

## SNOOTER NOSE

LITTLE ABOUT EVERYTHING  
AND NOT MUCH ABOUT  
ANYTHING

At the regular monthly trades day in Crowell last week, a crowd of farmers who had been "fleece" by buying razors and watches by a slick tongued salesman, who, as the Ford County News, said, "would sell a burned match for a dime and buy it back for a dollar," were laying for the return of the grafter, and we would give the grafter more credit than returning. He returned and was gibby telling the populace the great values (?) he had to offer in the way of razors for a dollar wrapped up in a \$5.00 bill, when the sheriff and a farmer's son, appeared on the scene. The farmer boy had been filched out of \$4.00 for a pair of razors by the oily tongued gentry two months prior. Several victims of the grafter joined in the heated argument between the sheriff and the grafter, and by refunding some money back to the ones he had filched the grafter was given time enough to close up his grips and get out of town. The News remarked had the affair not been settled amicably to all concerned, "it might have had an account this week of some one receiving injuries on Trades Day." The same razor gink visited Stanton recently and succeeded in picking up several dollars through his graft methods. We saw fellows bite at the articles who needed the dollar they squandered as badly as this columnist, and if there ever was any bad in Billy the Kid, that's how bad we need a dollar.

This columnist has heard the expression that the 'whiskey was so bad it would make a jackrabbit spit in a bulldog's face," but this is the first time that an event has happened that makes us believe the expression is not an exaggeration of conversation. Last week the Wink Times-Herald editor said that he was told the incident as a fact by one of his readers that the sheriff at Kermit discovered a jackrabbit fighting his bulldog out in the backyard. The rabbit was not only spitting in the bulldog's face but was lunging at him with all four feet and his mouth wide open and his teeth a-shinin'. The eyewitness to the affray said the vicious with which the rabbit attacked the bulldog it was thought he had rabies, but as he ran away after the fight, that fact will always remain a mystery. The Times-Herald editor stated his informant said the bulldog would not fight back at the rabbit, "which is said to be the characteristic of a dog like that."

The Wink country must be full of that sort of bad dope. Only recently a rancher heard a rucus out in his cowlot. He got up out of bed and went out to see what was the trouble. Before he could get back in to the house to get his gun the coyote had torn the nightshirt off the ranchman.

The editor of a Childress paper received word he had been appointed postmaster of that city. The appointment came as a surprise as he had not even asked for the office. That's purely an example of the "office seeking the man." Maybe the day has arrived when the newspaper man is to receive his just reward. Suppose this scribbler were to receive word he had been appointed prime minister to Siam, or a government gauger for the 3.2 per cent beer for Texas, the undertaking parlor, which has just this week been established next door to this office by our good friend J. H. Burnam, would have a deaf, dumb, blind, and lifeless victim.

There is a "new deal" on over at Crane City, the capital of Crane county. That town had been moving along at just about such a pace as to be second in a snail's race—going along—but where—the people seemingly satisfied with getting by. The local Civic Club members, at a meeting one day, sat on tacks, or some sort of a pointed instrument that made the organization arise en masse and call a meeting of the citizenship of Crane to be present on a certain night at a gathering to be held at the most prominent cafe in the town. It was noised about that there were to "eat" at the meeting, and of course, this brought out a large crowd. It is said if you want an army to do effective fighting send it into the conflict on a full stomach. The Civic Club

NUMBER TWENTY-NINE

## APRIL 30TH. LIMIT TO APPLY FOR CROP PRODUCTION LOAN

A TOTAL OF \$31,930 LOANED IN THIS DISTRICT COMPRISING SEVEN COUNTIES. 53 LOANS APPLIED FOR IN MARTIN

The following data relative to the applications made for crop production loans in the seven counties comprising this district, is furnished the Reporter by John S. Andrews, field representative at Midland. The total amount of the loans for the seven counties up to and including April 9, 1933, is \$31,930, and the number of applications and the amount for each county follows:

Midland, 70 applications, amount \$11,150.  
Howard, 65, applications, amount \$9,325.00.  
Martin, 53 applications, amount \$8,385.00.  
Andrews, 14 applications, amount \$1,500.00.  
Crane, 3 application, amount \$800.  
Ector, 3 applications, amount \$520.  
Glasscock, 3 applications, amount \$250.

Total number of applications 210, and total amount of loans, \$31,930.

April 30th, is the dead line for receiving applications for Crop Production Loans. Mr. Andrews stated Monday, which leaves only three more weeks for farmers to make applications. "I am, therefore, at this time, placing the full responsibility upon the citizenship, the county committee, and the bankers, that deserving cases may be served.

"For your information, up to April 6th, the Dallas office had received 44,827 applications and had mailed out 38,529 checks, the approved amount being \$2,822,407. When you consider that the first applications were received on March 6; that funds were released by Washington on March 18th, and that every application was given very careful analysis and daily clearance, you will have some conception of the enormity of the work in the Dallas office, and I urge all worthy and deserving farmers who are in need of this money, not to wait until the last week or day to have their applications made out, as in the first place, the loan funds are limited, second, there might be in some cases that the land lords will not sign waivers, third, or there might be something to happen that will prevent the farmer from getting his application finished by April 30, 1933, so I urge all farmers to come on and get the money while the getting is good and before the time limit is up." Mr. Chas.

See APRIL 30TH page 4

filled the stomachs of the guests, then stated the object of the meeting which was along the line of doing something to wake up the old town. The result of the banquet is that additional fire plugs will be installed; financing of a swimming pool; lighting of main street; a clean-up and paint-up campaign, together with a beautification program. Plans were also set on foot to bring Crane county into the irrigation district, the water to be supplied from the proposed Red Bluff dam project on the Pecos river.

A town is just as dead as the people in it allows it to be. The Crane people saw that their town was getting nowhere, nor never would, unless they changed their tactics. A meeting was called to diagnose the ailment, the ailment was defined, and the remedy found to cure what ailed them—co-operation—and now the whole population has been set in motion to put vigorous life in a town that was rapidly headed for the graveyard.

Stanton has all the attributes for making a live little town, but it can never reach that goal without concerted action on the part of the citizenship. There must be an organized effort and a spirit of co-operation on the part of the people to lift it from the dumps from which it has fallen since the arrival of the depression. This reflection is not to be cast upon Stanton no more than many other towns that seem to have layed down and given up because there were trying years to pull through. The method of "letting George do it" never built anything but graveyards.

THE HOME OF PARKS AUTO COMPANY

## RAPID GROWTH NECESSITATES LARGER QUARTERS

PARKS AUTO COMPANY NOW OCCUPIES HANDSOME BUILDING TO CARRY ON THE CHEVROLET BUSINESS.

From a small beginning back in the year 1928, the business of the Parks Motor Co., it was then, grew to such proportions that more adequate quarters were necessary to carry on the business of selling Chevrolet automobiles, and as a result in 1929 the handsome building at the right was built.

In almost a year The Reporter has suffered the loss of advertising for the Chevrolet automobile. The reason, was not through any fault of the General Motors Co., makers of the Chevrolet, as well as other brands of cars, or that of the local automobile agency, both would have liked their business to have maintained such a figure, that it would have required many inches of this paper's columns to care for the business. But Old Man Depression began to stalk in the land and layed his hand heavily on the business of the local representatives, as he did on almost every line of business carried on in the nation. He cut a wide swath in the business field, wielding his scythe to the extent that he sent many thriving businesses crashing to the wall, and crippling others to the degree that they were barely able to keep their doors open. As he mowed his way through the business field he depleted the pocket-book of the country's purchasing power.

The Parks Motor Co., representatives of the Chevrolet in the Stanton territory, suffered considerable loss along with the balance of the business concerns of the nation. A lull in business extending over a period of several months was experienced by the Parks Motor Co. The senior member of the firm, R. L. Parks, was not made of that timber unseasoned to the storm of a business depression and was not willing to succumb to the wishes of Old Man Depression and acknowledge that he was whipped. Early this year, through his perseverance Mr. Parks succeeded in re-organizing his forces, and established a source of revenue from which he could stock his salesroom with a car of the late model Chevrolets. This was accomplished in the face of the depression. A car load of these automobiles were soon on the floor of his salesroom, standing as mute evidence of the characteristics of Mr. Parks—a man, who, in the business life, followed the motto, "never say die."

The firm now, is known as the Parks Auto Company, with R. L. Parks, head of the organization. Two cars of the latest model Chevrolets, have been received from the Detroit factory by the company, the first car having been disposed of, and the second, received last week, now in the salesroom for inspection and sale.

In the year 1929 the present handsome brick structure shown on this page, was built. The interior was especially arranged to carry a full and complete line of Chevrolet parts, ranging from the minutest screw to the major fittings. A suite of offices was built to carry on the business of the concern. Installed in the building are sanitary drinking fountains and lavatories and a spacious salesroom surrounded by a large plate glass front.

Adjoining the brick structure on the west, not shown in the picture, is a large storage room and workshop. The shop is presided over by Andy Widner and Eugene Parks. The tools and other equipment in the shop stand as a heavy investment. Mr. Widner is an expert in the repair of Chevrolet cars. His knowledge along this line does not cease with the repair of a Chevrolet, but extends to all makes of automobiles, and through this fact the shop department enjoys a good patronage, taking in to account the depressive times.

Through the recent sale of Chevrolet cars by Mr. Parks, The Reporter is receiving from time to time large advertisements for the Chevrolet the Campbell Ewald Co., agency, ad-

## J. H. T. Johnson, Died Wednesday Night

J. H. T. Johnson, 72, died Wednesday night at 9 o'clock, at the home of his daughter, Mrs. T. E. Mashburn, following an illness of several weeks. Mr. Johnson had been a resident of Martin county 24 years, coming to the county from Hunt county. He was born in Georgia.

At this writing, Thursday morning, funeral arrangements had not been definitely decided upon.

Surviving are the following children: Mrs. T. E. Mashburn, Mrs. W. A. Kaderli of Stanton; Homer Johnson of San Antonio.

## FORMER PASTOR MEETING WITH MUCH SUCCESS

Rev. P. H. Gates, former pastor of the Methodist church here, was in Stanton, Tuesday, from Littlefield, having accompanied B. M. Harrison, superintendent of the Littlefield schools. Rev. Gates says he is meeting with success preaching to the Methodists of his town. At a recent meeting of the church board, it was decided to add more pews to the church, as the attendance has grown more under Rev. Gates' administration than it has in the past seven years.

Mr. Harrison was here to look into the matter of applying for the place of superintendent of the Stanton schools. Eight years Mr. Harrison was superintendent of the Childress school; 6 years superintendent of the Plainview school, and is on his seventh year as superintendent of the Littlefield school. He has a B. A. and Master degrees.

There are 2266 pupils enrolled in the Littlefield school, and 19 school buses in operation.

Rev. Gates says Littlefield has a population of 3500.

## INTERNAL REVENUE STAMPS AT LOCAL POSTOFFICE

Mrs. Horace Hamilton, local postmaster, informs a representative of The Reporter, that the office is now supplied with internal revenue stamps for all who desire them.

## RETURNS WITH PRISONER

Deputy Sheriff Morris Zimmerman, his wife and two children, have returned from Texarkana, with Ames Woods in custody, charged with auto theft. Woods was indicted by the recent grand jury.

The Ford, which was alleged stolen by Woods, was also returned.

## A HUMDINGER AND HOW WITH A WOW!

At the time this is written it is 20 minutes to 10 a. m., and there is so much sand in the air that the people are going about the streets armed with axes, chopping their way through the fog of dirt.

The wind is cold and out of the north. The heaviness of the air is weighting the sand down to the earth, making it difficult to distinguish an object two blocks away.

## STANTON BECOMES MEMBER OF KAT KLAU LEAGUE

Wednesday night the writer accompanied Bob Hamilton to Midland, where Bob had been delegated as a representative of the B golf players of Stanton, to meet with representatives of other towns in this area to form the Kat Klaw league.

Midland, Stanton and Seminole had representatives present.

The Kat Klaw league was organized by electing Russell E. Lloyd, president, and James P. Harrison, secretary, both of Midland.

The season will open Sunday, April 23, with the following teams contesting: Stanton, Seminole, Lamesa, Midland, Big Spring, Hobbs, N. M.

Secretary Harrison was instructed to frame a schedule following an inspection of the Sand Belt schedule, formulating one that will not conflict with that of the Sand Belt association.

The Sand Belt rules, governing the playing of the teams, were adopted, except that 18 holes will be played to qualify.

## WILSON VARIETY STORE TO MOVE IN EBBERSOL BUILDING

The Wilson 5c to \$1.00 Store, will move to the Ebbersol building, formerly occupied by the J. Fox Dry Goods Co., within the next week. Morris Zimmerman, will occupy the building the Wilson store is now in, with his City Cafe.

The removal to the Ebbersol building will give Mr. Wilson more room for the large stock he is adding to his present one.

## BURNAM FUNERAL HOME MOVED TO GUITAR BUILDING

The funeral home of J. H. Burnam Son, was moved this week from its old location on the new highway to the building in the Guitar block, one door west of the Reporter office.

The interior of the building has been conveniently arranged in every respect.

Word was received in Stanton this week that Mr. and Mrs. H. C. Hamilton of Abilene, were the proud parents of a baby girl, named Betty Dean. Mr. Hamilton is a son of Mrs. Horace Hamilton, postmaster at this place.

John A. Stewart, of Jal, N. M., a former Martin county resident, and who owns landed interests in the county, was here Tuesday looking after his property interests.

Mrs. Clyde Smith returned Saturday from Vernon, where she attended the district meeting of the Womans Missionary Society. Mrs. Smith was re-elected secretary of the Sweetwater district.

## Educational Meeting At Big Spring, Sat.

Big Spring, April 14 (Special)—A group of notables in the field of education and state legislative activities will appear on the program here Saturday when an educational mass meeting is to be held beginning at 10 a. m. in the municipal auditorium.

Heading the list will be State Superintendent L. A. Woods, who cancelled another engagement that he might appear here. Senators Julian P. Greer and Arthur P. Duggan, members of the senate education committee, will join Penrose B. Metcalf and a colleague here. H. H. Stillwell, president of the Texas State Teachers' association, and Nat M. Walker, San Antonio, president of the state board of education, will also appear.

Drawing from approximately fifteen counties in this vicinity, the meeting is expected to bring several hundred teachers, trustees, laymen to hear timely information on the school situation in Texas.

Problem of preventing the state apportionment from being reduced from \$16 to a mere \$8 will be discussed by speakers.

Letters are being mailed by Mrs. Pauline C. Bringam, county superintendent, to superintendents, principals, teachers and trustees of this area, urging that each come and bring at least one patron.

## Methodist Church Notes

W. B. VAUGHN, Pastor

Next Sunday is Easter and that is the day when many people go to church. We will be glad to see you at the Methodist church.

Sunday school at 9:45. Help us make it the record attendance for this year.

Rev. O. P. Clark, our presiding elder, will preach at 11:00 a. m.

The evening service will be at 8 o'clock.

Saturday night at 8 o'clock, we will hold our second quarterly conference. All the officials are expected to be present and any of the members are welcome. We will elect delegates to the District Conference, which meets in Big Spring, April 19-20, also other important business will come before the Conference.

Several of our people attended the Womans District meeting at Colorado last Saturday. The meeting was well attended and an interesting and helpful program was given. Mrs. E. Clyde Smith of Stanton, presided.

Don't forget your self-denial envelope. Bring it to Sunday School or church, Sunday.

Mmes. Bob Hamilton and J. E. Kelly, left Tuesday for Quanah. Billy, the little son of Mrs. Hamilton, accompanied them as far as Big Spring, where he will visit in the home of Mr. and Mrs. Wilbur Barcus. Mmes. Kelly and Hamilton will return this week end from Quanah, accompanied by Mrs. Doc Moore, and little daughter, Franchell and little son, James, who will visit in the home of Mr. and Mrs. J. E. Kelly, parents of Mrs. Moore.

**Ranch Notes**

(BY 'HOLD 'EM COWBOY')

Products from the Martin county ranges are to play a prominent part in the sporting circles at the World's Fair that opens in Chicago in June. A Mr. Gill of Big Spring, with his wolf hounds, are domiciled at the Bar X ranch, north of Stanton, to catch wolves alive to be sent to the fair in Chicago, there to be placed on the racing course to be run by hounds. Mr. Gill has caught over 100 jack rabbits on the Bar X and adjoining ranches, to be placed in the dog and rabbit races to be held at Abilene soon.

As fast as caught Mr. Gill is penning the wolves to be crated later and sent to the fair.

From the writer's observation of the jackrabbits on the Powell ranch, some are as large as fawns and can outrun a deer. The wolves, some, near the size of a Mustang pony, and can climb a wire fence as high as the average ranch windmill. If they can keep these wolves inside the World's Fair grounds the officials will do well.

Chicago has a number of bulls and bears, so with a number of Texas wolves, it should be able to play the market about right.

The sheep men of Martin county are as busy as flies around a sorghum barrel in July, caring for the lamb crop that is rapidly coming on. Report comes from the John Cox ranch that so far his percentage of the lamb crop had reached the 134 mark. Earle Powell of the Bar X reports the present rate his lamb crop is going it will easily carry him over the 100 per cent goal. The large percentage that marks the lamb crop is due to the large number of twins born.

Two wolves that had gained entrance into the wolf proof fence at the Bar X ranch, were caught last week by Earle Powell and George Cathey, running them down in Powell's pick-up Ford, and shooting them. The catch was a prize one because the

wolves were a male and female, and left to go their way would soon had company to carry on their destructive work, in the way of puppy wolves.

**TEAT FOR TAT AND CALF GROWS FAT—HOW ABOUT THAT?**

The secret of how E. B. Dickenson raises such fine calves may or may not be explained in a photograph hung at the chamber of commerce.

One husky calf called "Tat" is shown suckling a mare. Dickenson owns the X-Bar ranch, in Martin county, one of the finest in this section of West Texas.—Midland Reporter-Telegram.

Eb has promised the junk racketeer of this column a life-size picture of this phenomna.

With the recent purchase of 1,000 head of young steers from the Three C ranch in Arizona, added to the 2,000 purchased in Old Mexico, makes the total number of 3,000 bought by W. W. Brunson of Midland. The steers are to be shipped the middle of May to corn belt feeders.

Word was received in Stanton last week that "Uncle Bud" Smith, died at the ranch home of his sister, Mrs. A. B. Roberston, near Slaton. He was a half brother of Mrs. Ruby Robertson of Stanton.

"Uncle Bud" visited in the home of Mrs. Robertson in Stanton last summer a year ago, loafing about this office with his nephew Pink Robertson, who was an employe of The Reporter at that time.

Mr. Smith was born March 10, 1858 at La Grange, Texas, and came to West Texas when a young man, working on the ranges until retirement to live with his sister.

He was a devoted member of the I. O. O. F and Rebecca's.

**3 RULES big help to BOWELS**

What a joy to have the bowels move like clockwork, every day! It's easy, if you mind these simple rules of a famous old doctor:

1. Drink a big tumblerful of water before breakfast, and several times a day.
2. Get plenty of outdoor exercise without unduly fatiguing yourself.
3. Try for a bowel movement at exactly the same hour every day.

Everyone's bowels need help at times, but the thing to use is Dr. Caldwell's Syrup Pepsin. You'll get a thorough cleaning-out, and it won't leave your insides weak and watery. This family doctor's prescription is just fresh laxative herbs, pure pepsin, and other helpful ingredients that couldn't hurt a child. But how it wakes up those lazy bowels! How good you feel with your system rid of all that poisonous waste matter.

The Almighty has implanted in man a truly wonderful genius for doing things. This genius has been devoted in the past to devising machinery to make greater comforts for life and to making cheaper, but it has not yet been turned to the scheme of distributing these comforts so all can get a share of them. This will come some of these days. Think of it—we have in this country more than enough of every comfort and almost every luxury for every man, woman and child here, yet millions are destitute and suffering. "The harvest truly is plenteous but the laborers are few," Where is our leadership? Where are our statesmen and our thinkers?

Try and Want Ad. They work while you sleep.

**How Doctors Treat Colds and Coughs**

To break up a cold overnight and relieve the congestion that makes you cough, thousands of physicians are now recommending Calotabs, the nausealess calomel compound tablets that give you the effects of calomel and salts without the unpleasant effects of either.

One or two Calotabs at bedtime with a glass of sweet milk or water. Next morning your cold has vanished, your system is thoroughly purified and you are feeling fine with a hearty appetite for breakfast. Eat what you wish—no danger.

Calotabs are sold in 10c and 55c packages at drug stores. (Adv)

A few days ago a man 83 years old born on a farm where he now lives and which he owns and where he has spent every night of his life, was haled into court to show that he did not need a guardian because he was not of unsound mind. The evidence showed that he had managed his farm and his \$60,000 in cash during the depression so as to increase his wealth, even after having distributed some \$10,000 among relatives. The judge wisely opined that Uncle "Bue" instead of having a guardian to guide him, should be appointed guardian for about 90% of the people of the country. He didn't fall for any speculation schemes and he didn't forget how to work hard.

The lady of the house complained, "There is no honesty anywhere; my maid ran away and took three of my best dresses." "Which ones?" "The ones I smuggled through the customs last time I came over from Paris."

Lawyer: "So you want me to defend you, Andy; got any money?" "No suh, but ah got me a few chickens, a mule and a hawg." "All right, I'll take them. What were you accused of stealing?" "Oh, a mule, a few chickens and a hawg."

G. B. Shelburne, Jr., of Abilene, has been selected as a delegate from Abilene Christian College to the Inter-scholastic Press Association at Kingsville, Texas.

It is estimated there are 50,000 applications on file in Washington for federal jobs under Democrats. The trouble is that less than 10,000 of these people can be appointed, and the other 40,000 will therefore find all the Democratic "new deal" stuff is only the bunk.

For instance, did you know that the man who led the forces in the French Chamber of Deputies against paying their just debt to us was a representative of the international banking interests. Does this mean anything?

**Meals cost less when foods are not wasted**

Economies from food saving through adequate refrigeration help pay the cost of a new, modern Electric Refrigerator. Small down payment, easy terms, bring both savings and convenience immediately.

One of the delights of an Electric Refrigerator is the fresh state in which it keeps left-overs and the great variety of new dishes it makes possible.

The left-over part of a Sunday chicken may appear on Tuesday as a dainty and delicious chicken salad.

A MODERN Electric Refrigerator will save so much food . . . will bring so much convenience and comfort, that it is a thrifty investment. Why do without it, when a small down payment will put it in your home tomorrow and you can pay the balance of the purchase price on easy terms?

See what you are offered wherever Electric Refrigerators are sold. Milk, cream, butter, eggs, meat, vegetables . . . all stay fresh and wholesome to use in money-saving left-overs and in other ways . . . savings that help pay for the refrigerator. Learn why its temperature, automatically controlled, gives perfect health-protection through food protection.

**SAYS HER HUSBAND LOST 16 POUNDS IN 4 WEEKS**

"I have never found a medicine that 'peps' you up like Kruschen Salts and better still, leaves you 'pepped up.' I take it two or three times a week—not to reduce but merely to feel good and clean. My husband took it to reduce, he lost 16 pounds in 4 weeks." Mrs. E. A. Ferris, Washington, D. C. (December 29, 1932.) To lose fat and at the same time gain in physical attractiveness and feel spirited and youthful take one half teaspoonful of Kruschen in a glass of hot water before breakfast every morning. A jar that lasts 4 weeks costs but a trifle at any drugstore in the world but be sure and get Kruschen Salts the SAFE way to reduce wide hips, prominent front and double chin and again feel the joy of living—money back if dissatisfied after the first jar.

**Wadley Wants Your Business**

Addison Wadley has been selling merchandise in West Texas for more than thirty-five years and during that time has never sold anything but dependable merchandise worth the price you paid or your money was refunded.

This store had rather be known as a store that sells GOOD MERCHANDISE, rather than a "cheap store."

Martin County customers are always welcome at this store, and we are anxious to serve you in any way possible and we sincerely believe that this store sells GOOD merchandise for less than any store in West Texas.

LET US SEND YOU SAMPLES or send you any merchandise you want, subject to your approval.

Of course, we would rather have you come to see us, but if you cannot come we will be glad to have you write us for anything in Good, Dependable Dry Goods, Shoes, Hosiery, Ready-to-Wear, Men's Wear, Etc., and we say this:

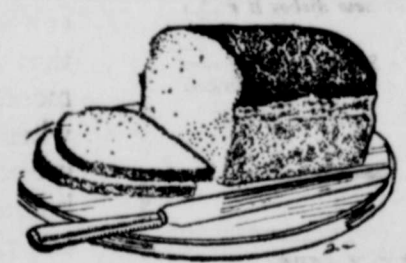

If anything we send you is not satisfactory in any way, please return it. Your money will be refunded without a word.
