BY MRS. DELBERT LEFEVRE

Mrs. Lois Young is a patient at the Stamford Hospital recovering from surgery last week.

Mr. and Mrs. B. Kupatt of Fredericksburg, former residents of this community for many years, were back here last week visiting with Mr. and Mrs. Fred Kupatt and children and Mr. and Mrs. J. D. Kupatt and children of Rule, and old friends.

Guests in the A. C. Kniping home last week were: Mr. and Mrs. J. B. Tney of West Columbia, Mrs. Lois Kniping and Mrs. Bill Askew and daughters, who have been teaching in West Columbia.

The Golden Age Club of St. Paul's Lutheran Church met in the home of Mr. and Mrs. Herman Klose near Stamford on Sunday afternoon. The mem-

bers present were: Henry Hagemeyer, Frank Lowack, Mr. and Mrs. C. C. Bredthauer, Mrs. Emma Gerloff and Mrs. William Kniping. Others present were: Mr. and Mrs. Will Stegemoller and Mr. and Mrs. Bernard Letz of Old Glory. Mr. and Mrs. Alvin Ulmer are the proud grandparents of their first grandson, born to Mr. and Mrs. Winston Ulmer in Odessa Saturday night, June 23. The baby makes the fifth generation in the Ulmer family. Mrs. D. A. Ulmer of Hamilton is the great-grandmother, and Mrs. Maud Hanson of Stamford is the great-great-grandmother.

Texas livestock production includes beef cattle, dairy cattle, hogs, sheep, angora goats, horses and mules.

## Haskell Airman Reassigned to Dyess AFB

Sheppard AFB, Texas—Airman Third Class Johnny L. Mills of Haskell is being reassigned to Dyess AFB, Texas, following his graduation from the United States Air Force technical training course for jet aircraft mechanics here.

Airman Mills was trained to maintain and service jet aircraft and aircraft systems. The airman, son of Mr. and Mrs. J. W. Mills, 1108 N. Ave. L, Haskell, is a graduate of Fort Sulphur (La.) High School. He entered the service in January, 1962.

## Diane Reid Will Help Produce NTSU Play

Denton—Diane Reid of Rochester is a member of the publicity and props crews for Glenn Hughes' "On the Side of the Angels" which will be presented by the University Players at North Texas State University July 10 and 11.

A junior speech and drama major, Miss Reid is the daughter of Mr. and Mrs. W. M. Reid, Route 1, Rochester. She is a member of Alpha Phi social sorority, Angel Flight, honorary club for women interested in the Air Force and its activities; and was a vassity cheerleader for 1961-62.

## Crop Residues Help Retard Moisture Loss

A good rain is not only measured in inches or parts of inches, but in its dollars and cents value to the farmer. Especially is this so at this time of year when farmers and ranchers need soil moisture for seed sprouting and plant growth. According to Harry G. Koehler, Conservation Aid, Soil Conservation Service, Haskell, the practice of leaving crop residues on or near the surface of the soil by using chisel or sweep-type tillage implements will greatly retard the loss of moisture through evaporation. The growing of grasses and legumes conditions the soil and improves moisture intake and fertility. This fact is evident from fields which were in grass several years under the Soil Bank Program. This will be recognized during dry seasons.

Terrace construction, like the bear in winter, has gone into hibernation until wheat harvest is over. J. W. Howeth and C. A. Thomas Jr. of Haskell and Herman Gammill of Rochester has recently completed terrace systems. Eddie Sanders of Weinert constructed a farm pond for livestock water.

Soil Conservation Service Technicians at the Haskell Work Unit assisted Buford Cox, Albert Hannz, Jack Chapman, Moreland Glass, Norman Nanny, Clyde Bland, Jimmy Turner, Nord Boone and Dave Persons, cooperator with the California Creek Soil Conservation District to revise their conservation plans. These revisions included the improvement of sound cropping and grazing systems, and the addition of the recently released soil survey. Fred Brown, Adolph Stull, Clyde Mayfield, Mansford Reid, Billy Joe Robertson, Milton Christian, J. W. Wallace and Henry Harris co-operating with the Wichita-Brazos Soil Conservation District have revised their Conservation Plans.

Glenn Cadell of Weinert and Mansford Reid of Rochester were assisted in developing new conservation plans in the Wichita-Brazos District. W. A. Gann of Rule, J. L. Cameron and Nord Boone of Haskell, and Joe Patterson of Albany have new conservation plans in the California Creek District.

The Texas legislature consists of a Senate of 31 members and a House of 130 members. It meets on the second Tuesday in January of odd-numbered years.

### Jas. R. Griffith At ROTC Summer Camp, Fort Sill

Cadet James R. Griffith of Texas A&M College, son of Mr. and Mrs. Willie B. Griffith, Rt. 3, Haskell, has commenced his second week of intensive Infantry training at the 1962 GMS ROTC Summer Camp held at the US Army Artillery and Missile Center, Fort Sill, Okla.

The ROTC program produces approximately 14,000 officers annually and is the primary source of officers for the Active Army and its Reserves and National Guard components.

Although the training schedule is heavy, the cadets are able to take advantage of the many athletic and recreational activities at Fort Sill. The Fort Sill Officers Club, golf course, and swimming pools are available to the cadets.

### Paulette Fischer Enrolls in McM Twirling School

Paulette Fischer, daughter of Mr. and Mrs. Paul Fischer of the Paint Creek community, has registered for the annual summer band and twirling school of McMurry College. It will be held July 15 through July 27.

The students will live on the McMurry campus during the two weeks and appropriate social activities and sports are being arranged during the off hours and evenings, under experienced chaperones, but the students may live off the campus if it is more convenient for them.

### Woman Recalls Teaching the Old Sayles School

Late that fall I went out and taught the Sayles School in Haskell County, southwest of town. An accompanying picture shows the school at that time and some of the pupils. The next spring, we planned a school exhibition for the end of school. On the afternoon of the date set, an awful cyclone cloud came up, with its funnel right over Haskell, very bad looking indeed. The school exhibition was put off a few days. When I finally got to town, the old Spring Branch was out of banks, on a terrible tear and roaring like a lion. A great many, if not all, the houses were mostly unroofed and blown off their blocks. There was little underpinning then; trees were down, stores flooded, while out at the ranch we

Court ruling regarding prayer in the York State in violation of the Constitution of the United States to me to be the first to object to this. Many of the students would not pray with me, but we ministers are accustomed to this even in our churches. Many people do not pray in churches, either, even when they go through the motions.

The churches of America, rather than upset themselves over this decision of the court, should begin to look at its own prayer-life in relation to young children. We should take time to teach youngsters the meaning of prayer... and we should encourage the rehabilitation of prayer in the family. Many Christians no longer give thanks before meals at home. If a person is too embarrassed to converse with the God in Christ whom he professes to know then the chances are very good that he really does not know Him at all.

The principle of separation of Church and State has been strengthened by the Supreme Court, and the Constitution of our great land has been safeguarded. We must not make the mistake of equating Christianity with Americanism. Christianity existed long before America came into being and will exist long after America as a nation disappears from the earth. We might consider America a Christian nation, but it is no more so than Switzerland or Italy or Denmark. Christianity knows no geographical boundaries. Christianity can never be identified with any political system. It even transcends the boundaries of space and time. But... it stands in judgment over our political systems, and over the men who operate within them.

suffered more loss as three of our prize horses and a number of cows had been struck by lightning while they were near the fences.

Mr. and Mrs. Camp, who lived across from the old plant Presbyterian Church, and their children, Almeda, Charlie and Wilma Camp, went to their storm cellar. The wind picked up one of their heavy work horses and landed it square dab on top of the cellar they were in, on its back.

A trunk belonging to one of the young ladies of Haskell, full of her love letters (billet doux her parents called them) was later picked up in Throckmorton County, with letters intact.

Lots of things happened and lots of stories of tornadoes were told. Also there were many yarns related and the cowboys of that day liked to yarn and to laugh at yarns. There was not much else to enliven their days. Indicating the nature of these yarns, it was related that Raleigh (Spot) Lemmon's father's milk cow was staked out when the tornado struck. She was lifted up in the sky to the very end of the rope and left there. Then, after the storm, the cow climbed down the rope and resumed grazing.

I remember that as the teacher I was very anxious for the school exhibition to be a success in every way. I wanted a flag and flowers to decorate the stage. After getting to town the only place I could locate flowers was at the old Lomax place. It too, was right near the old Presbyterian Church. All the roses were blown off and down on the ground, but I carried a whole wash tub full graciously given me, out to the school and did decorate with them.

We people at Haskell did not know then that John Lomax would one day be famous for his collection of cowboy songs, many of which he collected right there in Haskell County and its environs. You have much history in Haskell which I hope you will preserve right there in the county seat for the

# CREEK... COMMUNITY NEWS

BY MRS. GENE OVERTON

had more rain than the water won't hurt it. All community crops look good though except those with grass and weeds as high as the cotton, and as soon as it gets dry they can begin hoeing.

The rains came at a good time for those who want to attend the rodeo and were going to have to plow instead. Now they can attend the rodeo, and scoutmasters can be at camp, and they won't have any twinges of conscience that they really ought to be home working. The fields are too wet for work.

The scouts of Troop 48 left Sunday morning for Camp Tonkawa and a week of scouting at camp. Pat Morrison, superintendent of our school, teamed the troop a school bus and drove it down himself to help get the boys there. Doc Jones of Rule took his pickup to help carry the tents, cots and packs, and Scoutmasters Gene Overton and Roy Wiseman took a pickup and car to have in case anyone needs to come home for any reason.

The troop has the "Tonkawa" camp site which it has every summer, and Doc said they were all set up and getting registered when he left them. Scouts attending camp this year are Joe Greer, Mike Wright, Bob Earles, Phil Coleman, Walter Felker, Thornton Gilmore, Dean Maltzberger, Terry Lowry, Allan Steve and David Smethie, Wayne and Jeff Cadenhead, James Wall, Randy Wiseman, Johnny Josselot, Paul Hiebert, Riley Couch, Ricky Perry, Steve Livengood, Derrell Davis, Joe David Thompson, Dwight Overton, and Bill Jones of Rule.

Wayne Cadenhead is the senior patrol leader, and patrol leaders are Allan Smethie, Joe David Thompson, Steve Livengood and Riley Couch.

Rev. and Mrs. Bud Moore and children had as their

guests last weekend. Rev. Moore's nephew and family, Mr. and Mrs. Edward Williams and three children from Portales, N. M.

Cousins from the Paul Fishers say they are having a wonderful time in Chicago.

W. A. Montgomery has as his house guests this week his sister-in-law and brother-in-law, Mr. and Mrs. Clyde Gordon from Petersburg. His daughter, Mrs. Boyd Cathey from Grand Prairie returned to her home Friday after spending a week here.

Mr. and Mrs. Louie Kuenstler have had their children home for a visit. Mr. and Mrs. Glen Sandefur and their children of Fort Worth, and Rev. and Mrs. Truett Kuenstler and daughters of Kress have both been here. The Kuenstlers also visited her parents, Mr. and Mrs. Jim Dean, and her sister, Mrs. Dale Middlebrook and family.

Mrs. Glen Walton was dismissed from the hospital Friday and is convalescing at home. Her daughter Glenda from Lubbock and her daughter, Mrs. Kenneth Bahson from Mr. Bahson from Denton have both been here.

Mr. and Mrs. Dan Riley Griffith of College Station spent last weekend with his parents and sisters, Mr. and Mrs. Sammy Griffith.

Buddy Brazzel and sons, Rickey and Mike, spent the weekend at Camp Tonkawa for the "Dad and Lad" activities.

A 2 William Haynes from Lackland Airbase in San Antonio, has spent a month's furlough with his parents, Mr. and Mrs. Morris Haynes. Last weekend they all went to Vinita, Okla., to visit Mrs. Haynes' people. Her mother, Mrs. Mattie Keys, lives there, and her sister, Miss Emma Keys from Drumright, Okla., joined them there.

I was in Dallas last week to see William's play "The Tavern." It is a "meller dramer" sort of play and is such a funny thing. William plays the part of Tom Allen, fiancee of the governor's daughter, and his costume is a Rhett Butler type costume with a green coat, tan cuffs, tan spats and a tall tan

hat like the Mad Hatter wears in Alice in Wonderland. This is the last week of "The Tavern" unless the crowds increase until they have to extend their performance. Friday night they had to fill the aisles with chairs and people were standing to see it. William was impressed with the long line waiting outside the theater to buy tickets.

He is performing in three plays at "Theater Three" and directing two, at the park, so he is quite busy. "Theater Three" is at 2211 Main Street in Dallas and that is right next to the Blue Cross Building. Tickets are \$1.50 on Wednesday, Thursday and Friday and \$2 on Saturday, so if you are in Dallas you might want to go. The cast is made up of drama students, and it is theater-in-the-round, so don't expect a State Fair Musical, or a Casa Manana.

The community will have lots of company during the Fourth, so be sure and let me know any company news you might want in the paper.

Mr. and Mrs. Eric Bergstrom and Joy were in Seymour recently visiting their daughter and sister and her husband, Mr. and Mrs. Allen Morris.

Mr. and Mrs. John Monroe have just returned from their vacation to visit their parents at Brownwood. Mrs. Monroe is our third grade teacher and John is our Gandy's milk man, although they live in Stamford.

Mr. and Mrs. Buddy Brazzel and children, Mike, Rickey and Connie, spent their vacation in Colorado. They returned last weekend.

## News from Rule

MRS. FAYE DUNNAM

Silver Anniversary Tea  
The First Baptist Church of Rule was host for a Silver Anniversary Tea Sunday on the occasion of the 25th wedding anniversary of their pastor and wife, Rev. and Mrs. R. C. Dowdy.

The tea was held in the home of Mr. and Mrs. C. O. Davis from three o'clock until five. Mrs. Davis greeted guests at the door. Those in the receiving line were: Rev. and Mrs. R. C. Dowdy; their daughters, Susie and Sallie; Mr. and Mrs. Norman Strait and Mr. Carroll Henry of San Antonio. Mrs. J. E. Geer registered guests. Music was furnished during calling hours by Mrs. Mordant McKinney, Mrs. Don Davis, Mrs. N. S. Ousley, Mrs. Travis Townsend, Penny Davis, Judy Jones, Mrs. Ed Cloud, Paula Pinkard, Jana

Kile, Mrs. W. S. Cole, Mr. W. S. Cole, Mr. Claude Norman and Mr. C. O. Davis.

The house and serving table carried out the Silver Anniversary theme in colors of white and silver. Pouring and serving were: Mrs. John Estes, Mrs. V. C. Estes, Mrs. Claude Norman, Mrs. Howard Tribbey and Mrs. C. B. Sprayberry; assisted by Nan Jones and Susan May.

Mrs. Bob Bailey, Mrs. L. W. Jones Jr. and Mrs. Awbrey Simpkins showed gifts.

The church presented Rev. and Mrs. Dowdy with a silver coffee and tea service. Over 100 people registered during the afternoon.

Mr. and Mrs. Morris Neal and Larry Neal Richardson are on a two weeks vacation trip to the World's Fair in Seattle, Wash., Canada, and other points.

Mr. and Mrs. Basil Eaton, Joan and Butch, have returned to their home in San Salvador after visiting his brother, Mr. and Mrs. A. R. Eaton in Rule.

Recent visitors in the home of Mr. and Mrs. Ed Lewis were their daughters, Mrs. Frank Etter of Abilene and Mrs. Clyde Martin of Pittsburgh; and Mrs. Lewis' sisters, Mrs. M. J. Gregory of Pittsburgh and Mrs. Mattie Daily of Haskell.

Visitors in the home of Mr. and Mrs. Desmond Allison were Mr. and Mrs. Pete Agnew of Los Angeles, Calif.

Mr. and Mrs. Ben Kittley spent the weekend with her mother and sisters in Weatherford and Fort Worth.

Rule Scouts joining other explorer scouts for the 79-mile canoe trip into Canada are: Jeff Lewis, Ronnie May, Brent Davis and Gary Fannin. Coach Jerry Estep accompanied the boys. They went by car to Canada. They plan to return by way of Chicago, Milwaukee, St. Louis and Hot Springs, Ark.

Mrs. Sidney Spain and children of Marshall, Texas are visiting her mother, Mrs. J. E. Geer, and grandmother, Mrs. J. E. Cloud.

### Grasslands Need 'Rest' of Deferred Grazing

According to J. C. Yeary, Work Unit Conservationist, Soil Conservation Service, Haskell, farmers and ranchers of the Wichita-Brazos and California Creek Soil Conservation Districts are thinking about and planning for summer va-

vacations for their native grasslands. Just as people need a vacation from work and school, native grass pastures and ranges need a rest from grazing. This is as vital a factor in the continued growth and production of the native grass plant as it is to the individual. Native grasses need to rest during the growing season at least once every four or five years to allow for seeding to take place. Just as people lose vitality and vigor from continued work, the pasture or range plant loses its vigor and vitality from continued grazing during its growing season.

The resting of pastures is especially important on ranges that are in poor condition and where the main grazing plants are low in vigor. Rest should be planned where an absence of litter material from previous years growth is noticed. When 50 per cent or less of the choice grasses cover the ground, improvement can only be had by a planned seasonal deferment for two or three years.

Ranges and pastures that have been damaged by fire, set back by a drought or continued heavy use should be rested completely until recovery has been made. If results are to be had from seeding or controlling brush, deferment is a must.

Ranchers and livestock raisers that are carrying out deferred grazing programs, like W. L. Holt, Dwight Key and Jack Chapman of the Mattson community; Wallace Boone of Weinert; Calvin Frierson, Lynn

### Olney Rodeo Will Open Friday for Three Day Run

Time is nearing for a traditional area entertainment feature—the annual Olney Rodeo. Now one of the oldest and best-established such events in North Central Texas, the Olney Rodeo will present its 15th annual series of performances Thursday, Friday and Saturday, July 5 through 7.

Prime features of the 1962 edition of the three-day celebration will include a general street parade at 5 p. m. Thursday, July 5, and the traditional children's parade at 5 p. m. Friday, July 6.

The rodeo itself—scheduled at 8 o'clock nightly—will include the standard bucking horse, calf roping, bull riding, barrel racing and bulldogging events, plus novelty features and specialty acts.

On Saturday, July 7, the West Central Texas Cutting Horse Association will conduct a cutting horse contest, with competition in four classes beginning at 1 p. m. The top four horses will work for the championship at the rodeo performance Saturday night.

Following the rodeo parade Thursday evening, July 5, catered supper will be served to the public at Olney's Tom Griffin Park with plates priced at \$1.25 each.

### DPS Forecasts Eight Will Die In 4th Traffic

The Director of the Texas Department of Public Safety at Austin reported today that

past experience indicates eight persons will be killed in traffic accidents during the coming Fourth of July holiday in Texas.

Colonel Homer Garrison Jr. announced that "Operation Motorcade" will be in effect

from 12:01 a. m. through 11:59 p. m. July 4, and that during this period the regular Highway Patrol force will be joined by units of the License and Weight and Motor Vehicle Inspection services in the general traffic supervision effort.

Face and Bunnell Gilleland of Haskell; Joe E. Cloud of Rule; and Gentry Day and Mrs. S. P. Keller of O'Brien-Rochester area, will attest to the high value of such programs.

Soil Conservation Service technicians are trained and equipped with information and technical skills to assist the rancher and livestock farmer to analyze his grazing resources. In so doing, deferrals can be planned and range improvement can be brought about. Yeary concluded.

**Tuesday's Program**  
Wallace Cox Jr. was in charge of the program at the Tuesday noon luncheon session, and showed "Pueblo Boy," a film presented by The Ford Motor Company.

The film, in color, depicted the lives of Indian families. Due to a conflict the Lions-Rotary softball game originally scheduled for Friday night, July 20, has been reset for Friday night, July 27 and will be played at the Little League Field, beginning at 8 o'clock.

Also at Tuesday's meeting, Lions voted to hold a fruit cake sale this fall.

**News, Advertising Copy Deadlines**

In order to maintain a regular publishing and mailing schedule each week, The Free Press requests cooperation of advertisers and news contributors in observing the following deadlines:

All advertising copy must be turned in not later than 5 p. m. Monday.

All news articles must be received in the newspaper office not later than noon on Tuesday to insure publication in Thursday's edition.

**Social Security Field Man Faces Many Questions**

Figures for the first four months of 1962 show that 645 persons in the Haskell area talked with Don Austin, field representative of the Abilene office of the Social Security Administration on the 17 visits made to the Chamber of Commerce here. This compares with 630 for the same period of 1961.

Austin says that the 1960 and 1961 amendments made it advantageous for all persons to file their social security retirement claims soon after age 65 even if still working. And, if not earning more than \$1200 per year a person should file at age 62, or be certain why he doesn't.

Everyone should check into just what social security can mean for him and his family, when that 65th birthday rolls around, for checks are due many persons whose annual earnings surpass the \$1200 figure by a considerable amount, Austin concluded.

**HASKELL VISITORS**

Mr. and Mrs. Harold Emerson of Abilene visited relatives and friends here during the weekend. Former residents here, Mr. Emerson is now in the detective bureau of the Abilene Police Department.

**HASKELL VISITORS**

**May Bond Sales Total \$25,718 in Haskell County**

People of Haskell County purchased \$25,718 in Savings Bonds during May, according to J. M. Crawford, chairman of the County Savings Bonds Committee.

Sales during the first five months of 1962 totaled \$198,196, which represents 73.4 per cent of the 1962 Bond sales goal. This is the highest percentage of any county in Area 5, composed of three districts in which there are 29 counties.

**First Aid Kit Is Vacation Necessity**

You're driving along an open road when a wasp flies into the car and stings your little girl. You're changing a tire and the jack slips, cutting your hand. Your wife complains of a severe headache. Your son gets dirt in his eye.

These four situations which may occur on any motor trip are examples of the need for a well-stocked first aid kit in every auto. When driving in strange areas or outside cities, first aid is often hard to obtain in an emergency. The Allstate Motor Club warns its members across the country.

When preparing for vacation, every family should take time to outfit an emergency kit. It can be a cooperative project with each member suggesting items to meet specific needs. It can be the responsibility of an older child. Either way, the kit should be complete and ready for use by the time Dad begins packing the family auto.

Package-1 first aid kits are available at a variety of prices. With small kits, it is wise to outfit a second emergency pack, possibly a shoe box, to include items such as antiseptic, additional bandages, scissors, tweezers, several paper cups and eyewash. These will be of use in treating injuries beyond minor cuts, bruises and burns.

If outfitting your own first aid kit, the Allstate Motor Club

recommends following the advice of a Red Cross book on the subject.

The book itself will be valuable in the kit, because it will provide instructions for treating many different injuries.

All kits should include the ready-made bandages in a variety of sizes. New types of bandages are large enough to cover knee wounds or skinned elbows. Sterile gauze and adhesive tape are needed for preparing larger bandages.

An antiseptic is vital to prevent infection in cuts. Iodine, an old favorite, is too strong for many children and should be replaced with an antiseptic which any druggist will recommend.

Absorbent cotton, talcum powder, insect repellent, several small cakes of soap and a packaged wash cloth also should be included in the kit.

Water is an important item on trips. A family should carry a large insulated container of cool water for washing wounds as well as drinking purposes.

The motor club also cautions parents to make certain the medicine is clearly marked and fresh. If in doubt, the item should be replaced.

After stowing the first aid kit in a handy location, the family should provide for such safety equipment as a flashlight with fresh batteries, several red flares, minimum tool kit and spare fuses for the car's electrical system.

**RETURN TO AUSTIN AFTER VISIT HERE**

Mrs. V. E. Arnold of Austin came Friday for a brief visit with her mother, Mrs. Arthur Edwards, and to accompany her daughters Dianne and Marilyn home after a visit of four weeks with their grandmother, Mrs. Arnold and daughters returned by way of Dallas where they were joined by a son and brother, Scott, who had been at Camp Sweeney, near Gainesville. Mr. Arnold joined his wife and children in Dallas and they visited Six Flags Over Texas before returning to Austin.

The Northwest salmon industry centers in Seattle.

**Is It True?**

Our earth is but a small star in the great Universe. Yet if we choose we may make it a planet unvexed by war, untroubled by hunger or fear, undivided by senseless distinction of race, color or theory... From prayer of President Franklin D. Roosevelt, read to the United Nations June 14, 1942.
