

**COAHOMA BAND
WON SILVER CUP
IN BAND CLINIC**

MISS REBA HULL MADE
BAND SWEETHEART OF
STANTON ORGANIZATION

(By CORINNE COOK)

Saturday, the Stanton high school held its annual Band Clinic in the school auditorium. The Stanton band, under the direction of W. M. Bucy, received congratulations from all present upon the success of the Clinic.

The Clinic was conducted by Conway King, of Lamesa, who proved to be one of the most thorough and capable directors to conduct a clinic band in this section in many years.

Bands present at the occasion were, Garden City, Homer Martin, director; Forsan, George Kiker, director; Loraine, W. W. King, director; Coahoma, Fack Hensley, director; Lamesa, Conway King, director.

A select group was picked from all bands present to form the Clinic Band. Rehearsal of this group was held at 10:30 Saturday morning. Marching maneuvers and parade in the afternoon were held but cut short by one of the year's worst sand storms.

The bands assembled in the auditorium at 2:30 and each band played its concert numbers and marches.

The clinic band was presented in concert at 8:00 p. m. each conductor leading his band.

Miss Reba Hull of Stanton, was presented to the bands and the audience at the close of the concert, as sweetheart of the Stanton band for the ensuing year. Miss Hull was the candidate for the position and was sponsored by the Buffalo Round-up the high school publication.

The Stanton band wishes to express its thanks to the editorial staff for the fine way in which they backed their candidate, and saw her through to victory.

**VISITORS TO ABILENE
SUNDAY**

Mr. and Mrs. Virgil Brothers, accompanied by Mrs. Dave Wiswell, Mrs. M. C. Brothers and Marvin Mays of Stanton and Mrs. Hurshal Howard and daughter Marcalene of Midland, were in Abilene, Sunday visiting their daughter, Marguerite, who is in training at Hendrick's Memorial Hospital.

Marguerite had been in bed several days with rheumatism but was able to be back on duty.

After the arrival of the kinfolks Marguerite got permission to be off from 10 to 3, and immediately some of the group set out to find Carrie Bell Bassett, who is in Abilene going to school. One in the party, being especially interested, Carrie Bell was all ready and out on the porch waiting when they found the place, because somebody phoned her to be ready and she hadn't wasted any time.

Mrs. Howard and Marcalene ate lunch with Mr. and Mrs. Wayne Armstrong but the rest of the party went off to a picnic dinner. When dinner was spread and coffee nearly ready Marguerite remembered she was on a diet so she and her mother started back to the hospital to see what she must eat. About half way they ran out of gas but an old man saw their plight and sent a boy to help them out of their trouble. He ran about three blocks and brought back a gallon of gas. When they arrived at the hospital the dietitian had Marguerite's lunch all fixed she carried it back to the picnic to eat.

While everybody ate deviled eggs, weiners, pickles, fried chicken, devil's food cake (her favorite) and such stuff she ate plain asparagus tips, a piece of broiled chicken, about the size of a kildee, a slice of pineapple, a piece of water corn bread and a glass of apricot juice. Anyway she was on the picnic.

After lunch everybody went back to the nurses home where they were joined by Mrs. Howard and Mrs. Armstrong, and visited until 3 o'clock when all went their separate ways, having spent a very enjoyable day.

Watch Your Kidneys!

Help Them Cleanse the Blood of Harmful Body Waste

Your kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work—do not act as Nature intended—fail to remove impurities that, if retained, may poison the system and upset the whole body machinery.

Symptoms may be nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—a feeling of nervous anxiety and loss of pep and strength. Other signs of kidney or bladder disorder may be burning, scanty or too frequent urination.

There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. Doan's have been winning new friends for more than forty years. They have a nation-wide reputation. Are recommended by grateful people the country over. Ask your neighbor!

STOCK SHOW SIDELIGHTS

In Big Spring Weekly Herald of March 3

"I hope I'm not talking out of Monday and Tuesday, "but I'd school," said W. L. "Runt" take this steer to some other Stangel, head of the department shows." He was, of course, talk of animal husbandry at Texas ing about Billy Sadler's "Old Tech and judge of the second Draw" champion calf of the annual district club show here show. "He might get beat," con-

tinued Stangel. "but you'd know that it was an awfully good steer that beat him."

And like as not, Old Draw, will go to some other shows. He may even be taken to San Angelo, (he was, and boy, what did he do—won first in heavy-weight — Ed), to compete against some of the Mason county calves, George Bond, Martin county agent, under whose supervision the calf was fed out, said, "I'd kind of like to mix it with those Dutchmen." The top steer may also be shown at Odesa, Lubbock, Amarillo and possibly Fort Worth. Much praise was heard for Bond. He deserved it.

Not downhearted was Russell

Sadler, brother of Billy Jo. Russell topped his brother in honors at the recent show at El Paso. He figured the next show might be his time to win. Russell, incidentally, showed the reserve champion, V. R. Sadler, father of the two fine feeders, was rightfully proud of his sons. "Leave me out of it," he said. "Give the boys the credit."

Shunted into the background was E. B. "Eb" Dickenson, Martin county rancher. But he earned a right to more praise than he got for he is breeder of the champion calf. Cattlemen who ran their eye over the animal knew that it just didn't happen, that Eb Dickenson had bred an almost perfect type calf.

Here's some of the things

Stangel had to say about the calf—"perfect head, big good steer quality, good eyes; short neck; nice over the shoulders, thick, good cover; body carried length and spread and well covered; smooth, thick and deep hips, good hide quality."

GEORGE BOND
IN "AOP OF WIND MILL"

While snooping around in San Angelo with the "fatted" calf, George Bond, Martin county agent, got himself in "Top O' Wind Mill" column in Sunday's San Angelo Standard. Here it is:

George Bond, Martin County agent, said yesterday that he plans to take two calves and the youths who fed them to the Fort

Worth stock show. Russell Sadler won first in the heavy-weight and Owen Kelly copped 10th in the light-weight milk-division of the youths' baby beef show, and these are the animals to go to Fort Worth. Bond along with VA Teacher H. M. Carter, Sterling City, was "beaming" yesterday at the show barns.

GRAND CHAMPION :o: :o: :o: AND :o: :o: :o: RESERVE CHAMPION

The above photo is that of "Old Draw" grand champion calf of the 4-H-FFA stock show at Big Spring last week. A milkfed calf bred by Eb Dickenson, prominent Hereford breeder of this county. He copped similar honors at the Martin County 4-T Club boys show held in Stanton a week previous. Owner and feeder is Billy Sadler, shown with the animal, as well as Eb Dickenson, the breeder, standing just behind the calf. Picture to the right is that of Russell Sadler, brother of Billy Jo, with "JC" milkfed calf by J. C. Sale, one of Martin county's prominent young ranchmen, and a son of Mr. and Mrs. J. R. Sale, old time residents of this county and now in the ranching business. Russell Sadler won reserve champion at the Big Spring show, and two weeks previous, won reserve champion honors at El Paso with "Rey Eye," a calf he fed out here, and for which he received 29 cents at El Paso. Eb Dickenson, was also the breeder of this calf.

NOBODY'S BUSINESS
BY JULIAN CAPERS JR.

Austin.—If the people of Texas want to assume a new tax burden of \$30,000,000 or \$40,000,000 a year in order to pay liberal pensions to aged people, school teachers, dependent persons and those with impaired eyesight, they are going to have to say so with votes at the ballot box, sometime this summer. That appeared to be the consensus of informed opinion in Austin this week-end, as the House of Representatives sent all of the various tax bills it has received to a subcommittee with instructions to bring out recommended legislation without delay. Whatever tax plans are submitted to raise the social security money, they will, in the opinion of those closely in touch with the situation, be incorporated in one or more constitutional amendments.

A Taxless Session
This Legislature appears at this time entirely unwilling to heap that much tax burden upon the citizens without a direct mandate at the ballot box. So the prospect at this writing is that this will be an entirely taxless session of the Legislature.

Whether the constitutional plan incorporating a tax program will be a series of amendments, offering alternate proposals, such as a sales tax, a "use" tax, a transaction tax, an income tax, a gross receipts tax, and increased natural resources taxes or whether it will be a single "omni-bus" amendment, including several of these tax plans, depends entirely upon the prevailing sentiment among members of the House committee on taxation and revenue and on constitutional amendments.

The familiar arguments against each of the tax forms mentioned have been heard by legislators from spokesmen from each of the affected groups. The sales tax, obviously a burden upon the lower in-

come group—the farmer, the laborer, and the small salaried worker. The transaction tax is a multiple sales tax, with its evils and burdens multiplied. The gross income and "use" taxes are but sales taxes, with the collection method specified. The natural resource people claim they are approaching the breaking point in their ability to pay further taxes. The protests from representatives of almost every economic group, including farmers, laborers, manufacturers, retail merchants, oil men and consumers have poured into Austin until many of the legislators are convinced that the best way out of the maze is to check the problem back to the people.

May End Santa Claus Era FELLOWSHIP PARTY PLANNED BY COURTNEY W.M.S.

The Courtney W.M.S met with Mrs. Joe Stewart, Monday, March 6. Mrs. Elma Nicholls gave a brief discussion of the book, "The Church Takes Root in India," by Basil Mathews, which will be studied at the next course. The hostess read the Beatitudes for the devotional.

Plans were perfected for the Fellowship party April 4, which will commemorate the second anniversary of this circle. Refreshments were passed to ten ladies.

Mrs. W. E. Hazlewood will be hostess Monday, March 13, at which time Mrs. Cliff Hazlewood will present a review of the book, "Dinabandhu," a story of India.

The business men of Stanton presented a silver cup to the band that made the best impression on the public. The cup went to the Coahoma band, directed by Jack Hensley. The cup is not a rotating trophy, and as soon as it is engraved Coahoma will have it for keeps.

Visited in San Antonio
Eb Dickenson, accompanied by his sister Mrs. J. R. Sale, has returned from a visit with Elbert Sale, in San Antonio.

They think that the voters who are at work, trying to make a living, educate their children, pay their taxes and carry on a normal life, may be shocked into backing the legislators in a sane and sensible social security program that will take care of actually needy people, and not attempt to play Santa Claus to everybody in the State. They point out that this type of citizen still outnumber the group who want "something for nothing," and may predict that if the legislature checks it back to the people as a whole to write the formula for extracting \$30,000,000 to \$40,000,000 of additional taxes from their depleted incomes, they may go to the ballot box and turn thumbs down on the "pensions for everybody" program of the demagogues and professional agitators.

Meanwhile, conservative sentiment in both houses is proceeding on the theory that if the tax problem is submitted to the voters for solution, the way will be cleared to effect some governmental economy, achieve an improved fiscal setup for the State government, abolish some useless bureau and commissions, and pare down the excessive operating costs of some departments. The regular appropriation bills will be given the most careful scrutiny this session, and present plans call for the taking of plenty of time to consider them, instead of rushing them to conference committees the last 48 hours of the session for hasty and ill-considered action.

Whatever the outcome of the referendum plan on taxes when the people finally pass on it, the legislators feel they cannot go wrong politically by leaving it to the voters. If the voters voluntarily assume the huge new tax burden, the solons have a perfect alibi; while, if they reject it, no one can accuse the members of the House and Senate of "failure to take care of the old folks."

EASY WAY TO CARVE LEG OF LAMB

1. Place platter so that the leg bone is to the carver's right. Insert the fork firmly into the large end of the leg and cut two or three length-wise slices from the side nearest the carver.

2. Turn the leg so that it rests firmly on the surface just cut. Holding the fork firmly with the fork inserted into the left end, and beginning at the shank end to the right, make the first slice down to the leg bone and continue to make thin slices parallel to the first until aitch bone at the large end is reached.

3. With the fork still in place, the knife is run parallel to the leg bone to free the slices all at one time. The slices should be about one-fourth to three-eighths of an inch thick.

"Sweet Sue—Just You"

Ev-ry star a-bove—
If the field of popular music had not immediately recognized his talent, the chances are the composer of "Sweet Sue—Just You" would have stuck to his violin and remained a classical composer.

He was born in Chicago. His father, an opera singer, encouraged his musical talent, and bought him a violin. At six, he was able to play it. At ten, he was sent to his grandfather in Warsaw to study at the Conservatory of Music. Here he earned the Diploma of Merit, appeared with the Warsaw Philharmonic Orchestra and embarked on a tour of the European capitals.

The World War interrupted all this, and after a number of adventures and escapes, aided by music lovers who were officers in the Russian and German armies, he made his way back to Paris, Chicago and finally, California. Here, his sweet heart, who had recently arrived from Poland, was waiting for him.

The market for classical music was very low, so he went to work as concert master of a motion picture theatre. He returned to Chicago to lead orchestras, then joined the Ted Florito orchestra to play and write arrangements. About this time, he began to compose popular melodies, and with the advent of radio, soon began to take an active part in that field, where he has lately been identified with Al Jolson. His various songs, including "Old Man Of The Mountain" and "Lared You Made The Night Too Long" earned him membership in the American Society of Composers, Authors and Publishers.
