

Bounty Offered

Warrant Court Saturday
Order to Pay 5c per
until May 15th.

February 14th the
Warrant Court last Fri-
on passed an order to
the county general
for every jack-
in the county up to
of this year. This
court grows out of
that these rodents are
becoming so numerous as to do
damage to the orchards and
growing crops in the county, and
will be well received by every
tax payer in the county.

In order that all may understand
the necessary procedure
to secure the bounty money
offered we quote below the exact
order of the court which defines
the manner in which warrants
may be issued:

"On motion and second it is
ordered by the court:

That the county pay out of its
general fund five cents (5 cents)
for each jack-rabbit scalp with
both ears attached thereto, pre-
sented to this court sitting in
regular session, said scalps to be
accompanied by an affidavit to
the effect that the said scalp

is from a jack-rabbit
affiant to have been
Floyd County subse-
is date, February 14,
prior to May 15, 1913;
her order that this
effect and be in force
thereof until May 15,

and she gives a full and
true and correct copy
of the necessary
secure any of this
by. Inasmuch as
in regular session
Monday in each
will not be necessary
of scalps to wait
at a time to re-
scalps turned in.
et next time March
April 14 and the
May 12.

Plans made for Union Meeting.

Plans for the big union meet-
ing in Floydada, to be held in
the summer, which is to be
made an annual affair, have
been about perfected. Dr. Ham,
of Kentucky, a man of national
reputation as an evangelist and
preacher, will do the preaching
this year. His most successful
meetings last year were at
Memphis and New Orleans,
where his forceful sermons won
man converts.

Mother's Club Organized.

Last Friday afternoon, a tem-
porary organization of the
Mothers' Club was made at the
Public School Auditorium, at
which time the meeting was ad-
journed until Monday afternoon,
which time was set for the per-
manent establishment of the
Club.

After the vote to permanently
organize, Mrs. E. C. Henry was
elected president, Mrs. G. W.
Shearer, vice president, Mrs. L.
H. Liston, secretary-treasurer,
Mrs. C. V. Hall, assistant secre-
tary-treasurer, and committees
on program, constitution and by-
laws, and membership were
appointed. At the two meetings
50 members were enrolled.

At the same meeting a com-
mittee was appointed to meet
with the school board, whose
regular session is to be held
next Tuesday, the purpose of
the committee being to secure
the platting of the school
grounds preparatory to setting
out trees.

The movement is a progres-
sive one, backed by the best
and most progressive women of
the town and will result in much
greater co-operation among
teachers, parents and board,
with resultant advantages.

Floyd High Takes 3 Games from Silverton.

The Floydada High School
basket ball team, including Roy
Snodgrass, Robert McGuire,
forwards, Frank Moore, center,
Abner Cooper, Earnest Sluder,
guards, with Francis McNeely,
driving, and T. H. Yarbrough,
also, went to Silverton on Fri-
day for the purpose of playing
that team one game of basket
ball. However, car trouble
forced them to prolong their
stay in the neighbor city, and
three games were played, two
Friday and one Saturday, in all
three of which the Floydada
boys were victorious, but at very
close scores.

The first game stood 14 to 13;
the second 10 to 8; and the third
10 to 9.

The boys reached home at
about nine o'clock Saturday
night, and said they enjoyed
themselves to the fullest extent
in Silverton, having been roy-
ally entertained while there.

Protracted Meeting Continues.

Much interest has been evin-
ced in the series of meetings
which are being conducted at
the Baptist Church, in which
Rev. G. I. Britain is being as-
sisted by Rev. J. W. Saffle. The
crowds have been good at all
the services and last Sunday
night probably as many as fifty
persons were turned away, being
unable to find seats or standing
room.

The meeting was announced
to continue over another Sunday,
at which time further announce-
ments will be made.

Services at the Methodist and
Presbyterian Churches were
not held, all the church-goers
attending the meeting at the
Baptist church.

Plans made for Union Meeting.

Plans for the big union meet-
ing in Floydada, to be held in
the summer, which is to be
made an annual affair, have
been about perfected. Dr. Ham,
of Kentucky, a man of national
reputation as an evangelist and
preacher, will do the preaching
this year. His most successful
meetings last year were at
Memphis and New Orleans,
where his forceful sermons won
man converts.

Elder Morris Again in Harness

After some two years of re-
tirement from the mercantile
business, except as salesman,
E. L. Morris purchased the W.
T. Brown stock of dry goods and
groceries last week and has
taken charge of the store. He
has made a large order for both
groceries and dry goods and will
have a complete stock shortly,
of both eatables and wearables.

He has associated with him
his brother, Lewis A. Morris,
and the business will be conduct-
ed under the firm name of Mor-
ris Brothers. The Morris' have
been recognized as being among
the best mercantile business
men in the town for some eight
or ten years, and everybody is
predicting they will be no less
fortunate in this deal.

Read their ad in this issue.

Best Car of Mules Shipped out of Floyd.

There have in time been hun-
dreds and hundreds of mules
shipped or driven overland out
of Floyd county and many of
them fine mules but it remained
for I. B. Edwards, a mule deal-
er, of Fort Worth to take the
rag off the bush, when he ship-
ped 33 head out of Floydada last
Friday morning, for which the
very fanciest prices were paid.
In speaking the matter Mr. Ed-
wards said; I paid fancy prices
but I got fancy stuff, and so
everybody is pleased. "Two
span of mules sold for as much
as \$500, and one of them brought
\$530.

All the mules were young.

Santa Fe Officers Make Inspec- tion.

Thursday night the local
branch of the Santa Fe was in-
spected by numerous high-ups
in the ranks of that company,
among them being Starkweather,
general superintendent, of the
lines from Amarillo to Sweet-
water, D. Elliott, superintendent,
F. C. Fox, general manager, T.
O. Wilson, trainmaster, Mr. Din-
nan, Mechanical superintendent,
and Henry Blake, traveling
engineer. From Floydada, the
officials returned to Plainview,
thence to Slaton, Lamesa and
Sweetwater.

A New Stunt.

Last Saturday the Fair Store
was turned over for the one day
lock, stock and barrel, to the
Ladies Aid Society, for them to
run as they pleased, and they
were to receive all the profit
from the entire day's sale. The
ladies had a successful day con-
sidering that it had not been ad-
vertised before hand. The fol-
lowing ladies composed the com-
mittee: Mrs. L. H. Newell,
Mrs. Dawson, Mrs. V. F. Hodge,
and Miss Akard Britain.

It was Tag Day.

Without warning as coming
from a clear sky, the people who
were on the streets of Floydada
Friday afternoon were introduced
by the pupils of Floydada
High School, to "Tag Day." These
tags bore an inscription
"?", on their faces and sold for
from 5 cents to 50 cents,—and
worth the money.

The purpose of the sale of the
tags was for the purchase of
buying new books for the chapel
song service at school, and a
successful campaign resulted
from the activity of the pupils.
A total of about \$15 was turned
in to the funds with which to
make the needed purchase.

Miss Jewell Sanders was down
last Saturday and Sunday from
Lockney on a visit with friends.

The Strollers' Quartette.

The fifth number of the Britt
Lyceum course, appearing in
Floydada at the High School
Auditorium last Saturday night,
was greeted by one of the larg-
est crowds yet accomodated by
this large hall, and entertained
their audience thoroughly for
two hours or more. Among
their specialties were "The
Swiss Hand Bells," monologues,
violin solos, besides a variety of
quartets, running the gamut of
entertaining from comedy to
sacred music. The number, as
expected, was declared the most
entertaining yet heard, though
previous numbers have been
highly spoken of in their class.

The next number will be the
Totten Company, musicians and
magicians. The reports say
that they do all the impossible
things, Watch for the announ-
cements of this number on
next Thursday night the 27th.

G. S. King Starts Produce Busi- ness.

G. S. King announces that he
has started a produce business
in Floydada, and will buy all
produce brought into town, in-
cluding chickens, eggs, butter,
etc., paying the highest market
prices in cash. This will be a
welcome piece of news to the
produce raisers of this section,
as an exclusive produce dealer
is something of which we have
been greatly in need.

He will be located at the Dun-
can Grocery where he will have
pens and accomodations for the
poultry. He should do a big
business and doubtless will.

Bring your produce to Floyd-
ada.

Admires Plains Country.

We give the following as a
sample of the commendatory
letters we sometimes receive
from our out-of-town readers:

Gatesville District,
S. J. Vaughan, P. E.
Gatesville, Texas, 2-11-13.

Dear Mr. Steen:-

I enclose you \$1.00 to continue
my subscription to the Hesperian.
I am a great admire of the
Plains Country and especially
Floyd County. I note with in-
terest the solid growth of Floy-
dada.

Its rich soil, beautiful court
house, charming school interest
and hospitable citizenship fore-
bodes a good place to live and a
bright future.

I am much pleased to see the
space you give in your paper to
church interest. The morality of
a town is well seen by interest
shown in churches.

Yours,
S. J. Vaughan.

Presbyterian Ladies Organize.

The ladies of the Southern
Presbyterian Church met Tues-
day afternoon and organized a
Ladies' Aid and Missionary So-
ciety. Mrs. R. S. Bailey was
elected president and Miss Ruby
Barrow secretary-treasurer.

The society will meet weekly
on Monday afternoon at 4 o'clock.
Two meetings a month will be
devoted to the study of missions,
two to the study of prayer and
personal work.

Mrs. Matthews is the teacher.
All are cordially invited to at-
tend whether members or not.

The first person to take ad-
vantage of the order of the court
all-owing bounty for jack-rabbit
scalps was Elmer Splawn, son
of H. M. Splawn, who turned
in five scalps to the court on
Monday and received warrant
for same.

A Birthday Surprise Dinner.

The children, grandchildren
and friends of Mrs. R. A. King,
living in the southwest part of
town, had in store for her a very
pleasant surprise last Sunday
when she returned from ser-
vices at the Baptist Church, and
began making preparations for
the noon-day meal, when she
found the table already spread
and a feast already prepared.
When she recovered from her
bewilderment she was informed
that it was her 71st birthday
which was being celebrated.

Of the 37 guests present, 16
were grandchildren, Scott King
being the eldest of these; four
were sons, J. L., E. C., Abner,
and S. B., and their wives, and
among the friends were Mrs.
Orr, Miss Edwards, Miss Smith
of McCoy community, and Wis-
tar Ross. Bro. King's sister,
Mrs. Mollie Johnson and son, J.
A. Johnson were also present.

At 71 years of age Mrs. King
is hale and hearty, does her own
housework and cooking, and in
fact might be said to be 71 years
"young," rather than old. She
has lived to raise a large family
of children to maturity and now
has grandchildren who are tak-
ing their part in the business
world.

Altogether the occasion was
very enjoyable, the dinner every-
thing that heart could wish, and
the pleasure of the informal
affair will make it one long to be
remembered by those present.

Vital Statistics.

Since January first, 1912, and
up to the present date, there
have been 154 births in the
county, an average of about 11
per month.

Of deaths there have been 13
in the same length of time,—5
females and 8 males.

Mrs. Willie Young has been
spending the week in Floydada
on a visit with her father and
mother, Mr. and Mrs. A. L.
Bishop and other relatives.
Mrs. Young has many friends in
Floyd among the "old-time" set
who are glad to see her again.

Hesperian ads bring results.

Dist. Com. Supt. S. W. T. Co., in Floydada.

Last Friday J. F. Henderson
district commercial superinten-
dent of the Southwestern Tele-
graph and Telephone Company,
arrived in Floydada for an in-
spection of the local exchange
and for the purpose of asking
the business men to co-operate
with them in the matter of
raising the price of the business
telephone service from \$2 to
\$2.50 per month. This latter is
the price being paid in most oth-
er cities and towns, where the
service is commensurate with
that which the company con-
templated in Floydada and many
if not all of the merchants signed
up for the raise in the four
days spent in town by Mr.
Henderson.

The raise in price which is
asked for is to be made after
the company have put in be-
tween five and six miles of cable
with metallic circuit, have put
in new poles and transferred
the poles from the streets to
the alleys, as well as installing
a new switch board, represent-
ed as costing about \$9,000.
The service to be given will ex-
clude all cross-talk, tangled
wires, etc., and the raise in
price will be made about 30 days
after the service has been in-
stalled.

Mr. Henderson is a very agree-
able and sociable man and found
little trouble in securing the
co-operation of the business men
in the raise of the price.

Hold Second Quarterly Con- ference.

Tuesday morning Presiding
Elder J. T. Hicks, of Plainview,
met with the local Methodist
stewards and pastor, G. W.
Shearer, in the second quarter-
ly conference of the fiscal year
of the church.

Good reports were made by
the various committees and ste-
wards.

The presiding elder left after-
noon immediately for Matador.

First State Bank

OF FLOYDADA.

Offers to its customers every accom-
modation consistent with safe banking.
Makes loans on acceptable collateral, ne-
gotiates real estate loans; sells exchange
on the principal cities thru the United
States, and foreign countries; issues time
certificates of deposit, makes collections,
will care for your money, protect you from
loss and save you from trouble.

WE INVITE YOU

to make this bank headquarters for the
transaction of all of your financial affairs
assuring you of courteous consideration
and liberal treatment.

First State Bank

A Guaranty Fund Bank

TAKE NOTICE

Owing to the fact that

The Lockney State Bank

Has been made Depository for the School and County funds of Floyd County, Texas, I take this method of advising our Floydada friends and citizens that

We have arranged with

County Treasurer, C. W. Thagard, who will pay you for all your County Warrants at his office in Floydada at par, as both banks at Floydada have refused to handle these warrants and school vouchers without charging exchange.

Kindly Take Notice

The law requires that all county warrants and school vouchers are payable at par at the county seat. We will gladly handle them without any exchange charges whatever.

Yours very truly,

The Lockney State Bank

By J. C. GARRISON, Cashier.

Franchise Granted Southwestern T. T. Co.

The City Council in executive session Tuesday night, granted to the Southwestern Telegraph and Telephone Company, a franchise, which is to have a life of 25 years.

Most of the provisions of the franchise are set out by law, made by previous legislatures. In return for the franchise the company pays the city \$35 per year for the first 150 telephones or major fraction thereof, and \$30 per year for each additional 100 telephones.

The Southwestern has come to stay and is going to make some vast improvements in their service and equipment.

Sewing machines worth the money at Jones Hardware. 1tc

Daily Hotel Being Occupied

This week W. P. Daily is moving into the new hotel erected by him, and will begin to serve the trade probably by the last of the week. Their formal opening will be held probably the first or second week of court, when a "swell" affair in the form of a dollar dinner, to be participated in by the visiting attorneys and business men of the town, is contemplated.

The Universal Coffee Percolator makes bad coffee good and good coffee better. Go to Surginer's of course. 2tc.

A few Work Stock.

Some mares and mules for sale.

Hesperian ads results.

Earl Rainer, of the Baker community, announced today that he had entered in Class A and Class D, for the prizes offered by the Texas Industrial Congress. Class A, is for the 4-acre model farm, one acre to be planted in corn; second in cowpeas; third in milo or kaffir and the fourth in cotton. This contest carries with it a first prize of 1,000 dollars; second \$500; third, \$250; fourth, \$150; fifth, \$100, and 20 prizes of \$50 each.

Class D is for forage crops, "for the largest yield of merchantable grain to be weighed in the head at maturity, and when thoroughly dry, cost of production considered, from two acres of milo or kaffir," and carries with it a \$300 for first, \$200 for the second and \$50 each for the ten next best.

Mr. Rainer said that he might not gain any prizes but figures on getting some valuable information.

Last year Floyd County's annual Fair suffered from the lack of advertising in the earlier summer and fall, despite the fact that it has been a generally conceded thing that our fair should be held in October.

This year to carry the matter through properly we must begin at an early date, be properly organized and get it before the people in a definite way so that all may be prepared before the last month preceding the date.

It has been well suggested that merchants of the town offer prizes to the amount of their annual subscription, and in this way pay the premiums in cash giving the prize winners a greater incentive, or rather an incentive earlier in the year, to prepare their products for exhibition. This plan has been received with enthusiasm wherever it has been broached, the only thing now needed being a leader who will start the ball to rolling.

Why not prepare now for the county fair? Time is a great factor in doing all things well.

Doctor V. Andrews: "Well, I guess the rebels have broke over the line and are coming this way."

How is that, doctor?
"Well, the City Council is throwing up breast works on the south side of town, and I guess that's what it's for."

Good-by, you fruit, in the orchard where the smudge pot smudgeth not; for verily this warm weather does not augur well.

"In this comparatively unimproved country, where there's little to do with, a man's got to learn to use his head. I guess that's what the danged thing's for anyway," says Pete Philander in "The Devotes of Hoyoka" in the March Number of HOLLAND'S MAGAZINE, when he tells his friends of some of his interesting experiences with the Indians.

Postmaster's Primary at Childress.

A postmaster's primary was held at Childress recently for the purpose of deciding who was the man most desired at that place for the postmastership. The matter rose out of the two acts, one the recent agitation of postmaster's primaries, the other that about 14 men were applicants for the place—all old democrats and "original" men. An elimination primary was first held and then the race between the candidates. About

GOOD ROADS

Under this heading Ten Articles will appear, one each week, relative to the good Roads movement in Texas, Prepared by the Texas Commercial Secretaries Association.

Every wide-awake community in the State of Texas has become convinced that good roads are the greatest aid to their progress and prosperity and the interest in the campaign for improved highways is spreading to all sections of the State.

Although \$3,496,200 was voted for good roads in the State during 1912 and the amount of funds on hand January 1, 1912 raised by appropriations and issues of bonds prior to that date was \$4,504,456, making a total of \$8,000,656 available for road construction during the year, the present year promises to exceed all others in the amount of money voted in the various counties of the State for the purpose of building highways.

Calhoun county was the first to vote upon and carry a good roads bond election this year, the Port Lavaca district voting \$130,000 for good roads on January 2nd and during the entire month a total of \$495,000 was voted for highway building and improvement.

Robertson county took the honors for voting the largest amount of good road bond issues

600 patrons of the office participated in the voting, including many who were on rural routes served by the Childress office.

The Dressed-Up Thieves.

Palestine Herald: A writer on hints for making money gives this splendid piece of advice. "Don't pay any attention to people who want to show you how to make a lot of money in an investment of a few dollars. If money could be made so easily they would make it themselves—and for themselves." And that is true. Still, we constantly hear of people investing their money in schemes where dividends have to be hauled off in a wagon twice a day, according to the prospectus.

The ease, even eagerness, with which many fairly intelligent people part with their money at the solicitation of strangers who pose as benefactors is wonderful beyond belief. Statistics show that every year in the United States more than a hundred million dollars is gathered in by sharpers whose business it is to promote fake companies and corporations. The stock certificates of these fraudulent concerns are the stock in trade of the promoters, and they sell the worthless bits of paper to credulous "investors" literally by the millions of dollars' worth. These rascals have their business so finely systematized that they keep card index files of suckers and bandy them around at so much per bandy; they gather lists of new widows who have come into insurance money; they "spot" heirs who are coming into patrimonies; they keep tabs on chuckleheads, who have "invested" in grandiose grafts of all sorts, and from these people they steal fortunes. Of course a man who would sell a widow a share of stock he knows to be worthless would steal the money out of her purse if he had a sneak thief's courage, but the number of such men is appallingly large.—State Press in Dallas News.

I have a few S. C. Rhode Island Red cockerels for sale at \$1.00 each, sired by a premium winner. Mrs. H. M. Hart. Phone 58 one short and one long ring. 2tc.

Big German millet seed and red top sorghum seed for sale at Duncan's Grocery. 1tc.

last year with a total of \$500,000 in four elections. However, on January 21st of this year the Hearne precinct of this county voted upon and carried \$150,000 for good roads by an overwhelming two-thirds majority.

Within recent years several counties of Texas have expended a million dollars or more for good roads all of which was raised by means of bond issues. Every one of them are highly pleased with the results of these stupendous expenditures as they find their money wisely expended.

The following counties voted bonds for good roads during the year 1912: Bastrop \$180,000; Bee \$15,000; Brazoria \$150,000; Brooks \$45,000; Calhoun, \$100,000; Gass, \$35,000; Colorado \$100,000; Ellis \$175,000; El Paso \$390,000; Fort Bend \$355,000; Gonzales \$150,000; Henderson \$35,000; Johnson \$75,000; Kerr \$20,000; Lamar \$240,000; Live Oak \$1,200; Matagorda \$100,000; Medina \$40,000; Montgomery \$250,000; Refugio \$25,000; Robertson \$500,000; Tom Green \$70,000; Wharton \$300,000; Williamson \$25,000; Wood \$120,000.

Once more I come to defend my side of "Counting the Cost". Mr. Liston quotes me as saying that hens eat only that which would otherwise be absolutely wasted. Well let us see. Every farmer who raises maize and kaffir corn knows that it is wasted from the time it matures until it is disposed of either by feeding or selling. It doesn't matter how it is disposed of. Is my friend going to go around and pick up this feed up grain by grain? I think not. The better way would be to let the chickens do that.

That Yankee invention reminds me of the Irishman who had 2 cats, and when he built his house he had 2 holes cut in it. One for the little cat and one for the large one. Why not let the small cat go through the large hole? In other words why not let the chickens eat the waste instead of saving it up and feeding it to them? True 3 years ago eggs were 40c per dozen. And this year only 15c or 20c. Let the conclusion drawn by Mr. Liston stand; that is there was more feed wasted this year. What regulates the price of a commodity? Supply and de-

mand. Alright if eggs are only half as high this year as they were 3 years ago, of course there are twice as many eggs. Hadn't you as soon sell 10 dozen eggs at 20c per dozen as 5 dozen eggs at 40c per dozen? There is no difference in the price and at the same time you are supplying your neighbors with food more cheaply. Mr. Liston quotes me as saying, if any one counts his time put in on anything he will not make much, and also that we farmers do not attempt to keep an account of their time and interest on money invested.

First I will take my time. My grandfather and I live on a farm of 368 acres and it keeps us hustling to run it and then we are behind part of the time. Wages are \$1.00 per day on the farm and there are over 300 working days in a year. Say I work 300 even. That would be \$300 a piece a year or \$600 dollars per year. Next the interest on money invested. This 368 acres on which I live is worth \$20 per acre as it is very well improved. That is \$7360. Int. on that amount at 8 per cent would be \$588.80. We have 6 good work horses valued at, at least \$100 each. \$600 dollars. Farm tools to the value of at least \$250 and that is putting it cheap. Int. on money invested in horses and machinery \$68 Int. all toll \$656.80. Plus your time equals \$1253.80. The best we can do is to keep the place in order and sell not over \$500 worth of stuff each year. So where is your profit? The instance referred to of the rice farmer is possibly an exception, as all farmers are not endowed with as much gray matter as this one and again, the location, climate, soil, etc., has to be considered.

As to the calf which I stated could be sold, I did not specify any certain time at which to sell it. Of course it would be more profitable to keep it until it was grown but it might eat some of your wasted chicken feed. Skimmed milk is another point which Mr. Liston commented upon. I agree with him that its value is some times over estimated. But farmers scarcely ever find a market for it any other way. Farm life is not all bad for one can have good health and live happy even if you can't count your time and make a profit.

Yours most respectfully,
R. O. LOWRY.

Mrs. R. K. Bruner left last week for Jericho, where she is on a visit with her sister, Mrs. Reeves and family.

Pains All Over!

"You are welcome," says Mrs. Nora Guffey, of Broken Arrow, Okla., "to use my letter in any way you want to, if it will induce some suffering woman to try Cardui. I had pains all over, and suffered with an abscess. Three physicians failed to relieve me. Since taking Cardui, I am in better health than ever before, and that means much to me, because I suffered many years with womanly troubles, of different kinds. What other treatments I tried, helped me for a few days only."

TAKE CARDUI The Woman's Tonic

Don't wait, until you are taken down sick, before taking care of yourself. The small aches and pains, and other symptoms of womanly weakness and disease, always mean worse to follow, unless given quick treatment.

You would always keep Cardui handy, if you knew what quick and permanent relief it gives, where weakness and disease of the womanly system makes life seem hard to bear. Cardui has helped over a million women. Try it.

The Stomach in Hunger.

Recently Professor Carlson of the University of Chicago has made a number of observations on a young man in normal health who for the last sixteen years has fed himself through a permanent opening in the stomach wall owing to complete closure of the esophagus as the result of accidentally drinking a strong solution of caustic soda. He has furnished some interesting and conclusive contributions to the physiology of hunger.

There have been diverse theories of hunger from earlier days to the present era. Until quite recently it has been widely believed that hunger is a general bodily sensation with a local reference to the stomach.

Some authorities have vigorously combated this view, and maintain that hunger is not a general sensation. Experiments have led to the conclusion that hunger results from powerful contractions of the stomach. With this general view the observations which Carlson has now been able to make on his new subject are in accord. He finds that the empty stomach exhibits, at least during the first twenty-four hours after a meal, two types of rhythmic movements; one is feeble but continuous; the other consists of

strong contractions. In the earlier periods of hunger at any rate, the empty stomach is never completely at rest. Hunger, or the lack of it, is a condition which at times commands the considerate attention of the physician. The absence of hunger in fevers can now be accounted for by the total cessation of all movements of the stomach in serious infections. This also explains the inordinate appetites of certain classes of nervous patients. Physiologic observations on an occasional unfortunate individual, says The Journal of the American Medical Association, serve a useful purpose by directing attention to numerous little-understood and hitherto unexplained manifestations of disease.

MATHIS-MARTIN DRY GOODS CO.

"The Store with the Goods"

Notes from Com. Court Minutes.

Commissioners' Court in order to complete their February term routine of work, were compelled to hold over until Monday afternoon. Among other transactions completed was the award of the bid for the room left standing from the old court house to the Farmers' Gin Co., for the sum of \$41.

Road superintendents for the four commissioners precincts in county were appointed as follows: Precinct No. one, Howard's precinct, J. A. Grigsby; Precinct No. two, McGehee's precinct, J. W. Dines; precinct No. three, Ormon's precinct, R. C. Covington; precinct No. four, Trowbridge's precinct, S. S. Allcorn. The reports of the commissioners made and approved show that, taken all round the condition of the roads of the county are fair, and some of them excellent, a very few need urgent attention.

Statement of the financial condition of the county shows the total county indebtedness, including warrants for court house, furniture, fixtures, lightning rods, etc., as well as road claims and damages, to be \$120,078.66. The amounts due the county from various sources outside of taxes, is \$592.25.

You can always buy the regular \$1. dress shirt at Glad's for 75 cts. ltc.

Daff Griffith, of Lockney, was in Floydada Wednesday for a short while.

Baker Items.

The Campbell Sunday School invited the Baker Sunday school to meet with them last Sunday in an all day singing; nevertheless they found time to enjoy a sumptuous dinner and a real interesting Sunday school lesson. All went who could and those who could not go felt very disappointed.

Messers Baker, Bartlett accompanied by Lon Emert went to Baker school house expecting Sunday school. As no one else came they relieved their great disappointment in a pleasant drive.

S. E. Stiles, a bachelor, is building a pretty five room cottage. Now what can a bachelor do with five rooms? His neighbors are hoping that something is going to happen when this new house is completed.

Mr. and Mrs. J. F. Strange of near Floydada visited J. N. Bartlett's family last Sunday. Mrs. Strange is an Aunt of Mrs. Bartlett's.

Mr. Golightly and family spent Friday and Friday night with Earl Rainer's family. Mrs. Golightly and Mrs. Rainer are sisters.

H. E. Bartlett attended the Singing Sunday night at W. F. Ellison's of Mayview.

S. O. Adams marketed some fine porkers last Monday.

Miss Letitia Baker is boarding at J. N. Bartlett's while teaching at Mayview.

Last Monday night Mrs. Bob Green was very sick all night.

Last Thursday Mrs. Geo. Faw-

ver marketed a fine bunch of turkeys realizing a good price.

On Monday last L. H. Hart marketed five nine months old pigs weighing 240 lb. each.

J. N. Bartlett spent several days of this week in Memphis, Texas, visiting friends and looking after business interests.

On last Saturday G. L. Fawver started three teams to plowing. Some other farmers are beginning the spring work while some fields are too dry to work.

Last Sunday R. T. Miller and wife of Center, visited their daughter and family, Mrs. Martin Green.

Mr. and Mrs. Stevens visited last Sunday with L. H. Hart and wife.

Mr. and Mrs. Seals spent last Sunday evening with Mr. and Mrs. Bartlett.

Chicken coops, hen houses and incubators are being overhauled and renovated in preparation for an other bumper crop of friers.

Mrs. Golightly is entertaining her twin brothers from Merke, Texas, who are out on a two weeks visit.

Hurbert Bartlett and sister, Miss Lillie, spent Wednesday evening with Mr. and Mrs. H. M. Hart.

4tc. Floydada, Texas.

Eighteen Years Young.

With this number of the Hesperian the eighteenth of its existence begins and like all other businesses that have grown and thrived in the west, it has seen and known the "hard times," the conflagrations, the marriages, the deaths and the comings and goings as well as the improvements, with as near a true light of truth and as little coloring as is within the capacity of the men who have been at its helm during these years. It has seen the first blacksmith shop, the first gin, the first cotton planted, the first bank, the first railroad, the first brick, the first two story brick, etc., ad infinitum, and has steadily grown through-out these many changes.

The eighteenth year is started with a bright promise for the future, and a firm belief in Flovdada and Floyd County, which goes a long way in aiding to publish what the people desire—a first class paper which shall reflect the brighter side of the past, live in the present with a steady purpose and see in the future the crowning glory of a task well done.

The reason my business is increasing; I sell the best at a small profit for cash. I want your business whether five cents or \$5. Glad ltc.

I have changed my location from Jones' Hardware to north side square. O. R. Eastwood, harness and shoe repair and general leather work. tf.

West Plains Lbr. Co

Make Us Prove It

We dare not exaggerate to you. We are dependent upon your patronage. To get it we must have your trust and confidence. We make the following statements with a full understanding of what they mean to us. You are safe when you believe in these statements.

For the Bowels

If you only know as much as we and those who have used them know about Rexall Orderlies, you would be as enthusiastic about recommending them as we are. They taste just like candy. They act so easily and so pleasantly that the taking of them is a pleasure.

Even children like Rexall Orderlies; and you know that if a medicine appeals to a child, it will appeal to grown-ups.

Rexall Orderlies

help chase gloom, dispel blues and make you feel happy by their splendid tonic, cleansing and strengthening effect upon the bowels.—They act to free the system—and keep it free—from the distress and ill feeling that naturally results from irregular and inactive bowels.

Rexall Orderlies do this quietly, without griping or causing nausea, purging or excessive looseness. They act to overcome and remove the cause

of bowel ills and in a short time usually make unnecessary the continued use of physics and purgatives, thus tending to stop such unhealthy habits as may have been formed.

Make Us Prove This

We do not ask you to take our word for this. We want you to make us prove it, and at no cost to you.

Buy a box of Rexall Orderlies at our store. Use them once, or use up the whole box. Then, if you are not thoroughly satisfied, just come back empty handed and tell us. Without obligating you or questioning you we will return the money you paid us for them.

Doesn't that indicate that Rexall Orderlies are at least worthy of trial? Doesn't it prove our faith in them? Doesn't it merit your confidence? Could any offer be more fair to you?

We particularly recommend Rexall Orderlies for children, delicate and aged persons. Rexall Orderlies come in convenient vest-pocket size tin boxes. 12 tablets, 10c; 36 tablets, 25c; 80 tablets, 50c.

CAUTION: Please bear in mind that Rexall Orderlies are not sold by all druggists. You can buy Rexall Orderlies only at The Rexall Stores. You can buy Rexall Orderlies in this community only at our store:

WHITE DRUG CO.

One Cent Postage Almost Certain.

Washington, D. C., Feb. 12.—One cent letter postage promises to be the next live issue affecting the post office department of Washington, according to Senator Theodore E. Burton, of Ohio, who is leading the campaign to secure a lower letter rate.

A new one cent letter postage bill has been introduced by Senator Burton in the senate and Representative John W. Weeks in the house, and active steps are being taken to promote its passage. The bill provides for a one cent rate by July 1 of this year.

"Without doubt the time has arrived when the people of the United States are entitled to one cent letter postage," declares Senator Burton. "The present two cent rate has been in existence since 1883, and no important changes have been made since that date, despite the fact that the population of the country has increased immensely, and there has been an astonishing increase in the amount of communication between our people.

"The most important reason why citizens of the United States are entitled to one cent postage is the fact that although we are charged two cents each for the carriage of letters, it actually costs only about a cent apiece for the government to handle them. This results in the accumulation of a surplus of over \$62,000,000 each year on first class letter mail.

"The post office department was never intended to be other than self-supporting. The government is entitled to sufficient compensation for the actual cost involved in carrying first class postage, but any rate which rolls up so enormous a surplus is nothing less than a tax upon the users of postage stamps throughout this great country.

"In 1843, the rate of postage on a letter weighing one-half ounce or a fraction thereof, carried from the city of New York to Buffalo, a distance of less than 500 miles, was twenty-five cents.

On October 1, 1883, the two cent rate became operative on letters weighing half an ounce or a fraction thereof. This rate, with slight changes, has existed for thirty years.

"In the mean time, the correspondence of the country has increased enormously and transportation facilities have improved in proportion. There is no question but that the government can carry letters for less than one cent, and make a profit.

Wells Henry and Earnest Fry spent Sunday in Floydada from Lockney, on a visit with relatives.

Splendid cook book and measuring cup with every pail of Cottolene at Williams-Brown. Phone 42.
