

### SNOOTER KNOWS

LITTLE ABOUT EVERY THING AND NOT MUCH ABOUT ANYTHING

IT'S probably with regrets that the readers find this column resurrected this week after an absence of three weeks. For that period of time he has been free of a headache or other ailments brought on from endeavoring to interpret what this columnist was trying to say. As a force of habit the reader scanned the column regularly, not because the matter in it in any way entertained him, but he figured that at sometime the brain-gearings of the columnist might slip into their right cog and say something from which he would get a kick.

The occasion for the non-appearance of this column came about through the "vacationing" of its conductor. You know such world-renowned columnists as Arthur Brisbane, O. O. McIntyre, and others, have their regular seasons of the year for "taking off" from work and resting. Since our advent into the class with these afore-mentioned scribes, we are obligated to stand by the code.

Some of the columnists go to Europe to enjoy their vacations but we believe in spending our money at home "seeing our community first," so we "vacatinned" in attending to the other very "light" duties found in a print shop, and allowing the heavier and more weighty problem go to thunder, hence we unhitched from the plow that cultivated this column.

AS these words are being written, Mr. Dillinger, a bad man with a record reaching back to 1924, is hopping about from place to place, one jump ahead of the officers who are after him. By the time they are in print, he may be behind bars, and then again, he may not, if past experience is to be relied upon. There may even be no Dillinger to write about, since an official of the Department of Justice is quoted as hoping that the desperado may be taken under such circumstances that the government will be spared the expense of a trial. Those are ominous words, but not sharper than the occasion demands. While no sympathy should be wasted on the object of the man hunt, one cannot help but pause and think, upon reading the statement that he is known to have visited his family. Few would care to share the anxiety which must exist under that particular roof tree.

Barrow is dead now, but when alive every now and then the report spread that either Dillinger or Barrow had been seen at some point in West Texas. When the rumor had been run down it was found that some guy had started it afloat as a joke.

Many cars have been seen in this country loaded down with machine guns and high-powered rifles in them. The windshields were full of bullet holes, etc., according to reports from various parties. But those who had seen such cars were unable to tell whether it was Dillinger or Barrow beside the arsenal.

THE SAN ANGELO STANDARD recently issued a mammoth special edition commemorating the 50th anniversary of that excellent daily newspaper. The Standard and Times are published by the same company, one a morning newspaper and the other covering the evening field. Tom Green county is a mecca for historical lore. To dig it up and assemble it into reading matter that will hold the interest of the reader, is an undertaking that only trained and gifted writers can perform, and this the Standard revealed in its splendid anniversary edition.

THERE will be several thousand dollars come into Martin county this summer from one industry, alone. The one to which we allude is in its infancy in this county, but it is growing rapidly. It is that of the sheep and wool industry. Thousands of head of sheep are numbered in this county at the present time where a few years ago none were to be found. Sheep shearing is over and the many thousands of pounds of wool are now in storage at San Angelo, waiting to be sold at a certain price, providing the growers can get it.

# The Stanton Reporter

Published Every Friday in The Finest Climate On Earth, Where Health, Happiness, and Prosperity Awaits The Homemaker

VOLUME TWENTY-EIGHT

STANTON, MARTIN COUNTY, TEXAS FRIDAY, JUNE 1, 1934

NUMBER THIRTY-SIX

## Martin County Receives Poison To Kill Ravens

The Poison To Be Sold To The Farmers At Wholesale Price

Martin county has obtained a supply of poisoned corn to be used for the eradication of ravens, the corn being furnished by the commissioners' court at wholesale price to those needing it, and it is the belief of the court that the elimination of these pests will be of tremendous economic importance to this county.

Martin county is being joined in this movement by Midland, Andrews, Ector, and Dawson counties which should effectively decrease the number of ravens which rove over this scope of country.

The poison may be obtained at the court house on application to County Judge Lamar or County Agent Debnam.

## SHEEP TO NEW PASTURE

Earl Powell and John Cox started Wednesday of this week moving sheep to their ranch north of Snyder. Mr. Cox and family will move to the ranch to make their home.

There are 1409 head of sheep in this herd being driven through to the Snyder ranch.

Running streams, trees, and a ten room ranch house make it a very desirable place to live.

Bill Neal is moving 500 head of sheep from the Powell ranch to the Quinn ranch.

It is bad when a business goes on the rocks, and perhaps worse when the old homestead is disposed of by mortgage foreclosure and the auctioneer's hammer. Perhaps the most unusual and regrettable incident of the existing hard times is that it has been necessary to close schools or permit teacher's salaries to remain long unpaid. A business can be re-established, a new home can be found, but a year lost out of a child's education never can be replaced. It is with a good deal of satisfaction, therefore, that newspaper readers note that the House has voted about a half billion dollars to keep open schools which are in need of monetary assistance. One of the best works that the N. R. A. can accomplish is to provide against illiteracy in future generations, since it is the citizenry, and not mere material wealth, which, after all, constitutes the best assets of the land.

The Reporter is made cognizant of the fact the severe penalty attached to its carrying advertising or any reading matter alluding to prizes given away by merchants or any individual, attached to which is a chance. The program that is being carried out by Stanton merchants at their Trades Day, the Reporter is prohibited by the postal laws to print any advertisement or even mention in any news article that prizes are to be given away. According to the postal laws it constitutes the publishing a lottery program, to which is attached a severe cash fine and penitentiary sentence. Guilty of such offense the mailing privileges accorded the paper through the postal department can be taken away. This federal law went into effect to wipe out the Louisiana lottery, and in framing it, just about everything to which a prize is awarded, the newspaper is prohibited from mentioning it.

We note here of late, where towns to stimulate trade, have inaugurated the prize plan, and some of the papers have been carrying advertisements and news articles mentioning the plan, etc. This is an infraction of the postal laws, and the publisher found guilty of such must suffer the consequences at the hands of the federal government.

THIS newspaper is now under a code regulating the prices to be charged for commercial printing, such as job work. In several instances the prices are increased over prices charged by the Reporter before the code prices went into effect. We have no choice in the matter, we are obligated to charge according to code prices set for the printing industry, and we are going to "stand hitched."

## CLOSING EXERCISES OF PUBLIC SCHOOLS WELL ATTENDED

TWENTY-SIX CERTIFICATES GIVEN TO STANTON ELEMENTARY PUPILS FOR NEITHER ABSENT NOR TARDY.

All the exercises of the closing days of the Stanton public schools were well attended, the auditorium being packed almost to full capacity each time.

On Saturday night Principal W. V. Stephenson presented diplomas to 26 graduates and perfect attendance certificates were presented to 26 elementary school pupils by M. N. Hale, Superintendent Limmer welcomed these graduates into the Stanton high school.

Sunday morning at 11:00 o'clock the Baccalaureate Services were held at the school auditorium. The service was opened by the congregation singing: "Come Thou Almighty King," being followed by the invocation led by Rev. W. S. Garnett. The Scripture reading was done by Elder G. B. Shelburne, the same being the 8th chapter of Proverbs. The Rev. W. J. Coleman, minister of the First Presbyterian church, Midland, delivered the sermon entitled "What is Man?" The benediction was said by Rev. Jim Sharp. Miss Georgene Bullock played the professional and recessional.

Monday evening at 8:15, the high school seniors bid the Stanton high school farewell. Seated on the stage were the eleven seniors behind appropriate stage decorations. They wore the regulation caps and gowns. Following the invocation led by Rev. W. S. Garnett, Miss Allene Long gave the salutatory address. After a special senior quartet number, "Jiggs" Hall, gave the valedictory address. The speaker of the occasion, Hon. George H. Mahon of Colorado, was briefly introduced by Supt. Limmer. Mr. Mahon, in a very effective manner, delivered an excellent address entitled, "The Spirit of Pioneering."

Mr. Limmer representing the board of education, delivered the diplomas. Elder G. B. Shelburne said the benediction. Miss Bullock was pianist for the occasion.

Twenty-six Certificates Awarded Twenty-six pupils in the Stanton Elementary school received certificates for being neither absent nor tardy during the 1933-34 school term. Two of the seventh grade graduates of this year completed their grammar school career by being neither absent nor tardy during their entire school life. These pupils are Carrie Bell Bassett and Cecil Glasser. Curtis Heaton has been neither absent nor tardy for five years.

The list below consists of the above mentioned pupils: Virginia Atchison, Yvonne Atchison, Barrie Belle Bassett, Annie Marie Bullock, Howard Creech, Jack Davis, Cecil Glasser, Curtis Heaton, R. E. Tom, Mozelle Heaton, Thomas Heaton, Anna Belle Davis, Maurine Carter, H. A. Hull, Jr., Cecil Hay, Herbert Nance, Sterling Stamps, Frances Renfro, Thomas Morris, Thessa Ruth Hull, Ruth Mintz, Verner Liles, Ollie Dell White, Hugh White, Hazel White.

## COUNTY CONTRACTS ARE CERTIFIED TO SENT TO WASH'N

STATE BOARD OF REVIEW APPROVES COTTON REDUCTION PROGRAM AND IN SHORT TIME CHECKS WILL ARRIVE

The State Board of Review for the cotton reduction program at College Station has issued certified approval of Martin county contracts and these have been sent to Washington. The checks should be forthcoming immediately, according to County Agent S. A. Debnam.

Some ten or twelve checks have already been received, and since the first counties have only been certified only a short time it is hoped that the reduction money will be in Martin county soon.

More than 60 counties in Texas lack certification and none north of Martin county were certified at the time this county was approved, consequently the local committee is very hopeful that it will not be the last to get its money as in the plow up campaign of last year.

The final analysis of the State Board attributed to Martin county an average of more than 19,000 bales of cotton for each of the last five years up to 1933. It is the belief of the committee that Martin county received its full quota of cotton in spite of the fact that much of this was ginned outside of the county during this time.

County Agent Debnam expressed his appreciation of the efficient work of the committee also the co-operation of the farmers of this county with the committee which enabled them to obtain certification of Martin county the first time these contracts went before the state board.

Many counties are having to reduce contracts the second time which is causing considerable delay and this county is indeed fortunate to avoid this.

Final figures show 668 contracts accepted for Martin county which is 94% of the total number of farms in this county.

## W. B. MONTGOMERY DIES AT CALIFORNIA HOME

Mrs. J. E. Millhollen received a message Tuesday from Mrs. W. B. Montgomery at Los Angeles, Calif., that her husband passed away Monday, and would be buried Thursday at Alhambra, Calif. Surviving besides the wife are two daughters, Mrs. McMillen and Mrs. Stella Myers and two sons, Stayton and Ed Hall Montgomery, all of California.

Mr. and Mrs. Montgomery were residents of Stanton and Martin county for over thirty years before moving to California. Mr. Montgomery went to California to be treated by a specialist for an illness from which he died.

The many friends living in Martin county and Stanton extend condolence to the bereaved family.

Benediction	Rev. W. S. Garnett

## Ice Cream Sale Held At Goldsmith Met With Success

PROCEEDS TO GO TO DEFRAY EXPENSE SENDING REPRESENTATIVE TO A. M.

VERNIA STEPHENSON

The ice cream sale put on last Tuesday night by the ladies of the home demonstration club, was a big success. The purpose of the sale was to help raise money to pay the expense of a representative to the Short Course at A. and M. college this summer. A one-act play, "Twelve Old Maids," was presented, and received hearty applause. Those taking part in the play were: Mrs. Willie Green, Loyall Carr, F. C. Collins, E. M. Ross, Bill Stephenson, Ted Carroll, E. W. Johnson, Harvey Williams, Jeff Williams, Misses Katy Scott, Odelle Caruth, Lillian Adams, Vernia Stephenson, Maud Dillingham; Messrs. Edward Scott and Odie Caruth. The play was directed by Wm. E. Denton.

After the play the candidates were given a chance to speak.

Clyde Thomas, Big Spring, candidate for district judge led off the program. He is a professionally learned lawyer. He stated that he had always wanted to serve as a district judge. He has had practice in the State, Federal, and Trial courts, the supreme court being the only one in which he has had no experience.

Judge J. S. Lamar of Stanton, candidate for re-election to the office of County Judge of Martin county, commended the community spirit exhibited by the Pleasant Valley and Goldsmith communities and the ladies club for the good work they were doing. He called attention to the importance of the diet, especially of children, and says the mentality of the child depends on food and nourishment given it.

Judge Lamar said he expected to see all the voters at their homes.

Wm. E. Denton, candidate for County Judge, and at present teaching in the Goldsmith school said if elected he expected to get in on honesty. He would represent the people with no special favor to the home box, but when occasions arose he would do what was right. His platform might be called a square deal to everybody. If this is a new deal then he aims to give you a new deal. Mr. Denton has been teaching school in Martin county for the last three years and has a knowledge of the school needs, and states it is necessary to know the rural schools of the county as they are now in order to help them. Mr. Denton has studied law and expects to stand the bar examination soon.

E. M. Ross, candidate for commissioner of Precinct 3, stated he had been solicited by friends to make the race. He will endeavor to take care of the needs of the people to the best of his ability. He gave as reference, the timers of the county.

R. W. Hamilton, the present appointive district attorney, and who is asking the voters to elect him to this office was unable to be present on account of pressing legal business connected with his office, sent a contribution of \$1.00 to the ladies' club for which they publicly thanked him and gave their appreciation.

## MANY STANTON TEACHERS TO ATTEND SUMMER SCHOOLS

More than half of all Stanton teachers will attend summer schools in various parts of the state. Mr. and Mrs. W. C. Glazener and Mr. and Mrs. Rufus Hyde will do graduate study at the University of Texas at Austin.

Mrs. Larry Morris and Miss Beryl Tidwell will attend Sul Ross Teachers College at Alpine.

Mrs. Eva Maggart will be at Texas Tech, Lubbock.

Miss Lila Fae Everett will go to C. I. A., Denton.

Miss Mary Helena Price will attend Colorado Teachers College in the state of Colorado.

Mrs. J. P. Boyd drove down to Big Lake, Friday, returning Saturday morning accompanied by her daughter Lela Hazelle, who has been teaching there. Miss Boyd was head of the Spanish department and also sponsor of the Senior class, assisting in giving the diplomas at commencement. She has been retained for the next school year.

## MRS. G. L. JONES GETS CERTIFICATE APPROVAL V. H. C.

FEW RECEIVE CERTIFICATE OF APPROVAL YEAR AFTER AS RECEIPT HAS THIRTY-FIVE HAVE BEEN DROPPED.

A. M. LIMMER, Supt.

Each year the State Board of Vocational Education issues certificates of approval to vocational home economics teachers. Not every teacher gets this approval year after year. It is, therefore, a pleasure to announce that such certificate has been received by Mrs. G. L. Jones, home economics teacher for the Stanton high school.

The following letter has been received from Austin explaining certain requirements:

"Teachers deserving a Certificate of Approval without question for 1934-35 will find their certificate enclosed with this news letter.

"Teachers who have not been visited, or concerning whom there is any doubt, will find their certificate is being withheld at this time. In some instances special courses are to be taken in summer schools and reports upon these courses are to be submitted to the State Director of Home-making Education, thus satisfying a condition for the renewal of the certificate. You are familiar with your own situation, and in some instances when the certificate is withheld you will understand why this is so.

"Superintendents are being warned that each and every teacher of vocational home economics must hold a Certificate of Approval by September 1934. You will know whether you can meet the conditions by that time, and will not misrepresent matters, we are sure. We regret that because of unsatisfactory work, due to various reasons, we are having to drop about 35 persons from our lists of approved teachers this year."

## O. L. M. Academy Closing Exercises

Rev. J. A. Sirois Congratulated Teachers, Graduates, Children And the Parents

The Academy held their commencement exercises last Friday evening, May 25th, at 7:30 P. M., in the school auditorium. The following program was rendered:

PLEASANT VALLEY

Mr. and Mrs. Howard Chapman entertained the young people Saturday night with a party. Everyone enjoyed the occasion.

Mr. and Mrs. G. C. Custer and daughter, Lois, of Post, spent the week end with F. C. Collins and family.

Noel Singleton and Maurice Ross, who have been attending school at Lamesa, graduated Friday night.

Mr. and Mrs. L. Collins spent Sunday afternoon with Mrs. C. M. Turnbull at Klondike.

Mr. and Mrs. E. M. Scott attended the graduating exercises last Friday night at Lamesa.

At the close of school, the Pleasant Valley high school students will present the plays: "Eyes of Love," and "Wild Ginger."

LINE

Clyde Pruett of Garden City, spent the week end with Art Rogers.

Cliff Brown gave the young folks a party Saturday night.

Vernon Johnson, who has been attending school at Garden City has returned to his home.

Louise Rogers and Geraldene Ledbetter of Stanton, spent the week end in the A. T. Rogers home.

The Boy Scouts are giving a fine program and box supper Friday night.

Large number of people from here attended the closing program of the Stokes school Friday night.

GOLDSMITH

Mr. and Mrs. H. E. McNew and children of Sparsburg, spent Sunday with Mr. and Mrs. Elbert McNew.

Odie Carruth is visiting Noel Singleton at Lamesa.

Mr. and Mrs. Charlie McGregor of Patricia, spent Sunday with Mr. and Mrs. Ed. Snell and family, Iva Nell McGregor, who has been visiting for the past week in the Snell home returned home with her parents.

Visitors in the Ted Carroll home Sunday were: Mr. and Mrs. Willie Green and son Johnny Wayne, Mr. and

Welcome Sarah Hanson, Prop.

Mrs. Bill Stephenson and daughter, Reba Nell and Wm. E. Denton.

Visitors in the W. S. Kelton home Sunday were: Mr. and Mrs. Dewey Gilbert and children of Moore's Hill, and Mr. and Mrs. H. J. Stephenson and children.

Maxine and J. E. Hridgee and Mrs. Ted Carroll, have the measles.

Mrs. Rube Lambright took suddenly ill Saturday evening and was carried to Lamesa. She remained at her mother's home and was better at last report.

Wm. E. Denton, L. Carroll and Bill Stephenson, were in Stanton and Big Spring, Saturday.

Mr. and Mrs. Buck Kelton and boys of Crane City, visited the first of the week with his parents, Mr. and Mrs. W. S. Kelton.

Buck and W. S. Kelton went to Odessa, Friday. Mrs. W. S. Kelton spent the day with her daughter, Mrs. Jack Wilmon, in Midland.

Prof. Wm. E. Denton, honored his players Sunday by serving them ice cream and making their pictures in costume as they will appear in the school play, "The Little Clobdopper," to be given Thursday evening.

Edith Lambright honored Irene Johnson with a birthday party Friday evening. Games were played and cake was served to a large number.

Jack Estes of Stanton was up Thursday looking after his ranch.

W. W. Brunson of Midland, came came up to Golden Smith ranch Wednesday.

J. A. Bigby of Garden City left the Guy Weeks place 18 miles west of Lamesa, last Wednesday with about 100 head of cattle, taking them to Garden City. The cattle were put on the Guy Weeks pasture last winter, but it has been so dry here there is very little pasture now.

There has been plenty of rain in Glasscock county and grass is good. There are lots of sheep in that county and Mr. Bigby sheared last week. He says there is more money to be made from sheep than from cattle at the present.

"Flop" Roberts at the North Curtis place, branded calves Thursday and also two days of last week.

Aubrey McWhirter recently bought 51 head of cattle from Cal Houston of Stanton, and brought the cattle to the North Little place. They are good blooded cattle and in good condition. This is Mr. McWhirter's first venture in the cattle business. He is a former Golden Smith school teacher and it is present employed in the Moore's Hill school, this being his third year, and has been re-elected for next term. Mr. McWhirter has gone to Commerce where he will take a Bachelor of Science degree.

VALLEY VIEW

Mr. and Mrs. Earl Brant and son, Earl Jr., and Miss Earline Rutledge, were in Big Spring, Saturday.

Ultra Modern Bus To Run Thru Stanton

Fifteen New Ultramodern Buses For Greyhound

New Buses To Fly Over This Route Through Stanton By June 15

Fifteen new ultramodern buses will be placed in service over the Southwestern Greyhound Lines by June 15, Paul W. Tibbets, president of the company announced today.

The new buses will operate through this city and will provide transportation from St. Louis to El Paso via Tulsa and Dallas without changing buses. Only one change is necessary between St. Louis and Los Angeles.

Although the buses have been ordered for several months, the great demand for this improved type of coach by Greyhound companies throughout the nation has made it impossible for the Southwestern Greyhound Lines buses to be delivered before about June 15. Normal capacity of the buses will be 35 passengers, with folding aisle seats providing for a total capacity of 40 persons in addition to the driver.

The new coaches are being built according to the specifications of the

Greyhound company. They will embody the latest principles of streamlined bodies and all the latest improvements of motor coach engineering. Increased leg room for passengers; even more comfortable, individual deep-cushioned reclining chairs; and a new ventilating system affording optional control at each window will be popular features of the new coaches. Riding comfort will be further increased through the use of special long-length, tempered springs, Gruze shock-absorbers, and over-size balloon tires. Tropic-Aire heaters, front and rear, for cold weather will be standard equipment.

Extra powerful four-wheel air breaks will provide a total braking surface of 863 square inches. Windows are of shatter-proof glass throughout. Road delays are virtually impossible, in view of the fact that the engine is entire dual. Dual type carburetor, dual ignition, dual fuel pump, dual fan belts, dual spark plugs—operate together or independent of each other to insure continuous perfect operation en route. Increased power and smoother performance of the engine are provided, including quicker pick-up in low gear.

Man's Heart Stopped, Stomach Gas Cause

W. L. Adams was blotted so with gas that his heart often missed beats after eating. Adierika rid him of all gas, and now he eats anything and feels fine. J. L. Hall, Druggist.

# Photos Clyde and Bonnie's Last Stand

Courtesy MIDLAND REPORTER-TELEGRAM

Here is the car in which Clyde and Bonnie rode to their rendezvous with death. More than 70 bullet holes are shown in this picture, and it was thru this window the six officers poured their stream of lead into the desperadoes.

Inseparable in their wild career of murder and banditry, Clyde Barrow and Bonnie Parker posed for this picture before the law had chased them to their last hideout.

## Members of Posse That "Got" Killers

Frank Hamer

Ted Hinton

Bob Alcorn

Clyde Barrow went to his death grabbing for a sawed-off shotgun, but before he could bring his weapon into play effectively he went down with approximately 60 bullet wounds in his body. This picture shows him being taken from the death car.

Lying by the gun, Bonnie went to a violent death by the same route with her hand-picked partner in murder and banditry. Like Clyde, she grabbed for a gun; like Clyde she went down with half a hundred bullet wounds. Above she is being taken from the car in which she took her last ride.

## NEW TEACHERS FOR NEXT YEAR

( From Courtney Round-Up )

The board of trustees met in called session Saturday night, May 12, and elected Miss Geneva Middleton to succeed Miss Bulsterbaum, and Mr Will Joe Starr, of Cisco, Texas, to succeed Mr. Sale.

The vacation plans of the teachers are varied. Mrs. Jackson is going to spend the summer with her mother at Meridian, Texas. Miss Ruth White will spend the summer in East Texas at the State Teachers' college. Mr. Sale will attend Texas Tech. Miss McReynolds will go to the Texas University. Miss Bulsterbaum will spend the summer in Dawson county, soliciting votes for the office of County Superintendent.

We hope she will spend the next year in that office.

Mr. White will return to his home in Franklin county to spend the summer with friends and relatives.

**TOM GOOD IS PAID \$91,000 FOR 3628 CHOICE YEARLINGS**  
 One of the largest cattle transactions completed in this portion of West

Texas, was consummated Monday and Tuesday when Tom Good of this city delivered to Kilpatrick Brothers of Beatrice, Neb., at the loading pens of the Santa Fe Railway at Lamesa, 3,628 choice white faced yearling steers. Because the loading pens at Lamesa were inadequate it was necessary to divide the baby beeves into two herds; loading one Monday and the balance

Tuesday. This necessitated two crews of cowboys and two chuck wagons. There were eighteen cowboys on the job. It certainly looked like a picture out of the early days in the West to see these large herds being moved from his ranch in Borden county to a railroad for holding—the only difference being that the cattle of the present day are far superior for beef than were the old West Texas longhorn.

Sixty-eight cars were needed to transport the cattle to pasturage at Imperial, Alliance and Superior, Neb. The baby beeves averaged around 500 pounds and Mr. Good received approximately \$91,000. for the shipment.

Kilpatrick Brothers have been coming to Mr. Good for a number of years for baby beeves as they have found the yearlings and other steers he has turned out finer beef cattle than any

they secure in other sections.

So impressed were the officials of the Santa Fe Railway by the business Mr. Good turns to them that they have ordered adequate loading pens constructed at Lamesa to take care of future shipments.

Mr. Good is receiving this week 300 from the OX ranch of Mrs. George Wolcott of Midland.

Due to the need of moisture, and danger of curtailed pasturage he will

only summer 200 cows and 600 yearlings on his ranch in Borden county.—Big Spring Weekly News.

We read in the press of thirty earthquake shocks in western states in one day, and it doesn't give us a thrill. But, then, we get a shock from Washington about every hour in the day and don't even bat an eye.

## YOUR STOMACH

It's time to do something when:

- You can't look a meal in the face;
- Eating always means stomach pain, distress;
- Gas, belching, bloating give you daily discomfort;
- You're nervous; you lose sleep; you're dragging around "half alive."

If that describes you, then you already know baking soda and things like that don't do any lasting good. If you're going to get that stomach back on the job—where you can eat what you like and enjoy it, sleep like a log, feel "like a million dollars"—isn't it common sense to get after the cause?

Every day your body must purify itself of certain poisons and purities that otherwise result in sickness and pain. When it cannot do this vital work properly it must have help. Many already have found this help in Crazy Water Crystals. Thousands of them have written us: "I can eat what I like once more. I am sleeping soundly. I feel ten years younger."

Crazy Water Crystals are taken from a great cleansing, purifying mineral water—they were prepared by old Mother Nature herself. They are *not* some human being's idea of how this cleansing ought to be done. Nothing is added to them. Anyone who tells you a different story does not tell the truth. This cleansing means a great deal more than just moving the bowels. This mineral water—made at home with Crazy Water Crystals—cleanses the system—not just the digestive tract. The part played by the kidneys in this purifying work is as great as, or greater than that of the bowels. And drinking this mineral water increases elimination through the kidneys as well as through the digestive tract.

This explains why so many thousands of victims of other troubles besides stomach disorders—many of the aches in muscles and joints which they call "Rheumatism," "Arthritis," or "Neuritis;" terrible backaches; headaches; loss of sleep and extreme nervousness; and some things less serious, like ugly skin, foul breath, etc.—bless the very name "CRAZY." The way to up-root a trouble like this is to get right at its cause. We do not believe Crazy Water Crystals are magic. They are not a cure-all. But if your life is being made miserable by one of these troubles, give them a thorough, honest trial. Get a package today. Stay with them a month at least. It will cost you only a few pennies a day, at the most. And then let your own common sense tell you how much better you feel.

### Strange Lives of the Dinosaurs, in a New Book

(Above) Tyrannosaurus Rex, hercer of flesh-eaters, attacking his ancient enemy, Triceratops.

(Left) Stegosaurus, a 25-foot plant eater, with armor-plated spine and spiked tail.

(Below) The "thunder reptile" Brontosaurus, who shook the ground with his tread.

**THE DINOSAURS**, those strange monsters inhabiting the earth many ages ago, are described and pictured in the "Sinclair Dinosaur Book", issued for use by high schools, colleges, and libraries. The book is scientifically accurate in all details, its production having been supervised by Barnum Brown, Curator of Fossil Reptiles at the American Museum of Natural History, New York. The dinosaurs in their native surroundings, also engaged in their terrible fights, are shown in a series of original paintings by James E. Allen. Reproductions of these paintings in full color illustrate the book. Among the illustrations is also a reproduction of a nest of dinosaur eggs discovered in Mongolia by an expedition from the American Museum of Natural History. Lives of the dinosaurs are described in authoritative text. The book includes a geologic time chart covering a cycle of almost 2,000,000,000 years, together with pictures of characteristic life appearing in all periods known to science. For the information of students who may have opportunity to study dinosaurs at first hand, the book lists natural history museums in the United States which display actual dinosaur remains. The demand for further information about these weird beasts which was created by the Sinclair Dinosaur Exhibit at the Chicago World's Fair led to the production of the book by the Sinclair Refining Company, New York.

Where Barrow and His 'Moll' Died

This map shows where Clyde Barrow, bandit terror of the southwest, above, and Bonnie Parker, his "gun moll," right, came to the end of their criminal careers, riddled with machine gun bullets in a police ambush along a narrow road between Mt. Lebanon and Sallis, La., about 49 miles east of Shreveport. Texas and Louisiana officers, hidden along the road, poured a volley into the outlaws' car, as sketched, and the pair died before they could reach for the machine guns in their laps. The auto was damaged so badly that a wrecker towed it, with its gruesome burden, to Arcadia.

Rev. Jim Sharp of Stanton filled his regular appointment Sunday. There will be Primitive Baptist preaching here Sunday, June 3, by Rev. Wylie Dale at 11:00 A. M.

Mr. and Mrs. G. W. Webb, and Mr. and Mrs. J. C. Webb attended church Sunday at Lone Pilgrim. Miss Vestal McClane returned with them. Mrs. E. D. Haynes.

Mrs. J. B. Harvard of Stanton, visited Wednesday with her parents, Mr. and Mrs. G. W. Webb.

Morris Donelson of Line, is visiting with his sister Mrs. Mary Gerald Mr. and Mrs. H. W. Deussenport were Sunday visitors in Three League

Mr. and Mrs. E. Dean Haynes spent Monday and Tuesday with her parents Mr. and Mrs. W. H. Randolph at Tazsan. Her brother Elvin returned with them.

T. H. Bass was in the Flower Grove community Monday.

Mr. and Mrs. Irvin Webb entertained Wednesday night of last week with a musical and "42" party. Cake and coffee were served.

Miss Verda Beene is on the sick list this week.

Mr. and Mrs. C. E. Willingham visited Sunday in Stanton.

The Lenora H. D. club will meet Monday, June 4, with Mrs. Orby Hull

4-H CLUB NEWS

MYRTLE MILLER, H. D. A.

butes her success to care of the young poult. In addition to the 124, she has 75 eggs setting.

English peas and green beans have been served by Mrs. Vernon Haggerton, food demonstrator of the Lenora home demonstration club, from her winter garden. The second planting, of radishes and carrots has been made. By successive planting, Mrs. Haggerton hopes to have short life vegetables throughout the summer.

CALIFORNIANS HONORED BY MRS. WOLCOTT WITH BRIDGE

Cut flowers in profusion formed the decorations in Mrs. E. R. Wolcott's lovely ranch home Monday evening, May 28th, when she entertained, honoring her sister, Mrs. J. O. Summers of Los Angeles, Calif., and Mr. Summers, who are spending their summer vacation among Texas relatives and friends.

Home-grown and made wine was passed during the games and ginger ale fix at the refreshment hour. Lovely prizes were awarded for high and low scores. Mrs. Odie Hazlewood taking ladies' high; Miss Johnnie B. Collier, ladies' low; Mr. T. Windy, captured high for the gentlemen, and Mr. Travis Scott, low.

The honoree was charming in a pink chiffon tea gown with white accessories. The hostess wore blue, also with white. She was assisted in receiving and serving by Miss Marie Nicholson.

The guest list included: Mr. and Mrs. Frank Orson, Mr. and Mrs. T. Lindsey, Mr. and Mrs. Ode Hazlewood Mr. and Mrs. J. A. Tom, Mr. and Mrs. Summers, Miss Johnnie B. Collier, Mr. Travis Scott.

TWO PERSONS HURT BY HORSES FALLING WITH THEM

Felix Cox, who works on the Quinn ranch for Bill Neal, was thrown from a horse the past week. The horse stumbled over a plow throwing Cox on the plow and then falling on him. His right leg was badly crushed and on Tuesday at a Big Spring hospital a part of the crushed bone was removed and a silver plate inserted.

While this operation was being performed Grady Cross was brought to the hospital with an injured shoulder and collar bone, the injury being so serious it was necessary to take X-ray examinations to determine the extent. His injury was also caused by a horse falling with him.

MRS LARRY MORRIS AND CHILDREN GO TO ALPINE

Mrs. Larry Morris and children, Mary George and Thomas, are leaving this week for Alpine for the three summer months. Mrs. Morris will be joined there by her sister, Mrs. Lee Palm of El Paso and the sisters will make their home together while Mrs. Morris studies at Sul Ross.

MONSTERS OF OCEAN SHOWN

CAPT. FRANK LEE HAS EXHIBIT CAR FULL OF ODD FISH

Sea monsters on parade!

Said to be the finest collection of sea animals in America, Capt. Frank Lee's exhibit car of specimens now being displayed on Redondo boulevard and will be transported to the Chicago World's Fair in June. A portion of the receipts will go to the Parent-Teacher association for the organi-

zation's free milk fund, it was announced today.

The huge display contains, among other specimens, a real whale 20 feet long, a giant octopus, a shark, a crucifixion fish, a turtle weighing 1000 pounds, an Australian crocodile and the following kinds of fish: Spade saw, shell, star, scalpin, sea horse, pig-face, porcupine, sea crab, oriental sun and Japanese blow, and 150 kinds of sea shells from all over the world. —Los Angeles Post-Record.

Watch the Stanton Reporter for date of showing here.

**TOO MUCH RAIN**

That sounds "fishy" coming from a citizen of Martin county when such a remark is in reference to a rain falling this county this year. But J. F. Willingham, candidate for sheriff, is responsible for the statement. He was up in the Three League community Monday electioneering, and said a rain fell in that community that washed corn stalks up in to mesquites two feet high and many places sand dunes had been washed up by the rain. The rain fell Thursday night a week ago. This section had been one of the very dry areas in this county.

Mr. Willingham said the farmers and ranchmen were dancing around on one foot and acclaiming they live in the finest land out of doors.

Virgil Stephenson, principal of the grammar school, has returned to his home at McCauley.

Miss Johnnie B. Collier is spending the week on the Hazlewood ranch, the guest of her sister, Mrs. Ode Harwood.

**HAMILTONS HAVE A GIRL**

Mr. and Mrs. Robert Hamilton have a girl, born at the Big Spring Hospital, Tuesday the 29th of May. They plan to call her Emily, a family name.

Meiba Wilson, daughter of Mrs. Mary Wilson, was a member of the '34 class of the Big Spring high. Their commencement exercises were held last week and Meiba's grandparents, Mr. and Mrs. John Atcheson attended. Mrs. Wilson and family lived in Stanton before going to Big Spring to make their home. Woodrow Wilson, a former star on the Buffalo football squad, is attending the School of Mines at El Paso, and has made a name for himself on the squad at that school.

Mr. and Mrs. W. C. Glarner and son, Stanton, left early Wednesday morning for their summer vacation in several points in South Texas, to Kingsville, first. They will attend the University at Austin this summer. They were accompanied by Miss Eleanor Merle Zimmerman and Leta Ruth Eldson, who will stop at Las Palmas to visit with relatives of Mrs. Walter Zimmerman.

Mr. John Whitson and baby daughter Jo June and Huey Woody, accompanied Miss Lorraine Reispap to her home at Ranger, Sunday, to attend the commencement exercises of the Ranger High school. Miss Reispap had a sister to graduate.

Mr. and Mrs. W. N. Flanagan, accompanied by their daughter, Mrs. George Tom and granddaughter, Mrs. Sam Wilkinson, left Tuesday for Crystal City, where Mr. Flanagan expects to go under the treatment of a specialist. The family returned leaving Mr. Flanagan there.

District Attorney Bob Hamilton, was over from Big Spring for a short time Tuesday afternoon receiving congratulations on the arrival of their only daughter. He returned Wednesday morning to continue his duties in district court there, accompanied by his son Bill and Miss Dorothy Hamilton.

F. M. Schell of Dallas, spent Sunday with his brother Robert of the Schell Mercantile Co. This is the first time Mr. Schell has been back to Stanton since he left 25 years ago. He married Miss Cora Boyd, who, at that time was an employe of the telephone company.

Mrs. Marshall, son and daughter, Arnold and Ruby Jo and Miss Ruby Hendrick of Lorraine, were week end guests of Mrs. Ruby Robertson. Mrs. Marshall and Arnold returned Sunday evening, the girls remaining for a more extended visit.

Dr. P. M. Eristow is able to be down town again after being confined to his home several days with illness. The doctor doesn't look like he had been wrestling with any illness—he's as fat and jassy as ever.

Miss Myrdell Thompson, daughter of Mr. and Mrs. Les Thompson, left Wednesday morning for Abilene to visit a few days with relatives, after which she will go to Ballinger to visit her grandparents.

Miss Elva Russell, who attended Our Lady of Mercy Academy this year, returned Saturday to her home at Marfa.

Miss Winifred Deavenport returned Tuesday night—from a visit to her

**Bonnie's in a Gunplayful Mood**

Bonnie Parker, southwest gun moll, known as "Suicide Girl," is in playful mood when this picture was snapped. She was shooting her companion, believed to be Clyde Barrow, much-wanted bandit, her technique in handling a gun. The picture was found in an outfit abandoned in Fort Worth, after the barrow gang had shot their way out of a trap.

**•• A DOLLAR AND A HALF WORTH OF OIL PROTECTED THIS MOTOR FOR OVER FOUR THOUSAND MILES!**

**Low Consumption and Motor Protection proved in the most daring and convincing Motor Oil Test ever made . . .**

WHEN New and Improved Conoco Germ Processed Motor Oil was perfected, it had lubrication values so great that a mere statement of them would seem absurd. Could you believe that any strictly stock motor could run 4,729 miles on just five quarts of oil before working itself? It did—and Conoco proved it in competition with five widely known, nationally advertised, quality brands of motor oil!

The competition was held at the Indianapolis Motor Speedway, under the supervision of the Contest Board, American

Automobile Association. Six new, strictly stock cars, were used—a different oil of the same S. A. E. grade in each.

After the cars were broken in for 2,500 miles, they were drained, examined and a fresh fill of five quarts put in each crankcase. No more oil was added. Then the cranks were sealed by an AAA official. The real test began. It was ordered that they be driven at an average of 500 miles a day at 50 miles an hour until their motors failed to operate. Oil No. 4 was first to fail at 1,713.2 miles. Oil No. 6 failed at 1,764.4 miles. Oil No. 5 ruined its motor at 1,815.9 miles; three of them were out of the running. The next day Oil No. 1 failed to lubricate and its motor wrecked, stopped at 2,266.8 miles.

Two cars—two oils—still left in the test. Oil No. 3, after a remarkable run of 3,318.8 miles, came to a shuddering stop,

and the last competitor of the New and Improved Conoco Germ Processed Oil, was out. The lone car, with this tremendously vital oil, labeled No. 2, went on and on. On the tenth day, at an almost unbelievable total of 4,729 miles, it failed—an all-time record in the contest at a total of five quarts!

The "Hidden Quart" of new oily penetrativeness won—the greater film strength and higher resistance to the effects of dilution—the absence of carbon and sludge—all aided in this great achievement. It firmly supported Conoco's patented principle of added dilution—it proved every claim. Conoco alone can make oil this way. It is covered by recent United States patents.

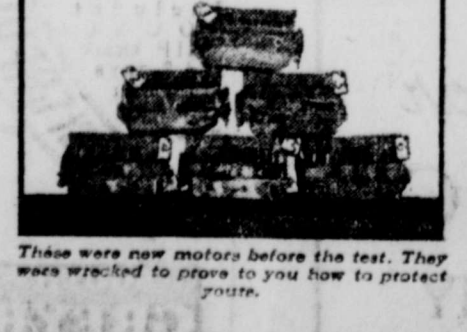

You can have this oil in your car, for it costs no more than other quality oils. Drive into a Conoco Station or dealer, marked by the Red Triangle. Fill and know the satisfaction, the freedom from repairs, the economy of low consumption that only Conoco gives.

Five quarts of each brand of oil were carefully put in the cars by AAA officials.

Here are the Representatives of the Contest Board of the American Automobile Association who supervised every detail of the test and attested to the records made.

The official sealing of cranks after fill of five quarts was put in. No addition of oil was permitted in this "destruction" test.

These were new motors before the test. They were wrecked to prove to you how to protect yours.

**Warning**  
to new car owners . . .

Some car manufacturers are using new types of bearings which will stand greater pressures and temperatures, resulting from increased power and speed. New and improved Conoco Germ Processed Motor Oil has been exhaustively tested on these new bearings. The results show that it gives them greater protection against damage than any straight mineral oil now on the market. Protect your new car by using the motor oil you can be sure of.
