NOT MUCB ABOUT ANY. THING

CALLING of the county-wide election for May 21 to vote on a \$45,000 road bond issue by the commissioners' court of Martin county, has presented a subject around which much interest and considerable discussion is entered. Bond issues of almost every nature provide food for thought and food over which to wrangle. But we be-fieve this bond election provides less food for a very competitive two-sided fight than most bond issues. Here are some poems that have been written by one of Miss Crabtree's English groups recently: MUSIC

Music is the queesest thing, It makes you want to dance and sing. I wonder who invented it, Because it surely makes a hit.

some kinds of music are so gay, They make you want to play and play.

And other kinds are so sad, They make you feel so very bad.

like gay, music when I'm gay, like sad music when I'm sad; There's music to fit every mood, No matter whether polite or rude.

When it's gay it's at it's best, ometime it's bad unlike the rest, And when it's sad it's not so bad.

We've all had music down through its always been the most popular

Music will go on down through the years,

And still sound good to peoples ears. -Stanley Ellis
