To merit confidence of it's depositors, a Bank must be sufficient conservative to be safe, but liberal enough to be servicable. The management must be sufficiently progressive to keep abreast of the times, yet sufficiently reserved to keep within the bounds of good judgment The facilities of a Bank must be complete and convenient, but not too elaborate or excessively costly. In short, the management and service must be efficient.

To these common sense principles, this Bank subscribes.

Miss Ada Lea Powell,

### **GRIGGS HOSPITAL**

enterred the hospital Monday suffering from a ruptured appendix. She is improving and probably will not

have to undergo an operation.

Louis Crutchfield of Clyde, entered the hospiital Wednesday morning for x-ray examination and removal of tonsils. He was able to return home

Mrs. J. W. Kenendy of Haskell, was a medical patient Wednesday.

Milton Crawford of Denton, who has suffered from corneal ulcer and iritis is improving.

Prof. Harry Varner of Cottonwood was a patient Saturday and Sunday, suffering from an infected lip and face. He is improving.

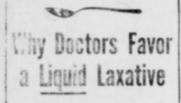

Cary Sidney McGowen was a patient Wednesday, suffering from a badly bruised foot sustaned when his horse fell with him. X-ray showed no fractures.

Mrs. G. H. Brame who has been a patient for the past week suffering from a cerebral hemorage, shows some improvement, although her condition is yet serious.

Miss Murmas Tarrent of Eula, was a minor surgical patient Friday.

Aaron McKee, Jr., four year old son of Aaron McKee of Clyde, was a patient Saturday for treatment of a severely bruised and lacerated face sustained when the car door came open and the little fellow fell out on the pavement.

FOR RENT:-Two bedrooms, ad journing bath. Nicely furnished. Al modern conveniences. Mrs. J. W Brown, Phone 278, Baird.

A doctor will tell you that the care-less choice of laxatives is a common ause of chronic constipation.

Any hospital offers evidence of the dain the system, weaken the bowel juscles, and even affect the liver

Fortunately, the public is fast returning to laxatives in liquid form. The dose of a liquid laxative can be measured. The action can thus be controlled. It forms no habit; you needn't take a "double dose" a day or live later. or two later.

Dr. Caldwell's Syrup Pepsin has the average person's bowels regular as clockwork in a few weeks' time. Why not try it? Some pill or tablet may be more convenient to carry. But there is little "convenience" in any cathartic which is taken so frequently, you must carry it with you, wherever you go!

Its very taste tells you Dr. Caldwell's Syrup Pepsin is wholesome. A delightful taste, and delightful action. Safe for expectant mothers, and children. All druggists, ready for use, in big bottles. Member N. R. A.

Happy Days Ahead for You

Think of it—how this old world does make progress—how comes a prescription which is known to pharmacists as Allenru and within 48 hours after you start to take this swift acting formula pain, agony and inflammation caused by excess uric acid has started to depart.

Allenru does just what this notice says it will do—it is guaranteed. You can get one generous bottle at leading drugstores everywhere for 85 cents and if it doesn't bring the joyous results you expect—your money whole heartedly returned.
