

SNOOTER KNOWS

LITTLE ABOUT EVERY THING AND NOT MUCH ABOUT ANYTHING

HILTON BYBEE, a notorious Texas robber, who had escaped the state prison, slipped through the doors of county jails to freedom, and an ally, Jimmie Welling, were captured one day last week near Woodson, Throckmorton county, while changing a flat tire on their car. The two desperados were brought to Throckmorton, the county seat. This offered Phil Luker, editor and publisher of the Throckmorton Tribune an excellent opportunity to "scoop" the big daily newspapers of the state, so he whaled away and issued an Extra, spreading the information broadcast to the people of his county. Phil said in his front page story of the arrest, that "Throckmorton took on new life, telephone wires buzzed and more people suddenly appeared from nowhere than in years."

UNCLE BILL KELLES, editor of the Sterling City News-Record, has just returned from a short vacation trip to California. His good wife had been visiting out there, and the only way Uncle Bill could get her to come home was go after her. Last year Uncle Bill visited Hollywood, and to get him to come back home it required the whole police force to hot-tie him and send him back. One would hardly suspect a gentleman who had reached the age of 75 would be so charming over feminine beauty that it would be necessary to employ such tactics. But we're off the subject we started out to follow. While Uncle Bill was gallivanting around in California, pleading with his wife to come back home, John Dillinger, the notorious killer, broke away from the grasp of the lady sheriff of Illinois. In his last week's News-Record, Uncle Bill took to task the people, not the lady sheriff, for the poor judgment used in electing her sheriff. He then told of an incident that took place between the sheriff of his county and a jail bird who attempted to make a break for liberty by poking a "late model six-gun in the stomach of Vern Davis, the sheriff. The sheriff as quick as a Wampus cat and with an "eye like an eagle" slapped down the gun of the jail bird and pulled his gun. Uncle Bill said: "only from the prompt going to his knees and pleading with the sheriff for his life by the prisoner, no telling what might have happened to the foolish man." But there are few he-men sheriffs in the country as a whole that can match "guts" and alertness of these West Texas sheriffs.

WE have a "Believe It Or Not" columnist over at Sweetwater on the Nolan County News by the name of Chas. Green. At least he is the editor and the fates of the legal department have decreed that an editor of a newspaper is responsible for everything printed in it whether he be the originator of the aforesaid article unless the article be signed.

Anyway, Green has been going "Around the Square" ever since Boyles left the editorial tripod if the News for Longview. And it's supposed that everything that Editor Green says in his column is on the "square." He has been in the habit lately of telling stories related to him by others, every one of which seem to have a ring of truth in them. His latest appeared last week. Green reported that a prominent interpreter of Blackstone residing in Sweetwater and who carries around the name of "Judge" in front of his real name, that at a recent cattlemen's convention held at Amarillo, the boys of the range had been "scratching their heads over ways and means of increasing the beef consumption in an effort to pull the stockmen out of the hole through better cattle prices." They had resolved, discussed, caused, debated and wrangled until the delegates had become "weary and fust-sore," in an endeavor to solve their under-consumption problem. As it is the custom of all well-regulated and organized bodies in convention assembled, a banquet was "pitched." The tired and weary delegates filed into the banquet hall and sat themselves down to a feast of FISH! Thus the convention adjourned with all the common fall of fish, and the problem of under-consumption of beef unsolved.

TOOLS, planters, and other farm tools needed to prepare the land and put in a crop, are in operation on the farms of Martin county at this time, makes things look like there was going to be something doing in the crop line this coming year. Of course, it is too early to make a statement that the fall will find Martin county marketing one of the best crops in her history, but figuring from the outlook at the present time, the prospects are favorable for just such a thing to happen.

Outside of the country newspaper man the depression hit the farmer severe blow. The price of his commodity went down to practically "give and take" basis. Martin county farmers suffered more, perhaps, than

DISTRICT COURT CONVENES HERE MONDAY APR. 9

MAJOR CASE ON DOCKET STATE OF TEXAS VS. TOM STANDFORD CHARGED WITH KILLING JOHN BOWSER.

The 30th judicial district court, over which Judge Chas. L. Klapproth, presides, will convene Monday in Stanton. District Attorney Bob Hamilton, Jno. F. Epley, district court clerk; A. P. Boone, court stenographer and Milt Yater, sheriff of Martin county, make up the balance of the cotere of court officials, who will be on hand to dispense justice, as the session proceeds in its deliberations. Court attaches report the docket for the term as being light, some divorce cases to be disposed of, and the major case on the docket for trial is that of the State of Texas vs. Tom Standford, charged with the killing of John Bowser. This case was tried at the last term of court and resulted in a hung jury.

Petit and Grand Jurymen
Following is the list of petit and grand jurymen:

First Week
Mike Anderson, A. T. Angel, C. F. Atchison, Ogle Avery, F. L. Bass, H. G. Bearden, Otis Blackerby, O. D. Blund, W. M. Blocker, M. E. Browner, A. B. Brown, G. W. Bryson, H. C. Burnam, Earl Burns, George Cathey, O. W. Flanagan, L. I. Graves, L. C. Hazelwood, I. J. Holloway, Elmer Hull, Jack Jones, Paul Jones, J. R. Marshall, Loy Mashburn, W. R. Morris, Earl Powell, M. Reed, Finley Rhodes, M. Rush, T. B. Stewart, James Webb, Clyde White, Johnnie Whitson, A. D. Widner.

Jury Second Week
W. L. Clements, W. O. Clinton, Conley Cox, W. E. Currie, Otis Davidson, K. J. Davis, A. Deaman, Earl Douglas, J. J. Eastman, L. C. Eckert, J. C. Ellis, S. J. Foreman, J. I. Frances, W. C. Garren, Carl Gibson, Tom Glynn, I. J. Hardin, Tom Haislip, O. C. Hazelwood, F. W. Henson, Hall Kennedy, D. O. Lawson, C. M. Lee, J. E. McCreless, John McWhorter, Roland Myrick, H. D. Shick, Ocie Shortes E. W. Wilkinson, Ervin Snell, J. G. Sprawl, Joe Stewart, Doyle Stroud, C. D. Willingham, Jess Woody.

Grand Jurymen
E. C. Aichert, F. E. Atchison, R. C. Bearden, Phil Berry, U. H. Butler, C. S. Carwile, W. W. Clements, Jno. F. Cox, J. C. Sale, D. T. Hightower, A. R. Houston, C. C. Kelly, J. B. Mcenerlin, John Poe, E. M. Ross, Edmond Tom.

VISITING SPEAKERS TO BE AT BAPTIST CHURCH SUNDAY

Next Sunday, April 8, and Sunday week, April 15, there will not be any services at the Baptist church at night, but a special service will be held at 4 o'clock in the afternoon. This arrangement has been made so that we might have a little variation in our regular program and so that we could get special out-of-town speakers. Next Sunday afternoon the speaker will be Mr. W. C. Blankenship, superintendent of the public schools of Big Spring. He will speak especially for the young people, but his message will be of interest to those of all ages.

On the afternoon of April 15th our speaker will be Mr. O. B. Webb, assistant to the president of the T&P Railway Co. He is president of the Baptist State Convention of Louisiana, and is recognized as one of the outstanding Christian laymen of the South. It will be an opportunity for the people of Stanton to hear him.

EMPLOYED WITH COCA-COLA BOTTLING CO.

John Connell is employed with the Coca-Cola Bottling Co., at Big Spring having gone to work on Monday of last week. He was home Saturday, returning Monday morning accompanied by his mother, Mrs. D. J. Connell and Miss Winifred Deavenport, who spent the day.

THREE THOUSAND DOLLARS LOAN MONEY BROUGHT HERE

Bruce Frazier, secretary-treasurer of the Production Credit Association of Midland, paid the Reporter a pleasant call Wednesday afternoon, and stated that he had deposited \$3,000 in the local bank to be distributed out to the farmers of Martin county as loans from the association.

any of his kin in other parts of the state.

A drought passed through the county and wiped out his crops. But the Martin county farmer is not to be discouraged over a little thing like a drought. Since the good rain of last week he is back in the field at work on another crop, and here's hoping that the god of good fortune will follow them through their crop harvest.

\$395,764.85 Rental To Martin Farmers

County Agent S. A. Debnam, advises that the Martin county Cotton Reduction Contracts were placed in the mail for Abilene, District Review and College Station, State Review Board, Tuesday night. The following is the statement compiled from the contracts, before mailing out:
Number farmers cooperating, 693.
Total lint produced during five year period, 11,339,819 pounds.
Total average acres planted during the period, 81,601.
Estimated amount of money to be received in Martin county; (subject to changes and corrections by either board), \$395,764.85 plus the 1c parity payment, which is to be paid sometime in the fall, presumably before or around Christmas time.
The agent and his force of helpers have worked steadily to complete these contracts and are hoping they will be accepted by both boards, without delay.

STANTON H. D. CLUB MET AT COMMUNITY KITCHEN

The Stanton Home Demonstration club met April 3, at 2:30 o'clock in the Community Kitchen. The session was opened by the club president, Mrs. Lula P. Metcalf and the program was led by Mrs. R. R. Herrington. A splendid program was rendered by several of the club members on the subject of Recovery Legislation. The club served a luncheon to the business men's club the same day. There was a large attendance and we want to thank one and all for their cooperation. The next meeting will be April 17, with Mrs. C. A. Gray, hostess, Mrs. Allen Kaderli, leader. Subject: The Farm Food Supply, by Miss Myrtle Miller.—Reporter.

Ross Announces For Commissioner Prec. 3

In the announcement column of candidates carried by the Reporter, this week will be found the name of E. M. Ross, appearing under the title "Commissioner Precinct No. 3. He makes announcement for this office subject to the action of the Democratic primary in July.

Mr. Ross has been a resident of Martin county since the fall of 1898, except for a short time when a drought drove him to other parts of the state to seek work. Most of the time he resided in the county he worked with cattle on the range, being in the employ of Scott and Robinson, one time prominent ranchmen of this section. Seven years he worked for this firm. In 1916 he was elected commissioner of Martin county but the severe drought of 1917 caused him to leave the county and he resigned.

As reference to his ability to hold the office to which he aspires and as to his character, he directs the voter to confer with any of the old timers of this county. He states that upon an urgent appeal from friends and neighbors in his precinct, he consented to make the race for commissioner.

He expects to make a personal canvass of the voters in his precinct between now and the primary, and assures the voters, if elected, to give the affairs of the office his very best attention.

BIRTHDAY DINNER FOR MISS BOYD

Miss Lela Boyd came over from Big Lake to spend the Easter holiday with her parents, Mr. and Mrs. J. P. Boyd. Miss Paxton visited friends in Midland, coming over Sunday to have birthday dinner with Miss Boyd and returning with her. Both are teachers at Big Lake. Mr. and Mrs. French Gray were also guests at dinner.

FRIENDSHIP CLASS PARTY

The Friendship class of the Methodist Sunday school, ended a friendly rivalry for attendance by the losers entertaining the winners in the basement of the church, Monday night of last week.

The captain of the winning side was Sam Stamps and the losers were captained by Mrs. Jess Woody. The Stamps side won by a 1000 points. Easter and April 1 games and contests were the diversions of the party after which refreshments of sandwiches, coffee, and cake, were served to twenty-seven members.

Mr. and Mrs. J. A. Haley and Mrs. Carl Covington of Midland, were in Stanton Saturday afternoon. Mrs. Haley is a candidate for Representative from the 88th district, and was here in the interest of her candidacy. She had just returned from attending a meeting of the board of regents of Texas Tech, of which she is a member.

NEW RELIEF SET UP TO TAKE PLACE CIVIL WORKS ADM

WORK DIVISION (WORK RELIEF) DIRECT RELIEF, SUBSISTENCE HOMESTEADS, AND RURAL HABILITATION PROJECTS.

The complete termination of CWA activities on April 1st, will place the burden of supplying relief to indigent families of Texas on the shoulders of the following programs to be conducted by the Texas Relief Commission: Work Division (Work Relief), Direct Relief, the Subsistence Homesteads and the Rural Rehabilitation projects. The successful carrying out of these programs in Martin county has entailed the creation and installation, by the auditing department of the Texas Relief Commission, of a materially changed accounting system. The new system, known as the Donnell installed system of relief accounting, was made under the supervision of George R. Donnell, auditor of the commission.

Of particular interest in the new set-up is the new "work relief card" which will enable the administration to properly supervise the "Work Division" activities. Those unemployed, who are actually destitute and are physically able to work, after a thorough investigation has been made definitely establishing their relief needs, will be given the opportunity to work and earn up to their estimated relief requirements. This work card is so designed as to limit the payrolls to the actual relief requirements for each particular individual employed. Pay to persons not eligible for relief, or to relief clients in excess of the requirements of the individual family will not be approved in Austin. The new work card, so simple in form, will permit the definite placing of responsibility and indicate who is at fault if a client is allowed to earn relief funds more than his relief budget requirements. Staff Auditor D. O. Harper and W. D. Montgomery of the Texas Relief Commission announced today, after a conference with the County Relief Chairman J. Morgan Hall of the county had been made of Martin County relief problems and the new system installed. E. W. Wilkinson will take charge of the new set-up here effective April 1st, as certifying officer under R. P. Simpson, Administrator.

The new relief set-up to be used in this county has the specific approval of Washington officials, and it is believed that Kansas and Oklahoma, who recently sent officials to Austin to confer with state relief officials and to study the Texas relief accounting set-up, may install this system in the relief work in their own respective states. Chief Auditor Donnell emphasizes that this is a relief program, not a project program. Under the CWA, group employment was provided which approximated current business wages, whereas, the present relief program can only supply relief to the destitute. When the building of roads, school-house construction or other projects takes the place of the first objective, that of giving relief, the relief program has gone astray, and such expenditures constitute an erroneous expenditure of funds accounting to the terms of the Relief Acts under which relief funds are made available.

NEW BEAUTY SHOP TO OPEN

Mrs. A. W. Costephens of Abilene, is here to see about opening a beauty shop in the Bassett Barber Shop. She is a graduate of the Parsons School of Beauty Culture, Abilene, and has purchased all new equipment with which to install in the shop. Mrs. Costephens plans to open this week if her supplies arrive in time. Room is being made in the Bassett barber shop to take care of the beauty shop by moving the bath room further back to the rear of the shop.

SENIORS OF STANTON HIGH TO GO TO CARLSBAD CAVERN

Friday, the seniors of the Stanton high school will make their annual trek to Carlsbad Caverns. There are fifteen in the class and they will be chaperoned by Mr. and Mrs. W. C. Garner. Today is Governor's Day and the admission will be free with the exception of the Federal tax.

MR. AND MRS. EARL POWELL A GIRL

Mr. and Mrs. Earl Powell of the Bar X ranch, have a girl, born at a Big Spring hospital, Sunday noon, April 1. This was Mr. Powell's birth date, too, and the little girl will have the name of her father. She will be 11 years old before her birthday again falls on Easter Sunday in 1945.

Miss Lorraine Lanar, who is teaching school in Big Spring, came over for the Easter vacation, visiting her parents, Judge and Mrs. J. S. Lanar.

H. S. Chemistry Class Visits Cosden Refinery

Through the courtesy of Mr. J. W. Coast, superintendent of the Cosden Refinery, Big Spring, the chemistry class of the Stanton high school made a very interesting field trip through the plant on Friday afternoon of last week. The members of the class saw, and had explained to them, the layout by which the raw petroleum is processed and converted into gasoline, kerosene, distillate, crude fuel oil and coke.

Of particular interest was casing head gasoline, so volatile that it boiled away when held in the palm of the hand. It was pointed out that every possible part of the petroleum was converted into a useful and salable form. Explanations were presented concerning various processes by which the commercial gasoline was purified, deodorized and finally tinted to make it more attractive to the eye of the purchasers. The trip was in line with the aim of the chemistry course to give to pupils something in the way of an understanding of some modern industrial works; and to point out the possibilities for selection of vocations.

Marion F. Peters For Lion Governor

Lions of Stanton are being asked to support Marion F. Peters of Midland candidate for governor of District 2-T Lions International. The election of district governor will be held at Colorado, during the convention April 25-24.

Harry L. Haight, Peters' campaign manager, says if there ever has been a district governor elected from the central part of District 2-T or within a radius of 100 miles of Midland, he doesn't know about it and he argues that it is the best of Lionism in arousing new zeal and loyalty to get the officers from the various areas of District 2-T when men of ability like Lion Peters can be secured.

Marion F. Peters is classed as one of the outstanding Lions and civic leaders of West Texas, that during his administration as president of the Midland Lions club, the attendance more than doubled. What he did for Lionism in Midland he will do for Lionism in the district. Friends say Peters knows Lionism and works at the job.

How high Marion Peters is valued by the people who know him best is shown by honors shown him in Midland. He is a past president of the Lions club; re-elected a director of the chamber of commerce for the past six years; Red Cross roll call leader three years; Boy Scout official; church officer for several years; welfare association treasurer and now a director of the relief board and member of many committees. As manager of the West Texas Gas Co., Midland, Peters will have time to work among the Lions clubs of District 2-T. Vote for him it is urged.

STANTON COLLEGE STUDENTS AWARDED HIGH HONORS

(Special to Reporter)
Abilene A. C. C., April 5.—G. B. Shelburn of Stanton, now enrolled as a student of Abilene Christian College, has won high honors in scholastic activities. He has had the distinction of having his name placed on the college honor roll which means that he has made B plus or above in his studies. Mr. Shelburn is studying for the ministry at the college, and makes short trips every week-end into the nearby communities to preach. Attending Abilene college is Miss Nola Shelburn, also of Stanton. She with Mr. Shelburn has been announced as an honor student. Since entering the school Mr. Shelburn has been very popular with fellow students. He has been elected chairman of the critic class, a class of young ministers who criticize sermons; is also a member of Los Alegres, a Spanish society, and is prominent in the press club.

DEMONSTRATION CLUB SERVED SERVICE CLUB DINNER

The home demonstration club of Stanton served a delicious dinner Tuesday to the members of the Stanton Service club. The Missionary Society of the Methodist church will provide the dinner at the next luncheon of the club. A quartet, comprised of Geo. Bullock, Henry Hull, Clark Hamilton and Hilton Kaderli, favored the club with a fine song.

COACH HYDE STARTS THE BUFFALOS SPRING TRAINING

Monday of this week saw the football squad of the Stanton school start their spring training.

Mrs. J. P. Boyd, Mrs. J. E. Milhollen and Miss Lela Boyd, were in Midland shopping Saturday afternoon.

CHAS. EBBERSOL ELECTED MAYOR CITY OF STANTON

DR. J. E. MOFFETT, M. F. KING, S. P. McWHORTER, GUY A. ELLAND, WILL DIRECT THE AFFAIRS OF CITY AS ALDERMEN

A resident of Stanton many years, prominently identified with the business and civic life, leader in all activities for a better town and community, is a brief sketch of Chas. Ebbersol, who was elected mayor of Stanton at the city election held Tuesday.

Mr. Ebbersol followed in the footsteps of S. C. (Tink) Houston, who refused to allow his name to go before the voters for re-election. The four aldermen elected are: Dr. J. E. Moffett, M. F. King, S. P. McWhorter and Guy A. Elland.

In April 1925 the city of Stanton entered the ranks of incorporated towns. One of the number who participated in the organization of the town was S. C. (Tink) Houston. He was elected its first mayor and held that position from April 1925 to the election Tuesday ever since. He made five races and in each he had no opponent.

Tink is a ranchman. Couldn't be otherwise and live up to the decree of his ancestors. He came to Glasscock county in 1885 with his parents, Mr. and Mrs. A. L. Houston, who settled on a ranch bordering on the south line of Martin county. His father became one of the most prominent ranchmen in this area of West Texas. Tink divided his time between holding down the job of mayor of Stanton and operating his ranch. He could look at a steer and tell all of its fine points, and come into town to the mayor's office, take a good look at the critter, and tell what ails the town, if anything, and set out to cure its ills. Whatever permanent city improvements have been made in Stanton since 1925, have come during the administration of S. C. Houston.

The Reporter, on behalf of the citizenship of Stanton, extends to Mr. Houston, the retiring mayor, a vote of thanks for the wise and judicious manner in which he piloted the affairs of the town.

Announces Re-election For Commissioner

Lee Eubanks authorized the Reporter to announce him as a candidate for re-election to the office of County Commissioner Precinct No. 1, subject to the action of the Democratic primary in July.

Mr. Eubanks is making the race for a second term, and with the experience gained from his first term he believes it has better fitted him to discharge the duties of the office in a more efficient manner. His first term has met with many difficult and unusual problems to solve, owing to the worldwide depression and the local drought situation.

He solicits the support and influence of the voter, and if re-elected he assures the voters that honesty and efficiency will prevail in all dealings connected with his office.

LENORAH DEMONSTRATION CLUB MET WITH MRS. EDWARDS

The Lenorah Demonstration club met April 2, at the home of Mrs. C. M. Edwards, Sr. There were thirteen members and five visitors present.

A report of this month's work was given by each member present. A short and interesting program was rendered. The program committee selected characters for a play to be given by the club members, soon.

The next meeting will be with Mrs. C. L. Gerald on April 16. All members are urged to be present, and visitors are invited.—Reporter.

Mrs. J. E. Moffett, Wayne and Mary Sue, left Monday morning for Oklahoma to bring back Mrs. Moffett's mother who has been visiting there for some time.

Mrs. Robert Hamilton and Mrs. Doc Moore and Franchelle, went over to Big Spring, Tuesday morning to see Mrs. Earl Powell at the Big Spring Hospital and the new daughter.

E. M. Ross, J. H. Burk and J. M. Caruth of the north part of the county, were callers at the Reporter office Monday. They reported a good snow fall in their section at the time it rained here last week. Mr. Ross has announced for county commissioner of precinct 3.

Mrs. John Whitson and daughter, Jo June, accompanied Mrs. J. E. Kelly to Midland, Tuesday morning. Mrs. Whitson visited with Mrs. Dick Whitson.

NOTICE BY PUBLICATION OF FINAL ACCOUNT

THE STATE OF TEXAS, to the Sheriff or any Constable of Martin County—Greetings:

Poe Woodard, administrator of the estate of E. P. Woodard, deceased, having filed in our County Court his final account of the condition of the estate of said E. P. Woodard, deceased, together with an application to be discharged from said administration, you are hereby commanded, that by publication of this writ for ten days in a newspaper regularly published in the county of Martin, you give due notice to all persons interested in the account for final settlement of said estate, to file their objections thereto, if any they have, on or before the next term of said County Court, commencing and to be holden at the court house of said county, in the town of Stanton on the 23rd day of April, A. D. 1934, when said account and application will be considered by said court.

Witness, Jno. F. Epley, Clerk of the County Court of Martin County.

Given under my hand and seal of said court, at my office in the town of Stanton, this 3rd day of April, A. D. 1934.

JNO. F. EPLEY,

Clerk County Court, Martin County Texas.

A true copy, I certify:

Milt Yater

Sheriff Martin County, Texas

Select yours now from our new and complete line of styles. Wear them white or dye them to match your gay summer frocks.

WILSON DRY GOODS CO.

MIDLAND, TEXAS

CONOCO INTRODUCES A Remarkable new MOTOR OIL

its lower consumption and greater protection to motors proved by the most convincing test ever made!

THIS new oil has a tremendously increased "film strength"—and a penetrative oiliness to always protect your motor. The "Hidden Quart" never leaves a dry spot or a bearing without lubrication—it resists dilution—and eliminates much trouble caused by carbon and sludge.

The process which gives these exclusive new features is protected by recent U. S. patents. Conoco refines a high quality paraffin base oil and then adds the extra oiliness that is absolutely necessary to obtain the protection and low consumption every motorist should demand.

New and Improved Conoco Germ Processed Motor Oil excels in the most convincing test ever made, under the supervision of the AAA Contest Board.

IN presenting New and Improved Conoco Germ Processed Motor Oil you are furnished facts of performance. You will at once be convinced of the direct value of this new oil. A test so dramatic, so honest, that it will go down in history!

This test was held at the Indianapolis Motor Speedway. The Contest Board of the American Automobile Association supervised all details, thus assuring an unbiased opinion. Six new regular stock cars were delivered direct to them. They tested and measured each to obtain an equal condition in all.

Six brands of motor oil, of the same S. A. E. grade, were used. Five of them, all purchased by the AAA on the open market, were nationally known, widely recognized leaders. The other one was New and Improved Conoco Germ Processed Motor Oil. All cars were then carefully broken in for 2500 miles. Five quarts, a new and complete fill, were put in each car and the crankcases sealed. Then the real battle for supremacy began. The cars were driven for as long as the motors continued to operate.

Here are the results: Oil No. 4 quit at 1713.2 miles; Oil No. 6 quit at 1764.4 miles; Oil No. 5 wrecked the motor at 1815.9; Oil No. 1 ceased its lubricative protection at 2266.8 miles; and Oil No. 3 at 3318.8 miles.

New and Improved Conoco Germ Processed Motor Oil carried on to a total 4729 miles! Over three thousand miles farther than the first oil to go out, and over fourteen hundred miles farther than the final oil of the five!

It is the Germ Processing principle, only used by Conoco, that won the test. This "Hidden Quart" that lubricates all parts at all times—that stays up in your motor and never drains away. Drive into a Conoco Station or Dealer for a fill. You are getting the most in lubrication value that money can buy.

AAA Sanction No. 3001

- 1 The Representatives of the Contest Board of the AAA who supervised every detail of the test.
- 2 Five quarts of each brand of oil were carefully put in the cars by AAA officials.
- 3 The official sealing of crankcases after final fill of five quarts was put in.
- 4 These were new motors before the test. They were wrecked to prove to you how to protect yours.

Warning TO NEW CAR OWNERS...
Some car manufacturers are using new types of bearings which will stand greater pressures and temperatures, resulting from increased power and speed. New and Improved Conoco Germ Processed Motor Oil has been exhaustively tested on these new bearings. The results show that it gives them greater protection against damage than many straight mineral oils now on the market.
Protect your new car by using the motor oil you can be sure of.

The following interesting educational data an Stanton Independent School District was compiled by A. M. Limmer, superintendent of the Stanton schools:

"The Stanton Independent School district has 585 pupils on the census rolls for the year 1933-34. About 500 of these have enrolled in the public schools including the negro and Mexican pupils.

The tax valuation for the current year is \$1,279,282. If 100 per cent of the taxes were to be collected this would amount to \$12,793. The State will forward \$9,360, making a total for all educational purposes of \$22,153. It is highly probable that we will not collect of \$9,000 of the current tax accounts. This make a total educational outlay of \$18,360. The State may allow an additional \$2300 of special aid, making a grand total of \$20,660 for the entire educational program for the current year.

"Considering that only 500 pupils subject themselves to the educational program which includes seven hours per day for a school year of 180 days making a total of 630,000 hours of instruction. Dividing this total of hours into the total of money outlay and we get a quotient of approximately 3c per hour as the cost of the entire educational service rendered a child in the Stanton public schools.

"Should we consider only the amount of this that is raised by local taxes in the Stanton Independent School district we would have to divide the 630,000 hours into the \$9,000 which is paid by local patrons directly into the school fund. We will then get approximately 1 1/2 cents per hour as the cost borne by the local tax payers. If we subtract the \$6,000 necessary to take care of the bonds, salaries (other than teachers), fuel, lights, etc, we will have a sum of \$3,000 remaining in the local fund for instructional service alone. We now have a quotient of 1/2 cent per hour that the local tax payers put into the actual instructional service rendered the children. This is, of course, for the sub-
