Poll Tax Receipt To Be Required When Voting

Your poll tax receipt or exemption has taken on added importance as a result of recent changes in the election law. When you vote in either the Democratic or Republican primary Saturday, you must present your poll tax receipt or exemption. In the case of over-age voters, they will sign a small form stating they are over 60. The election judge will stamp the receipt, exemption, or form designating the voter's party affiliation as Democrat or Republican. In turn, your poll-tax receipt or its equivalent, after being stamped showing that you voted, qualifies you to attend your party precinct convention. The State election law now requires that you must have voted before you can take part in the precinct convention, or the county convention later.

Based on the unusually large number of absentee ballots marked this year, Haskell County voters are expected to turn out in peak strength for the First Primary Saturday, May 5. Absentee voting has been the heaviest in several years. Wednesday morning 207 absentee ballots had been returned to the County Clerk's office, while 57 were still out. They will be counted if returned by Saturday. Potential vote in the county is estimated at 3,150, based on poll tax and exemptions issued, and over-age voters. For the first time in the county's history, Republicans will hold their own primary with a slate of candidates for Governor, Lieutenant Governor, Railroad Commissioner, Land Commissioner, Commissioner of Agriculture and Congressman listed on the ballot. Also listed on the ballot is Dr. R. A. Middleton for Republican County Chairman. Only Republican polling place in the county will be in Haskell, at the R. C. Couch Sr. residence, 1507 North Avenue E. The precinct convention will also be held there. Democrats will ballot at 17 voting boxes in the county, with polls opening at 8 a. m. and closing at 7 p. m. In Haskell, Precinct 1 polling place will be the community room of the Haskell National Bank. Polling places for Precincts 2, 3 and 4 will be in the courthouse. Democratic voters will ballot in nine contested state races, and in six contested district and county races. Also, contests have developed for Precinct Party Chairmen in Prec. 2, Prec. 4 and 5. Contested district and county races holding major interest of voters are: For State Senator, 24th District, where Sen. David Ratliff of Stamford is opposed by Truett Latimer and Dallas Perkins of Abilene. For Representative, 33rd District, incumbent J. C. (Carl) Wheatley is being challenged for a second term by Foy Baskly of Anson and Roy Arledge of Stamford. County Judge Jim Alvis, seeking a second term, is opposed by Lea Roy Denton of Rule. County Clerk W. W. (Bill) Reeves, candidate for an elective term, is opposed by Carolyn Lusk Reynolds, a former deputy county clerk. Prec. 2 Commissioners Le-on Newton, asking re-election, is opposed by Speck Sorenson and Silver Bledsoe. In Prec. 4, incumbent F. C. Blake has as opponents, J. M. Blackwell, Tommy R. Foster, Zenor Summers and Bob Melton. Several referendums will also appear on both Democratic and Republican ballots. Democrats will vote for or against two propositions concerning pari-mutuel betting and horse races, and on a third proposition concerning abolition of the poll tax as a requirement for voting. All would require amendments to the constitution. The GOP ballot will also have a proposition concerning Padre Island on the Gulf Coast.

HHS Band Wins Region 2 UIL Sweepstakes

The Haskell High School Indian Band, directed by Frank Porter, won the sweepstakes award in Region II competition at Abilene last weekend. This is the highest award given in University Interscholastic League (UIL) competition. The sweepstakes award is for winning first in concert playing, sightreading, and last Fall in marching. This award was the first won by the HHS Band since being in the rugged "AA" classification. The last sweepstakes award won by HHS Band was in 1955 when the school was in Class "A." Some 53 bands in Region II competed in concert playing and sight reading at Cooper High School in Abilene last weekend. Only six bands won the sweepstakes award, the lowest number in years, which attributes to the rigorous but excellent judging of Maurice McLeod of North Texas State; Joe Bellamah of Texas A&I; and Everett Maxwell of Aberdeen High School. Only Haskell and Winters won the sweepstakes award in Class AA, which had 18 bands competing. Other bands winning sweepstakes were Cooper of Abilene, and San Angelo in AAAA; Snyder in AAA; and Albany in A. No bands won in classes B, CCC, CC or C. This picture of students and teacher at the old Pinkerton School, made in 1900, belongs to Claude Norman who attended the school as a child and is in the 62-year-old picture. Claude has been able to identify all but three of the students in the picture at Saturday's Pinkerton-Whitman-Foster reunion. He hopes to complete the identification. Thoroughbred Horses or Thoroughbred Citizens?

In the current "for" and "against" discussions on race track gambling in Texas, supporters of the amendment which will be voted on in the May 5 primary, would like to have us believe that the raising of quarter horses and thoroughbreds in Texas is going to collapse unless we have race tracks.

This, of course, isn't true. Texas today, without race track gambling, ranks first in the nation in the breeding and raising of quarter horses and near the top in the thoroughbred field.

That's a wonderful record and one of which we're sure all Texans are proud. We should be especially proud that this has been achieved without exposing our citizens and communities to the inevitable corrupt influences of organized crime and undesirable hangers-on that infest race track areas across the country.

Senator Estes Kefauver in his Senate Crime Investigating report stated, "Wherever large scale gambling has been carried on, it has been the experience of law enforcement officials that violence and crime increase in proportion to the size of the gambling operation."

Raising fancy horses is a wonderfully exciting and commendable business or hobby. Whether operated as a business or a hobby, it is expensive and takes considerable capital. We have never yet heard of a Texas horse raiser on relief.

Nor do we think any of them are going bankrupt, or are going to have to take their kids out of college, or have their homes broken up, or embezzle money, or commit suicide, without horse race gambling in Texas.

If it should be voted-in, all of these things will happen to a whole lot of people, doubtless to some people we know and love right here in our community.

When it comes to a question of thoroughbred horses or thoroughbred citizens—and thoroughbred towns and cities to live in and raise and educate our future thoroughbred Texans in—it's not vote for the horses!

Race track gambling breeds vice as well as horses, paupers as well as promoters, victims by the wholesale to every single victor.

Authorities estimate that the American people each year gamble away 50 billion dollars—almost three times more than is spent for education—15 times more than contributions to Sunday Schools and churches.

In the current April issue of Atlantic magazine, Attorney General Robert Kennedy states, "The American people spend more on gambling each year than they spend for bread."

Inside the store, the lad checked on a gift he had selected for his Dad on Father's Day. He was joined by his mother, who had driven to the store in their pickup, and the purchase was loaded. As the boy piled into the pickup with his mother, White's Store owner Jon Baum, asked the lad if he wasn't forgetting his bike.

"I'll come back and get it," he called out as the pickup left.

Later, when Jon locked the store and left, the little black dog remained there beside the boy's bike.

The faithful dog was still there at 8:30 p. m. when we returned from a fire department meeting, and was still waiting when we left an hour later.

At 11:30 p. m. despite a light drizzle the little dog was still waiting for his master when we came to the office to call in a report of the Ben Franklin fire.

Despite all the excitement and rush of traffic, the dog was still at his post shortly after midnight when we phoned our final report of the night.

It was bound to happen and it did. The HHS Class of '62 is now in proper perspective with their "brand" emblazoned for all to see on the side of the newly-painted and glistening elevated water tower.

Evidently the Class "painter" (and a helper?) did the chore sometime Wednesday night of last week, because it was first noticed by persons who happened to glance at the tower Thursday morning.

We are sure the City would have preferred the glistening tank to remain unblemished, but ambitious Seniors felt otherwise.

Despite interference by the weatherman, the annual Political Rally sponsored by Haskell Jaycees was a successful affair last Friday night.

Originally slated on the south courthouse lawn, the program was moved to the American Legion Building.

Between 250 and 300 persons turned out, and 15 local and district candidates addressed the gathering. Included were two Shackelford County men who spoke in the interest of former Army Gen. Edwin A. Walker for Governor.

In a story recently we mentioned an old stone ranchhouse and rock corral as being located on Paint Creek.

Former County Judge John Ivy, a native of the Lueders area, believes the structure mentioned was one built on California Creek in the early days.

He remembers visiting the vanishing building years ago when only a few of the walls were partly standing. All the rock used in the corral fence had been hauled away when he was a boy, he said.

According to legend, gold and silver taken in a train robbery was buried inside the corral by two men and never recovered.

Although he makes no claims to being a clock or watchmaker, a Haskell man is a wizard when it comes to repairing old-time clocks of the 8-day or grandfather type.

He is John Decker, retired carpenter and cabinet maker, who admits that he started out repairing worn-out clocks as a hobby. Fascinated by the sturdiness and apparent simplicity of the works in the old-fashioned wall clocks, Decker found that repairing them and placing the clock back in operation was a real challenge.

Sometimes he has had to improvise or manufacture a worn-out part for a 100-year-old clock. "I've spent a lot of time on some almost 'hopeless' clocks, but haven't found one yet that

couldn't be repaired if the only trouble was from wear," he stated.

Those old-time Seth Thomas, Sessions, and other "name" brands were made to give a lifetime of dependable time-keeping, Decker says.

The Free Press recently learned firsthand of Decker's ability as a clock-fixer.

A 40-or-50-year-old Sessions wall clock which had been in disuse for years, was cranked up and to the amazement of everyone, started ticking off the correct time, day after day.

Proud as she could be of the antique timepiece, the wife of the Boss assumed the winding chore every eight days. Worked fine until the day the Boss decided the clock needed winding.

Several hours later, the Boss' wife inserted the clock key for the scheduled winding.

A slight turn of the key and the clock almost went into orbit, jarred loose from its wall anchor and crashed to the floor as the spring unwound with the noise of a rocket take-off.

The frightened clock-winder eased the fall of the clock, but not before the powerful spring had fractured one finger and inflicted a deep cut on another.

No further thought was given the clock until someone mentioned Decker a few days later.

After checking the wreckage, Decker said it could be repaired. Good as his word, he had it back within a week, ready for another 50 years of time-keeping.

Just as soon as a stout wall anchor can be placed, a definite winding schedule will likely be worked out!

The Park Forest (Ill.) Star recently had this classified ad in its Homes for Sale section:

"Large enough to keep the wife from going home to mother. Small enough to keep mother from moving in."

Larry Waskom has no patience with speeding or breaker-neck drivers. Sensible driving, which means starting on time, will always get you to your destination safely, she points out.

She recalls a favorite saying of her uncle about fast driving: "I'd rather be 30 minutes late at my destination, than to be 30 years early in the next world."

We often see at first hand an incident proving the saying that "A dog is man's best friend."

Shortly before closing time for White's Auto Store Monday evening of last week, a youngster, about 12, rode up and parked his bike on the sidewalk near the building. His

here attending the bedside of their son, Virgil, who was hurt on the high school campus a few days ago, have returned to their home. They are the parents of Mrs. O. B. Norman.

60 Years Ago—May 3, 1902
 The Haskell and Stamford crowd going to the Confederate reunion Monday over the Central were delayed several hours by a breakdown of the engine pulling their train.

The Haskell Public Schools will close week after next, which will be the end of a nine-months term. There will be a graduating class of nine students who have completed the full public school course. The occasion will be marked by appropriate exercises.

B. J. Abbott of Oklaona, Miss., who owns a large tract of good land in this county, was here this week looking after his interests. He is a Confederate veteran who saw much service in the war. He attended the reunion in Dallas and then took advantage of visiting Haskell County while in Texas.

Albert English has bought the interest of his partner, Walter Tandy, in the Opera House Livery Stable. He plans to add some more teams and buggies.

J. A. Bullen, who has been with the Alexander Store at this place for several months, left Thursday for his home at Hamilton.

Dick Pogue, who has been out in Lubbock County several months looking after his cattle, came in this week. He says it is very dry out there and grass is thin and short.

G. R. Couch left yesterday for Amarillo and will probably go to Portales, N. M., while away.

Members of the Commercial Club are reminded that next Tuesday night is the date for the regular monthly meeting.

H. E. Cavener of the Monday neighborhood was in yesterday and we learned from him that damage to wheat and oats in that section as a result of the drought was extensive. Even with ample rain from now

City Nightwatchman Joe Scrivner has a young German Police dog, "Rin" which accompanies him on most of his rounds. He is required to make his rounds on foot, and Rin ranges all over the alleys. On at least two occasions the alert dog has led the Nightwatchman to persons secreting themselves in boxes or dark corners. In both instances the offenders were young Latins, and explained they had been hiding from other youths and went to sleep.

The Nightwatchman doesn't want to leave the impression he is training a K-9 Corps. "Rin is just a smart dog and a big help on my rounds," the officer said.

Back during the period from 1910-12, considerable interest prevailed in this section over prospects for oil, gas and coal in the rough country east of Haskell.

One of the first "wildcat" oil tests drilled in that area was called the "Bunkley Well" and although gas and several oil showings were encountered, nothing profitable developed.

Shafts were also sunk in exploring for coal, and several thin stratas were found but not in sufficient quantity to be profitable.

Many oldtimers remember the coal mines at Newcastle and the T&P mines at Thurber. Both have long since been abandoned.

Mr. and Mrs. W. C. Jones went out yesterday to spend a few days with their son, Ed and family.

Formal Statement Made to Voters By Jessie Vick
 To The Voters of Haskell County:

In asking for re-election to the office of county superintendent of schools, I am doing so with deep gratitude to you for your support in the past.

It has been a pleasure to work with the schools of the county, and to see them keep pace with the increasing demands of modern education. For in order to maintain their accreditation standards, the rural high schools have had to improve their physical plants, employ better qualified teachers, increase their course offerings, and provide the necessary

I've enjoyed talking to you this way. Don't want you to lose your job or make your spouse mad at you, but I'd appreciate it if you would vote for me. Friend of mine at Paint Creek is going to. I am asking for one term in the Texas Senate—not a lifetime job at public expense.

audio-visual equipment and teaching aids.

All of this has been done, and I believe the rural schools of Haskell County are better than most schools of their size, anywhere in the state.

Although the rural high schools have their own superintendents, there are numerous services that the county school office is responsible for, and I am kept busy the year around. For this reason it has not been possible for me to see many of you personally to solicit your votes. So I am taking this means of asking your continued support in the election, and I will serve the schools of my ability.

Sincerely,
JESSIE VICK

The measure of success cannot be based on size alone . . . The largest head of corn is not necessarily the best, or the highest cotton stalk or the bulkiest steer . . . Yardsticks must be used to find true quality and worth.

Truck-Train Crash Kills 7

HEMPSTEAD, May 21 (AP)—Seven migrant cotton workers, all members of the same family, were killed today when the train in which they were riding collided with the Southern Pacific No. 15, known to non-railroaders as the Sembran. The streamlined train enroute to Dallas from Houston when tragedy struck.

Five of the family died instantly. A sixth died in the Walker County Hospital a short time after the 9:17 a.m. crash and the seventh died late this afternoon in the same hospital.

The dead were listed by Walker County authorities as:

- Jose M. Gonzalez, 55, Floresville
- Paul Gonzalez, 22, a son
- Juan Gonzalez Jr., 21, a son
- Raul Gonzalez about 43, believed to be a brother of Jose Gonzalez
- Jessie Gonzalez, 17, a daughter
- Mrs. Demasie Gonzalez, 31, a daughter-in-law
- Leonardo Gonzalez, 18, a son

Chief Deputy Sheriff Jimmy Whitworth of Walker County said the passenger train was making about 70 miles an hour when the accident occurred. He quoted local motive engineer W. C. Parker at Flores as saying that the train was also going fast at the time of the impact.

Several small children were injured by the accident.

FOURTH GRADE ROUND-UP

Since we are under the West Texas Girl Scout Council (Mr. Brembry and Mrs. O. M. Ellis) we had the pleasure of taking 10 Girl Scouts to Boothe Oaks Girl Scout Camp April 14, to the Fourth Grade Round-Up.

There are 40 acres in the camp site, which is valued at \$121,000. It has several equipped buildings and swimming pool beautifully located. The event was quite a success with 1,000 adult leaders and 3,000 Girl Scouts.

Those in attendance were divided into several groups. We enjoyed the exercises, flag ceremonies, and demonstrations as well as the hikes and observations.

Mrs. Ellis has her uniform, and several of the Girl Scouts. She is doing a good job with the Girl Scouts. We hope that all of our girls will get their uniforms for the term of 1962-63. We solicit the cooperation of our parents and friends in helping make Troop 461 one of the best in this area.

The enjoyable trip to Boothe Oaks camp was made by ten Girl Scouts, accompanied by their leader, Mrs. O. M. Ellis, and Principal B. T. W. Brembry.

Dallas Perkins Came to Stay

We know Dallas Perkins intimately. He is an able, independent, industrious, ambitious young man. He is morally and intellectually honest, and is not easily moved from his convictions. To questions asking his opinion, he generally answers "Yes" or "No"—not Yes AND No.

He aspires to be a Texas Senator from the 24th Senatorial District, which now includes Haskell County. He is in the prime of life and is well qualified by all the usual standards. In addition, he was born in this district, lived all his life in it, and has no thought of leaving it. He can represent it well because he is a part of it and it is a part of him. He came to stay.

And he has a qualification no other has. He is the father of our three grandchildren. We have some pictures of them. They are good pictures of fine children. We will show them to you on request—or without request—or at the drop of a hat—or we'll just show them to you anyway.

B&PW Club Has Student Guest Speaker

A regular meeting of the Business and Professional Women's Club was held Tuesday, April 24, in the community room of the Haskell National Bank. The president, Ramia Lee Frazier, presided for a brief business session.

The membership committee presented the program. Topic for the evening was "Internal Security—A Many Sided Proposition Today," with Ethnye Johnson as chairman.

Mrs. Johnson introduced Sue Christian, representative of Blue Bonnet Girls State at Austin. In her talk Miss Christian said, "We who are privileged to be the citizens of Blue Bonnet Girls State dedicate this time of our lives to God and country. As future citizens of this great nation, we pledge our loyalty to our country, acquire knowledge with gratitude that are ours." She gave a brief outline of the activities such as the inauguration of the State officials. In closing she presented Mrs. Charlie Conner with a certificate of appreciation for making it possible for her to attend Girls State.

Mrs. Fadwa Hassen showed slides of her recent trip while visiting her family in Beirut and Lebanon. She also showed interesting and beautiful gifts from the old countries.

The telephone committee was hostess for the evening. Sandwiches, cookies, nuts and coffee were served to guests and club members.

Weinert Matrons Club Has Fine Arts Program

In keeping with the theme of the club's yearbook, "Let's Open Doors," members of the Weinert Matrons club opened the "Door of Pleasure" Thursday, April 26, when a Fine Arts program was presented in the home of Mrs. Buck Turnbow.

Mrs. W. A. King, program director, opened with a quotation from Misia Elman, "Always remember that it is art which gives civilization life, not commerce."

Roll call was answered with each member naming a famous composer.

Mrs. R. C. Liles presented a very interesting and enjoyable talk on "How to Get Real Pleasure from Music." She said music was written to be enjoyed, not approached with solemnity. Mrs. Liles stated that music is both an intellectual experience, meaning that the better you understand it, the more you will admire it, and an emotional experience, meaning that it is possible to respond to it, to be lifted high by it, to enjoy it intensely, without knowing the first thing about it. It is far more important to feel music than understand it, she said. Mrs. Liles also pointed out that Christianity is a singing religion. We sing to express our feeling about God; to tell what we believe; to sustain our faith in time of need.

A recording of Tchaikovsky's "Nutcracker Suite" was played at the conclusion of Mrs. Liles' talk.

The business session was presided over by Mrs. H. W. Liles at which time she welcomed Mrs. Bob Raynes and Mrs. Jimmy Jenkins into the club as new members.

The meeting was dismissed with the reading of the Club Collect, led by Mrs. Fred Monke.

A delicious plate of sandwiches, olives, pickles, nuts, cake and frosted punch was served to the following: Mmes. W. A. King, H. W. Liles, Fred Monke, R. C. Liles, Henry Vojkufka, P. F. Weinert, Bob Raynes, Jolin Earp, Jimmy Jenkins, and the hostess, Mrs. Buck Turnbow.

The final meeting of the club year will be at 4 o'clock, May 10, at the Weinert Community Center, at which time Mrs. Vern Derr will install officers for the club year 1962-63.

Junior Harmony Club Has First Regular Session

Sandra Mathison of Weinert, vice president; Carolyn Williams, chairman of the Yearbook Committee; Sue Long, treasurer; Margaret Ann Wall, reporter; Mary Pogue, secretary.

Mrs. Al C. Williams, one of the sponsors from the Senior Harmony Club was also present.

The club's next meeting, on May 1, at 7:30 p. m., will include a musical program of piano solos and duets, vocal and flute numbers. Also there will be discussions on the lives of various composers.

Each member answered the roll call with "My Favorite Bible Quotation."

For the program, Mrs. J. L. Toliver Sr. and Mrs. T. M. Howeth gave a talk on "Teen Age Nutrition." They stressed the importance of one good, balanced meal a day, and stated that girls need mostly vegetables while boys require

more meat.

Mrs. Martha Toliver conducted the recreation, directing an interesting game.

Refreshments of coffee and ice box cake was served to the following: Mmes. C. A. Thomas Sr., Paul Cothron, J. H. Redding, Carl Bailey, Lana and Ronnie J. L. Toliver Sr., J. L. Toliver Sr. et al and the hostess.

Mrs. Martin Is Program Director For Study Club

The Progressive Study Club met Thursday, April 26, in the High School Auditorium. The president, Mrs. Virgil Cobb, presided and welcomed guests: Mrs. Harold Turner, Mrs. Geo. W. Fouts and Mrs. Bill Reeves.

Mrs. Frank Martin was program director for the evening. She said, "The show must go on," as the curtain raised on one of the two excerpts from Broadway musicals presented for the members' enjoyment.

Mrs. Bailey Toliver was narrator for "Oklahoma" with Mrs. Frank Martin as Curley, Mrs. Buck Everett as Lorrin, and Mrs. W. O. Holden as Jud. Some of the club members were in the chorus.

Then Mrs. R. W. Herren narrated "South Pacific," in which roles were taken by Mrs. Rogers Durham, Mrs. Buck Everett and Mrs. W. E. Woodson. Mrs. Bailey Toliver stole the show with her presentation of "I'm Gonna Wash That Man Right Out of My Hair." Several club members were also in the chorus.

EDWIN A. WALKER for GOVERNOR
 Subject to Democratic Primary, May 5, 1962

PLEDGE

The Governor of a State represents the constitutional authority of the land. I will restore the offices and affairs of the State to the respect and dignity befitting State Sovereignty and Constitutional Government. This will establish Texas leadership among the States of the Union.

- I will use the full Executive Power of the Sovereign State of Texas for NATIONAL SURVIVAL, STATES RIGHTS, and INDIVIDUAL LIBERTY.
- I will challenge the un-Constitutional trespass of Federal power on State Sovereignty; Federal confiscation of rights, jobs and property; and all Federal encroachment on economic and political freedom.
- The right of property, the right to work, and the right of local self-administration of education, welfare, business, labor, law, and justice must be restored and guaranteed to the people.
- Government will be established on a sane and sound financial basis.
- Special privilege, and corrupt financial, political and economic machinery will be eliminated.
- My campaign and position are unique. I am committed to no one except the free vote of each and every Texan. No other candidate is equally free from conflicting commitments.

1. I ask Divine guidance as a militant Christian in the pursuit of our salvation. I am not ashamed of the Gospel of Christ. My oath of office will always be sacred.

YOU'VE GOT EVERYTHING GOING FOR YOU!

Here now! This year there's a car that changes your mind about the cost of beauty—and advanced engineering, too. It's the magnificent, masterful Mercury Monterey for 1962, the only new car that's got everything going for you. It's beauty that beckons, then take a long, loving look. The Monterey is sheer elegance in steel, a timeless sculpture that turns your garage into an art gallery. If it's advanced engineering that you dote on, peer in and look for yourself: Self-adjusting brakes, 30,000 miles between major lubrications, 6,000 miles between major oil changes. Dozens of industry-leading innovations like that. And, when it comes to investment, that's really where the new Mercury Monterey has everything going for you. It is priced just a whit more than ordinary-looking, ordinary-riding, ordinary-featured cars. This is the year you don't have to compromise between beauty and a bargain, between elegance and economy. Mercury Monterey. The one car that's got everything going for you.

CANDIDATE FOR

COMMISSIONER

TEXAS DEPARTMENT of AGRICULTURE

For a free and Independent Agriculture through Political Change.

Ask yourself these Honest Questions: Why should the Texas Department of Agriculture be an Agent of the Federal Government to:

1. Further rob the farmer of his freedom?
2. To promote national politics and Texas politicians?
3. To add to the over-all bureaucracy that burdens the farmer, the taxpayer, and the housewife?
4. To keep the present incumbent, a politician who for 12 years has never farmed anything but the taxpayers—in public office?

If you believe this is wrong — If you believe that economy, efficiency and integrity in state government are right—Then vote for a change —Vote for Evetts Haley, Jr., Cowman-Farmer for State Commissioner of Agriculture.

To the Voters of Precinct 4

Only a few days remain until the Primary and I want to make my final plea for your influence.

It has been impossible to see every one, though I tried to do that, and I deeply appreciate encouragement and pledges of support received.

I believe that a public office belongs to the people, and if you elect me Commissioner, I keep in mind the fact that I am working for you, so, every section of Precinct 4 will share in the done and money spent.

Again soliciting your support in the Primary, I am,

Sincerely,
TOMMY R. FOSTER
