SNOOTER NOSE—

(Continued from page 1)

amongst the destitute, it would almost certainly be accompanied by serious social disturbances in the larger centers and followed by repercussions felt in every part of the state.

13. If our people, by their vote, indicate that they do not want or need federal aid, WE MAY LOSE MANY MORE MILLIONS OF DOLLARS that would otherwise be expended on projects financed under the National Industrial Recovery Act, and Texas would be thrown out of step with the entire national program of recovery.

No Wastage Assured

14. The act of the legislature submitting the proposed amendment definitely forbids the payment of any commissions or profits in the sale of bonds, which must bring to the treasury their par value. While no definite arrangements has been made for their disposal, the Reconstruction Finance Corporation will be urged to subscribe to such bonds as are issued and its past security purchases offers no inconsistency to its purchase of this issue.

15. After disposal of the bonds the proceeds will be used under the direction of the Texas Relief Commission, a non-partisan body of seven outstanding Texans, of whom the governor appointed three, the lieutenant governor named two and the speaker of the house named two.

16. While many voters may shy at establishing the precedent of issuing bonds under our present constitution (but which is not a new thing in Texas history), these are unprecedented times. The present era of distress in Texas is unprecedented. Tradition and precedent are being shattered everywhere. The times call for the same aggressiveness that is marking our national administration's policy.

17. If the entire amount of bonds authorized is issued, the annual tax to retire the principal and interest would be less than fifty cents per capita per year. Federal funds for relief for the single month of July alone amounted to thirty-six cents per capita.

Miss Mary Helena Price, was home from T. W. C. Fort Worth for the week with her parents, Mr. and Mrs. E. Price.

RAQUET CLUB HOLDS
SEMI-ANNUAL MEETING

The Stanton Raquet Club held their first semi-annual meeting at the Toggery, Monday night with the president, James Jones, presiding. In order to revive interest in playing tennis the club decided to hold a tennis tournament.

Mrs. Edd Wilkinson is chairman of the tournament and will work out a schedule shortly which will be published in the Reporter and also posted on the window at The Toggery. Look for your name if you are a member of the club and the time of your playing for if you fail to play at the appointed time you will forfeit your game.

The grounds are in need of cleaning off and any member who has a strong right arm and a willingness to work is invited to take his hoe and rake and do his part toward putting them in shape.

SOUTH PLAINS SCHOOL
OPENED MONDAY, JULY 31

The South Plains school at Tarzan, opened Monday, July 31, with a great interest manifested from both the patrons and pupils. We have 73 per cent of the scholastic enrolled in spite of the fact that many of the people have moved away and some having gone to find work but will be with us later. The patrons met Wednesday night, August 2, and organized the P. T. A. to meet every two weeks from the same date.

Everything is being pushed regardless of the hard times.

Milt Yater and children are vacationing at Christoval. This is quite a popular resort, just a short distance below San Angelo.

Mrs. Belcher Buys
Colorado Land \$10

Mrs. Viola Belcher of Big Lake has bought 4000 acres of the Landers ranch 7 miles southeast of Colorado at \$10 an acre and Price Turner, a son-in-law, has moved 200 cows to the new purchase.

Mrs. Belcher bought the place from Harry and By Landers, who established the ranch as homesteaders 50 years ago. They came from Vermont to West Texas, in the 80's, and have some harness made from leather brought with them when they reached this country.

The Landers brothers keep the north part of what is known as the Klondike ranch. They have some pasture lands and farm lands left.

On this ranch they have an interesting collection of horns and other relics. One of the brothers By is a bachelor, the other is married.

Mrs. Belcher has ranch holdings near Stiles.—San Angelo Standard.

SUPT. WHITE WRITES TOO
MUCH RAIN IN EAST TEXAS

The Reporter is in receipt of a letter from L. H. White, superintendent of the Courtney school, and who is at his home at Mount Vernon, Texas, until school opens this fall.

Mr. White wonders about the rain up here, and so do we wonder where it has gone. "We have had so much it seems like it could be raining with you people. The land is too wet to plough at this time and has been for two weeks."

"As I learn more of other parts of Texas I can see greater possibilities in the West," concludes Mr. White.

MRS. STARNES DIES IN
AN ABILENE HOSPITAL

Mrs. I. M. Starnes, who was removed from her home in Stanton to an Abilene hospital for treatment of an affliction that had kept her bedfast over a long period, died at Abilene Monday afternoon. The funeral service was held by Rev. W. S. Garnett, pastor of the Baptist church of Stanton, and burial was in a local cemetery. Mrs. Starnes was 33 years old.

Survivors are her husband and four children, Sybil, Labelle, Kenneth Ray and Analee of Stanton. Other survivors are three brothers, Doris Beckham, Laticia; E. Beckham, Oklahoma; and Wallace Beckham, Dallas; and a sister, Mrs. Clarence Guley, Dallas.

NOTICE FOR BUDGET HEARING

There will be a meeting of the City Council of the City of Stanton, Texas, held at the City Hall in Stanton, August 16, 1933, at 8:0 P. M., to provide a public hearing on the budget of the city for 1933 and 1934.

ACCEPTS POSITION IN THE ANDREWS SCHOOL

Miss Maxine Hall has been elected as one of the faculty of the Andrews high school. This is a very modern school plant having a nine months term and money to pay their teachers.

Miss Hall, daughter of Mr. and Mrs. Joe Hall, finished the work at the State Teachers College in Denton this summer and received her B. S. degree.

MRS. WOODY HOSTESS TO HOMEMAKERS CLUB

The Line-McClintic Homemakers club met Friday, August 4, at the home of Mrs. Willis Woody. Miss Miller

gave an interesting demonstration on childrens school lunches. As this is an important subject to mothers of school children, it was enjoyed very much.

This club has been organized only a short time but we feel they are doing a fine work in helping each other. The next meeting will be with Mrs. Woody to quilt a quilt.—Reporter.

MOVES TO BIG SPRING

Mrs. Sue Gibson and daughter, Rowena, moved Monday to Big Spring to make their home. Mrs. Gibson will continue her classes in voice and piano in Stanton, returning twice each week.

Mrs. Larry Morris is moving to the cottage vacated by Mrs. Gibson.

SUPERINTENDENT HERE

Mr. and Mrs. A. M. Limmer, have arrived in Stanton to make it their home.

Mr. Limmer is the superintendent of the schools here for the coming term. Last year he was superintendent of the Andrews school.

Mr. Limmer informed the Reporter that the school term in Stanton would start September 4th.

One of the most important amendments, if not the most important to the people of Texas, to be voted on at the coming election, is that of the \$20,000,000 bond issue. It is said that if Texas fails to vote it all prospects for Texas receiving aid from the Federal government has gone glimmering, in which event, that means Texas will be compelled to look to other sources to provide means for taking care of the many thousands that will be in dire need.

While discussion has centered on the beer and repeal amendments, the proposed amendment to permit a \$20,000,000 bond issue for relief purposes is all important, leaders here argue, and say newspapers and civic workers must get busy at once on the bond amendment. There are 1,200,000 Texas persons at present depending on national funds for relief, according to estimates of the R. F. C. offices, and unless the \$20,000,000 issue is authorized this federal aid probably

will be withdrawn, throwing the problem of supporting the 1,200,000 back upon the cities.

Mrs. G. B. Shelburne and son, Cledie, have returned from a three weeks visit with relatives and friends at Abilene, Winters and Ballinger. They were accompanied home by her father and mother, Mr. and Mrs. D. E. Caudle and sister, Miss Almeda Caudle of Ballinger.

Jiggs Hall, Misses Loraine Lamar, Maxine Hall and Louise Dillard and Mrs. O. B. Bryan drove to Andrews, Monday morning. Mrs. Bryan will remain for a week's visit with her parents, Mr. and Mrs. John W. Richards. Miss Dillard was returning home after being the guest last week of Mr. and Mrs. O. E. Bryan.

Mr. and Mrs. Bud Jones have returned home after being away for the greater part of the summer. They made an extended motor trip with friends from Denton, the itinerary of which carried them into nineteen states, District of Columbia, and Canada, spending twenty-two days and seeing the "Century of Progress" at Chicago.

Rev. Paddock of Big Spring, visited in the home of Mr. and Mrs. Sid Cross in Courtney Saturday evening.

Gene Parks and Woodrow Maggart returned Monday night from a trip to Refugio, in the Valley.

Mr. and Mrs. Phil Berry left Tuesday for Cisco, where they will visit his parents, Mr. and Mrs. J. T. Perry.

Marvin Collier, head of the South Plains Monument Co., Lubbock, was in Stanton last week and had his name enrolled on the subscription list for the Reporter one year.

T. J. Nance, Jr., of El Paso, returned home Tuesday after a visit with his aunt and uncle, Mr. and Mrs. E. P. Whitson.

Miss Doris Thornton, who recently underwent an operation for appendicitis and was quite ill several days following, is improving nicely and is able to sit up for a part of the day.

A Crazy Vacation Is A Sane Vacation

Year after year thousands of persons come to the Crazy Water Hotel to rest, to relax, to drink Crazy Mineral Water, and to take the mineral baths. That's a vacation that restores and rebuilds the health and vigor you have neglected for a year. Come to the home of Crazy Water—and in a week or two, go back to the job with your system cleansed of toxic poisons, a robust appetite, digestion good, and proper habits of elimination. Go home with that "I can whip a Mountain lion" a feeling that you need more than ever, now.

At the home of Crazy Water you have a comfortable well furnished, outside room with ceiling fan, circulating ice water, and private bath, as well as delicious meals, stimulating mineral baths, all the Crazy Water you can drink, in your room or at the Crazy Bar; in fact every service of the modern hotel for less than the cost of a room alone in any large city.

A postal card will bring the information you want to know. Just address it as below.

UNTIL WE LEARNED BETTER

Until we learned better, we used to mix wood and steel in our car bodies and wheels.

It was the best way to make bodies—then. But the state of the art has advanced.

Of course, it is more expensive to make an all-steel body than to make a wooden frame and nail steel panels on to it. The better way involves an initial expenditure of several millions of dollars for new dies, which renders a change very costly. Cars, especially large expensive cars which are produced in small volume, cannot afford this, because the dies cost as much for one car as for a million. That alone explains why all-steel bodies are not used in all cars.

But our basic policy from the beginning is to make a good car better, regardless of cost.

For example, when we discarded wood-steel body construction, it was not because we lacked wood. We still have some thousands of acres of the best hard wood in America. Economy would urge us to use up the wood first, and then adopt the better all-steel body. But we decided that quality was more important than expense.

We weighed the reasons, for and against, before we made the change. We could see only one reason for retaining a mixed wood-and-steel body—nailing the metal on, instead of welding an all-steel body into a strong one-piece whole. That reason was, it would be cheaper—for us.

Our reasons for adopting an all-steel body were these: A wood-steel body is not much stronger structurally than its wooden frame. In all American climates, wood construction weakens with age. Every used car lot gives evidence of this. Rain seeps in between joints and the wood decays. A car may have a metal surface, and yet not be of steel construction. Under extreme shock or stress the steel body remains intact—dented perhaps, but not crushed.

Steel does not need wood for strength or protection. Wood is fine for furniture, but not for the high speed vehicles of 1933.

In the Ford body there are no joints to squeak, no seams to crack or leak.

The all-steel body is more expensive—to us, but not to you. By all odds, then, steel bodies seem preferable.

Wheels also have become all-steel. No one argues that an electrically welded one-piece steel wheel, such as the Ford wheel, needs to be "strengthened" by adding wood to it.

The one-piece all-steel body is the strongest, safest, quietest, most durable body made. That is our only reason for making them.

FORTY-TWO PARTY HONORS MRS. MAC REED

Wednesday afternoon, Mrs. Mac Reed, former Courtney teacher, was the honoree at a delightful forty-two party at the home of Mrs. W. E. Hazlewood. Several tables engaged in the progressive games, at the conclusion of which a shower of gifts was presented to the surprised honoree.

Mrs. Hazlewood was assisted by Mrs. Jesse Angel, Mrs. Cliff Hazlewood and Mrs. Ode Hazlewood.

Refreshment plates of tea and cake were passed to the following ladies: The honoree, Mrs. Mac Reed, Mrs. J. R. Reed, Mrs. K. V. Ausmus of Austin; Mrs. W. W. Clements, Mrs. Henry Ringhoffer, Mrs. Chas. Decker, Mrs. J. W. Blocker, Mrs. T. B. Stewart, Sr., Mrs. E. H. Wood, Mrs. Gerrett Smith, Mrs. Finley Rhodes, Mrs. J. D. McClellan, Mrs. A. T. Angel, Mrs. Irvin Myrick, Mrs. Hanna Clements, Mrs. H. M. McReynolds, Mrs. T. B. Stewart, Jr., Mrs. Joe Stewart, Mrs. D. B. Stanley, Mrs. Tom Angel, Mrs. Sid Cross, and the hostesses.

BIRTHDAY SUPPER

Children, grand children and great grand children, gathered Wednesday evening to celebrate the 78th birthday of Mrs. Zelpha Ebbersol, Abilene and Stanton pioneer. The scene of the festivities this year was the ranch home of Mrs. O. C. Hazlewood, a granddaughter. An informal supper of fried chicken, et al, climaxing with a birthday cake and ice cream, was served on the lawn beneath the cottonwood trees.

"Mother" Ebbersol, as she is affectionately known by all, is full of pep and has more enthusiasm than many far younger. The celebration of her birthday has for years been a fixed institution, and it is hoped that next year will see a full family reunion with all the distant ones present. Those present this year were: Mr. and Mrs. Charles Ebbersol, Mr. and Mrs. John B. Collier, and Miss Johnnie B. Ebbersol, and Mrs. O. C. Hazlewood and Jimmie, and the guest of honor, Mrs. Ebbersol.
