

Golden Terrace Village...

# Construction start for senior housing likely during May

The start of construction on the 16 additional apartment units for Golden Terrace Village is expected to begin soon with a pre-construction conference slated here Wednesday.

Bids to build the second phase, which will expand to 40 the number of apartments offered to senior citizens, were awarded Feb. 6.

Actual construction must begin

within 120 days of the bid letting, a time frame which draws to a close June 6.

Wednesday's pre-construction conference is set for 1 p.m. at the Senior Citizens Center. The successful bidder for the project, Neches Homes of Lindale, is expected to meet with the board of Senior Citizens Inc., the non-profit entity created to oversee the operation of the housing com-

plex.

Board members include John Gayle, president; J.B. Tate, vice president; Gay Hickman, Elizabeth Potts, Bill Davies and C.D. Gray Jr. Serving as a non-voting member is the apartment complex manager L.E. (Doc) Griffin.

Financing for the work will come through the Farmers Home

## May Day to offer 30 quilts

### Annual auction set next weekend

The Scurry County Senior Center will again host its annual May Day fund raiser next Saturday, May 6, with 30 quilts made by center participants going up for bid in the Scurry County Coliseum.

While the auction won't begin until 6:30 p.m., musical entertainment is planned starting at 2 o'clock. Admission to the coliseum is free and individuals are invited to visit the Sweet Tooth Booth for refreshments, the Country Store, with baked goods offered, and a craft item booth.

The entertainment will include an appearance by Miss Snyder, Rhonda Jo Horn of Seymour, who will perform around 6 p.m.

The day's entertainment will begin with the Senior Center's Sunshine Choir at 2 p.m., followed by the Hoss Clayton band at 3 p.m. and the Center's Kitchen Band at 4 p.m.

At 5 o'clock, Robert Allen and the Country Boys will perform.

The sale will begin at 6:30 p.m. with a barbecue meal served from 4:30 until 6:30 as part of May Day. Tickets for the meal are \$5 and must be purchased in advance.

All profits go to the center's operating fund. The May Day quilt auction is the center's major fund-raising event of the year.

Last year's May Day netted the Senior Center some \$21,000 with approximately \$15,000 of that from the auction.

Serving as auctioneers again this year will be Grady and Molly Morris of Colorado City.

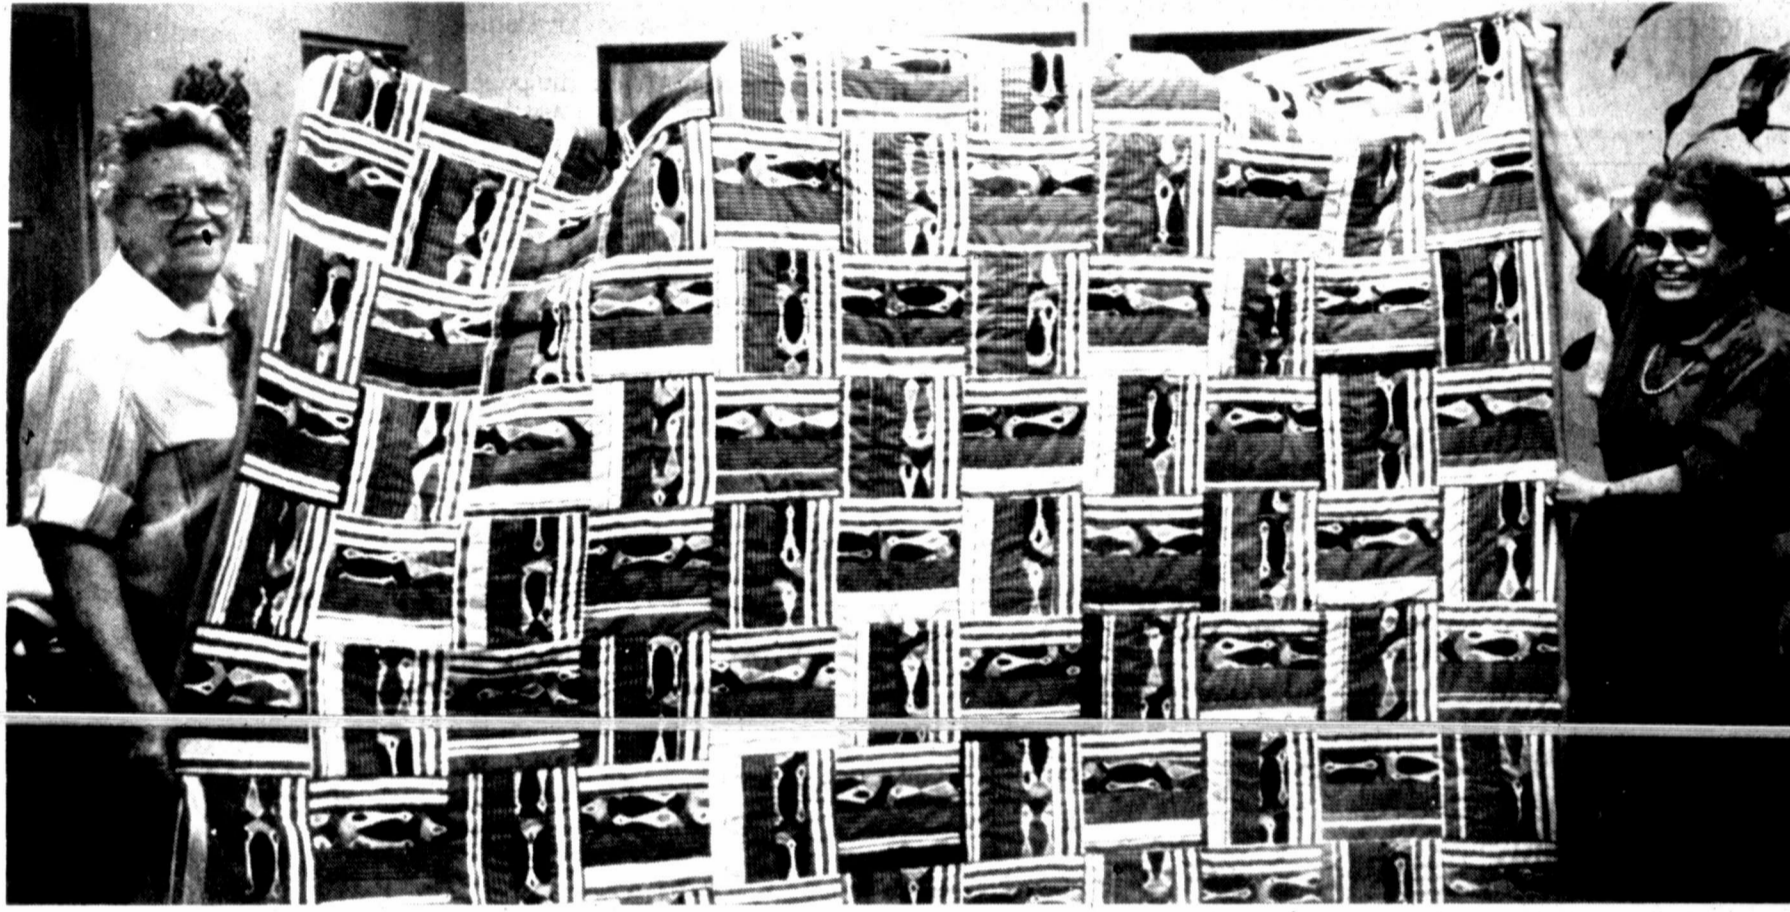

In addition to the quilts, now on display at local businesses, donated items will be sold as well. These will include a crocheted tablecloth, baby quilts and afghans.

May Day was first held in 1978 in Towle Park. The center moved from the Western Texas College campus into its present facilities in 1979 and May Day was held there that year.

It was moved to the coliseum when more space was needed and the event now attracts hundreds of visitors each year.

"The Senior Center appreciates the support it receives from the community," said Jerry Baird, senior center director. "Many of our senior citizens work the year around to make May Day a success, and we extend an invitation to everyone to

## Group set to honor banker

Longtime Snyder banker and civic leader H.W. Cargile will be honored by the Texas Bankers Association (TBA) May 12. He has been nominated for TBA's first annual 50-Year Banker Award.

Cargile will be recognized for his service to the banking industry at the organization's 105th annual convention slated in San Antonio.

He began his banking career as a bookkeeper and teller with the First National Bank in McAlester, Okla. in 1929. He served as assistant cashier, vice president and cashier at First National Bank in Henderson from 1931-50.

In 1950, he joined the staff of West Texas State Bank. Through the years, he has served as vice president, cashier, executive

vice president and chief executive officer, president and chairman of the board.

He retired in 1978, but continues to serve as senior chairman of the board.

In Snyder, he has been involved in several community organizations. He has served as president of the Snyder Chamber of Commerce and the South Plains

By Roy McQueen

The feller on Deep Creek says, "The trouble with making a good suggestion is being named chairman of a committee to carry it out."

Tom Hochwalt and his staff at Cogdell Hospital, during the past 15 months, have made giant strides in improving the financial condition of the hospital.

The losses have been curtailed, the cash flow has been increased and the hospital's image has been enhanced. There have been setbacks, to include losses from the medical staff, but good cooperation between doctors and the recruiting has been a valuable tool in an intense recruiting effort.

Positive effects of new financial controls are now being seen, and the hospital's proposed relationship with the TDC should also have a positive long-term impact on the hospital.

Last year, tax funds into the hospital totaled \$360,000. If you're interested in reducing local

county taxes, increased utilization of the local hospital is one way.

Increased utilization—volume—can reduce and even eliminate the necessity of tax dollars into the county hospital. You can do something about lower taxes.

While on the subject, Wilma Dillard has spent the past year as patient relations coordinator at Cogdell. Her job basically is to handle any chore related to public relations.

Wilma is involved in a variety of activities, and among them has been tours of the hospital for all third grade classes in the public schools.

After a recent visit, Harley Burnett of West Elementary wrote a letter to Mrs. Dillard thanking her for the tour. He was impressed and wrote:

"...I'm going to tell my cousins, my brother, my mom and dad, my aunts, my grandmas, my grandpas, and my friends about your treatment."

That's what the hospital needs—usage and lots of goodwill ambassadors like Harley.

## 100-plus counted...

# Interest picks up for absentee vote

Snyder city and school elections are now one week away with absentee voting for both scheduled to end Tuesday.

As the second week of absentee balloting closed Friday, interest in the races was apparently picking up with 101 votes counted at the city and 103 at the school.

Last year, when a record city and school vote of some 1,500 was counted, the end of absentee voting saw 160 ballots cast for school board members and 314 for city council candidates.

Because of changes in the election code, any registered voter is eligible to cast an absentee ballot.

Individuals may vote absentee through the close of business Tuesday at Snyder city hall of the school administration building.

City hall is open until 5 p.m. and the school ad building will close at 4 p.m.

Next Saturday, May 6, both ballots will be combined at city hall. The polls will be open that day from 7 a.m. until 7 p.m.

In both the school and city races, the candidates receiving the most votes will be elected. No runoffs are possible for at-large posts on either the city council or school board.

Candidates in the school board election are:

## Piano quartet sets concert here Sunday

Quadruga, a piano quartet made up of four Texas Tech University faculty members, will perform at 3 p.m. Sunday in the Western Texas College Fine Arts Theatre.

Admission is free and the public is invited.

The ensemble includes violinist James Barber, violist Susan Schoenfeld, violoncellist Arthur Follows and pianist Steven Glaser.

Slated for performance are the E flat major piano quartets by Beethoven and Antonin Dvorak as well as David Amram's "Portraits."

# Senate okays Carriker's rural health bill

AUSTIN—A bill designed to stem the tide of rural hospital closings by pumping millions of federal dollars into the state's suffering rural health care system was passed unanimously by the Texas Senate on Tuesday.

Senate Bill 1107, sponsored by Senator Steve Carriker, D-Roby, modifies the authority to

prescribe non-narcotic drugs under physician supervision. The legislation would benefit medically underserved rural areas by allowing rural doctors to take advantage of the Rural Health Clinic Services Act passed by U. S. Senator Lloyd Bentsen.

"I'm very pleased that the Senate took this important step

today toward solving our deepening health care problems in rural Texas," Carriker said. "I believe the overwhelming support shown for this bill indicates the very real concern that exists in the Legislature regarding the future of vitally important rural health services."

Minor changes in state law made through the Carriker bill allow for a number of advantages under the federal Rural Health Clinic Services Act, including substantial increase in the

amount of Medicare and Medicaid Funds rural doctors could receive for treating Medicare patients.

The bill for the first time will also allow for a doctor to establish a remote health clinic staffed by a trained nurse practitioner or physician assistant working under his supervision. This could bring primary health care to thousands of rural Texans who currently have no access to rural health care.

## Pope begins visit in Madagascar

ANTANANARIVO, Madagascar (AP) — Pope John Paul II opened his fifth visit to Africa by saying he was willing to meet with Soviet leader Mikhail Gorbachev, but that obstacles prevent him from making a papal tour of the Soviet Union.

Gorbachev is to travel to Italy in November, and a visit to the Vatican would be the first ever between a pope and a Soviet Communist chief.

En route Friday to this island nation off southeast Africa, the pope said he would meet Gorbachev "with great respect as the head of state, the head of a system."

**Accusations fly, cleanup inches on**

VALDEZ, Alaska (AP) — The chairman of Exxon and Alaska's governor stepped up their feud over the cleanup of oil from the Exxon Valdez, and a mountain climber scaled the company's Anchorage office to protest the spill. Meanwhile, high seas and stiff winds sidelined thousands of cleanup workers tackling the nation's largest spill on Friday, but officials said nature was helping the effort some by washing oil off beaches and back into Prince William Sound.

**Since 1905...**

**And we're just getting started!**

In April, 1943, many Scurry County boys were off in a far-away land fighting for the U.S. in World War II. At home, the county had the job of raising \$212,000 as its part of a \$13 million war effort need. Snyder National Bank was a part of that patriotic effort and was the headquarters where citizens lined up to buy war bonds. For over 80 years, Snyder National Bank has been there in a time of need.

# Financial Focus

The new tax laws have made it necessary to be more selective in investment planning. Since the tax advantage of long-term gains has been eliminated, it has become more important to protect these gains and to allow them to compound under some type of tax shelter. New and improved insurance annuity contracts offer a safe and reasonable way to accomplish this.

The old annuities, as many remember them, were insurance retirement vehicles that required either a lump sum or periodic deposit. When the annuitant decided to begin withdrawals, a regular income was guaranteed for a specific period or for life. When that period ended, any money remaining in the account went to the insurance company. Although this eliminated the worry of outliving an income, the rates were generally low and once annuity payments began, they never increased. Although the annuitant was assured a lifetime income, inflation caused the buying power of that income to drop each year.

The variable annuity, however, offers a possible solution. It combines the benefits of a mutual fund with the advantage of deferring taxes under the shelter of an insurance policy. You have the choice of several stock, bond and money-market mutual funds as your investment, and returns vary based upon how well the funds perform. Upon death, the insurance company pays your heirs the greater of the current market value or the amount of your contributions. This guaranteed death benefit is very appealing to those who want the returns available in the market without subjecting their heirs to a loss of principal.

The key to selecting a variable annuity is to scrutinize the management and investment results of the variable accounts. They vary considerably from company to company, so results will depend upon your choice.

If you select to switch mutual funds within the annuity, you don't have to pay taxes on any gains you might realize at that time. Taxes are due only when you begin withdrawals from your annuity. One negative feature is that the government imposes a 10 percent penalty on withdrawals taken before age fifty-nine and a half.

Most variable annuities are offered with no initial sales charge, which allows all of your original investment to go to work immediately. However, to protect the insurance company from loss should you decide to remove your deposit before they recoup their expenses, there's generally a declining contingent deferred sales charge. This charge is based upon the number of completed contract years between the date the deposit was made and the date withdrawals begin. It varies with different insurance companies.

Variable annuity contracts are generally straightforward and simple to understand. However, should you receive your contract and decide it does not meet your needs or contains some unacceptable features, most insurance companies allow up to 20 days to return the annuity for its current market value with no surrender charge. This option is clearly stated in your contract.

At a time when tax shelters have all but disappeared and investors are looking for safe and reliable options to IRAs, the variable annuity contract offers an alternative you may want to consider.

### Brad Vincent performs in Baylor play

WACO--Brad Vincent, a sophomore education major at Baylor University, recently appeared in the Baylor Theater production of "The Diviners."

The play takes place during the Great Depression in a small Indiana town. Vincent plays Buddy Layman, a local youth who is terrified of water because of an accident which killed his mother.

Layman befriends a disenchanted preacher who drifts into town, and the preacher helps the boy overcome his fears.

Vincent is a 1987 graduate of Snyder High School and the son of James and Lawanna Vincent.

Playwright Tennessee Williams was born in 1911 in Columbus, Miss.

In the Adult General division, first place went to Katherine Elkins, second place to Mrs. Elkins and Sandra Browning, and third place to Mrs. Elkins and Marjorie Mathis. LaVerne Lee won first in the Adult Landscape division.

Honorable mention ribbons were awarded Mrs. Jim Brown and Mrs. Elkins.

Bob Campbell, Snyder Daily News photographer, was juror for the contest. Cash prizes were given by Keaton Kolor, Mr. and Mrs. G. A. Parks, Jr., and the museum.

The photographs are on display in the museum along with wild flower projects of local public school students.

### Stamper photos are on display

Photographs by Gloria Stamper of Fort Worth are featured in an exhibit in the Western Texas College Students Center and the public is invited to see them.

The exhibit will continue through May 12.

Mrs. Stamper was a student of Bill Murchison, WTC mass communications instructor, at Odessa College. The 17 photos on display were made in Germany and Austria when Mrs. Stamper visited those countries.

Mrs. Stamper is presently a commercial photographer in Fort Worth and Odessa.

# Hoyt Furniture Going Out of Business SALE

## Explanation

Gary and Kathryn Landes have purchased Hoyt Furniture Co. from Hoyt Dillard.

They will move Landes Home Furnishings to Hoyt's old location at 2112 25th St.

In order to make the move, they must liquidate approximately \$200,000 in fine home furnishings at tremendous savings.

Both stores will remain open until enough merchandise has been sold to be able to fit all stock into the 2112 25th St. location.

Beginning Monday, May 1 you can save 40% to 75% on quality home furnishings. Save on carpet and appliances, too!

Don't miss this ONE TIME ONLY SALE!

## A Message From Hoyt Dillard

I have sold Hoyt Furniture Co. to Gary and Kathryn Landes. They are fine folks and upright in their business dealings.

I appreciate the support and business the people of Scurry and Mitchell counties have given me over the last 30 years.

I will devote my time to other interests.

May I urge all my customers to continue to buy furniture at 2112 25th St. from Gary and Kathryn Landes.

Sincerely  
*Hoyt Dillard*

# Snyder holds off Lobos here, 7-6 on Merritt throw

Bert Merritt is still trying to find his bat but there's no question about his arm.

The junior right fielder gunned down what would have been the tying run in the seventh inning here Friday, preserving Snyder's 7-6 victory over the Monahans Lobos.

"That's the second time he's done that for us this season," beamed Coach Albert Lewis. "He's made two pressure-packed throws."

Tuesday's Games: Snyder 8, Lake View 0; Andrews 11, Fort Stockton 0; Pecos 3, Monahans 2; Big Spring 15, Sweetwater 8.

Friday's Games: Snyder 7, Monahans 6; Pecos 14, Lake View 1; Andrews 12, Sweetwater 3.

Saturday's Game: Big Spring at Fort Stockton.

Next Tuesday's Games: Sweetwater at Snyder; Pecos at Andrews, Fort Stockton at Monahans, Lake View at Big Spring.

Earlier in the month Merritt's arm played a key factor in a 5-3 win over Fort Stockton. The Panthers had the bases loaded, one out and a run scored in the seventh inning. A fly ball to Merritt sent Fort Stockton packing though, as he caught it, then blazed it home to catcher Tracy Odom in time to get a runner trying to come in.

Friday's effort was even more dramatic because the base runner - Freddie Sanchez - represented the tying run. Much the same as he did in the Fort Stockton game, Merritt speared Noel Porras' fly ball in mid-right field, then fired it to Odom who tagged Sanchez out at least four feet from the plate.

"It was just a reaction," said Merritt, about the play. "I heard Tommy (Lane) and Jason (West) yelling at me to take it home and I did."

The victory temporarily lifted the Tigers to the top of the District 4-4A standings with an 8-3 record. Snyder will be tied with either Big Spring or Fort Stockton when weekend action is finished. Those two teams, both 7-3, were to clash Saturday afternoon in Fort Stockton. In other games played Friday, Pecos thrashed San Angelo Lake View 14-1 and Andrews defeated Sweetwater 12-3. The Pecos-Lake View game had been slated for Saturday, but was changed late in the week.

Those outcomes left Pecos and Andrews, now both 7-4, still in the hunt for a post-season berth along with Snyder, Big Spring and Fort Stockton. Monahans, 5-6, is now three games out of first

place with three to play.

To say Merritt has been silent with the bat is a little unfair. He came into the game hitting just .222 in district play and .200 for the season but did get a hit Friday that temporarily put Snyder ahead 6-5 in the fifth inning.

Snyder got off to a 2-0 start in the first inning when designated hitter John Wright slammed a single to center field. The ball got past the defense and rolled to the fence, allowing Mark Kuss and Tommy Lane to score. Kuss had led off with a single. Lane walked aboard.

Monahans went in front in the

second inning on six singles and a Tiger error. Sanchez opened the inning with a single off starting pitcher Lee Fletcher. After one out, Michael Molina also singled. Fletcher got Freddie Jimenez to fly out to second baseman Jason West for the second out of the inning, but nothing went right for the Tigers after that. The next batter, Porras, hit a ball to short stop Bert Otto. Otto tossed it to West covering second, but the young fielder misjudged the ball and it fell at his feet, leaving the bases loaded.

A trio of Monahans singles followed, pushing in four runs before Coach Lewis sent Kevin

Dollins to the mound. Dollins gave up a run-scoring ground single to Brandon Collins before getting Sanchez on a grounder for the final out.

Snyder came back in the third inning when Morris singled, took second on a balk charged to Monahans pitcher Jimenez, and scored on a basehit from Lane. Lane later came home on a two-out single from Odom to make it a 5-4 ballgame.

In the fifth inning, Lane singled off relief pitcher John Blevins and moved to second on Wright's sacrifice fly. Odom followed with another single. Otto then reached on an error to load the bases.

Next-up Toby Goodwin slapped a sacrifice fly that sent Lane in with the tying run. Merritt followed with his single to push courtesy runner Jamey Morton home and put Snyder ahead 6-5.

Monahans tied the score again in the sixth on a routine ground out after Jimenez and Porras had singled.

Snyder set up the game-winning run in the bottom of the stanza when Morris punched a one-out single and stole second base. Lane walked, then Morris moved to third on another deep (see TIGERS, page 7A)

## Peters gets 51 with no-hitter

**BRENHAM, Texas (AP)** - This quaint hill country town is famous for its little creamery that makes delicious ice cream and as a central point for viewing fields of bluebonnets, the Texas state flower.

Jon Peters interrupted this pastoral setting for five innings Friday night to put Brenham on the map for another reason by setting a national record of 51 consecutive pitching victories.

Peters pitched the fifth no-hitter of his career and ended the game in dramatic fashion by driving in the final run in a 10-0 victory over A&M Consolidated.

"It's going to be tough not to have a letdown after something like this," Brenham coach Earl Hathaway said. "But we've still got a season to finish and somehow we'll do it."

With an overflow crowd of 4,000 watching, many sitting on slope beside a railroad track, Peters dealt with the pressure of the moment.

He struck out 12 and drove in John Schulte in the fifth inning, giving the Cubs a 10-0 lead and ending the scheduled 7-inning game.

"I felt really good tonight and I'm just glad to finally get this over with," Peters said.

Peters broke the record of 50 victories by Timmy Moore, McColl, S.C., in 1977-80. Moore attended the game and threw out the first pitch.

Peters tied Moore's record on April 21 when he pitched a 2-hitter against Katy Taylor, striking out 12 and retiring the last 15 in a row.

Peters, who has signed a scholarship agreement with Texas A&M, has not lost since the final game of his Little League career when Brenham lost to Taiwan in the semifinals of the 1985 Little League World Series.

Peters had a 13-0 record as a freshman, 15-0 as a sophomore and 14-0 last season, leading Brenham to an unprecedented third straight state Class 4A title.

Peters is within reach of the state record for career victories currently held by Duncanville Keith Creel, who won 55 game from 1974-77.

The national record for career victories is 61 by Steve Stretter Sylvia Webster, N.C., 1974-1977.

## Tiger tracksters competing at regionals in Brownwood

**BROWNWOOD** - Snyder athletes were to compete in the pole vault and 100 meter hurdles as the Region I-4A Track Meet continued here Saturday.

Snyder's only finals competitor on Friday, Liz Greathouse, did not place among the top six in the triple jump.

Charles Guynes was to compete in the pole vault Saturday morning and Nichole Overman was to run in the hurdles in the early afternoon.

After Friday's few events, Crowley lead the girl's division with 12 points, followed closely by Levelland and Andrews with 10 and San Angelo Lake View with 8.

In the limited results from the division, Twylana Harrison of Levelland won the triple jump with a regional record leap of 41-4

and Christa Rogers of Andrews was second with a 38-11. In the 3,200 meters, Crowley's Lauri Borck won with a time of 11:36.72. Second was Lake View's Maggie Huckins with an 11:40.80.

Randall was leading the boy's division after two events with 14 points. Waco Midway had 11, followed by Lubbock Estacado with 10.

Estacado's Steven Norris won the long jump with a distance of 24-5 3/4. Second was Larry Milligan of Pflugerville in 23-5 3/4.

Paul Stoneham of Waco Midway won the 3,200 meters in 9:35.86. Second was Rodger Kruger of Randall in 9:43.19.

First and second place individuals in each event advance to state competition.

# Lady Duster is all-everything...

## Allen on top of the world

**By Bill McClellan**  
She's all-everything. Nickey Allen, the Western Texas College sophomore from Amarillo is on top of the world. And she should be.

The 5-11 post player compiled a hefty list of statistics and honors this past season, while helping the Lady Dusters to a 27-10 record, a conference co-championship, the Region V crown and a berth in the Women's NJCAA National Tournament.

Her honors read like a Who's Who list in basketball.  
- All-WJCAC,  
- WJACA Most Valuable Player,  
- All-Region V,  
- Region V Tournament MVP,  
- All-NJCAA National Tournament,  
- NJCAA First-Team All-American,  
- Kodak First-Team All-American.

16.9 points, 9.1 rebounds and 2.8 steals a game and shot 56 percent from the floor.

She had a lot of games she was proud of, but none more than the Region V championship game with rival Odessa College. Western won 80-79 and along with it booked a trip to nationals.

"That was probably my best game," said Allen, who hit 15

of 22 shots from the floor for 30 points, yanked down 11 rebounds and had four steals against the Lady Wranglers.

A 42-point effort in the second round of the national tournament, against highly-touted Blinn College didn't hurt, either.

"I think I really started playing well in the tournaments, in the regional tour-

name," she said. "The crowds and knowing all of those other coaches and all were there really got me fired up."

Now as she tries to make a decision whether to sign with the University of Texas, Texas A&M, New Orleans or Stephen F. Austin, she can reflect back on her honors and Western Texas.

"I came here for the athletics but I've gotten so much support from the entire faculty," she said. "I appreciate their help and support so much. And my teammates and Coach Chadwick have always been with me. Just to know they were always encouraging me is really great."

NICKEY ALLEN...WTC All-American

Making All-American had been a goal the Lady Dusters co-captain set at the start of the 1988-89 season. Still, she admitted she was a little surprised when she made it.

"I was overwhelmed. I was shocked. I was proud. I was happy," she said.

Lady Dusters coach Kelly Chadwick wasn't as surprised. "You work hard and those good things happen to you. Nickey is a hard worker and a very talented young lady," said Chadwick, who has coached five other All-Americans.

Allen is Western Texas' sixth All-American Lady Duster and the third coached by Chadwick, who also had three at Amarillo College. As a sophomore, Allen averaged

## At Tarleton NIRA Rodeo...

# Western's Himes leads bulldogging

STEPHENVILLE -- Clyde Himes got WTC off to a fast start at the Tarleton State University NIRA Rodeo here Friday night.

The Western Texas College sophomore clocked a quick 4.3 seconds to take over first place in the steer wrestling. Himes has been the only designated men's team member to compete so far

for Western. The other five individuals - Ray Brown, Denny McLanahan, Russell Merchant and Jim Blain Kenney - were to compete Saturday.

Actually, Merchant did compete in the team roping with Bryan Davis. Their broken-barrier time of 16.9 is not placing. Finals are set for 1:30 p.m.

Sunday in this, the final Southwest Region rodeo of the season. After Sunday's show, points will be tallied to see which teams and individuals advance to the College National Finals Rodeo in Bozeman, Mont.

Odessa College will win first place in the men's team division. The Wranglers went into the rodeo with 2,457.5 points. The race for second is tighter, with Western Texas' 1,410 points leading Tarleton, which had 1,348.5, and Sul Ross, which had 1,252.5.

Himes also took over fifth place

in the calf roping with a time of 12.3 seconds. Coach Bob Doty said there were about 35 calf ropers still to compete on Saturday, and he feared Himes' time might not stay in the top 10 and qualify for the finals.

The same holds true for WTC's only women's team member who has completed. Krista Jeffries took over fifth place in the goat tying with a 11.2-second run.

Scores and times from Friday's other WTC students did not landed in the top five. Among them, Bryan Davis took a no-score in the bareback; Monte Ashworth had a no-score in the saddle bronc and Ted Cooley no-scored in the bull riding. Brian Peterson got a re-ride in the saddle bronc and was to try again Saturday evening.

In results from Thursday, Kyle Ham's 66 in the bull riding was moved down to fifth, while Kenny Taton is in second place in the saddle bronc with a 73. Judges changed Robert Fifer's score to a 70, breaking the tie. Fifer, a former WTC student, competes for Sul Ross. Tarleton's Charles Swaloe took over first place with a 75.

Former WTC cowboy and a native of Snyder, Adam Brewster is tied for the lead in the bareback with TSU's Keith Truex. Both scored a 71. Brewster, who now rodeos for Sul Ross, bucked off in the bull riding event.

## WTC boosters to meet

Western Texas College Booster Club will meet noon Monday in the Golden Corral for a Dutch treat luncheon.

Anyone interested in WTC athletics is encouraged to attend.

## Special Olympians compete

Snyder Special Olympics track team participated in the Area 14 meet in Abilene earlier this month.

Twenty-three athletes from Snyder participated and all were winners.

Winning ribbons were the following athletes:

Softball Throw: First place- Jamie Lynn Tucker, Michael Cotton, Wesley Collins, Armando Ramos, Helen Everts, Tom Crowley, Joe Ramos; Second

place- Susan Banks, Paul Berkley, Tim Collins, Loretta Mireles, Omer Costillion, Susie Mullen; Third place- Hope Martinez, Juny Molina, Richard Gohlke; Fourth place- Delbert Johnson, Stephanie Guerrero.

50 meter dash: First place- Michael Cotton, Loretta Mireles; Second place- Sony Andrade, Laurel Davis, Jamie Tucker, Omer Costillion, Juny Molina; Third place- Delbert Johnson, Hope Martinez; Fourth place-

Tim Collins, Joe Ramos; Fifth place- R.L. Higdon; Sixth- Tom Crowley.

100 meter dash: First place- Paul Berkley; Third place- Stephanie Guerrero; Fourth place- Randy Underwood, Richard Gohlke, Wesley Collins; Fifth place- Armando Ramos.

Standing long jump: First place- Mae Farmer, R.L. Higdon; Second place- Randy Underwood; Third place- Laurel Davis.

Two teams for the 400 meter relay were also winners, placing third and fourth.

Eighteen members of the team will represent Snyder at the state games in San Marcos, May 23-26.

fly ball to right field hit by Wright.

While the next batter, Odom, was working his way to a full count, Lane took off for second base. When Monahans made the futile throw to try and get him, Morris raced home with what amounted to the winning run.

Coach Lewis replaced a tiring Dollins with Otto in the seventh. The senior right hander gave up

three singles to load the bases but struck out Jimenez. Next came Merritt's clutch throw on the fly ball hit by Porras.

Dollins took the win in four and one-third innings. He gave up one run on five hits, struck out three and walked one. Otto got the save. In all, Monahans, now 11-9, got 15 hits.

Blevins was the loser in three innings. He and Jimenez combined to give up nine hits and four walks. They struck out eight batters.

Unofficially for Snyder, Odom, Lane and Morris all got two hits apiece. Kuss, Merritt and Wright added one apiece.

"That wasn't too pretty but we'll take it anyway we can get it," said Lewis, whose Tigers are now 16-7 for the season.

The Tigers play their final regular season home game Tuesday as they entertain Sweetwater on Moffett Field at 7 p.m. Snyder plays in Fort Stockton on May 5 and at Big Spring on May 9.

## JV squad falls 13-0

ABILENE -- Snyder was the victim of a no-hitter here Friday morning in the Abilene JV Baseball Tournament.

The young Cats lost 13-0 to Cooper and were to play San Angelo Central at 9 a.m. Saturday.

Cooper also defeated Central on Friday afternoon, 5-2.

Daniel Espinosa took Friday's loss in one-third of an inning. He gave up four runs on one hit and three walks. Jamey Morton relieved and allowed nine runs on five hits and a walk.

The Tiger pitching staff was hurt by eight team errors.

Snyder is now 6-10 on the season.

# Volunteer 'hoppers' needed

The Senior Center needs volunteer "hoppers" to assist with its home delivered meals program, and reminds interested persons that they do not have to be senior citizen age to assist with this program.

The center sends out an average of about 45 noon meals each weekday. They go to senior citizens who are homebound and cannot go the center for lunch or prepare their own meal at home.

Sometimes this is a temporary situation, due to illness or injury, so the number of meals delivered may vary somewhat from time to time. Recipients are asked to make a donation for their meal just as if they were eating in the center.

The meals are prepared in the Senior Center kitchen and loaded into the delivery van there. The "hoppers" get in and out of the van and carry the meals to the door of the house.

Delivery of the meals begins around 10:30 a.m. The van driver said the "hoppers" are usually

back at the center by 12 or 12:30 p.m.

We have some very valuable volunteers involved with the home delivered meal program," Debra Cheyne, center staffer, said. "These include Pat Cornett,

Bobbié Burns, Terry Lyles, Joe Terrell and Ann Nicholuson. We appreciate them very much but are in need of more help. Anyone who just give a few hours to this program is a candidate. Call 573-4035 for more information.

## Peace officers set annual meeting

SPUR—On Thursday, May 11, the sound of gunfire will echo again through the rolling hills surrounding Old Clairemont Road, home of the Caprock Peace Officers Association.

The occasion will be the 41st Annual Peace Officers Meeting and Rattlesnake Rodeo.

This year's event is dedicated to Johnnie Holbrooks, Lake Ranger for White River Municipal Water District in southeast Crosby County. He has served his community for 16 years, and has been an officer in the Caprock Peace Officers Association for 15 years.

Guests and visitors are

welcome and a special Rattlesnake Shoot has been reserved for them. Top prize for this year's winner will be another \$150 pair of boots.

Another event scheduled is the riot-gun trapshoot, in which riot-guns are furnished by and through the association. Horseshoe pitching contests are already scheduled.

Registration begins at 9 a.m. which includes a membership card, an association decal and a barbecue dinner. The shooting competition is to begin at 10 a.m.

**One convicted**

AUSTIN (AP) — An Austin psychologist was sentenced to 12 years in federal prison and fined \$150,000 for submitting fraudulent bills to U.S. military medical insurance funds and illegally pocketing the payments.

U.S. District Judge James Nowlin said Friday he plans to delay a ruling on the money Lucy Marrero must repay the federal government in restitution because there is disagreement over the amount.

Just hours before Nowlin handed down the sentence, the U.S. attorney's office filed a civil suit against Marrero that seeks damages and penalties for her criminal activity.

**Scurry airplane enthusiasts view collection of aircraft**

Last Sunday, 40 members of the Scurry County Pilots Association flew in 11 local aircraft to the Edwards Ranch south of Big Spring where they were taken on a tour of over 20 military aircraft owned by W. C. "Connie" Edwards. Included in the tour was the PBV airplane flown in the re-creation of that aircraft's trip across the Atlantic in 1919. Jim Burleson, president of the local organization, presented Edwards with an engraved plaque naming him an honorary member of the SCPA. Arrangements for the tour were made by Weldon Key, local club member.

**Court support for TDC bid part of agenda**

Scurry County commissioners Monday will consider adopting a resolution to support Cogdell Memorial Hospital in its bid to provide medical services to the Texas Department of Corrections Daniel Unit, which is scheduled to open here this summer. Other business in the 10 a.m. meeting will include the awarding of a contract for the county's supply of gasoline and diesel fuel through the end of the year, with seven companies having submitted bids. An extension of the county's contract with Rio Spring State Hospital will be discussed, and bids will be opened for a used tandem-axle diesel truck to be used in Pct. 3.

**Construction phase nearing**

Continued From Page 1  
 Administration (FmHA), which has given a pre-loan approval of some \$448,000 for the work. The bid from Neches Homes was \$364,480. A construction period of from four to six months is estimated. Assuming work can begin my mid-May, this would make the units ready for occupancy by early fall.

Eight duplexes will be built with individual apartments comprising some 540 sq. ft. of living space. These will all be a one-bedroom, one-bath design. Rental income from the apartments is used to retire the FmHA note, which is amortized for 50 years with an interest rate of 9.75 percent. The first phase of Golden Terrace Village was completed in the summer of 1985 and opened in July of that year.

two of the slayings, officials said. Ricky Lee Green, 28, remained jailed Friday on \$1.25 million bail on charges of murder and capital murder. Officers arrested Green at his home Thursday morning after obtaining a statement from his estranged wife Wednesday. Tarrant County Jail officials were monitoring Green's cell and activities closely after he tried to hang himself with a T-shirt Thursday night. When Sharon Green gave police details about the slayings allegedly committed by her husband, she admitted watching

**Pickup damages parked vehicles**

A young Snyder man escaped serious injury when his pickup truck was in collision with two parked vehicles in the 3100 Block of 42nd St. at 1:10 a.m. Saturday. Kevin D. Creating A Nation of Neighbors

From April 30 to May 6, Americans will celebrate their constitutional freedom to own property. With ownership of property there's often the desire to improve it, to enhance its value—because this value is measured not only in dollars but in terms of enjoyment and pride in the place that a person calls home.

We're doing something to improve property locally. Please join us in making our town a better place to live.

**NOTICE OF SETTLEMENT MODIFICATION**

In November of 1986, two classes, the first defined as all Mexican-Americans eligible to presently or in the future vote in elections for trustees to the Snyder Independent School District, and the second defined as all blacks eligible to presently or in the future vote in the elections for trustees to the Snyder Independent School District, were certified by the court in Malone, et al v. Snyder Independent School District, et al, Civil Action No. Ca-5-85-259, pending in the United States District Court for the Northern District of Texas, Lubbock Division. After lengthy negotiation, the parties to the above referenced lawsuit reached a settlement which was approved by the Court on October 15, 1987.

Under the agreement, a new method of electing trustees to the Snyder Independent School District was adopted. Four of the seven trustees were to be elected from single-member districts and the remaining three were to be elected at-large. Subsequently, and in accordance with the terms of the settlement agreement, a fifth single-member district was created to replace one of the at-large spots. By doing this, the trustee, Mr. Ygnacio Benitez, Jr., who was originally elected to single-member district one was placed in single-member district four. At his request, and believing that he should be allowed to represent those who elected him, the school board for the Snyder Independent School District voted to change the boundaries of the new single-member district one to include this trustee's residence as well as other surrounding property. No other changes were made.

Because the court was required to approve the original settlement agreement, it must also review proposed amendments to that agreement. A hearing will be held on the 24th day of May, 1989, in the United States District Courtroom for the Northern District of Texas, Lubbock Division, at 1:30 o'clock p.m. at which time the court will consider the amendment. Members of the above defin-

ed classes will be given opportunity to object to the change. Their objections must be written and filed with the Honorable Halbert O. Woodward, Judge, United States District Court, Room C-210, Federal Building, 1205 Texas Avenue, Lubbock, Texas 79401, Mr. Rolando L. Rios, Attorney for the Classes, 201 N. St. Mary's Street, Suite 521, San Antonio, Texas 78205, and Mr. Brian P. Quinn, Attorney for the Snyder Independent School District, 1722 Broadway, Lubbock, Texas 79401. All objections must be received by the court, Mr. Rios, and Mr. Quinn no later than the 17th day of May, 1989.

Since the court may wish to hold a hearing on any objection, anyone filing one must appear at the Federal Courthouse in Lubbock on May 24, 1989, at 1:30 p.m. and be prepared to present his contentions in open court. If he does not, the objection will be waived.

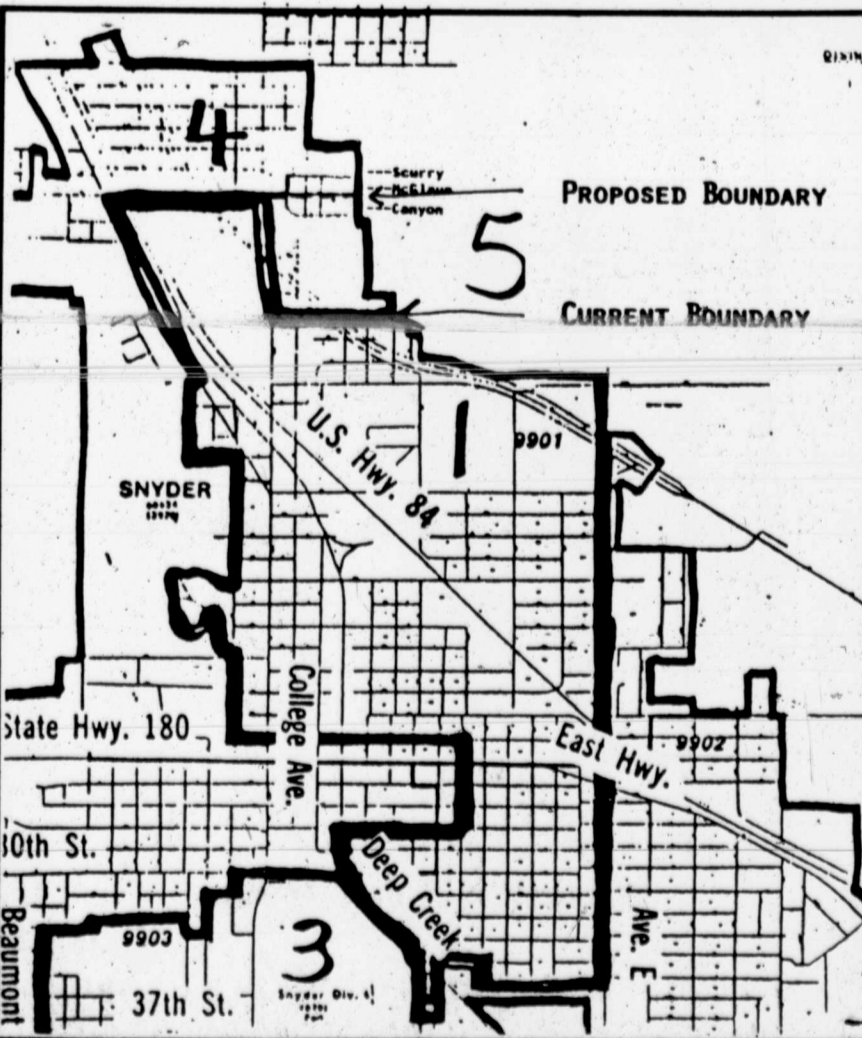

Mexico-Americanos elegible para votar actualmente o en el futuro en elecciones del Consejo Escolar del Independiente Distrito Escolar de Snyder, y la segunda definida como toda la gente negra elegible para votar actualmente o en el futuro en elecciones del Consejo Escolar del Distrito Escolar Independiente de Snyder, fueron certificadas por el tribunal en Malone, et al v. Snyder Independent School District, et al, Causa Civil Num. CA-5-85-259, pendiente en el Tribunal Regional de los Estados Unidos Americanos del Distrito Norteno de Texas. Division de Lubbock. Despues de negociacion extensa, los interesados de disputa sobredicha ilegaron a un arreglo propuesto que se aprobo por el tribunal el 15 de Octubre, 1987.

Segun el arreglo, un nuevo metodo de elegir miembros al Consejo Escolar del Independiente Distrito Escolar se adopto. Cuatro de los siete

ciones del arreglo, un quinto distrito uni-miembro se creo para reemplazar uno de los puestos populares. En esto, el miembro, Sr. Ygnacio Benitez Jr., que se eligio originalmente al distrito uni-miembro numero uno se coloco al distrito uni-miembro numero cuatro. A petcion de si mismo, y creyendo que se le deberia permitir representar a ellos quines lo elegeron, el Consejo Escolar del Independiente Distrito Escolar de Snyder voto para cambiar los limites del nuevo distrito uni-miembro numero uno para incluir la residencia de dichomiembro tanto como otra propiedad cercania. Ningunos otros cambios se hicieron.

Asi como se requierio que el tribunal aprobara el arreglo original, tambien tendra que reparar enmiendas propuestas al arreglo. Habra una vista el dia 24 de Mayo, 1989, en la Sala de Justicia de los Estados Unidos Americanos del Distrito Norteno de Texas, Division de Lubbock, a la (s) 1:30 p.m. a que hora el tribunal considera la enmienda. Miembros de las definidas classes sobredichas tendran oportunidad determinada para protestar el cambio. Sus protestas tendran que ser por escrito y entabladas con el Honorable Halbert O. Woodward, Juez, United States District Court, Room C-210, Federal Building, 1205 Texas Avenue, Lubbock, Texas 79401, Sr. Rolando L. Rios, abogado de las clases, 201 N. St. Mary's Street, Suite 521, San Antonio, Texas 78205, y Sr. Brian P. Quinn, abogado del Independiente Distrito Escolar de Snyder, 1722 Broadway, Lubbock Texas 79401. Todas protestas se tienen que recibir por el tribunal, Sr. Rios, y Sr. Quinn no despues del 17 de Mayo, 1989.

Puesto que el tribunal querra tener una vista tocante cualquier protesta, cualquiera que registre una protesta tiene que presentarse en el Palacio Federal de justicia de Lubbock el 24 de Mayo, 1989, a la (s) 1:30 p.m. y estar preparado para presentar su pretenciones en tribunal libre. Si no, la protesta sera renunciada. Traduccion por: Tomas A. Gonzales Snyder ISD

# NASA ponders pump problem which postponed launch date

CAPE CANAVERAL, Fla. (AP) — Technicians Saturday analyzed a faulty hydrogen pump that forced NASA to abort launch of the space shuttle Atlantis seconds away from liftoff and delay the craft's mission until next week.

The mission will mark America's return to unmanned exploration of the solar system after an 11-year absence by sending a robot probe toward the

planet Venus. The launch countdown was stopped Friday with just 31 seconds left after controllers detected an electrical power surge in a main engine fuel pump. Five astronauts were on board.

Robert Sieck, the Kennedy Space Center launch director, said technicians would remove panels of the engine compartment to get at the pump.

A leaky hydrogen line that spewed a cloud of vapor toward the end of the countdown also must be repaired, Sieck said. Engineers believe the vapor escaped through a pinhole in a fitting.

If either the pump or the hydrogen line have to be replaced, the launch could be postponed until "well into next week," Sieck said.

Atlantis couldn't be launched before Monday at the earliest

because of the two problems, he said.

"Both of them would have to fall into a quick fix and it would be optimistic to expect that," Sieck said.

Among tens of thousands who had gathered for the planned rare afternoon liftoff were prominent planetary scientists who have been waiting to resume solar system exploration since 1978, when Pioneer-Venus was launched on the last U.S. planetary expedition.

"We have waited a number of years for this flight, and a few extra days won't matter," said Leonard Fisk, NASA's chief scientist. "The window is a month long. Having the shuttle ready on the first day is ample time to solve the problem and get us on our way to Venus."

"That's just the way it is," said James Head, a geologist from Brown University.

## Tip leads to arrest of suspect

HOUSTON (AP) — A tip by someone seeking a reward led authorities to the recovery of property stolen from a slain woman and to the arrest of a Burnet County man who later was charged with capital murder, authorities said.

Robert James Hogan Jr., 34, was arrested Friday afternoon near Marble Falls on charges of capital murder and aggravated assault.

Fayette County Justice of the Peace A.F. Hall Jr. issued the arrest warrants in connection with the slaying of Louise "Liz" Osborn, 74, of La Grange. Hall ordered Hogan held without bond in Fayette County Jail.

Hogan is accused of beating Mrs. Osborn to death Tuesday in her La Grange home. Police believe the retired businesswoman was struck at least 14 times in the head with an aluminum baseball bat she kept near her bed for protection.

Hogan also is accused of assaulting 33-year-old Albert Benford, who apparently walked into Mrs. Osborn's home shortly after she was attacked. He was listed in good condition Friday night at a La Grange hospital.

Police said the assailant apparently left after the attack with Mrs. Osborn's videocassette recorder and purse and Benford's wallet and car. The auto was recovered Wednesday near Sugar Land in Fort Bend County, southwest of Houston.

A tip received Wednesday by Houston Crime Stoppers helped authorities find Benford's car, a 1979 Oldsmobile Cutlass, and led to a Fort Bend County narcotics arrest early Friday morning.

Fort Bend County Sheriff's Lt. Don Martin said authorities arrested Alonso Carlos Lopez about 2 a.m. Friday at a home near Sugar Land and charged him with aggravated possession of cocaine. During the search of the home, Martin said, authorities found items that they suspect were taken from Mrs. Osborn. Lopez is not a suspect in the slaying.

Authorities in La Grange and Fort Bend County said they believe the stolen property was traded for narcotics.

"The car led to the narcotics dealer. We were able to make the arrest, and a legal search of the home turned up the property. As a result of information we were able to gather from the operation, the Fayette County (justice of the peace) was able to issue a warrant," Martin said.

Hogan was arrested about 1:30 p.m. Friday outside a restaurant in Burnet County near Marble Falls, by Texas Ranger Brian Taylor and Llano County Chief Sheriff's Deputy Rod Decker.

Decker said Hogan's wife worked at the restaurant. Authorities had gone to a house behind the restaurant where they thought the couple might have lived when they saw them walking together up the road. He said that Hogan offered no resistance when he was arrested.

## Winners in lottery dream of new homes

MIDDLETOWN, Pa. (AP) — An aspiring magician wants to use some of his claim in a record \$115 million lottery to fix up Harry Houdini's grave, while his father's celebration began when he "lit a cigarette with a dollar bill."

Eight of the 14 winners in Wednesday's Pennsylvania Super 7 lottery had put in claims by Friday. Officials said two other claimants had contacted them, and four winning tickets still were unaccounted for.

For the lucky ones, it was a time to dream.

Paul Rosen, 23, his brother Jay, 25; sister Deborah, 20; and their father Arthur and mother Judy said they held one of the winning tickets. They planned to split their \$8.3 million portion, which will be paid in installments over 26 years.

Paul Rosen, a former magician who is now a restaurant manager in Lawrenceville, N.J., said he now will have time to perfect his magic tricks. He said he also wants to spend some of his claim on the New York City grave of Houdini, the magician-escape artist who died in 1926.

"I've had a dream for a long time to refurbish his grave and fix it up," he said.

The East Windsor, N.J., family celebrated at a motel with champagne and hamburgers. Arthur Rosen, 50, even lit a cigarette

with a dollar bill. Mary Jane Hicks, 74, of Lebanon, Pa., said she talked to her dog when she learned she held a winning ticket. "He smiled," she said.

Pressed by reporters on how she would spend the money, she said, "I love Rehoboth Beach (Del.)." When a reporter suggested a beach house, she said: "It's a really good idea."

Rose White, 41, of Wesleyville, near Erie, Pa., had to be convinced by her husband, John, that their lives were about to change. Mrs. White was at her \$6-an-hour, second-shift job at a plastics plant when White called.

"Walk out, quit. You're done," he urged. But she finished her shift. By the time she got home, her husband had given away her 1979 Ford.

"Who'd you give it to?" she asked at the lottery news conference. "Some guy at work," he replied.

Mrs. White then said she wanted a new car. White said he wanted a new car, too — and a house and a boat.

If their ticket is validated, the Whites will split their winnings with Charles Davis, 34, of McKean Township. Davis said he would buy a boat.

Lottery Executive Director Jim Scroggins said the individual ticket validation will take until next week and the first checks will be presented then.

# Scurry County Folks...

By Shirley A. Gorman

Mrs. R.C. (Amy) Patton says she cannot imagine what life would be like without her artwork, especially china painting which she learned to do in 1950. She has always "dabbled in art" and likes the creativity involved in painting. According to her, "you have to work at it because it is not all natural talent."

She took her first china painting course in 1950. It was offered by the Slaton Art Club, where she then lived, and was taught by an 87-year-old artist. Once she started, she never gave it up, and today has numerous examples of her work displayed throughout her home.

When the Pattons moved back to Snyder in 1953, she continued studying and practicing china painting and she and three other women from Snyder traveled each week to Slaton to continue taking china painting lessons.

She also attended numerous art seminars.

Mrs. Patton began studying china painting because she wanted to make a set of 12 (hot) chocolate serving pieces. She continued to study the art, all the while honing her talent, and, in 1976, finally succeeded in making her chocolate set. She still uses it today.

The gold designs on her chocolate set began as pieces of raised paste which were later painted gold.

Mrs. Patton taught china painting classes for several years, sometimes as many as 50 students in a given month. However, she gave up teaching in 1985, but she continues to paint. She said her husband supports her interests and is "a very good critic."

In the beginning, Mrs. Patton taught her students in her own living room. In the late 1950s, a studio was attached to the Patton home.

Mrs. Patton said she has had some outstanding students throughout the years and has

made many friends through her interest in art.

When Mrs. Patton was "dabbling in art" while a student, she admits that oftentimes at school she was probably drawing when she should have been studying.

While in high school, she studied oils for two years and did housework after school in Floydada in exchange for art lessons.

"My mother always thought I was wasting my time but she was proud of my work nonetheless," she said.

Over the years, Mrs. Patton has acquired three different sized kilns which are used to bake the pieces after each stage of painting and design making is completed. The eight-inch kiln is the smallest she uses, followed by one for 13 inches and another for 22 inches.

Time spent on each piece varies according to time spent planning, painting and firing it. She made a little porcelain bisque pitcher in about 25 hours. The chocolate set was fired at least five times and fruits take from three to five firings, she said.

"Designing a piece is something you have to work at everyday because all designs won't fit all pieces of china," she said.

She creates some pieces by raising paste "bumps." After these are fired in the kiln, she applies a coat of Roman Gold. The piece of china has to be fired after each step because the glaze only accepts so much paint.

Mrs. Patton said its not that hard to paint china because you can "borrow ideas," from books and use other people's designs rather than drawing original ones. She said she is constantly looking for ideas and likes to work with roses because she can make them so many different colors. She said she has always tried to do a "little of everything" in art.

When aprons were in style, she said she painted organdy aprons—her first experience at painting on material. She has painted designs on wooden spools used for thread, metal, wood and her current interest in painting tennis shoes.

Mrs. Patton said that in china painting it is very critical to mix

the paints correctly. They come in tubes of powder and, after being mixed with a wetting agent, the brush has to be properly loaded. When teaching students, Mrs. Patton said that it is necessary to show them how to load the brush correctly and how to apply the strokes correctly to the surface of the piece of china.

"You have to load just one corner of the brush. If right handed, load the left side of the brush and, if left handed, load the right corner of the brush. Students are taught to clean their palettes every time they paint and to keep dust and lint away from pieces which are being painted.

As the brush is unloaded, it blends out with the heavier part of the paint being applied to darker areas. Similar to water colors, Mrs. Patton said you build up dark areas and leave the light areas light. She said the goal was to get values and hues of darks and lights.

Mrs. Patton said that Catherine Klein in Germany was one of the first persons to pursue this form of art, but during World War I it became a "lost art." Gradually, it was revived, especially in California in the United States, and after World War II artists began to rediscover this "lost art." Mrs. Patton said that even today serious china painters study Catherine Klein and her methods by reading her books and taking seminars based on her work.

The Pattons are members of the First Baptist Church. Mrs. Patton has worked in church nurseries both here and in other cities for the past 40 years. Patton serves as superintendent of Sunday school classes.

The Pattons have two children. John Mac Patton lives in San Diego, Calif. and has a son about a year old.

Their daughter, Sherry Kosmatka, lives in Fort Smith, Ark. and has two children, Charles who is a fourth year architecture student at the University of Arkansas and Keri, a married daughter, who lives in Washington, D. C.

**CHINA PAINTER**—Amy Patton has "dabbled in art" most of her life and since learning how to china paint in the 1950s she has concentrated on that area over the years. She is pictured with a 12 piece (hot) chocolate set which she made during the 1970s. She recently said that she first learned

to china paint years ago because she wanted to make her own chocolate set. She also taught art for years, but retired from teaching in 1985. However, she still continues to paint. (SDN Staff Photo)

# Cogdell Memorial Hospital honors pink ladies in 31st Annual Awards Banquet

Members of the Cogdell Memorial Hospital Ladies Auxiliary were honored by the hospital Thursday evening at the 31st Annual Awards Banquet held at the Snyder Country Club.

Dan Cotton, president of the hospital board of managers, offered the invocation. Auxiliary president Teddy Hatcher introduced upcoming officers, local doctors, and special guests.

Jerry Worsham, SHS drama instructor, and his cast provided comedy entertainment for the event including creative poems, songs and jokes written by the students for auxiliary members.

Thomas R. Hochwalt, chief executive officer of the hospital, presented pins and bars to those

accumulating 100 hours or more during their service with the auxiliary.

Total hours contributed during the past year by auxiliary ladies totaled 11,110. They are a vital part of the success of the hospital. Through their efforts, various machines have been added to the lab and Xray departments.

They provide a cheerful atmosphere at the hospital with seasonal decor and were instrumental in getting TVs and telephones installed in patients' rooms. They help in blood drives, provide scholarships for nurses and doctors, and serve in the hospital with flower deliveries and other miscellaneous tasks.

**TOP VOLUNTEER** — Thomas R. Hochwalt, chief executive officer of Cogdell Memorial Hospital, presented Ruby Anderson with a bar for 16,000 volunteer hours with the ladies auxiliary.

**RUNNER-UP** — Hochwalt also presented a bar to Gradine Sterling for an accumulated 4,500 hours of service with the organization.

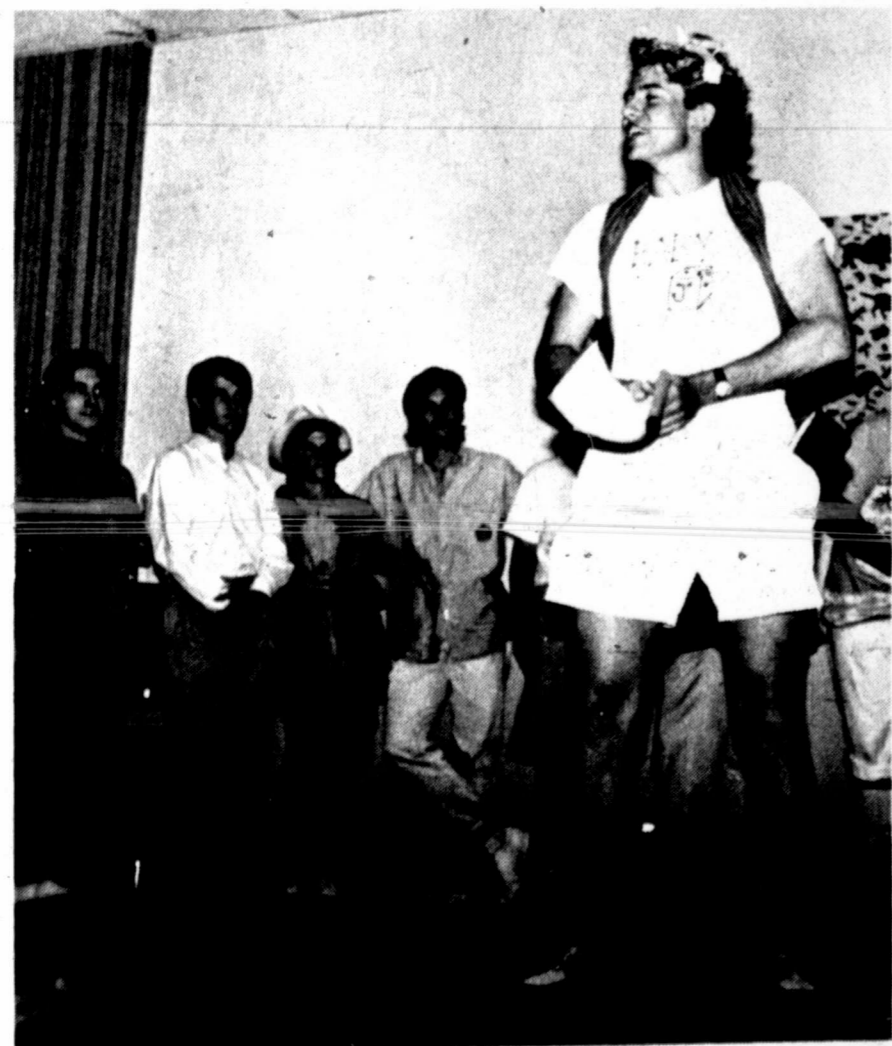

**CHARTER MEMBERS** — Lucille Joyce, Ena Carroll, and Ruby Anderson (seated) are remaining active members who helped begin the Cogdell Memorial Hospital Ladies Auxiliary. Volunteers have served the hospital and the community for 31 years. Anderson also won her bar for the most hours with 16,000 accumulated during her service with the organization.

**FAITHFUL VOLUNTEERS** — Members of the Cogdell Memorial Hospital Ladies Auxiliary were given a banquet Thursday evening at the Snyder Country Club in honor of their many hours of volunteer service. Pictured from left, front are Maurine Swint, Earline Gray, and Joyce Cooper, 100 hours; Betty Monroney, Allene Terry, and Illeta Hall, 500 hours; Teddy Hatcher, 1,500 hours. Back row: Elree Baremore and Phil Kelly with 1,500 hours; Dora White, 2,000 hours;

Pat Moffet, 2,500 hours; Geleska Baze, 3,000 hours; Thadine Harless, 3,500 hours; Gradine Sterling, 4,500 hours; and top volunteer Ruby Anderson with 16,000 hours of service! Those receiving honors but not pictured are Becky Hochwalt, 100 hours; Margie Green, 500 hours; and June McGlaun, 1,000 hours. Auxiliary members gave a total of 11,110 hours of volunteer service to the hospital in the last year.

**BABY** — Jeff Franklin aided in entertainment at the annual banquet honoring hospital pink ladies.

**ENTERTAINMENT** — Jerry Worsham, Snyder High School drama instructor, brought his drama students to entertain at the 31st annual awards banquet of the Cogdell Memorial Hospital Ladies Auxiliary. The comedy routine kept the audience laughing at the gala affair.

**BANQUET ORGANIZER** — Virginia Clark, last year's first vice president of the Cogdell Memorial Hospital Ladies Auxiliary, was in charge of organizing social events.

### When no-no becomes yes-yes

It's a bridge no-no to overcall, vulnerable, at the three-level on a suit as weak as A-K-Q-7-3, but no-no can be yes-yes under certain circumstances. When East raised West's spade opening, South, with three spades, had reason to suspect that his partner might be short in the opponents' trump suit. That increased the chances that North would have support for clubs. Furthermore, South knew that he certainly wanted a club lead against an eventual spade contract. So he stuck in a three-club bid. West might well now have bid four spades, but he anticipated a possible five-club save from North-South, and he wanted his partner to know he had a secondary diamond suit. So he bid three diamonds. Sure enough, North raised clubs. East had had enough of this and doubled. No doubt West should still have bid four spades, but he decided to stand for the double.

The play was short and relatively sweet. Declarer won the ace of spades in dummy and led a diamond. East won the jack and played a low club. South rose with the ace, as West showed out. Declarer ruffed a spade, ruffed a diamond, ruffed the queen of spades and led another diamond. When East ruffed with the nine of clubs, South discarded a heart. The defenders now either had to establish a heart trick for declarer or allow him to make a trick with the seven of clubs. Either way, four clubs doubled was set only two tricks for 500 points, a good exchange for the sure 620 or 650 West would have netted in four spades.

**JUNE PLANS REVEALED** — Jane Mitchell of Colorado City announces the engagement and approaching marriage of her daughter, Jodi Anne, to Dirk Randal Dunn, son of Donnie and Linda Dunn of Ira. The bride is also the daughter of the late Perry Mitchell. The couple plans to exchange vows at 6 p.m. June 17 in the First Baptist Church of Colorado City. (Harley Bynum Photography)

**BLEMISH-FREE FRUIT**  
With a good fruit crop in the making, growers need to take precautions against insect and disease problems.

Timely spraying is necessary to assure that the fruit crop develops to maturity, reasonably free of blemishes.

Here are spraying guidelines for various fruit crops.

—Peaches, plums, nectarines and apricots: Main pests are the plum curculio, which causes wormy fruit, and catfacing insects (stink bugs and leaf-footed plant bugs), which cause misshapen fruit and oozing puncture wounds.

Scab is the chief disease problem. It causes freckle-like spots that are unsightly but that do not affect fruit quality.

To control these problems, spray every 10-14 days with a mix of diazinon 25% EC (2 tsp. per gal.) and benomyl 50% WP (1 tsp. per gal.).

—Apples and pears: Black rot is a major disease problem on apples, and spraying with Captan

must begin even before blooming. The problem is characterized by brownish-black spots that begin small and quickly expand. Fruit becomes brown and mushy beneath the spots.

Insect pests are the same as those attacking peaches, plus aphids and the codling moth, of which cause damage early in the season. The codling moth is the major cause of wormy apples.

Another problem with apples is cork spot, which is caused by calcium deficiency. The disorder shows as small greenish depressions on the fruit surface, with the fruit beneath the depression becoming brown, firm and corky. The problem is associated with early season water stress, excessive tree vigor and poor nutrition. Deep watering plus mulching will help reduce the problem. In serious cases, apply at least three sprays of calcium chloride or calcium nitrate at 10- to 14-day intervals beginning two weeks after blooming.

For a good apple spray, mix

Captan (3 tsp. per gal.), diazinon 25% EC (2 tsp. per gal.) and calcium nitrate (3 tsp. per gal.). Spray with Captan now and add diazinon and calcium after bloom. Spray the mix every 10-14 days in April and May. Omit the calcium if cork spot has not been

The same spray mix for apples can be used for pears, but many pear trees also have a serious problem with fire blight, a bacterial disease. Spray pear trees which have a fire blight problem with Kocide 101 or Agristrep at weekly intervals through the bloom period. Trees that have had a severe problem with fire blight should be destroyed since they can infect other nearby pear and apple trees.

Besides keeping you trim, exercise provides benefits to your skin; the result is a fresh healthy glow. Exercise increases blood circulation to the skin, bringing a fresh supply of oxygen, removing toxins and promoting regeneration of cells. When exercising outdoors, apply a sunscreen and then a moisturizer. Always drink plenty of water to flush away decomposed tissue and impurities.

### Bridal registry

NEW YORK (AP) — If you're planning a big wedding, register your gift preferences with one or more stores. It makes shopping easier for the guests, and you will receive gifts you will enjoy using for years to come.

"A lot of young women seem a little shy; they haven't thought of registering," says Michael Belleveau of Cartier. "They may be hesitant because they feel like they are asking for gifts."

But Belleveau says gift registry makes sense for everyone. "The bride gets what she wants. There are fewer duplications and exchanges, and she always knows exactly who gave her which gift."

Before registering, Belleveau says, look around. Once you choose a store or stores, ask your fiancé to join you for a final look-see.

"That's very important," Belleveau says. "Men today often have very definite ideas about what they like, and it's nice to have the couples agree on the items they will be receiving."

Bridal registrations can be useful long after the wedding, too. Cartier, for example, keeps the registration for a number of years.

"Guests may like to buy one item for the wedding, and another for anniversaries or birthdays," says Belleveau. "And many people like to add babies' silver when the time comes."

**GROUNDWATER NEEDS OUR PROTECTION**  
Nearly 50% of the U.S. population and 95% of rural residents depend on groundwater for their drinking water and water supply. Yet, in some localities, groundwater contamination has become a crisis situation and protection of its quality has become a major national issue.

The Cooperative Extension Service (CES), with water quality as one of its nine national initiatives, provides programs on water quality throughout the country. CES programs teach the public how to, for example, dispose of contaminants to help prevent pollution of groundwater; conserve water and deal

with flooding from excess rain and snow; and stabilize and reduce water pollution by stopping it before it starts.

An ultimate goal of the CES programs is to ensure that clean, high-quality groundwater in adequate supply can be maintained side by side with agricultural, industrial, and municipal activities. Ongoing research and education are increasing public understanding of impacts of chemical and other contaminants on groundwater and the resulting effects on public health. In turn, management practices and public policies are improving, which means that future groundwater contamination can more likely be prevented.

With its educational system in every county of the nation and the U.S. territories, Cooperative Extension delivers water quality programs to individuals, families, communities and businesses. A national taskforce or members from Cooperative Extension, government agencies, the water industry, and the private sector has as its focus improving the quality of the water we use.

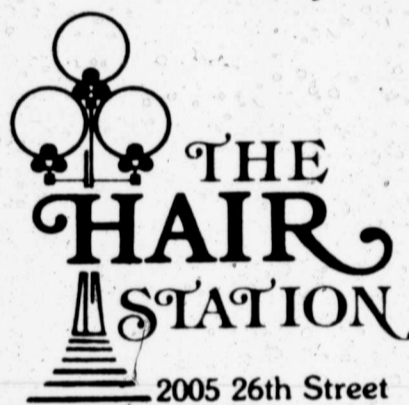

National Drinking Water Week, May 1-7, which highlights "Drinking Water — On Tap for the Future," is one effort of this Drinking Water Week steering committee.

## Wolfe, Fell repeat promises

Penny Kay Wolfe became the bride of Noel Thomas Fell in 2 p.m. ceremonies March 18 at 37th Street Church of Christ. Bill Looney, associate minister of the church, officiated the double-ring vows.

Parents of the bride are Dorothy "Dot" Wolfe and the late Charles Robert Wolfe of Snyder. Parents of the groom are Mr. and Mrs. Orin G. Fell of Paducah.

Vows were exchanged before a brass arch and halo of votive candles. The altar was flanked by 15-light candelabra and nine-light candle trees.

Dennis Wolfe, brother of the bride, served as candlelighter.

Vocalists for the occasion were Mark Musselman and Mike Rackley, brothers-in-law of the bride, Pat Sharp, Carla Thompson, Ross and D'Ann Preston, and Walter and Christy Reneau.

Presented in marriage by I.E. Martin, a friend of the family, the bride chose a white, formal gown of bridal satin featuring a fitted bodice. Heavily re-embroidered lace embellished with pearls centered the high-necked bodice and long, pointed sleeves were edged in pearls.

The full skirt flowed into a train all edged in re-embroidered lace and pearls. The bridal bouquet was of cascading white Jophett orchids, stephanotis, baby's-breath, and Frenched carnations all highlighted with tiny silk flowers and streamers of satin ribbon in peach, green and white.

The sweeping veil of illusion fastened to a halo of lace and pearls.

The bride's mother was her matron of honor. Bridesmaids were Patti Musselman of Snyder and Paula Rackley of Maryland, sisters of the bride, and Donnice Fell of Lubbock and Lacy Fell of Paducah, sisters-in-law of the groom. Special attendants were Carol Dixon, Laura Dodson, Emerald Perez, Melissa Swineford, Tracey Westmoreland, and Teresa Young, all of Lubbock.

Orin Fell of Paducah, brother of the groom, was his best man. Groomsmen were Vince Fell of Lubbock, brother of the groom; Mark Scott of Lubbock; Ed Walker of Merten; and Lane Sharp of Paducah.

Ushers for the ceremony were

MRS. NOEL THOMAS FELL  
(Karen Wadleigh Photography)

Ricky Clark of Merten and Dennis Wolfe, brother of the bride.

The groom was attired in a grey, shadowweave tuxedo with traditional full dress styling. A grey cummerbund and satin band tie accented his vertically striped formal shirt with wing collar.

Groomsmen wore tuxedos accented by teal cummerbunds and band bow ties. Their attire was completed by formal, vertically striped shirts.

Elesa Ocker of Ballinger, cousin of the bride, registered guests.

A reception in the Family Center followed the ceremony. The bride's table was covered in

peach overlaid with Italian white lace. Silver candelabra decorated with spring flowers in the bridal colors enhanced the table.

A traditional three-tiered chiffon cake frosted in satin creme was separated by five-inch Grecian columns. A lace and lattice design covered the confection and cascading spring flowers decorated the layers. Fresh flowers were entwined between each tier.

A miniature bride and groom topped the cake. He was dressed as a cowboy and a rope was used to complete the top design. The cake was created by Reta

## Scurry Library News and Views

As school begins to wind down, the library looks forward to a busy summer schedule. Once again we will have the summer reading program. There will be information about this at a later date.

Summer time is always a good time for children to read for pleasure. For the younger reader, there are several new titles to choose from. Among them are:

"My Family Vacation" by Dayal Kaur Khalsa, a story about a young girl's first vacation far from home.  
 "The Pigs' Picnic" by Keiko Kasza, adventures of how Mr. Pig gets Miss Pig to go on a picnic with him.

"Up and Down on the Merry-go-round" by Bill Martin, an illustrated poem about the thrill of riding a merry-go-round.

Our older readers have not been forgotten. There are new books for you to enjoy, also.

Lois Lowry tells the story about long-time favorite, Anastasia

Krupnik's little brother, in "All About Sam."  
 comedy "The Fox Busters."

Action and wisecracks are a part of a new mystery called "Second Fiddle" by Ronald Kidd.  
 Author Dick King-Smith answers the question, "Can chickens outfox a fox," in the-

### Breakfast is fast and easy

NEW YORK (AP) — The popularity of frozen breakfasts is on the rise.

According to The Lempert

Report, frozen breakfast sales increased more than 100 percent between 1982 and 1987. Sales for 1988 totaled more than \$1.2 billion.

### Vows exchanged

Graham of Snyder.

Janna Davis of Snyder and Terri Hendricks and Belinda Sikes of Lubbock served.

Following a honeymoon trip to Calgary, Canada, the couple is at home in Lubbock.

The bride is a graduate of Snyder High School and Lubbock Christian University with a bachelor of science degree in education. She is employed by Lubbock ISD.

The groom is a graduate of Dallas Institute of Mortuary Science and is employed by Rix Funeral Home of Lubbock. He also attends Texas Tech University where he is majoring in microbiology.

One reason for the increase, according to the report, is the microwave, now used in 70 percent of all American households.

Sales of frozen Belgian waffles totaled \$240 million in 1987, according to Swanson's, which has expanded its Great Starts breakfast line to include Belgian waffles in two varieties. These products can be heated in the microwave in 2 minutes.

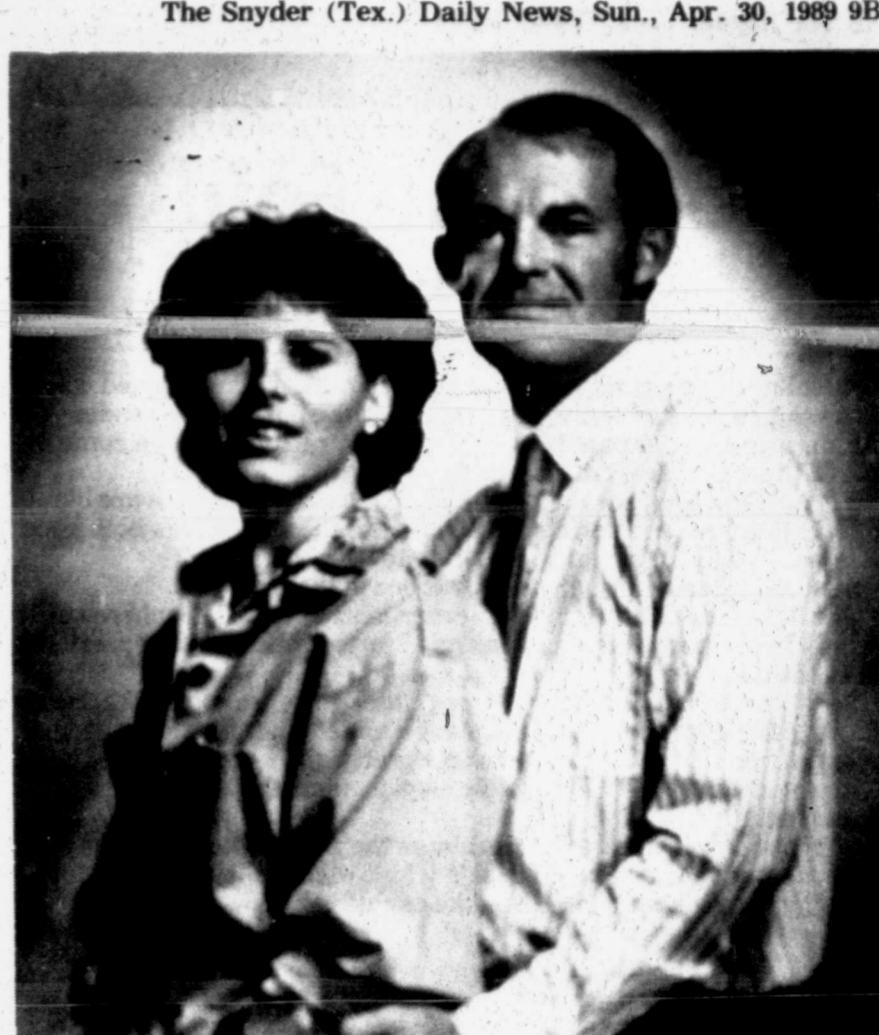

Swanson has also introduced two Budget Breakfast entrees — pancakes with sausage and scrambled eggs with home fried potatoes. These products can be heated in the microwave in less than 3 minutes.

Victory Arch, Madrid

**Madrid**  
7 Days/6 Nights

from \$269 per person twin

Welcome to Madrid, an exciting city of contrast and style. Classic Madrid is etched with great sweeping boulevards, glistening fountains, magnificent monuments and spectacular parks and gardens. Chic shopping, contemporary skyscrapers and friendly, outgoing people make this a vibrant, modern capital city. Yet the bustling "old town," with the traditional architecture of Plaza Mayor, captures a culture proud of its heritage.

Madrid is synonymous with the Prado, an art museum with the spiritual flavor and reverence of a great cathedral. And to explore the past, Madrid is a great starting point for several interesting day tours.

At night, Madrid comes alive. Fine restaurants, flamenco shows, colorful nightclubs and bistros offer a high-energy finish to each day — all framed by the flare of this great city after dark.

**Package Includes:**

- 6 nights accommodations with private bath at hotel selected
- Round-trip transfers between Barajas Airport and hotel
- Continental breakfast daily, including tax
- City sight-seeing tour (transfers between hotel and tour departure point not included)\*
- Hotel service charges and VAT room tax

Note: Extra night rates do not include transfers and city sight-seeing tour.

# Above the Fold

By Donny Brown

Last Sunday morning, after the night's rain, the air seemed washed as soft as zephyr. In the process, it had the potential to render you dumb, making it impossible to multiply 8 times 7 let alone come up with a theory for cold fusion.

In West Texas, at the max on an annual basis, most of us are blessed with four perfect spring days—a criteria that requires both good weather and the personal opportunity to enjoy it.

Sunday, at least through noon, was one of them. The Saturday night thunder boomer ionized the atmosphere sufficiently to discharge dust, pollen and assorted other floating particles from the air.

As a result, on Sunday morning, the world smelled like clean sheets drying on the line, a fragrance mixed and mingled with just enough breeze to ruffle the down on a pretty girl's cheek.

It would have been a horrible day to take the graduate school record exam.

Too much good stuff overstimulates the side of the brain adapted to such things. As a result, the side which dictates logic and rational thinking tends to get covered up like cactus in a snow storm.

# Country Life

By Deanie Francis Mills

I love this town. I really do.

I've given up trying to explain to distant family and friends why this is so. I know my mother believes that I was kidnapped 15 years ago by a Mad Aggie and have been held hostage out here ever since. Most of our big city friends and relatives never visit (unless they are passing through on their way to California or some other foreign country) because "there is nothing to do."

It seems that visiting with family members you haven't seen in six months or a year isn't enough. You have to be entertained. It's hard for them to understand that, to us, cooking steaks over mesquite on a country hilltop at soft sunset and sipping cold sweaty beers is entertainment.

But I digress. It isn't often that a person gets to feel that they have been hugged by an entire community, but this is the way I felt last Saturday night. Now, I realize that 300 or so people hardly represents an entire community of 12,000, but let me tell you, if you were one of those 11,700 who did not enjoy the privilege of witnessing TRUE entertainment at the Towle Park Barn, "The Saga of Sagebrush Sal," prefaced with Coney Island hot dogs and ice cold root beer...then I feel

sorry for you.

When I first joined the Noah Project Advisory Committee four years ago, the shelter was barely a year old and doomed to shut down within 30 days. Linda Scaif, the shelter director, and I hit the civic organization circuit, giving talk after talk after talk about family violence. At the time, nobody could believe that family violence existed in Snyder. That was a big-city problem, people thought.

It was the late Roger Mize and a handful of wonderful and generous citizens who kept the shelter open that year, not Linda and me and all our speeches. But we kept talking. Finally, we managed to convince people that yes, family violence does exist here...then we had to convince them that it existed EVERYWHERE, not just in low socioeconomic or minority neighborhoods.

United Way, bless their hearts, saved our necks that next year. Not only did they provide us with a third of the income we needed to stay alive, but they gave us a legitimacy in the community which we badly needed.

Still, Linda and I kept going, kept giving talks, kept trying to educate the public, in schools and

This occurred to us as we sat there trying to work out one of life's everyday problems, like how to afford your children's college education or how to guarantee yourself sufficient income at retirement to at least not have to worry about the electric bill.

The brain refused to tackle it, however. Like a truck tire spinning in wet sand, the problem's rough sides just wouldn't "snag."

Which got us to wondering, if every day was like last Sunday morning, how in the world would anything ever get figured out?

It takes friction to create sparks, and we've long thought it also true for the human condition.

We have a vision of someone who is intolerably happy as a person who sits with a passive and satisfied look on their face, their eyes blinking out a series of empty stares. This might reflect inner peace, but we have a hunch it also shows a brain permanently stuck in neutral.

Too much contentment and the brain part designed to "figger" must surely shrink from disuse.

This is not an argument for adversity, however. Too much of hard

times does not necessarily guarantee nobility and a state of grace, contrary to a million bad story lines asserting same.

Poverty and other forms of deprivation only bring out the mean in people, it has been our experience.

But, excess and easy times never made anyone give a hoot either, let alone want to take the time to rub two brain cells together.

We believe it is better to stay just a little hungry.

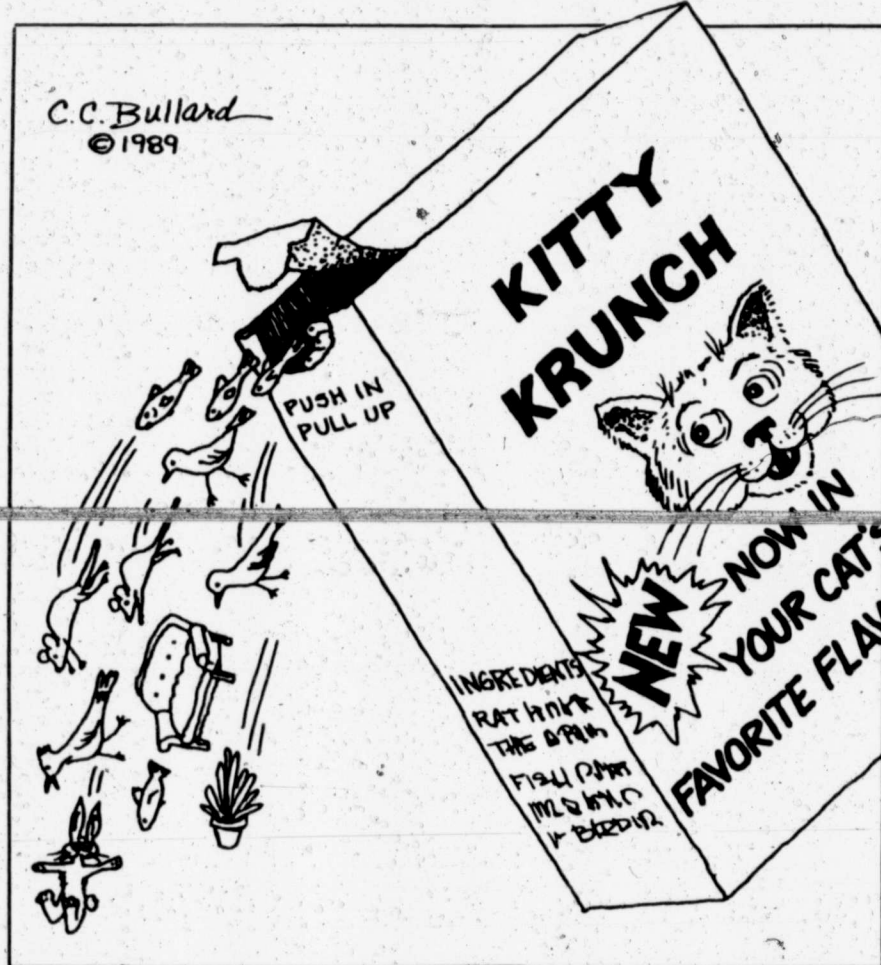

This sage advice, paraphrased somewhat, was offered by no less a qualified expert than Arnold Schwarzenegger in a good, little movie of almost the same title, "Stay Hungry."

His character related the simple explanation that to have everything you wanted would make life not worth living.

As a result, he said, it's better to stay hungry.

We've never visited those islands which advertise paradise, but we have a nagging suspicion that life in the Garden of Eden would eventually get to be as flaccid as an empty sock.

Put another way, it is often times better to travel hopefully than to arrive.

had to be there. People came and came and came — we ran out of chili about 40 people short, but nobody griped. We kept running out of popcorn, too, but nobody grumbled. Neither did they grouse when they had to climb the bleachers to

make room for more people. A terrible storm raged outside that night, but inside the barn, we were warm and happy and full of laughter and smiling children. The Noah Project was getting a great big hug. It was all I could do not to cry.

## 15 YEARS AGO

During dedication of Moffett Field, Coach Speedy Moffett, the "winningest baseball coach in Texas," was given a plaque and his wife, Pat, was given a bouquet of roses.

Ernest Craig, employed by Snyder schools for 35 years, was honored with a plaque at the annual TSTA-CTA banquet.

Ralph Lewis and Willie Smith were given the Fighting Heart Award during the All-Sports banquet. Both were outstanding members of the Tiger football team.

## 20 YEARS AGO

Snyder residents were celebrating the many face lifts and cleanups all around the city with emphasis on a complete renovation of the square. Snyder was named an All American City for its efforts.

All-America City Day was climaxed with a banquet in the Scurry County Coliseum.

UIL competitions gave individual honors to SHS students: Kathy Boren won first in headline writing; Ralphene Neal, first in informative speaking; Pam Black and Brad Maule, all-star cast in one-act play; Joe Wilson, first in prose; Robert Sadler, best actor; Otis Archie, first in poetry; John Hood, first in science contest; and Gary Terrell, second in informative speaking.

Dr. Carl Dillaha caught the biggest bass during the first day of a fishing tournament at Lake J.B. Thomas. It weighed 5 pounds, 5 ounces.

Staff Sgt. Charles R. Deere, son of Mr. and Mrs. Herman L. Deere, was awarded the Purple Heart for wounds received in action in Vietnam. He had also received the Bronze Star Medal for valor and the Combat Infantryman's Badge.

## SUNDAY April 23

Local supporters of workman's compensation insurance reform, who have endorsed a measure passed by the Texas House of Representatives called House Bill 1, say they are now doubtful of support for the measure by area State Senator Steve Carriker, it was reported Sunday.

## MONDAY April 24

Snyder High School's 21st appearance at the state UIL one-act play contest was assured Saturday as the play "Blood Wedding" was chosen to advance from regional, it was reported Monday.

In addition, Snyder's Robert Neblett was chosen best actor, and SHS players comprised four of the eight all star cast selections.

Snyder High School earned three first place prizes, one second and one third at the UIL regional contest Saturday in

Brownwood, qualifying these students for the state UIL meet in Austin, it was reported Monday.

Rickey Clark was awarded the Snyder High School John Phillip Sousa Award, it was reported Monday, an honor which goes to the top student for the SHS Band.

For the first time in the school's history, Ira's one-act play, "And They Dance Real Slow in Jackson," was chosen to advance to the state meet, it was reported Monday.

The Scurry County Producers Association has set May 19 as the uniform delayed planting date for cotton, it was reported Monday.

## TUESDAY April 25

Snyder's Lions Club Sweetheart Michele Anderson beat out 38 other contestants Saturday in Plainview to claim the Lions District 2T2 queen title, it was reported Tuesday.

In addition to the crown, she was awarded two scholarships, one from the local Lions club and the other from the state Lions.

The annual chamber of commerce membership drive will begin May 10—a two-day event which will begin with a breakfast, it was reported Tuesday.

Directors and Goldcoat members will compete to see who can gain the most new members.

Steven Kellums, a junior at Snyder High School, was chosen as the third place winner in the art contest sponsored by U.S. Rep. Charles Stenholm, it was reported Tuesday.

U.S. Senator Phil Gramm said here Tuesday the best hope for the Pointeau family of Snyder, seeking to avoid deportation, may be a change in immigration law rather than a private bill to grant them citizenship. Gramm was ending a week-

long tour of West Texas businesses by visiting the site of Y-Z Industries here.

The stabbing and robbery of a Snyder convenience store clerk last Jan. 20 prompted a life sentence for the confessed assailant Tuesday in 132nd District Court.

The maximum sentence was handed down for Jorge Solis Ser-rato, 25, a Mexican citizen who was in this country illegally.

The "turnaround" at Cogdell Memorial Hospital during 1988 was profiled for board members Tuesday as part of the facility's annual outside audit.

The so-called bottom line figure, which calculates how much the facility either earned or lost during the year, showed an improvement by 79.2 percent.

At the same meeting, incentive offers were finalized to attract a new family practitioner to the Cogdell medical staff.

# SDN Week in Review

## SDN Letters to the Editor

To the editor, What a wonderful response the community gave to the Coney Island supper and action-packed melodrama performance on April 22.

Many thanks go to the ever-capable Dennis Chisum for being chairman of food service, and to Stan Paragien for bringing plans for the play to a successful conclusion, and to the good-hearted performers who gave unstintingly of time, energy, and talent. We extend special thanks to those who made contributions and bought tickets thus making the effort worthwhile.

All of the funds raised go directly to the operation of the Noah Project in Snyder, for services to victims of domestic violence. There is an increasing need for services at the same time that institutional funding is being cut, so those who contribute are valuable allies, in-

deed. We appreciate very much the Snyder Daily-News, not only for reporting what happens, but for helping to make good things happen. We also appreciate very much the skills of the staff at KSNV, who work so effectively in this area.

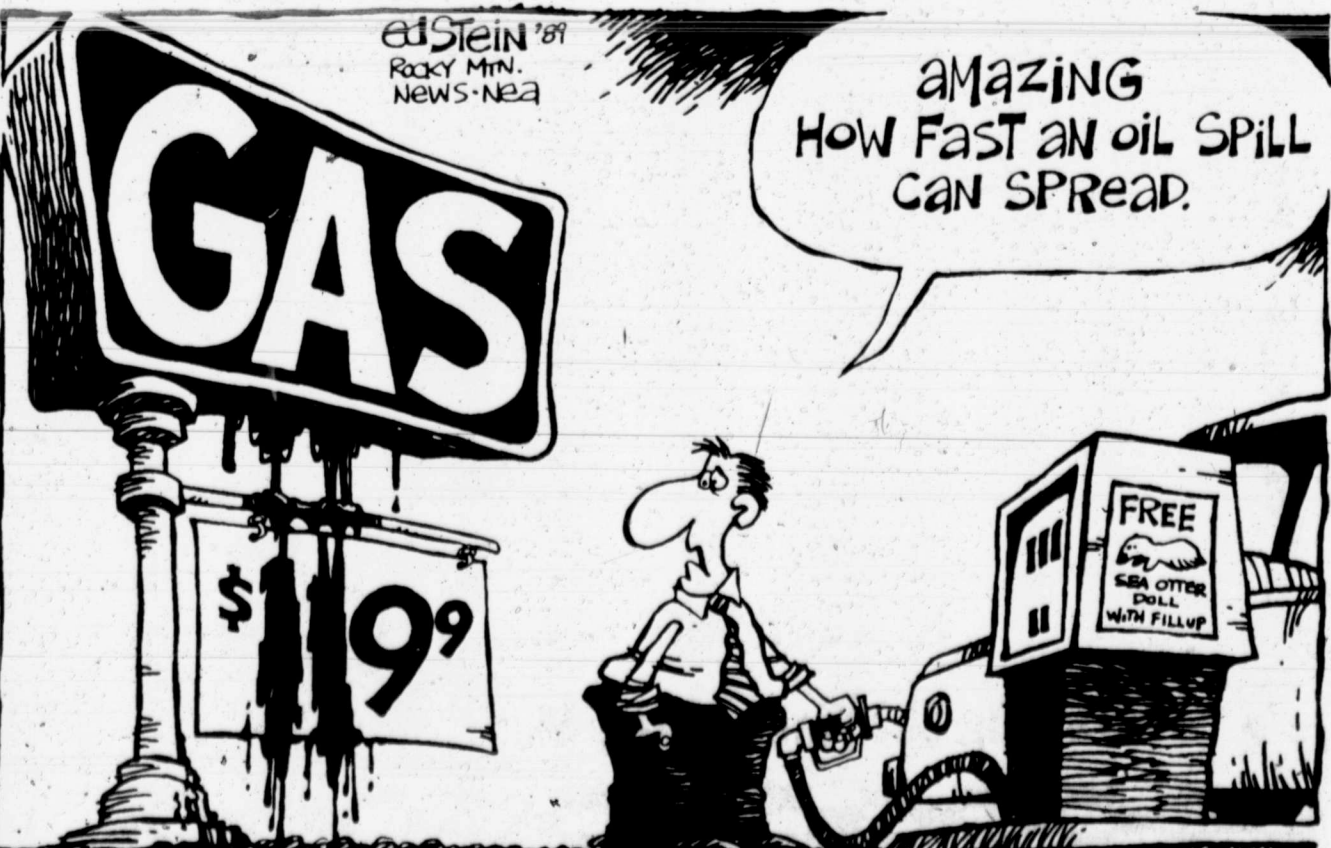

The response to the fund-raising event reflects the kindness and generosity of Scurry County residents, and we are grateful.

Evelyn M. Davies, chairman Noah Project Advisory Committee

Former Reagan officials...

# Housing program 'feathered financial nest'

WASHINGTON (AP) — An investigation into a \$225 million federal housing program shows it was used during the Reagan years "to feather the financial nest" of former administration officials and other prominent Republicans, the House Banking Committee chairman says.

Rep. Henry B. Gonzalez, D-Texas, said he will hold hearings on the report by the inspector general of the Department of Housing and Urban Development, which suggested favoritism and cronyism in awarding federal housing renovation contracts.

The report, released this week, documented how former Reagan administration figures and other Republicans raked in handsome profits on consulting contracts to rehabilitate subsidized apartments for the poor.

The consultants included President Reagan's first interior

secretary, James Watt; the late John Mitchell, attorney general under President Nixon; former Republican Sen. Ed Brooke of Massachusetts, and former Kentucky Gov. Louis Nunn, also a Republican.

Other consultants included former top HUD officials under Reagan-era Secretary Samuel Pierce, with one charging fees of \$1.3 million. Still other former officials under Pierce participated as developers in projects to renovate subsidized housing for the poor, benefited by the HUD contracts.

Inspector General Paul Adams drew a comparison with the Pentagon procurement scandal, with

former government officials drawing big fees as consultants to developers seeking government contracts.

But Adams said he had found no evidence that active HUD officials had been involved in influence-peddling and made no charges of criminal activity.

The rehab program is a \$225 million a year endeavor that survived in Congress despite efforts by the Reagan administration to kill it. Through it, developers win contracts to acquire and renovate existing housing and receive HUD guarantees of subsidized rents for 15 years.

"It is indeed ironic that a program that the Reagan ad-

ministration had sought to terminate for six years was misused to feather the financial nest of HUD and administration favorites," Gonzalez said Thursday.

He praised the action by HUD Secretary Jack Kemp, who ordered a halt to 35 pending awards worth \$100 million and audits of existing contracts.

Adams said that while he had found no illegality in HUD's Moderate Rehabilitation Program, contracts were distributed in ways that suggested favoritism and use of insider information.

Watt collected a \$300,000 fee as a consultant on a 312-unit project in Essex, Md. Investigators reported that he "said that his role was to talk to the 'right people' and convince them that the project was needed," the report said.

It said Nunn was paid \$375,000 as attorney and consultant on a 1984 Miami project in which he in turn paid Mitchell \$75,000 for his assistance.

## Member of board is indicted

HOUSTON (AP) — Four people including a school board trustee and her husband, are charged with bribery by a Harris County grand jury investigating the troubled North Forest Independent School District.

Named in the indictments Thursday were Trustee Emma L. Horn; her husband, Ambus Horn; the district's former insurance agent, Curtis J. McKelvey; and Thomas R. Young, the owner of Tryco Administrative Services of Bellaire, which administers the district's self-funded health insurance plan.

Assistant District Attorney Jim Lindeman said the indictments stemmed from bank loans obtained for the Horns in exchange for several favorable votes by Emma Horn on contracts for Tryco and McKelvey. He said the loans, co-signed and guaranteed by McKelvey and Young, amounted to about \$15,000.

The district has about 13,000 students in north Harris County. The district attorney's office and the FBI for the past four months have been investigating allegations of misuse of public funds.

Emma Horn and McKelvey said Thursday they were innocent of all charges, contending the loans grew out of a longstanding friendship between McKelvey and the Horn family and were not related to Emma Horn's position on the school board.

Young's attorney, Stanley Schneider, called the indictments a witch hunt.

The indictments, which contained 24 counts, allege bribery of a public official, a second-degree felony. Each count carries a possible penalty of up to 20 years in prison and a \$10,000 fine. Bond for each of the four was set at \$10,000.

The school district now is under the guidance of a state-appointed master after slipping three accreditation levels in the past year, leaving it on the brink of losing accreditation altogether.

Auditors recently warned of accounting problems so severe they could lead to bankruptcy.

And North Forest's former interim superintendent, Robert B. Jones, was arrested in January and charged with theft of \$5,000 in school money.

### ASTRO-GRAPH BERNICE BEDE OSOL

Your Birthday  
April 30, 1989

Your Birthday  
May 1, 1989

Generally speaking, your financial trends look rather encouraging for the year ahead. However, you must be prudent and not spend more than you take in.

**TAURUS (April 20-May 20)** If you're with pals today who are in a better position financially than you are, don't attempt to match their spending patterns. If you do, you could come home with an empty wallet. Taurus, treat yourself to a birthday gift. Send your Astro-Graph predictions for the year ahead by mailing \$1 to Astro-Graph, c/o this newspaper, P.O. Box 91428, Cleveland, OH 44101-3428. Be sure to state your zodiac sign.

**GEMINI (May 21-June 20)** Don't deal in half measures today nor perform beneath your competence level. You'll have to go all out if you hope to achieve important objectives.

**CANCER (June 21-July 22)** Do not offer unsolicited advice today because it could produce an embarrassing development. Even though your suggestions may be good, they might be rejected on general principle.

**LEO (July 23-Aug. 22)** Be careful today where collective ventures are concerned. There's a chance you might get involved in something where you'll have to shoulder the greater financial burden.

**VIRGO (Aug. 23-Sept. 22)** Weigh both sides of the issue carefully today before making a major decision. If you render a judgment impulsively, you could make the worst choice.

**LIBRA (Sept. 23-Oct. 23)** A bird in the hand is worth two in the bush. It may be advisable at this time to work for what offers you an immediate return as opposed to banking on what the future might bring.

**SCORPIO (Oct. 24-Nov. 22)** Try to appreciate friends for what they are and not for what they can do for you. If any of your companions feel they are being used today, it could chill the relationship.

**SAGITTARIUS (Nov. 23-Dec. 21)** You are likely to be open-minded and mentally receptive today, but, unfortunately, you might listen more intently to people who offer bad advice than you will to those who offer wise counsel.

**CAPRICORN (Dec. 22-Jan. 19)** Basically you are a rather industrious person, but today you might talk more about what you intend to do than actually do it. The only one you'll impress will be yourself.

**AQUARIUS (Jan. 20-Feb. 19)** Do things today in ways that conserve both your energies and resources. Don't play too hard or spend too lavishly. These represent critical areas.

**PISCES (Feb. 20-March 20)** Guard against inclinations to exaggerate a bit today. Your embellishments may make for a more colorful tale, but what you say won't be believed.

**ARIES (March 21-April 19)** A friend may need your help today so do what you can to assist. However, don't boast about your noble deeds to others in ways that could embarrass the recipient.

Conditions in general should be more hopeful for you in the year ahead than they have been for quite some time. Good things could happen through new contacts you'll establish.

**TAURUS (April 20-May 20)** Tact and charm are two of your effective qualities that can be used advantageously today. Keep thoughtfulness and soft sell upmost in your mind in all of your dealings. Major changes are ahead for Taurus in the coming year. Send for your Astro-Graph predictions today. Mail \$1 to Astro-Graph, c/o this newspaper, P.O. Box 91428, Cleveland, OH 44101-3428. Be sure to state your zodiac sign.

**GEMINI (May 21-June 20)** Putting the needs of an associate on parity with yours today is a wise move. The person for whom you are concerned is not the type who will forget your kindness.

**CANCER (June 21-July 22)** This could be a rather important day for you where your hopes and expectations are concerned. You're presently in a favorable cycle where fulfillment is possible.

**LEO (July 23-Aug. 22)** A position you have taken has won you the respect of your contemporaries, although this might not be apparent to you for a while yet. Stand firm.

**VIRGO (Aug. 23-Sept. 22)** Alliances you make at this point in time should be both lasting and beneficial. You could be very lucky today where a partnership is concerned.

**LIBRA (Sept. 23-Oct. 23)** You're up to handling tasks today that you may have previously thought were a bit too tough or distasteful. Clean up these troublesome chores you've neglected while you're in a positive mood.

**SCORPIO (Oct. 24-Nov. 22)** Your greatest benefits today could come from joint venture types of arrangements. They're not likely to be formally structured, just an alliance of convenience.

**SAGITTARIUS (Nov. 23-Dec. 21)** Working on labors of love will provide you with far more gratification today than spending your time on unproductive pursuits. Do something nice for yourself and others.

**CAPRICORN (Dec. 22-Jan. 19)** If you have a free evening this is a good time to take care of a long-standing neglected social obligation. It will make the recipient happy to be remembered.

**AQUARIUS (Jan. 20-Feb. 19)** Someone whose motives are sincere might offer you a small gift or consideration today. Don't be hesitant to accept, because this person has no hidden intentions.

**PISCES (Feb. 20-March 20)** In early afternoon something of material benefit might unexpectedly come your way. It should put you in a happy frame of mind for the rest of the day.

**ARIES (March 21-April 19)** Things of a material nature that are of personal importance to you should go rather smoothly today. Don't operate selfishly, yet keep your own interests protected.

## State revenue forecast brightens

AUSTIN (AP) — Budget leaders said they were happy to receive word from State Comptroller Bob Bullock that more tax revenue will flow into state coffers, but they were not surprised.

"We've written our budget believing that that was coming, approximately, and so it's no surprise," said Rep. Jim Rudd, Appropriations Committee chairman. "It's pleasant to have, and it is as we anticipated."

Bullock said Thursday an improving Texas economy will produce an additional \$210 million in tax revenue for the 1990-91 state budget.

"Our economy is no longer just recovering, it is expanding," Bullock said.

Bullock's revised revenue estimate means the state will bring in a total of about \$3.8 billion more tax revenue in the two-year period beginning Sept. 1 than during the current budget period.

Lawmakers are currently trying to hammer out a state budget. Bullock's revenue forecasts are critical because they determine how much the Legislature can appropriate.

The House has adopted a \$46.5 billion budget; the Senate, a \$46.75 billion budget. Budget leaders from both chambers were scheduled Thursday to begin negotiating the differences in the two proposals.

The projected \$3.8 billion more is due to several bookkeeping transactions, adopted by the Legislature and signed into law by Gov. Bill Clements, legislative actions on the franchise tax and pending legal actions.

## Thesis on taste, cost finished

HOUSTON (AP) — The turnout for a taste test on domestic beers drew a predictable crowd. The results were anything but.

Two University of Houston seniors, needing taste-testers for research on their honors thesis, attracted 265 volunteers by posting "free beer" fliers around campus. After paring the sample to 191 students who said they drank five or more beers weekly, the pair discovered that some couldn't discern between cheap and expensive beers.

"We figured that college students are experts on beer drinking and they would determine the difference in the five brands of domestic beer we tested," said Aristotle Economon, who shared the project with his brother, Andrew. "But, statistically, people couldn't tell the difference."

Each participant was given three-ounce sample cups of five different brands of U.S. beer to measure for body, aftertaste, sweetness, bitterness and strength.

Five major U.S. brewers each donated 20 cases of beer, as well as several hundred promotional key chains, posters and buttons.

Economon, who said he does not drink beer, got mixed reactions from the test subjects.

"Some people would say, 'This is great, I can buy cheap beer and get just as good a product,'" he told The Houston Post. "But other people said, 'This is B.S.' because people are very loyal to their brand of beer."
