

SNOOTER KNOWS

(Continued from Page One)

for all purposes. As the years passed and the population increased demanding additional water supply, one or two wells would be drilled and the supply continued to be an abundance. Until reaching its present supply by adding additional wells, the populace has arrived at the conclusion that Stanton's supply of water is inexhaustible. In all the years of no worry about the lack of water, no consumer has had to grumble at the low pressure, only in case of a break in pipe line or a pump down for repair.

The water consumer has had no worries to contend with as to restrictions on the amount of water he used. As a result he was in a position to "turn all holds" loose on the amount he consumed, and he has become a firm believer of the idea Stanton's underground water supply is everlasting. Entertaining that thought it's natural to suppose he uses lots more water than he really needs — wasting it.

DR. IRVING P. KRICK, The cloud seeder, who has been paid the last amount on a \$36,000 contract Dallas had with him, claims credit for much of the rainfall Dallas received which brought the city's Lake Dallas to the highest level in two years. Dr. Krick reported that from January 1 to June 1 the water supply in Lake Dallas increased 363 per cent from 22,000-acre feet to 102,800-acre feet. In the same period the water supply in Fort Worth's Lake Bridgeport, increased only 19 per cent while that city's Eagle Mountain Lake lost 22 per cent of its water. There were only twenty-two days of good cloud seeding during the six months, according to Dr. Krick, "and the rainfall over most of the watershed ranged

Stop Taking Harsh Drugs for Constipation

Avoid Intestinal Upset! Get Relief This Gentle Vegetable Laxative Way!

For constipation, never take harsh drugs. They cause brutal cramps and griping, disrupt normal bowel action, make repeated doses seem needed.

Get sure but gentle relief when you are temporarily constipated. Take Dr. Caldwell's Senna Laxative contained in Syrup Pepsin. No salts, no harsh drugs. Dr. Caldwell's contains an extract of Senna, one of the finest natural vegetable laxatives known to medicine.

Dr. Caldwell's Senna Laxative tastes good, gives gentle, comfortable, satisfying relief for every member of the family. Helps you get "on schedule" without repeated doses. Even relieves stomach sourness that constipation often brings.

Buy Dr. Caldwell's 30¢ size today. Money back if not satisfied. Mail bottle to Box 280, New York 18, N. Y.

Filibuster Tactics Being Used By Senators On Water Amendment

No county in Texas is more vitally interested in the conservation of its water resources than Martin County. It has taken steps to conserve its water supply by organizing a water district, electing officers for the organization, and to frame a code of rules to regulate the water consumed by the users. The organization was to function in a manner of "equal rights to all and special privileges to none." The organization has been in existence for almost three years, but from the very moment it attempted to function it was halted by injunction proceeding and it has been tied up in a maze of law entanglements up to and including this very moment.

Whatever appeal the local water district made to the State Board of Engineers for assistance to carry on the operation of the organization, it was found that the Board of Engineers were not provided with laws in the matter of water control that would be of little effect to the Martin County water district.

The extended drought period drying up the water resources of the towns and cities of Texas brought to a head the seriousness of the water situation. The governor of Texas took steps to remedy matters by appointing representatives from the various parts of Texas to assemble and perfect an organization to be called the Texas Water Conservation Association. This has been accomplished and the organization has brought pressure to bear on the State Legislature to pass laws that regulate the conservation of water and provide means for building dams and reservoirs to impound surface water.

Recently came to The Reporter a communication from Austin charging filibuster tactics is being used by a few state senators in the Legislature against the proposed Constitutional Amendment offered in behalf of the Texas Water Conservation Association. The communication follows:

Charges that a willful, handfull of state senators "are fiddling away precious legislative time while Texas burns from its fourth successive year of drouth" was made today by Guy C. Jackson of Anahuac, president of the Texas Water Conservation Association.

The water group official referred to filibustering tactics in the state senate against the proposed Constitutional Amendment by Senator John Bell of Cuero which would levy a nominal fee on water users to create a state fund to build dams and store waters on Texas streams for drouth emergency.

"This group apparently not only want to deprive the people of Texas from getting an opportunity to vote on this water measure but also is trying to keep the state senate from voting also," Jackson charged.

"The Governors' committee of 101 Texas citizens, the Texas Water Conservation Association, the Texas Society of Civil Engineers and other authoritative groups after long study, research and public hearings have recommended Senator Bill's Amendment. We are ready to let the people of Texas decide what they think about the amendment at the polls. We believe a great majority of the members of the Senate and House are willing to let the voters of this state decide and leave it to their judgment. We believe the people of Texas are in no mood to accept

Stanton Implement Company Takes Lead In Local Fastball Loop

Stanton Implement Company took the lead in Stanton's Fastball League last week by adding two more wins to their undefeated record. After the first week's play neither Stanton Implement or Bentley's had been defeated and Bentley's led with two wins.

The reverse in leadership came June 8 when the implement dealers cleaned the plow of Bentley's hitherto undefeated furniture dealers in one of the hardest fought games of the season. The final score was 5-4 in favor of Stanton Implement.

The implement dealers took an early lead when B. Kelly and Wayne made runs in the second inning. This lead was never overtaken but was seriously threatened in the sixth when H. Holder and Jack Shelton made runs for Bentley's, bringing their total up to within one point of the victors. B. C. Lewis was left on third base, and completion of his trip would have tied the game up.

Bentley's lone loss left them tied for second place with The High School Reds and Stanton Walgreen Drug. Without a win in the first two weeks play were Courtney and The High School Whites.

Highlights of the past week's play were a triple play executed by Bentley's, and three home runs. The round trips were chalked up by R. Doggett, and Yuell Winslow playing with Walgreen's, and Lloyd Mims with Stanton Implement.

Melvin Robertson, manager of the league, and C. L. Clark, chairman of the Martin County Chamber of Commerce committee sponsoring the recreational project, said that more merchandise has been added to the concession stand and that the public's patronization in buying the candy, cold drinks, etc., was a good way to help pay the expenses of the ball games. No admission charge is made, and passing of the hat and profits from the concession stand are the league's only means of finance for lights, balls, and other equipment and supplies.

wait another two years for another legislature to give them, the people, an opportunity to vote on some water legislation", Jackson said.

Jackson praised the senators who "sweated through long hours of filibuster until 4 o'clock in the morning, in order to keep the bill alive."

Bentley's Furniture Store has installed and maintain a public address system that is used in calling plays, announcing the score, and giving other information to keep the games interesting.

Robertson said that starting on Thursday night each club that is playing without a full team must report it to the score keeper so that play can start at 8:00 o'clock. If this is not done the team will have to forfeit their game.

Table with 2 columns: Team, Last Week's Results. Rows include Bentley's, Stanton Imp., Magnolia, Walgreen's, H. S. Reds, Courtney, H. S. Whites, Walgreen's, Magnolia, Stanton Imp., Courtney, Bentley's.

Table with 3 columns: Team, W, L, Pct. Rows include Stanton Implement, Bentley's, High School Reds, Walgreen's Drug, Magnolia, Courtney, High School Whites.

June 18—Double header Bentley's vs. Walgreen Drug. Stanton Imp. vs. H. S. Reds. June 19—Double header Magnolia vs. Courtney. Stanton Imp. vs. H. S. Whites. June 22—Double header Courtney vs. H. S. Whites. Bentley's vs. Magnolia. Concludes first half of season.

O. B. Bryan Accepts Chairmanship Of Gonzales Foundation

Gonzales, June 13—Mr. O. B. Bryan has accepted the chairmanship of the Martin County Division of Gonzales Warm Springs Foundation for Crippled Children, according to a recent announcement by Ross Boothe, president of the board of the Texas treatment center. Mr. Bryan, who lives in Stanton, Texas, will select and appoint a local committee to assist him in his efforts on behalf of the non-profit, non-sectarian hospital of physical medicine and rehabilitation. The Martin County Division Committee of which Mr. Bryan is chairman is a part of a state-wide network of volunteer workers who donate their time and talents to help maintain and expand the facilities of the charitable hospital. Mr. Bryan takes an active part in civic and charitable activities in Martin County. Besides being manager of Cap Rock Electric

"TEXAS BOB" THE BLUE BONNET SEED MAN WAS HERE Alfred H. Long, known over West Texas as "Texas Bob," of Mason, was a visitor at The Reporter office last week. Long was a cowboy for many years "riding herd" in the Mason area, when a fall from the back of a Texas Mustang he was riding one day, so fractured the bones in his leg it had to be amputated, and for years he has been getting about on a crutch. "Texas Bob" visits many points in West Texas every year, selling blue bonnet seed he raises on his farm. He sells the seed at 50¢ a package, and will send them to any address anywhere. His address is "Texas Bob," or Alfred H. Long, Star Route, Mason, Texas.

Cooperative Inc., he is a steward in the Methodist Church and incoming president Lions Club. He is also a member of the Masonic Lodge and Shrine Lodge of San Angelo. Mr. Bryan's activities for the Gonzales Foundation will be three-fold, Ross Boothe pointed out in announcing the appointment. Besides staging an annual September fund raising campaign, the local committee will also maintain a year-round program of education and information of this area what their contributions are providing for the physically handicapped youngsters of the state. The local group will also assist in patient referral, when necessary. Gonzales Warm Springs Foundation supports a rehabilitation center near the city of Gonzales. Opened as a 16-bed unit in 1941, the hospital has grown to 105-bed capacity and is currently expanding that by about 30 per cent. The growth has been made possible solely through the contributions of generous Texans.

From where I sit... by Joe Marshall

Heard About the Electric Weather Predictor?

Squint Smith built up quite a reputation last month by predicting the weather. What he said usually came true.

It got so that folks would sit around his little Antique Shop just to get his opinion.

Last Monday, though, he said he didn't know what the weather was going to be like next day. That surprised us and when we asked what happened, Squint said, "Slipped up on my electric bill and was turned off. I'll get to my radio again tomorrow though." Squint had been getting

the weather over the radio—just like anyone else! From where I sit, that's the way it goes with some "experts." They often don't have any more inside information than you can get for yourself. Like those who "know" cider is the only thirst-quencher after a day's work. Far as I'm concerned, I'll take a temperate glass of beer. But—I won't try to "predict" your choice for you.

Joe Marshall

There's only one answer...

Chevrolet trucks must be the best buy!

Fleet operators, farmers, independent truckers—truck users everywhere—buy more Chevrolets than any other make. There can be only one reason for that: Chevrolet trucks offer more of what you want.

As the official registration figures keep rolling in, they keep telling the same positive story about truck popularity and truck value: Again in 1953, for the twelfth straight production year, truck buyers show a clear-cut and decisive preference for Chevrolet trucks. If you're a truck user, this fact is mighty

important to you. Why? Well, as you know, trucks are built and bought for just one reason—to do a job. So isn't it logical then that since Chevrolet trucks outsell all others, they must do a better job at lower cost? That's why it will pay you to stop in and see us before you buy your next truck.

MORE CHEVROLET TRUCKS IN USE THAN ANY OTHER MAKE!

John D. Faught, center, of Roanoke, receives a \$500 check from W. W. Overton, Jr., left, chairman of the board, and P. B. (Jack) Garrett, president of Texas Bank & Trust Company of Dallas, for his selection as the state's outstanding soil conservation district supervisor for 1952. Faught is supervisor for district five in north central Texas. Texas Bank annually sponsors the soil conservation district supervisors award.

Outstanding State Soil Conservation District Supervisor Awarded \$500

Dallas, June 12.—The state's outstanding soil conservation district supervisor, Mr. John D. Faught of Roanoke, was awarded a \$500 check today in recognition of his work in soil conservation during 1952.

Faught, supervisor for district five in north central Texas, received the \$500 state award from W. W. Overton, Jr., chairman of the board, and P. B. (Jack) Garrett, president of Texas Bank and Trust Company of Dallas, which sponsors the state-wide awards program each year.

The award will be used for an all-expense trip for the 43-year-old Faught and his wife to Oregon and Washington to observe and study various methods of soil conservation on farming and ranching.

A state committee of bankers and agricultural leaders selects the state award winner each year who is announced at the annual soil conservation district supervisors' convention held in January.

Faught's selection was announced at the convention held in Mineral Wells January 24.

Mr. Garrett said, "We are proud of our soil conservation work throughout the state. Texas Bank's program is aimed at getting the farmer, rancher, and banker better acquainted with each other's problems and working together on a program of restoring the fertility of the soil."

Faught was recently named a director of the National Association of Soil Conservation Districts. He is secretary of the Northwest Texas independent school district and chairman of the board of the Denton-Wise soil conservation district. He has also been recognized as a leader in REA telephone development.

"We are proud of John D. Faught," Mr. Garrett said, "because he is not only an outstanding soil conservationist but an outstanding farmer, rancher, and community leader."

Faught has been farming most of his life. He farms nearly 1,000 acres, specializing in livestock, livestock products, and soil building crops.

This year Faught has a trial development, in conjunction with Renner Foundation, of a new crop to Texas called sesame. He has also established a trial planting of the KR blue stem

How to Win Friends by Telephone

THIS IS ONE OF MANY WAYS you can learn to make better use of your telephone service. We have several motion pictures on the art of winning friends by telephone for showing without charge to interested groups. We also have a library of free booklets on the subject and we have commissioned Emily Post to write a series of advertisements on good telephone usage which you may have seen. We consider these activities part of our responsibility to you as good neighbors and good citizens of the communities we serve.

SOUTHWESTERN BELL ... A TEAM OF 28,000 TEXANS ... PARTNERS IN TEXAS' PROGRESS.

Pinch Of Salt In Drinking Water Will Prevent Heat Cramps

If your work is such that it causes excessive perspiration, add a pinch of ordinary table salt to each drink of water you take to help prevent heat cramps. This is advised by Dr. Geo. W. Cox, State Health Officer, to prevent possible increase in the number of heat victims as the Texas thermometer hits 95 degrees and above.

Laborers, mechanics, farmers and white collar workers whose work causes them to sweat profusely, are in danger of having their body salt content become deficient with resulting heat cramps or heat fag. Salt is a prominent constituent of sweat; the body may lose as high as 40 to 50 grams of salt during hot days.

In industry, a method of preventing heat cramps is to take a tablet of pure salt or mixture of salt and dextrose with each drink of water. Workmen whose duties require muscular exertion should be especially careful to add more than the usual amount of salt to what they eat and drink.

Salt deficiency may be prevented by taking salt in various ways. Where prepared tablets are not available, table salt may be added to each drink of water. Milk is a source of salt and will help to make up for the deficiency caused by sweating. Alcoholic drinks should be avoided.

Heat cramp is characterized by pains (cramps) in the abdominal region, headache, and in severe cases, by nausea and vomiting. The body temperature remains about normal, likewise the pulse rate. Body salt losses occur without the knowledge of the individual until there is a deficiency; then the abdominal muscles begin to cramp.

Wyoming Guests Entertained At Barbecue

Mr. and Mrs. James Jones entertained with a barbecue honoring Dr. and Mrs. Watkins of Lamarie, Wyoming Thursday night.

The group was highly entertained with a travel talk by Dr. Watkins, who is head of the Physical Education department at the University of Wyoming. He and his wife were on their way home after spending nine months in Cairo, Egypt on a Fulbright Award. They stopped over for a few days visit with Mr. and Mrs. Calvin B. Jones at Lenora before continuing their journey to Wyoming.

Before their trip back to the States they visited Switzerland, Italy, Germany, the Holy Land at Eastertime and attended the Cornation.

Those attending were Mrs. Nat Wilks of Denton; Mr. and Mrs. Poe Woodard, Mr. and Mrs. Phil Berry, Mr. and Mrs. Calvin Jones, Mr. and Mrs. Cecil Bridges, Mr. and Mrs. B. F. White, Mr. and Mrs. Emmett Pittman, Mrs. Wilmer Jones, Mrs. Margaret Moffett, Ray Simpson, Jr., Betty Berry, Janelle Jones, Mr. and Mrs. Morgan Hall, and Mrs. W. V. Houston.

HD Council Sees Films On "Girls Town, USA"

The film, "Girls Town, U.S.A." was shown to 15 members of the Martin County Home Demonstration Council when it met at the Cap Rock Electric Co-op. building Tuesday afternoon. M. Randolph Rubin of Midland was commentator for the showing. The Rubins made the shots during a visit to Girls Town last year.

During the business session the Council made plans for a county wide picnic on July 21 at the Stanton City Park. The picnic is for all club members and their families.

ton from 1929 to 1942, was born August 19, 1891, in Weatherford. Survivors include the husband, E. L. Swain of Midland; a son, Robert E. L. Swain of Midland; and a daughter, Mrs. Ivan White of Stanton.

Interment was in Resthaven Memorial Park, Midland.

Heart Seizure Claims Former Resident

Funeral services were held Wednesday at the Calvary Baptist Church, Midland, for Mrs. E. L. (Bob) Swain, 61, who died about 9:30 p. m. Monday in a Midland hospital after suffering a heart seizure several hours earlier.

Mrs. Swain, a resident of Stan-

PRESSLEY BRYANT, STATE EDITOR OF FORT WORTH STAR-TELEGRAM HERE

An immaculately dressed and distinguished looking gentleman approached the editor's desk Thursday morning of last week, extended his hand and called the editor by his first name, "Jim," startling us with the familiarity of the stranger, and setting up a suspicion that the stranger might be one of my Scottish ancestors who remembered me as a babe, and had left the old Scot homeland to inform me one of my ancestors had died and left me a fortune.

But cleaning the smudge that had collected on glasses, sitting 't out in 105 degree temperature the eyesight revealed a friend of mine I first met—oh, so many years ago I can't recall the year, holding down a responsible position on the Fort Worth Star-Telegram. Aside from a few more

grey hairs I couldn't detect but a few minor changes in the looks of Presley Bryant, than when I first met him.

Bryant is State Editor of the Fort Worth Star-Telegram, and he was on one of his annual visits to this area of West Texas visiting the correspondents of his newspaper, "prodding" them up to be alert in gathering the news and getting it to his newspaper in the shortest time possible.

He was "cutting corners" as to time to spend on his visit, in order to make it to his home in Fort Worth, that evening, to "spruce up" and get back to Mineral Wells by Friday morning to attend the meeting of the Texas Press Association in Mineral Wells.

Benjamin Franklin recommended the turkey as the official U. S. emblem.

Rev. Hugh H. Hunt Goes To Philadelphia

Rev. Hugh H. Hunt, pastor of Methodist Church of Stanton, left this week to attend a world wide conference of evangelism for Methodist churches, which is being held in Philadelphia. It is a preparatory meeting to a world wide evangelistic movement for revivals in every nation where there is a Methodist church.

Rev. Hunt said that he would be away from Stanton about ten days. The revival year is being planned for 1954.

OREGON VISITORS

Mr. and Mrs. H. V. Black of Rosenberg, Oregon and Mrs. F. F. Lord, Midland, visited with Mr. and Mrs. A. E. Murr over the weekend.

The Socialist Party became a national party in 1892.

Cheese Balls Add Food Value to Salad

BY DOROTHY MADDOX

WE all turn to salads when the weather gets warm. If salads include some form of protein such as cheese, eggs, fish or meat, they can be used as main dishes for luncheon. Here are two main-dish salads and a delicious buttermilk cole slaw.

CRISPY CHEESE BALLS
(Makes 8 balls, about 1 1/4 inches in diameter)
One package (3 ounces) cream cheese, 1/4 to 1/2 cup candy-coated puffed wheat.
Form cheese into balls and roll in cereal. Serve with pineapple, orange, or other fruit salads. For an attractive salad, center 2 or 3 crispy cheese balls on lettuce or other salad greens. Arrange fruit sections in swirls around the cheese balls.

BUTTERMILK COLE SLAW
Shred a head of crisp cabbage very thin. Then slice thin 2 small onions, 5 or 6 stuffed green olives, and add with 10 capers to the cabbage. Salt to taste.
Dressing: Use 1 teaspoon salt, pepper to taste, 1/4 teaspoon paprika, a very little curry powder, 1 teaspoon caper juice, 1 teaspoon Worcestershire sauce, and 1/2 cup mayonnaise. Next add just enough buttermilk to make it as thick as cream. Toss dressing and salad until thoroughly mixed.

TOSSED MACARONI SALAD WITH BLEU-CHEESE DRESSING
(Makes 6 servings)

One tablespoon salt, 3 quarts boiling water, 8 ounces elbow macaroni (2 cups), 1/2 medium-sized head lettuce, shredded, 1/4 bunch chervil, broken in pieces, 2 medium-sized tomatoes, cut in wedges, 2 tablespoons chopped onion, 1/4 cup chopped celery, 1 green pepper, cut in thin strips, 1 1/2-ounce package bleu cheese, 2 tablespoons vinegar, 2 tablespoons lemon juice, 1/2 cup salad oil, 1/2 teaspoon meat sauce, 1/4 teaspoon garlic salt, 1 1/2 teaspoons salt, 1/4 teaspoon freshly ground pepper, dash paprika.
Add 1 tablespoon salt to rapidly boiling water. Gradually add macaroni so that water continues to boil. Cook uncovered, stirring

These crispy cheese balls will turn any kind of fruit salad into a main dish for an attractive summer meal.

occasionally, until tender. Drain in colander. Rinse with cold water and drain again. Chill. In a large salad bowl, combine chilled macaroni, lettuce, chervil, tomato wedges, onion, celery and green pepper; toss lightly but thoroughly.
Chill. Crumble bleu cheese. In a small bowl, combine bleu cheese and remaining ingredients; mix thoroughly. Add bleu cheese dressing to chilled salad; mix lightly but thoroughly.

Mrs. Carlile Hostess To Valley View HD Club

The Valley View Home Demonstration Club met Thursday in the home of Mrs. Lewis Carlile with Mrs. Bobby Thrallkill, pre-

siding. The program was presented by four Courtney 4-H Club girls. A demonstration on clearing sewing machines was given by Bonnie Green and Nell Hogg, and Alice and Barbara Stewart gave

a demonstration on first aid kits. The club voted to pay \$10.00 toward the expense of the attending the 4-H Roundup at A&M June 24-26. Those attending were Mrs. G. Tunnell, Mrs. Jim Miller, Mrs.

O. D. Green, Mrs. Harper, Mrs. Joyce Walker, Mrs. Garth Odom, Mrs. U. H. Butler, Mrs. Thrallkill, and Mrs. Mildred Eiland, agent. The average person chews one slice of gum a week.

And it's ever thus—the cry of shortage of water or no water at all, coming from over the entire state of Texas. From Seymour, a town in West Texas that boasted of seemingly an unlimited supply last week the citizens were asked to go on a voluntary rationing basis insofar as use for lawn and gardening is concerned. The city found that the pumping capacity of 1,500,000 gallons per day, citizens have been averaging 1,600,000 gallons daily. Storage facilities were depleted until certain portions of the city was without water. The Banner said Seymour derives its water supply from wells and in the past year the water table had been lowered two feet. A driller has been engaged to drill another well, but he said it would be two weeks before he can get to it. He's drilling emergency wells at Vernon and Chillicothe, two cities in apparently much worse shape than Seymour.

In the prize awards to newspapers at the Texas Press Association meeting at Mineral Wells last week end, the Matador Tribune, for small weekly newspapers, won first for general excellence and column writing.

It seems to be too good to be true but 'fem' it is seen in the Munday Times the report is bound to be true. Editor Edgar said that they had a couple of irrigation farmers that had planted Irish potatoes and they were gathering off of 17 acres at the rate of about 100 sacks per acre. That broken down into 10 pounds makes it 10,000 pounds to the acre. Potato raisers who know said the quality of the Munday potato was equal to the Idaho russets. Altus, Oklahoma, who had contracted its potato crop in carload lots say the drought has cut their production below the contract called for and they are dickering with the Munday growers for their entire crop.

This Levelland family doesn't go at anything peaceable—that is—when it comes to signing checks on banks in which they have no money. The Anton News reported last week that officers had arrested a whole family of hot check artists. The mother forged a check for \$83 to a grocery store; the father up and handed a hot check for \$91 to another grocery store; the son, 19, was nabbed attempting to pass a hot check for \$92 on another grocery; and the daughter, 19, was arrested for the part she played in the hot check angle.

Baird, a town that two or three years ago depended upon tank loads of water hauled in by trucks from Abilene to supply its people, now has a two or three year supply in their new Lake Baird, southeast of town. Recently, the lake caught an abundance of water says the Baird Star, comprising some 1,050 acre-feet, expressed in gallons, 354,000,000. The lake's capacity is 1,065 acre-feet, covering some 250 acres of surface area. Baird also, has a big reserve tank for fire protection, which is supplied by a battery of wells.

It's rodeo time. Most every West Texas newspaper picked up its exchange table, reports either, the town has held one or two is coming up. At Morton, the Tribune last week blared forth in a big headline, "Rodeo Boosters Open Fire; Half Beards, Beauties, Stocks, and Barbecue Featured." The event is a Cochran County affair. The local paper announced what all entertainment could be expected two months before the event is to happen. The Jaycees, sponsoring the rodeo, are to start at once shaving only one side of their faces, to be kept up until the close of the occasion.

The Crowell News, last week, informed that the 1953 wheat crop for Foard County had been harvested, and the yield from the crop was 611,000 bushels, the poorest harvested in several years. The market price for the wheat was \$1.96 per bushel. It

Estimated value of the county's wheat crop was placed at \$1,200,000.

In October of 1949, Stamford voted in the installation of parking meters. In this month of June the city council will be asked to remove all meters. No reason was given for the change of heart of Stamford citizens.

A controversy arose in Stamford between the members of the softball and baseball teams. The baseball team declared they could beat the Sox off the softball aggregation, and the latter team challenged them to a duel. The game was played and when the smoke of battle cleared the softballers had won by a score of 5-0. The hardballers couldn't connect with the slants the softball pitcher hurled at them, one working on the mound for seven innings, allowed only one hit, and the other one slinging the horsehide for two innings gave up one hit.

SURGICAL PATIENT
Mrs. Walter Sanders is a surgical patient at Hogan-Malone Hospital in Big Spring.

No Use Getting Panicky; We Face Serious Problems, But Often Problems Make Men
Elmer Kelton, staff writer for the San Angelo Standard-Times, to get away from the continuous beating against his eardrums of clicking typewriter keys in the repertorial room, grabbed a pencil and tablet Saturday and hid himself over to San Saba. The occasion was a meeting held by the San Saba Production Credit

It's The Farmers Who Fall Victims To The Paring Knife
From time immemorial, with the change of national administrations, there is a "look around" for a subject on which to wield the paring knife to cut the government's expenditures for economy sake. The fit target seems to be the farmers. The boy raised in the Effete East, who is as familiar with the real "dirt" farmers' problems as a hog is when Sunday comes, gets himself elected to Congress, and while occupying a soft cushion seat in the Congressional chamber, looks around to do a bit of legislating that will make his folks sitting back in the brown stone front homes and the skyscraper office buildings, jiggle their gorged stomachs with joy, he picks the farmers as his victims on which to apply the paring knife.

Reporting from Washington U. S. Senator Lyndon B. Johnson, said this to say, among the other items he writes in his column for publication in newspapers. "Letter from Texas indicates that many farmers are becoming increasingly concerned about the administration's attitude toward rural electrification, soil conservation programs, and other matters affecting agriculture. "It seems to me that many of the new men brought into the government have big business backgrounds—and too few possess knowledge of the problems facing the farmers. We have plenty of suggestions how to raise farmers' interest rates—and too few how to lower his costs. Prices of things the farmer buys keep going up—and prices of things he sells keep going down. "If the farmers get in a bad pinch, all of us will be very seriously affected. Helping to keep agriculture prosperous is a rightful concern of the government."

VISITED IN WICHITA FALLS
Mr. and Mrs. R. M. Deavenport of Stanton, and Mrs. Cecil Davis of Midland, were in Wichita Falls Thursday to attend the funeral services for Floyd Amer, who died of a heart attack, on June 8. Mrs. Amer is a niece of Mr. Deavenport.

PATIENT IN BIG SPRING
Mrs. George Cathey of Lenorah is a medical patient at Medical Arts Hospital in Big Spring.

Boyd C. Eldson, 60, West Texas Rancher, Dies At Big Spring

Boyce Clinton Eldson, 60, veteran West Texas rancher, died at 8:15 p.m. Wednesday in a Big Spring hospital.

He was born June 19, 1892, in Taylor County, and had engaged in the ranching business in West Texas the last 40 years. He operated extensive ranch properties near Penwell, Ector County, where he resided.

Funeral services were held at 10:30 a.m. Friday in the First Baptist Church of Stanton, with Dr. W. R. Dale of Stanton and the Rev. J. M. Fields of Courtney officiating. Interment was in Evergreen Cemetery here, under the direction of the Arrington Funeral Home.

Survivors include the widow, a son, Bob Eldson of Lovington, N. M.; a daughter, Mrs. Bess Crowder of Claude, Texas; the father, A. C. Eldson of Stanton; a brother, Brick Eldson of Stanton; and two sisters, Mrs. Fay Smithson and Mrs. Maude Echols, both of Stanton.

Pallbearers were Cliff Key, Lovington, N. M.; Jiles Lee, Lovington, N. M.; R. E. McAdoo, Penwell; Jack Estes, Lamesa; James Webb, Stanton; and Marvin Tad Henderson, Odessa.

SCALED QUAIL

In the years when the rains visit the usually arid Southwest of the United States, little coveys of blue-gray quail may be reasonably abundant except where overgrazing may have cancelled out the advantages brought by the rains. The quail range from western Oklahoma, western Texas and southern Colorado south through Arizona and New Mexico to southern Sonora and northern Chihuahua. Scouring must well be defined as the way in which these pleasing animals get over the ground. They may move slowly for a few initial steps, but when they decided that it is best to be elsewhere they move and move rapidly.

Scaled quail are to be found in two varieties: The Arizona Scaled Quail, whose range is much as described; and the Chestnut-bellied Scaled Quail, whose range in the United States is limited to southern Texas but which is more generally thought of as a Mexican bird.

These quail are typical of the desert country though they are often the commonest quail around ranch houses and associated cultivated lands. In the fall months they are likely to be found at slightly higher elevations than is the case during the nesting season. However, a covey may spend its entire lifetime within a relatively small area. The abundance of the quail varies definitely with the nature of the season. In dry years there may appear to be no young birds, while in more favorable seasons there may be a number of broods and plenty of young to be seen.

The Scaled Quail are also called "blue quail" and "cotton-tops" and as is so often the case, a combination of these common names gives us a reasonable description of the animal. The general effect is a light blue. The feathers of the neck and breast are a light blue-gray with dark borders making the animals ap-

pear to be scaled. The top of the head has a short crest that is white-tipped giving the name cotton-top and white-top. The back, tail and wings may appear to be dull brownish. The wings at rest may be marked on their inner margins by a white streak. The young birds of the year are almost indistinguishable from the adults except for their smaller size. The very young may show brownish crest and many of the feathers have white shaft streaks that do not appear in the mature birds.

The Scaled Quail is about one foot in length. It builds its nest under low vegetation, sometimes in a grain field. From 12 to 14 thick-shelled, lusterless, creamy eggs, usually dotted with reddish brown, are laid. The food of these quail is more largely insects than is the case with most other quails and may be up to 29 per cent animal matter. About 50 per cent of the total food is weed seeds and the remaining part is fruits.

Apparently the recuperative power of the Scaled Quail is such that with reasonable management its numbers may be maintained in the area where it is normally found. It is with the determination of what these management practices may be and the application of what is known about wildlife in general that the National Wildlife Federation is concerned.

S-T-R-E-T-C-H
YOUR FOOD DOLLAR . . . LIVE BETTER
WITH AN *Electric* HOME FREEZER

Ask any of your friends who own an Electric Home Freezer and they will tell you they enjoy better eating for less money the year 'round. How do they do it? Here are four of the most typical reasons:

- By taking advantage of special prices and food sales . . . storing food for future use when prices are lowest, quality highest.
- Freezing surplus foods in season . . . fish, game, meats, vegetables, fruits.
- Cooking and baking in quantities . . . foods keep perfectly till needed, require only heating before serving.
- Cut food waste . . . fewer leftovers. Even these can be stored for future meals.

See your favorite dealer for additional benefits of an Electric Home Freezer. Select a chest type or space-saving upright model to suit your needs.

TEXAS ELECTRIC SERVICE COMPANY
CECIL BRIDGES, Manager

Air Conditioning on wheels* comes of age!

Now you can have a car that's as comfortable on hot days as your air-conditioned home, office or favorite theater.

Now you can ride in draft-free coolness at the temperature level you choose—even when the outside reading is 110° and more.

Now you can take a full complement of passengers through the thick of traffic on a sweltering day—and each one of you will keep looking and feeling fresh as a daisy at dewtime.

Air intakes on each side of car introduce outside air into system.

You do this with the compact Buick AIRCONDITIONER—the completely practical unit available at extra cost in 1953 SUPER and ROADMASTER Sedan and Riviera models.

But note this: what Buick put into its AIRCONDITIONER goes beyond the usual.

For the advanced design of this Buick unit provides dual roof ducts that distribute up to 300 cubic feet of cooled, freshened, filtered, air per minute to all parts of the car interior evenly and constantly—without icy blasts and drafts on your neck, shoulders, legs.

Grilles in Buick's exclusive dual roof ducts insure draft-free distribution of conditioned air—and also provide individual control of air direction, as desired.

Return air grilles on package shelf help maintain continuous circulation of conditioned, pollen-free air.

What's more, these exclusive roof ducts have individually controlled air directors above the side windows. So each window-seat passenger can guide a gentle breeze of conditioned air exactly where he wants it.

Of course, the Buick AIRCONDITIONER is automatic.

You switch it on, choose the temperature setting you want—and that level of coolness is maintained constantly. It thoroughly conditions the air around you—automatically. It carries off heat, stale air, tobacco smoke—automatically. It continuously introduces outside air into the system—automatically.

It's fast-acting, too. Even after an hour or more locked up under summer's hottest sun, the car interior can be brought to a delightfully cool comfort in a matter of minutes.

And it's really compact. The cooling unit itself fits neatly on a narrow shelf in the big trunk compartment—leaves plenty of room for luggage and the like.

Why not drop in on us and try a demonstration?

You'll find that the Buick AIRCONDITIONER with its exclusive dual roof ducts is the ultimate comfort in hot-climate driving.

*Buick Airconditioner available in 1953 Roadmaster and Super Riviera and Sedan models at extra cost.

Stanton Coyotes Of 40 Years Ago May Be Among Old Settlers Meeting Here July 14

Among the old settlers of Martin County who will gather in Stanton for the Annual Old Settlers Reunion July 14 may be a number of the "Stanton Coyotes", a high school girls' basketball team dating back a half century that we have a record of. So we are told by Mrs. Jim Tom, now a resident of Stanton and the wife of banker Jim Tom.

Mrs. Tom, the former Miss Erlene Sadler, brought The Reporter the accompanying photo, and narrated this account of the girls pictured:

"This picture was taken in the spring of 1913. I had played basketball with the Coyotes all season and we had been successful in maintaining the third year without a defeat for Stanton High School. Our regular victims were the teams of Big Spring, Midland, and Odessa. The closest we came to a defeat was one game in which Midland scored six points to our seven.

"Eight of the nine girls pictured were regulars, that being the number of players on a team at that time. One girl, Lucy Chaney I believe, was an extra or substitute. Of course we played on outdoor courts, and they were divided quite differently than those of today. Coach T. D. Thomason, who we regarded as an ancient at that time, must not have been so very old because today he is raising chickens on his farm in Tennessee.

"Positions which the girls played were, as I remember them: jump center, Emily Bradley; center, Florence Larkin; forwards, Ethey Marchant, Lettie Chaney, and guards, Stella Jones, Katy McWhorter, and myself.

"We had a wonderful time, traveled by train, and had a

COYOTES OF 1913—The Stanton High School girls' basketball team, three-year champions over Midland, Big Spring, and Odessa, as they appeared forty years ago. Front row, left to right: Erlene Sadler, now Mrs. Jim Tom, Stanton; Katy McWhorter, now Mrs. Otis Caton, Stanton; Faye Ledbetter, present whereabouts unknown; Emily Bradley, recently deceased in Big Spring. Back row, left to right: Stella Jones, now Mrs. Claren e Willingham, 101 E. Pecan Street, Midland; Florence Larkin, now Mrs. Florence Behler, 3715 Loughton, Street, Fort Worth; Ethel Marchant, now Mrs. Kahoe Davis, Electra; T. D. Thomason, coach, 929 Hollywood Street, Jackson, Tennessee; Lucy Chaney, present whereabouts unknown; and Lettie Chaney, now Mrs. Charlie Mashburn, 1096 Grand Avenue, Colton, California. —Album Print

standing offer to play any team that would pay our expenses to their school," Mrs. Tom concluded.

Judging from the good health and spirit of Mrs. Tom we believe the girls could still round out a full team and play a fine game of basketball. We hope they have a happy visit when they meet at The Old Settlers Reunion here July 14.

Goodfellow Air Force Base Personnel Will Visit Stanton July 2

A group of military personnel from Goodfellow Air Force Base, San Angelo, will pay a friendly call to Stanton July 2, to advertise a gala three-day carnival to be held at the base July 3, 4, and 5. Funds raised by the carnival have been earmarked to build a swimming pool for military and civilian personnel of the base.

Highlight of the affair will be the awarding of 104 valuable gifts, headed by two 1953 model automobiles—a Buick Roadmaster Riviera and a British-made Jowett Jupiter Javeline sports car. The two cars will be on exhibit here during the visit by the Goodfellow contingent.

The carnival will open July 3, with a beauty contest—the contestants including representatives of various civic organizations in San Angelo and vicinity.

Saturday's program will feature a gigantic 4th of July fireworks display and an address by Texas Representative Martin Dies.

A stage show, "The Follies," will be presented three times daily during the carnival in addition to an open air dance each night on the tennis courts.

Admission to the carnival, which opens at 10:00 a.m. each day and closes at midnight, is free.

FORMER RESIDENTS VISIT

Mr. and Mrs. Prentis Hightower and children stopped for a few hours visit with friends and relatives Thursday in Stanton on their way to Monahans from East Texas where they had been visiting.

LEAVE FOR NEW ORLEANS

Mr. and Mrs. Edmund Tom and son, Rufus, left Monday afternoon on a trip which will take them to New Orleans, Louisiana and various points in Mississippi.

VACATIONING IN TULSA

Mrs. Doris Stephenson and children, Bill, Bob, and Eunice Jan and her mother, Mrs. Alma Thornton, left Monday morning for Tulsa, Oklahoma on a two weeks visit.

Mr. and Mrs. June Graham Will Visit In California

Mr. and Mrs. June Graham left Stanton Friday to spend two weeks in California and points en route. They were traveling by

automobile, however it will be stored in Albuquerque and the couple will do their sightseeing from the observation parlor of a train coach.

Graham is station agent for the T&P railroad in Stanton and Mrs. Graham is a teacher in the Stanton public schools.

10,000 May Attend Cotton Congress In Lubbock, June 25-27

Cotton industrial leaders from over the nation will gather in Lubbock June 25-27 for the 14th annual session of the American Cotton Congress.

Their theme for 1953 is "Cotton's New Frontiers."

Backed by cotton organizations representing every phase of the industry from cotton seed to cotton shirts, the American Cotton Congress is a research and educational organization devoted to the exchange of ideas and to the spreading of new information concerning the industry.

Mornings of the first two days are technical meetings in which experts bring the top men in the industry up to date on foreign markets, new problems in the crushing industry, trends in cotton consumption, the world cotton situation, new developments in research and education, and opportunities in farm research. But the afternoons are touring hours to acquaint the leaders with Lubbock and Texas Tech.

Lubbock is located in the center of one of the richest cotton producing areas in the world. Over 10 per cent of the nation's cotton is produced within 75 miles of Lubbock, and the producers' wholesale mechanization has come to the attention of the whole industry.

The only textile engineering school west of the Mississippi and the center of textile research for the Southwest,

Baptist Conference To Be Held June 18

Mrs. C. L. Kirkland of Big Spring has announced the Big Spring Baptist Association Monthly Workers Conference will be held June 18 at Bethel Baptist Church in the Luther community 18 miles northeast of Big Spring.

The program, which will be given by the young peoples organizations, will start at 10:00 a.m.

The WMU and board meeting will be held at one o'clock. All WMU members are urged to attend.

HOME FOR THE SUMMER

Dora Marie Yater, sophomore student at Hardin-Simmons University, is home for the summer. Miss Yater is the daughter of Mr. and Mrs. W. H. Yater of Stanton.

has done much toward the utilization of Texas cotton, normally a short-stapled product.

The public's big day of the congress is the Field Day on the Tech campus June 27 when Secretary of Agriculture Ezra Taft Benson is scheduled to give an address.

About 400 industrial leaders are expected for the technical sessions, but between 5,000 and 10,000 are expected for the field day. Besides the address by Benson, a special program and an implement show are planned.

Burriss Jackson, Hillsboro, is general chairman of the Congress and is scheduled to give the keynote address at the opening session June 25.

Pay more? What for?

Fifty Years Forward on the American Road

You don't have to pay costly-car prices for costly-car comforts. Ford brings you everything [and we mean everything] you've ever wanted in a car, at a price that's well within your reach! And according to recent surveys, a Ford returns more of its original cost when sold than any other car at any price!

Here are a few of the "Worth More" advantages you'll find in the '53 Ford:

1. A V-8 engine—powerful and smooth! Ford's famous high-compression V-8 is a leader in quiet, flexible, economical performance. Ford, remember, has built more V-8's than all other makers combined—over 13 million!

2. America's most economical Six engine! If it's a Six you want, Ford offers you the high-compression, low-friction Mileage Maker... the engine which, with optional Overdrive, won over all other cars, regardless of size or weight, in this year's Mobilgas Economy Run! And it's yours for the same kind of money that buys less modern sixes in other cars.

3. America's finest and most versatile automatic drive! Fordomatic Drive is the "automatic" which gives you both the get-up-and-go of automatic gears and the smoothness of a fluid torque converter. If you choose Fordomatic, you will find that it makes all your driving easier... more relaxing.

4. Automatic gas savings! Ford's Automatic Power Pilot (on Six and V-8) meters just the right amount of gas, times ignition precisely, burns fuel evenly and completely. You get full high-compression performance from every drop of gas—regular or premium.

5. America's newest and finest power steering! Ford's Master-Guide power steering gives you new ease, stability and safety in guiding your car on smooth roads or rough. Your car grips in sure-footed roadability and depend up to 75% less on driving—and parking.

6. Largest choice of models in the low-price field!

Ford alone gives you a choice of 18 different models... a SIX or V-8... Fordomatic, Conventional or Overdrive... the widest variety of body, color and upholstery combinations. You can practically "design" your own Ford!

7. A body that's the style-setter!

Only Ford in its field gives you the advantages of a hull-tight Crestmark Body... the trend-maker in design and beauty. Ford's body is the longest and Ford's trunk, the largest. You enjoy more usable space.

8. New driving conveniences!

Ford's first in its field with such "Worth More" features as easier-acting, suspended pedals that eliminate floor holes... foam rubber cushions on front and rear seats in all models... and convenient Center-Fill Fueling.

9. An automatically controlled ride!

When you Test Drive this Ford, notice how the wide front tread (widest in the low-price field) takes tilt out of turns... gives you a more level ride. With new "balanced suspension," new spring and shock absorber action and new rubber compression bumpers, road shock in the front end alone is reduced up to 80%.

10. It's worth more when you sell it!

An impartial survey of used cars proved that Fords return a greater proportion of their original cost than any other cars in America. It's another fact to add to Ford's reputation as the "Worth More" car. But don't take our word for it. Stop in and Test Drive this Ford for yourself. We predict you'll be sold before you're in second! It was true last year and it's even truer this year: you can pay more, but you can't buy better than Ford.

WORTH MORE WHEN YOU BUY IT...;

WORTH MORE WHEN YOU SELL IT...;

Ford

STANTON, TEXAS

MISS DOROTHY MIMS

Mims-Pinkston Engagement Told

Mr. and Mrs. B. G. Mims of Lenorah, are announcing the engagement and approaching marriage of their daughter, Dorothy, to Terrel Pinkston, son of Mr. and Mrs. John Pinkston of Stanton. The wedding will be sometime in July in the home of Mr. and Mrs. Elmore Johnson in Stanton.

Approximately Sixty Attend Methodist Bible School Here

Approximately 60 children and young people attended the Vacation Bible School concluded Sunday at the First Methodist Church. The school was under the direction of Mrs. O. B. Bryan. Ima Joy Williamson and Lorene Burns were in charge of music and Mrs. Ralph Newman had charge of refreshments.

Others helping with the school were Mrs. Tommie Newman, Mrs. James Biggs, Mrs. Joe Gray, Miss Gineva Middleton, Mrs. June Graham, Mrs. Beth Barbee, Mrs. Aaron Donelson, Mrs. Phil Berry, and Mrs. Finley Rhodes.

Sunday night a Recognition Service was held with Rev. H. H. Hunt speaking on "Christian Education for Children." Handwork and other crafts, made by the group, were on display.

Those receiving recognition for perfect attendance were Katy Biggs, Butch Curry, Beth Biggs, Billy Davis, Gary Reid, Linda Manning, Cindy Pickett, Mary Alice Huston, Kay Bryan, Anita Newman, Sandy Woodard, Elizabeth Pickett, Dick Standefor, Carol Nichols, Janice Sims, Mildred Cawthorne, Jean Fitzpatrick, Bobby Rogers, Barbara Sherman, Smitty Smith, Jimmy Hardy, Jimmy Dickinson, Mary Beth Munn, Ruth Ann Munn, Ruth Ann Munn, Ronnie Houston, Betty Hedrick, Linda Beth Barbee, Bobby Newman, Glenn Reid, La Mae Gray, Tommy Newman, Norman Donelson, Carolyn Manning, Linda Nichols, Charlene Peavy, Marsha Bristow, Betty Berry, Alice Sims, Barbara Standefor, Joyce Graham, Delbert Donelson, Pat Graham, Richard Cross, Barbara Jane Smith and Delores Sherman.

Miss Mims is a graduate of Stanton High School and is employed by the Atlantic Refining Company in Midland. Pinkston, also a graduate of Stanton High School, is serving in the Navy and is stationed at Bainbridge, Maryland.

Refreshments were served to Mrs. Edmund Tom, Mrs. J. A. Wilson, Mrs. S. Arthur Wilson, Mrs. Sam Wilkinson, Mrs. P. B. Bristow, and Mrs. Glenn Gates.

4-H Club Girls Give Demonstrations At Courtney HD Meet

Two teams of 4-H Club girls gave demonstrations for the Courtney Home Demonstration Club when it met in the home of Mrs. Bill Wilson June 10.

Alice Stewart and Barbara Stewart gave a first aid demonstration and Nell Hogg and Bonnie Green showed the correct way to clean a sewing machine. Both teams will participate in the 4-H Clubs State Contest to be held on the campus of A. and M. College June 24-26.

The club voted to help pay the teams expenses to College Station.

Members attending were Mmes Joe Stewart, Charlie Matthews, Chalmer Wren, Hall Kennedy, Walter Kelly, Owen Kelly, R. P. Odom, Bill Hull, Henry Rayford, Emer Hull, T. B. Stewart, Jr., Earl Douglas, and W. T. Wells.

Stanton Garden Club Appoints Committees

New committees were appointed when the executive board of the Stanton Garden Club met June 10 at a call meeting in the home of Mrs. Guy Eiland.

Mrs. T. Y. Allen and Mrs. Sam Wilkinson will serve on the membership committee. Others include Mrs. S. Arthur Wilson, Mrs. Edmund Tom and Mrs. John Roueche, program; Mrs. J. A. Wilson, Mrs. Glen Brown and Mrs. A. E. Murr, entertainment and flower show; Mrs. Alex Haggard and Mrs. Morgan Hall, telephone; Mrs. Guy Eiland, hospitality; Mrs. Glenn Gates, publicity.

Refreshments were served to Mrs. Edmund Tom, Mrs. J. A. Wilson, Mrs. S. Arthur Wilson, Mrs. Sam Wilkinson, Mrs. P. B. Bristow, and Mrs. Glenn Gates.

Mr. and Mrs. S. L. Vann and family of Midland, visited in the home of her parents, Mr. and Mrs. W. H. Wilson, last week.

New Officers Are Installed By OES

Gertie Pinkston and Edgar Standefor were installed as worthy matron and worthy patron of the local Order of the Eastern Star recently at the Masonic Hall.

Other new officers installed were Vivian Ferguson, associate matron; L. L. Williamson, associate patron; Faye Lewis, secretary; Hazel Hamm, treasurer; Blanche White, conductress; Nola Marie Batton, associate conductress; Alice Angel, chaplain; Edna Davidson, marshal; Pauline Wood, organist; Loreta McReynolds, Adah; Doris Stephenson, Ruth; Syble Orren, Esther; Obara Angel, Martha; Ina Kelly, Electa; Beulah Williams, warden; Reva Koonce, sentinel.

Taking part in the installation services were Inez Woody, installing officer; Rena Rhodes, marshal; Mary Grace Latimer, chaplain; Ruby Burns, organist, and Ora Wilson, secretary.

A short memorial service was held following the installation of officers.

Gertie Pinkston presented Esther Higgins, retiring worthy matron, with a gift from the chapter and presented the installing officer with Eastern Star plaques.

Esther Higgins presented the retiring officers with hand painted plaques.

Refreshments were served by Esther Higgins, R. S. Higgins, retiring worthy patron, and Hazel Hamm.

The refreshment table held a beautiful Eastern Star cake. Lime punch and cake were served to about forty people.

Kay Bryan Entertains With Swimming Party

Kay Bryan entertained with a swimming party and picnic at her home Saturday afternoon.

Those attending were Georgia Ann Gray, Anita Newman, Jenny Beth Newman, Carol Nichols, Jimmy Dickinson, Janice Sims, Mildred Cawthorn, Jean Fitzpatrick, Bobby Rogers, Barbara Sherman, Dolores Sherman, Smitty Smith, Ronnie Houston.

Breakfast Fetes Jo Jon Hall

Mrs. Calvin Jones of Lenorah, and Mrs. Phil Berry, hosted the first of a series of pre-nuptial parties, a breakfast, for Jo Jon Hall, bride-elect of Robert Cox, in the Berry home Tuesday morning.

Blue and pink, the bride-elect's chosen colors were used in floral decorations in the entertaining rooms.

Centerpiece on the breakfast table, laid with white linen, was in bridal motif, a large white wedding bell with pink satin streamers extending to miniature wedding bells marking each place, and pink roses at the base.

Hosts presented the honoree with a set of breakfast dishes.

Miss Hall wore a white and blue cotton with matching stole lined with blue. Her accessories were in blue.

Guests attending were Mary Lynn Hamilton, Patsy Pollock, Mary Ivy Baulch, Barbara White, Yvonne Ory, Eula Belle Mott, Betty Berry, Mary Beth White and Mrs. Morgan Hall.

Blanche Grove Circle Has Mission Study

The Blanche Grove Circle of the First Baptist Church met at the church Monday afternoon for Mission study.

Mrs. Guy Eiland gave the opening prayer and Mrs. J. G. Hull the closing prayer. Miss Eleanor Sprawls gave the devotional and Mrs. Harry Billington taught the lesson, the third chapter of the book, "Thus It Is Written."

Other members present were Mrs. McClain and Mrs. A. E. Murr.

ATTEND REUNION

Mr. and Mrs. C. E. Crow and son, James, Mrs. Robert Ragland and daughters, Margaret and Sue, and Mrs. Glenn Tom and son, George, attended the Kings reunion in Sweetwater last Sunday.

The Prohibitionist Party became a national party in 1872.

Mrs. Woodard Entertains With 42 Party

Mrs. Evelyn Woodard entertained with a 42 party in her home Friday night.

A salad course was served to Mr. and Mrs. B. F. White, Mr. and Mrs. Guy Eiland, Mr. and Mrs. Ray Simpson, Mr. and Mrs. Jim Tom, Mr. and Mrs. Harry Billington, Mrs. Jim Sale, and Mrs. Nobby Hamilton.
