

Election is Saturday...

Rollback issue to be resolved

Scurry County citizens will go to the polls Saturday to determine the outcome of a hotly-debated subject — whether county taxes should be rolled back.

Polls will be open from 7 a.m. until 7 p.m. for the election, which will decide if taxes will stay at 39.80 cents or will be rolled back to 34.75 cents per \$100 valuation.

According to the county clerk's office, 1,064 ballots were cast in the absentee period of the election, which concluded Tuesday. The original figure of 1,059 was upped when five more ballots were received by mail at mid-week. County Clerk Frances Billingsley said two mail ballots have yet to be received by her office.

Voters are reminded that they should cast their ballots at the box noted on their registration cards. Upon request, ballots will be brought out to the vehicle of anyone who is unable to go inside to

vote.

The election has sparked widespread interest, especially in the fact that it comes just days after a public meeting which revealed the results of an operational audit of county operations.

The audit indicated a number of areas in which the county might change operating procedures. Both sides of the rollback issue — the Committee For Tax Facts, which opposes the rollback, and the Citizens For Fiscal Restraint, which favors it — agree that some changes in county operations are necessary. The groups differ in the method in which they would make those changes, however. A question-and-response article conducted by Snyder Daily News on the rollback is located on page 9 of today's issue.

1.05 inches...

Rain is welcome but more needed

from local, wire reports

A clearing trend is expected across West Texas early Saturday but in the meantime, area farmers can be thankful for some much needed moisture — despite the cold.

Snyder received 1.05 inches in the 24-hour period between 7 a.m. Thursday and 7 o'clock this morning. That amounted to more rainfall than all of November, December and the first half of January.

Rainfall reports from around the county were sketchy. Ira received approximately three-quarters of an inch while the area west of Snyder recorded 1.10 inches in a 24-hour period. The Dunn area noted only about .45 of an inch.

"I think it has helped but we need a lot more. I think it ought to help the wheat some," said Deanna Holladay, county entomologist. "It's been so dry for

so long that there isn't any deep moisture. We need more rain to give us some deep moisture, then a good planting rain for cotton."

Cold temperatures accompanying the winter storm have led the Texas Highway Department to issue cautions to motorists to be alerted to possible ice on bridges in Scurry County and the surrounding area. According to Snyder Water and Filter Plant, the overnight low was 35 degrees.

Conditions are much worse and travel warnings were issued towards the Panhandle, where a strong winter storm dumped as much as nine inches of snow. Snow drifts of three to four feet were common across northern portions of the Panhandle and blizzard-like conditions forced officials to close two major highways.

Officials said the mixture of rain, freezing rain, sleet and snow across the South Plains was expected to cause hazardous driving conditions.

The highway department reported early today that U.S. 287 was closed north of Dumas and U.S. 87 was closed northwest of Dalhart.

All highway travel in the Panhandle was strongly discouraged, highway department officials said.

The strong upper-level storm system that triggered the winter storm is expected to move out of the southern Rockies later today and will move east northeastward into the Central Plains tonight and Saturday.

PEDESTRIAN ACCIDENT — Snyder EMS Ambulance Service employees attend to 19-year-old Robert McCleaf, who was injured in a noon hour Thursday car-pedestrian accident in the 3700 Block of College Ave. (SDN Staff Photo)

Pedestrian injured in accident

A 19-year-old city man was undergoing surgery today at Cogdell Memorial Hospital for injuries sustained in a car-pedestrian accident at 12:18 p.m. Thursday in the 3700 Block of College Ave.

Police said Robert A. McCleaf of 2314 Merrill Ave. was walking west across College when he was hit in the left passing lane by a northbound 1988 Chevrolet driven by Julie Doty of 3112 38th Place.

McCleaf, an employee of the nearby Gill's Fried Chicken restaurant, was listed in stable condition prior to going into surgery at 9 a.m. for a ligament injury to his left leg.

A hospital spokesman said McCleaf also had a scalp laceration and contusions.

After the accident, he was taken inside Red Faver's Fina service station, across College from Gill's, where his leg was stabilized in a splint by Snyder EMS Ambulance Service personnel.

The accident happened in the Thursday rainstorm that had started just before noon, and it was considered necessary to get McCleaf indoors because of the cold.

Police investigated three other traffic accidents Thursday, the next at 12:36 p.m. in the 2800 Block of 38th St., where a 1981 Oldsmobile driven by Gilbert R. Merritt Jr. of 4509 Fredonia Ave. was in collision with a 1956 Chevrolet driven by John B. Pilgrim of 2108 42nd St.

At 2:29 p.m. in the 3400 Block of College, a 1986 Oldsmobile Cutlass driven by Samantha D. Blythe of 3001 Ave. W. was in collision with a 1980 Buick driven by Kristi K. Prather of Box 961.

A 1989 International tractor-trailer rig driven by Eldon D. Stinson of Portland, Tenn., was in collision with a 1988 Chevrolet Suburban driven by John M. Beverly of Midland at 2:40 p.m. at 30th St. and College Ave.

Good government...

Seminar speakers now said finalized

All but one speaker has been confirmed for the upcoming educational seminar, "Scurry County: Good Government for the 90s and Beyond," offered through Western Texas College Community Service Division and co-sponsored by the chamber of commerce and Leadership Century II.

The governmental affairs committee of the chamber of commerce has endorsed the seminar scheduled for Feb. 17 from 8 a.m. to 1 p.m. at the Fine Arts Theater on the campus of WTC. The price will be approximately \$35 plus the luncheon meal.

Jerry Vestal's CPA firm is designing and coordinating the program which is open to the general public but targeted toward elected officials, those seeking public office and those interested in county government.

Communities where WTC has extension centers will also be targeted, with governmental entities in those communities being placed on the mailing list, which includes some 550 people in and out of Scurry County, according to Mike Thornton, director of WTC's community service division.

Speakers for the event include George Patterson, Highland

County officials contemplate recommendations from audit

County officials today said some of the recommendations in the recent county operational audit, such as a new accounting system, have already been, or soon will be implemented, while other suggestions will require further review.

County Judge Bobby Goodwin opened the 10 a.m. commissioners court meeting by issuing a list of priorities for the implementation of operational audit recommendations: accounting policies, the budgeting process, capital assets inventory, job descriptions and data processing.

County Auditor Linda Franklin and County Treasurer Rita Staton also spoke during the one-hour session about the budgeting process and investments of county funds.

Goodwin said the county's outside auditor, Jerry Vestal, last year recommended several of the changes proposed in the Coopers & Lybrand report that was aired in a Monday night public meeting in the district courtroom.

Two men from the Texas (see SEMINAR, page 9)

One of them, changing to an accrual rather than a cash basis accounting system, was implemented Jan. 1 of this year, Goodwin said, and another, developing a more sophisticated method of purchasing, will be undertaken with the assistance of the Western Texas College and City of Snyder purchasing departments.

However, the county judge said Coopers & Lybrand's recommendation for such departments as the coliseum and the county airport to become self-supporting may be ill-advised.

"The coliseum was not designed to be self-supporting, and it can never be self-supporting," the judge said.

He said the airport requires an annual infusion of about \$20,000 in county funds but produces a large percentage of the revenue (see AUDIT, page 9)

The SDN Column

By Roy McQueen

The feller on Deep Creek says, "More people would be interested in things like voting if it were made illegal."

The 1980s has been the decade of hi-tech, and computers are constantly changing our lifestyles. It was a victory for the human race late last year when the World Chess Champion went up against a chess-playing computer and won two straight matches—with ease.

National columnist Lew Grizzard admits that the computer is better at some things than humans. Computers are often faster, more dependable and more accurate, but Grizzard had a list of things that computers can't do.

Computers can't:

- Purr. Who wants to pet a computer?
- Replace women. Who wants to hold one in his arms in front of the fireplace?
- Fry a chicken like mom—crispy brown on the outside, tender on the inside.

- Teach a small boy how to throw a curve ball.
- Make a friend.
- Fix a flat tire.
- Deliver my newspaper.
- Pat me on the back and say, "Great putt, partner."
- Call a square dance.
- Get up and get me a snack when Southern Cal is threatening to score late in the game against Notre Dame.
- Sing, "Angels Flying Too Close to the Ground," like Willie Nelson.
- Drive a truckload of goods from Spokane to Nashville.
- Win a tobacco-spitting contest.
- Write a funny novel.
- Paint a masterpiece or bake a cake.
- Have a baby.
- Give a handshake, hug or warm smile.
- Said Grizzard, "Hurray for our side!"

Q—I walk in the park every day that I can. I always walk on the left side of the road, facing traffic. I meet lots of walkers who are also on the left side of the road, facing me, who are going with traffic. I guess we both think we are right. What do you say?

A—A city policeman said there is no pertinent law that he is aware of, although youngsters are usually taught to walk against traffic, to see "what is coming." He said a pedestrian should probably make the determination according to which method is more comfortable and seems to be the safest.

In Brief

Fog delays

CAPE CANAVERAL, Fla. (AP) — A threat of fog that proved real blocked Columbia's return to Earth until Saturday, making for the longest space shuttle mission yet.

The shuttle had planned a pre-dawn landing today at Edwards Air Force Base, Calif., but Mission Control decided to keep Columbia in orbit because conditions were favorable for a fog bank to move in suddenly.

The new landing time of 12:01 a.m. PST extends the flight to nearly 11 days.

Acquittal

LOS ANGELES (AP) — The former operators of a preschool wept when jurors acquitted them of 52 child molestation charges, but outraged parents of children who attended the school expressed fears for youngsters nationwide.

Jurors in the nation's longest and costliest criminal trial Thursday deadlocked on 12 other sex abuse counts against Raymond Buckley and a single conspiracy count against him and his 63-year-old mother, Peggy McMartin Buckley.

Leland twins

HOUSTON (AP) — The identical twins of the late Houston Congressman Mickey Leland will be named Cameron George and Austin Mickey Leland, their mother says.

Alison Leland, who gave birth to the twin boys Sunday in Atlanta, said Thursday the children will be named after their father.

Local

Study sessions

Snyder Municipal Court and Our Lady of Guadalupe Church are co-sponsoring study sessions for those interested in obtaining a Texas driver's license. The sessions are for Spanish or English speaking people. There will be no charge.

Classes will begin at 7 p.m. at the Guadalupe Center located at 13th St. and Ave. K. The first session will be held Tuesday with others scheduled for Jan. 25, Jan. 30, and Feb. 1. For information, call Fr. Joseph at 573-3866.

Weather

Snyder Temperatures: High Thursday, 45 degrees; low, 35 degrees; reading at 7 a.m. Friday, 38 degrees; 1.05 of an inch precipitation; total precipitation for 1990 to date, 1.11 inches.

Snyder Area Forecast: Tonight, decreasing cloudiness with a low in the mid 30s. West to northwest wind 5 to 10 mph. Saturday, partly cloudy with a high in mid 50s. West to northwest wind 10 to 15 mph.

# Smith began Christian Fellowship in his home

With a background in both music and preaching, J.D. Smith, pastor of Christian Fellowship, one day decided that rather than just talking to people he would meet their needs — their tangible needs such as food, shelter and clothing.

In 1984, he started the church in his home, and it has been located on many rental properties as it has grown. The church recently purchased the previous Ladies Home Furnishings location at 906 26th.

Being optimistic about the

church's growth, Smith said they have not put up any permanent walls yet, and they also purchased half a block for expansion purposes. The church currently has 155 members, nearly double their membership in July.

"Since it (Christian Fellowship) is an independent church, it is for the whole Christian community," Smith said. The church uses the slogan "The church that love built," and it seems appropriate since 94 percent of the budget is used to meet the needs of people.

Smith cites the fact that "no one cares how much you know until they know how much you care," as a personal philosophy. Teaching people is easier, according to Smith, if they are not hungry, dirty or scared.

Christian Fellowship owns a safe house community which consists of several mobile homes and

efficiency apartments where people can stay and get back to a "normal lifestyle."

Along with the safehouse community, the church has five vehicles which are used to meet transportation needs. They also have a storehouse where food is disbursed each month, and a clothing room which is well-used, according to Smith. The church also helps people in need with medical provisions.

Smith realizes that some may be skeptical of the independent church, but counters that the service is based upon the only pattern of a worship service found in the Bible, (1 Cor. 14:26).

Smith received his bachelor's degree in music from North Texas State University in 1962, the same year he married Donna Louise Williams of San Angelo. She also attended North Texas and received her bachelor's degree in music in 1966, the year her husband earned a master's degree.

Having been on staff at five local churches, Smith said he is easily recognizable in Snyder. He has been previously associated

with First Baptist Church, Colonial Hill Baptist Church, Central Baptist Church of Hermleigh, Ave. D Baptist Church, and First Christian Church.

Smith was previously choir director at both Snyder Junior High and Snyder High School. His wife, Donna, is currently music teacher at East Elementary. She has been employed with the Snyder Independent School System for 14 years. The Smiths at one time owned Smith's Music Place on the square, and they still own the building. They have a daughter, Pam Erwin of Wilmore, Ky., and a son, Jon Alan Smith of Lubbock.

GLENN OWEN

## Glenn Owen to speak at East Side

Glenn Owen of Abilene will be the guest speaker at East Side Church of Christ this Sunday. His topic will be "Galatians: The Gospel of Grace."

He will speak three times on Sunday, at 9:30 a.m., 10:25 a.m., and 1:30 p.m. The afternoon service has been set early to enable visitors from other Snyder churches to come without missing their regular evening services.

A fellowship meal for members and visitors will follow the morning worship hour. Child care is provided at all services.

Owen is the director of foreign programming for Herald of Truth, a worldwide radio and television ministry headquartered in Abilene. He is also the speaker for the daily radio program "Let's Talk," now syndicated on numerous stations across the country. Since 1978 he has served as an elder for the Highland Church of Christ in Abilene.

Prior to moving to Abilene in 1970, Owen was a missionary to Brazil where he used his fluency in Spanish and Portuguese to preach the gospel. He has also served churches in Fargo, Iowa and Fort Worth.

Everyone is invited.

**VOTE AGAINST THE ROLLBACK**

The Citizens For Fiscal Restraint say that it is not true that many services will be curtailed or discontinued. They also say there is a lot of waste, duplication and mismanagement according to the recent audit.

If taxes are rolled back our hospital will suffer. Small town hospitals are having trouble even keeping their doors open in some counties. Several years ago Mitchell County Hospital had its Medicare and Medicaid services decertified. In other words, people on Medicare or Medicaid had to go to another hospital.

# Freeze disaster area widens

HARLINGEN, Texas (AP) — The Federal Management Agency has expanded the recognized December disaster area to include five more counties where winter vegetables were destroyed by bitter cold.  
 The expanded area includes the counties of Kinney, Maverick, Dimmit, Uvalde, and Zavala, raising to nine the number of counties in which farm workers, businesses, homeowners and tenants will be receiving assistance under federal and state programs.  
 Gov. Bill Clements says he urged the federal agency to designate the additional counties as disaster areas, which clears the way for low-interest loans and federal unemployment assistance.  
 President Bush last week

designated Cameron, Hidalgo, Starr and Willacy counties as disaster areas.  
 "The Winter Garden area of our state has been ravaged by the December freeze," Clements said in a statement. "And that means growers, farm workers, and many others have been dealt a serious setback. I hope this aid will accelerate their recovery from this weather disaster."  
 Graham Nance, Federal Management Agency Coordinating Officer, urged those suffering losses not fully covered by insurance to apply for aid.  
 "Farm workers, farmers, ranch owners, businesses and other individuals in these additional counties are eligible to apply for the same benefits that have been offered to the counties first named," he said in a state-

ment.  
 State coordinating officer Ed Laundry urged people who lost their jobs as a result of the freeze to apply for aid.  
 Those who were covered fully by unemployment insurance under state laws will receive aid from that source. However, others who lost their jobs because of the freeze, and who are not fully covered by unemployment compensation, may be qualified for disaster unemployment assistance.  
 Those suffering freeze damage to property may apply to the Small Business Association for loans for the amount of uninsured losses up to \$100,000 for homes and up to \$20,000 for furnishings and personal property, Nance said.  
 A toll-free number, 1-800-527-

7735, may be called Monday through Saturday from 8 a.m. to 6:30 p.m. for information on the aid available.  
 Small businesses that normally are able to meet bills and pay operating expenses — but which are unable to do so because of the effect of the freeze — may also apply to the SBA for loans.  
 Nance said farmers and ranch owners in the nine declared counties, plus the contiguous counties of Val Verde, Edwards, Webb, LaSalle, Frio, Medina, Real and Bandera, are eligible to apply for emergency loans through the local Farmers Home Administration.  
 These loans are to cover crop and livestock losses resulting from the freezing weather and can be for the amount of the loss up to \$500,000.

## Austin hospital importing nurses from out-of-state

AUSTIN (AP) — Brackenridge Hospital has been hit so hard by the nationwide nursing shortage that the city-owned hospital is importing nurses from outside Texas in an effort to hire them permanently, a hospital official says.  
 "There are just not enough nurses in town to fill our needs," said Betty Himmelblau, Brackenridge Advisory Board director. "Every hospital is facing this crisis."  
 The Austin City Council on Thursday approved a \$662,000

contract with two firms — one in Colorado, the other in Massachusetts — to supply nurses over the next year.  
 The unanimous vote of the council — which often balks at hiring out-of-state firms over local companies — is indicative of the seriousness of the nursing shortage, says Council Member Smoot Carl-Mitchell.  
 "I'm convinced that it is cheaper to fly in nurses from somewhere else and then fly them back when their job is done after a few weeks than to try to

hire all the nurses locally," Carl-Mitchell said.  
 He says local nursing pool services that provide freelance nurses to Brackenridge and the two major private hospitals in Austin often charge "overhead premiums that are high enough that we can actually save money by flying some nurses in for temporary duty."  
 Robert Flatley, acting administrator of Brackenridge, said the \$662,000 will go to Critical Care Inc. of Denver and to TravCorp of Malden, Mass. The firms will furnish about 18 to 20 nurses at a time, flying them in to work at Brackenridge for varying periods of time, generally about eight weeks.  
 "One of the advantages is that we can pick and choose specialty nurses for pediatric intensive care or whatever we need," Flatley said. "This is also a recruiting effort. Not only are we using them temporarily, if we like them, we can hire them permanently, which is what we really need."  
 Flatley said about a third of the \$662,000 will be retained by the firms, with the rest being used for nurses' salaries.  
 Brackenridge's vacancy rate for registered nurses is 15 percent — compared with 9.9 percent for Seton Medical Center and 8.5 percent at St. David's Hospital.

then raising to three clubs might not be enough to keep South moving, but he need not have worried. South had a king in reserve for his opening bid and quickly bid game. Most West players would lead the queen of diamonds and hope that partner would eventually get the lead and be able to play another diamond. But a diamond lead would present declarer with his ninth trick.  
 Today's West, Jane Stickney of McComb, Mississippi, realized that leading a diamond might give up a trick that the defense could not afford. Of course a spade lead would allow East to win and switch to the nine of diamonds, and the defense would take the first seven tricks. Although Jane was not as clairvoyant as that, she did not think that leading dummy's first suit could cost a trick. Accordingly the six of hearts hit the table.  
 Declarer put in dummy's seven of hearts, but East played low. South won the king, played to the queen of clubs in dummy, cashed A-Q of hearts and then the rest of the clubs. That gave him eight tricks. When he now led a spade, East won the ace and played the diamond nine through South. Jane had cleverly unblocked the 10 of diamonds on the ace of spades. When declarer did not cover the diamond nine, East retained the lead to play another diamond for down one.

## The defense prevails

By James Jacoby

West's weak two-diamond overcall did little to keep North and South from proceeding in orderly manner to their no-trump game. North had some slight fears that first bidding two hearts and

## Lee Iacocca to wed for third time

DETROIT (AP) — Chrysler Chairman Lee Iacocca will marry for the third time, his fiancée said as the couple stopped in Detroit en route to Europe.  
 "I'm really excited. I hope he's as excited as I am," Darrien Earle, a California restaurant owner, said Thursday.  
 The couple were in Palm Springs, Calif., when they decided to make the engagement official on Wednesday evening, the second anniversary of their dating, Earle said.  
 The bride-to-be, in her 40s, said

she hadn't yet seen her engagement ring, an emerald-cut diamond flanked by baguettes. The pair haven't set a date, but are considering a fall ceremony, said Earle, a divorced mother of three grown children.  
 Iacocca's marriage of 26 years to Mary Iacocca ended when she died of complications from diabetes in the spring 1983. Iacocca has two daughters.  
 The 65-year-old automotive mogul was divorced from Peggy Johnson Iacocca 26 months ago.

## Dr. Gott Peter Gott, M.D.

By Peter H. Gott, M.D.

DEAR DR. GOTT: My physician recently prescribed an antibiotic to take care of my diverticulitis, but my request for a list of which foods to eat and which to avoid was not granted. Can you give me some guidelines?  
 DEAR READER: Until a few years ago, physicians insisted on detailed dietary restrictions for patients with diverticulitis, recurring infection of the small intestinal outpouchings. The old-fashioned prohibitions included roughage and hard to digest foods, such as nuts, salad, raw fruit and spices.  
 Doctors now believe that diet makes very little difference in preventing this condition. I advise you to chew nuts and salads thoroughly. In addition, you probably should avoid eating fruit with small seeds, such as raspberries, blueberries, strawberries and the like; these indigestible seeds might become wedged in intestinal sacs (diverticulosis), leading to infection (diverticulitis).  
 To give you more information, I am sending you a free copy of my Health Report "Diverticular Disease." Other readers who would like a copy should send \$1.25 with their name and address to P.O. Box 91369, Cleveland, OH 44101-3369. Be sure to mention the title.  
 DEAR DR. GOTT: Does a vitamin deficiency cause white spots under the fingernails? Are there any other causes for this condition?  
 DEAR READER: Vitamin deficiencies are often associated with ab-

normal nail growth, including splitting, peeling and discoloration. However, the white spots you describe are more commonly due to illness and fever.  
 No one knows how nail growth is disrupted during sickness, but white streaks and spots often appear, then grow out with the normal nail after a person regains health. This reaction is not harmful, nor does it indicate a serious condition in most cases.  
 DEAR DR. GOTT: I had an aortogram for a blockage in my right thigh. Following the test, I had no pain. Could the condition have cleared? My doctor suggests surgery, yet I feel better.  
 DEAR READER: During an aortogram (X-ray examination of the aorta), a small plastic tube (catheter) is passed through a leg artery into the aorta. Then liquid ("dye") is injected and X-ray movies are taken. The dye fills the aorta and shows areas of blockage.  
 An aortogram enables physicians

to determine the extent and location of obstruction in the aorta and other large arteries in the pelvis and thighs. The test does not ordinarily produce any therapeutic benefit, although it's possible that, in your case, the catheter or dye could have dislodged a blood clot, thereby improving blood flow to your thigh.  
 In any event, if your symptoms have improved, I suggest you postpone surgery. Most specialists do not encourage vascular operations unless the blockage causes symptoms or is serious enough to be a potential, future hazard. If your doctor insists on surgery, ask for a second opinion from a vascular specialist.

# SPC women batter WTC cagers, 69-44

By PHIL RIDDLE  
SDN Sports Editor

Mike Tyson's last title defense had less physical contact than the WTC Lady Dusters Western Junior College Athletic Conference battle against South Plains College Thursday night.

"The officials really called the game too loose for us to be able to play with them," said Duster head coach Kelly Chadwick after the WTC women fell to SPC, 69-44.

The Lady Texans' size and depth hurt WTC's chances as much as anything as coach Lyndon Hardin just kept sending in fresh bodies.

All-America candidate Sheryl Swoopes, a six-footer from Brownfield, lived up to her billing pouring in 29 points for South Plains.

The opening of the game saw the Dusters in a hustling defensive stance forcing outside shots and getting rebounds and turnovers but unable to get the ball to fall for them.

"I was real proud of the girls," said Chadwick. "They never stopped trying, they took good shots for the most part and they played really good defense."

Western Texas went into a quick 11-0 hole and then as the half wore on, to 29-12.

Bobbie Brown found her range for a three-pointer at 1:59 in the first half to narrow the SPC advantage to 29-15 followed by a short jumper by Tami Wilson to close within 12 points at 29-17.

Swoopes hit another bucket and Jennifer Fritz pushed a free-throw through to give the Lady Texans a 32-17 lead at intermission.

The Lady Dusters began a short, intense spurt that ended with a long basket from Brown, in which they closed the gap to 13 at 45-32 before the floodgates opened.

Deborah Williams popped a three that simply deflated WTC's hopes for a comeback with about 10 minutes left.

Swoopes then banged in two consecutive baskets and South Plains had a 52-32 lead.

Brown made a pair of free-throws with seconds left in the game to end scoring for Western Texas.

"We had to play some girls that just weren't in shape to play," said Chadwick.

"Bobbie (Brown) has a pulled muscle, Tami (Wilson) got a thigh bruise tonight and Carla (Gladden) has two pulled muscles."

"One thing that did please me tonight," he said, "was the play of Kelsey Koester and Tracey Rome."

Rome paced the Lady Dusters' offense with 12 points.

Brown tossed in 11 and Wilson contributed 10.

The loss puts WTC at 13-6 on the season and 1-3 in conference play. South Plains is 17-3 and 2-1.

Chadwick and his team don't have much time to recover from Thursday's loss as they host New

## Ford resigns

COLUMBIA, S.C. (AP) — Clemson's Danny Ford, armed with a \$1 million settlement, resigned and ended an 11-year coaching tenure that brought the Tigers national prominence and NCAA penalties.

Mexico Junior College Monday in the Scurry County Coliseum in a 6 p.m. WJCAC contest.

WESTERN TEXAS—Jones 1 1-3 3, Brown 4 2-2 11, Koester 1 0-0 2, Gladden 3 0-0 6, Rome 2 8-12 12, Wilson 4 2-3 10, TOTALS 15 13-20 44.

SOUTH PLAINS—Llanas 2 0-0 4, Smith 2 0-0 5, Swoopes 1 0-0 29, Husman 1 0-0 2, Blakemore 1 2-3 4, Muller 1 0-0 2, Bonford 1 0-0 2, Williams 3 1-2 7, Fritz 1 1-2 3, Brown 1 1-2 3, Bailey 2 2-4 6, TOTALS 30 7-18 69.

3-point goals: WTC 1 (Brown), SPC 2 (Smith 1, Swoopes 1). Total fouls: WTC 15, SPC 20. Fouled out: none. Halftime score: WTC 17, SPC 32. Records: WTC 13-6 (1-3), SPC 17-3 (2-1).

# SPORTS

# Westerners win, 74-72

## WTC men at 4-2 in WJCAC with decision

By PHIL RIDDLE  
SDN Sports Editor

Western Texas College's men's basketball team is averaging 108.8 points per game, second in the nation.

So, what was coach Tony Mauldin smiling about after the Westerners scored just 74 points Thursday?

The Westerner defense held

Western Junior College Athletic Conference opponent South Plains College to just 72 points.

"South Plains has been winning and holding people to 40 or 50 points," said Mauldin.

"We were pleased to get what we got."

WTC appeared ready to rout the Texans as a free-throw by Kenneth Critton put the Westerners up, 63-49 with 4:44 left in the game.

South Plains pulled back to 65-54 with a bucket by Charles Outlaw and a three-pointer from Tyrone Maxey.

Critton fouled out with 2:33 remaining as he brushed Outlaw underneath. The basket and the free throw were successful and the Texans trailed by just eight.

Cedric Mason went to the line three times for WTC in the last minute and a half, hitting all six free-throws to stave off a furious last-minute rally by the Texans.

Maxey hit a three pointer with four seconds left to make it a two-point game but the Westerners ran out the remaining time to preserve the win.

The Westerners started slow, offensively, falling behind 6-2 before Alfredo Griffin's three-pointer at the 17:19 mark gave the Westerners a short lived lead.

Jeff Stern, the Texans 6-9 sophomore post, countered with a bucket, and then another.

Western Texas sophomore Dominick Byrd hit a driving lay-up to knot the score at 13 and then a long jumper to give the

Westerners a 15-13 lead, a lead they'd not relinquish.

Byrd scored 23 points to lead the charge for Western Texas. Tony Joyce and Allen Smith each added 11.

Outlaw was the high-scorer for South Plains pouring in 21 points followed by Maxey with 16, including three three-point goals, and David Diaz with 10.

"It was a very physical game, but I expect the remainder of the conference games to be that way," said Mauldin.

"They (SPC) played an excellent last two minutes," he marvelled.

"They hit their free-throws when they had to and they made some unreal three's."

South Plains, previously unbeaten in league competition, is now now 15-4 and 3-1.

The Westerners, 14-5 in all games and 4-2 in conference play, have just the weekend to think about the win. New Mexico Junior College comes in to the Scurry County Coliseum Monday for an 8 p.m. meeting as the WJCAC title chase continues.

WESTERN TEXAS—A. Smith 4 3-6 11, Johnson 2 3-4 8, Porter 1 2-2 5, Mason 1 0-2 3, Shelley 0 1-2 1, Byrd 9 5-8 23, Joyce 3 3-6 11, Garmon 1 0-1 2, Brown 2 0-0 4, Critton 2 2-3 6, TOTALS 25 19-34 74.

SOUTH PLAINS—Maxey 6 1-1 16, Moore 0 2-3 2, Wallace 2 2-3 7, Harrison 1 0-0 3, Rivers 2 0-0 4, Goodwin 1 0-0 2, Diaz 4 2-5 10, Stern 1 5-8 7, Outlaw 6 9-10 21, TOTALS 23 21-30 72.

3-point goals: WTC 5 (Joyce 2, Johnson 1, Mason 1, Porter 1), SPC 5 (Maxey 3, Wallace 1, Harrison 1). Total fouls: WTC 25, SPC 32. Fouled out: WTC Critton, Brown, SPC Outlaw, Goodwin, Diaz. Halftime score: WTC 34, SPC 26. Records: WTC 14-5 (4-2), SPC 15-4 (3-1).

THAT KIND OF GAME — Members of WTC and South Plains College go up for a rebound in action Thursday night. The Lady Texans won the game, 69-44. Here, Tracey Rome, right in white, fights for the ball with SPC's Sheryl Swoopes, underneath. Also trying to get a hand in are Dusters Vicky Jones, 14, and Bobbie Brown, far left. (SDN Staff Photo)

## Coach of the Year...

# McCartney tabbed for award

HOUSTON (AP) — Colorado's Bill McCartney told his son that representing him at the Bear Bryant award ceremonies to name the nation's college football Coach of the Year would consist of a quick speech and no tuxedo rental.

Dad was wrong, but Mike McCartney didn't mind giving two speeches as he accepted the award on his father's behalf Thursday night.

"It surely is a stamp of approval of what we're doing at the University of Colorado," the tux-clad McCartney told about 650 gathered at the Hyatt Regency Hotel.

McCartney, a graduate assistant on the Buffaloes staff, said

his father told him the ceremony would not "be a big deal. You just give a little one-minute speech and you're out of there. You don't have to rent a tux."

"It didn't quite work out that way," the younger McCartney said after his second trip to the podium for the acceptance speech. He also had to talk to the crowd beforehand during introductions.

Colorado, 11-1, was ranked No. 1 during the season and earned a trip to the Orange Bowl. Even though the Buffaloes lost the New Year's Day game to Notre Dame, McCartney said the experience sets the stage for the 1990 season.

"Losing to Notre Dame was tough and devastating in a lot of ways," said McCartney. "It creates an upbeat excitement for next year. We want to be a team generally ranked in the Top 10."

Other finalists for the award named in honor of the late Alabama football coach Paul "Bear" Bryant were Miami's Dennis Erickson, Notre Dame's Lou Holtz and Bill Curry, former head coach of Alabama who's now at Kentucky.

Holtz, who won the award last year and in 1977 while at Arkansas, had a hectic schedule

Thursday as he traveled to Houston for an afternoon press conference and then flew to Mobile, Ala., to address the Chamber of Commerce and then came back to Houston for the evening ceremony.

The Notre Dame coach, who has been a finalist for the award the last three of four years, continued his crusade that his Fighting Irish team should have been named national champions.

"We did have the best record and the hardest schedule," Holtz said. "But we're not complaining."

Miami, who ended the season with an 11-1 record in Erickson's first season, was voted No. 1 by The Associated Press after the Hurricanes defeated Alabama 33-25 Jan. 1 in the Sugar Bowl. Notre Dame, which lost to Miami 27-10 in November, finished No. 2.

Colorado ended the season ranked No. 4 and Alabama No. 9.

The annual award is given by the Football Writers Association of America and the Touchdown Club of Houston.

# Snyder cage teams face Andrews units

Snyder's Lady Tigers and Tigers go back to the basketball courts tonight to continue their respective quests for 4-4A district titles.

Snyder's girls were 64-35 winners over Monahans a week ago to top their season mark to 11-7 and their district slate to 4-3.

Mande Henry with 12 points followed by Vinnie Clay with 11 and Anne Osborn with 10 were the top scorers for Snyder.

The Lady Tigers won the first meeting with the Andrews squad this season 47-46 on a comeback in the second half after being down 31-18 at halftime.

The SHS boys are currently atop the District 4-4A boys' standings with a perfect 5-0 record in loop competition.

Snyder, 12-9 on the season, surprised the Mustangs in their first encounter with a stingy zone defense that allowed the Tigers to take a 74-70 win.

"I think that our zone surprised them the first time we played," said Snyder boys' coach Larry Scott. "They were almost shocked that a Snyder team would go to a zone defense."

Scott feels the Andrews contest will be a real test for his SHS charges.

"Andrews is going to be tough," he said. "A good old, hard basketball game."

Andrews is led by senior Ara Batan who scored 15 points in the Mustangs' 51-47 win over Big Spring last Friday.

The Lady Tigers will be at home while the boys are in Andrews tonight.

District 4-4A member teams were off Tuesday for end of semester exams.

Junior varsity action begins at each site at 6 p.m. followed by varsity games at 7:30 p.m.

## 010 LEGAL NOTICES

### DRAFT PUBLIC HEARING NOTICE

The City of Snyder will conduct a public hearing on Monday, February 19, 1990, for the purpose of updating the public on the status of the City's wastewater treatment and disposal project. The City of Snyder is seeking funding for the project through the State Revolving Fund administered by the Texas Waste Development Board. The purpose of the hearing is to present the selected method of wastewater treatment and disposal and to present information related to the selected project.

The proposed project includes the construction of additional treatment units in order to produce an effluent in compliance with anticipated State discharge requirements. Biological treatment of the wastewater and discharge of the treated effluent will be continued. The project includes the abandonment of the existing treatment plant and the construction of a new headworks facility, extended aeration treatment plant, and related work.

The estimated cost impact of the project on the typical residential customer is as follows:

Current average residential monthly charge, \$10.23; Estimated increased operation/maintenance cost, \$0.93; Estimated debt service charge, \$3.90; Estimated monthly residential bill, \$15.06.

One of the purposes of this hearing is to discuss the potential environmental impacts of the project and alternatives to it.

The public is invited to attend the hearing and is encouraged to provide input on the selected wastewater treatment and disposal project. A copy of the Environmental Information Document related to the project will be available for review in the office of the City Engineer, City Hall, beginning February 1.

The hearing will be held in City Hall, located at 1925 34th Street. The public hearing will begin at 7 p.m.

### REQUEST FOR BIDS ON TEXAS HIGHWAY CONSTRUCTION

Sealed proposals for 13.748 miles of planing, fabric undersoil, asphaltic concrete pavement overlay, upgrading guard fence, etc. on US 84 from 0.5 mile SE of FM 1142 to Garza County Line and from 0.7 mile NW of FM 1611 to 0.5 mile SE of FM 1142, covered by FR 671(24) in Scurry County, will be received at the State Department of Highways and Public Transportation, Austin, until 1:00 P.M., February 6, 1990, and then publicly opened and read.

This contract is subject to all appropriate Federal laws, including Title VI of the Civil Rights Act of 1964. Plans and specifications including minimum wage rates as provided by Law are available for inspection at the office of Billy Ed Vernon, Resident Engineer, Snyder, Texas, and at the State Department of Highways and Public Transportation, Austin, Texas. Bidding proposals are to be requested from the Construction Division, D.C. Greer State Highway Building, 11th and Brazos Streets, Austin, Texas 78701. Plans are available through commercial printers in Austin, Texas at the expense of the bidder. Usual rights reserved.

# Family is terrorized

MAGNOLIA, Texas (AP) - A Montgomery County man was shot to death and his stepdaughter sexually assaulted by a paroled convict who later shot himself to death while attempting to flee from the scene of the crime, authorities say.

Investigators said Joseph Ellsworth Burke of Humble terrorized the family of Freddie D. Boatright at its ranch house late Wednesday, assaulting Boatright's teen-age stepdaughter, killing Boatright in a fight over a gun and fleeing to Tomball in the family's Mercedes Benz.

Wounded in the fight and bleeding profusely, Burke apparently shot himself to death while driving at high speed down Texas 149 in Tomball. The stolen

car swerved across four lanes and came to rest in a ditch, where he was pronounced dead, Montgomery County sheriff's detectives said.

Burke, 23, was a twice-convicted felon whose most recent run-in with police came after he robbed a Harris County savings and loan in 1985.

Boatright, 47, was a self-employed businessman and rancher and a former Pasadena police officer. His wife, Patricia Jetton, was not harmed, but his 16-year-old stepdaughter was assaulted as Burke waited to rob the parents when they returned home, officers said.

The girl was released after treatment at a Conroe hospital.

"From all indications, (Burke) went to this house with the intention of robbing these three individuals, because he took with him three pieces of rope and duct tape and was wearing a wig," sheriff's Sgt. Tracy Peterson said. "We believe it was a robbery that just kept escalating."

Boatright was shot in the head, chest, leg and arm in a struggle with Burke, who suffered a serious gunshot wound to the left elbow during the fight.

Peterson said he did not know

how Burke, paroled from the state prison system four months ago, arrived at the residence.

## Letter To The Editor

To the editor,

On Wednesday night, Jan. 10, we were awakened to a fire in our back yard that destroyed our storage building and everything that was inside. The fire department, the volunteers and our neighbors were quick to respond to our need.

We urge the people of Scurry County to stop and think about the services that are available to us. We tend to take these services for granted unless we need them.

We need to band together and let the fire department, sheriff's department, police department, ambulance and hospital know that we support them 100%.

You may need one of these services yourself someday, and you will want them there quickly and in full force.

Our thanks to the firemen, the volunteers and our neighbors for helping us. God bless all of you.

Allan and Connie Wright  
2313 41st

## Obituaries

### Earl W. Perser

Services for Earl W. Perser, 74, of 408 32nd, will be held at 2 p.m. Saturday at First Baptist Church Chapel with Rev. Don Taylor, pastor of the church, officiating. Burial will follow in Hillside Memorial Gardens.

Born Dec. 22, 1915, in Linden, he was a former manager of Furr's and owner of Perser Wholesale prior to retirement. He married Evelyn Barrow June 22, 1940, in Crosbyton. She survives.

He was a member of First Baptist Church and the Cita Bible class.

Other survivors include a daughter and son-in-law, Earlyn and Dennis Loiseau of Ft. Worth; a son and daughter-in-law, Gary and Penny Perser of Anchorage, Alaska; four granddaughters, Elizabeth and Sarah Loiseau and Karen and Jana Perser; a sister, Lola Alexander of Phoenix; and a brother, Paris H. Perser of Ft. Worth.

### Roy Clark

Graveside services for Roy Edward Clark, 86, of Rising Star are set for 3 p.m. Sunday at Rising Star Cemetery with the Rev. Rusty Dickerson, pastor of Trinity United Methodist Church, officiating.

He died Thursday at Cogdell Memorial Hospital.

Born Jan. 27, 1903, in Eastland, he was a construction worker. He had lived in Snyder since August of 1987.

He was married to Mary Edith Hassell. She survives.

Other survivors include a stepdaughter, Charlene Hendrix of Snyder; two sons, Jerry Clark of Roswell, N.M., and Roy Joe Clark of Omaha, Neb.; two stepsons, Kenneth Hicks of Rising Star, and Dr. Ray Hicks of Dallas; 11 grandchildren; five great-grandchildren; two sisters, Myrtle Graham of Cleburne and Monnie Drinkard of Cisco; and one brother, L. E. Clark of Brownwood.

He was preceded in death by four brothers, Dennis, Cecil, Terry, and W. J.

### Ray Melchor

Services for Ray Melchor, 84, of 1409 College Ave. are set for 10 a.m. Saturday at St. Elizabeth Catholic Church with Fr. Bill Costigan, pastor, officiating. Burial will follow at Snyder Cemetery under the direction of

Bell-Cypert-Seale Funeral Home. A rosary will be said at 8 p.m. Friday at Bell-Cypert-Seale Funeral Home.

He died at 11:20 a.m. Wednesday at Cogdell Memorial Hospital.

Born Nov. 10, 1905, in San Antonio, he was a farmer and an oil field worker. He married Elvira Enriquez Oct. 25, 1926, in San Antonio. She preceded him in death May 25, 1989.

He was also preceded in death by a daughter, Emma Martinez in 1970, and a son, Ray Melchor, Jr., in 1937.

Melchor was a member of St. Elizabeth Catholic Church. He was a resident of Snyder since 1949.

Survivors include four daughters, Angie Wright of Midland and Janie Kenney, Mary Lou Rodriguez, and Elsie Smallwood, all of Snyder; a son, Matt Melchor of McCamey; 17 grandchildren; and numerous great-grandchildren.

### Alvin Goebel

SWEETWATER—Mass is set for 10 a.m. Saturday at the Holy Family Catholic Church for Alvin F. Goebel, 73, who died Wednesday in a Big Spring hospital. Military graveside services will follow in the Sweetwater Cemetery.

A native of Scurry County, he was the brother of Dora Mae Wollert of Snyder.

Born in Hermleigh, he was a retired farmer and had lived in Sweetwater since 1960. He was an army veteran of World War II and was a member of the VFW and the Holy Family Catholic Church.

Survivors include his wife, Ollie Goebel of Sweetwater; two daughters, Clydelle May of Sweetwater and Mickie Watson of Odessa; two sons, Bud Lewis and Jack Lewis, both of Sweetwater; another sister, Iva Nell Gill of San Antonio; two brothers, Clarence Goebel of Haskell and Alfred Goebel of Canyon City, Colo.; eight grandchildren; and seven great-grandchildren.

### Tommy Caldwell

QUINLAN — Masonic graveside services for Tommy Daniel Caldwell, 57, of Quinlan, will be held at 2 p.m. Saturday at Lakeside Memorial Park, under the direction of LyBrand Funeral Home.

Caldwell, a Snyder native, died Thursday.

He was born Feb. 19, 1932, in Snyder, and moved to Quinlan two years ago. He was a member of the Henleigh Masonic Lodge. He also served in the U.S. Navy during the Korean Conflict.

He was married to Carol June Cannon. She survives.

Other survivors include his

mother, Bennie Mae Caldwell of Snyder; two sons, Darrell Caldwell of Amarillo and Robert Caldwell of Quinlan; a daughter, Denny Jackson of Lawton, Okla.; a brother, Horace Caldwell of Donna; two sisters, Mildred Burkhardt of Van Buren, Ark., and Barbara Adams of Dupo, Ill.; and three grandchildren of Lawton, Okla.

### Marvin Fox

SAN ANGELO—Services for Marvin Fox, 89, of San Angelo are set for 2 p.m. Saturday at Johnson Funeral Home Chapel. He died Thursday.

He was a retired auto dealer and member of Trinity United Methodist Church in San Angelo.

He was married to Mattie Lou Ware Oct. 19, 1924, and they had celebrated their 65th wedding anniversary prior to his death. She survives.

He is survived by a daughter, Mrs. Rod (Annette) Waller of Snyder; four grandchildren, and three great-grandchildren.

He was preceded in death by one son.

## Hospital Notes

ADMISSIONS: Robert Mc Cleaf, 2314 Muriel; Diana Rodriguez, Snyder; Alfred Lochabay, 2907 Ave. W; Doug Chitney, Colorado City; Armando Hernandez, 404 28th; Shelby Hildebrand, 2309 42nd.

DISMISSALS: Jane McCarty, Jarod Womack, Aaron Ornelas.

## Births

Diana Rodriguez of Snyder is the mother of a baby boy born at 5:30 a.m. Friday at Cogdell Memorial Hospital.

Mr. and Mrs. David Rolph of London, England, announce the birth of their daughter, Catherine Elenor. She weighed 6 pounds, 3 ounces, and was born Wednesday.

Her grandparents are Redge and Lynn Heard of Peachtree City, Ga., and her great-grandparents are Pam Harrop of London, England, and W.C. and Juanita Hart of Snyder.

## PI arrest

A 17-year-old boy was arrested for public intoxication at 12:30 a.m. today in the 2600 Block of College Ave.

## Questions & answers

Committees formed to address opposite sides of Saturday's county tax rollback election have given their responses to six questions concerning the subject.

Snyder Daily News submitted the list of questions to the Committee For Tax Facts, which opposes a rollback, and to the Citizens For Fiscal Restraint, which is in favor of rolling county taxes back from 39.80 cents to 34.75 cents per \$100 valuation.

The only stipulation given to both sides was that the length be limited to about 100 words for each response.

Below are the questions and answers.

**1. What do you think are the primary issues on which the rollback election will be decided?**

**Fiscal Restraint:** Are the citizens of Scurry County satisfied with the level of spending proposed in the county budget?

**Tax Facts:** The primary issue in this referendum is the fact that there is a more responsible way to reduce taxes than the arbitrary rollback. The pertinent question is not about the reduction of taxes, but rather the method of reducing taxes. No one likes to pay taxes. But to sling the hatchet as proposed by rollback proponents is to risk the reduction of services essential to many of our citizens. Our county budget is very complicated and every county budget is unique. Contrary to what rollback proponents would have us believe, reducing county expenses is not as simple as matching our staffing levels to those of Dawson County.

**2. What do you think will be the long-term effects, if any, of this election?**

**Fiscal Restraint:** Our elected officials will have a much better understanding of the budgetary process. Our citizens will be more alert and concerned with how their tax dollars are spent.

**Tax Facts:** We are optimistic that the citizens of Scurry County will see the wisdom of voting against the rollback in the belief that there are better methods of reducing taxes. The potential longterm

## Seminar scheduled in February

Continued From Page 1

Association of Counties, Sam Seale and Ken King, will participate in the program. They have expressed an interest of a similar program statewide. In a letter to Vestal, they referred to the Scurry County project as a "model." Seale is the director of the association and King is director of Government and Legislative affairs with the TAC.

Ector County Auditor Bill Hicks who, since 1976, has published the "Information Guide on County Government," which is updated monthly. He is to speak concerning unitary road systems, the pros and cons of combining county auditor and treasurer positions and cash management in counties.

Giles Dalby served as county judge in Garza County, Post, for 18 years. He was a member of the advisory committee which published "An Introduction to Texas County Government," by the Texas Advisory Commission on Intergovernmental Relations. He has a bachelor's degree in public administration and is currently working towards a master's degree.

The Comptroller of Public Accounts is expected to send observers and resource people. An economist with the economic forecast division will speak on forecasting revenue.

Roy Baze, a retired executive vice president with Exxon USA, and a Snyder civic leader will speak regarding the county tax base.

Miller Robinson, pastor of Colonial Hill Baptist Church will speak in the opening session on the exercise of the courage of one's convictions.

West Texas State Bank President Bill Parker will assemble a group of statewide acknowledged experts in governmental depository contracts and cash management.

Vestal and Company CPAs will speak at various point in the program. The firm has extensive governmental accounting and auditing experience.

The only speaker yet to be announced is the luncheon speaker. Vestal said he is a legislative leader with major responsibilities in the appropriations process.

## Audit recommendations studied

Continued From Page 1

that is required in its \$90,000 budget.

Goodwin said the Coopers & Lybrand accountants from Lubbock and Oklahoma City unknowingly criticized the county for not having a capital assets inventory, because they never contacted him and he has one "in my secretary's desk."

Franklin said when she assumed the auditor's office early last year, the county general ledger, "the backbone of the budget," was not balanced and that much of her work in 1989 was dedicated to getting the ledger into proper condition.

She said budgetary line-items were coded for the first time last year and that she had already wanted to go to an accrual-encumbrance accounting method, because Vestal had already recommended it.

She said job descriptions will be written for each county payroll position, to eliminate possible duplications of duties, and the county's data processing system will be improved to provide better accessibility and retain the necessary security.

Staton said she met with West Texas State Bank executives on Tuesday morning to ascertain the validity of Coopers & Lybrand's assertion that certificates of deposit would earn more interest for the county than

effects, if the rollback is passed, are unknown, and therefore very risky. Undoubtedly, the first effect will be reduced services to our citizens. The rollback proponents have repeatedly asked "If we don't stop now, can we later?" The answer is absolutely "yes." We as citizens — individually or collectively — have the opportunity every year to have input in the budget preparation process well in advance of the determination of the tax rate. Help us become part of the solution.

**3. Do you think the public meeting on the county operational audit will have any effect on the outcome of the election? If so, how?**

**Fiscal Restraint:** It should. If our citizens are satisfied with the marginal performance of our elected officials the proposal will fail. However, should the people desire to attack this type of spending and seek financial restraint in our public officials, they will vote for the rollback.

**Tax Facts:** We believe the approach of seeking outside, professional advice in assuring the wise use of county resources is an appropriate course of action. The findings expressed in the Coopers and Lybrand audit merely emphasize the complexity of county fiscal management. For example, the auditors themselves stated that many of their recommendations would require 2-3 years to implement. We are very encouraged by the Commissioners Court expression of willingness to analyze and consider the adoption of the outside auditors' proposals. Our hope is that this position will be heard by the voters.

**4. Do you think the rollback election could have been avoided, and if so, how? If not, why not?**

**Fiscal Restraint:** Yes. The Commissioners Court had about six (6) weeks to lower the tax rate to the legal amount but they would not do it until it was too late. They were too bull-headed to do it.

## Fire causes minor damage

Firemen were occupied for about 30 minutes early today with a restroom fire in the Great Western Club, in the Great Western Motel complex on the East Hwy.

A motel spokesman said a cigarette had been dropped onto a mop in the men's restroom, and there was minor damage to the floor and a baseboard.

The call came in at 12:30 a.m., and firefighters returned to the station at 1:15.

## To The Citizens Of Scurry County

Sheriff Keith Collier stated in his ad Thursday that Dawson County Sheriff, Terry Brown had a total staff of 11 people including himself. He should know since he hires his deputies and staff.

The Dawson County Auditor, Julie Batchelor advised us that the Sheriff's Department and jail had a total head count of 7 people including the sheriff. She should know since she makes the payroll and issues the paychecks.

Obviously one of these Dawson County officials have given the wrong information.

We are presently under contract to board prisoners from Washington D.C. in our county jail. The Dallas Morning News in a front page story dated November 24, 1989 indicated there are many problems in boarding these prisoners. One being paid! Sheriff Collier, we wish you luck in collecting for the boarding of these prisoners!

## SCURRY COUNTY MUST LEARN TO LIVE WITHIN ITS MEANS!

In the Snyder Daily News, January 17, Jim Stirling's name appeared on an ad as a signer of the petition against the rollback election.

Note: Mr. Stirling purchased an ad in the Thursday, January 18th SDN, page 11 where he stated that his signature was a mistake and that he supported the rollback. He also stated that he and his wife had voted absentee FOR the rollback.

This makes us wonder just how many of our senior citizens have signed in a different way than they intended to?

The reference between Dawson and Scurry County is a reference only, however it truly shows that we have a personnel problem.

The source of information has been questioned in regard to the hospital spending \$75,000 spent on doctor recruitment.

Snyder Daily News publisher Roy McQueen stated to Leland McCarty and Jack Denman, "The hospital has spent \$75,000 on physician recruitment with no success". Mr. Denman said, "Surely that's not accurate". Mr McQueen's answer was that it was correct.

The sad fact is that by December 1990 our tax base is projected to have fallen 80% since 1985.

- The Scurry County Operational Review made some very harsh statements:
- A. The hospital is a major (56% expense) budget item. If its aggressive plans, including the regional medical center concept, falters in any way, the county is very much at financial risk.
  - B. A complete lack of inventory system.
  - C. Leadership & Control  
The County Judge and Auditor must be rigorous in their budget and planning.
  - D. Financial Analysis Support  
A vigorous and on-going assessment is necessary to determine the value of services to the county by the county.
  - E. Focus of self-support.

The county's share of the county retirement plan, not including social security, \$307,200.00 per year.

Social Security - county's share \$120,000.00 per year.  
Total \$427,200.00

Cost of county employees 5 percent raise to taxpayers \$123,000.00 per year in addition county employees receive automatic longevity raise each year of \$60.00 per year or \$5.00 per month.

Paid For By Citizens For Fiscal Restraint, Pat Falls, Treasurer, Snyder, Tx. 79549

# Rodeo champ recovering from injury

GALVESTON, Texas (AP) — Last month Terri Hawthorne was driving a friend to work in a heavy fog when she fell asleep at the wheel. When she woke up, her car had plowed into a huge piece of road equipment and her left arm was almost sheared off.

But doctors saved the arm in a nine-hour operation, and now the 20-year-old state rodeo champion is thinking about getting back to training horses.

"It was foggy and misty," Ms. Hawthorne recalled of the early morning Dec. 30 accident. "I just dozed off. I don't know how I managed to do that."

Her new red Ford pickup truck struck a 19-ton piece of road machinery parked near a cemetery. A tiny strip of tissue

was all that attached her arm to her body.

Her friend, John Harrington, 21, was not hurt.

Ms. Hawthorne, who holds the 1986 state championship rodeo title for pole-bending, said she barely remembers the damage done to her arm or the emergency measures that saved it.

Dr. Richard LeConey, the attending physician at Baptist Hospital of Southeast Texas, knew there was a slight chance the arm could be saved if she were sent to the University of Texas Medical Branch at Galveston.

But fog grounded the UTMB Life Flight helicopter and a two-hour ambulance trip from Beaumont to Galveston during which

Ms. Hawthorne drifted in and out of consciousness delayed the in-

tricate surgery.

Ms. Hawthorne arrived at John Sealy Hospital with her arm wrapped in ice-cold towels in a container next to her. It took a team of 10 doctors working nine hours to finish the reattachment surgery.

"When you are working with microscopes involved, it can get fairly tedious," said Dr. Martin C. Robson, head of UTMB's plastic surgery and chief of the "replantation" team.

Ms. Hawthorne is recovering well, but she still has a long way to go before she can return to the rodeo.

But she is optimistic about her future. "I'm going to be a rodeo champion again," she said.

by Abigail Van Buren

© 1990 Universal Press Syndicate

DEAR ABBY: We are celebrating "Nader's Raiders" 20th anniversary by issuing the Consumer's Guide to Toll-Free Hotlines.

This directory contains the toll-free telephone numbers to call for free information concerning cancer treatment, Alzheimer's disease, arthritis, alcoholism, headaches, diabetes and asthma, as well as problems concerning housing, meat and poultry handling, home product safety, automobile defects, pesticides, workplace safety and veterans benefits.

Abby, this 28-page booklet of toll-free numbers will be sent to anyone who requests it. The cost of publishing and mailing this collection of telephone numbers is \$1.

Please let your readers know that these booklets are available. Believe it or not, the government agencies need help in letting the public know how to obtain these toll-free telephone numbers. Can you please help get the word out?

RALPH NADER, WASHINGTON, D.C.

DEAR RALPH: I'll try: Readers, for Ralph Nader's booklet of toll-free telephone numbers to call for free information concerning a variety of listings, from Alzheimer's disease through consumer protection agencies, send a long, business-sized, self-addressed, stamped envelope (25 cents postage), plus a \$1 check or money order to: Hotlines, P.O. Box 19405, Washington, D.C. 20036.

DEAR ABBY: In a recent column, "Wondering in Oak Park, Ill." said, "I have tried to persuade my husband to get a vasectomy, but he was chicken."

Abby, why did you let her get away with that stupid statement without challenging her? Unless there was more to her letter than

you printed, we have heard only her side of the story.

Where is it written that a man must get a vasectomy because his wife wants him to? Many letters in your column seem to indicate that since it's easier for a man to get a vasectomy than it is for his wife to get a tubal ligation, he should have the operation. Baloney! Neither tubal ligations nor vasectomies are 100 percent reversible. What if the marriage is dissolved — or the spouse dies and the remaining mate wants to have children with another mate?

Calling one's partner "chicken" because he doesn't want to have a vasectomy is not an indication of a happy marriage. It reminds me of the old joke about Lady Astor and Winston Churchill. She is reputed to have said, "Sir, if you were my husband I would put poison in your tea." He replied, "And if you were my wife, I would drink it."

PINK PINKERTON, PICO RIVERA, CALIF.

DEAR PINK: To answer your question, "What if the marriage is dissolved, or the spouse dies and the remaining spouse wants to have children with another mate?" — the husband could easily ensure having more children by storing his sperm in a sperm bank. According to the Repository for Germinal Choice in Escondido, Calif., semen that has been frozen in liquid nitrogen has a half-life of more than 1,000 years.

What teen-agers need to know about sex, drugs, AIDS, and getting along with their peers and parents is now in Abby's updated, expanded booklet, "What Every Teen Should Know." To order, send a long, business-size, self-addressed envelope, plus check or money order for \$3.95 (\$4.50 in Canada) to: Dear Abby, Teen Booklet, P.O. Box 447, Mount Morris, Ill. 61054. (Postage is included.)

Our contribution to Mr. Cain was not to a fund, but was meant to be used on an ad that simply read "Vote for the Rollback."

Before we could endorse an article of comparison of OFFICERS, we would personally investigate the matter and have our facts CORRECT. We want the best for our county and our people.

Thank you,  
Mr. and Mrs. J.E. McCright  
P.O. paid for by Mr. & Mrs. J.E. McCright

There is an attempt among the opposition to mislead our people into believing that many services will be curtailed or discontinued. **THIS IS NOT TRUE.** We can continue all programs with good management. **VOTE YES FOR THE TAX ROLLBACK.**

Paid For By Citizens For Fiscal Restraint, Pat Falls, Treasurer, Snyder, Tx. 79548

On Aug. 12, 1962, one day after launching Andrian Nikolayev into orbit, the Soviet Union also sent up cosmonaut Pavel Popovich. Both men landed safely Aug. 15.

4515 College

Mon.-Sat. 9 a.m.-9 p.m.  
Sunday 11 a.m.-6 p.m.

Prices Good Thru  
Sunday, Jan. 21

WAL-MART'S ADVERTISED MERCHANDISE POLICY—It is our intention to have every advertised item in stock. However, if due to any unforeseen reason, an advertised item is not available for purchase, Wal-Mart will issue a Rain Check on request, for the merchandise to be purchased at the sale price whenever available, or will sell you a similar item at a comparable reduction in price. We reserve the right to limit quantities. Limitations void in New Mexico.
