SNOOTER KNOWS

LITTLE ABOUT EVERY THING AND NOT MUCH ABOUT ANYTHING

SPEAKING of editors who write something about that which they are not familiar, we had a subscriber this week ask us how we knew that 3.2 beer was or wasn't intoxication. Of course, he had the goods on us we had not sampled the amber fluid. From the way our interrogator looked at us over the admission, he took us for a dern good liar or that we preferred something stronger to drink.

THE COTTON PLOW-UP checks are now being received and from the amount noted, many counties will receive a far greater amount of cash than they would had the entire cotton crop been allowed to mature and harvested. Unfortunately, Martin county withstood the ravages of a total drought, and about \$15,000 is somewhere the total amount that will be paid by the government to the growers of the county, where about ten times that amount would have been received in normal times.

Along with the destruction of the cotton crop came the loss of the feed crop. While some other West Texas counties are enjoying the receipts from the government cotton plow-up campaign, and revenue from the balance of the cotton crop now be gathered, backed by the prospects of a good feed crop Martin county is left high and dry as to much fall business.

Just the same, the fact remains there is still money in the county seeking a point of contact with the merchant who will give the most goods for the dollar. That means the local merchant must get in the "harness" with his breast against the collar and get out after it. The right sort of advertising in his local newspaper will induce the dollar to come out of its hiding place.

But the thing most required in these times is for all of us not to tip the boat, sit steady and pull for the shore. We're out in deep water but not half so far from dry land as we are prone to allow ourselves to admit. We mustn't lose our grip. We can, if we allow our imagination to rule, make ourselves pass through a very uncomfortable atmosphere, likewise, our actions and our conversation, can go a long way to make other uncomfortable. The most of us were born crying but for what, we didn't know, neither did those responsible for bringing us into the world. Some of us have allowed this infant characteristic to follow us on up to the grown up age, and when least expected, we howl over matters with the idea that somebody will hush the cry by bringing us a lot of "pretties" on a silver platter. When we are given something, we want to be given more, until we, like a spoiled child, go off and sulk in a corner and cry until relief is administered. That sort of an attitude will not get us anywhere. What we need to do to battle a condition that now confronts us, to condition our internal machinery, "guts," if you please, to the point they will assimilate the food of hard knocks. The devil loves a calamity howler, and well he should, for us fellows going to heaven don't want him up there. Let's all work together and figure out some plan of action that will help our government lead its people out of this dilemma.

Organize ourselves into a body of progressive citizen, and go after the things that are needed and are waiting for us if only a united and spirited effort is made to get them. What is one fellow's business is nobody's business. Team work on the part of its citizens is what is needed in this town. No town in Texas is surrounded by a better farming and ranch country than Stanton. A territory abounds that is perfectly capable of supporting a town twice the size of Stanton, but there is something wrong that it doesn't get business that it should. Let's find out the reason and then get in the collar and go out to remedy it. One individual can't perform the task, neither can two, but the citizenship collectively, can restore business to the town that has been allowed to get away through some fault.

Stanton and Martin county needs the support of every individual in them. We need a citizenship that stands out boldly and fight for the

STANTON, MARTIN COUNTY, TEXAS FRIDAY, SEPTEMBER 29, 1933

NUMBER ONE

Baptist Revival To Start Sunday

With Rev. Dick O'Brien, Leading Meeting To Continue Two Weeks.

The revival at the Baptist church begins next Sunday, October 1, with services at 11:00 A. M., and 8 P. M., on Sunday and 10:00 A. M., and 8 P. M. during the week. The meeting will be continued for two weeks.

Rev. Dick O'Brien, who is to lead in the revival, is expected to arrive Monday, and will preach at the Monday evening service.

A supply of the latest published song books has been bought for use in the meeting, and all who sing are invited to cooperate with our choir in the song services.

A cordial invitation is extended to all to attend these services.

P. T. A. MEETING

The P. T. A. held its regular meeting Tuesday. There was a large number present. Every one is enthusiastic about enlarging the Grammar school library.

Mr. Stephenson reported the great success of the book contest being held between the grades.

A prize is to be given by the P. T. A. to the room having the most mothers present at the P. T. A. meetings.

After a short business meeting the following program was enjoyed:

Prayer, A. M. Limmer
Piano solo, Georgene Bullock
Talk on Foods, Mrs. Jones
Vocal solo, Mrs. Glazener.

LEAVING FOR CLOVIS, N. M.

Mr. and Mrs. L. H. Williamson, are leaving October 1 for Clovis, N. M., where he will operate a news stand. For several years Mr. Williamson had the City Tailors but owing to poor health sold his equipment to Pecos parties.

Mrs. Williamson has been with the First National Bank, serving that institution in various capacities.

They are a fine young couple and will make a valuable addition to the New Mexico town.

CLUB MET AT SCHOOL HOUSE

The Tarzan home demonstration club met at the school house Wednesday, Sept. 20. The subject was foundation patterns. Miss Miller, the agent, gave a very interesting lesson on this subject, how to fit patterns, placing them on materials, etc. She also brought along some very beautiful quilt patterns and designs for the benefit of those interested.

Mrs. Joe Wheeler will be the wardrobe demonstrator for this club. The club will meet again at the school house October 4, to continue pattern work. We are very anxious for every woman who can to attend these meetings and get the benefit of Miss Miller's lessons. This way sewing will be easier, and as we know, most of us try to do our own sewing. Those present were: Mmes. J. O. McMorris, Joe Wheeler, Floyd Morrison, W. A. Howard, A. J. Howard, J. A. Jones, Misses Hallie McNeerlin and Edna Springer.

Joe Hall and Guy Eiland made a trip Tuesday to Snyder. Mr. Eiland delivered some cars to his brother, Horace, who is the Ford dealer there.

best interests of all concerned. No friction or back-biting should be tolerated. No one should stoop to dealings that would destroy the good intentions or the good will of a neighbor. Though you may be a saint in your estimation, your neighbor may know better. Proving you are a saint is the master key that unlocks the treasure chest out of which bounds fidelity to your country and to humanity.

THE fact is certain, that no system of government can hope to avoid collapse without a sound financial system upon which to operate. Operating expenses for government are provided wholly through the taxpaying system. When that system fails there is only one thing that will take place and that is for all departments of government to "close up shop, in which event that means the stoppage of the wheels of progress in all lines of business.

To Lead Baptist Revival

REV. DICK O'BRIEN

THERE ARE OTHERS WHO HAVE THEIR TAX TROUBLES

Just what is to be the outcome of this taxing situation, no one knows, but most of us realize, that is something is not done to collect the delinquent taxes, there is a possibility that many public schools will be compelled to close, and the county officer may find he will have a hard time to get enough of his salary to pay his monthly grocery bill. But Martin county and the town of Stanton are not the only ones that have the delinquent tax paying proposition staring them in the face. Reading the following article from the pen of Harry Schwenker, as it appeared in his column "Sauce," in the Brady Standard, will enlighten Reporter readers who are smarting under the failure of some not to pay their taxes.

"Faced with the possibility of a 34%—the equivalent of a 38c—increase in the city tax rate, leading Brady citizens have at last become aroused to the danger, not to say rank injustice, of negligence in the matter of tax collections. To place a one-third heavier load upon those who do endeavor to pay their taxes, because a part of the citizenship fail or refuse to do their part, is not only the rankest sort of an injustice—but it risks the danger of a complete breakdown of the city's financial structure.

"Already leading citizens are saying that they will refuse further to pay taxes unless and until the city takes determined steps to collect such taxes as are already long past due. Such a stand, while radical in the extreme and dangerous to the city's welfare, nevertheless is, in a measure, justified by the rank inequalities of our present, or rather past, methods of municipal financing.

"The proposed increase in city tax rate is threatened by reason of necessity of balancing the city budget. But it does look like it is getting the cart before the horse, when the effort to balance the budget strikes at the taxpayer instead of the tax-dodger. Be it said that 99% or better of the taxpayers discharge their duties of citizenship at no small sacrifice to themselves and their families.

"More than one has borrowed money from the banks at 10% to pay his taxes, rather than permit some to go delinquent. Not a one but what could use the tax money to good advantage in paying other debts, for pleasures or in making profitable investment. So, it goes without saying, that the tax burden must be equally distributed. From time immemorial people have "groaned" beneath the burden of taxes. What they should do is growl—and, if necessary, bite—the wilful tax-dodgers. That would be far more effective.

"Brady is not alone in its tax problems. Neighbor Brownwood has 'em, too. In Wednesday's Brownwood Bulletin is an announcement that the city dads there have ordered suits brought for collection of delinquent taxes up to and including 1930—suits to be filed after 30 days' notice has been given delinquent tax payers. There, as in Brady, "taxes must be collected in order for the city government to operate longer."

"More than that the Brownwood city officials aver that the threat to bring suit for collection of delinquent taxes is not a bluff, but that they will push the cases to trial, if taxes are not paid by those who can afford to pay and have not done so. "That reminds of the action taken

THEY ALL ADVERTISE

By Ellis Hayes
A hen is not supposed to have Much common sense or tact, Yet every time she lays an egg She cackles forth the fact.

A rooster hasn't got a lot Of intelligence to show, But none the less most roosters have Enough good sense to crow.

The mule, the most despised of beasts, Has a persistent way, Of letting folks know he's around By his insistent bray.

The busy little bees they buzz, Bulls bellow and cows moo, The watchdog barks, the ganders quack, And doves and pigeons coo.

The peacock spreads his tail and squawks, Pigs squeal and robins sing, And even serpents know enough To hiss before they sting.

But man, the greatest masterpiece That nature could devise, Will often stop and hesitate Before he'll advertise.

LENORAH H. D. C. MEETS

The Lenorah Home Demonstration Club met at Mrs. L. C. Foreman's home Monday afternoon. The demonstration, which was on pattern foundation making, was very interesting. Those present were: Miss Miller, Mrs. G. Gregg, Mrs. J. G. Sprawls, Mrs. C. Winters, Mrs. Edwards and Mozelle, Mrs. Branton and Eudelle, Birdie and Ruth Beene, Mrs. Gotcher, Mrs. L. C. Foreman, and Mrs. B. B. Foreman.

A watermelon feast was enjoyed by all at the close of the meeting. The next meeting will be at the home of Mrs. Jim Webb, Oct. 2.

MUSIC BY MISS DEAVENPORT

El Club Semarorit de Castura of the O. L. M. Academy, met September 22. While the girls served, music was rendered by Winifred Deavenport. All the members enjoyed the afternoon. Margaret Straub and Peggy Henderson were the only members absent.—Reporter.

by the city of Paris, Texas, some few months ago. The situation there had also become desperate. The city council said that delinquent taxes must be paid; where the delinquent was unable to make payment in full at once, he was privileged to sign a contract to pay his delinquent taxes on the installment plan. Since the city can, under the law, bring suit against any property owner whose taxes are delinquent, and force sale of the property for taxes, most delinquents were speedily in the notion of signing agreements to clear up their delinquent tax accounts. Texas homestead laws do not prevent foreclosure of tax liens, it is said.

"As a result of the determined stand of the city council of Paris, more than 100 citizens had signed agreements at the end of a week's time. Out of the 100, 85 totaled \$28,040 in delinquent taxes.

"In Dallas, city officials took another tack. In order to bring to the attention of the prompt tax payer the realization that it is the delinquent tax payer who keeps the tax rate from being reduced, the council opened to public review the delinquent tax rolls, so that everyone might readily see who among his fellow citizens might not be paying taxes.

"Be that as it may, what is true of city tax delinquencies, it no less true of county and state delinquencies and, in lesser degree, of school tax delinquencies. For one thing, more serious effort is made to collect school taxes; for another, the citizenship appears to be more inclined to pay school taxes than any other; we must support our schools, appears the unwritten code.

"It will, indeed, be a happy day when taxes are collected equally and impartially and without fear or favor. That day may never come; if not, then sooner, and not later, the present system of taxation must be thrown into the discard and a more just and equitable system worked out."

FAIR COMMITTEES APPOINTED MEETING

H. D. C. SATURDAY

NOMINATING COMMITTEE APPOINTED AND INSTRUCTED TO SUBMIT BALLOT TO BE VOTED ON AT NOVEMBER COUNCIL.

The following members of the fair committee were appointed at the meeting Saturday afternoon of the County Home Demonstration Council. Mrs. W. A. Kaderli, acting chairman named the following committees:

General Chairman, Mrs. O. W. Flanagan, Courtney; Assistant Chairman, Mrs. H. M. McReynolds, Courtney;

Departmental Chairmen: Butter and Eggs—Mrs. Steve Church, Stanton; Assistant, Mrs. Claude Minters, Lenorah.

Baking—Mrs. Milt Yater, Stanton. Canning—Mrs. C. Gray, Stanton; Assistant, Mrs. J. O. McMorris.

Clothing Mrs. Claude Williams, Stanton.

Fruits—Mrs. S. P. Myrick, Courtney; Assistant, Mrs. J. C. Collins, Pleasant Valley; Miss Katie Scott, Pleasant Valley.

Fresh Vegetables—Mrs. L. A. Yater, Courtney.

Nominating Committee

Mrs. Joe Stewart, Mrs. B. Foreman and Mrs. J. O. McMorris, were appointed to serve as a nominating committee to submit a ballot for Council officers for next year. The ballot is to be read at the October Council and voted upon at the November Council.

A school lunch demonstration was given by the agent. A hot dish, a meat or meat substitute sandwich a fruit or vegetable sandwich, a fruit and a sweet if needed, was the guide for lunch menu making.

Brown Women Meet

Fifteen women of the Brown community met at the home of Mrs. Elmer Miller, Friday afternoon for a cheese demonstration given by Miss Myrtle Miller, home demonstration agent.

A beef cutting and canning demonstration will be held at the home of Mr. and Mrs. Doyle Davis in October.

Wardrobe Demonstrators

4-H Wardrobe Demonstrators enrolled in Martin county to do clothing work under the supervision of Miss Myrtle Miller. They are: Mrs. Wheeler, Tarzan; Mrs. B. Foreman, Lenorah; Mrs. S. P. Myrick, Courtney; Mrs. Lee Eubanks, Stanton.

The demonstration consists of planning clothing according to one's needs, keeping a record of the expenditure for clothing, making a foundation pattern and making a dress for the county clothing contest.

After a member has been a class one demonstrator she may enter class two.

For clothes to look their best, they must be taken care of when not in use. Often boards to make an adequate closet can be found around the place.

Goals For Cooperators

Cooperators are all members except the demonstrators. They may do all or two or more units of the demonstration. Martin county cooperators are keeping clothing accounts for one goal. Another is to make a dress for a county clothing contest by a foundation pattern.

Foundation patterns were begun last week for Mrs. C. L. Eckert, Mrs. B. Foreman, Mrs. Lee Eubanks and Mrs. J. R. Wheeler. The accounts are kept for the entire family.

"What a pleasure," said a wardrobe demonstrator, "my clothing is all in good condition; the snaps, buttons, etc, have been sewed on and the tears mended. I have my cleaning and pressing done."

Putting all clothes in good condition is one of the first things done in a wardrobe demonstration. After an inventory has been made, clothing needed and things to be purchased are listed. The wise demonstrator studies color line and construction so that she may have a more harmonious and economical wardrobe.

Mr. and Mrs. Geo. T. Spears, of Graham, were here a few minutes Wednesday morning.

SPORTS

BY OFFSIDE

There is a question as to how often this column under the present "factor de totum," for the simple reason he has been given his first trial at writing a sports column, and after reading this slush the managing editor may wish to not have the columns of his paper cluttered up in any such way. From the task we have had trying to set up this column we don't care if we are fired. We have concluded anyway, that if we are to retain our membership and abide by the NRA code of hours a day, we will have to resign. In the first place the hired man of this column is not a sport. To be a sport one must wear a flashy tie, a snowy white shirt with color "high, wide and handsome" wear a gaudy colored low cut shoes and sox rolled down, part his hair in the middle, go bareheaded, drink 3.2 and like it, crash the gate to the sport field as the officials don't recognize a sports writer from the bush league, and be capable of so conducting himself as to elicit the plaudits from the girls in the pep squad, etc. Our attire consists mainly of overalls, and darned glad that Dame Fortune smiled on us to the extent we have a pair to wear. There is just one article we haven't that might allow us to partly qualify as a sports writer and that is a hat. The straw we have been wearing for the past three summers came to its demise a few days ago by losing its crown while the rim went as food for our neighbor's billy goat. There is not a spark of sporty class in this guy. He has had every opportunity to qualify as such. He has had an outstanding example parading before his eyes the past three years in the shape of R. C. Hankins, the sports writer de luxe of the Midland Reporter-Telegram. We have endeavored to do everything Hankins did except snore in our sleep, and this we refused to do, but many football season watching him cavort around on the sidelines we have found to our satisfaction there is only one fellow like him in the United States and that's himself. You can't make any thing else out of him.

There are all sorts of rumors in the air about our Buffalo squad this season. One is that the cleat foots will turn out to good brand of football as they did last year. Another is that owing to the scant few substitutes, there is little chance for the regulars to go far in winning unless they are made of iron and can stand the punishment administered from the start mor is that the regulars hving five "green" men to support them, the to the finish of the game. Another "greenies" are all likely to ascend in the air in a stiff contest and not get back to earth until the whistle sounds on last quarter.

Of course, these rumors are broadcast from fellows who have graduated from that school that has for its motto: "Crossing bridges before you watched the practice games of the Buffaloes lately, and who is not inclined to support the pessimistic theory reports from his observation the local squad is going to deal out gobs of misery to opponents in their class, beginning with the very first game.

Couch Hyde tucks his head and looks down at the ground when he is asked about the winning chances for his team this year. He admits he has five green men on the regular squad, but as to giving out reliable information as what may be expected of the team in a close pinch he points to the sun as if to remark, "are you able to inform me if that great ball of fire is liable to leave its orbit any time soon?"

It's a far cry to the first scheduled game the Buffaloes will participate in See SPORTS page 4

DON'T misjudge the Kellys — not all are machine gun tooters.

THE fellows who knock the "il" out of Kelly, stands a good chance to get the \$10,000 reward.

WE note from the Midland Reporter Telegram that our good friend R. C. Hankins, one of the principal dopsters on that progressive daily, has been selected head of a dog beauty contest, or something of the kind. Next to judging a baby beauty contest the hazards attached to selecting the most beautiful dog are almost as great. Some ladies seem to be more concerned over the welfare of a monkey-faced dog than a bright-eyed bounding baby. As matters now stand Hankins has a handsome "soot" of hair growing on the top of his head, and in our judgment after the dog contest he will be searching the barbershops in search for the brand of tonic that would be the most likely to restore hair on a "hawled" head.

FRANK SHEARER, until recently, editor of the Menard Messenger, has accepted the same position with the Graham Leader, one of the best weekly newspapers in North Texas. It being so, comes from the fact that the paper is published in one of the most progressive West Texas towns. His baptism into wielding the editorial tripod of the Leader was to issue a 36-page special edition announcing the opening of the Young county fair. Over the line in Throckmorton county the week following, Phil Luker, a hustling young news paper man of the Throckmorton Tribune, issue a 20-page edition, carrying heaps of large advertisements, and a number of small ones for that matter, with a liberal amount of reading matter, announcing the opening of the Throckmorton county fair. The editions mirrored the degree of prosperity both counties were enjoying, as well as leading the average country newspaper man to think that the financial status of both of the publications were greatly benefited by the undertaking. The Young county fair has grown to be recognized as one of the foremost projects of its kind in West Texas. Closely following the Young county exposition, next in importance to that section of the state is that of the Throckmorton county fair.

These counties suffered less from the drouth than most West Texas counties, thus they are enjoying a degree of prosperity at this time from harvesting good crops, as well as realizing handsome revenue from oil. Also no mean amount of money is being realized from the cotton plow-up campaign. Aside from this Throckmorton and Young counties have leaders that participate aggressively in affairs which are most valuable cogwheels in the machinery of progressive movements, and nothing short of an extreme calamity can hinder their plans of marching forward. These two counties joined together by boundary line, the citizenships co-operate in all movements that might benefit either county. They co-operate by sending large delegations from the town and county to their fairs and other undertakings where cooperation is desired.

IT IS NOW more important than ever that the town of Stanton and the county of Martin bring to bear every pressure to provide projects that will furnish employment for the many who will be without any means with which to purchase the very necessities of life, owing to the fact that a total drouth has destroyed every facility looking to that end. The method to

provide this relief for the people of Martin county is rather a mammoth undertaking, and one that will require considerable time and study. At best, it will require sometime because of the red tape that must be followed before these projects can be converted into real working condition. The parties that have these proposed projects in hand, are leaving no stones unturned to land them. Taking into consideration the numerous projects that are being asked for by the thousands of towns and communities in Texas, it seems the progress made on local projects, is moving along slowly.

FROM recent developments observed in the sale of 3.2 beer, it is going to require the services of the legal department of the State of Texas, and possibly the courts, to solve it. At the August 26 election, Lamb and Haskell counties voted dry, but there were certain precincts in each county that voted wet. Last week Littlefield in Lamb county, held an election and it went wet, as did also the election that was held in one precinct of Haskell county. Littlefield immediately opened business and went to selling beer to the public. The precinct in Haskell county that voted wet is six miles south of the town of Haskell. The Attorney General's department has ruled where a county voted to retain local option no certain precinct could vote on the proposition to sell beer. The outcome of this situation will be watched with interest by counties that voted dry, yet contained precincts that went wet.

THERE can be no question but that the sheep and goat men of Southwest Texas are getting their play. Wool from the sheep backs has been bringing the highest price in years, and lately, the price of mohair has formed the apron strings to the Old Woman who is at work wiping the cobwebs off the moon. From 45c to 55c per pound, is the price being paid for mohair and millions of pounds of it has gone into the hands of the wool buyers the past week in the San Angelo sector. Not long ago kids were given away to provide meat for the needy, they were so cheap. Now the hair off their backs will bring from \$2.00 to \$5.00 a kid.

UNLESS the fellow knows exactly where he is going and is assured of something to do when he gets there, he is making a foolish move when he leaves Martin county. Going into foreign fields he is a stranger in a strange country, and his chances of getting by are exceedingly slim. Here he is among friends, and a West Texas friend is one that will share his last crumb with a friend in need. The seasoned West Texan is a "chip off the old block" that blazed the way for civilization in this country, and he has the guts to expectorate in the face of every calamity that may come along. He knows that a country settled with a citizenship of that sort will not be downed. When the time arrives for him to yell calf rope that will be when Gabriel blows his horn, it will be in a time of depression or a drouth that will cause him to take tail and scamper to the tall and uncut timber for refuge.

DEPUTY STATE SUPT. VISITS STANTON SCHOOLS

A. M. LIMMER, Supt.

The new organization in the State Department of Education, under the administration of our new state superintendent Dr. L. A. Woods, calls for the placement of deputy superintendents instead of the state supervisors as formerly prevailed. This approximately one such deputy superintendent for each senatorial district. J. T. Bickley is the deputy superintendent for the district comprising Martin and several other extreme southwest Texas counties. Mr. Bickley paid the Martin county schools his first visit last Thursday and Friday, spending a great portion of the time looking into the situation as exists in the Stanton Independent School District.

The function of these deputy superintendents will be to make more frequent visits to the schools, and be available for administrative, instructional and even legal advice where the matter at hand is not sufficiently technical to require expert interpretation.

While here Mr. Bickley met with the school board delivering a timely as well as interesting talk along general school board procedure.

A few of the recommendations offered are:

1. That a course of study be prepared by the superintendent, for a two year period disregarding the subjects formerly taught and based on the needs of the boys and girls of the Stanton Independent School District.
2. That if his suggestions were carried out Stanton could in all probability regain the former standing as a first class accredited high school.
3. That teachers be paid with regularly prepared vouchers, drawn against specific funds, and paid according to number of issue.
4. That the general school law be

strictly obeyed in that each year's receipts must take care of each year's expenditures except, of course a surplus or positive balance prevails, in which case the funds may be used to defray any school expense.

5. That in case 75 per cent of the taxes are collected this year, the Stanton Independent School District may receive state aid approximating \$2,000.

It would appear that these suggestions are worth while, not unreasonable, and should be enthusiastically received by the school board and citizens similarly interested.

BUFFALO BELLOWS

LLOYD BREWER, EDITOR

An assembly in the study hall at 9:00 o'clock Friday morning, Sept. 22, brought to Lloyd Brewer the office of editor-in-chief of the Stanton high school news under the name, "BUFFALO BELLOWS." Two opponents, Wayne Vaughn and Jiggs Hall, were defeated by eight votes.

Sammie Houston was elected Sports Reporter for the boys of the Stanton high school, and Tommie Shelburne, elected sports writer for the girls.

The question arose among the reporters as to just how much salary they were going to draw per month. All the answers were: "Wait and see." So are we.

YELL LEADER ELECTED

The whole student body of Stanton High School met in the study hall Monday morning, Sept. 25, at 9:00 o'clock to elect yell leaders. Louise Whitson, Lela Rath Eidson and Louise Rogers were nominated. After a close race, Louise Rogers was elected. She made a nice talk to the student body, pledging her support to the Buffaloes. Sammie Houston and Norman Orr were nominated for the other yell leader. Norman Orr was elected, and he too, expressed his belief that we should have lots of pep and a good foot ball team this year.

GIRLS SPORTS

The girls of Stanton high school met Sept. 11 for the purpose of organizing their Physical Education program.

Miss Robertson, the sponsor, took charge and the girls elected three group leaders: Louise Rogers, leader of Group 1, Willabeth Bloomer, leader of Group 2 and Eleanor Houston, leader of Group 3. After these leaders were elected, they were allowed to choose the girls whom they wanted in their respective groups.

A volley ball club was then organized. The school has purchased two volley balls and a court has been fixed ready for use.

Organization of a tennis club and several others have been planned. The tennis club will perfect its organization as soon as equipment can be obtained.

-B-B-

H. E. GIRLS SERVE LUNCHEON

Mr. J. T. H. Bickley, our deputy superintendent, visited the Stanton school Thursday afternoon and Friday morning at assembly he made a very interesting talk and at noon the Home Economics II girls served luncheon in his honor. The menu consisted of:

- Potatoes
- Peas
- Hot Rolls
- Fruit Salad
- Ice Cream
- Cake
- Gravy
- Tomatoes

Those present besides Mr. Bickley were: Mr. A. M. Limmer, of Stanton Schools; Mr. John Poe, president of Stanton School Board; Mrs. Morgan, Hall, president of P. T. A.; Mrs. W. C. Glazener, principal Stanton High School; Mr. W. V. Stephenson, principal Stanton Grammar School.

-B-B-

The Home Economics III class is studying about the Family and Community Relationship. We are interested in learning:

1. To share in the responsibility of the family in order to create and maintain a happy home atmosphere.
 2. The right use of leisure time in the family.
 3. The problems affecting the staphappy and successful home.
 4. The relation of the choice of a happy and successful home.
 5. The place of the family in the community and the contribution of the community to family life.
 6. The effect in family life of legislation relating to the home.
- Each girl is interested in improving herself and is working toward the

deal which is to:

1. Become a satisfactory member of the family.
2. Have a happy and successful family life.
3. Have a home in which leisure time is used to promote the best development of each individual.
4. Become a desirable citizen.
5. Make one's home render the greatest service in the community.

Friday evening when the third year Home Economics class reached the Home room "dirty dishes" were scattered all over the room. We all went in with long faces for we knew that we would have to wash them. When all were seated Mrs. Jones said: "Would you girls like to have some ice cream and cake?" so we began to get our bowls and spoons. We washed the dishes, sinks and swept the floors, then it didn't look like the same room. After we finished cleaning up we discussed the desirable characteristics for a future husband. Here are some of the things that Leona and Allene said that they wanted their husband to have:

Cheerful, honesty, mannerly, loyalty, respectable, good natured, truthful, kind and considerate, patience, agreeable, cooperative, economical, good sport, respect rights of others, ability to provide an income, mentally and

physically healthy, companionable dependable.

Boys take notice!

-B-B-

All except three of the freshman girls are taking Home Economics. The first thing we studied was about

health and health habits that will make us more attractive. We studied foods which our bodies needed and things which influence different food requirements. We have taken up a study of breakfasts—different types of food served for the breakfast and adequate breakfast.

Better Light--- Better Sight

New Style Lamps New Low Prices

Floor and Bridge Type Reflector Lamps...
Here is the ideal lamp for the home. Both indirect lighting and the conventional floor lamp, combined into one attractive lamp. See these lamps at our store.

\$8.45 Convenient Terms

Torchier Reflector Lamps...
This indirect reflector lamp is the same as the lamp above, without the shade and the small bracket lamps. Either of these lamps gives perfect indirect illumination and throws out an even, diffused and shadowless light that is restful on the eyes. This lamp is just the thing for bridge playing and reading.

WHAT IS A MINOR ILL

Minor ills are supposed to be those which may cause inconvenience or discomfort but which offer little or no menace to life. But since any little ill may—and sometimes does—lead to more dangerous conditions or complications—who is to say it is a "minor" ill? Evidently a minor ill is simply one which is kept from developing into a major one. That is why you should call your physician promptly whenever illness occurs, regardless of how slight you may consider it to be.

J. L. HALL, THE DRUGGIST

Methodist Church Notes

W. B. VAUGHN, Pastor

Last Sunday was promotion day and the program was given by the Nursery, Beginner, Primary, and Junior departments. It was a good program and all enjoyed it. Next Sunday begins the new year with Sunday school. Suppose we all take a new start and be on hand at 9:45. There will be a class for every one, all are invited.

The pastor will preach at 11 A. M. There will be no services at night on account of the Baptist revival.

The Fourth Quarterly Conference was held at the close of the church service Sunday night. Dr. Clark was present and preached a good sermon. The reports for the Conference were very good considering the conditions.

The pastor will go to Roscoe next week to teach in a Standard Training school. The school will begin Sunday afternoon and close Friday night.

The Board of Christian Education met last Wednesday night and elected the officers and members of the Sunday school for the next year. These will be announced next Sunday.

IMPORTANT NOTICE

Those having county franchises, or know they are please bring them in. They are needed badly on relief work. Notify W. M. Henson, or the County Judge.

B. H. CLUB PLANNING A PLAY

The B. H. club of the O. L. M. Academy met September 21 to plan their work for the coming year.

The play agreed upon was the "Birthday Cake," a comedy of two acts. The characters are as follows:

Mrs. Cora Palmer—Wifred E. Davenport.
Mrs. Ruth Eldridge—Velma Nichols.

Miss Evelyn Sutter—Margaret St. John.
Bea—Laid.
Dora—Catherine—Chloe Lewis.

The play will be given Oct. 12, at 7:15 P. M.—Reporter

SPENDING IS SAVING NOW

There is a way in which you obtain the largest possible return for a dollar's worth. The way is to spend that dollar at a time when it will bring the most.

We have had a number of years of extreme depression. Prices have dropped to unreasonably low levels. Buying power has been close to non-existent. There was money in the country—but persons who had surplus were afraid to spend. They went without needed articles in order to keep their savings intact. They permitted property to fall into costly disrepair.

If they pursue that timid policy any longer, they are going to be literally out of luck. That hoarded money is going down in value now. The worth of the dollar depends entirely on what it will buy. Six months from now it will buy much less than it will buy today. In other words, if you keep money in a non-productive state at present it amounts to throwing a certain percentage of it away.

You can get maximum value from your money only by putting it into use. There was never a better time to install a new heating plant, to re-

pair or replace a roof, to build or rebuild, to paint, to subscribe for the Reporter, or place an advertisement in its columns, not only that it will keep your home paper going, but it will enlighten you as to what is happening in your community, and assist in bringing back the lost dollars now going to other towns, because the merchant has failed to advise the people what he had to sell.

Every dollar so spent will appreciate in value—what it buys will, in a very short time, have a market value much in excess of what you paid.

Think it over! True saving now is through spending.

COURTNEY LAND ENTERS HAND MADE TOWEL IN CONTEST

Mrs. Henry Ringhoffer, home demonstration club member of Courtney, entered a hand made towel, a plain and a decorated pillow case and a dresser scarf in the Home Demonstration Department of the Tri-State Fair, Amarillo. From Amarillo the articles will be entered in the same department at the State Fair, Dallas, Oct. 7-22. Entries will also be made from Midland county, according to Miss Myrtle Miller, County Home Demonstration Agent.

YOUNG PEOPLE ORGANIZE A SOCIAL CLUB

A group of Stanton young people met Friday night at the home of Miss Emma Jean Bassett, organized a social club. This club is to meet once a week, and one night a month is to be devoted to the club's business.

Officers were elected as follows: Leslie Hall, president; Emma Jean Bassett, vice-president; Daris Thompson, secretary-treasurer.

A committee was appointed to draft rules and regulations for the club to conform with, which will be submitted to the members of the club at the next meeting. Another committee was appointed to plan the entertainment for the club for a month.

A name for the club has not yet been selected, but each member is to bring in some name at the next meeting, and name will be chosen from the names by popular vote.

A MAD FLIGHT

Lorraine might be considered "dead," she has no appointments of any kind, she has no credit, she does not invite business. So, as the readers of her newspaper are concerned she has no bank, no hardware store, no shoe repair shop, no drug store, no blacksmith, no garage, one filling station, one dry goods store, and two grocery stores.

She really has more business places, but so far as the general public, the reading public if you please, is concerned, they do not exist. A look into the mirror which records the happenings of the community each week will convince anybody Lorraine is "dead."—Mitchell County News.

Brother! Your paper is not the only newspaper suffering for the want of advertising from its local merchants. Unless there is a spirited change hits the business man, the small towns will be few and far between, gobbled up by neighboring towns that employ thrift and co-operation as they go along.

From the spirit of progress manifested by the citizens of some towns they would delight in seeing it revert back to the Indians.

MERRICK

Mr. and Mrs. S. F. Goolsby are visiting in Coahoma this week.

Mr. and Mrs. S. E. Thames are home from a two months stay in South Texas.

Gordon Tunnel brought Mrs. Tunnel home from the sanatorium this past Saturday. She is improving rapidly.

Mr. and Mrs. Jordan Johnston were dinner guests Sunday of Mr. and Mrs. J. W. Hayworth.

Mr. and Mrs. Clarence Storey and little daughter Mary Prudie, visited in Anton, the past week end.

Mr. and Mrs. Bob Monroe and Mr. and Mrs. Joe Monroe, were guests Sunday afternoon of Mr. and Mrs. G. Tunnel.

Mr. and Mrs. J. M. Witten were Big Spring visitors Saturday. C. E. Storey was a Lamesa visitor Monday.

Mr. and Mrs. L. E. Rose carried Mr. and Mrs. June McNew and little son, Gregory, to Bula, west of Littlefield, Saturday, where the McNews will visit with her mother for a month.

Misses Ola and Lois Fields went to Roscoe last week where they will stay for the next few weeks.

J. W. Hayworth was in Stanton on business, Tuesday.

Mr. and Mrs. J. G. Thames took dinner Sunday with their daughter, Mrs. Andrew Pirke.

Mrs. D. D. Griffin and daughter, Mrs. L. E. Rose, were visitors Sunday in the homes of Mr. and Mrs. R. L. Fields and Mr. and Mrs. A. J. Pickle.

Banks Make Best Record

Among the loans of \$2,819,000,000 made by the Federal Government through the Reconstruction Finance Corporation, the highest percentage of repayments, official reports show, has been made by the banks, indicating the return of stability as the chief unsettling element of public fear has been lifted from them.

The Reconstruction Finance Corporation has authorized cash advances, fully secured, in the amount of \$275,000,000 to banks, for use in making loans to business concerns in a number of states.

The amount of \$275,000,000 is to be distributed in the following manner: \$100,000,000 to banks in the following states: Ala., Ark., Cal., Colo., Ill., Ind., Iowa, Kan., Ky., La., Mich., Minn., Mo., N. Dak., N. Mex., N. Y., Pa., S. Dak., Tex., Va., W. Va., and Wis.

WHEAT BARLEY AND OATS FOR SALE

Also cotton seed, meal, cake, hulls and bundle feed. Cecil Hamilton, Stanton, Texas.

SPORTS—
(continued from page 1)

—October 14, with Lamesa. Here is an aggregation of ball toters that carry the reputation of "chewing up their adversaries a live and spitting 'em out in shoe strings" without so much as shedding a tear of sympathy for the lashing punishment they gave.

Following this game, on October 21, hardly time enough the Buffs to recover from injuries they may have sustained in the conflict with the Dawson county squad, comes the game with Wink Wildcats. That town in the county out where the west of Texas ends, where it is said they feed their football players on cactus juice and wash it down with crude oil direct from the many Winkler county oil wells. It has been said of the Wink squad they have mastered the art of pronisiously laying pop bottles against the heads of guys who don't interpret the football code as they. Buffaloes have bared their breasts to the Wildcats on more than one occasion and they never so much cheeped defiance. They were a fine bunch, and this squibbler predicts that there will nothing more come from this game than the local squad walking off with the heavy end of the score.

One week from the Wink game the Buffaloes will clash with the Pecos Eagles, an array of football players, if we are to take the word of the sport writer on the Pecos Enterprise worth a whoop, that will crowd the winning team of this district, (the Buffaloes).

Why Liquid Laxatives are Back in Favor

Why Liquid Laxatives are Back in Favor

The public is fast returning to the use of liquid laxatives. People have learned that the properly prepared liquid laxative will bring perfect movement without any discomfort at the time, or after.

The dose of a liquid laxative can be varied to suit the needs of the individual. The action can thus be regulated. A child is easily given the right dose. And mild liquid laxatives do not irritate the kidneys.

Doctors are generally agreed that senna is the best laxative for everybody. Senna is a natural laxative. It does not strain the system like the cathartics that leave you so thirsty. Dr. Caldwell's Syrup Pepsin is a liquid laxative which relies on senna for its laxative action. It has the average person's bowels as regular as clockwork in a few weeks' time.

You can always get Dr. Caldwell's Syrup Pepsin at any drugstore, ready for use. Member N. R. A.

SHERIFF'S SALE

THE STATE OF TEXAS
County of Martin

Notice is hereby given that by virtue of a certain Order of sale issued out of the Honorable District Court of Martin County, on the 5th day of September, 1933, by District Clerk of said Court for the sum of Six Thousand and Forty-Four (\$6,044.00) No. 100 Dollars and costs of suit, under a Judgment in favor of G. T. Hall, in a certain cause in said Court, No. 1261 styled G. T. Hall vs. J. T. Allred, placed in my hands for service, I, Milt Yater, as Sheriff of Martin County, Texas, did, on the 6th day of September, 1933, levy on certain Real Estate, situated in Martin County, Texas, described as follows, to-wit:

Southwest 1/4 of Section No. Fourteen (14), Block No. 37, Tsp. 2, North Certificate No. 2880 T&P RY. Co. Survey, Martin County, Texas, and levied upon as the property of J. T. Allred, and that on the first Tuesday of October, 1933, the same being the 3rd day of the month, at the Court door of Martin County, in the Town of Stanton, Texas, between the hours of 10 A. M., and 4 P. M., by virtue of said levy and said Order of Sale, I will offer for sale and sell at public vendue, for cash, to the highest bidder, all the right, title and interest of the said J. T. Allred in and to said property.

Witness my hand, this 6th day of September, 1933.
