FINAL WORD From SAM RUSSELL

To the Voters of the 17th Congressional District;

I am ending this campaign in the same manner in which I began it-clean and above board. have not engaged in mud slinging or dirty politics, but have carried my program to the people in whom I have always had complete confidence; believing that I had a program which would be for the best interest of the public sa whole in this

I was, and am, of the opinion that during these perilous times the district needs a man to represent them who had the ability, courage, and fighting spirit to work and fight for the best interest of America. To that end, I have not only dedicated my service, but my life as well.

I have made no rash promises. I have not promised any one a job to get them to work or vote for me. I have no positions to offer for the purpose of securing political preferment. But I do have a burning desire to render ardent and faithful service to my people, and this, I promise todo

I ask you to not be misled by last minute personal attacks that are being made against me. The district is literally covered by hirelings of my opponent, and large sums of money are being spent to over-persuade the voters.

I am a poor man and have paid every cent of my expenses out of my own pocket, but I am meeting these unfair aftacks, the best I can, with the voluntary aid of my friends.

In answer to such attacks, I have served my home people, where I was born and grew to manhood, and have lived all my life, for over twentyone continuous years in an official capacity, without a single defeat, and on July the 27th, they gave me the largest majority that any candidate received in his home county. This vote of confidence of my home people, who know me best answers all charges made, or to be made, against

If you believe in clean politics, if you believe in honesty, and faithful representation, and feel that I can give you such representation, may I have your vote and influence on the 24th day of August, for which Ishall be eternally. Respectfully

CANDIDATE FOR CONGRESS.

IN MEMORY

In memory of little George Allen born Nov. 25, 1939, died Aug. 11, 1940, being 8 months and 16 days of age. Little George died from a scald he received a week before. He was the baby boy of Mr. and Mrs. Bascom (Pete) Allen of the Denton community.

You are gone our precious darling, never more shall me see your lear smiling face, gone; but never will you be forgotten. You will live in our hearts forever and the few short months we had with you can never be forgotten and your going from us dear little Georgie will be a tie drawing us closer to Heaven. We loved you too much. God gave you to us for a few short days, now He has lifted you up and transplanted you in His home on high, where you await our coming. Some sweet day we hope to meet you there in that home not made with hands. We can not understand why you had to be taken from us, but some day up there we will understand.

We know your suffering is ended now, and what a beautiful thought to know that we too can meet you there. Rest Darling in PIERCE BROOKS is pledged to you in Heaven.

Deserves Your Vote And Influence

for Re-election to CONGRESS

Vote For The Man Who Votes For You

MR. FARMER: Clyde Garrett has already saved you SEVENTEEN MILLION DOLLARS and his bill now before Congress will return you TWENTY MILLION DOLLARS that is rightfully yours. His actions have increased the farm income for Texas in 1940 some \$75,000.00.

MRS. HOUSEWIFE: Clyde Garrett has secured you R. E. A. facilities, 33 school projects for your children, public buildings, and has made your daily life more pleasant and more secure. When you vote remember who voted the Neutrality law that has kept America at peace while Europe is in flames.

MR. MERCHANT: Clyde Garrett protected and safe-guarded your interests when he voted for and supported the Walter-Logan bill. What other man could have done more for you merchants than Clyde Garrett has done for you in Congress?

MR. WAR VETERAN: Clyde Garrett has secured you two hospitals in Texas additional facilities at Legion, and worked for his bill to grant you judicial review of your cases before the Veterans Admin-

MR. STOCK RAISER: Clyde Garrett made it possible for you to have the benefits of the FSA, the Soil Conservation and Water Facilities program and. through federal projects, built almost THREE MILLION DOLLARS worth of farm-to-market roads in your District since January 1, 1937.

MR. WORKING MAN: Clyde Garrett is the only candidate who is endorsed by the A. F. of L. and the railroad brother hoods. Clyde Garrett did not cast a single vote that is detrimental to the working man, yet he has cast many thousand votes since he went to Congress.

MR. AND MRS. AMERICA: No matter what your occupation or circumstances, you are real Americans, and Clyde Garrett has been a true American in his labors in Congress. He has supported all measurers to protect our nation from without and within-sponsoring all measures for national defense and restricting "Fifth Column" activities. Clyde Garrett is a real American and deserves the vote of every Good American.

gaged in building a defense of her freedom.

This freedom of ours-freedom of action, freedom of thought, freedom from fear and oppression, freedom of enterprise-is the most precious thing in the world to protect.

Electric service will play a big part in this great program of strengthening our defenses. Your electric company is ready NOW to do its full share in any task this community may be called upon to perform.

We're ready because for years we have planned far in advance in order to meet your everincreasing demands for electrical service.

Because of this we have built power capacity in advance of any demands in the community.

To assure constant power under all conditions our several sources of electricity are linked together so that the switch at your finger-tip controls power from many sources. If one should fail, it is but a split second until a new source of power is at your bidding.

The highly skilled and trained staff of people who have built up your electric service, and who are serving you from day to day, are eager for any new task.

It is through these people, and this marvelous system of interconnected power plants and distribution lines they have built, that we are ready to do our part.

Meanwhile, we have not forgotten that our job in the future, as in the past, is to improve our service and its usefulness to you, and bring more of the good things of life to more people at less cost.
