters were east of the Mississippi river and most of them in the States along the Atlantic seaboard. Lacking electrical means of communication and railroads, and having but poor highways and whicles, the country was often in ignorance of the candidate elected for weeks after the election. The contrast can not be carried back to the elections when the United States was confined to its original thirteen members along the narrow strip of coast country, for in those days the voter and the campaign manager had not come into their own. The choosing of a President was a partyless, campaignless and—so far as most of the 'men in the street' were concerned—a voteless affair. Legislatures saved voters from the bother of casting ballots by appointing electors and the latter chose a President.

Fail to make downs and the ball goes over. Lubbock recovers ball by intercepting Floydada's pass. Lubbock makes line plunge for 3 yards. End of half.

Score: Lubbock 12, Floydada 0. THIRD QUARTER: The quarter opened with Lubbock kicking to Floydada who is defending the north goal. Ball is recovered on 85 yard line by Colville who returns 2 yards. Colville punts. Lubbock penalized 5 yards for offside. Fake play by Green for 2 yards. Colville punts. Ball is received on 45 yard line and returned 5 yards. Lubbock makes line buck for 7 yards. Make line buck for 5 yards. Line buck fails to gain. Line plunge for 1 yard. Line plunge for 2 yards. End run fail to gain. Floydada holds them for downs and the ball goes over. Colville punts. Lubbock receives the ball on the 80 yard line and return 5 yards. Lubbock completes pass for touchdown. Fail to kick goal.

Score: Lubbock 18, Floydada 0. Floydada defending north goal. Lubbock kicks. Colville receives on 98 yard line and returns to the 90. Floydada fumbles and Green recovers. Green makes 25 yard gain on fake play. End run for 2 yards. Pass to Bishop fails to complete. Fail to make downs and the ball goes over. Lubbock makes end run fumbles and Floydada recovers. Long end run by Zachry for 2 yards. Floydada fumbles and Lubbock recovers. Make line plunge and fail to gain. Green intercepts pass and goes down for 10 yards. Green through line for 6 yards and fumbles, Lubbock recovers. End of third quarter.

Score: Lubbock 18, Floydada 0. FOURTH QUARTER: Floydada defending south goal. Lubbock's ball in 25 yards of goal. Lubbock makes line buck and fail to gain. Line buck for 4 yards. Make line buck for 2 yards. Line buck for 4 yards. Make downs. First 10 yards to go. End run fails to gain. End run no gain. Pass is completed for touchdown. Fail to kick goal.

Score: Lubbock 24, Floydada 0. Floydada defending south goal. Lubbock kicks. Green receives on 98 yard line and returns 5 yards. Floydada passes to Bishop but Lubbock intercepts for no gains. Lubbock penalized 5 yards for off side. Lubbock loses 4 yards on fumble. Lubbock completes pass for 4 yards. Make end run an dfail to gain. Make series of line bucks and Floydada holds them for downs and the ball goes over. Long pass to Burke who completes for 8 yard gain. Floydada fumbles and recovers. Floydada passes and Lubbock intercepts for no gains. Lubbock makes end run for 10 yards. Fake play fails and lose 4 yards. Make line plunge for no gains. End of half.

Score: Lubbock 24, Floydada 0. —SCHOOL REPORTER.

BOTH CANDIDATES ENDORSE AMERICAN RED CROSS

Dallas, Texas, Oct. 25.—Both the Presidential candidates are strong supporters of the American Red Cross which will have its fourth roll call in November. The following statements have been received here by George Waverley Briggs, roll call director for Texas:

James M. Cox—"I have been and shall always continue, a staunch friend and supporter of the American Red Cross, the agent of humanity, dispenser of aid, and doer of good deeds."

Warren G. Harding—"Nothing that your membership roll call for this season is impending, I have wanted to express my very earnest sympathy for your cause and my hopes that it may be forwarded by the coming campaign. If in all the world there is an organization more entitled to be regarded as doing good universally and doing nothing else at any time or any place, I do not know what it may be. It would be peculiarly a misfortune, if the Red Cross, with its magnificent organization and splendid purpose of useful achievement should lose any measure of its efficiency because the special interest and enthusiasm of war time has ceased. Your organization has been built to serve humanity, and humanity needs its services in peace, just as it did in war. My wishes, for all success go out to you."

PRODUCE MARKET HIT

The produce market has been hard hit along with cotton and other commodities the past few weeks, sluggish market prices featuring every department of the produce business.

Carbon Paper and ribbons at The Hesperian Office.

W. C. BOREN AND MISS RUBY DUNAVANT WED

Mr. W. C. Boren of this city and Miss Ruby Dunavant, were married Saturday afternoon. Miss Dunavant is the eldest daughter of Mr. and Mrs. J. S. Dunavant, who live four miles south of town. She has lived here since early girlhood and has made many friends who will greatly miss her from their community.

The groom has made Floydada his home since returning from the army. Both bride and groom are very popular young folks and have many

well-wishing friends who hope them much happiness.

Mr. Boren has recently bought a home in the east part of town at which place they will make their home.

—CONTRIBUTED.

MARRIAGE LICENSES

Marriage license was issued by County Clerk Tom W. Deen:

October 21st, to J. E. Glover and Miss Bessie Hatley;

October 23rd, W. C. Boren and Miss Ruby Dunavant.

PAUL AND SILAS FOSTER HOME FROM THE ARMY

Paul and Silas Foster are at home from the Army, having reached Floydada the latter part of last week from Fort Bliss, where they had been stationed since re-entering the service two years ago.

Paul is a married man. He was married on July 3rd. His enlistment period has expired and he has returned here to make his home. Silas is home on a ten-day furlough while he seeks employment, his term expiring on the fourth of November.

HARDWARE FURNITURE AND UNDERTAKING

Where Ambition Dominates

The love of Home has been the most dominating force to spur young men on to success the world has ever known,—not even excepting the desire for wealth.

No earthly possession can mean so much to us and after all, our real success will be measured by the appearance of our homes and home environment.

Home-ownership is a personal asset because it means a greater joy to you and yours, uplifts you in the eyes of your fellow men and is a real community asset because it makes for better citizenship.

For these reasons we take pleasure and pride in rendering helpful building service.

WANT "JAG" MILLS PUT OUT OF BUSINESS

The increasing drunkenness over the panhandle, which is more especially marked in Amarillo and points near the Denver, according to reports which reach Floydada, is causing the newspapers of those sections to wake up and ask questions of their officials. Persons who reside in Floyd County should realize that the bootlegger can be put out of business and kept 95 per cent out of business, will also wonder why the officers "up the line" cannot have as good success as here.

Recently the Amarillo Daily Tribune said:

Booze lovers are getting liquor in Amarillo fairly freely. Examination of the Police Court blotter discloses that men are frequently fined for being drunk. Young men of the city are getting alcohol somewhere. Why does the police department merely assess a nominal fine against the "drunk"? Is it not the duty of the officers of the law to run down the worse offender, the man who is selling the alcohol? Police have bigger duties than the mere arrest of speeders, vagrants, drunks and corner cutters.

And the Hall County Herald at Memphis would like to have the source of their drunks traced down. It says:

Some whiskey stills have been found in Collingsworth county and destroyed. Judging by the drunkenness here occasionally one would think that Hall county and even Memphis is not entirely clear of these gin mills. It might be well for our officers to do a little detective work and trace the source of supply of some of the drunks. There is no reason to believe that Hall county booze fighters is any more above the art than a similar character from Collingsworth or Childress county.

The fact that the larger cities are overrun with bootleggers and that the police courts have their regular morning session with the boys who have imbibed too much, is no reason why West Texas, where all the sentiment is against whiskey, cannot keep the booze peddler off its highways.

If Amarillo and Wellington and Memphis let the bootlegger get by, while assessing a fine against the man who buys who makes no profit and gets nothing out of it but the "jag" it may be taken for granted that it will become increasingly harder for the other officers of the panhandle to enforce the Prohibition laws.

A Dallas News dispatch says that the agricultural exhibits this year at the Dallas Fair are from West Texas and the Panhandle-Plains country. There are twenty-nine booths at the

Fair, and West Texas and the Panhandle-Plains country has twenty-four of them. Hale and Lubbock counties are the only counties on the Plains that are represented this year at the Fair. Floyd County the banner agricultural county of all the Plains country, is not represented with an exhibit. Floyd county did not hold a County Fair this year and no efforts were made to get together exhibits for the Dallas Fair. Next fall Floyd County will stage a County Fair that will rank first of county fairs of this section. Already plans are maturing for an all-county fair. Floyd county can stage a fair that will make people sit up and take notice. This year Hale county held her fair, and Floyd and other counties adjoining took a majority of the premiums, Floyd county ranking first in the number taken. If Floyd county can go to a different county fair and take a majority of the prizes, why not stage a fair of our own and take all the credit and benefits in way of advertising? The Beacon favors an all-county fair next fall for Floyd County, with permanent buildings, grounds, etc.—The Lockney Beacon.

L. P. Loomis, of Canadian, Republican nominee for congress, 18th district, for some reason or other does not have his name on the ticket. It would probably take an investigation to determine whose fault it is. Republican or other friends of Mr. Loomis who would like to cast their ballot for him, can do so by writing his name on the ticket.

HEALTH HINTS FROM TEXAS STATE BOARD OF HEALTH

The cure for epidemics is disease prevention.

No state can thrive while its citizens waste their resources of health, bodily energy, time and brain power, any more than a nation can prosper that wastes its national resources.

Common politeness and a decent regard for the health of others should make us muffle the sneeze and smother the cough.

The human body is able to take care of itself, if given a chance. This means obedience to simple rules—plenty of fresh air, especially at night; sunlight in the home, especially in the sleeping rooms, plenty of sleep, plenty of good, simple, wholesome food—a bath when needed, recreation.

Exercise being necessary to good health, communities should supply easily accessible facilities for exercise, namely public gymnasias, swimming pools, recreation and health centers.

Texas women would do well to adopt fashions of dress consistent with freedom of movement, physical development, and fitness for the wearer's particular occupation.

A city is a mirror—it reflects the people in it. Does your city show cleanliness?

THIS SUDAN WAS NOT MEANT FOR CONSUMPTION

The jinx that got after Olin Fry's sudan grass several weeks ago when his barn burned, finished its work last week when the Farmers' Elevator at Lockney was burned, and now there is no more of the crop left.

Mr. Fry built a new barn on his farm and while the thrasher was turning out his sudan he was storing it there. He had about 2,000 pounds in the barn when it burned. Following the fire he hauled the rest of the crop, about 1,000 pounds, to market. And it was still in the elevator at Lockney last Thursday night when fire occurred and finished it up.

DOUGHERTY HOME IN GAINESVILLE GIFT TO SCHOOL

Gainesville, Texas, Oct. 23.—Mr. and Mrs. William H. Dougherty presented to the city of Gainesville their palatial home place here to be used as a high school and to be known as the Newsome Dougherty High School, in memory of their son who died here last year. The gift came as the result of an election having been called for next Monday to vote for issuing \$150,000 in bonds to erect a new school building.

The property consists of an enormous brick home and about fourteen acres of ground, beautifully laid out, and is valued at \$100,000.

The home was built a number of years ago by Joseph Weldon Bailey as a home place.

ONE my frien he been een da school for longa time een deesa country. Other day he taka een deesa dat place for see da football game. And after I watcha dat ting leetle while I stronga favor da League of Nation. Ees too moocha fight wot no getta you somating enn dat game alla same een da war.

But was greata beew crowd alla right een dat place. Some guys come out weeth a ball wot losa da shape and starta plenta trouble. One man keeka dat ting so harda he can and den everybody run lika devil.

My frien say dat was keek off for starta da game. So I keepa right on look leetle while. Preeety soon I aska my frien when dat buinch gonna queeta-fight and starta da game. He tella me da game has been go on for longa time and ees no gonna be any thing.

Well, for tella you straighta goods, I tink my frien ees craze een da head. He say da guy wat maka da keek try getta da ball back now. I say eef he wanta keepa da ball wot he keek away for een da firsta place.

Seema lika everybody try smasha dat ball. One guy stoop over an trow between hees legs to other one. And righta queeck beega fight ees broka loose. Everybody jumpa on da other one and try breaka hees head or dat ball or somating, I dunno. Den dat bunch getta up, geeva look and when he see da ball ees no bust yet some more push and pull and fight lika devil breaka loose.

I no lika dat fight so I leava da place and go home. My frien aska wot's matter and I tella heem I gotta deesgust. I say nexa time I come see da game and eet breaka up enn da fight I tella da cop.

Wot you tink?

SCHOOL DAYS

Rann-dom Reels

By HOWARD L. RANN

IN THE SWIM

KEEPING up with the crowd is an attempt to stretch a \$2,000 income over a \$5,000 expense account.

One of the first things a young married man encounters is a stern refusal on the part of his weekly salary to lap around the monthly bills and have anything left for gasoline. This is because anybody who has muscular strength enough to sign a relay of pink promissory notes can own an automobile and throw dust in the eyes of neighbors who did not buy until they could see where the money for an extra tire on the rim was coming from.

One of the best tests of pluck and endurance a young married couple can have is to mingle in a crowd of plutocratic companions without wanting to pawn all of the wedding presents in order to keep up. The greatest treasure on earth is a wife who has social ambitions, but who does not find it necessary to dress like a style show model in order to get invited out. High society recognizes money, but there is a brand which would rather have a few brains than it does diamond thras and chiffon velvet wraps.

Keeping up with the crowd in a small town is just as difficult as it is in a larger one, for in each case the crowd is split up into minute crowd-

Eternally trying to move up a step or two and get into the wire-wheeled limousine class.

Jets, ranging from champagne suppers to the peanut sandwich spread. The trouble is that few people are satisfied with the crowd nature and their income designed them for, but are eternally trying to move up a step or two and get into the wire-wheeled limousine class. Many a wife has tried to climb into this class and drag her husband with her, but before they were half way up their progress was impeded by the muffled accents of a foreclosure sale.

On the other hand, thousands of people who were born with nothing but a set of plain features and a few layers of unbroken peage without a solitary top hat or evening gown. As a rule, it will be found that these people can borrow money at the bank without having their collateral pawed over by the board of directors. When a man is unhappy because he is not leading the procession in a twin-six which will not be paid for before Mexico is pacified, it shows that the inside of his head needs upholstering with some different material.

It is all right to keep up with the crowd when you don't have to borrow short-time money in order to get by.

STATE BANKS EXCEED NATIONAL IN U. S.

Austin, Oct. 22.—That the number of State banks greatly exceed the national banks in the United States not only in number but in resources is disclosed in a statement issued by K. N. Sims, secretary treasurer of the National Association of Supervisors of State Banks, a copy of which was received by the State Department of Insurance and Banking.

This statement, although issued in October, is for the condition of the banks at the close of business on June 30, 1920. It shows that there are 21,923 State banks in the United States as compared with 8,093 national banks.

The State banks show an excess over the national banks in the following amounts: Capital, surplus and undivided profits \$718,937,552; deposits \$6,795,417,611; loans and discounts \$2,937,716,395; bonds, stocks and securities \$3,736,656,676, and total resources \$6,994,718,648.

The statement also shows the total deposits in the 992 Texas State banks at the close of business June 30, 1920, were \$297,759,521, and total resources \$400,832,678.

FARMER HAULS WHEAT 480 MILES BY MOTOR TRUCK

Omaha, Neb., Oct. 21.—Unable to obtain cars from the railroad to ship his wheat to market direct and with the local elevators filled to capacity and refusing to make additional purchases, D. C. Hibbard, Potter, Neb., farmer loaded 110 bushels of wheat on his two-ton truck and hauled it to Omaha, 480 miles.
 The trip required three days, without night traveling, and the total expense was \$22.09 or about 21c a bushel. The wheat sold on the Omaha market for \$2 a bushel, which, he said, insured him a good profit over the price he would have received by selling at an elevator in his home town and allowing for the elevator profit and freight rates. The freight rate is 17c a bushel.

Mr. Hibbard announced that a truck train of over fifteen machines, many of which would haul trailers, is contemplated by farmers in order to get their crop to market.

HALL CO. TEMPLE OF JUSTICE NEEDS MORE ROOM

With the separation of the offices of sheriff and tax collector the separation of the offices of district and county clerk and with the recent separation of the county judge and school superintendent, together with the fact that the district attorney also has an office in the court house makes that domicile of justice badly crowded for room. It is now apparent that at a very early date, perhaps as soon as building material again goes at normal prices it will be necessary for Hall county to build a new modern court house of sufficient size to accommodate the needs of the county. An adequate county court room is needed as well as justice court room, also much more vault room. The records should be kept out of the danger of being destroyed by fire.—Hall County Herald.

GALVESTON EMBARGO ON AND CARS ARE PLENTIFUL

Galveston put the lid on the movement of cars to that port last Saturday and coincidentally cars were plentiful in Floydada for the grain men.

Practically all wheat from this section goes to Galveston and when that port is closed shipments are slow from the panhandle.

The local market has not been affected by the embargo as yet, all dealers having taken grain right along at prevailing markets.

BORN—To Mr. and Mrs. A. T. Swebston, October 21st, a daughter.

500 BALES COTTON SPOILED BY HAIL IS ESTIMATE

Hail ruined or severely damaged approximately 500 bales of cotton in the immediate territory surrounding Floydada Wednesday night of last week according to the opinion of gin men, whose reports are probably more complete than any others.

Little picking has been possible for the past ten days on account of the wet ground and Cloudy atmosphere following the rains.

STICK UP MEN IN CANYON GET \$2.00 FOR TROUBLE

Randall County News: Jack Covington was the subject of a hold up Tuesday evening at 6:30 when he started from his home in the north part of town to the business section.

He states that he was near the Keiser feed lots when two young men or boys joined him. One asked for a match. As Jack searched in his pocket a flash light was flashed into his face and pistol pulled on him. The men searched him thoroughly, but he had only \$2.00 upon his person.

Jack ran to the R. W. Foster home as the men left him and reported the case. The officers were called but so far no trace of the men has been found.

3-YEAR-OLD IN COTTLE COUNTY TIRES OF HOME

One of the most exciting times that has come across the pathway of the Green Valley folks in a long time was last Thursday afternoon when the three-year-old baby of De Witt Vaughn decided it had enough of home life and that it would "go west". The child got on the railroad track and headed toward Roaring Springs. It was soon missed by its mother, who gave the alarm and soon a number of neighbors were searching for it. Word was also telephoned to town and a number of men went to help hunt the child.

Some travelers were coming through the Swenson pastures, which is about two miles west of the Vaughn home, and found the youngster "hiking" it on toward the setting of the sun. They took the young "prodigal" to a nearby home, and the youngster was soon returned to its mother's arms.—Paducah Post.

BOY WENT THROUGH ROW BINDER

We have heard of miracles and coincidents, but the following as told by the father of the little fellow who performed the miracle has all of them set aside, and probably nothing to equal it has ever been recorded: The strange incident occurred while E. M. Packett, who resides south of town in the Ideal, Texas, community, was cutting some cane with a row binder. The little boy two years of age was hiding in the cane. Unaware of his presence by the father the little fellow was picked up by the binder, carried up the elevator through the machine, tied and thrown to the ground with a half bundle of cane. It was then Mr. Packett discovered what had taken place, and after an investigation found that aside from a few slight scratches about the arms the fortunate boy was unharmed.—Texhoma (Oklahoma) Times.

NEWS OF SILVERTON

From The Star: Arrangements have been made whereby the Silverton gin will commence operation within a few days. P. L. Hancock has taken charge of it and will operate it, we understand. This is a good move and will be of much benefit to our farmers who are having to haul their cotton so far to get it ginned.

Mrs. Sam Preston, a half-sister of the late Fred Biffle of this place, who was here visiting Mrs. Fred Biffle and children this summer, died in a

sanitarium at Dallas Sunday, following an operation. The remains were to be interred in the cemetery at Midland, her home, Tuesday.

Several were again fined for gambling here a few days ago. Our officers seem determined to stamp it out, and it looks like it would be a little expensive to the boys. Two assaults have been made on one of the officers of the law as a result of the arrests.

COUPLE CAN NOT MARRY FOR YEAR UNLESS REMARRY TO EACH OTHER

Houston, Texas, Oct. 21.—Judge Ewing Boyd in Fifty-First District Court set a precedent for Houston courts this morning when he issued an order restraining Mrs. Jewel Hargraves and Arthur Hargraves, who were granted a divorce at the time, from remarrying for one year unless they remarry each other. Judge Boyd declared that the statute provided that in case where divorce is granted on charges of cruelty neither party shall remarry anyone else, but that no penalty was provided and such marriages are questioned but seldom.

RAT GNAWS HOLE IN LEAD PIPE UNDER BUILDING

Waxahachie, Texas, Oct. 21.—Plumbers were called today to locate a leak in a water pipe in a local business house. They found that a rat had gnawed a hole in the lead pipe.

M. D. Johnson, real estate dealer of Clayton, New Mexico, was a business visitor in Floydada the latter part of last week, returning home Monday.

HOUSTON'S READJUSTMENT

AFTER spending a good part of our time the past two months rearranging our store building to make it as convenient as possible for our trade, we find a complete readjustment on prices necessary to meet the changing conditions in the prices of raw materials. Mr Farmer, the price of your product has declined more than one half in some cases, while in others not so much. Now our intention is to help make up these losses to you where it is possible for us to do so.

Owing to the high cost of labor, transportation, rents and many other items that have advanced rather than declined we find it impossible to make up these losses entirely. but visit our store and give us a chance to show you just how near we can come to replacing this loss to you. We have a store filled to capacity of the most seasonable merchandise for your inspection. A corps of courteous sales people to show you

A GOOD PLACE TO TRADE

APPEAL MADE TO SAVE TEXAS GOVERNMENT PALACE

Daughters of Heroes of Texas Would Save Historic Building and Make Urgent Appeal

The Daughters of the Heroes of Texas and the Texas Historical and Landmarks Association are endeavoring to save to the people of Texas and America, the palace of the old Province of Texas, with wall four feet thick, and which bears over the entrance the ancient coat-of-arms, and still has the old iron ring, near at hand, to which stood hitched the commanding officers Arabian steed ready for emergency.

This building is connected with all the principal history of Texas, dating from its completion in 1749. It was headquarters for the Army of Texas after the capture of San Antonio in 1835, and after the battle of San Jacinto. From its doors Seguin went with his small escort to collect the charred bones of his friends, the Alamo heroes. In this building these relics lay guarded in solemn state until ready for burial.

All the great men of Texas were quartered in this building at one time or another, or were entertained there, as well as prominent visitors to the Province of Texas.

It would be a disgrace to the State of Texas to permit the destruction of so important a building! It is heavily mortgaged and must be sold or torn down to make way for a modern structure. These societies cannot save it without assistance. It belongs to all Texas—to America—not alone to San Antonio—and all should gladly render what aid is possible.

Do you wish your name enrolled with the heroes of Texas for all time? If so, show yourself a hero by coming to the relief of the history of Texas. Assist the patriotic men and women of San Antonio who are trying to save the Ancient Government Palace, to make of it a Texas Hall of Fame and a Museum of History, Art, Relics and Literature. As a memorial to the heroes who died in the late war as well as to the heroes of the early days. It is intended when this building is saved to devote it to the needs of the people; to care for the history of Texas, past, present and future and to preserve the relics of Texas. To serve city, county, State and Nation in the highest form, is the aim of the promoters. The building will also be used for a downtown Community House, and other suitable purposes. The plans are not limited, but unlimited service, where Highest Duty calls, where service is most needed, according to the ability of those in charge.

The names of all contributors to the fund will be placed in a book to be inscribed, "The Roll of Honor," and be placed in the building. All persons collecting or donating as much as one thousand dollars shall be designated as "Promoters," and their names or a name designated by them shall be placed on a bronze tablet on the outside of the building. Those donating or collecting ten thousand dollars shall be styled "Benefactors," and a room shall be called in their honor, or, as designated by them. The building shall be known as "The Ancient Government Palace; The Texas Hall of Fame and Museum of History, Art Relics and Literature."

If there is some one living you much desire to honor, have a room named for him or her by contributing ten thousand dollars.

If you have lost a dear one, how much more appropriate and how much finer and more lasting will be the tribute of a room in the Texas Hall of Fame, than a monument in a cemetery where only a few go, and then, on a sorrowing journey of their own, too heart-broken to notice your fine monument. Name a room for your dear one, and there you will find them everlastingly remembered as long as Texas remains.

The rooms may be testimonial to the living or the dead.

Help save the old Palace, and the memories of the heroes, and of your own dear ones!

Let all who read this message send a donation, and send it at once, to Miss Adina De Zavala, Trustee, Ancient Government Palace Purchase Fund, 141 Taylor Street, San Antonio, Texas. The other trustees are, Miss Sarah D. Adams, Montell, Mrs. Mary B. Gaenslen, San Antonio.

MRS. S. W. ROSS HOSTESS AT EIGHTY-FOUR PARTY

Mrs. S. W. Ross was hostess last Thursday afternoon to members of the 84 Club and other friends at an 84 party from 2:30 to 5, progressive 84 being played.

Refreshments served consisted of a salad course with hot tea.

INTERSTATE TOWNS

There is an old story that many of the names of towns, sleeping cars, etc. were devised by a maniac who had a passion for writing letters on the walls of his cell in meaningless combinations. Travelers who attempt to pronounce some of the difficult names they see on cars are very much inclined to believe this story.

The appropriate names for new towns are often as hard to select as car names and some of those selected are apparently as meaningless and are as difficult to pronounce. For many of them, however, there is a reason. Many towns that lie partly in one State and partly in another, or close to the State line, have fine sounding and distinctive names that are made up of parts of the names of the two States. The following are names of this kind that appear on maps issued by the United States Geological Survey of the Department of the Interior:

- Arizmo, Arizona-New Mexico.
- Calada, California-Nevada.
- Calxico, California-Mexico.
- (In the Mexican half of the town the order is reversed and it is called Mexicali.)
- Calneva, California-Nevada.
- Calvada, California-Nevada.
- Calzona, California-Arizona.
- Colmex, Colorado-New Mexico.
- Coluta, Colorado-Utah.
- Delmar, Delaware-Maryland.
- Kanorado, Kansas-Colorado.
- Kenova, Kentucky-Ohio-West Virginia.
- Mondak, Montana-North Dakota.
- Monida, Montana-Idaho.
- Penmar, Pennsylvania-Maryland.
- Sylmar, Pennsylvania-Maryland.
- Texarkana, Texas-Arkansas.
- Texico, Texas-New Mexico.
- Texla, Texas-Louisiana.
- Uvada, Utah-Nevada.
- Virgilina, Virginia-North Carolina.
- Wyocolo, Wyoming-Colorado.

In Texarkana, which is one of the largest towns on the list, the post office building is on the boundary line, one half in each State. Some other names of this class not yet shown on Geological Survey maps are Alaga, Arkinda, Arkla, Dakoming, Texhoma, Urado, Wissota, and Wyuta.

PARKS MAKES LAST APPEAL FOR RURAL SCHOOLS

All wide awake and patriotic Texans are ashamed of the fact that this great state of ours that ranks among the first of our Union in so many things, is 39th in the art of training her citizens. While we are shipping our cotton, wheat, white faced cattle and red pigs out of the state we are calling on the other states for trained men and women to do our thinking.

The cause of this deplorable condition is the fact that the rural districts and small towns where four-fifths of our children live are robbed by the constitutional limit for schools. Texas ranks 44th in local support for school purposes which shows that a large part of our support comes from the state. The state money comes from the interest on the \$72,865,495 state permanent fund and 20c ad valorem tax on hundred dollar valuation and special appropriations. For sometime the legislature has apportioned two million dollars a year for the rural schools that showed a building spirit. This year in view of the abnormal conditions and the fact that the rural districts and small towns had reached their limit the legislature set aside four million dollars for schools.

Thus you see a large part of our money comes from special appropriations. Several authorities say that there will be no special appropriation again, for if the amendment carries there will be no need and if it fails the people show their disapproval of such acts. Can you imagine the condition of our state if the latter prevails?

Let us try to put our state among the first in education by voting not to increase our taxes but to remove the limit so that districts that need the increased taxes may vote what they want. This is to put the schools on a purely local option basis.

JAMES E. PARKS.

WESTERN UNION HOURS

Western Union hours, effective tomorrow will be 7:30 A. M., to 5 P. M., Santa Fe Agent J. M. Hughes announced this morning.

The change gives the cotton and grain men their market reports half an hour earlier each day and it is thought will meet with the approval of the public.

AREAS BELOW SEA LEVEL

All the continents possibly, except South America, include areas of dry land that lie below sea level. According to the United States Geological Survey, Department of the Interior, the lowest point in North America is one in Death Valley, Calif., that lies 276 feet below sea level, but this depression is slight compared to the basin of the Dead Sea, in Palestine, Asia, where the lowest point on dry land is 1,200 feet below sea level. The lowest point in Africa is one in the Desert of Sahara that lies about 150 feet below sea level. The Sahara as a whole stands above sea level, although until recently the greater part of it was supposed to lie below sea level. The lowest point in Europe at present known is one on the shores of the Caspian Sea that lies 86 feet below sea level. The lowest point in Australia is one at Lake Torrens that lies about 25 feet below sea level.

FAIRVIEW

Fairview, Oct. 26.—We are still having bad weather for gathering crops.

Bro. Blair of Plainview preached an interesting sermon at Fairview Sunday. There were not many out as the weather was so bad.

Mesdames Rushing and Teal visited at the Nix home one evening last week.

Paul Foster and wife are visiting at Mr. Jackson's.

Mr. Latham is having a public sale today.

Mr. Bullard tood dinner at the O. H. Johnston home Sunday.

Lewis Bullard spent Saturday with Aubrey Elmore.

Mesdames Neely and Johnson called at the Jackson home last Tuesday evening.

John Austin is visiting in Plainview this week.

B. Y. P. U. PROGRAM

Subject: David Livingston, Missionary to Africa.

The buried heart.—Mrs. Darden.

Our duty.—Miss White.

HALLOWE'EN PARTY

SCENE OF MUCH GAUITY

Mrs. T. S. Stevenson was hostess yesterday afternoon from two o'clock to five at a Hallowe'en Party which proved one of much gaiety.

Guests attended in costume and masked, one of the interesting contests being to guess by test questions the identity of the several guests.

The home was prettily decorated for the occasion, white with black cats and goblins being the featured color throughout the house. The many opportunities afforded by the Hallowe'en Season for pleasant and interesting features were freely used by the hostess to the delight of all.

Refreshments were served cafeteria style.

PANHANDLE SWINE BREEDERS SALE IN JANUARY

Local purebred swine breeders have received notice from the Panhandle Swine Breeders' Association that the association will hold a sale of hogs at Lubbock in January.

The present plan of the association is to sell 15 head of Durocs, 15 head of Poland Chinas and 5 head of any other breed.

MOTHERS' CLUB DISCUSSES SLICKY SLIDE FOR KIDDIES

The Mothers' Club at last Friday afternoon's regular meeting was not so well attended as usual because of the bad weather. However, an interesting hour and a half was spent by those who did attend. The principal matter discussed was means of obtaining a "slicky slide" for the children of the North Side School.

The meeting was held 2:30 to 4 o'clock at the High School Auditorium.

The next meeting will be held Friday afternoon, November 12th at the North Side School.

Read the Hesperian Want Ads.

PREACHING SUBJECTS

Rev. W. A. Darden, pastor of the Baptist Church, will preach Sunday on the following subjects:

11 A. M.: "Conditions of Victorious Prayer."

6:30 P. M.: "The Chief of Sinners."

THE WEATHER

Cloudy, threatening weather, with temperature running an average around 50; has prevailed throughout the week, and reports over most of the country indicate that much of the wheat ground is still too wet to work, while cotton picking is also considerably slowed down.

Monday night a shower fell over most of the county, the gauge showed .4 of an inch of moisture.

BAPTIST 5th SUNDAY MEETING BEGINS TONIGHT

The Fifth Sunday meeting of the Floyd County Baptist Association at Silverton begins tonight and will last through next Sunday.

Several local members of the church will attend the meeting, including Revs. G. W. Tubbs, J. M. Haygood and W. A. Darden. The latter will return home for his Sunday's appointments here.

J. D. Price returned Thursday of last week from California returning by rail after a cross-country trip by auto in company with S. D. Irwin, who will winter in that state. California does not appeal to Mr. Price, who declares that this section of Texas is most assuredly a better country than that.

J. F. Liston, of Wills Point, arrived yesterday afternoon to spend a few days on business and visiting with his brother, L. H. Liston.

L. H. Hart returned the first of the week from Friona, where he had been two or three weeks visiting with his son.

- G. C. TUBBS,
- TOM W. DEEN.

SHERIFF'S SALE (REAL ESTATE)

By virtue of an order of sale issued out of the Honorable District Court of Hale County, on the 28th day of September, A. D. 1920, in the case of A. E. Harp, versus Patrick Doran No. 1839, and to me, as sheriff, directed and delivered, I have levied upon, this 5th day of October, A. D. 1920, and will, between the hours of 10 o'clock A. M. and 4 o'clock P. M., on the first Tuesday in November, A. D. 1920, it being the second day of said month, at the Court House door of said Floyd County, in the town of Floydada proceed to sell at public auction, to the highest bidder, for cash in hand, all the right title and interest which Patrick Doran had, on the 1st day of April, A. D. 1917, or at any time thereafter, of, in and to the following described property, to-wit:

Blocks Number 32, 33, 34, and 35, in League No. One of the Callahan County School Lands in Floyd County, Texas, according to a plat or map of subdivision of said Callahan County School Lands recorded in Volume 1, page 70 of the Deed Records of Floyd County, Texas, and containing 120 acres of land said property being levied on as the property of Patrick Doran to satisfy a judgment amounting to \$3,791.55 in favor of A. E. Harp and costs of suit.
 Given under my hand this 5th day of October, A. D. 1920.
 J. A. GRIGSBY,
 31 Sheriff Floyd County, Texas.

—ADDRESS—
ARTHUR B. DUNCAN
 FLOYDADA, TEXAS

THE SAD PRINCESS

ONCE upon a time there was a beautiful princess named Edna. At her christening party the king announced that he was determined she should never know pain or sorrow. And he told his wise men that he was determined to shield her from all unpleasant sights in order to secure her happiness.

"You are making a mistake, Your Majesty," sighed a wise old man, "and you will regret it. Let her live among her people and know life as it is."

But the king would not listen. He shut Edna up in a lovely palace of crystal. All around were rose gardens, parks and giant trees, lakes with fountains and swans. Only young,

handsome lads and maids waited on her—she never saw anything old, ugly or unhappy; only everything which was beautiful and gay.

But as she grew older she seemed to weary of this luxury. For hours she would sit alone watching the wild geese flying overhead or the twinkling lights in a far-off village. Her face grew sad and in vain her father tried to brighten her life.

One day she mounted her pony, and while her guards were lurching she rode rapidly through the gate and galloped alone outside of her grounds.

"I am tired of my home," she murmured, as strange sights came into view. "The palace, the gardens, the rich robes and constant gaiety have

grown wearisome. Maybe out here there is something different."

Then, for the first time in her life, she saw a tumbledown hut on the edge of a marsh. Coming down the road was an old man, hobbling with a crutch. At a turn in the way was a blind beggar asking alms. In the gutter ragged children played and bent mothers carried loads of wood upon their backs. For the first time she saw life with its work, its pains, its misfortunes, its poverty and—its lessons. She had never known that there was pain, sickness or sorrow in the world before. Struck with terror, she galloped home and wept; then, rising with a bright face dawning through tears, she called her maids.

"No more of this," she said. "I am unhappy shut up from the world—I want to share its sorrows as well as its joys. And now that I see there is so much to be done, so much to help, I know I will find my happiness in helping."

So the great estate was turned over to the villagers for a park, the marsh was drained, the huts were replaced with comfortable cottages, the aged were given a home, the sick were sent to a hospital and schools were started. And the princess was the happiest of all. No longer sad, she went about, busy from morn till night, a smile on her face, helping all who needed aid and seeing that every one in her land got justice, care and kindness.

The old king was surprised. His sad daughter was now a model of happiness and health and her domain a scene of busy comfort.

One evening the same wise old man who had been at the christening of the princess came upon the king as he sat alone.

"I see your young daughter, the princess, has found the right way, in spite of your mistaken efforts," smiled the old man. "You ought to be glad you have not ruined her life. She was a wise girl to take things in her own hands and find happiness as she did. Living for one's self in luxury only begets discontent. And only in doing for others in a busy life can happiness be found."

Ray V. Randerson and wife returned last week from Dallas where they had been living some two years. Mr. Randerson is working with the Marshall Grain Company.

SAN ANGELO FAIR

The San Angelo Fair will be held on Oct. 26th-30th, inclusive, and all arrangements are made to conduct the largest fair ever held in West Texas. There will be amusements galore for the young and old in Carnivals, Bronco Busting, Goat Roping, Battle Royals, Parades and fast horse races.

The Live Stock exhibits as well as all other Departments will be most complete. Great interest is being taken in the Hereford Auction sale, under the auspices of the Texas Hereford Breeders' Assn., that will be held on Wednesday, October 27th.

Low rates are offered on the Santa Fe, T. & P. and Orient roads for the occasion.

NOTICE OF SALE

On November 2nd, within legal hours, in pursuance of Lien established by Articles 5665 to 5669, Revised Statute of Texas, the undersigned will sell at public sale to the highest bidder for cash, the following described personal property: 1 "490 Chevrolet Automobile, 5-passenger, 1917 model, the same held by us for labor, materials, and repairs upon the same; the said automobile being the property of W. V. Hill, whose residence is unknown, and the undersigned having had possession of the said Chevrolet automobile for over 60 days in compliance with the statute, proceeds of the sale will be applied to the payment of said repair, labor and materials bill in the sum of (\$129.00) One Hundred and twenty nine dollars, and costs of sale.

Dated at Floydada, Texas, this October 10th, A. D. 1920.

Give us a Trial

TO THE
Voters of Floyd County

It will be impossible for me to get around and see all the voters on account of the condition of the roads and the shortness of time between now and election day, November 2nd, but I am in the race for District Clerk of Floyd County. I have had about two years experience in the duties of the office, and if I am elected I will give you my best efforts as clerk and solicit your vote on that basis.

According to the law there will be no printed name on the ticket for that office and the name will have to be written by the voter.

I will thank you to write my name in the space left for that purpose.

Yours respectfully,

G. C. TUBBS

ELECTRICAL HANDS THAT WASH CLOTHES

YOUR washing is the same problem every other housewife is facing today. Either it's hard on you to get your washing done, or it's wearing on your clothes. Most likely it's both.

The solution is the

Western Electric Washer & Wringer

With it you have no work, and the clothes are spotlessly clean without wear and tear. Electrical hands do all the work, even the wringing.

Let us demonstrate this.

Homes Equipped with Western Electric Washers

Dave Price, W. H. Hilton, W. L. Boerner, Mrs. H. J. Willis, S. E. Thurmon, C. A. Shockey, N. W. McCleskey, C. C. Wright, L. H. Liston, R. F. Brown, A. H. Suiter, R. E. Fry, J. E. Eubanks, Mrs. Cash, W. M. Massie, Key Green, I. D. Gamble, Mrs. Maxwell, Mrs. Bill Moore, A. C. Goen, A. V. Haynes, Harry Snodgrass, J. U. Borum, L. A. Marshali, Mrs. Galloway, L. M. Flanary, Electric Laundry (two).

ASK ANY OF THE ABOVE USERS OF THE WESTERN ELECTRIC WASHER. THEY ARE OUR BEST ADVERTISEMENTS.

The Western Electric Washer will clean the clothes. It is economical. All the machinery is enclosed. It is backed up by one of the largest Electrical companies in the world. As far as we know we are selling these washers at a lower price than any other city in Texas.

Let us send one of these Washers up to your home and you try it. CASH OR TERMS.

99c

Many other household necessities at bargain prices. Come in and look around, We are glad to show you thru each and every department.

Texas Variety Co.

See Our Show Windows

Its officers point out that the United Cotton Growers Association of America is strictly a business institution with strong business farmers at its head. It is already well established in 50 counties of Texas and its program is South-wide in scope. Its plan of operation closely resembles that of the remarkably effective Canadian Grain Growers Ltd., and is borrowed directly from the California Fruit Growers Association. Instead of packing plants like those of the latter, the United Cotton Growers Association purposes to build, own and operate modern concrete community warehouses, co-ordinated so as to make possible selling on a large scale.

C. R. Hatcher, of Lockney, was a business visitor in Floydada Tuesday.

Arthur B. Nickell, of Amarillo, was here on business for his firm, the H. J. Heinz Co., and visiting with his father J. A. Nickell, Monday.

BAPTISTS TOGETHER AT EL PASO FOR CONVENTION

Dallas, Texas, October 24.—Armistice Day, November 11, will find thousands of Baptists from every section of Texas gathered in El Paso for their seventy-second annual convention. The meeting will be unique for several reasons. It will be the first time that the Baptist General Convention ever met in any border city and the first time that a religious conference of anything like the size of this convention was ever held in El Paso. The 1920 convention will mark the close of the greatest year in numerical advancement and in monetary expenditure that the denomination has ever experienced in this state. More than \$2,000,000 has been spent and is being spent on school buildings and sanitariums alone.

The Pastors' and Laymen's Conference will meet Tuesday, November 3, at 7 o'clock, or two days before the regular convention. The Womans' Missionary Union will convene on Tuesday morning.

Arrangements have been made for the body to hold its sessions in Liberty Hall, the auditorium of the El Paso County courthouse, the most magnificent structure of its kind in Texas. The auditorium, which has a seating capacity of about 4000 is considered one of the best in the south. The Baptists of El Paso, in co-operation with the Chamber of Commerce of that city, have been at work for several weeks perfecting details for the housing and entertainment of the three or four thousand persons who are expected to attend.

Two special trains will be run, one from Dallas over the Texas and Pacific, and another from San Antonio over the Southern Pacific. Special rates of one and one half fare have been granted by the railroads. Tickets will be on sale November 8, 9, 10 and 11 at points west of Big Spring and Del Rio. East, the tickets will be on sale November 7, 8, 9 and 10 with final limit for all tickets, November 18. Dr. E. C. Routh of Dallas, editor of the Baptist Standard will have charge of these trains.

A campaign has been going on for several weeks in Texas, known as the 75 Million Cash Round-Up, for the collection of \$2,000,000 in cash before the convention meets. This is a part of the \$16,000,000 which Texas pledged in the recent 75 Million Campaign which was carried to success by Southern Baptists. Dr. F. S. Groner, General Secretary of the Executive Board, who is leading in the movement to collect these funds, said October 22 that he and his assistants had every reason to believe that the money would all come in in due time. Districts, associations, counties, and churches all over the state have been thoroughly organized and efforts are being made to have the \$2,000,000 raised by November 5.

RENEWING MEMBERSHIP IN RED CROSS URGED BY GOVERNOR HOBBY

Austin, Texas, October 25.—Governor Wm. P. Hobby, in a proclamation just issued by him, praises the American Red Cross and endorses the purposes of its Fourth Roll Call which will begin on Armistice Day, November 11, and closes on Thanksgiving Day, November 25. The proclamation by the State's chief executive is as follows:

"Whereas, The American Red Cross, for thirty-two years previous to the Great War, and in the years succeeding, has demonstrated an unusual ability to assist the government and the citizens of this country in meeting and solving many community problems:

"And Whereas, it is the recognized official agency chartered by Congress to carry on a system of national and international relief in time of peace as well as to furnish volunteer aid to the sick and wounded of armies in time of war;

"Now Therefore, I, W. P. Hobby, Governor of the State of Texas, do ask and urge that all citizens, in recognition with the services previously rendered and as an expression of sympathy with the extensive program for relief which the American Red Cross is now carrying on, renew their membership during the annual Red Cross Roll Call which begins on Armistice Day, November 11, and terminate on Thanksgiving Day, November 25."

ECHOLS WELL 2,000 FEET; STANDARD RIG WORKING

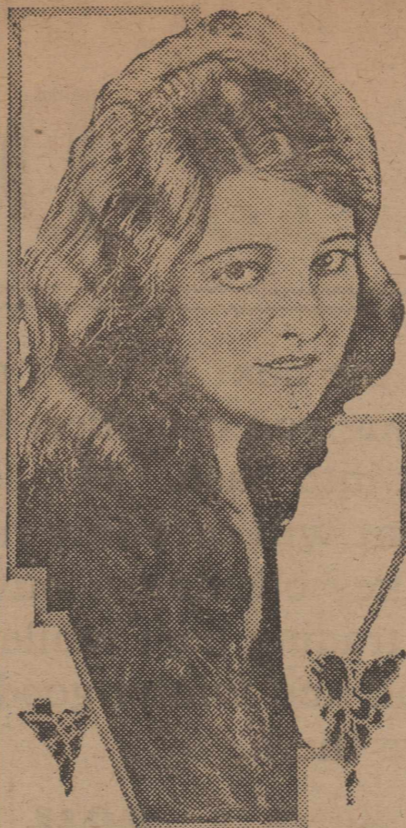

The Echols Well No. 1, located near Whiteflat on the A. B. Echols ranch, drilling of which is being financed by Mr. Echols and several other large land holders of Motley County, is down 2,000 feet, according to report.

Recently the formation became so hard that the rotary rig could no longer be used and a standard rig is now drilling.

The contractors on the job are the same men who drilled the Floydada Oil Company's first well on Burk Burnett township.

Betty Ross Clark, the charming screen star, has aided wonderfully in making Roscoe (Fatty) Arbuckle famous in the "movies." She is regarded as one of the prettiest and most talented of the younger motion picture actresses.

Beauty Chats

By EDNA KENT FORBES

KEEP THE NECK YOUNG

AGE shows itself in so many places, that the woman who seeks to keep young in spite of increasing years, must do more than massage her face, to preserve her youthful appearance. She must keep her neck young, as well as her face, for a flabby-lined throat will give away all the years the well-cared-for face might hide.

And here massage is excellent, provided it is gently given. The neck should be massaged with flesh-building cream, for as age comes on, the supply of natural oils diminishes in the glands beneath the surface of the skin. This means a drying of the skin, a weakening of the muscles, inasmuch as these oils have been continuously repairing the natural breaking down of all fleshy matter. The cream will help to take the place of these oils.

The neck is stroked crosswise in front, with the tips of the four fingers of each hand. The left hand

Exercise and Massage Will Keep the Neck Youthful.

starts under the right ear, the right hand under the left ear, the strokes alternating. The fingers naturally leave the neck after they have passed the wind-pipe. Then the fingers are started at the top of the shoulders, and run upwards to the hair and to the ear. Front again, the tips of the fingers start at the chin and press downwards to the chest, cross and smooth the lines that run about the throat. Superfluous cream is wiped off, and a piece of ice is rubbed all over the throat, to close the pores upon the cream and to strengthen the muscles. This also helps prevent sore throat.

\$75,000.00 Stock of Dry Goods and Ready-To-Wear In Tremendous 15-Day Slaughter Sale

We are forced to raise \$20,000 in the next 15 days, and in order to do this, we are cutting prices to the very core, giving you the benefit of the saving you can effect by taking advantage of our need for actual money. We must unload merchandise and turn it into cash. Hence, you will find by reading this advertisement we are marking the goods down to a price that will certainly move them. We positively will not guarantee these prices past the 15-day limit. No monkey business about this sale. Goods can go much lower on the market and still you'll have money made by trading here while these cut-to-the-red prices are in effect. Our loss will be your great opportunity to buy your fall and winter goods. Disregarding the cost mark we are making merchandise at prices that we think will move them.

Sale Opens Friday Morning, Oct. 29th, 8 a. m., Closes Sat. Night, Nov. 13th
