

# SNOOTER KNOWS

LITTLE ABOUT EVERYTHING

NOT MUCH ABOUT ANYTHING

WITH one week of school passed into history and another week almost gone, we find the wheels for educational advantages are beginning to click right smoothly in the minds of both the teachers and student body of the Stanton schools.

Now, if the Washington PWA authorities would act rapidly and in the right direction on the application for an allotment to build anew and repair the school plant, providing better accommodations and more safe school edifices, patrons and students of Stanton Independent School district would draw a sigh of relief.

It has been said that Texas has received all the PWA allotments until a change was made in the schedule. Whether this means Stanton school will wait until the PWA program for Texas has been revamped, or whether the acceptance from Washington officials may be received at any time soon, or whether we get any help at all remains to be seen.

EVEN with the short cotton crop appearing in the offing at this time for Martin county, those in the know point out that the county will produce as many bales as it usually does at that—between six and eight thousand bales.

WE'RE just enough of the pork family variety that if it is necessary to abolish all the state departments at Austin to get money enough to pay all our old fellows a pension, we say close 'em—if need be—close up the capitol—don't know but that a few years respite from the legislature would be a good thing for the state.

To make it light on ourselves and fillup this column we have swiped the following paragraphs:

Wonder why it is that some Stanton women can sit down and worry over the fact that they haven't anything to worry about?

The old-fashioned boy who used to get called out to the woodshed and given a licking for laziness now has a son who calls the same symptoms liver trouble.

How many Stanton people can remember when they bought liver and bacon from the butcher but only had to pay for the

STANTON, TEXAS FRIDAY, SEPT. 16, 1938

NUMBER FORTY-NINE

## BEDROOM DEMONSTRATION READY

"My bedroom looks like a different place to live since my husband and I have made so many improvements in it," Mrs. B. F. Airhart, bedroom demonstrator of the Brown Home Demonstration club, enthusiastically discussed those improvements with the home demonstration agent.

Mr. Airhart has assisted in the painting and remodeling of the room which is a light cream color. An old darkclothes closet has been remodeled by building an upper apartment for storage of quilts and on the inside several shelves have been built in across one end.

The feather comfort is a pride-and-joy-forever to the Air-

harts. Mrs. Airhart saved and stripped 4 pounds of chicken feathers and then made a lovely comfort covered with sylvan-sateen, quilted in a suitable design. The comfort cost Mrs. Airhart \$5.50.

Another piece of light weight warm cover is being added to the supply of covers in the form of a wool comfort. The wool was scoured by Mrs. Airhart, who followed directions given thru the Extension Service. Then it was carded into a 3-pound bat by a mattress factory.

Improving the bedroom has led to improving the entire house in that the walls, ceilings, and wood work have been painted, too.

Mrs. Airhart will be hostess to the Brown club for Achievement Day in October.

## COURTNEY IN 6-MAN FOOTBALL GAME

Now, here is a game we sure enough don't know anything about—this six-man football. But the "open season" on this game will get under way this Friday afternoon, with our good neighbor school squad to the northwest taking on Westbrook at Westbrook; Garden City at Forsan, Howard county, and Garner to play a team that had not been chosen when the Reporter received this report.

The sixman football program is under the direction of the Pioneer School Activities association of which Riggs Shepperd, superintendent of the Courtney school is the president, and J. Crouch of Westbrook is secretary.

On August 29, a meeting of the association was held in Big Spring and drew up a full schedule that will extend into November.

Most of the teams either have their equipment on hand or have ordered the necessary toggery. Coach Brady Nix, Forsan, called the prospects at his school out last Monday and has been drilling them steadily all week.

Herchel Wheeler, Garden City has been drilling his crew lightly awaiting the arrival of equipment.

The Reporter has no report on Courtney squad, but they are billed for their first appearance in a six-man setto with Westbrook, Friday afternoon.

The Reporter hopes to announce the complete PSAA schedule in a later edition, and we'll have that schedule if Riggs Shepperd leaves it up to his wife to provide us with it.

Martelle McDonald, elected district attorney at the recent primary election, was in Stanton Saturday from Big Spring, hobnobbing with the folks.

Miss Lela Boyd left Saturday morning for Marshall to report at a faculty meeting as her school opened Monday morning of this week.

W. T. Bryant, living three miles south of Germania, was in the Reporter office Monday morning placing an ad in the want column. He has been living at his present location 13 years.

He is going to rent his farm and move to Gaines county where he has a small ranch.

District H. D. A. Here

Miss Ruth Thompson of A&M, district home demonstration agent, was in Stanton, Monday, visiting the commissioners' court and Mrs. Elsie Gilkerson, county home demonstration agent.

You may convince a Stanton girl that some day her hair will turn gray, but you can't make her believe that her dimples will ever become wrinkles.

## TEACHERS FETED AT RECENT PARTY

Marking the beginning of the social season for Stanton school teachers was an entertainment at which Mr. and Mrs. Calvin Jones were hosts Friday night.

Chinkerchecks formed the diversion of the evening, after which refreshments of ice cream and cake were served to guests.

Present were Mr. and Mrs. H. D. Haley, Mr. and Mrs. Phil Berry, Mr. and Mrs. C. B. Gentry, Mr. and Mrs. L. E. Gammon, Mr. and Mrs. J. S. Lamar, Mr. and Mrs. Milo Berry, Mrs. R. G. De Berry, Mrs. H. A. Poole, Miss Lucille Lucas, Miss Virginia Reddell, Miss Beryl Tidwell, O. C. Southall, and Irvin Cheatham.

## Return From San Antonio

Mrs. J. L. Hall and son Jiggs Hall, returned Sunday from a week's visit in San Antonio and Burnett. They found Dr. Leslie Hall is enjoying his work in the hospital. One day while there they had to wait for the Doctor to come from the operating room where he had performed an appendicitis operation by himself.

Miss Maxine Hall, who accompanied them remained at Humble for the opening of her school.

## Caught Up With Him

Listen to this about what our postmaster tried to put by us: Morgan Hall, Stanton postmaster, was here Monday morning to congratulate Postmaster Nat Shick on landing the state postmasters convention for 1939.

Hall started convention arrangements rolling nearly a year ahead of time with offer of a calf for the barbecue.—Big Spring Daily Herald.

## District Attorney-To-Be in Town

Martelle McDonald, elected district attorney at the recent primary election, was in Stanton Saturday from Big Spring, hobnobbing with the folks.

## ROAD BOND ELECTION OCTOBER 15

At the regular monthly meeting of the Martin County Commissioners' Court, the body was confronted with a petition bearing the required number of county taxpayers, asking the Court to set a date for a county-wide road bond election. The Court finding that the petition "running true to form," set October 15th as the date for said election.

The bond issue calls for \$50,000 to construct a hard surfaced road from Stanton 14 miles north to a point one mile east of Lenorah, thence west 32 miles to the Andrews county line. Then construction of a road connecting at the Lenorah point, going in a northeasterly direction to a point near West Knott, a distance of some 16 miles.

This road proposition was

voted on in the summer and defeated by a small margin of votes, but very little effort was made to carry it. A vigorous campaign is planned by the proponents of the project to put it over.

This project is known as the Stanton-Lamesa road and if and when completed will connect with the Dawson county road, which has recently been completed from Lamesa to the north line of Martin county. Then too, it will connect up Stanton with Andrews, which county has been already set to go for quite sometime to construct its part of the road to connect at the west Martin county line.

Miss Lela Boyd left Saturday morning for Marshall to report at a faculty meeting as her school opened Monday morning of this week.

## CONGRESSMAN MAHON HAS TEMPORARY OFFICE IN LUBBOCK

Congressman George Mahon advised the Reporter this week that he has established a temporary office in Lubbock for a period of probably two months. He plans to visit as nearly as possible in every county in the district before returning to Washington but stated that he will spend considerable time in his Lubbock office in order that he may be more easily available to those from surrounding counties who wish to see him.

All correspondence with the Congressman will be handled through the Lubbock office, located in the Federal Building, during this period.

Mr. Mahon's secretaries, Lloyd Crislin and George Witten accompanied him to Lubbock this week.

## FIRST GAME WITH WOLVES, FRIDAY

Well, Stanton fans, here we go for the first football game of the 1938-39 season. The Stanton Buffaloes are to meet the Colorado Wolves on the Wolves territory this Friday night, and if the Buffs don't go blind under the bright lights, we miss our guess if the bison don't make a score and will be surprised pink if they do.

With the opening of the football season with the Colorado Wolves at Colorado, Friday nite Coach Poole and assistant have been pushing the Buffaloes through a sizzling "heat wave" the last few days of practice in an effort to mold them into an effective machine.

The twenty-four candidates who will soon embark on the ambitious schedule which opens Friday night, include:

- Beryl Dean Clinton
- Vernon Chandler
- Carroll Coates
- Doy Egger
- Clint Eidson
- H. A. Hull
- Ross Hay
- Jack McIlvain
- Cecil Hay
- Tom Houston
- Frank Harrington
- Aubra McClusky
- Howard Pinkston
- Benson Powell
- Lloyd Sprawls
- Marvin Scott
- Calvin Scott
- Windell Thomason
- Lloyd Thomas
- J. T. Wood
- James Wilson
- Houston Woody

Howell White Junior Wilkes Out of these the eight returning letter-men are:

- Clint Eidson.....Back
  - Hull.....Back
  - Cecil Hay.....Center
  - Houston.....Guard
  - Pinkston.....Back
  - Sprawls.....End
  - Woody.....End
- The 1938-39 schedule for the Stanton Buffaloes follows. It will be noted that all the games except three will be played away from home, one undecided, that with Midland, and all the games away, will be at night:
- Sept. 16., Colorado.....There
  - Sept. 23, Monahans.....There
  - Sept. 30, Ackerly.....Here
  - Oct. 7, Midland.....Undecided
  - Oct. 14, Wink (ouch).....There
  - Oct. 21, Kermit.....There
  - Oct. 28, Odessa "B".....Here
  - Nov. 5, Pecos.....There
  - Nov. 11, Crane.....There
  - Nov. 18, Lorraine.....Here

The boys have been working long and faithfully and are meritorious of your backing.

The team, along with the entire school, will appreciate the encouragement and support of the citizens of Stanton and surrounding community.

## SUPPLIES FAMILY WITH CANNED FOOD

There will be ample food supply at the N. G. Haggard home next winter, according to the report given to the home demonstration agent Mrs. Haggard, the foods demonstrator of Valley View home demonstration club, has planned the food supply for her family of seven.

In order to meet the family's daily nutritional needs, Mrs. Haggard has been canning fruits and vegetables. At the present time she has 10 cans of corn, and 12 pints of corn relish, secured by exchanging her work for the corn and cane. Besides corn, she has canned 24 quarts of beans and 137 quarts of green peas.

Fruit is to be a part of the

family food supply, and Mrs. Haggard has sold cream and bought plums enough to can 22 quarts for winter use.

Later in the fall a beef calf will be ready to contribute its part toward the family meals by being canned for future use.

During 1937 the home demonstration clubs have been given demonstrations on making yeast breads. Mrs. Haggard bakes excellent loaves of bread three every day she makes yeast bread rolls. Since she started her work as foods demonstrator, one of her daughters has learned to make yeast bread, and now Mrs. Haggard receives cooperation from Oma Clay in providing the family with "light" bread.

## LUNCHEON MEETING FOR STANTON CLUB

Members of the Setzo Bridge club met at the home of Mrs. Bevy Purser last Thursday morning for a covered dish luncheon and bridge party.

For winning high score, Mrs. Sam Wilkinson received a linen luncheon cloth. Mrs. A. R. Houston was second high and was awarded a bath mat, and Mrs. J. C. Ellis received a toy spade filled with candy for consolation. A floating prize created much interest during the games. It was a covered dish, filled with dressed chicken, and went to Mrs. H. A. Houston.

Present were Mrs. J. P. Boyd, Mrs. A. R. Houston, Mrs. J. C. Ellis, Mrs. George Bond, Mrs. Sam Wilkinson, Mrs. H. A. Houston, Miss Lela Boyd and the hostess.

## JUNIOR CLASS ELECTS OFFICERS FOR YEAR

The Junior class of the Stanton high school, met Monday afternoon and elected officers for the coming year.

Mrs. Harold Haley was chosen as the class' sponsor. The officers are as follows: Howard Pinkston, president; Thomas Newman, vice president; Maurice Bond, secretary-treasurer.

Mary Kathryn Barfield, reporter.

Social committee: Curtis Heaton, Evelyn Stallings, Marjorie Blackerby.

The class chose Mrs. A. J. Stallings, as room mother.

## LOCAL GOLFERS IN MIDLAND GOLF BOUT

The annual Sand Belt League Round-Up was held in Midland Sunday, with dinner and all the trimmings and a round of golf between choosup sides. The captains of the teams were Shirley Robbins of Big Spring and Morgan Neill of Odessa. Robinson's side won, and the local golf players on that side were: J. H. Burnam, Clint Eidson and Lloyd Sprawls.

Those from Stanton playing on the losing team were: H. Woody, Poe Woodward, T. W. Haynie, J. R. Bassett.

Odessa was presented the championship cup and Jake Morgan who lost only one match and was league high-point man, was awarded a medal.

## E. C. Weber At Aransas Pass

An Aransas Pass newspaper telling of all the big fish catches as well as showing their pictures, with note attached, revealed that Mr. and Mrs. E. C. Weber, formerly of Stanton, were living there. Mr. Weber established and operated the West Port filling station, west of town, later selling it to Irvin Graham, who now operates it.

Addressing the editor and wife Mr. Weber said, "better come down, they are biting fine"

## Bozo Harding Back Home

Bozo Harding, who has been in Ballinger, the past two years with the Ford agency, is back in Stanton, his old home. He will be at the Farmers Gin & Cotton Co., during the cotton season.

## SPORT NEWS

The reader can place very little dependence that this column will appear regularly, or at intervals, for that matter. And after he has read this attempt, we are almost positive the reader will feel that it is just as well the column be left out entirely. But the reader has this consolation that everything said in this column can be depended upon.

How we did read and weep last week while scanning the columns of the sport writers on the Monahans News, Wink Times-Herald, Pecos Enterprise, and other newspapers that have football squads in this district 7-B this year. We never read of such a bunch of bruisers—beef to be more polite—in these football squads. Why, at Wink there are some 3 odd Wildcats, ranging in weight from 135 pounds to 200, and eleven of them seasoned players.

Johnny Smith, sports perambulator for the Monahans News must be colorblind as he calls the Lobos the Green Wave. From the photograph he carried in his newspaper last week the squad looked like leopards freshly emerging from the jungles. The togs were white and shoulders red striped. There are 24 men in that squad and the least Lobo in the squad tipped the scales at 145 pounds and run like a deer. From there the weight went up to over 200 pounds.

Then we skipped over and between the pages of Stuart Long's Kermit Sun. Found that team was being sent through two hours of vigorous practice every day. How many in the squad or the weight, nothing was said—suppose that is a deep dark secret. Last season Stan-

ton finished ahead of Kermit who was in the cellar position, and we don't know so much about that this year. But it stands to reason that boys pulling sucker-rods out of oil wells and raising derricks over wildcats with one hand, are certain to plaster a football field with considerable carnage during a game.

Pecos Eagles with Betsy Ross carrying the dope bucket for the Pecos Enterprise, is holding out on the rest of the 7-B circuit. She says 25 gridsters are reporting out every afternoon for practice and quotes Coach Neill as saying that the prospects are good for a strong line but are slightly under par for backfield. The Eagles are coached this year by two former Texas Tech Red Raiders, Jim Neill and Alvin E. Knottola.

Coach Bennie Rundell of the Golden Cranes, gives out a discouraging note as to the capers the Cranes will cut this season. The two major handicaps Rundell gives is that the team is comparatively green and lacks reserve strength. There are 20 men on the squad and the least average weight of man power is 130 pounds. There are six men that have two years experience and seven that have had no experience.

## CROWS BEAUTY SHOP

Lovely, soft, natural curls that keep your hair looking its best are Beauty dictates for carefree days.

The new Coiffures with rolling curls piled high, have for their foundation a permanent wave.

A careful, correct permanent wave is essential and the truly smart women know it never pays to compromise with quality.

Come in and get a new permanent for the winter days.

Benlah  
Lora Belle Beatrice

We haven't anything to report on the Midland Bulldogs at this time. Jess Rodgers, sports mentor on the Midland Reporter-Telegram hasn't divulged anything in his "Pay-Off" that can be depended on (that is of a statistical nature about the Bulldogs). To intimate anything that appears in Jess Rodgers' column as not being wholly trustworthy, is preposterous, whatever that is. We hope Jess using that word is not cussing you. As for that matter, we don't care if we don't know anything about the Bulldogs, the way they have treated the Stanton Buffaloes the past several years. Just for that we predict the Bulldogs will finish in second place in the conference close-up. We just can't keep from believing but Wink Wildcats will wear the championship crown again this season.

The teams mentioned are in position for fodder to be made out of by the Stanton Buffaloes. Coaches Poole and DeBerry are putting the local squad through vigorous workouts daily, and saying nothing. While the squad is not practicing under cover or behind closed gates, this department who claims to be neither a sports writer or any other kind of a writer, only handy at signing cold storage checks, has not had time to go out to the field and take a peep at at the charges of Coaches Poole and DeBerry in action. We understand the team this year is made up of 24 men, allowing a margin more of reserve force this year than last. Also, it has been whispered into our ear a new recruit appears on the football roster that weighs 190 pounds, but with no experience. But it is not always "beef" that wins football games yet that caliber weight is mighty handy to have around on a football field when some lighter buck with the ball headed for a touchdown undertakes to push him over.

The Buffaloes will have the opportunity of getting their first eye teeth cut with perhaps the premature removal of a molar or two, when they go into action today (Friday), against the Colorado Wolves, at Colorado, the team that declares it is going to clobber the champ title in its district this season. The Wolves undertook to hang the hides of the Monahans Lobos on the fence last Friday night but they fell short some three scores 19-16 in favor of Monahans.

The little prospectus given in this column of the teams in this district 7-B, serves as a warning to the Buffaloes not to

start out to battle these Behemoths with the certainty that they already as good as having their scalps dangling from their horns. We are anxious that the Buffs do that very thing as they go down the conference trail this season, but we have tucked away in a dark corner of our mind tank the bison herd will do well if they score on any of these teams. We would rather leave our local fans under that impression, anyway, so if the Buffaloes should wallop some one of their opponents, all can holler louder and longer.

The news got out last week in this newspaper that we had received a season pass into all athletic events on the Monahans football grid. We mentioned only Toby Greer, the Lobos' coach as being guilty of sending the pass, but we know along his warm side in extending us the "greetings of the season" was our handsome looking young bachelor friend, Johnny Smith, sports editor of the Monahans News. We thank you, thank you, boys.

## THE WILD ANIMALS, THE CLOWNS, AND THE RED WAGONS, COMING

This announcement is hailed with delight by the juveniles element while some of the "older boys" are already looking about or their neighbors' nephews, and nieces. They are saying they will probably have to go and carry the chairs to see the animals, but deep down in their hearts they know they would not miss the big circus if there was not a small boy within a thousand miles of Stanton on circus day.

Many new and novel features will be seen in this year's program of the Barney Drex Circus. Foremost of these will be the Flying Sheeler Family, Gurnie Trio, dancing and interpret serialists; the Henry Trio, dancing on a lofty wire; the Tommy Arend Sisters, dainty and marvelous equitists; the Peerless Picters, gymnasts; the Nelson

Family, acrobats; Prof Brannon' "funny gang" and two score educated Shetland ponies and monkeys. The Clown Congress is a large one headed by Lawrence Cross and Allan Kemp. Chas. Borinson, Francis Doran and Valdo are also in the "funny gang." In the menagerie will be seen Ruth, the largest elephant in captivity, bigger than the famed Junco.

There will be two performances, at 2 and 8 P. M. The doors will open an hour early to permit a concert of popular and operatic music by Prof. Bank and his military band.

H. L. and Charley McClintic of Midland Fairbanks-Morris dealers, cattlemen and oil men, paid the Reporter office a pop call Friday on their way to the rodeo.

## Out of Hospital

From hospital notes appearing in the Big Spring Daily Herald of Monday evening we found this item:

I. T. Graves, Martin county farmer, who sustained a broken leg about a month ago when he fell from a windmill at his farm, returned to his home Monday after being in the hospital for treatment.

## Gone to Fort Davis

Miss Carrie Alvis has gone to Fort Davis, where she has a position teaching in the mile-high city's schools.

She ordered the Reporter to be sent to her address that she may keep posted on the happenings in this vicinity.

## The Huddlers — TWO'S A CROWD around such a lamp!

"Huddling" is perfectly proper on the football field, but it isn't so nice when all the family has to huddle around one reading lamp, just because someone forgot to get a fresh supply of lamp globes. Light is one of the smallest items of household expense, and really there is no reason to crowd around one lamp when you can have all the light you need for only a few cents a day more.

REDDY KILOWATT SAYS:

It's easy to buy lamp globes these days. They are cheaper and you can get them in assorted sizes at drug stores, grocery stores, as well as other stores which sell electric appliances. Put lamp globes on your shopping list and keep a supply on hand to replace burned-out bulbs.

FOR TABLE LAMPS

You'll find that lamp bulbs of 100-watt or 150-watt size will give the best light for reading or studying under a table lamp.

FOR I. E. S. BETTER SIGHT LAMPS

Be sure to use the same size and type of lamp bulb in I. E. S. lamps that they originally contained to give you the best lighting results.

BRIGHTEN YOUR KITCHEN

You need a good light in the kitchen, and a 100-watt or 150-watt size will provide enough light to make seeing easier and to enable you to work better.

## Sentinels of Health

Don't Neglect Them!

Nature designed the kidneys to do a marvelous job. Their task is to keep the flowing blood stream free of an excess of toxic impurities. The act of living—life itself—is constantly producing waste matter the kidneys must remove from the blood if good health is to endure. When the kidneys fail to function as Nature intended, there is retention of waste that may cause body-wide distress. One may suffer nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—feet tired, nervous, all warn out.

Frequent, scanty or burning passages may be further evidence of kidney or bladder disturbances.

The recognized and proper treatment is a diuretic medicine to help the kidneys get rid of excess poisonous body waste. Use Doan's Pills. They have had more than forty years of public approval. Are endorsed the country over. Insist on Doan's. Sold at all drug stores.

MRS. ELSIE GILKERSON, Agent

## COMFORTABLE AT TABLE IMPORTANT THING

"The most important thing about table service, is to see every one is comfortable," Mrs. Elsie Gilkerson, county home demonstration agent, told the ladies of the Brown home demonstration club at their meeting with Mrs. J. E. Griffin, Sept. 1.

Have things so arranged you can sit at the table when the meal begins. The hostess should give the signal to begin.

After the demonstration on table service, we talked about "how to judge yeast bread," which was very interesting.

Following a short business meeting a refreshment plate was served the following: Miss Lee Castle, C. J. Martin, E. C. Airhart, Hugh Warner, Elsie Gilkerson, and hostess.

Next meeting will be with Mrs. W. G. Lillard, Sept. 15.

## TARZAN CLUB SCORE YEAST BREAD

Mrs. E. L. Key "Bread is scored for general appearance, flavor, crumb, and lightness," said Mrs. Elsie Gilkerson, at a meeting of the Tarzan home demonstration club in the home of Mrs. E. L. Key, Wednesday, Sept. 14th.

"The color of the bread should be even golden brown, and that will depend greatly on the temperature of the oven used. The crust should be 1-8th of an inch thick."

Following the scoring of bread a demonstration on "Table Service" was given by the home

demonstration agent.

At the next meeting, Sept. 28, at Mrs. C. B. Davey's plans will be made for Achievement Day, which will be held in the homes of the demonstrators during October.

A refreshing drink and cookies was served to Mrs. Eva Howard, Mrs. C. B. Davey, Mrs. Frank Wolcott, Mrs. E. L. Key, and Mrs. Elsie Gilkerson.

## LENORAH 4-H GIRLS MEET FOR FIRST TIME

The Lenorah 4-H club girls met for their first meeting this year. After a period of singing, Bonnie Winter gave a report on her trip to A&M college. We made plans for the next meeting which will be on canning. There were sixteen girls present who were Billie Jean Cathey, Fay Weldon, Bonnie Winter, Dot Dawkins, Alta Ruth Willingham, Linta McNew, Mary Belle Hildreth, Erna Dawkins, Imogene Foster, Winona Sanders, Pearl Sanders, Lilly Mae Hildreth, Aylene Farrington, Claudie Winter.

## BUDGING BREAD AND TABLE MANNERS BY FLOWER GROVE CLUB

"Bread is judged by a general appearance, size, shape, and color. Flavor: odor, taste, crumb, coarse or fine, tough or tender, moist or dry, elastic or inelastic, color, and grain or distribution of gas and lightness," Mrs. Elsie Gilkerson, home demonstration agent of Martin county told the members of the Flower Grove home demonstration club in their meeting Sept. 7th with Mrs. Ralph Mullins.

There are a number of reasons why yeast bread is a failure. It is too heavy, poorly mixed, old stale yeast, baked too slowly or too long, or the oven too hot, or cold, are a few of the causes of bread failures.

Mrs. Gilkerson also gave valuable information on "Table Manners," that every club member should have heard.

## BUCHANAN DAM BEAUTY SPOT TEXAS

### BEAUTY SPOT OF TEXAS

Returning from a recent visit to the Buchanan and Inks Dam, in Burnet county, Jiggs Hall, gives a glowing account of that particular part of Texas.

Of all the beauty spots of the South there is one in Texas that surpasses the greatest expectations. This spot is the recently completed Buchanan and Inks Dams. This dam, located in Burnet and Llano counties, is the second largest of its type in the world. The dam is built on the Colorado river and forms the Buchanan Lake which extends 35 miles to the northwest of the dam and its widest place being nine or ten miles. The dam is two miles long and the lake impounds a million-acre feet of water. Below the Buchanan Dam and immediately adjoining it is the Inks lake, formed by the

Inks Dam located a few miles down the river from the Buchanan Dam. The Inks lake is much smaller and is a recreational lake. It is amply supplied with boats and other recreational equipment, and is supplied with fish of all types, being stocked by government hatcheries.

These lakes are located in a natural beauty spot of Texas. The rolling hills and beautiful trees in this section of the country make it a place not easily forgotten, a place for a person to spend many happy hours in the pursuit of a vacation.

Located just 12 miles from the city of Burnet, which has long been a prosperous town with its granite quarries and lead mines, and with excellent roads leading in from every direction it is easily seen that this spot of Texas is destined to develop into the recreational center of this portion of the South.

## FORMER RESIDENT CHARGED MURDER

### MURDER CHARGED SWEETWATER MAN

Sweetwater, Sept. 13.—Gloid McCluskey, 23, was charged with murder today in connection with the death Monday night of Harry Monroe Smaulley, 39, of Roby. Smaulley died about 4 o'clock this morning of a fractured skull and broken jaw, the injuries having been suffered in a fight about 11 o'clock Monday night in front of the Jones cafe on Oak street.

Report of the fight to offi-

cers was that J. P. Smaulley, brother of Harry, was engaged in an argument with McCluskey and that Harry had come over to try to prevent a fight. The Smaulley brothers and several other young people from Roby had come to Sweetwater to attend a dance.

McCluskey had escaped from the Nolan county jail last spring when he was under indictment for burglary. He was later recaptured and placed under bond. His brother, Siebert, was killed by Sweetwater officers in 1933.

## ETHEL BRIDGES MARRIES ASPERMONT YOUNG MAN

Miss Ethel Bridges and Mr. Albert Baugh, were united in marriage Sept. 12, at the Methodist church in Aspermont. They were married by Rev. Thurston, Methodist pastor.

Mrs. Baugh is the daughter of Mr. and Mrs. G. A. Bridges of Stanton, and is a graduate of Stanton high school of '37. She was an honor student of her class, and a former student of the Stamford School of Nursing. At the time of her marriage she was a student nurse at the Shannon Memorial Hospital in San Angelo.

Mr. Baugh is the son of Rev. and Mrs. Albert Baugh of Aspermont. He is a graduate of Aspermont high school of '35, an honor student of his class. He is a former student of McMurry College, Abilene. Since that time he has been employed by Bryant-Link Co., Stamford.

The couple will make their home in Stamford.

Profit by reading the Reporter Want Ads.

There are only about four weeks left for the "goals" of the cooperators to get their work complete.

The club will meet with Mrs. Ralph Mullins some time in the near future to help the bed room demonstrator with her light-weight comfort. Each member is to carry a covered dish for lunch.

Club adjourned to meet Sept. 12 with Mrs. C. W. Butcher at which time the subject "Spending the Dollar Wisely," will be discussed by all members.

## EIGHTY-FIVE ODD FELLOWS PICNIC BLALOCK LAKE

On Friday evening a group of Odd Fellows from here attended a fish fry given by Charley Blalock on his lake south of Stanton. Midland lodge was hostess to the lodges from Howard, Martin, Ector, and Crane counties. Seven candidates were given the degrees.

Representing Stanton lodge were: Bill Pinkston, Ladd Laws, Jim McCoy, Moss Laws, George Blocker, J. H. Burnam, H. M. Plaisdel, Clayton Burnam, D. E. Gray, Walter Cundiff, Earl Burns.

Mrs. Earl Powell returned Monday from a Lubbock hospital where she had the tonsils of her little daughter Earl, removed, and an operation performed on an eye of her son Edgar Lay.

## Watch Your Kidneys!

Help Them Cleanse the Blood of Harmful Body Waste

Your kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work—do not act as Nature intended—fail to remove impurities that, if retained, may poison the system and upset the whole body machinery.

Symptoms may be nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—a feeling of nervous anxiety and loss of pep and strength. Other signs of kidney or bladder disorder may be burning, scanty or too frequent urination.

There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. Doan's have been winning new friends for more than forty years. They have a nationwide reputation. Are recommended by grateful people the country over. Get your next order!

## BAND MOTHERS HOLD MEETING

The Band Mothers club met in a called meeting last Tuesday afternoon. Several mothers were present as well as J. D. Renfro, secretary of school board. Many plans for the band were discussed and it was decided that we get in touch with several uniform companies and have them send samples for the club and the band to choose from.

These samples will be here by Sept. 27, the next regular meeting of the Club. All mothers of band students are asked to attend and help us decide on the uniforms. There will be election of officers on that date.

## Mrs. Ray Louder Sells Cafe

Mrs. Ray Louder, who has been operating the Home Cafe the past two years, has disposed of it to her mother, Mrs. Tank White who will keep it up to par as an eating place.

### Fatigue is Nature's Warning!

Fatigue is nature's warning of depleted energy. It is a command to rest so that the body may rebuild and refresh itself. Pleasant tiredness after exercise or exertion is natural. Continued exhaustion is unnatural, perhaps symptomatic anemia. Do not neglect the warning of run-down energy. Consult a physician for scientific methods of restoring abundance of vitality.

J. L. HALL, The Druggist

### WEST ZONE MEETING WELL ATTENDED

A meeting of the West zone of the Sweetwater district, Methodist Women's Missionary society, was held in Stanton Tuesday for a fall coaching program. Of the ten auxiliaries composing the West zone, eight were represented. It is the last meeting of its kind to be held until the Harvest Day program, to be held in December, the date and place to be announced at a later date.

A splendid program was presented to representatives of the various auxiliaries. The program was opened with a song by the entire group after which Rev. W. H. Bryant, of Andrews, gave the invocation. The minutes of the last meeting, held in Midland, were read by the zone secretary, Mrs. Morgan Hall of this place. The principal speaker of the day, Mrs. Ralph Odom, of Snyder, was introduced by Mrs. O. B. Bryan, zone leader of Stanton. Mrs. Odom called on the different societies for reports of their work since the last meeting. Reports were made from the First Methodist church and the Wesley church in Big Spring, Coahoma, Courtney, Midland, Garden City, Andrews and Stanton. Mrs. Keathley of Garden City, gave the devotional followed by prayer. A beautiful solo was rendered by Mrs. V. H. Flewellen of Big Spring.

At the noon hour, a delicious covered dish luncheon was served in the church dining room. The afternoon session was devoted to a discussion by Mrs. Odom of the new fall study Mrs. Odom gave interesting thoughts on the study, as well as an outline by which the auxiliaries may follow the text, which is "The Church in the American Cities."

Mrs. Ansil Lynn, formerly a missionary of Africa, gave a very interesting talk on her experiences in that country.

The meeting was adjourned by singing "Bless Be the Ties That Bind," and the benediction which was pronounced by Mrs. Ross of Coahoma.

### SOPHOMORE PARTY

Mrs. W. H. Cox entertained Friday evening, Sept. 9, with a lawn party, complimenting the sophomore class of the Stanton school.

Mrs. Cox was the sponsor when they were a freshman class.

Refreshments of punch and cake were served to twenty boys and girls, with hellos as favors.

### FORTY ATTEND BIBLE CLASS, SUNDAY

There were forty present Sunday morning at the Men's Downtown Bible Class, at the theater to hear Judge Chas. L. Klapproth of Midland, address it.

This coming Sunday morning J. T. Carter, superintendent of one of the large rural schools near Lubbock, will address the class. Everybody is invited.

### PWA Director to be Here

County Judge Stov has received word from Katherine E. Cannon, Abilene, PWA social worker, that she would be at the court house in Stanton, Thursday, September 22, 9:00 a. m., for purpose of interviewing those who wish to make application for PWA.
