30-Foot Brick Block for South Main

Building and Loan Ass'n

Opening Meeting Monday Night

A definite plan has been set in operation for the erection of a Building and Loan Association in Floydada. A statement is made to that effect and the meeting has been called for Monday night to go into the details of the project.

R. D. Nelson who is leading the agitation for the organization of the association, said Wednesday night that he had met with much support of the plan.

A building and loan association would provide a means whereby a man of small means could build a home and pay for it in such a manner as to avoid the obligations of a mortgage. The organizers of the association in Floydada expect to have fifty or a hundred applications for membership, starting at once after the charter is issued.

It Always Helps

Pat M. Coles, Western of Citation Books, in writing of her experience with Cardui, this woman of many titles tells us: "After taking the 100,Cardui, my back and head would hurt so bad, I thought the pain would kill me. I was hardly able to do any of the housework. After taking three bottles of Cardui, I began to feel like a new woman. I soon gained 25 pounds, and now, I do all my housework, as well as run a big water mill."

It's just barely possible that the schools of a county can be better than the roads that lead to them.

Floydada's wonderful growth of the past two years does not let up, and as that, the growth of the town is not greater than the development of the country surrounding.

Towanda on the Denver Railway have already determined the dates for their County Fair next Fall. They have done their duty and went and done it.
