

## WESTERN UNION MAY ESTABLISH UPTOWN OFFICE SOON

Recently a petition to Western Union district officials for the establishment of an uptown telegraph office, was prepared by local people and circulated by Mr. Thompson of the Lawther Grain Company, and practically all business men and patrons of the company signed the petition.

Following the presentation of the petition request for further information has been received from the Dallas office, as to rents, available rooms, etc. It is understood the company looks on the matter with favor.

The petition for the uptown office recited among other things that the business of the company here is largely in excess of the business given the company at a number of points where uptown offices are now maintained, and a 16-hour weekly service was asked, with a Sunday service of eight hours. A through wire was asked, and it was shown that the establishment of the uptown office would create considerable business for the company which cannot under present conditions be given them.

At this time Western Union gives service from this point from 8 A. M. to 4:30 P. M. only and on week-days, giving no Sunday service at all.

## FATHER OF MRS. H. O. POPE DIES AT CLAUDE

Nat Slay, of Claude, father of Mrs. H. O. Pope, of this city, died last Thursday shortly after noon, following an attack of heart failure from which he succumbed in a short time.

Mrs. Slay had been ill for several days and Mrs. Pope was there to be with her mother, when the death of her father occurred.

The funeral service was held Friday afternoon at Claude. H. O. Pope went up to Claude Thursday night to be at the service. He returned home Sunday.

Mrs. Pope's mother is still quite ill and Mrs. Pope remained at Claude with her.

## 3 INCH RAIN FALLS

Eight-tenths of an inch of rain fell in Floydada Tuesday night, apparently the beginning of another spell of rain.

Farmers and wheat haulers had had less than a week of weather in which to work with wheat, and cotton will also be damaged considerably should the rains continue.

The only value of the rain will come from the season kept in the ground for fall wheat sowing, though stubble fields are worse in weeds than known in many years, raisers say.

## RANKS AT A. & M. COLLEGE FOR YEAR ARE ANNOUNCED

Ranks of the third and fourth year men at A. & M. College this coming term were announced last week, the announcements having been made by the faculty.

L. L. Collins, of Floydada, who will graduate with the class of '22, was made color sergeant with W. M. Love of Milford.

Mr. and Mrs. C. H. Featherston and daughter, Mary Elizabeth, left the first of the week for Wichita Falls to make their home, after spending the summer in this county.

## MRS. WOODY'S MOTHER DEAD

Mrs. Craig, of Graham, Texas, mother of Mrs. B. P. Woody, of this city, died Tuesday morning at eight o'clock at the home of her daughter, Mrs. Wade, of Jayton. Mrs. Woody was at Jayton with her mother when her death occurred, and Mr. Woody left for that place when he learned of Mrs. Craig's death.

Friends here were informed that the funeral would be held at the family home in Graham, where the body would be shipped for burial.

Mrs. Craig visited Mrs. Woody here several weeks this summer and was visiting at Jayton when she became ill.

She is survived by two other daughters and a son, besides her husband, Mrs. Woody and Mrs. Wade. One of the daughters is Mrs. Flynn, of San Antonio, who also visited here this summer with Mrs. Woody. The other daughter lives west of Amarillo. The son resides at Graham.

## FARM & RANCH WRITER ASKS DATA ON FLOYD CO. POULTRY

W. D. Little, of the editorial department of Farm & Ranch, Texas farm journal at Dallas, was a visitor in Floydada Tuesday of this week. He was engaged in the preparation of a series of articles on the poultry industry in Texas, and came to Floyd County to gather data here as representative of the South Plains of Texas.

Mr. Little was profuse in his appreciation of Floydada as a trade center and figures given by local dealers and raisers on the poultry industry here were highly interesting to him.

Floyd County now ranks among the first four counties in the state for poultry raising, and the business here is growing by leaps and bounds, experiences of farmers and poultry specialists the past few years proving this to be an ideal poultry country.

## TOM UELTSCHY DIES ON OPERATING TABLE AT OLNEY

Tom Ueltschey, of Olney, during the years 1914-15 a resident of Floydada, and widely known here, died last Friday morning, on the operating table at Olney, Texas, from appendicitis.

Other particulars of his death are not known here.

Mr. Ueltschey was about 41 years of age. He was engaged in the contracting business.

## BURGLAR GETS \$500 WORTH OF SILK SHIRTS HERE

A burglar last night took \$500 worth of silk shirts from the Glad Snodgrass gents' furnishings store, when he removed a glass from the back door and unbolted the door, leaving no clue.

Mr. Snodgrass has not completed a check on his stock this morning and is not positive that other goods were not taken.

Haden Harris is temporary carrier on Route 1 out of Floydada, succeeding J. A. Wyman whose resignation after seven years of service, became effective yesterday. Mr. Wyman and wife will spend some time in Kentucky and California the next several months.

## ANNUAL BOYS' CLUB ENCAMPMENT GREAT SUCCESS

The Second Annual Floyd County Boys Agricultural Club Encampment was held in the canyon south of Floydada last Wednesday and Thursday and resulted in a big success. In spite of the fact that most of the club boys in the county were unable to get away because of rushing work at home, 23 members and several of the parents attended. The encampment was in charge of W. H. Darrow, county agent, assisted by B. B. Holland, of Amarillo, and Supt. J. E. Parks, of Floydada.

The boys cooked their own meals and slept out in the open. The first day an athletic carnival was staged with foot races for both large and small boys. Prizes donated by local merchants were given. The boys were then taken to a field of maize and showed the principles of selecting seed and then turned loose to pick out the best head of maize each one could locate. These selections were judged and first prize awarded to Henry Wright of Floydada, and second prize to Ed Holmes of Sandhill. That night the boys told stories around the campfire and saw two sets of educational lantern slide pictures.

Thursday the program consisted of instruction in the keeping of the club record books which show the cost and receipts etc of the projects the boys are working on, and then a live stock judging contest was held at J. F. McCarty's farm. Holstein dairy cattle and Duroc Jersey hogs were examined and the boys taught some of the principles of judging these animals after which they placed four Holsteins and four hogs in their order of excellence, each boy giving his reasons for his placings. First prize went to Leonard Holmes of Sandhill, and second prize to Ed Holmes of the same school.

A baseball game ended the encampment.

The club is indebted to the following firms and individuals for donations of prizes: Price-Goen; Mitchell Bros.; T. B. Triplett; C. R. Houston & Co.; Woody Drug Co.; Russell's Store; Martin Dry Goods Co.; Glad Snodgrass; O. P. Rutledge; George Linder and R. E. Fry Insurance Agency.

## CITY CUTTING WEEDS WITH ROAD MACHINERY THIS WEEK

The City of Floydada is demonstrating an innovation in the art of weed-cutting this week. With the use of the new road machinery owned jointly by the city and county, the streets are being given a better drainage grade and the weeds cut at the same operation.

Several property owners are also cutting the weeds on private premises. Where this is not being done the weeds are getting very rank, following the month of August rains. Many vacant lots present more the appearance of a "shinnery" flat than they do of urban property.

## MEETING BEGINS SUNDAY

The protracted meeting of the Baptist Church will begin on Sunday, September 5th. Rev. J. W. Mayfield, of Brownsville, Texas, will do the preaching for the series of services, the first of which will be held Sunday morning at 11 o'clock.

## R. A. BURROWS BABY DEAD

The year-old son of Mr. and Mrs. R. A. Burrows, who died Thursday afternoon last at six o'clock, was buried on Friday afternoon.

Rev. W. A. Darden conducted the funeral service for the baby.

## LYMAN SOLID FOR BAILEY

Uncle Frank Leonard in Floydada Monday on business, said that he has a few doves of quail about his place this summer that are going to develop into some good eating a little later on, if the road-hunters don't scatter them too bad. He watered and fed a few along during the dry spell and now has four or five bunches.

"For the love of Mike," he said, "Please ask the shooters to leave them alone."

Incidentally, he said that while it looked like Pat Neff was to be the next governor of Texas, if all the state had gone like Lyman went there would have been a different tale to tell. Lyman went solidly for Joe Bailey, every voter there casting a ballot for the ex-senator.

## LOCAL CANDIDATES AND NOBLES AT KHIVA SHRINE

C. Surginer, J. M. Willson, E. C. Nelson, J. C. Bolding, and J. D. Starks, Shriners, and Lee Montague, R. H. Willis and T. S. Stevenson, candidates for the Shrine degrees, are among the local Masonic brethren in Amarillo today attending the installation of Khiva Shrine, the ceremonies of which are being conducted by the Imperial Potentate.

The ceremonies will continue through tomorrow. Hundreds of panhandle and south plains candidates for the degrees are attending the ceremonies.

## SAYS MEETING IN PROGRESS IS NOT NAZARENE

Editor of The Hesperian,

DEAR SIR: I notice in your paper of the 26th, speaking of the meeting now in progress, you use the name, "Nazarene." Will say that it is a mistake. I am identified with the Nazarene Church. We are not identified with this people, nor never have been.

P. M. SMITH.

## W. L. JACKSON BACK

W. L. Jackson is back from Eldorado, Oklahoma, to make his home here. His family will return by the opening of the school year.

He bought the W. R. Allmon 40 acres improved land one-half mile east of town for \$8,000. Mr. Allmon will give possession at an early date. He plans to go to the Hereford section and re-buy.

## SCHOOL BOARD OF EQUALIZATION MET MONDAY

The Board of Equalization of Floydada Independent School District met Monday to consider any complaints of taxable valuations set by them on renditions for the year 1920.

Few complaints were made. J. T. Scott, representing Texas Utilities Company, was before the board, as was Avery Turner, of Amarillo, for the Panhandle & Santa Fe Railway. The Santa Fe's valuations in the school district limits, asset by the board are \$60,000.

A. B. Blount, of Lockney, was a business visitor in Floydada Tuesday of this week.

Miss Annie McGlinchey, who has been spending several weeks at Aledo, returned home Tuesday afternoon.

## CLARK AND BOLDING NOMINATED JUDGE AND ASSESSOR

Neff Runs Far Ahead in Floyd County for Governor.—Vote Heavy At Floydada

W. B. Clark was nominated by the Democrats Saturday for County Judge of Floyd County, and D. I. Bolding for Tax Assessor, Mr. Clark winning by 98 votes over his opponent, Judge Howard, the present incumbent, and Bolding by 133 votes over F. Ewing for assessor. This is according to the official count made by the Primary Committee Monday afternoon.

Pat M. Neff rolled up a big majority in this county over Senator Bailey for governor, more than doubling the ex-senator's vote. His lead in the state is above 80,000. For lieutenant governor Johnson led in this county almost 5 to 1, but lost the nomination in the state. Pierson, winner in the state, also received a two to one majority in this county.

At Floydada the vote was heavier than in the July 24th primary, but at other boxes it was not so heavy. 579 votes were cast here.

A tabulation of the vote by precincts is given in this issue of The Hesperian, taken from the official count made by the primary committee.

## M. F. HAMPTON MARRIED ON 24th OF AUGUST

M. F. Hampton of this city, was married on August 24th to Miss Bennie Brand, of Pilot Point, Texas, the ceremony being performed in Fort Worth.

Following their marriage the couple came on to Floydada to make their home.

## CONDITION OF MRS. G. I. BRITAIN VERY SERIOUS

Rev. G. I. Britain writes from Fort Worth that the condition of his wife is very serious and that physicians give but little hope for her. She suffered a severe stroke of paralysis Sunday and was unconscious for some time. Their address is 1954 College Avenue.—Plainview Herald.

W. I. Cannaday spent the earlier part of the week in Matador on business.

Col. Thos. Montgomery left the latter part of last week for Fort Worth to spend several days on business.

F. M. Dougherty returned the first of the week from Gainesville, where he had been for some two weeks on a visit at his parents' home.

County Agent W. H. Darrow is spending this week in College Station at a conference of officials of the Extension Service of A. & M. College.

Max Hampton, of Fort Worth, is out on a visit with his father, M. F. Hampton, and sister, Mrs. Clarence Snodgrass.

Robert McGuire and Mrs. Jno. W. Smith returned Saturday afternoon from Granite, Oklahoma, where they had been with the body of Duke McGuire, Robert's brother, for burial. The interment was made on Tuesday afternoon of last week.

**LOW GRADE COTTON  
THREATENS MARKET**

Dallas, Texas, August 21.—Col. W.  
B. Thompson, a well known cotton  
factor of New Orleans, and a life-long  
friend to the cotton industry, sounds  
a note of warning in the Manufactur-  
ers' Record of August 12, of the dan-  
ger that threatens the marketing of  
the present crop, and points out a  
specific remedy within the hands of  
every grower.

"During the past three years low  
grade cotton has been a grievous bur-  
den upon the cotton industry," says  
Col. Thompson. "During this period  
the supply of these damaged grades  
has been abnormally large and the  
demand there for abnormally small.  
The over-supply condition was caused  
by bad weather after the cotton had  
opened, and the lack of demand has  
been due to the fact that the normal  
low-grade markets have been closed  
and the additional fact that during  
the war the United States govern-  
ment in formulating its contracts  
rankly discriminated against the low-  
er grades. As the result of these con-  
ditions the grades below middling  
have declined to preposterous dis-  
counts. Low middling is quoted at  
10 3-4 cents per pound less than mid-  
dling, the next above, and good or-  
inary at 18 1-2 cents per pound less  
than middling, and even at these dis-  
counts all the grades in question have  
been and are still practically un-  
saleable.

"It costs more to produce these low  
grades than the higher grades. Even  
when they can be sold at all they are  
sold at an enormous loss. Worse than  
that, the presence of an accumulation  
of unmerchantable stock in the mar-  
ket is a depressing factor in so far  
as the merchantable grades are con-  
cerned. The conclusion is that the  
cotton farmer simply cannot afford  
to produce and market the lower  
grades. These grades not only rep-  
resent an unbearable difference be-  
tween the production cost and the sale  
price, but they constitute a weapon  
with which the producer's antago-  
nists may assault him. Low-grade  
cotton under present conditions is not  
an asset, but an infectious liability.

"Therefore, the plan proposed is  
simply this: Do not harvest any  
grades lower than middling.

"But it will be objected that the  
weather makes the grades and that  
the farmer cannot control the weath-  
er. This is true, but the farmer can  
regulate the grades he picks and puts  
upon the markets.

"As soon as cotton opens pick it as  
rapidly and as carefully as possible;  
have it ginned gradually; when gin-  
ned, store it in a warehouse if the  
same is available; if warehouse is not  
available, take the cotton home, build  
a shelter for it, put in on skids and  
from time to time turn the bale over  
in order that all sides may be ex-  
posed to the air; sell when demand  
calls for it at satisfactory prices.

"Do not pick any rain or weather  
damaged cotton. When the weather  
gets bad, turn the cattle into the  
fields. Do not let the damaged cot-  
ton stay to be picked later and sold  
at ruinous discounts, and in the mean-  
time to be used by your adversaries  
in beating down the price of your  
good grades. Destroy the low-grade  
cotton and through such destruction  
fatten your cattle and your own pocket-  
book.

"If this plan is carried out—and it  
will be carried out by every sensible  
farmer who considers the same—the  
coming crop will be reduced by sev-  
eral million bales in quantity, will  
be increased by many million dollars  
in value, and at the same time the pro-  
ducer will save the loss incurred in  
the production of an unmerchantable  
commodity and will rout his would-be  
despoilers horse, foot and dragon."

**THIS INJUSTICE MUST  
BE REMOVED**

One thing which the census reports  
have brought out forcibly is that the  
next Legislature can avoid redistrict-  
ing the State of Texas, particularly  
with respect to Senatorial districts,  
only by continuing an injustice which  
has disgraced Texas for the past ten  
years or more.

In spite of the fact that the Con-  
stitution provides for redistricting  
every ten years, it has been twenty  
years since the Senatorial districts of  
the State have been reapportioned.  
Throughout all that period the move-  
ment of population has been toward  
the West, and for many years West  
Texas and the Panhandle have been  
the victims of system of taxation  
without representation which should  
not exist under any government call-  
ing itself democratic. There are dis-  
tricts in the West and Northwest that  
have three times as much population  
and pay six times as much taxes as  
some of the districts in East Texas.  
Repeatedly, when this question has  
been brought up, the politicians have  
been able to defeat the effort to re-  
apportion that it cannot longer be  
postponed. The next Legislature must  
deal with it, and it must be insisted  
that it dispose of this question, no  
matter what else comes before it.

The new census figures show that  
the movement of population has con-  
tinued to be toward the West during  
the past ten years. What was an in-  
justice ten years ago is more glaringly  
an injustice today. It must be  
corrected as soon as the complete cen-  
sus figures are available.—Ft. Worth

**SCHEME TO GET FREIGHT CARS**

A farmer at Logan, Iowa, invented  
it. "It" is a brand new way of put-  
ting one over on the railroads and to  
get that much desired article—a  
freight car. Iowa's stockmen have  
had a hard time getting cars in which  
to market cattle and the Logan man  
was no exception. But when the Lo-  
gan man wants a car he goes to the  
yards at a nearby junction point, buys  
a steer and of course it must be  
shipped to him in a car. When it ar-  
rives the railroad agent notifies the  
farmer and he invariably refuses to  
come and get his steer. What he does  
is to bring to the station enough of  
his own cattle to fill the car, along  
with the one that has just arrived  
and then ships the whole lot to Chi-  
cago. If an empty car were request-  
ed by the man from Logan he would  
never get it, but with one lonesome  
steer in the car the railroad gets \$10

**Are You Going to College this Fall?**

Then you will be interested in a school that offers the following  
advantages:

1. A standard four years' college curriculum leading to a Bache-  
lor's degree, and specially equipped to offer advanced instruction in  
Agriculture, Art, Expression, and Music in addition to the usual col-  
lege courses.
  2. A faculty of fifty "hand picked" specialists in the various  
fields of learning.
  3. A department of Music unexcelled in the whole Southwest,  
giving private instruction in voice, piano, string instruments, band,  
orchestra besides instruction in public school music.
  5. A Department of Agriculture equipped with splendid labora-  
tories and sufficient land for work in horticulture and stock farm-  
ing. We have a herd of high bred dairy cows, a few fine hogs, and a  
poultry yard.
  6. A school plant that represents the last word in school archi-  
tecture, consisting of an Administration Building, A Dormitory for  
girls, an Infirmary, a metal shop for Manual Training, and heating  
plant, conservatively valued at \$1,250,000 and easily surpassing all other  
institutions within three hundred miles.
  7. A Dormitory for women that has every modern convenience at  
a minimum of expense, under the direction of as fine Christian influ-  
ence as can be found anywhere.
  8. A Kindergarten in charge of trained experts, used as demon-  
stration school for Kindergarten teachers.
  9. A common school of nine grades under expert instructors used  
as a demonstration school for grade and high school teachers.
  10. A Manual Training Department that offers courses in all  
forms of wood and metal work and printing.
  11. A Director of Athletics and Physical Education for both  
men and women and the very best equipment for these departments  
including a beautiful indoor swimming pool, shower baths, an unex-  
celled gymnasium, six tennis courts, a base ball and foot ball field, a  
race track, etc.
  12. A Library of 10,000 volumes, unexcelled in quality and ad-  
ministered by trained librarians.
  13. The religious life of the school is distinctly invigorating. De-  
votional exercises are held daily for the entire student body. The  
Y. W. C. A. maintains a paid secretary who gives general direction to  
Christian activities. In addition, the Baptist and Methodist Churches  
will have paid secretaries here during the coming session.
  14. Expenses very low—no tuition (except for private instruction)  
free text books, cheap board.
- There is no need for the young people in the Panhandle and Plains  
to go away from this section for college advantages, when all of the  
above unexcelled facilities are to be found in The West Texas State  
Normal College, Canyon, Texas.

## 22 COUNTIES JOIN TEACHERS INSTITUTE AT CANYON

West Texas Teachers will Assemble at Canyon September 6-10 for Week of Institute Work

Public School teachers of 22 panhandle and plains counties, between 1,500 and 2,000 in number, will assemble at Canyon week of September 6-10 for the annual teachers' institute to be held there. It will be the most ambitious effort in the way of a teachers' assemblage ever undertaken on the Plains. Among the special lecturers scheduled for the week are Dr. David Snedden, Columbia University; Pres. J. A. Hill, West Texas State Normal College; Judge Jas. D. Hamlin, Farwell, Texas; Supt. M. H. Duncan, of Amarillo; Supt. B. B. Cobb, Waco; and F. R. Jamison, Amarillo.

**Advantages of a large institute**  
The present tendency towards larger organizations for effective work has now become an established practice in most communities. The Consolidated Institute, held at the West Texas State Normal College during the fall of 1919, fully demonstrated the value of concerted effort as it applies to the profession of teaching. At the close of this institute the vote was unanimous to return to Canyon for a still greater institute.

Among the special advantages of the institute for this fall are ten lectures by Dr. David Snedden of Columbia University. Dr. Snedden needs no introduction to the teaching profession. He has written a number of live books, which are widely read; he has studied at first hand the educational conditions of many parts of the United States; and he is a recognized authority among the educators of our country. His lectures alone will more than justify the expense of attending the institute.

Canyon has many advantages over any other town of the plains for the West Texas State Normal College is ample in size and has splendid appointments. A well equipped library will be open daily for the use of those attending the institute; a swimming pool holding ninety thousand gallons will be open from 3 o'clock to 5 o'clock each day. Cousins Hall, the new dormitory of the West Texas State Normal College, will be ready for use by August 15th, and it will be open for rooms to the teachers attending the institute.

The large institute enables those in charge to employ some of the best talent of the country to give instruction in every phase of public school work. The following departments will be maintained at the institute to be held this fall: A General Session, at which inspirational addresses will be the main feature; a High School Section, in which problems pertaining to the high school will be discussed; an Intermediate Section, Rural School Section, and a Primary Section.

## General Information

1. Teachers arriving in Canyon for the Institute should report immediately at the college and apply to Room 105 for information as to a boarding place.
2. All teachers should be on hand for the opening exercises Monday morning, and should be prompt and regular in attendance throughout the week.
3. A record of the daily attendance of all teachers will be sent to the County Judges or County Superintendents whose teachers are in attendance upon the Institute.
4. The program and all numbers on the program will begin and close on scheduled time.
5. Teachers should make a list of subjects which they wish discussed at the Institute, and they should submit this list to the secretary of the Institute immediately upon arriving.
6. An Employment Bureau will be maintained for the benefit of school authorities in need of teachers.
7. An effort will be made to publish the proceedings of the Institute, that teachers may have them for future reference and use.
8. Teachers should feel free at all times to take an active part in every number of the program.
9. Arrangements will be made for County Judges, County and City Superintendents to meet with their teachers. Those desiring such conferences should hand an announce-

ment to the Secretary of the Institute stating the time and place of such meeting.

10. Social occasions will be arranged for the purpose of getting acquainted with each other.

11. Good room and board will be provided near the college.

## MRS. WILSON ADDS EVENING GOWN TO COLLECTION

Washington, Aug. 23.—An evening gown worn by Mrs. Woodrow Wilson has just been added to the historic collections of gowns worn by the wives of the Presidents in the United States National Museum. The dress, mounted on a mannequin, is of black velvet trimmed with jet and lined with electric blue silk. It was worn at a Pan-American ball in Washington just after Mrs. Wilson's marriage to the President.

Mrs. Wilson, it has been learned, arranged to gown the figure herself, draping it to her own satisfaction. The figure has been placed in a glass case and completes a collection of gowns worn on historic occasions by wives of the Presidents from the time of Martha Washington.

## FORT WORTH'S POPULATION FIGURES ARE 106,482

Washington, Aug. 26.—Ft. Worth Texas, with a population announced tonight as 106,482 has joined the list of cities having a population of 100,000 or more. Since 1910, Fort Worth has increased 33,170 or 45.2 per cent.

The Texas city is the 18th to come into the 100,000 class since the census and increases the total number of cities in that class to 68.

Out of the more than 3,000,000 Ford cars now in use, about sixty percent have been sold to farmers. Probably no other one thing has brought to the farm so much of comfort and profit as has the Ford car. It has enlarged the social life, doubled the facilities for marketing, brought the town next door to the farm, multiplied for the farmer the pleasures of living. A family car without an equal in low cost of operation and maintenance. We solicit your order for one now because the demand is large and continually increasing.

## CITATION BY PUBLICATION

THE STATE OF TEXAS:  
To the Sheriff or any constable of Floyd County—Greeting:

You are hereby commanded, that you summon, by making publication of this Citation in some newspaper published in the county of Floyd if there be a newspaper published therein, but if not, then in the nearest county where a newspaper is published once a week for four consecutive weeks previous to the return day hereof. The Texas Land and Development Company, the Old Colony Trust Company, Minor C. Keith, Harry Miller, Ward Pearson, Francis Hart and Bradley Palmer, who are non residents of the State, to be and appear before the Hon. District Court, at the next regular term thereof, to be holden in the County of Floyd, at the Court House thereof, in Floydada on the 20th day of September, 1920, then and there to answer a Petition filed in said court on the 6th day of August A. D. 1920, in a suit numbered on the docket of said Court No. 1225 wherein Milton Zimmerman is plaintiff, and Texas Land & Development Co., et al are defendants the nature of the plaintiffs demand being as follows, to-wit:

The plaintiff, Milton Zimmerman sues the defendants for negligently killing Alice Zimmerman, a minor daughter of Milton Zimmerman, about the 25th day of March, 1918, in Floyd County, Texas, while she was working in and near apparatus used for the purpose of raising water from the earth below the surface thereof with which to irrigate; and the said machinery was out of order, which caused it to break in part and a portion thereof to fly off and kill the said minor child of the said Milton Zimmerman. That it was the duty of the said defendants to have used ordinary care to have kept said machinery in a safe condition, which care they failed to use, the proximate cause of said death and damage; and that and because thereof the said Milton Zimmerman has been damaged in the sum of twenty five (\$25,000.) Dollars for which he prays judgment.

Herein fail not, and have you before the said Court, on the said first day of the next term thereof, this writ, with your endorsement thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in Floydada, Texas, this 6th day of August, A. D. 1920.

(Seal) TOM W. DEEN,  
Clerk District Court, Floyd County,  
Texas.

**SOME TRAFFIC FEATURES**  
Red Seal Continental 3 3/4x5 motor; Covert transmission; multiple disc clutch; Bosch magneto; 4-piece cast shell, cellular type radiator; drop forged front axle with Timken roller bearings; Russel rear axle, internal gear, roller bearings; semi-elliptic front and rear springs; 6-inch U-channel frame; Standard Fisk tires, 34x 3 1/2 front, 34x5 rear; 133-inch wheelbase; 122-inch length of frame behind driver's seat; oil cup lubricating system, chassis painted, striped and varnished; driver's lazy-back seat and cushion regular equipment. Pneumatic cord tire equipment at extra cost.

**THE LOWEST PRICED 4,000 LB. CAPACITY TRUCK IN THE WORLD**

Putting performance above price defines the Traffic policy. If motor trucks could run on their reputation, your only consideration would be price. A name and reputation gained on past performance cannot compete with qualities that guarantee present performance and the fulfillment of future demands.

Traffic quality insures continuous service on the job, year after year. It is without a competitor for either price or performance. Saves you hundreds of dollars in first and final cost. It cuts the cost of hauling with teams in half. See it today.

**THAGARD-HARMON WEDDING**

One of the prettiest weddings of the week was solemnized at the home of Mr. and Mrs. A. N. Gamble 1602 Monroe St. Wichita Falls, Texas, Friday at high noon, August 20, when Miss Sabra Thagard, formerly of Floydada, but now of Wichita Falls, became the bride of Mr. E. Clyde Harmon, a prosperous young business man of Graham, Texas.

To the soft strains of Mendelssohn wedding march played by Mrs. Gamble the bride and groom entered with Mr. and Mrs. Ben Corder as attendants.

The beautiful ring ceremony was said by Rev. Tittle, of the Floral Hts. Methodist Church, while Mrs. Gamble at the piano played softly "Melody of Love". The bride wore a traveling suit of the "New Brown" with hat and accessories to match and had a corsage of cream rose buds.

Immediately after the ceremony a three course luncheon was served.

Mr. and Mrs. Harmon left on the Denver for southern points after which they will be at home in Graham, Texas.

Mrs. Harmon is the daughter of Mrs. Addie Thagard of Floydada. —Contributed.

For Nineteen-twenty the Maxwell

Presents a series of improvements that are gratifying from the standpoint of appearance and of purely practical performance.

You will look in vain for a Maxwell unit that has not been improved in one or other of these respects.

The low hung body, the altered hood, the full crowned fenders, the new-type headlights, the arrangement of the instrument board and a hundred other details all prove how closely the designers have applied themselves in developing the appearance of the Maxwell into a more harmonious whole.

In mechanical equipment, we have the Hot Spot and Ram's Horn manifold, which make the Maxwell motor complete master of its fuel conditioning and give it added power and economy in all climates and temperatures.

Front axle, rear axle, frame, transmission, electrical equipment, radiator, steering gear, universal joint and so on down to the emergency brake have been improved in quality or design, in line with the Maxwell policy of constantly developing the mechanism that has so well proven itself during the past five years.

All changes apply to the four makes.—Roadsters, Coupe, Sedan and Touring Cars.

Boys Clothes as Good as Fathers Made by Hart Schaffner & Marx

There was a time when boys' clothes didn't cost much. So little money was involved that parents didn't worry whether clothes lasted or not. But now since everything costs more, boys clothes represent a substantial investment. Parents have got to see that their boys get good clothes if they are going to get their money's worth. We have the best clothes for boys that were ever made. They are all wool, and are expertly tailored. Made by Hart Schaffner & Marx, and made as carefully as their clothes for men. The new fall clothes are here, and you are going to fit the boys out for school right away, come round and see these boys suits that we are showing. We'll be glad to show you any day.

Miss Louise Colville is home from a two-weeks vacation visit at Aledo, where she was the guest of Miss Annie McClinchey.

Notice of Removal of Office

I have moved my office from room in the rear of The First National Bank and am now located in The First State Bank, where I will be glad to meet my customers and friends.

In making this announcement of the change in office quarters, wish to call the attention of my friends and customers to the fact that I still represent out of town individual money, together with regular loan and mortgage companies, in making farm and city loans and

would be glad to have you come around and talk over your needs in this line.

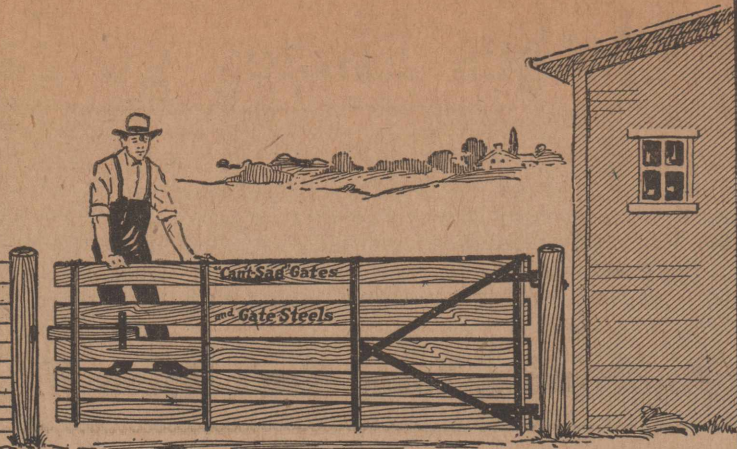

I appreciate greatly the business that has been entrusted to me in the past, and believe I am safe in promising you equally as good service at my new location as ever. I will be actively associated with The First State Bank and in this connection wish to say that I will make every endeavor to make your dealings with this institution mutually pleasant and profitable.

**AMERICAN LEGION CONDUCTING SEARCH FOR SOLUTIONS TO MORE THAN 2,000 MYSTERY DISAPPEARANCES OF 'YANKS'**

Washington, D. C., Aug. 21.—The American Legion is carrying on the search for solutions to more than 2,000 individual death and disappearance mysteries among soldiers and sailors of the American Expeditionary forces. These are cases where official action has run its course and terminated with the always brief and sometimes conflicting reports of "missing in action," "killed in battle," or "presumed to be dead." In each case it is claimed that definite or detailed information has not been received by the family of the soldier or sailor in question.

How many more than 2,000 such cases there may be is not known, but the American Legion Weekly has received that number of letters from the kin and friends of missing men. There are instances where it appears that men sailed for France and straightway disappeared from the face of the earth. No conclusive word ever has been received of their fate. There are cases by the score of men reported "wounded" or "slightly wounded" and no other word, until, months later, perhaps, the curt official announcement of "presumed to be dead." Cases are reported of men reported dead, then wounded, later missing, later "returned to duty." But the men have not come home. There are cases where men have been reported dead on a certain date, but members of their families received letters written by their soldier kin's own hand at a later date. There are cases where families have received unofficial report that their soldier kin was seen alive after the date of his official demise.

By far the largest class of letters, however, are those from gold-star mothers seeking word from a comrade who was with her son when he fell. The war department—which, considering everything has been remarkably accurate in accounting for casualties—has reported the date and place. Mother desires simply such details as will enable her to reconstruct her mind—so many write—the scene in which her boy made the great sacrifice.

The "Roll Call" department in the American Legion Weekly where these communications are published is the most poignant personal column in the world. Every item carries its burden of human sorrow or breathes a hope that will not die. It is a column which, in bald brevity, sums up the heroism of the manhood of America and the trials of those who stayed behind and day by weary day carry on the search for those who did not come back. The greatest human interest stories in the world are told in scant

paragraphs such as these:

94th Aero Squadron—Homer Key, Box 116 Holdenville, Okla., would like to hear from someone who knew Lieut. Raymond J. Saunders, and who could give details relative to death in France and where he was buried. Last seen in combat with twelve enemy planes over Breullis, about fifteen miles northwest of Verdun, October 22, 1918.

John W. Hotz formerly 36th Co. 152nd Depot Brigade, Camp Upton, N. Y. Who knows whether he went to France and was killed or pulled through. Address Mrs. Gertrude Hotz, 435 Second St., Brooklyn, N. Y.

Missing in Action—Private Leonard Delbert Philo, 95th Co., Six Marines. Reported wounded in Soissons drive July 19, 1918. In September 1919 mother received notice that "Philo Leonard" had died and was buried in France. She does not believe it is her boy. Comrades are reported to have seen him alive and well in the fall of 1918. Address his sister, Mrs. H. W. Johns, 107 Glenwood Ave., Battle Creek, Mich.

309th Inf., Co. M.—Lieut. Duncan Campbell, wounded Nov. 1, 1918; died Nov. 4; No news after leaving first dressing station. Information wanted by wife, Mrs. Campbell, 19 W. 9th St., New York City.

104th or 194th T. A. Batt. F.—the parents of Joe H. Johnson will communicate with I. M. Adams, 19 East Vernon Ave., Pleasantville, N. J., they may receive a testament and three snap shots belonging to Johnston, which were found on a battlefield in France.

358th Inf. Co. M.—Will the soldier who was with Sgt. John W. Smalley when he charged a machine gun nest and was killed near Vilecy, France, Sept. 12, 1918, write Florence B. Berney, 404 Walnut St., Alexandria, Ind.

126th Inf. Co. 1.—Will the sergeant who was saved by Pvt. Homer Whisler on Oct. 9, 1918 at Romagne write to Whisler's mother, Mrs. Mary E. Whisler, Hillsboro, O., R. F. D. 11. Information concerning her son's death wanted by Mrs. Whisler.

55th Nurses Unit—Ruth G. Morgan; last heard of on way to France, August 1918. Information of her fate desired by E. B. Bauman, Box 364, Flemingsburg, Ky.

Missing in Action—Pvt. Arthur Hill, 36st Inf., wounded in October in Argonne and seen walking off the field. A buddy saw him in a hospital in France. Since then nothing has been heard of him. Family fears he is a mind case in some hospital and has heard rumors that he is under treatment in the United States. Address cousin, W. R. Cawthre, 10 Clay St., Worcester, Mass.

109th Inf. Co. B.—Pvt. Charles James Hunt, wounded, gassed, captured and reported died of wounds. Mother would be grateful for any particulars of the engagement in which her son was wounded and taken. She also wants to know what kind of gas it was and how it affects men. Write Mrs. John L. Hunt, Route Box 29, Mount Union, Pa.

59th Inf. M. G. Co.—Pvt. Raymond M. Schmidt, reported wounded Oct. 3 or 4, 1918 and died Oct. 8 at Fourth Field Hospital, Cussey, France. Mother wants to hear from anyone who

saw her boy shortly before he died and knows whether "he said anything on his deathbed." Address Mrs. Matthew Schmidt, 507 Rush St., Dubuque, Iowa.

"U. S. S. Otranto"—Pvt. Clyde Mott went down with his vessel when she sank in a storm off the Irish coast. His parents want information about his death from survivors. Write his brother-in-law, John C. Doolittle, Savannah, Ga.

103rd F. S. BN., Co. C.—Otis Lyle Canady, gassed and died later in hospital at Quincy, Sept. 9, 1918. On way to hospital he gave his personal effects to Sgt. Tracy in charge of ambulance to be mailed to his father. Sgt. Tracy gave them to a Y. M. C. A. worker to attend to it. Any one knowing this "Y" man write to his father C. M. Canady, 618 Park Road, Ambridge, Pa. Will the nurse or doctor with Pvt. Canady when he died also write?

23rd Inf. Co. I.—Pvt. Floyr Holtz died July 29, 1918, after having been wounded at Vaux, July 1. Government bureaus can furnish no other information. His mother died last November while mourning for him. Details of his death are sought by sister, Mrs. Florence Tiviss, 33 Bridgeport Ave. Devon, Conn.

#### NEWS OF LOCKNEY

From The Beacon:

The first sale of registered Poland China Hogs in Floyd county was held this week by Walter Denny at his place 10 miles north of Lockney. The sale was a success in the point of prices and the numbers in attendance from within and without the county.

Mr. Denny in his converter sale offered 21 head of thoroughbred Poland Chinas. The 21 head averaged \$194.25. The 21 head brought around \$4,000. Four of these hogs were four months old pigs and one was five months old. One gilt sold for \$1,000 and was bought by Joe Mason, who lives east of Lockney in Floyd county. Denny's Long Orange brought \$660 and was bought by Ludwig Irlbeck of Happy.

The fourth day of last December Mr. Denny bought a gilt at Childress and paid \$200 for her. In this sale she and her three months old pigs brought \$1,300. Can any investment beat this?

G. F. Rigdon and wife returned the latter part of last week from an extended visit to relatives at Moran, Texas. They will leave in a few weeks for South Texas to spend the winter.

The First National Bank is recalcitrating the rooms in the rear of their banking parlors, preparing for the reception of the post office.

T. W. Thagard and family returned last Saturday from California where they have been for the past year. They return to make their future home here again. Tommie says that he got enough of California, and is glad to get back home. He has moved into his home in the west part of town.

#### BETTER TO MAKE HASTE SLOWLY

The fellow who gets into dairying slowly, who feels his way, experiments on a small scale and studies his subject and then branches out, usually makes good. We know a man who failed in the dairy business. He had a nice herd of Holsteins, too. The trouble was that he had put all his available capital in stock. He had no experience with milk cows, had no good sheds, had raised no feed, and had no experienced help. His cows, used to good shelter and good care, went down rapidly, the feed bills ran up faster than his cream checks, so the man became discouraged and sold out to a man in Greeley. Had he started with three or four cows as good as those he had, put them in comfortable quarters, got on speaking terms with the breed, and watched them closely, meanwhile putting in a silo and planting crops to fill it, he would have gotten along all right. He started at the wrong end of the game and lost out. Get the feed first, plan for a silo to care for it, and then get the cows, and if you don't know cows pretty well don't get too many at first. Of course if the man with plenty of capital wants to risk more at the start, that is his lookout. If he has losses he is prepared to take the risk. The man with the thin pocketbook cannot afford to take chances.—Field and Farm.

#### BALANCED DIET NEED OF TEXAS CHILDREN

Austin, Texas.—Most children of to-day do not get enough variety of food, do not take enough time to eat their meals, and do not get enough sleep. This is the statement made by Miss Pearl N. Hyer, R. N. public health nurse of the Texas Public Health Association.

In her physical examinations in the public schools Miss Hyer has discovered that these three things are responsible for fifty per cent of Texas

children being underweight. To help remedy this defect among the children the Texas Public Health Association recently sent an article by the public health nurse to a number of Texas mothers.

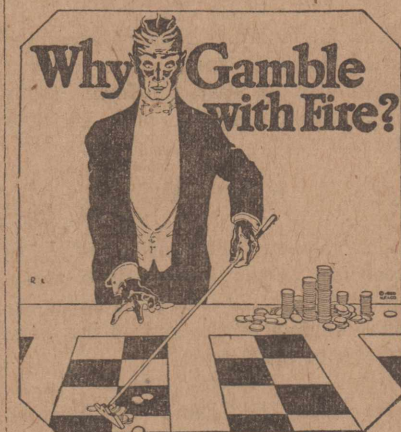

"Children should eat a variety of food," said Miss Hyer; "not so much at one meal, but it must be seen that the meals of the day are balanced. Three things, and not over four at a meal are all that are necessary.

"The following foods give the elements of nourishment necessary for almost any age, work or climate. I advise that all mothers should see that their children eat daily: (1) Cereal, whole grain, well cooked; (2) Eggs once a day when no meat is used; (3) Milk—one pint to one quart; (4) Potatoes and leafy vegetables such as spinach, onions and lettuce; (5) fruit; (6) Meat not more than once a day—avoid fried meat; and (7) Bread and butter with every meal—whole wheat bread is best."

"Diet for children should be up-building," declared the nurse, "and should reserve strength and energy. Any kind of food which will not do this is not worth eating, regardless of whether it tastes good or not. Beware of too much candy. It is hard on the teeth and not good for the system. Children crave sweets when they are not eating right—there is a lack of some element of nourishment. If they must have sweets, they are best eaten at the end of a meal, not between meals. Sweet fruits like raisins, figs, and dates are good; white honey is an excellent sweet."

Miss Hyer declares that a child needs food that will supply building materials such as milk, eggs and cereals; and those which give energy, such as cereals, fats, green vegetables and fruits. The nurse tells the mothers of Texas that these rules, if followed, lessen the cases of underweight among Texas children, and build up bodies strong enough to throw off disease.

J. W. Jones returned last week from a months' visit in Tennessee at his former home with relatives and friends.

#### WEAKENED BY RUST

Many a piece of farm machinery is broken in use, at a busy critical period, because the part has become weakened by rust.

Nowadays when a machine breaks it is not only the cost of replacement to be considered, but the machine may be out of service for several days or weeks because the dealer's stock of parts is low and completely out on some items.

And it isn't the dealer's fault either in most cases. He has orders in for short stock parts, but ordering is one thing and getting the orders filled is something else, as all machinery dealers and their customers know to their sorrow.

All farm machinery should be kept painted. Reduce breakage to the minimum. Parts will break often enough when machines are handled with the utmost care, but just now when replacements are so expensive and so difficult to get promptly regardless of price, the least the farmer can do is to guard against this unnecessary weakening of essential equipment, by allowing rust to set in on it.

Fortunately paint isn't scarce. It takes very little time to apply it and

RESOLUTIONS OF RESPECT

Whereas J. Duke McGuire passed to his reward August 20, 1920; and, Whereas Duke was faithful and consistent member of our Sunday school class, always manifesting a deep interest in the aggressive work of the church. Therefore, be it resolved:

First. That we the members of the Epworth class of the M. E. Church South, of Floydada, Texas, humbly record our sense of the great loss sustained by the class—a vacancy having been made which will be hard to fill;

Second. That we desire to emulate his worthy life, cherish his memory and practice the same Christian graces that beautified his life and made him a blessing to his home and church. He carried out God's plan in loving his neighbor as himself. He lived each day that when the summons came he was ready to look in his dear Savior's face.

Third. That a copy be sent the Floyd County Hesperian for publication and a copy be furnished the bereaved family.

Humbly and reverently submitted,  
Mrs. Jno. W. Smith,  
Clara Lee Johnson,  
Edith Beedy.

TO THE CITIZENS OF FLOYD CO.

I wish to express to each one of you who spoke a word, performed an act, or cast a vote in either of the recent campaigns that showed your confidence in me as being worthy of the votes cast for me as a candidate for County Judge of your county. For every particular deed, I feel profoundly grateful.

Sincerely,  
W. B. CLARK.

CARD OF THANKS

We wish to thank our many friends who were so kind and thoughtful during the death of our dear brother and friend, J. Duke McGuire, and also for the beautiful floral offering. May you be blessed with such friends when trials come to you is our prayer.

Robert McGuire,  
Mrs. Jno. W. Smith,
