CO-CAPTAINS OF THE '39 BUFFALOES 'WOODY-SPRAWLS

SEVENTEEN PLAYERS AND STUDENT MANAGER GIVEN JACKETS AT THE PTA BANQUET.

The Stanton P. T. A. entertained the football squad, the coaches and their wives, and invited guests of the squad, at a banquet Saturday evening at the Methodist church.

Numerous speeches were made with H. A. Hull, Jr., calling signals as toastmaster. Yardage was made by Cecil Hay, Howard Pinkston, Tom Houston and Clint Eidson, every time they were given the ball by Hull, in this last game (?) for those players.

Co-captains elect Houston Woody and Lloyd Sprawls, made some promising passes for next year's team. Coach DeBerry was set back on his heels in the third quarter by a quick kick from Hull, but recovered the ball and made some nice yardage down the talk line from there.

When Coach Poole's number was called, he faded back and passed—the award jackets for a touchdown. Jackets were presented to the following players: Cecil Hay, Howard Pinkston, Tom Houston, Clint Eidson, H. A. Hull, Jr., Beryl Dean Clinton, Doy Egger, Howell White, Junior Wilkes, Houston Woody, Lloyd Sprawls, Wendell Thomasson, Marvin Scott, James Wilson, Ross Hay, Vernon Chandler, Jack McIlvain and student manager, Robt. Haislip.

PIONEER LADY PASSES AWAY

Mrs. Mollie Wright, wife of C. A. Wright, farmer of Martin county for over twenty years, died at her home last Friday night at 10 o'clock.

Her passing came at the end in peace as she had suffered since August and had been bedfast most of the time.

Mollie Jennings was born March 12, 1888 in Severe county, Tennessee. She later moved to Texas with her parents and was married to Charles Wright, October 17th, 1911, at Bonham, Texas.

To this union five children were born, one preceding her in death in infancy. Surviving her are her husband, Charles Wright of Tarzan; three sons, Spencer Wright, Stanton, Texas; Ira Wright, Tarzan, Texas; Floyd Wright, Tarzan, Texas; one daughter, Mrs. Vera Williams, Lovington, New Mexico; three sisters, Mrs. A. A. Hodges, Vernon, Texas; Mrs. George Iredway, Tarzan, Texas; Mrs. E. L. Coggins, Paris, Texas; brother, Luther Jennings, Vernon, Texas.

ATTEND DISTRICT MEETING IN MIDLAND

G. A. Bond, county agent for Martin county and Mrs. Elsie Gilkerson, home demonstration agent for Martin county, were in attendance at a district meeting in Midland, Tuesday, at which there were representatives from six counties. Miss Lora Fansworth, home demonstration agent for Howard county and Miss Mattie Phenix, home demonstration agent for Dawson county, accompanied Mrs. Gilkerson.

Earl Powell in Hospital

Mr. and Mrs. Earl Powell and daughter Earle, left Monday noon for Dallas where Mr. Powell will consult his doctor in regard to his arm. He has been suffering with it recently.

The Country Boy Abroad

(The foregoing article is from the typewriter of Johnny Bassett, son of Mr. and Mrs. John R. Bassett of Stanton, who, is with an engineering crew of A. & M. students in Egypt. Johnny is a graduate of the Stanton high school, entering A. and M. soon after his graduation—Ed)

By JOHNNY BASSETT
Since Mr. Kelly asked me to write him a few lines on my trip, and since he gave me a writeup with hold headlines in the newsiest little paper that ever gets to Egypt, there's nothing left for me to do but kick in. In regard to the write-up, I'm sure none of you folks that know me were fooled by the statement that I was sent over here because of my superior work in school; a grave error dear editor.

To begin at the beginning, on reporting to my usual job in Houston, I found that my former employer was waiting for a contract and didn't have a job for me at the present. After riding elevators for two days I ran into this Egypt job and after a week's consideration I decided to take it. Then three weeks of test work and a glorious week at home, and we were off to New York.

We spent four days in New York, reporting to the office an hour or so each day and shopping, lounging around or seeing the city the remainder of the day.

With a great many of telephone calls and a greater amount of luck, we located our A No 1 Stanton High School Product, Woodrow Wilson, who was in town for the week end from West Point. With his help we got a glimpse of the night life in the great city. The German American, Astor Roof with Hal Kemp, the Hickory House, the Kit Kat Klub and Radio City, were very entertaining and of course there's hundreds of others just as much so.

The one thing we are all trying to forget about New York is the \$2.50 steak at Jack Dempsey's.

At noon of the fifth day we gathered up our luggage and went aboard the S. S. Exhampion which was to be our floating home for fifteen days. The boat was late putting out to sea and it was near dusk as we went out past the Statue of Liberty. So the heavy but famous skyline of New York was our last view of the good old U. S.

The ship was very nice but small. About 100 yards long and 30 yards wide, three decks, and carrying 120 first class passengers only. The staterooms were nice, the food was awfully good—ten course dinners and four o'clock tea. Tournaments in bridge, ping-pong, shuffle-board chess, and dominoes were held to take up time in the afternoon and show dancing, or bingo took care of the spare time in the evenings.

All of our party proved good sailors and didn't get sea sick. The seventh day out we passed the Azores, our first sight of land since we left New York. The eighth day out we found the Rock of Gibraltar still solid and stately, and the tenth day we landed at Marseilles.

From Marseilles we took a trip to Arles and Avignon which took twelve hours of our sixteen there. Arles proved very interesting with her many ancient structures. The Cathedral of St. Trophime, founded in the seventh century. The Antique Theatre of the third century with 16,000 seats and the Arena of the second century with 26,000 seats—a bull fight was scheduled there for the next day. A number of castles among the hills were pointed out to us from the road. Famous French families had lived in them which meant nothing to us. We found Avignon equally as interesting with the St. Benzet Bridge and the famous Palace of the Popes. We spent only about

MARKETING QUOTA MEETINGS DEC. 10TH

A meeting was held at the courthouse in Stanton last Friday night at which the Marketing Quota Referendum meetings to be held through the cotton growing states will be held Dec. 10th, was discussed. Meetings have been held at Courtney, Tarzan, Valley View, Brown Lenorah, Flower Grove, Pleasant Valley, and Loynla.

At these meetings it was explained that cotton producers are not voting on the present Agricultural Conservation Farm Program, but on the Marketing Quota provisions of the program, which cause the program to be compulsory or voluntary.

The marketing quotas are enforced when two-thirds of the producers voting favor them, and they apply to all cotton farms if approved.

Payments Discussed
Payments, with respect to cotton, that might be earned by farmers who comply with the 1939 program were also discussed at the meetings. There will be a parity payment, and a reduction payment on the 1939 crop.

POISONED GRAIN FOR CROWS FURNISHED BY COUNTY

Poisoned grain is being distributed by the Martin County Commissioners' Court to those farmers and stockmen who are interested in killing ravens.

This pest destroys practically all of the truck crops that are grown in the county; it destroys an unknown amount of corn and maize, and eats eggs of both domestic fowls and desirable wild fowl, besides annoying young livestock and spreading diseases.

The county has traps located in several places within its bounds, and plans to try blasting roosts in addition to distributing the poisoned grain. The poisoned grain is made with a type of poison that will not affect the birds for several days after eating it, so they are unable to determine what is causing their trouble and keep eating the baits.

Adjoining counties have been asked to assist in the campaign on the ravens and favorable replies have been received from Dawson, Borden, Howard and Andrews.

HERE'S FIVE RULES BY WHICH YOU CAN HELP ARABE XMAS MAIL RUSH

Santa Claus' helpers, the mail men, wish people mailing Christmas packages and greeting cards would observe these simple rules sent out from Washington:

- Mail parcels as early as possible.
- Keep Christmas seals and stickers off the address side.
- Pay full first-class postage for sealed Christmas cards even if they bear no writing.
- Avoid sealing packages. Use durable containers and tie up tightly.
- Print address plainly in ink and place sender's address in upper left-hand corner.

Visited Relatives in Rice

Mr. and Mrs. Paul Jones have returned from a visit to Mrs. Jones' mother and brother, Mrs. T. Y. Allen and J. T. Allen in Rice. They came Sunday afternoon to Loraine and remained there for the night. Mrs. L. P. Jones had been in Loraine with her daughter, Mrs. Geo. Hutchins and the three of them came on to Stanton, Monday.

To Sweetwater

S. D. McWhorter and Rev. Raymond Van Zandt, were in Sweetwater, Wednesday attending a meeting of the board of stewards of the Methodist church.

MARKETING QUOTA VOTE SATURDAY

Boxes To Be Located Over County

Martin county farmers will be asked to indicate their approval or disapproval on the compulsory phase of the 1939 Farm Program in an election Saturday, December 10. This election is being held throughout the South on that day and all cotton producers of 1938 are eligible to vote.

Boxes will be located at Stanton, Courtney, and Tarzan in the south half of the county; and at Lenorah, Brown, Loyola and Pleasant Valley in the north half of the county. Any one who produced cotton in 1938 either as a landlord, tenant, share cropper, or part cropper, may vote. It is not necessary that the voters be of age, nor is it necessary that he pay a poll tax. Only one member of the family may vote and only one member of a partnership may vote.

Vote Not On the Program

The vote is not on the program itself. The program runs on regardless of the outcome of the election, as the election is only on that phase of program which makes it voluntary or compulsory; the enforcement of marketing quotas on those farmers who overplant their cotton acreage allotment.

If marketing quotas are approved, producers who overplant their acreage will have to pay a penalty of 3c a pound on all cotton sold which is in excess of their quota, or they may put it in the loan at 60 per cent of the rate paid cooperators. If marketing quotas are not approved by two-thirds of the voters on December 10, there will be no penalty for overplanting allotments when the cotton is sold. There will be no loan if there are no marketing quotas.

ONE VARIETY COTTON COMMUNITY

A meeting is being called by W. N. Johnson at Brown this Friday night, December 9, for the purpose of discussing with the farmers in the Brown community the feasibility of organizing a "One Variety Cotton Community" at Brown in 1939. Such a move has gained considerable interest at Brown, partially under the encouragement of J. E. Griffin, manager of the Brown Gin, and at a meeting on the Triple A program several nights ago it was taken up and discussed by these men attending and they felt that another meeting would be justified and that an effort should be made to organize one of these communities. Other communities in the state have received premiums in selling their cotton through these "One Variety Cotton Communities" for the past two years.

COURTNEY'S 7TH-8TH GRADES ENJOY SKATING PARTY

The 7th and 8th grades of Courtney high school enjoyed a skating party at the Roller Rink, Monday afternoon. Contrary to the usual expectations, the teachers present, Miss Millard and Coach Robnett, proved the best skaters in the group. Most everyone else came away with a few bruises for souvenirs. Mrs. Lee White, assisted the two sponsors in entertaining refreshments of cream cones, were served by Miss Millard.

Buys Laundry

L. L. Drapier, who is a member of the Courtney high school faculty, has purchased the J. J. C. Self Service Laundry.

Mr. Cook has gone into the feed grinding business for local consumption as well as trucking ground feed to Monahan, Wink and Grapeland.

MARTIN CO. ROAD BONDS

Well, at last, the road bonds went through. And we are proud of it too. We hope it will result in good and prove to all who against it stood. That progress is not just for one man. But must reach out and help all it can. Each one must bear his part of the load. And reap according as he sowed. Now we brought nothing with us when we came. And we may count on leaving just the same. But while we live let's do all we can for our country and our fellow-man. So that it may be of us said: That we still live while we are dead; With our deeds still pointing to the right. Which may help others to see the light. We hope this road may be looked on with pride. After all who voted on it have died.

\$200 SCHOLARSHIP FOR TEXAS 4-H'ER

GORDON GROTE, 17, of Mason is the second Texas boy to win high honors in the national meat animal contest for 4-H clubbers. Entered by State Club Leader L. L. Johnson, he was chosen by Extension leaders as best in the south and received a trip to the 17th National Club Congress in Chicago. He also won a \$200 college scholarship provided with other awards by Thomas E. Wilson, Chicago meat packer and ranch operator, who supports this annual contest. In six years Gordon made an unparalleled record with baby hogs, feeding and showing 53 head to win \$1,471.45 in prizes and realize \$7,994.19 in sales. He is shown with Pretty Boy II, winner of 4-H and open class championship at Ft. Worth, duplicating a record made with another steer at Denver earlier this year. Two years ago J. D. Jordan of Mason won the same award.

He's going down to Dallas to "shop - window" Christmas things and see if there is anything he wants to grace his store for holiday gifts. We surmise Mr. Hall will send back quite a lot of choice articles for the Christmas trade to add to what he has already in his store.

HELP STOMACH DIGEST FOOD

Without Laxatives—and You'll Eat Everything from Soup to Nuts
The stomach should digest two pounds of food daily. When you eat heavy, greasy, coarse or rich food or when you are nervous, hurried or have indigestion—your stomach often cannot do its work. Your food doesn't digest and you have gas, heartburn, nausea, pain or sour stomach. You feel sour, sick and upset all over. Doctors say never take a laxative for stomach pain. It is dangerous and foolish. It takes those little white tablets called **Help** and for indigestion to make the weak stomach build harmonious, relieve distress in 10 days and put you back on your feet. **Help** is an unacidic, non-stimulating, and safe medicine proven to be the best for indigestion.

Are you Poisoning him?

The delicate balance of baby's digestion demands the most careful selection of foods and medicines. The wrong food, or an unauthorized remedy may act as a poison in his tender stomach.

Let your family doctor's wide knowledge assist you in planning his diet, and certainly no medicines should be given except at the physician's express command.

COUNTRY BOY ABROAD— (continued from page 1)

four and five thousand years old. Egypt is a very cosmopolitan country. There are people here from every country and consequently every language is spoken here. Most every one speaks at least three languages, fortunately. English is one of them. Languages that are spoken most are Arabic, French, English, Greek, Italian, German, and occasionally, Russian. One of the Europeans working with us speaks these seven languages besides being an electrical engineer and he is only twenty-five years old.

The morning of the fifth day in Cairo we were told that our camp was ready. Our working days had begun but our trip hadn't ended. Our first job was in Simai, just across the Suez canal and consequently in Asia. Our camp was located just across the canal from Suez and our work was in the desert — miles and miles of nice white sparkling sand dunes, nice until you tried to travel over them in a car.

On arriving at the camp we were greeted by about twenty Arabs with their "siedas," which means hello, good morning, good-bye, or good night in Arabic. The twenty Arabs, we later found out, were our cook, waiters, drivers, rodman and general flunkies. We had trouble training the rodman and drivers to be much help but now they are doing fairly well.

All in all we have a good camp and a good bunch of boys. From the States we have one from A&M besides myself, one from Texas University, three from California Tech, one from Iowa State, and one from Washington State. All of them have their degree, one of the Tech boys has his masters. The four

Europeans with us speak at least eight languages between them. A little learned from each gives fine possibilities for advancement of technical as well as liberal education.

Our work is going fine in spite of the sand dunes. We finished the job near Suez and are now near El Arish, still in Sinat. Our camp is located in a pretty place, among the date palms on the shore of the Mediterranean. We have a fine beach and it is still warm enough to go swimming and doubtful that there will be many days when it will be too cold.

We are only a few miles from Palestine now and plan to make a trip to Jerusalem as soon as the Jew-Arab situation quieted down. The Consulate advised us not to go just now.

We also plan a trip to Luxor after we are transferred to the Red Sea area which will be only a hundred miles from the famous old city.

Well folks, now I'll apologize for such a poor effort of writing an interesting account of such interesting places. But I'm still the same country boy that you have all known so long and I've never been able to get the knack of juggling words to make them impressive and sound good. As I tell these Englishmen and Californians, I talk Texas. So maybe you Texans can understand it.

To any of you that would like a letter from Egypt—I answer all letters.

A very fine letter Johnny. Though his real initials are "A. C." no one around here, outside of his family circle, would know him by any other name than "Johnny" Bassett. Folks back home here, Johnny, know you will do nothing to change your name but are held in suspense you may do something to change the name of someone else. The way you talk about those pretty French girls, suspicions one to get the idea you might change the whole map of Europe. If you get time to corral one of those shiekhs over there find out what sort of skin lotion or lip stick he uses to make himself so popular with the shiekesses—maybe it would be the turning point in this U. S. shiek's losing out with the fair sex. And Johnny, do you see any ostriches with their heads stuck in the ground? Might pluck me a plume for our wife's last summer hat to be worn next summer. Johnny, have you any jittersbugs over there? We are beginning to have a few here—Cal Houston, Wilmer Jones, N. Kaderli and John

Poe, show symptoms they have been bitten by the bug. With that, we sign off. Oh yes, Johnny, if you will let the natives read a few copies of the Reporter, it might tend to soothe the savagery in the breasts of those Arabs and and cause the flag of truce to be hoisted between them and the Jews.—Ed.

and for the County of Martin at the Courthouse thereof, in the City of Stanton, on the fourth Monday in December A. D. 1938, being the 26th day of said month, file number being 1407, then and there to answer the petition of G. L. Stewart filed in said Court, on the 23rd day of November, A. D. 1938, against F. D. Bone, if living, whose residence is unknown, but if dead, then his heirs and/or legal representatives whose names are unknown, to-wit:

Said suit being a suit in Trespas to try title to the following described land situated in Martin County, Texas, to-wit:

All of the Southeast Quarter of the Southeast Quarter (SE 1/4 of SE 1/4) of Section No. Eighteen (18), Block No. Thirty-seven (37), Township One South, T. & P. Ry. Co. Survey, and containing 40 acres, more or less.

Plaintiff further alleging that he has title to said lands by reason of his peaceable, continuous and adverse possession of the above described land, under color of title, using and enjoying, cultivating and paying taxes on said land as same became due thereon. And had said land actually enclosed for a period of more than ten years before filing of this suit, and is relying on the three, five and ten years statute of limitation. Also claiming under deed to said land duly recorded for more than five years.

Said suit being to try title as well as for damages.

HEREIN FAIL NOT, but have you then and there before said Court this writ, with your return thereon, showing how you have executed same.

WITNESS, Jno. F. Epley, Clerk of the District Court of Martin County, Texas.

Given under my hand and seal of said Court in Stanton, Texas, this the 23rd day of November, A. D. 1938.
