

Snooter Know

A Little About Everything Not Much About Anything By JAMES E. KELLY (Opinions expressed in this column are the views of the writer and should be so interpreted).

A MOST STRIKING PICTURE to meet the gaze of this column was one printed recently in a national magazine showing an 8-day-old baby tagged for 1,666 as his share of the national debt, which stands at approximately \$25 billion. The national debt is now 14 times as large as when the baby's father, standing by in the picture, was born in 1925.

SCANNING THE 1952 FOOTBALL schedule for the Stanton High School Buffalo squad, eleven games are to be played, one having been disposed of last Saturday night, 35-0, in favor of the Buffs. Among the ten games remaining, one of them is an "open" date. There are five conference games, three to be played on home grounds, and two away. Should the "open" date game be played on home soil, that would be six games the home folks will have the opportunity to see played on the Buffalo Field.

Doubtful, if there is another town the size of Stanton whose citizens are more loyal to their football squad. Even with the record of no victories chalked up by the Buffaloes last year, the home games drew large attendance. The Buffalo squad of last year was made up of "green" timber, aside from one or two players, and it was at the expenditure of lots of hard work on the part of Coach Read, that he put on the playing field a squad making as creditable showing as it did. All of last year's boys are on the squad this season, and with the year's experience, added to the rigid training schedule the Buffaloes are undergoing this year, the home folks are going to see the home squad come through with some victories as the season progresses, and maybeso, the squad will have enough scalps dangling from their belts "tommyhawked" from their adversaries, to win the district crown.

Cows respire only on their noses.

AFTER HAVING A HOLE DUG down to a depth of 7,873-97 feet on his farm one and three-quarter miles northeast of Stanton by the Plymouth Oil Company, W. R. Morris, has come up with a 35 barrel per day oil well, free of any water, Moreso than ever, do I lean on Bro. Morris as my friend, since he is now listed as owner of an oil well. His farm is just that one and three-quarter miles northeast of Capital Hill, where I live, a distance handy enough for our wives to stand in their kitchen doors and flip flap jacks over on each other's breakfast table. I'm not so sure but some of the oil in Friend Morris' well, is seeping through from the oil gusher I hear splashing oil under the roof of the ground I'm living on.

SO THE NEWS GOES, THEY have made a passenger car tire that will stand up under a speed of 135 miles per hour, and provide maximum qualities at top speed. Apparently, the passenger doesn't sacrifice any comfort from riding at that spurt, but he stands to sacrifice his life. I thought all along the safety organizations were exerting every effort to hit upon some plan that would lower the speed of the car driver, so, he, himself, could save his own neck as well as the neck of the careful driver whom he smashes into because of his maniac driving.

The Great Wall of China is 1,500 miles long.

MIDLAND RESIDENTS BECAME quite excited one day last week when the news spread that the Presidential candidate Dwight D. Eisenhower, was in the city. Citizens who saw the man said there was no question but it was the Republican candidate for President, and he was seen in the lobby of the Scharbauer Hotel. Dwight D. Eisenhower, (?), it was, until at a meeting of the Petroleum Club, at which Mr. Eisenhower (?) was a guest, that Congressman Ken Regan, "unfroked" the exact image of Ike, and revealed him as Leo Mathews, in Midland, representing the American President Lines, featuring tours (Continued on Back Page)

Philips Will Drill Ellenburger Test In Stanton Area

By JAMES C. WATSON

Another Ellenburger wildcat is to be drilled in Southwest Martin County.

It will be Phillips Petroleum Company No. 1-C Schar (Scharbauer Cattle Company).

It is 19 miles northwest of Stanton and 13 miles north of the city of Midland.

Location is 1,320 feet from south and 6,888 feet from west lines of league 324, LaSalle County School Land survey and four and one-half miles north of the discovery well of the Glass (Spraberry) field.

In Spraberry

The prospector has already drilled to a total depth of 9,006 feet in the Spraberry. It has tested the Spraberry extensively and failed to develop any commercial production.

Operator is now rigging up a large rotary rig to drill this project to 14,000 feet or a test of the Ellenburger at a lesser depth.

Stanolind Oil & Gas Company No. 1 Flynt, wildcat 28 miles north of Midland and in Central-West Martin County, is at a total depth of 12,789 feet and is trying to regain circulation.

Northwest of Stanton

It is being dug 660 feet from south and west lines of labor 12, league 248, Hartley County School Land survey and 24 miles northwest of Stanton.

Stanolind No. 1 Cowden, Ellenburger failure in Southwest Martin County, is fishing for lost tools. It is at a plugged back depth of 9,148 feet. After the tools are recovered, operator will continue to test the Spraberry through perforations at 9,040-9,130 feet.

It was drilled to a total depth of 13,308 feet in barren Ellenburger.

Location is 660 feet from west lines of section 30, block 40, T-1-N, T&P survey. That makes it six miles southwest of the Glass (multipay) field.

Drilling Deeper

Gulf Oil Corporation No. 1-P-A George W. Glass, five eighths of a mile northwest of the closest completed well in the Glass (Pennsylvanian) field of Southwest Martin County, is drilling below 10,812 feet in lime and shale.

Location is 1,980 feet from north and west lines of section 12, block 39, T-1-N, T&P survey.

Zephyr Drilling Company of Midland and Rycade Oil Corporation of Houston No. 1 Stimson & Burley, 4,500-foot San Andres wildcat in Central-South Martin County, is drilling below 2,260 feet in shale and anhydrite.

Location Given

Location is 660 feet from west and 1,980 feet from south lines of section 26, block 38, T-1-N, T&P survey, 14 miles northwest of Stanton and one and one-half miles south of a recently completed San Andres discovery.

Sinclair Oil & Gas Company No. 1 Hall, wildcat in Glasscock County and eight miles southeast of Stanton, is drilling below 10,383 feet in lime and shale.

Location is 1,980 feet from north and 660 feet from west lines of section 6, block 34, T-2-S, T&P survey.

Beauty Consultant To Be At Stanton Walgreen Drug Co. Next Week

The ladies of Stanton are invited to meet the personal representative of the world-famous beauty authority, Helena Rubinstein, next week at Stanton Walgreen Drug Co. She will give all who call with Madame Rubinstein's compliments, a free beauty analysis. Besides a complimentary 7-day home beauty course, packed with dozens of beauty secrets there will be available the wonderful 7-day reducing diet and daily exercises.

All are urged to call or visit Stanton Walgreen Drug Co. and make appointment with Helena Rubinstein's beauty consultant early as she will be here next week only, September 22-27.

EMIL RASSMAN TO ADDRESS LIONS DURING "GOOD CITIZENSHIP WEEK"; SCHOOLS TO HOLD OPEN HOUSE

Mr. Emil Rassman, prominent young Midland attorney who last year was named one of the "Most Outstanding Young Men of Texas," has accepted the assignment of addressing the Stanton Lions Club Monday evening, September 22, in line with the observance of "Good Citizenship Week."

The Stanton Public School will hold Open House during the week, September 22-26. Parents are urged to visit class rooms and to eat in the school lunch room.

Rassman is active in civic, church and cultural affairs here and is one of the outstanding speakers of this section. He is a past president of the Midland Optimist Club, and was named Midland's Outstanding Young Man of 1951, prior to his state recognition.

He has gained widespread recognition in the legal profession, particularly for his work in the Tideland Case and in connection with West Texas water rights. His representation of the State of Texas in the Tideland controversy in both Austin and Washington is termed "outstanding" by Texas lawyers.

He served with distinction during World War II, and twice was wounded while serving overseas with the 32nd Division. He enlisted in the Army as a private, was released as a captain.

He is a graduate of Washington and Lee University and the University of Texas Law School.

He is associated with the law firm of Whitaker, Turpin, Kerr, Smith & Brooks (First National Bank Building) in Midland.

Public Library Receives Donation of New Books And Magazine Files

The Martin County Public Library is still growing and the circulation of books is increasing regularly, according to Mrs. Velma Haynie, librarian.

Besides a number of new volumes bought with county funds a generous gift of books was made by the Stanton Study Club.

Individual contributors during the summer included: Mrs. Flora Morris, giving several books of fiction as a memorial to her son, Thomas Morris; Mrs. John Holder, some valuable old books and contemporary fiction; Mrs. Loy-ace Hazlewood, Mrs. Glenn Brown, Mrs. J. E. Moffett, Mrs. J. E. Kelly, and Mrs. Alfred Mantin, miscellaneous volumes. Mrs. Phil Berry, Mrs. Jim Tom, and Lynn White have presented files of some fine magazines.

Mrs. Haynie states these gifts are greatly appreciated and that continued support is needed as the list of registered borrowers is constantly growing.

Courtney HD Club Sees Motion Picture On Furniture Makes

The Courtney Home Demonstration Club met Wednesday of last week in the home of Mrs. Elmer Hull.

Mrs. Mildred Eiland, home demonstration agent, gave an interesting talk and showed motion pictures of the different makes of furniture.

Punch and cookies were served to Mrs. Jess Angel, Henry Rayford, Claude Davis, Matthews, Wren, Earl Douglas, Leon Hull, E. W. Holcombe, Jim Hillger, Ohmer Kelly, Tommy Ledbetter, Mildred Eiland, and the hostess. The next meeting will be held September 24 in the home of Mrs. Ohmer Kelly.

VISIT FT. WORTH-DALLAS

Mr. and Mrs. Clayton Burnam were in Dallas and Fort Worth this week on business. Mrs. Burnam fared exceedingly fine, but the bright lights were blinding to his eyes, but it will not interfere with his fishing here back home.

Major Pat N. Howard Assigned to Kansas Air Force Base

Major Pat N. Howard of Stanton, Texas, has been recently assigned to Wichita AFB, Kansas, the site of the world's first stratojet bomber base, where he is participating in the training program for the B-47 stratojet medium bomber.

Major Howard first entered the service April 1, 1942 and received his commission on April 22, 1943.

Prior to his assignment to this base he served a tour at Scott AFB, Illinois.

The Major is married to the former Miss Elizabeth Rayford of Stanton, Texas, and they have three children.

C. of C. Committee Outfits Safety Patrol

The Health and Safety committee of the Chamber of Commerce met Monday morning to complete arrangements for a Safety Patrol at the public school here.

School boys performing patrol duties are being provided with helmets, arm bands, belts and other items as regulation equipment. They will regulate traffic and children near the school or on routes at dangerous crossings.

Dr. Q. Z. Martin, chairman of the committee, pointed out that the boys will be strict authority under the supervision of Chief of Police. Effectiveness of the safety measure depends upon the cooperation of drivers near the school.

FORMER STANTON RESIDENT DIES IN DALLAS WED.

N. Kaderli, of Denton, died Wednesday morning in a Dallas hospital following an operation for the removal of a pelvic tumor Monday morning.

He was born August 24, 1862. In 1904, Mr. Kaderli and wife and children, moved to Stanton. He was a deacon in the First Baptist Church here, until he moved to Denton three years ago.

Surviving besides his wife, Mary Elizabeth Kaderli, are eight children, W. A. Kaderli, Stanton; L. O. Kaderli, San Angelo; J. N. Kaderli, C. C. Kaderli, Kimball, Neb.; Mrs. Ethel Owens, Denton; A. T. Kaderli, San Antonio; and Mrs. Edna Bostick, San Antonio.

Funeral services were held Thursday in Denton.

COUNTY ROAD IMPROVEMENTS INCLUDE WIDENING HWY. 80

HAROLD DUMAS, 19, KILLED INSTANTLY THURSDAY MORNING

Harold Dumas, 19, was killed instantly Thursday morning, September 23, while working at Gulf Pipe Line near here. The accident was caused by a mechanical failure.

T. F. Cooper, seriously injured in the same accident, was in Memorial Hospital here at press time. His condition was not certain.

Dumas, a resident of Hillsboro, was living with his father, A. O. Dumas, at Big Spring. Both men were working with Gulf. His mother is at the family home in Hillsboro.

The body will be taken to Marshall and Marshall Funeral Home in Hillsboro by Arrington Funeral Home of Stanton.

2 to 2 1/2 Inches of Rain Fell in Stanton Last Thursday Night

Whether or not it can be said of Stanton folks that they have been meeting their ministerial duties, (paying the preacher), it's not for The Stanton Reporter to publicize a guess, but whatever may have been the cause of the favoritism shown, Thursday night of last week, Stanton, was visited by a rainfall that amounted from two to two and a quarter inches.

The raincloud was quite stingy with the area over which it spread its moisture, holding it down to an area about three miles wide and extending north and south of Stanton about the same distance.

The cloud carried along no disturbance other than the pitter-patter of the raindrops—no wind, no blinding flashes of lightning, or the dish-rattling appeals of thunder. The rain drops were as small as pinheads and thicker than fleas on a dog's back.

Rain dropping on the watershed north of Stanton sent water scooting into the Mexican lake across the T&P tracks, making a respectable showing of water in the lake that had been as dry as the proverbial bone, since two years ago his month.

Two inches of rain fell in Stanton, so reports the statisticians of the rain gauges in town. From the Harry Billington irrigated farm, adjoining Stanton on the south, came the report two and a quarter inches fell on an otherwise flush crop of cotton and other crops, that had already been well nursed through a year of rainless weather by irrigation.

MIDLAND SCHOOL OFFICIAL TO ADDRESS COURTNEY P-T. A MEET THURSDAY

Charles Mahus, assistant superintendent of Midland public schools, will be the main speaker at the organizational meeting of Courtney P-T. A.

The group will meet Thursday night at which time plans for the year's work will be discussed. Superintendent H. F. Collins will preside.

CHICKEN BARBECUE PLANNED

The Masonic Lodge will have a chicken barbecue Tuesday evening, September 23, at the city park. All members and their families are urged to attend, at 8:15. Following the barbecue as Masters degree will take place at the hall.

DESPITE HER 75 YEARS MRS. DAVIS NABS A COON

Mrs. M. Davis, peeped out her kitchen window the other day and spied a coon sitting in her mesquite tree. Despite her age of 75 years, Mrs. Davis calmly walked out and plucked Mr. or Mrs. Coon off its seat in the tree, and now she has the coon in the house running around underfoot as a pet.

The Commissioners Court of Martin County has ordered an election to be held on Saturday, October 18 to determine whether or not bonds shall be issued in the amount of Two Hundred Fifty Thousand dollars for various road construction, maintenance, and improvement projects.

The improvements would be financed by an ad valorem tax to be levied on all taxable property in Martin County, subject to taxation, however, proponents of the bonds point out that no increase in the present county tax rate, or no increase in property valuations will be necessary, for the reason that Commissioner Court will cease to levy twenty cents on each \$100 valuation of taxable property now being levied on the 1938 road bond. Principal and interest on the 1938 issue is now being paid by the state under the bond assumption act. In effect, the present twenty cent levy will retire the proposed bond issue at no additional tax above what Martin County is already paying.

The proposed bonds provide, besides county-wide road system improvements, the widening of U. S. Highway 80 across Martin County for four lanes following the present route.

Only legally qualified voters of the state and county who own taxable property here, having rendered same for taxation will be eligible to vote.

Polling places and presiding officers for the election are respectively as follows:

Precinct 1: Stanton High School Home-making Cottage, Stanton — James Jones.

Precinct 2: Methodist Church Building, Stanton — Jack Jones.

Precinct 3: Tarzan Marketing Association Building, Tarzan — James H. Jones.

Precinct 4: Irvin Snell Residence, Route A, Lamesa, Irvin Snell.

Precinct 5: Lenora Baptist Church Building, Lenora — A. C. Fleming.

Precinct 6: Brown Paymaster Gin, Office Route 1, Ackerly — Doyle Davis.

Precinct 7: Flower Grove School Building, Ackerly — Lloyd Wiggins.

Precinct 8: Flower Grove Church Building, Route 1, Ackerly — M. T. Mitchell.

Precinct 9: Courtney School Building, Route 1, Stanton — Irvin Myrick.

Precinct 10: Ackerly Farmers Gin Office, Ackerly — Joe Lemmon.

SPIRITED BUFFALO HERD BEATS BIG SPRING SHORTHORNS 35-0 IN OPENER HERE SATURDAY NIGHT

More than 800 fans turned out to see the Stanton Buffaloes win their first game of the 1952 football season here Saturday night by defeating the Big Spring "B's" 35-0.

The Buffs showed every sign of good coaching. Their strength in offense was reflected in total yards rushing while the defensive wall held their opponents to little forward gain.

Fans all agree that if the Buffaloes keep the cool headwork displayed Saturday night, work hard in training and continue their teamwork on the field, there shouldn't be a defeat during the season.

First play of the season saw Conrad McKaskle receive the Shorthorn's kick on his own 15 yard line and work back to the 20. After one and three yard line plunges Leroy "Scooter" Polk carried to his own 38 for a first down.

Norman Blocker then picked up 5 yards followed by Conrad McKaskle racing 14 yards, into enemy territory.

"We have only begun to fight" said McKaskle, as he jaunted 16 yards on the very next play. Blocker picked up eight followed by Eldon Hopkins placing the pigskin deep on the Shorthorn 15 yard line.

After a couple of thrusts at the line "Scooter" Polk rang the six bell alarm by hitting right guard for nine yards and pay dirt. McKaskle carried the extra point and Stanton had marched 85 yards, unaltered, to chalk up a 7-0 lead in the first minutes of play.

Shorthorn possession didn't last long. After three downs had netted only six yards, a boot returned the ball to Stanton on its own 39. After a three yard loss and a three yard gain, Eldon Hopkins placed an aerial in the arms of Reggie Myrick on the center stripe.

Again invading enemy territory, Blocker carried one short of a first down. Hopkins fought through the middle to the 38 followed by McKaskle crashing center to the 20 as first quarter ended.

The long quarter switch run across the field warmed up Norman Blocker just right, as he grabbed the leather and kept going, 15 yards, across the goal line. A good extra point gave Stanton a lead of 14-0.

A kick to the Shorthorn 10 was brought back to the 25. But the Buffs were again determined to show Big Spring it wasn't healthy to possess the ball, not even on their own 25 yard line.

1. Pass, knocked down; 2. Line play, hits wall, no gain; 3. Intended passer, rushed, fumbles. Richard Lewis recovers for Buffs on Shorthorn 16 yard line.

Four line plunges gave the Buffs a first down and goal to go on opponents six. After Hopkins picked up a yard, Leroy "Scooter" Polk crashed middle defense for his second TD of the evening. A jump pass added an extra point, and the scoreboard showed, Stanton, 21, Visitors, 0.

After possessing the "hot" leather, on their own three yard line for a few moments, Big Spring got rid of it with a boot to Stanton's 40. But like an elastic band had been attached, McKaskle caught and guided it back to the Shorthorn 20. After gains of three and four yards, "Scooter" Polk again found his way to pay dirt, with Blocker running the extra point.

With only minutes remaining in the first half Big Spring received on their 20 and raced it up to their 42. Here a pass was knocked down, a line play was smashed for no gain, and a pass was completed for three yard gain. A fourth down kick to the Buff 20 was taken by McKaskle and raced back 22 yards as the

PRIDE OF THE HERD

Patsy Pollock
This week we have interviewed Eldon Hopkins, a senior in Stanton High School and the senior class president.

Eldon's favorite color is red—could be because that is one of the Stanton Buff's colors, and Eldon is especially interested in sports. He is quarterback on the football team.

Hoppy's favorite movie actor is James Stewart, and his favorite movie is "Ma and Pa Kettle at the Fair."

Mr. Harrell and chemistry are his favorite teacher and subject in school.

The pastime he enjoys most is hunting, but he is usually found anywhere there is fun going on.

Since he wants to spend most of his time sleeping and eating, Eldon's dream day would begin late in the morning. After a day of much rest and relaxation, interrupted only by eating his favorite foods, fried chicken, chocolate and lemon pie, he would like to take in a movie of the Three Stooges.

do. It seems there is a right way and a wrong way.

As a rule we never see the whole team during a game; so let's try a new way. Pick out a different player each time, and watch the part that he plays in bringing about the success of each play. You may be a little confused at first, but you will find that there is more to football than you ever dreamed.

For a change, try watching the men in the line and the backfield men who don't carry the ball. These are the real unsung heroes of the team, for they are the ones who clear a path and make it possible for the ball carrier to perform his spectacular feats.

Tomorrow night try this. Understand every man's part in making the play go or in stopping the other team. Give every man the credit he deserves. After following these suggestions, if you still don't understand football, ask questions of the coaches. They will be glad to help.

LIPSTICK LOGIC

Mary Ivy Henson
Who are you? If you can't see for yourself, just take a look in a full length mirror. You will probably see something you wish you could change; maybe your height, your size, the color of your hair and eyes, and maybe your whole self. But concentrate on the fact that there are some things that we really want to keep, no matter how much we want to change others. Take the advice of someone you trust on using the correct make-up or wearing the correct clothes; hide what features you don't like. Forget about the things that you dislike; you will find that others, too, have forgotten them.

If you can feel peppy and make your quips go over with a big crowd, wonderful! But if it's

a night when nothing you say or do seems to be of interest to anyone, don't force yourself to be someone you're not. You won't fool anyone, and you will be ill at ease the whole time. Always be yourself, and do what comes easiest and natural for you. Then the crowd won't help but notice the many sides to your personality.

If you consider yourself dull and mumble your words because you think the crowd wouldn't care what you thought; chances are they will think you're not interesting. Just relax and try to realize that no one is perfect—not you or your friend who has just won an honor. Accept your good points as well as your bad points, and your friends will accept them too. You are your best agent; so be a fair one.

TIC TAC TATTLE

Thanks for the news, kids. My box had several juicy items this week. Keep up the good work.

Say, Page, are the Courtney roads bad on your car? And Rosemary, what's this I hear about you for Navy Blue all of a sudden? What's this I hear about Jeanie getting hitched? Could it be Bill G.? From the looks of a certain class ring, Sabra's finger had better increase in size. Pete, what is the idea of throwing away the levis and wearing dress pants? Let us in on it. Sarah seems to enjoy riding in Oldsmobiles, especially if they are from Lamesa. But Lo-

rene seems to prefer blue Studebakers. Keep up the good work kids. Overheard many giggles from American history class so I stopped to listen. Just what is "Scooter Pooping?" See you all next week, and don't forget my box. Try to be in Grandfalls tomorrow night and cheer our boys to another victory. We were mighty proud of you boys last week.

SANTA CLAUS, REINDEER, CANDY AND FRUIT TO HIGHLIGHT CHAMBER OF COMMERCE PARADE ON DECEMBER 5

The board of directors of the Martin County Chamber of Commerce held their regular meeting Thursday night, September 4 at the chamber office.

President S. W. Wheeler called the meeting to order and welcomed a number of visitors.

First business on the agenda was approval of plans for a Christmas program. A contract has been signed with Grady Carothers Company for a Santa Claus and four reindeer. A parade is planned for ten o'clock in the morning on Friday, December 5. Arrangements are being made for all rural school children to attend the parade at which time candy and fruits will be given out. Committee in

charge of the program will include Ira Boothe, chairman of the steering committee; Murray R. Byrd, chairman of parade and distribution of candies; John H. Pinkston, chairman of street lighting; and O. B. Bryan, chairman of home lighting contest.

Mrs. Alma DeNoon presented plans for formation of a Retail Merchants Association for Stanton. She was permitted use of the chamber office here for a mass meeting at a future date. Representatives of the RMA in Midland and Big Spring will be present to help explain the good and the purpose of such an organization to merchants here.

Dr. Q. Z. Martin was made chairman of a new Health and Safety Committee. The new committee will cooperate with City-County health officer and City-County sanitarian. A part of the activity of the committee will be to teach safety rules to school children. Also a matter of study will be the dangers of speeding cars on the street directly in front of the school buildings.

Scat that kitten off the keys and sell that piano to me, please. Call Marvin Brister, Phone 301, hospital.

FEDERATION WOMEN'S CLUBS PLAN FIRST BOARD MEET

The Eighth District of the Texas Federation of Women's Clubs will have the first Board Meeting of the District in Big Lake, Texas, September 22nd. Headquarters will be at the Methodist Church and Mrs. Harwood Keith, President of District Eight, will preside. The sessions will begin at 9:30 a. m. and continue until 2:30 p. m.

There will be a luncheon at 12 for the visitors. Those planning to attend should make luncheon reservations by writing Mrs. Amos Floyd.

All Club Presidents from over the district, as well as members of the Board are expected to attend the one day meeting.

Weekend visitors in the home of Mr. and Mrs. Dan Green were Mrs. Will Ackson of Abilene, Mr. and Mrs. Otis Green of Lamesa and Leo Green of Midland.

COUNTY OF MARTIN

To the Resident Qualified Property Taxpaying Voters of Martin County, Texas:

TAKE NOTICE that an election will be held on the 18th day of October, 1952, in said county, in obedience to an order duly entered by the Commissioners Court on the 15th day of September, 1952, which is as follows:

"On this the 15th day of September, 1952, the Commissioners Court of Martin County, Texas, convened in regular session at a Special Term thereof in the Courthouse at Stanton, Texas, with the following members of the Court, to-wit:

- JAMES McMORRIES, County Judge,
- OLIVER VAUGHN, Commissioner Precinct No. 1,
- ED BLOOMER, Commissioner Precinct No. 2,
- IRVIN WELCH, Commissioner Precinct No. 3,
- JOE FROMAN, Commissioner Precinct No. 4,
- NOBYE HAMILTON, County Clerk.

being present, came on to be considered the petition of Mrs. Odessa Davenport and 244 other persons, praying that an election be ordered to determine whether or not bonds shall be issued by said Martin County, Texas, in the sum of Two Hundred Fifty Thousand (\$250,000.00) Dollars, bearing interest at a rate not to exceed four (4%) per cent per annum, and maturing at such times as may be fixed by the Commissioners Court, serially or otherwise, not to exceed thirty (30) years from their date, for the purpose of the construction, maintenance and operation of macadamized, graveled or paved roads and turnpikes, or in aid thereof, in said county; and whether or not ad valorem tax shall be levied on all taxable property in said county subject to taxation, for the purpose of paying the interest on said bonds and to provide a sinking fund for the redemption thereof at maturity.

And it appearing to the Court that said petition is signed by more than fifty of the resident property taxpaying voters of said Martin County, Texas, who own taxable property within said county and who have duly rendered the same for taxation:

And it further appearing that the amount of bonds to be issued will not exceed one-fourth of the assessed valuation of the real property of said Martin County;

IT IS THEREFORE CONSIDERED AND ORDERED by the

Court that an election be held in said county on the 18th day of October, 1952, which is not less than thirty (30) days from the date of this order, to determine whether or not the bonds of said county shall be issued in the amount of Two Hundred Fifty Thousand (\$250,000.00) Dollars, for the purpose of the construction, maintenance and operation of macadamized, graveled or paved roads and turnpikes, or in aid thereof, in said county, bearing interest at a rate not to exceed four (4%) per cent per annum, maturing at such times as may be fixed by the Commissioners Court, serially or otherwise, not to exceed thirty (30) years from their date; and whether or not an ad valorem tax shall be levied on all taxable property in said county, subject to taxation, for the purpose of paying the interest on said bonds and to provide a sinking fund for the redemption thereof at maturity.

The proceeds from the sale of the proposed bonds shall be expended on the following roads and streets which constitute a part of the county road system:

COMMISSIONERS PRECINCTS 1 & 2:

Beginning at a point on Section line, said point being the Northwest corner of Section 4, Block 37, Township 1-South, T. & P. Ry. Company Survey, Martin County, Texas;

Thence East following Section line to the Northeast corner of Section 3, Block 36, Township 1-South, T. & P. Ry. Company Survey, Martin County, Texas;

Thence South following Section line to a point in said Section line where the East Section line of Section 4, Block 35, Township 1-North, T. & P. Ry. Company Survey, Martin County, Texas, intersects Farm to Market Highway No. 87.

Thence East following Section line to a point in said Section line where the East Section line of Section 4, Block 35, Township 1-North, T. & P. Ry. Company Survey, Martin County, Texas, intersects Farm to Market Highway No. 87.

Thence East following Section line to the Northwest corner of the Northeast 1/4 of Section 2, Block 37, Township 1-South, T. & P. Ry. Company Survey, Martin County, Texas;

Thence East following Section line to the Northwest corner of the Northeast 1/4 of Section 2, Block 37, Township 1-South, T. & P. Ry. Company Survey, Martin County, Texas;

Thence East following Section line to the Northwest corner of the Northeast 1/4 of Section 2, Block 37, Township 1-South, T. & P. Ry. Company Survey, Martin County, Texas;

Thence East following Section line to the Northwest corner of the Northeast 1/4 of Section 2, Block 37, Township 1-South, T. & P. Ry. Company Survey, Martin County, Texas;

Thence East following Section line to the Northwest corner of the Northeast 1/4 of Section 2, Block 37, Township 1-South, T. & P. Ry. Company Survey, Martin County, Texas;

Thence East following Section line to the Northwest corner of the Northeast 1/4 of Section 2, Block 37, Township 1-South, T. & P. Ry. Company Survey, Martin County, Texas;

Thence East following Section line to the Northwest corner of the Northeast 1/4 of Section 2, Block 37, Township 1-South, T. & P. Ry. Company Survey, Martin County, Texas;

Northwest corner of Section 6, Block 36, Township 3-North, T. & P. Ry. Company Survey, Martin County, Texas;

Thence East following Section line to the Northeast corner of Section 1, Block 36, Township 3-North, T. & P. Ry. Company Survey, Martin County, Texas.

COMMISSIONERS PRECINCT 4:

Beginning at a point, said point being the Northeast corner of Section 15, Block 34, Township 3-North, T. & P. Ry. Company Survey, Martin County, Texas;

Thence South approximately 5 1/4 miles to a point in the East Martin County line, said point being where the East Section line of Section 46, Block 34, Township 3-North, T. & P. Ry. Company Survey, Martin County, Texas, intersects the East Martin County line.

The said election shall be held under the provisions of Chapter 3, Title 22, Revised Statutes, 1925, and only legally qualified voters of this State and of this County, who own taxable property within said County and who have duly rendered the same for taxation, shall be allowed to vote.

The ballots for said election shall have written or printed thereon the following:

OFFICIAL BALLOT

FOR THE ISSUANCE OF THE BONDS AND THE LEVYING OF THE TAX IN PAYMENT THEREOF.

AGAINST THE ISSUANCE OF THE BONDS AND THE LEVYING OF THE TAX IN PAYMENT THEREOF.

Each voter shall mark out with black ink or black pencil one of the above expressions, thus leaving the other as indicating his vote.

The polling places and presiding officers for said election shall be respectively as follows:

Precinct No.	VOTING PLACE	TOWN	Presiding Jdg.
1	Stanton High School	Stanton	James Jones
2	Home-making Cottage	Stanton	Jack Jones
3	Methodist Church Building	Stanton	James H. Jones
4	Tarzan Marketing	Tarzan	Irvin Snell
5	Association Building	Tarzan	Irvin Snell
6	Irvin Snell Residence, Rte. A	Lamesa	Irvin Snell
7	Lenorah Baptist Church	Lenorah	A. C. Fleming
8	Building	Lenorah	A. C. Fleming
9	Brown Paymaster Gin	Ackerly	Doyle Davis
10	Office Rte. 1	Ackerly	Lloyd Wiggins
11	Flower Grove School Bldg.	Ackerly	M. T. Mitchell
12	Flower Grove Church	Ackerly	M. T. Mitchell
13	Building Rte. 1	Ackerly	M. T. Mitchell
14	Courtney School Building	Stanton	Irvin Myrick
15	Rte. 1	Stanton	Irvin Myrick
16	Ackerly Farmer's Gin Office	Ackerly	Joe Lemon

The manner of holding said election shall be governed by the general laws of the State regulating general elections, when not in conflict with the provisions of the statutes hereinabove referred to.

Notice of said election shall be given by publication of a copy of this order in a newspaper of general circulation published in Martin County, Texas, once each week for three successive weeks before the date of said election, the date of first publication to be not less than twenty-one (21) full days prior to the date of said election, and in addition thereto there shall be posted other copies of this order at four public places in the County, one of which shall be at the Courthouse door, for three weeks prior to said election.

The County Clerk is hereby directed to cause said notices to be posted and published as hereinabove directed, and further orders are reserved until the returns of said election are made by the duly authorized election officers and received by this Court.

GIVEN UNDER MY HAND and the seal of the Commissioners Court, this 15th day of September, 1952.

NOBYE HAMILTON
Clerk of the County Court and Ex-Officio
Clerk of the Commissioners Court, Martin County, Texas.

Huntsville Prison Rodeo To Open October 5th

Governor Allan Shivers will, for the fourth consecutive year, again officially open the Annual Prison Rodeo, Sunday, October 5th and that date has been named Governor's Day by prison officials.

The announcement of the Governor's acceptance of the Prison Board's invitation to officiate at the rodeo's 21st year opening day ceremonies was made by the Board's Rodeo Committee Chairman, French M. Robertson of Abilene, and H. H. Coffield of Rockdale. In addition to the State's first citizen, members of the Legislature and other State officials have also been invited to attend the big convict show on that date as guests of the prison management.

To be featured as special guest attraction for the day, the 130 piece University of Texas Longhorn Band will come to Huntsville to play and perform drill and marching routines between inmate riding events. Featured with the Longhorn Band will be the Texas Stars, a separate organization of twirlers and majorettes who appear with the band at football games wherever the band plays. On Saturday before the appearance at Huntsville the band plays at Memorial Stadium in Austin for the Texas-Notre Dame game.

Specialty acts from outside rodeo circuits that have been booked for the prison show this year include some of the best in the nation. Chief of these are the Hendricks Family, who won the plaudits of thousands at the Madison Square Garden World Championship Rodeos for two years, with their trick riding and comedy acts. Jess Reynolds, professional rodeo clown, will bring his 'Liberty Act', the only one of its kind in the world, executed with six registered white Brahma bulls, to Prison Stadium for four rodeos. The Mounted Quadrille, without which no rodeo is complete, will be performed by the Angelina County Mounted Quadrille group from Lefkin, Texas, known throughout East Texas for their excellent horsemanship and colorful riding regalia.

11 Body Styles...18 Models
FORD'S FIRST with the MOST!
FIRST in POWER! Ford's 110-h.p. Strato-Star V-8 is the most powerful engine... the only V-8 offered in a low-priced car! Ford's 101-h.p. Mileage Maker Six is the industry's newest, most modern Six!
FIRST in RIDE! For the first time, in the low-price field, you can enjoy a truly fine-car ride! Ford's new Automatic Ride Control with its diagonally mounted rear shock absorbers and new spring suspension gives you a bump-leveling, highway-hugging ride.
FIRST in STYLE! This longer, lower style leader has the newest, most advanced body in the industry! It's styled to stay beautiful for years, and it's quality-built to stay young.
FIRST in CHOICE! Ford offers the widest choice by far in the low-price field. 18 models... 11 body styles... 2 engines: V-8 or Six... 3 transmissions: Fordomatic, Overdrive or Conventional... and the most body, upholstery and color combinations.
FIRST with the NEWEST! You'll find Ford has made more advances for '52 than any other car in its price field. You get new features like Power-Pivot Clutch and Brake Pedals, suspended from above, to allow more foot room, eliminate dusty, drafty floor holes. You get Center-Fill Fueling for easier gas filling from either side. F.C.A.

C. OF C. NATIONAL AFFILIATION

Businessmen in Martin County have teamed with 1,300,000 others throughout the nation to work for good citizenship, good government and good business.

By joining the Chamber of Commerce of the United States, the Martin County Chamber takes its place with more than 2,600 chambers and some 500 trade associations in an organization which wields a powerful influence in national affairs, and which will bring to Martin County the advantages of pooled information, ideas and advice about improving the local community.

In the National Chamber, American businessmen work as a team. They work on the theory that business cannot flourish and expand, and conditions cannot improve in one area or one field, if the country as a whole is not strong, productive and prosperous, and if business in general is not free to advance.

The future of Martin County therefore, becomes a matter of concern to businessmen all over the country. At the same time, local businessmen obtain a voice in framing policies which guide the national organization as it copes with the urgent and complex problems of these troubled times.

Nearly forty years ago, a Senator arose in the Capitol to make a speech. In his hand he held two telegrams. One was from a chamber of commerce in the eastern end of his state. It asked him to support a pending bill. The other was from the western end. It asked him to oppose the bill.

"I don't know," said the Senator, "whether this is a good bill or not. I am not well enough informed about the subject. I asked the two largest chambers of commerce in my state for their view, and these two telegrams are my answer.

"What does business think? I wish I knew, and I am sure that the rest of you here in the Senate would like to know, because the bill you have before you is of the utmost importance to business."

Business leadership throughout the country had long felt the need for an instrument to coordinate and give public expression to business opinion. A small group had been working quietly with the thought that a national businessmen's organization could be formed to accomplish the purposes sought.

In the summer of 1912, at the request of this group, President Taft called a meeting in Washington of local chamber of commerce representatives. Thus, the Chamber of Commerce of the United States came into being. Its beginnings were small, but as businessmen in cities and towns over the nation came to know of its work the membership grew. The bulk of the country's trade associations came into the membership so as to give voice to specific industries. The local chambers gave representation to business geographically and to civic interests as represented in the activities of local chambers.

Today, the Martin County Chamber is a part of this far flung fabric of business representation—big and little—which might be called the nation's "business front."

The National Chamber interprets to government the considered views of business on issues of national importance, and in turn interprets to its business membership the moves of the legislative and administrative branches of government. It has helped to create within local chambers of commerce more than 2,400 committees on national affairs which conduct continuous campaigns for more efficient government.

At all times, the national organization is ready to survey business opinion in the interest of applying business experience for the solution of economic problems. That function has been welcomed by public representatives in the nation's capital, who know that businessmen conduct their operations with the knowledge that the public welfare must at all times be safeguarded.

An early president of the National Chamber, asked to suggest a slogan for the organization, without hesitation responded:

"If it is not in the public interest it is not in the interest of business."

Bible Comment

Jesus, the Superior High Priest, Offers Himself for All

THE writer of the Epistle to the Hebrews has a deep sense of the spiritual heritage of Israel "God," he writes, "at sundry times and in divers manners spake in times past unto the fathers by the prophets." He is convinced of God's promise, and of His covenant with the people. But his faith and outlook as an earnest Israelite is dominated by the conviction that God has spoken "in these last days" through His Son, Jesus Christ, "the brightest of His glory" and the "express image of His person."

Holding this strongly a belief in the divinity of Jesus, what is remarkable about his Epistle is the clarity with which he presents the fact of Christ's humanity. With all the greatness of the past religion of Israel, it is the writer's contention that there was something incomplete, and a promise unfulfilled. Saints and prophets "obtained a good report through faith, but have received not the promise God having provided some better thing for us that they without us should not be made perfect."

It seems evident that the Epistle was addressed to Jewish Christians subject to persecution. To the charge that they were untrue to the religion of their fathers, the writer asserts the realities of the new covenant and nature and mission of Christ as the minister of better things.

The key passage is in the second chapter. Though greater than the angels, the Son of God made Himself lower than the angels, taking upon Himself human nature, and being made "like unto His brethren" that He might be a merciful and faithful high priest in things pertaining to God, to make reconciliation for the sins of the people.

But what of priestliness and sacrifice in the Jewish religion? The writer's answer is that Jesus is a superior high priest, inasmuch as He has offered Himself a sacrifice, once for all. How much of religious faith and practice of today is in the realm of unfulfilled promise, awaiting the supreme experience of Christ Himself as the Minister of better things?

ANSWERS TO Intelligence Test

- 1—Moscow. 2—decade. 3—Salem. 4—Philippine. 5—Robert E. Lee. 6—Prince Edward Island. 7—(A) Les Miserables; (B) Dickens' Christmas Carol; (C) Uncle Tom's Cabin; (D) Tom Sawyer.

Do you dread washday?

Then you need an automatic GAS CLOTHES DRYER

If you still dry your laundry outdoors, you're working much too hard. You need an automatic gas clothes dryer that dries clothes indoors... dries them fluffy-soft in a matter of minutes - rain or shine. Gas dries laundry faster than summer sunshine. Gas costs little, too - only a few pennies a month to operate an automatic gas clothes dryer. Ask your gas appliance dealer to install an automatic gas clothes dryer in your home.

CRUMBS

From Exchange Table

Editor Duffrain of the Eden Echo, in his column, "Along the Fence Line," mentioned in his paper couple of weeks ago that "a great number of water wells have gone dry in the past two years after being faithful producers from away back." Despite that fact, one new water well had been brought in in Concho County that was making 30 gallons of water per minute and another new one that was producing 20 gallons per minute. In the news columns of the Echo appeared a financially "healthy" news item. A check of the city's financial condition showed that Eden had a balance of \$183,047.53 in the city treasury, a net income for the year of \$22,514.64.

And it's Eisenhower for President with the Sterling City Lions Club. A straw vote was taken at the club meeting recently and Eisenhower received 12 votes and Stevenson, 6 votes. One member not voting, so said Editor Douthett in his Sterling City News-Record.

Editor Werst, spoke out in his Big Lake Wildcat last week that the enrollment in the Big Lake schools is 700 and that number is 100 more students than were

enrolled in the schools at the same time last year.

The news columns in the newspaper exchanges coming to Crumb's desk the past week were floating in football dope. Editor Webb of the Alpine Avalanche reported that 35 Alpine High School Bucks were appearing in practice games to make good to fill the positions on the team. The Avalanche reported also that 47 candidates were out for practice to make the Sul Russ College football squad this season.

The Haskell Free Press reports that the cotton farms of its county will see the smallest number of bales of cotton produced this season since 1918. The damage to the cotton crop by the drouth will mean the loss of between seven and eight million dollars to the farmers. Last year practically 52,000 bales of cotton were produced, and this year it is estimated Haskell County will do well to produce 15 or 20 thousand bales.

Franklin Reynolds, recently, gave out valuable information in his column, "Riding the Grub Line," appearing in the Big Spring Daily Herald. He said: "A bale of cotton from Reagan County ginned at a Howard County gin this week was estimated to have had at least 500 pink boll worms in it, based on a count made at the gin where more than 200 of the worms were

recovered from the less than half of the cotton. More and more evidence is being accumulated that this is the worst infestation of pink boll worms that has ever been known in this area."

From the Munday Times comes the report that one of its citizens, A. U. (Uncle Happy) Hathaway, celebrated his 99th birthday. For 79 years he has been a loyal church member, most of the time a teacher in the Baptist Sunday school. He is an ardent fisherman, and just to finance his fishing expeditions, (Uncle Happy) is a tombstone salesman. He has resided 28 years in Munday.

There is a Prickly Pear voting box at Gonzales, according to the Gonzales Inquirer. Two ballots were cast in that voting box in the recent primary election. The judge and two clerks that held the election, each, received \$8.00 plus \$2.00 for their services in holding the election and bringing in the ballots, making a total of more than \$14 for each ballot.

Prosperity is still hanging around in Big Spring, if we are to judge by the bank deposits announced last week in the Big Spring Weekly News. The banks showed a deposit increase of \$9,179.11, and this in the face of the worst drouth in the history of Howard County.

Sweetwater has just completed a new lake thirty miles south of the city, and as the Sweetwater Daily Reporter informs, it is waiting for the first good rain to put some water in it. Now Sweetwater citizens are confronted with the big question, when is it going to rain? The new lake is in addition to the large Sweetwater Lake that has been providing the city with ample water ever since the lake was built, but the long drouth period has lowered the water in the lake until rigid restrictions were placed by the city on the use of water by the

consumer. The Stant Board of Engineers has granted an application for increasing the capacity of the new lake from 40,000 to 50,000 acre feet.

The State Highway Patrolmen up Anton way in Hockley County, are teaching the motorist driving on the highway, what S-T-O-P! means. Instead of coming to a full stop at the sign some motorists have been easing along and looking both ways on the road. The difference the car driver finds in not stopping is \$10 fine.

Since Crumbs read the Eden Echo a couple of weeks ago deploring the fate of water wells drying up, destruction of crops by the ever-present drouth, last week's Echo arriving at this desk, carried streamer "scarehead" line across the top of the front page: "Lifesaver Rains Total 7.50 Inches. Over Concho County the rainfall varied from 2 to 7 inches. The Echo said it was the best rainfall since July 1939.

Fort Stockton Pioneer reported the delivery of 700 head of Hereford cattle, the biggest livestock deal of recent years for Reeves County. The cattle were contracted for sale by the Dr. D. J. Sibley, Jr., and the Sibley Estate for \$187.50 a round. The Tibbey Hereford herd was built up over a period of 30 years.

Crowell, in Foard County, so reports the Foard County News, received an inch of rain one day last week, while the rainfall over the county varied in smaller amounts. But the lack of rain in August, killed most of the county's cotton crop. The rain will be of great help to the farmers who dry-sowed their wheat, or are planting.

The Crowell high school band is putting on a pop bottle and coat hanger drive, and the money derived from the sale of these two items will be invested in necessary equipment for the band.

The first copy of the West

Texas Publisher under the editorship of Mrs. June Jones, arrived at Crumb's desk last week. For the past three or four years The Publisher was piloted by Maud Green of Kermit, who held the position of secretary-treasurer of the W.T.P.A. Despite the tears shed and the pleas made by the members of the West Texas Press Association at the Alpine meeting in August, Maud couldn't be persuaded to lift her foot after she put it down firmly that she wouldn't accept reelection to the job. Mrs. June Jones, who, with her husband, Willard Jones, publish The Hamlin Herald, was elected secretary-treasurer of the association. Under Maud Green's regime, The West Texas Publisher was printed in the office of the Winkler County News, and under Mrs. Jones' administration, Crumbs figures The Publisher will be printed in the office of The Hamlin Herald.

Crumbs realizes from his limited years devoted to the printing business, the Jones', with the printing of the W. T. P. in addition to getting out their own newspaper, they will have little time to spare in play or go a-fishin'.

The August number of The Publisher was splendid. Mrs. Jones is requesting the editors of weekly newspapers in West Texas to write-in the happenings about their plants, and any other items for publication in The Publisher.

Much success, June, in your new field of endeavor.

Crumbs betcha that Maud Green feels like a wild canary freed from a cage. I can hear her now singing tra-la-la-lah! as she flits from under the three or four years she was held in bondage serving as secretary-treasurer of the West Texas Press Association.

This column wouldn't put it past Weldon Owens, editor of the Stephens County News, as being implicated in taking advantage of the innocent in this deal. He was in the store when the innocent party came in and told the merchant he had been sent to "this store" to get the "hamburger stretcher" for him. I can remember when the prank of sending a guy to a store after a left-handed monkey wrench was in style. The "hamburger stretcher" disintegrated into air when the Breckenridge merchant directed the "hunter" to the merchant he had already visited and he didn't have the wanted article.

At the West Texas Press Association convention held at Alpine in August, Crumbs had the

pleasure to meet W. A. Webb, editor of the Alpine Avalanche, a host publisher to the convention. And what a fine job Webb did in promoting programs of entertainment for the members of the press, aside from the regular convention programs. We were informed at that meeting he was relinquishing his interest with the Avalanche, after being connected with the paper since 1938, and moving to Greenville, first to take a much needed rest, and later entering a different line of business. In last week's Avalanche Ediaor Webb announced in his column "...??" in the Avalanche: "This will be the last of the questionable columns to appear in the Avalanche."

The past three weeks has been the first time the Avalanche has ever arrived at The Reporter's exchange table. We told Mr. Webb we would like to exchange The Stanton Reporter with his Alpine Avalanche, and as evidence the request was accepted, the Avalanche has taken its place among the top-ranking West Texas newspapers that comes to Crumbs' exchange table.

Mr. Webb didn't say who was to succeed him in publishing the Avalanche. D. M. Bennett, is the owner of the newspaper, and it is supposed that the operation of the plant will revert back to the owner.

NINE OUT OF TEN PASSENGER CARS TO EARN LIVING

AUSTIN — Nine out of ten passenger cars in the nation are used for earning a living, shopping or both, according to Paul R. Kulp, general manager of the American Automobile Association.

"During an average week," Kulp said: "73 per cent of the nation's private automobiles are used for traveling to and from jobs, conducting business, or doing work on the farm. Shopping during the week puts 53 per cent of the cars to work."

The AAA official also disclosed that over 22 million passenger cars are used each week for earning a living, while 45 per cent of all employed persons use a passenger car in connection with their work. In addition, more than 28 per cent of adults living in households without cars nevertheless ride in cars every day and, out of 9.4 million such persons, 3.7 million ride to work daily in cars, and 1.3 million obtain a ride for shopping."

TEXAS ELECTRIC SERVICE COMPANY
CECIL BRIDGES, Manager

SNOOTER KNOWS

around the world. "You look like him, but I happen to know who you are," Congressman Regan said.

AND IT'S ANOTHER STEP FORWARD for Midland to keep a breast of the rapid growth of the city that Midland voters last Saturday voted a \$5,290,000 bond issue to finance a variety of municipal improvements, the largest bond issue ever voted in the history of Midland. But that fact is easy to see. Midland is enjoying the greatest increase in population in its history. Improvements that were ample to take care of the services demanded when it was a town of 9,352 people in 1940, certainly, wouldn't be adequate or of the modern type to care for a city, that 12 years later, boasts a population of 21,756 according to the 1950 census. A boost in population of 12,404 in ten years requires a heap of expansion of a variety of municipal improvements. With the dollar worth about half the value in pre-war times, means a bond issue where money is involved, will have to carry twice the sizeable amount required before the war day to meet the demands of a rapidly growing city.

The puzzling factor brought to light in the Midland election, is that a little over 1100 voters, out of possibly five or six thousand, were interested enough in the election to go to the polls and vote. But mystery of voter lethargy cannot be fastened on Midland alone, that stupor of interest is prevalent with the voter in all towns and cities at most every kind of a bond election. The city that wants to take its place among the top-ranking progressive cities must gird itself to the point its belt can be loosened to another notch to provide financial support for the necessary municipal improvements demanded because of its progressiveness.

Star Spangled Banner became the National Anthem on March 3, 1931.

This bond voting business re-

minds this column he hears rumors of one to be held in which Martin County will be called upon to vote. It has to do with voting bonds to provide funds to purchase right-of-way along highway 80, for a four-lane highway through the county to connect with Midland County on the west and Howard County on the east. I understand the voting of these bonds will not increase the taxes of property owners. At this writing the column is not speaking with authority that there will be a bond issue called for the purpose mentioned. But it can say with a fact that the four lane projects from Midland and Big Spring will be built, and most certainly, Martin County won't want to be left sitting in between the two cities on highway 80 with a measly two-lane highway, a target for blashemy coming from all towns along the highway, and all tourists traveling over highway from states all over the union. Their spread of this sort of news that the only blemish to an otherwise comfortable traveling on highway 80 was the patch of road through Martin County, providing a two-lane highway.

OH, OF COURSE, IT'S THE boys around Stanton that tell it, and they seem to be enjoying more or less amusement from telling the story. I hardly believe the story myself, but considering the position I'm in, I should introduce the subject in question and let the reader draw his own conclusion. The story is a very abbreviated one. The football enthusiasts around town are telling the reason the Big Spring B team lost its game to the Stanton Buffaloes last Saturday night, 33-0, was due to the fact the squad drank too much of Martin County water, they were not used to so much, as well as the richness of its purity.

THAT THE GOOSEEGG HAD its stamp on football aggregations representing the Big Spring high school system, was revetted in the Stanton Buffalo vs. Big Spring B contest, ending 33-0 in favor of the Buffs, and the B. S. 3A Steers in their game with the Breckenridge Buckees, going down under the cleats of the Breckenridge squad, 35-0. I feel it good form to take advantage of boasting when the opportunity presents itself, for the Buffaloes winning streak through the season might be few and far between.

MOHAMMED MESSADAU G H, premier of the Iranian government has turned down the proposal of the American-British on the settlement of the Iranian oil dispute that would have put millions of dollars in an otherwise bankrupt treasury. In the face of this fact, the United States has offered to provide Iran \$10 million to bolster its immediate crisis, and this when the cost of food prices are soaring, and taxes are riding high and heavy on the backs of the tax payers of the United States.

IN COMPARISON WITH THE livestock feed price ration of 1950, alfalfa hay should be selling from \$25 to \$30 per ton, in-

W. B. Spinks Family Holds Reunion Here

Fraser, Carol and Thomas of Midland; Mr. and Mrs. Harrell Higgs, Donald and Phyllis of Midland; Mr. and Mrs. Jack Pondexter of Abilene; and Mr. and Mrs. Paul Cooper, David, Glenda and Paula of Kermit.

Members of the family present from Stanton, include Mrs. W. B. Spinks, Mr. and Mrs. Cecil Hedrick and Mary Frances and Leonard.

Friends attending were Mr. and Mrs. F. W. Henson, of Stanton; and Mr. and Mrs. Ed Bloomer of Stanton.

Soil Conservation Dist. Urges Cover Crop to Combat Wind Erosion

The Martin-Howard Soil Conservation District has taken recent action to combat the hazards of critical wind erosion which has reduced cover on crop lands in this area.

A three-point program is being outlined to preserve cover remaining, and to provide winter growing crops where possible.

All farmers are being urged to plant winter cover crops, leave all crop residues standing, and to rest range lands.

The soil conservation district has equipment available at the following locations for use in planting cover crops:

Travis A. Jenkins Vocational Agriculture Teacher; Leslie Hull; W. H. Yater, Stanton, 5 miles west on Highway 80; Gene Jones, Midland, 6 miles southeast.

This equipment can be scheduled by applying to the above, or to the Soil Conservation District Supervisors or Soil Conservation Service technicians.

stead of twice that figure now quoted.

Mrs. Rebecca Felton of Georgia was the first woman to serve as United States Senator.

"Economy is half the battle of life; it is not so hard to earn money as to spend it well."—Charles H. Spurgeon.

FOURTEEN COUNTIES IN THE Wichita Falls area stand to lose \$50 million dollars in crops from the searing heat and devastating drought. The loss is mostly in the cotton crop.

BUFFALOES

(Continued from Page One)

half ended. Score at the half, Stanton 28, Big Spring 0.

One Got Away

Starting the last half Big Spring took the kick on their thirty and carried it to the 40. A pass was good for seven yards, but a second pass was intercepted by McKaskle, who was given excellent blocking by the entire Stanton team, and raced across the goal line only to learn a clipping penalty would place the ball back on the foes' 32. This distance was cut in half with a run by McKaskle. Three more plays and another first down. With the ball then on the four yard line, McKaskle went off left tackle for the last TD of the game and "Scooter" Polk waded through middle for the extra point to conclude all scoring at 35-0.

Coach Cleans Bench

To conclude the third quarter, Coach "Red" Read "cleaned the bench," giving all the boys some playing time. Big Spring took a kick on their 15 and ran it back to the 38. Here three plays gained eight yards. A fourth down try lacked inches and the ball went over to Stanton near the center stripe. Bob Carlile carried five yards for a first down after three plays had netted eight yards.

Bobby Joe Gray gained two. After a line play failed to gain a pass was knocked down the Buffs kicked out of bounds on the Shorthorn 37.

Following an incomplete pass Big Spring ran for a first down as the quarter ended.

The third stanza saw the Shorthorns run 18 yards for a first down, and into Buff territory. After two tries for three yards, and a recovered fumble, the Buffs intercepted a pass on their own 43 yard stripe.

After a gain of one-half yard, Jimmy Wheeler went the rest of the way for a first down on the Big Spring 47. Carlile gained three yards. A recovered fumble lost six yards, and another try by Carlile picked up only feet. A kick placed the leather on Big Spring's 17.

A Shorthorn pass attempt lost four yards, and a line play gained two. With twelve yards needed, a pass was broken up by Carlile.

Passing the ball their last time the Buffs failed on downs and the Shorthorns picked up six yards on two plays as the game ended. Final score, Stanton Buffaloes, 35, Big Spring "B's" 0.

SKATERS CLUB ORGANIZED

The Skater Club met for the first time Thursday night. Due to the rain and a few other things there were only about 15 present.

At the business meeting we discussed ways to make money and on what night to meet. All the officers will be elected Thursday night at 10 p. m. A permanent meeting night, and club dues will be decided upon.

A weiner roast was held afterward and a good time was enjoyed by all.

Everyone interested in joining the club please be at the meeting Thursday night, Sept. 18.

SPONSORS SKATING PARTY

The Methodist Church sponsored a roller skating party for the teen age children, this week. Members of every denomination were invited.

Elma Nichols, Sunday School teacher, was in charge of the party, held at Graves Roller Rink. He was assisted by Mr. and Mrs. V. R. Graves.

Approximately sixty children attended.

WEDDING PERFORMED HERE

Miss Jenita Barrett of Eagle Lake and Raymond Straub of Stanton, were married at 2:45 p. m. Tuesday in the parsonage of the First Baptist Church here.

The Rev. E. B. Coon, officiated. For her wedding, the bride chose a black dress with a tan jacket and black accessories.

The couple will make their home in Stanton.

CUB SCOUT MEETING CALLED

A Cub Scout meeting has been called for Tuesday night, September 23 at 7:00 p. m. It will be held in the Methodist Church basement.

An appeal has been made for Den Mothers and parents are urged to attend this meeting as well as eligible Cubs.

M/Sgt and Mrs. Jack Shelton are visiting with his mother in Lake Charles, La.

Make reservations now for Sunday dinner at Motel Belvue Restaurant. Cooled by Frigidaire. Call 9513.

PERSONALS

- Complete painting instructions
- Larger size canvases (18 x 24) also available at \$4.95.

Stanton Drug Co. Walgreen Agency

THE STANTON REPORTER, THURSDAY, SEPTEMBER 18, 1952

METHODIST HOME AT WACO ON AIR SEPTEMBER 21

The story of the Methodist Home at Waco actually told by the children themselves will go on the air again Sunday, September 21, at 8:15 a. m. over fourteen radio stations.

The Home is dramatizing activities from the lives of its more than four hundred children again this fall on Sunday morning because of the enthusiastic response from radio listeners all over the Southwest last fall.

Music by the Home choir will be a feature of the fifteen-minute broadcasts which are entitled, "These Are Your Children."

HONORED WITH SHOWER

Mrs. T. D. Hamilton was honored with a pink and blue shower last week in the home of Mrs. Cliff Hazlewood, Jr. Mrs. Hamilton is the wife of the Rev. T. R. Hamilton, pastor of the Court-land and Lenora Methodist dist churches.

Punch and home made cake were served from a lace covered tablecloth. The decorations were carried out in the pink and blue color scheme.

The hostesses' gift was a nylon cape.

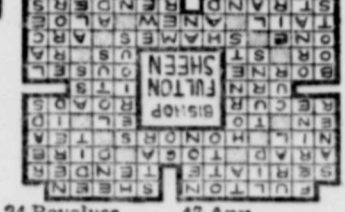

Mr. and Mrs. Bob Anderson visited last week with Mr. and Mrs. Charley Eckert.

PARDON MY GUST!

POWER STEERING on the Roadmaster and Super

ROADMASTER
CUSTOM BUILT BY BUICK

BENEATH that big broad bonnet is the reason for this headline. It's a four-barreled automatic carburetor—Airpower by name—which has a way of gulping in what the dictionary defines as "a sudden blast of wind" when extra power is needed. And the way this gorgeous performer can step out as this occurs is something you'll always remember. For ordinary driving, two barrels are all you need—and two barrels are all that are working. They give you an extra thrifty flow of fuel for round-town cruising.

When extra power is wanted in a hurry—the "reserves" swing into action—feeding extra fuel and extra air in an ever-thrifty mixture, which delivers the greatest horsepower in Buick history. This is one of many distinctions that endear ROADMASTERS to fine-car owners. It's a car as rich in finish as it is in power—a car of expansive room—restful silence—level in gait—beautifully responsive to your mood and will. And it offers the effortless ease of Power Steering* especially engineered by Buick to save your strength in parking and slow-motion maneuvers, and still let you feel a proud sense of command and a sure sense of control on the highway. There's just one question we'd like to ask: When are you going to come in and enjoy the ride of your life? Equipment, accessories, trim and models are subject to change without notice. *Optional at extra cost on ROADMASTER and SUPER only.

WHEN BETTER AUTOMOBILES ARE BUILT BUICK WILL BUILD THEM

Wheeler Motor Company

FROM WHERE I SIT

By HILA WEATHERS
Manager of the Martin County Chamber of Commerce

OUR MEMBER OF THE WEEK
This week we are presenting Robert W. Smith, M. D., Physician and Surgeon at the Memorial Hospital. We are fortunate in having our medical profession line up with the organization one hundred percent. Dr. Smith came to us recently, and we are wishing him much success and satisfaction in his affiliation with the hospital, an institution which is a source of pride to all persons in our area. Dr. Smith has shown interest in the work of our Chamber of Commerce since his arrival, and we sincerely appreciate his confidence, and shall look forward in our work together for the development of the community. His membership was brought in by F. O. Rhodes.

OF COURSE YOU WILL READ
the article concerning our new Safety Patrol at the school. This is under the new Health and Safety Committee appointed by President S. W. Wheeler. The chairman of this committee is

Dr. Q. Z. Martin, who is sincerely interested and very active in the program. And we do appreciate the personal interest and work of Ogal Avery, Chief of Police, who is training the boys of the Safety Patrol. Be sure to read the story, as we are very proud of the progress of this committee. They will also work with Mrs. Leo Turner, our new City-County Sanitarian.

AND SPEAKING OF THE CITY-COUNTY Sanitarian, we were glad to pay a visit to the office on opening day. Mrs. Turner, it's Jendo to us, had personally decorated, painted and made drapes for the office. We unreservedly endorse her as an Interior Decorator. If you haven't been by, be sure to take time out for this, our newest city-county office. You can make a call without making a complaint. Our best wishes to Jendo in her new position, and as far as we can learn Jendo is ONE is one of the two or three women in Texas to hold a similar position. **CONGRATULATIONS, honey.**

COME BY THE OFFICE AND

see how we are progressing. On the wall hangs a very impressive looking certificate. It is our Certificate of Membership in the United States Chamber of Commerce of the United States. The certificate looks good, but the frame makes it look better. It is the work of Harry Haislip, manager of Higginbotham-Bartlett Lumber Company. As you know Mr. Haislip is especially good in selection and finishing of picture framing. And it is worth coming by and seeing it. After all its YOUR organization.

WE HAD AN OUT-OF-TOWN caller last week who came by especially to get one of our car stickers. He was James R. Scott of Austin. We were mighty glad to have him WANT to advertise our town, so long about now, his car with that sticker is weaving around Austin, letting folks down that way know about us.

THIS IS AN APPEAL TO WOMEN who are interested in little boys. Did you know that there are about three groups of Cub Scouts in town, unable to have

meetings? It's because women cannot be found who will give of their time to be Den Mothers. If you WILL help to remedy the situation, call Mrs. Davis at 125-J or call this office. It only takes about an hour each week, and a personal interest in the growth and development of little boys. You don't have to be a mother to serve in this capacity, but just interested in the work. If you have no children, then you OWE part of your time to youth activities. How happy you'll be if you give some of your time and talents to KIDS.

WE HAD TWO MIGHTY FINE little girls come in to see us last week. They were Shirley Ann Henson of 8-A, and Mary Jayne Sherman of 8-B. They came by after school for information on how to secure literature from foreign countries. Golly, how happy we were to sit with them and discuss all phases of foreign correspondence. They're both mighty sweet little girls, and made me plain HOMESICK to see Luann. Come by and I'll show you her picture.

AGAIN STANTON HAS PUBLICITY. An article in a State magazine carried a very nice story covering our activities in and around Stanton. Naturally, we read about what other Chambers of Commerce were doing, and for your information, we'll say—we're not doing so bad.

I'VE HEARD IT ON THE RADIO, so here goes: "Um, Um, GOOD." Of course they were talking about something else, but I'm talking about two big apples, big yellow apples (I mean there WERE two), that were bro't in when I was out of the office, by a lady who said that a good looking man sent them—"why don't you speak for yourself, John?"

Mr. and Mrs. Jack Bentley, Becky Bentley, and Modine Graves, went to Lubbock Sunday where Becky will attend Texas Tech.

Mr. and Mrs. G. W. Alsop took their daughter, Betty, to Lubbock, Sunday, where she plans to enroll in Texas Tech.

PERSONALS

Margaret Ann Hudgeons of Port Aransas, has returned home after an extended visit with her grandparents, Mr. and Mrs. Geo. Cathey in Lenorah.

Mr. and Mrs. N. G. Haggard visited last week in Center Point with his sister, Miss Ruth Haggard.

Weekend visitors in the home of Mr. and Mrs. C. C. Kelly were their daughter and family, Mr. and Mrs. J. N. Clark, Kay and Phil of Andrews.

Mr. J. P. Stroud has returned from a two weeks visit in Oklahoma, Fort Worth, Springtown and Weatherford.

Herma Lee Clements left this week for El Paso where he will

enter Texas Western College for the current term. He is a 1952 graduate of Stanton High School

Mrs. Edna Davdson recently visited in Lamesa and Lubbock.

B. P. Eidson of Midland, visited this week with his father, A. C. Eidson, who is a patient in Memorial Hospital.

Mr. and Mrs. Carson Weist of Hobbs, N. M., visited in Stanton

Sunday in the home of Mrs. W. A. Cornelius and Mrs. M. Cross.

Mrs. J. G. Cross underwent major surgery in a Big Spring hospital Friday.

Mrs. Edna Davidson visited Sunday in Coahoma with her sister, Mrs. J. L. Baugh.

Mr. and Mrs. J. D. McCresless, E. M. Massey and Loree Massey, visited Sunday in Fort Stockton.

Beauty Consultant
direct from the New York Salon of
Helena Rubinstein

Meet the personal representative of world-famous beauty authority, Helena Rubinstein. Let her give you, with Madame Rubinstein's compliments:

A FREE BEAUTY ANALYSIS

You'll get an individual analysis of your own beauty problems, just as it's given in the New York Wonder School.

A COMPLIMENTARY 7-DAY HOME BEAUTY COURSE

You'll get a complete home beauty course, in a big illustrated 32-page book—with your free beauty analysis. Based on Helena Rubinstein's famous New York Wonder Course for which women pay \$25—it comes at absolutely no cost to you! It's packed with dozens of beauty secrets, like these below, plus a wonderful 7-day reducing diet and daily exercises.

- 1ST DAY**—Learn all about how to care for dry, oily, and "over 30" skin, how to reduce hips and keep them slim.
- 2ND DAY**—Are your face and throat flabby? You'll find marvelous exercises to firm them—complete with diagrams.
- 3RD DAY**—Is your hair oily? Dry? Learn its complete care. Learn how to correct special skin conditions.
- 4TH DAY**—9 out of 10 women make-up wrong. This tells you how to do it right!

- 5TH DAY**—Want to see how your lips can actually look bigger? Smaller? Your nose less prominent? Here's the artful art of make-up—all in pictures.
- 6TH DAY**—Never underestimate the importance of your eyes. Learn how to make them look larger, more radiant.
- 7TH DAY**—Learn where and when and how to wear fragrance. There's a big skin care chart, plus a complete make-up and hair-do chart.

Make your appointment with Helena Rubinstein's Beauty Consultant today. Her time is limited.

SHE WILL BE AT OUR STORE SEPTEMBER 22 TO SEPTEMBER 27.
