

Site Inspected As Potential Source Of Power

BULLETIN
Close the gap between plan and project. That was the general instruction given by the North Central Texas Municipal Water Authority Tuesday night at a meeting in Munday concerning construction of Miller's Creek Dam.

Manager R. W. (Bob) Heron said the authority board passed two resolutions. One empowered Water Authority Attorney Tom Bullington to "proceed with whatever moves are necessary" to get the job done. The other directed L. B. Patterson, chairman of the water authority board to have engineering data prepared in support of an equitable price to ask potential users of power anticipated at the dam, the Brazos Valley Electrical Cooperative, in Waco.

Patterson and Heron were requested to report their findings as soon as possible to coordinate a rate to be presented for evaluation of the Brazos Valley people in Waco.

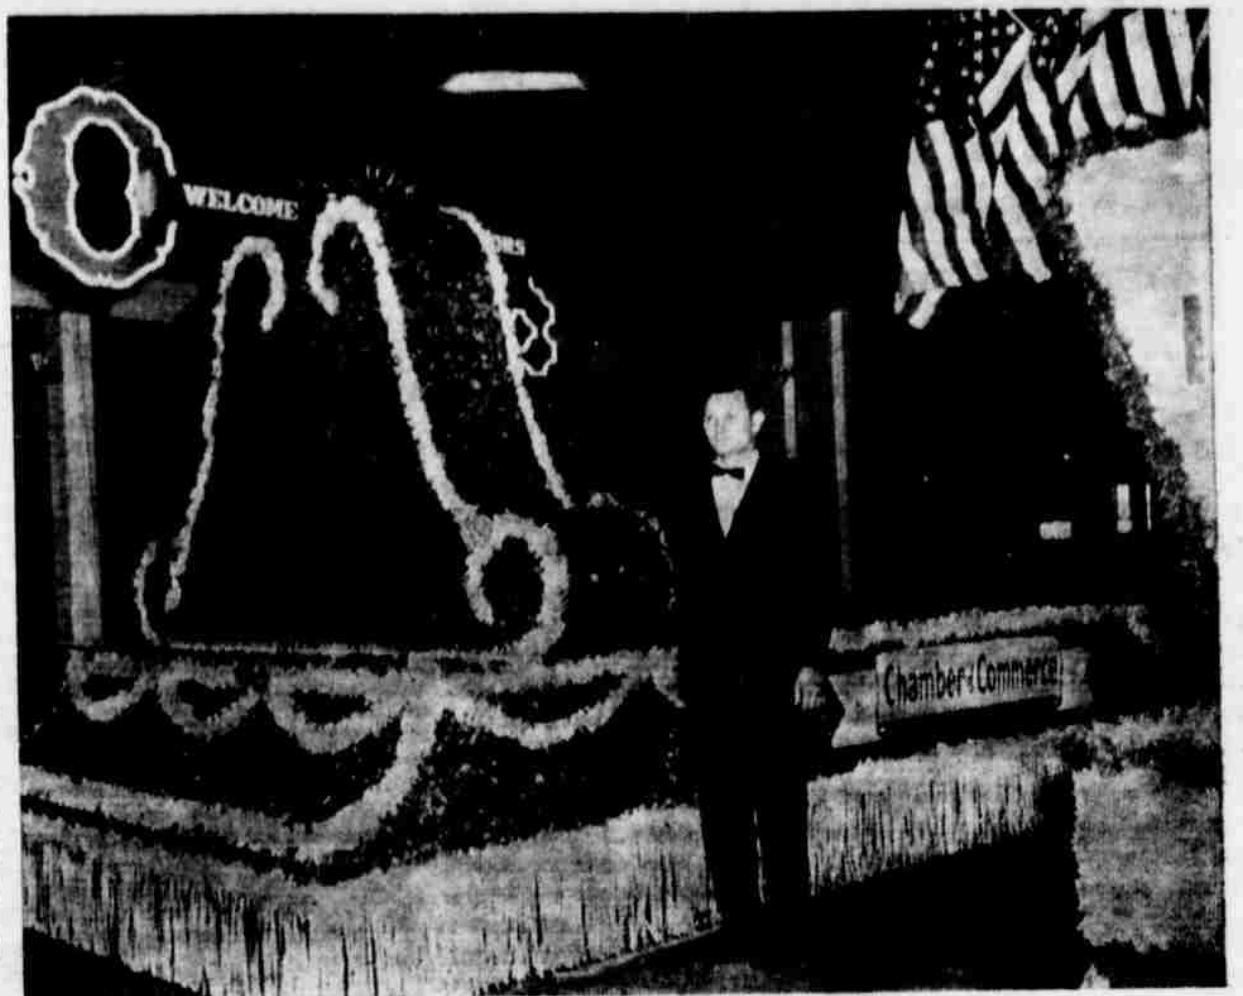

on location of the dam at Miller's Creek have been "studied with great interest," were Milton Sturdivant, engineer, and W. C. (Bill) Key, the co-operative's superintendent of power production.

L. B. Patterson, of Munday, president of the North Central Texas Municipal Authority, and R. W. Heron, of Haskell, member of the board, headed a delegation which met and escorted the Waco group on a meticulous inspection tour of the Miller's Creek area of the Portwood Ranch in Baylor County. Others in the party from this area were Morris Neal, Rule banker; Walter Coffman, Goree businessman; C. P. Baker, Munday rancher and farmer; Pete Beecher, of the water authority office in Munday; Aaron Edgar, publisher of the Munday Times; Porter Oakes, editor of the Haskell Free Press; and Tom Craddock, of Seymour, secretary-treasurer of the Brazos Valley compact of organizations.

The desire of the trio of executives "to see for themselves came out of a recent visit with them by Patterson and Neal in Waco during which feasibility reports prepared by Freese and Nichols, consulting engineers, of Fort Worth were presented, Heron reported.

Their intense interest in the Miller's Creek project, the visiting experts on sources of power said, stems from an immediate need for additional power in the Olney, Seymour, Throckmorton area. Dalton reported that the desire is urgent for a 60 mega-watt (60,000 kilowatts) recirculating water power unit "by June, 1966, and a similar one at the same place within a few years later," the exact year depending on the determination of power needs.

Key, Dalton and Sturdivant, individually, in unsolicited declarations, and as a group, agreed they were most impressed by the anticipated depth of the projected 25,000 acre foot lake. "What we are looking for is depth, and it would appear a lake here would have it," one of the visitors said at the time. (Continued on Page 5)

TWO HHS GRIDDERS MAKE ALL-DISTRICT; 10 MORE NOMINATED

Offensive and defensive all-district football teams in District 6-AA were selected by the coaches of the six school districts at a meeting last Wednesday night.

Haskell placed one man, Joe Josselot, on the offensive all-district team, and one man, Eddie Smart, on the defensive all-district team. A total of 10 HHS gridders, all nominated by coaches of rival schools in District 6-AA, received honorable mention for the all-district team, but lacked the number of votes to make the first eleven. This was the largest number of players nominated in the entire district's six teams. Several members of Coach Ray Overton's injury riddled team might have garnered more votes had they been able to play more.

On the offensive team, front-running Winters and runner-up Ballinger each placed three players, while Stamford and Hamlin had two each on the all-district eleven, and Haskell, which tied with Ballinger and Stamford for runner-up in the district, had one man on the team.

The defensive choices of District 6-AA coaches included three each from Winters and Stamford, two from Ballinger, and one each from Haskell, Hamlin and Anson.

Rev. Ellis Todd Heads Ministerial Alliance In 1964

Rev. Ellis A. Todd, prominent West Texas Methodist pastor, who served pastorates at Hale Center and Stanton before coming here last summer, was elected president of the Haskell Ministerial Alliance for 1964 at a breakfast meeting Tuesday of the members of the ministers' group in the Texas Cafe here.

Todd is pastor of the First Methodist Church here. Rogers Durham, pastor of the Haskell Christian Church, was named vice president, and Rev. Douglas Finch, pastor of the First Presbyterian Church, was chosen secretary-treasurer.

The ministerial alliance discussed at the session the possibility of conducting weekly worship services at the new Rice Springs Nursing Care Home for senior citizens here. The outgoing president, Rev. Finch, reported the ministerial group's accomplishments "during a very good year." Among them were the erection of a flagpole for the community's use at Haskell High School's Indian Stadium, procurement and distribution of Bibles to patients' rooms at Haskell County Hospital, guests' rooms at the Rice Springs Nursing Care Home, and at Haskell County Jail. Other projects were sponsoring of Union worship services on several occasions during the year, among them Thanksgiving, Easter, and a memorial service for the assassinated President of the United States, and the rotation of cooperative radio broadcasts of Sunday worship services for the convenience of the sick and shut-in.

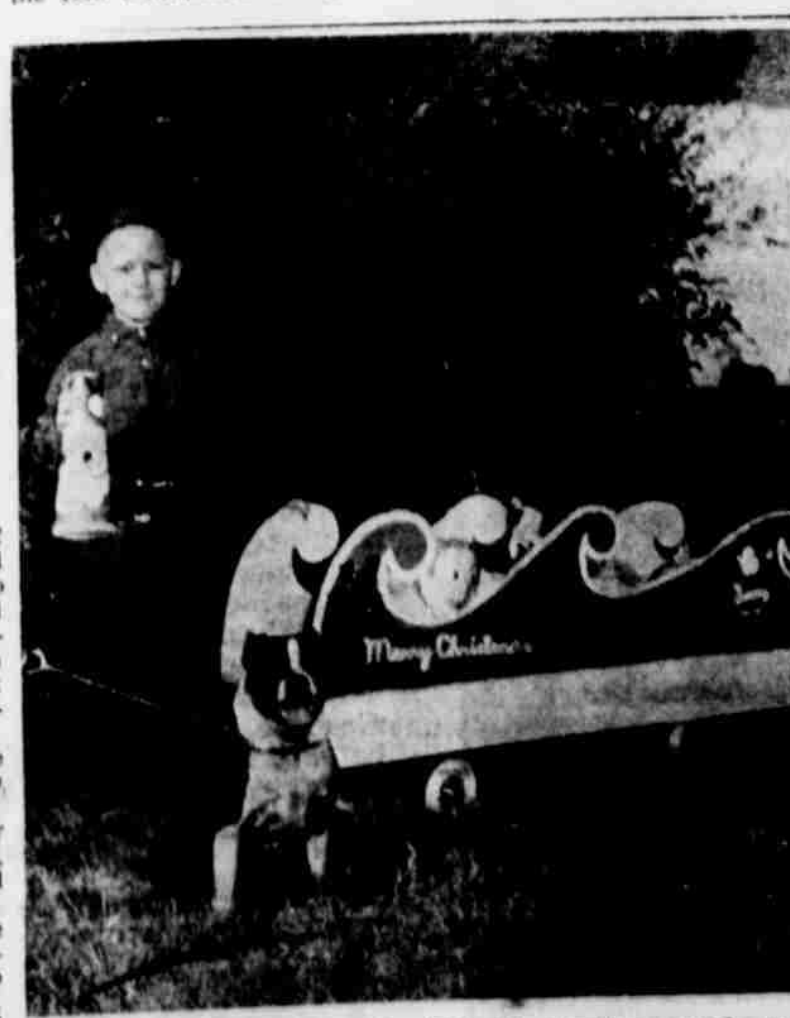

Five Boy Scouts Receive 'God & Country' Awards

Five Haskell Boy Scouts of Troop 36 here received "God and Country" Awards, next to Eagle rank, the most coveted honor in Scouting, at ceremonies during worship services on Sunday in the First Methodist Church, the sponsoring institution. They were Glenn and Eddie Smart, Paul Hebert, Jimmy Bynum and Steve Harper. Rev. Ellis A. Todd, pastor of the church, and Edd Smart, Troop 36 Scoutmaster, directed the award ceremonies. Scoutmaster Smart had the cherished privilege of presenting the outstanding awards to his own sons, Glenn and Eddie. Both have compiled records of achievement in athletic and other endeavors, as well as Scouting, as have the other three "God and Country" Award recipients.

Goodfellows Need To Have Hearts & Purses Open Wide

Unless tempo and number of folks around here now opening their hearts and pocketbooks to provide staples for their needy, less fortunate neighbors, measurably increases in the next 12 activity-packed days, this Christmas is going to be a thread-bare, empty-stomached one indeed for too many folks who deserve help in this area. Royce Adkins, chairman of the Lions Club's Goodfellows Fund, declared Wednesday.

"We all need to dig a little deeper and do a little more soul and heart searching to provide Christmas for those among us who need a lift at this time of year which should see no one go without the proper food and help," said Adkins. Goodfellows here had added \$125 during the past week to the \$105 contributed during the

MIDDLETON GIRLS BOUND FOR DYESS AFTER TOURNNEY WIN

J. F. Kennedy, 88, Pioneer Business Man Here, Dies

J. F. Kennedy, 88, a resident of Haskell for 54 years, who was one of West Texas' pioneer tourist court builders and operators, died in Haskell County Hospital at 9:45 p. m. Monday. He had been in the hospital for three weeks.

Funeral services for the longtime resident here, who also had farmed, operated a grocery business in Haskell, and an automobile and garage firm during an active life until his retirement seven years ago, were held at 2:30 p. m. Wednesday at the First Methodist Church here with the Rev. Ellis A. Todd, pastor, officiating. Burial was in Willow Cemetery beside his wife, who died in 1948. The body lay in state at the Holden Funeral Home until one hour before the funeral.

Contributors to the Goodfellows this week have been: David Jones, \$5; Jetty V. Clare, \$10; Mrs. Frank Spencer, \$20; Dr. J. G. Vaughter, \$10; Haskell I.O.O.F. Lodge, \$25; Mr. and Mrs. Charles M. Conner, \$25; Oscar Oates, \$5; Mr. and Mrs. H. T. Wilkinson, \$10; Dr. and Mrs. R. E. Colbert, \$10; and Mary Turner, \$5.

Kennedy built and operated the first tourist court, forerunner of the modern motels, in Haskell, Kennedy Courts, in 1928. He sold this property in 1962.

Born May 7, 1875, at Whitney in Hill County, the son of Mr. and Mrs. William L. Kennedy, he came to Haskell in 1909 and operated a grocery business for a short time before taking up farming. He returned to town in 1916 and was engaged in the automobile and garage business or about 12 years before building his tourist court.

Kennedy and Mary A. Lowe were married August 21, 1891, at Poolville, Texas. They had been married more than 56 years before her death on Feb. 3, 1948.

A member of the First Methodist Church here, Mr. Kennedy was also active in Masonic work, having been a member of the Blue Lodge, Chapter and Council and Knights Templar. He also was affiliated with the O.O.F.

Survivors include five daughters, Mrs. J. B. Hunt, of Denver City; Mrs. Hettie Williams, and Mrs. Roy A. Watson, of Wichita Falls; Mrs. Hugh Slagle, Lubbock; and Miss Myrtle Kennedy, of Haskell; one son, Earl Kennedy, of Denver City; two brothers, W. I. Kennedy, of Dallas, and F. N. Kennedy, of Pasadena, Texas; nine grandchildren; 18 great-grandchildren; and 11 great-great-grandchildren.

A son, James Franklin Kennedy, 88, died on January 19, 1963.

County And State Tax Collections At Record High

Collections by the Haskell County Tax Office during October and November were the highest for those two months in the memory of county officials here, Elizabeth Stewart, tax assessor-collector, reported Tuesday.

More than 87.64 per cent of the state and county taxes on the rolls in this county were in by November 30, Mrs. Stewart said, almost seven per cent higher than the 80.85 per cent record for the same time last year.

During October of this year, the collections got off to a sprinting start, running almost three percent ahead of the 1962 figures, or 78.95 per cent, as compared with 75.98 per cent.

Almost 300 fewer poll taxes have been sold this year to date than last. Only 966 poll taxes have been purchased, and one exemption recorded, while 632 were bought and two exemptions recorded during the same period in 1962.

Thirty-four Haskell County 4-H girls and boys received medals and Gold Star pins last Friday night at the annual Awards program in the Elementary School here. Mattson Girls' 4-H was cited for outstanding work and received a 4-H Certificate and Seal.

Featured speaker for the Haskell County event was Mr. Bernard Bue of Stamford. A native, he has an avid interest in West Texas history, especially that pertaining to early pioneers and Indians. Sherry Newton, of Weinert daughter of county commissioner Newton, was mistress of ceremonies.

Also appearing on the program was Ricky Perry of Paint Creek who gave the welcome. Mary Yates of Weinert and Philip Gaunt of Rochester led the group in repeating the Motto: Pledge and Prayer. A piano selection was given by Judy Therwanger of Weinert.

Directing the county event was Mrs. Mary Jo Leverett, County Home Demonstration Agent and Mr. Frank W. Martin, County Agricultural Agent. Paint Creek and Mattson clubs were in charge of arrangements and readied the Haskell Elementary Cafeteria on Friday afternoon. Haskell 5th grade club and 6th grade club girls made the decorations which featured a large green 4-leaf clover and 4-H in large letters. They were ornamented with white paper "carnations."

The five 4-H clubs from Rule were in charge of serving the refreshments which featured cookies and sandwiches brought by the members and pops and coffee furnished by the agents.

County Judge Jim Alvis presented the coveted Gold Star pins—highest of county awards and furnished by Texas A&M Extension Service. Recipients of the Gold Star Awards were Marsha Shaver of Rochester and David Smith of Mattson. Other award winners were as follows:

Achievement, Ford Motor Co.—Linda Brueggeman, Mattson; Jeannine Isbell, Paint Creek; Cecil Davis, Weinert; Olson LeFevre, Rochester.

Automotive, Firestone Co.—Bob Earles, Paint Creek; Phillip Gaunt, Rochester; David Ellis, O'Brien; Billy Hester, Rochester.

Beef, DuPont Co.—Kendra Boone, Judy Boone, Kay Newton Sherry Newton, all of Weinert.

Citizenship—Ricky Perry, of Paint Creek.

Clothing, Coats & Clark—Debra Campbell, Mattson; Diana Davis, Mattson; Jacquelyne Holmes, Rochester; Penny Helton, Rochester.

Dress Revue, Simplicity—Marsha Shaver, Rochester; Kathy Hager, Weinert.

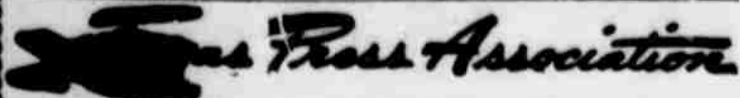

Electric, Westinghouse—Janice Moeller, Mattson; Susan Wise, Mattson; Keith Chapman, Mattson; Michael Summers, Sagerton.

Home Economics, Montgomery Ward—Phyllis Middlebrook, Paint Creek; Mary Yates, Weinert.

Leadership, Sears, Roebuck—Anita Kay Edwards, Weinert; (See Thirty-Four, Page 10)

What Are We Going To Do With A Now Famous Depot?

Haskell's historic, decrepit and archaic depot, according to plan and project, has been moved to a prominent spot in Rice Springs Park, where it reposes untouched and untended. We pray this is but a temporary, momentary situation, because not to follow through with our intention of restoration for the purpose of a museum and tourist attraction would be sheer folly.

Even in its present chaotic condition, the transplanted depot garaged where it has been relocated, has a certain engaging charm. It can be seen without craning one's neck from Highway 275, our main artery. Its imminent restoration, plus some sign-board acclaim at the approaches to Haskell, will be a crowd-stopper, because it has a most nostalgic appeal for old and young.

Not even the most calloused doubting Thomas can take issue with the potential worth of our salvaged depot, by any yardstick. The county-wide concerted move by our citizens, which was such a smashing success, to obtain the move of our memory-laden depot, thanks to the generous and understanding assistance of the Fort Worth and Denver Railway Company, drew national sympathetic attention and interest. Newspapers large and small commented editorially on the far-sighted, monumental move made by an alert citizenship to preserve a heritage fast departing the American scene—railroada.

We've got something here. When are we going to get about the unfinished business of completing the job? We entertained cherished desires of seeing a sizzling fire burning in the depot stove by "first frost." The fire which burned in the bosoms of so many around here to transfer the blaze to the depot stove seems to have flickered out.

Not after all the effort, energy and elbow grease expended on this project can we let pass the opportunity which lies fallow in this depot restoration.

The area, and the whole country, is STILL talking about our depot, and the determination of our citizens in preserving something precious for posterity. But 3 weeks ago, on November 10, the Sunday Washington (D. C.) STAR carried a story about our plans for making a museum of our depot. Our Chamber of Commerce President, Abe Turner, is in receipt of a letter from a former well-known Haskellite, Joe Tyson, enclosing the Washington Star dispatch, and noting that "Fame is indeed sweet when you can make the Washington Sunday STAR!" Joe, who is rapidly climbing Fame's ladder himself as a biological scientist in the space program, declares, "If you will tell me what kind of a museum you're to have, I'll try to help."

It is past time that we get on with that announced painting party and roof rains' to capitalize on that fame, which will put shekels in the jeans of us all, lest that fame, through procrastination, be translated into failure.

Oakescripts A Pencil Pusher's Potpourri By PORTER

There's a man (and his engaging family in Washington who has moved or soon will be moving, into the White House about the time this is being written who is bound to have this oft-repeated, purely Texan expression, loom up in a heavily burdened mind these days. The expression: "Meanwhile back at the ranch . . ."

Every time we feel that the cares of the day may be doing their "dagdumdest" to try to push our damper down a teeny, weeny bit, something nice happens to exhilarate us. This was the case the other day when a kind lady, now of Vernon, who lived and taught school here a number of years ago Mrs. Poteet, drove out of her way to stop in and say a kind word to us.

She conveyed a message from her kinsman, M/Sgt. Samuel Cabell Akin, non-commissioned officer in charge of the Information Section of the Fourth Air Reserve Region at Randolph AFB, with whom it has been our cherished privilege to serve in uniform. Sgt. Akin, a native of Naacogdoches, earlier this fall was tapped as the outstanding NCO in the Air Force in the Southwest, was made an Admiral in the Texas Navy by Gov. Connally, feted in Washington by the Air Force Association, and many other fine tributes—all of which were deserved.

We were not surprised. Sgt. Akin is a credit to and a sterling example of our superb military.

Mrs. Poteet, we understand, owns property in Haskell County. We hope she returns to see us, soon and often.

Elsewhere in this newspaper is a squib about some harness being for sale, and to inquire at the Free Press. That was 50 years ago. It's still here. Whip-Cracker Clare has us in it.

In the same 50-year-ago column, there's an ad about 50 "unbroken mules" being for sale and ready for service. Page Stanley Furrh! He'd feel right at home in that crowd. The "unbroken mule" description just fits! That would make "frity-one of a kind" . . . something like that.

There's a diminutive package of energy who goes by the name of Bobbye Fairies, operator of the Arrowhead Motel who performed a genuine service for her fellowman, thoughtfully and without solicitation, the night of the Hi-Way Drive-In Cafe's disastrous fire. It was a chilly, biting midnight into which some 25 of our volunteer fire boys went to battle an almost uncontrollable blaze.

Bobbye, who had closed down for the night, reopened her doors and the kitchen facilities of the Arrowhead to the cold, and hungry firemen, serving them coffee and staples until almost dawn and the last embers were out at a charred restaurant owned by her neighbor Sam Crume, to whom all hearts have gone out over his loss.

So, our favorite fedora is doffed to Mrs. Fairies, a true, good neighbor, and a mighty thoughtful citizen.

If you've been privileged to have been present at any of the platform appearances of a certain Presbyterian minister here, of recent vintage, you know at least one of the sources of the saying, "They

Haskell County History

30 YEARS AGO (December 14, 1933)

According to H. K. Henry the turkeys sold under the pool system by possibly half the farmers of the county for the Christmas market, brought nine and one half cents a pound. At least two cars of turkeys were sold in this manner, Henry reported.

During the month of November, the sum of \$40,839.10 in current delinquent taxes has been collected in Haskell County, according to Tax Collector Ed F. Fouts.

This compares with \$36,312.47 collected during the same period last year.

The young people's department of the First Methodist Church entertained the Haskell Indians football team with a turkey dinner Monday night in the basement of the church.

Mr. and Mrs. Claud Warren and son, Willard, and daughter, Louise, and Mrs. Elizabeth Martin and daughter, Miss Janie Lyle, spent Sunday in Sweetwater.

Mr. and Mrs. Henry Wilson of Breckenridge were here for Thanksgiving and spent the weekend with their parents, Mrs. H. S. Wilson and Mr. and Mrs. R. V. Robertson.

Sheriff W. T. Sarrels, Lonnie Preacher and George Proctor left Saturday for South Texas on a deer hunt. They were joined by other parties at Abilene.

don't put ivory knobs on anything but good furniture."

Seeing the individual letters spelling N-O-E-L in the Free Press window as a part of this newspaper's Christmas decorative scheme reminded a visitor to our office that his brother name of Leon, once rearranged a similar display to spell his own name. Nobody took cognizance of it and it remained "L-E-O-N" throughout the Season!

That most fetching foliage display which flanks the Bohn's Studio front is a refreshing sight, so "up town" that it is reminiscent of Fifth Avenue, New York, or Michigan Boulevard, Chicago.

And doesn't it provide a festive, Christmas appearance for downtown Avenue D in Haskell? While we are on the subject of Avenue D, not only do Elaine and Maurice Blohm deserve unlimited commendation, but their across-the-street neighbors deserve it too, for the face-lifting all along the line. Benny Bassing, Oscar Oates, Bud Lane, Herbert Ray, Doris Reeves, Royce Adkins, all have created an appealing atmosphere by putting up good fronts which are a credit to the community.

Christmas is coming, and we kinda, sorta feel maybe we are gettin' the right spirit a little earlier this year. That's good, because all our hearts, minds, and very souls are desperately in need of the soothing salve that the true meaning of Christmas, once felt, and retained, can bring, after the shocking tragedy through which we all have gone in this nation. It's good, real good, that we turn our thoughts to something that makes us feel all warm and glowy inside . . . thoughts of furs and fireplaces . . . and mistletoe . . . carols . . . and teapots that sing.

From some of the rumors we are trying to track down as of this minute about definite tracks of our Varmint we're prone to discredit the recent

terminated origin Thursday morning which destroyed two barns and their contents, a garage and a Willys-Knight automobile at the home of Dr. L. F. Taylor several blocks northwest of the Square.

A movement to name Haskell streets and number the houses was launched at the meeting of the Haskell Service Club this week. It is planned to get the project underway early in 1934 and an effort will be made to get free mail delivery when the program is completed.

NEW CHEVELLE!

BY CHEVROLET

The kind of go—6 or V8—you'd expect from one of Chevy's great high-performance. Come on down and see it.

The kind of comfort you'd expect in a large interior. Come on down and sit in it.

The kind of fresh styling—inside and out—that makes it the year's smartest surprise. Come down and stare at it.

Now—Chevy spirit in a new kind of car!

We built this one to do more than just stand around looking beautiful. Held its weight down in the 3,000-pound range. Then built four lusty engines—two sixes and two V8's—with output all the way up to 220 horses*!

And if that makes you think this is one frisky car, you've got the right idea.

You've also got a roomy car here. Yet its 115-inch wheelbase keeps it highly maneuverable in traffic and very easy to park.

With its Full Coil suspension, it's got a ride that reminds you of the Jet-smooth kind the

way it muffles noise and cushions bumps.

And the fine hand of Body by Fisher craftsmen up beneath this one's suave good looks, too.

Sound good? There's more. Like the fact that Chevy comes in three series with eleven models—convertible sport coupes, sedans, wagons, even Super Sport with front bucket seats. Like the fact that this isn't one of the nicest surprises of a new Chevelle comes at an easy-to-take price.

93-Year-Old Paces Killingsworth Clan At Family Reunion At Brownwood

Members of the Killingsworth family from Alabama, California, and North Carolina, and from nine Texas points, including a 93-year-old whose vigor and endurance were the envy of younger members, converged on this area recently for family visitations and an annual reunion, held at Lake Brownwood.

who came a thousand miles, was J. D. Graves, of Birmingham, Alabama, who came with his two daughters, Mrs. Sarah Johnson and Mrs. Margaret Harris. Charles Killingsworth drove from California on his annual trek. Another long-distance commuter to the reunion was Karen Killingsworth Cagel, who came from North Carolina. Her parents, also present, are Mr. and Mrs. Killingsworth, of Houston.

Progressive Study Club Prepares Gifts For Wichita Falls, Abilene Hospitals

The Community Room of the Haskell National Bank took on a traditional Thanksgiving atmosphere when the Progressive Study Club met recently for a program on "Education."

The program for the evening was presented by Mrs. Terry M. Diggs, along with ten Girl Scouts representing the different troops in Haskell. The cadet Scouts participating in the flag ceremony were: Pam Harris, Dara Stephens, Cathy Harris and Yvonne LeFevre.

The prayer was led by Brownie, Pam Klose. Junior Girl Scout, Karen Pippin told why the Girl Scouts gave "Dimes for Daisey." Following this, Terry Kay Diggs, Sue Wilkinson, Patti Jewel and Anita Thiipen gave a book review on the life of Juliet Gordon Lowe, founder of Girl Scouting in America. The girls closed with the singing of taps.

In order to show the true spirit of thankfulness the club members brought gifts to be sent to the Abilene State School and the Wichita State Hospital. During the social hour the hostesses, Mmes. Wayne Wainwright, Bob Lowrance, Abe Turner and Glen Sammons served refreshments to club members

and guests. Mrs. Diggs, Mrs. Jack Pippin, Mrs. Harold Jewel, Mrs. Wilbert Klose, Mrs. C. T. Jones, Mrs. Alfred Allen and Susan Wainwright.

Husbands To Be Guests of Weinert Matrons At Party In Community Center

Weinert Matrons Club met Thursday in the home of Mrs. W. C. Winchester for a regular meeting. Mrs. J. W. Liles directed a program on Bible. The theme was, "We have seen His Star in the East and are come to worship Him." Mrs. P. F. Weinert led the club in the opening prayer. Christmas in story and song was told by members, with Mrs. R. C. Liles, as pianist. Mrs. Henry Vojkufka read the Christmas story in the scriptures.

Refreshments of fruit cake with whipped cream, coffee and tea were served from a table with an elaborately decorated Christmas cloth of white nylon

net over white cotton. Centerpiece was an arrangement of Christmas greenery, holly with berries, pine cones and red Christmas balls of glass. White milk glass candelabra was in the midst.

Nine members attended. The next meeting will be the annual Christmas dinner party at the Community Center, on Dec. 12. Club members' husbands will be guests.

Members present for the Thursday meeting were: Mmes. Fred Monke, P. F. Weinert, J. W. Liles, R. J. Rainey, R. C. Liles, Henry Vojkufka, R. W. Raynes, M. W. Plemister and the hostess, Mrs. Winchester.

Weinert Future Homemakers Reported Actively Prosecuting Program of Work

The Weinert Chapter of FHA recently held two meetings concerning the National Program of Work. The objective "Discovering Myself and my Worth to Others" was carried out.

The first meeting, attended by high school students and some parents as guests, featured guest speakers, Mr. Douglas Myers, discussing "Individuals can improve personal, family, and community living"; and Mrs. Sue Yearly, discussing "You and your values." After the meeting, refreshments were served by Wenni Jones and Sherry Newton. The program was under the direction of Dorothy Raynes, first vice-president, and was assisted by Linda Davis and Sharon Dutton.

After the program a questionnaire was given to all the student body concerning the values placed on subjects of everyday interest to a teen-age group. This questionnaire was compiled by Sandra Dutton as part of the interest she has in the national FHA objectives. This sheet was compiled and organized and the entire High School Student Body again met for a panel discussion concerning the values held by the

group. The program was under direction of Dorothy Raynes, with Linda Davis, president, presiding. Mr. Myers served as the moderator of the panel, which was composed of the following members:

Dean Moore, local minister; Sam Adams, teacher; Mrs. Yearly, teacher; Mrs. Dutton, parent; Mrs. White, chapter mother; Linda Davis, Shirley Sanders, Bill Jetton, Johnny Cunningham, students.

The group was served refreshments by FHA members Sherry Newton, Wenni Jones, Linda Davis, Sandra Dutton, Dorothy Delores Raynes, Sue White, Grenetta Stout and Pat Alexander. Cookies for the occasion were made by Ruby Freeby, Ruby Rainey, Kay Newton, Anita Edwards, Sandra Mathison, Patsy Miller, Evelyn Mayfield and Judy Boone.

Grenetta Stout, Sandra Dutton and Linda Davis entered the "Make It Yourself With Wool" contest this year, held just before Thanksgiving in Rochester. Grenetta modeled a yellow coat, accented with a raccoon collar; Linda and Sandra modeled suits made from the same style pattern. Sandra chose beige and Linda red.

Mary Jane Brown Fund Has Seven New Donors

Contributions to the Mary Jane Brown Fund to help a deserving Haskell lady stricken down with lateral sclerosis increased this week in the light of the announced growing need for medicines and increased therapy for her. Abe Turner, cashier of the Haskell National Bank and custodian of the fund, reported.

Making contributions during the week were Mr. and Mrs. Fred Brown, \$50; R. K. Lusk, \$5; Anonymous, \$5; Sheriff Garth Garrett, \$5; Mr. and Mrs. Charlie Conner, \$10; Ollie McGary, \$4.40; and Mrs. C. L. Ashley, \$5.

Mary Jane is reported "holding her own", with some improvement noticed at times and her appreciation for the tangible help given her "goes beyond expression," it was reported.

Santa Claus Has A ZIP Code No. Too, All His Own

The Post Office Department is getting together with Santa Claus this year to make sure that children who write to the best-known citizen up there, Postmaster Harold Spain has announced.

"Part of the Post Office efforts to encourage a wider use of ZIP coded addresses assures children that they will receive a message from Santa Claus if they write to him by Dec. 15 at "North Pole 99701" and use their own ZIP Codes in their return addresses," Mr. Spain explained.

The enlistment of Mr. ZIP as Santa Claus' newest helper became a familiar fact to children everywhere on Thanksgiving Day when TV network viewers saw the familiar cartoon character in the tradition of Macy's Christmas parade in New York City, Postmaster Spain pointed out.

Santa's reply to the children's notes, to be delivered free of any additional charge through the courtesy of the Postal Service, will be a gaily-decorated card with an appropriate reply to please the children, the local postal head noted. All that is required is the child's note to Santa with regular 5-cent first class postage on the envelope, together with the ZIP-coded address and return address.

P. S.: Haskell's ZIP Code number is 79521.

Rotarians Here Host Hamlin In Inter-Club Meet

Hamlin Rotarians made a mass pilgrimage to Haskell on last Thursday to be the guests of the Rotary Club of Haskell in an inter-club meeting in the banquet room of the Texas Cafe at a noon luncheon.

The visitation en masse by the Hamlin Club was a reciprocal one in keeping with a plan recently inaugurated throughout Rotary International, nation-to-nation, district-to-district, club-to-club, and Rotarian-to-Rotarian, in order that better understanding may be realized around the world.

Dr. J. Harold Farmer, of Denton, governor of Rotary District 579 comprising 41 Rotary Clubs in the Northwest-North Central Texas area, recently inaugurated the plan in this area.

The Haskell and Hamlin clubs have been the first to put in into operation. These two clubs have joined hands and interest to contact a contemporary Rotary Club in a community of similar size, Zacapa, Mexico, west of Mexico City, with which it will exchange correspondence and even personal visits during the 1963-64 Rotary year, ending next June 30.

Ira Hester, president of Haskell Rotary, directed members of like businesses here and in Hamlin to eat together and become acquainted at the Thursday luncheon here.

Speaker for the event was Rev. Douglas Finch, president of the Haskell Ministerial Alliance, who addressed the two clubs on "The Meaning of a Covenant Nation."

Mrs. Opal Rose Purchases Hunt Tax Service

Mrs. Opal Rose has announced the purchase of the income tax service formerly belonging to Courtney Hunt and is continuing to operate the service at 311 North First where the business has been located for the past several years.

Mrs. Rose has been employed by Mr. Hunt for the past 21 years in this department and needs no introduction to the people she serves. She states the business will continue to be operated along the same business policies as in the past.

Rites Held For Six Months Old Gutierrez Infant

Funeral services were held at 2:00 p. m. last Thursday for Louise Gutierrez at St. George Catholic Church here, with the Rev. Fr. R. H. Nuytten, officiating.

She was the six months old infant daughter of Mr. and Mrs. Joe Gutierrez, of Haskell. She was born May 23, 1963, at Brownfield, Texas and died at Hendrick Memorial Hospital in Abilene.

Survivors besides the parents include one sister, Mary Jane Gutierrez and one brother, Joe Angel Gutierrez.

Interment was in Willow Cemetery, under direction of Holden Funeral Home.

\$34,000 Insurance Partially Covered Hi-Way Cafe Loss

Adjustors surveying the shell that remained of the Hi-Way Drive-In Cafe here after a flash fire early last Wednesday declared the property "a total loss" and assessed damage at \$40,000 late Wednesday. Sam Crume, the owner, reported.

The proprietor of the cafe here, which has been one of the principal assembly points in this area for civic groups and service organizations, said his loss "is three-fourths covered by insurance," then pinpointed the insurance coverage at \$34,000.

Crume declared his first move would have to be a complete inventory of all stock and fixtures for insurance purposes before he undertakes the job of "putting the place back."

Several service clubs, principally the Lions Club lost paraphernalia in the fire. The Lions were said to have had a piano destroyed as well as a supply of organizational literature and song books.

The blaze apparently started in a double transformer at the northeast corner of the building which services neon lights across the front of the cafe and a large neon sign near the highway, officials reported.

The fire was reported at 12:15 a. m. last Wednesday by Mrs. Claude Warren, a nearby resident, after a motorist from Oklahoma stopped to report seeing flames licking out of the corner of the cafe.

The home of the cafe's owner, Sam Crume, directly west of the cafe, was saved by firemen, who battled for more than an hour in an unsuccessful effort to save a private dining room at the west end of the building.

Haskell Fire Chief Tom Watson and Fire Department Supervisor Floyd Lusk said the blaze was out of control when firemen arrived and that there was no possibility of halting its spread to the entire structure.

The fire was the second major cafe blaze in Haskell County in four days. On Friday night Nov. 29, the Bluebonnet Cafe in Rule, 10 miles west of Haskell, was destroyed by fire, and two adjoining buildings received some smoke and water damage.

Crume said last Wednesday he hopes to rebuild the cafe as soon as possible, although the loss was only partially covered by insurance. His plans, however, are contingent on the health of his wife and his own health. Both Mr. and Mrs. Crume have been besieged by illness in recent weeks.

Have Trash Hauled Instead of Burning It—Fire Dept.

That hazardous time of year when people have begun burning trash, leaves, and refuse in barrels without taking necessary precautions has arrived, according to Fire Department Supervisor Floyd Lusk.

Lusk appeals to the citizens, in order not to create fire hazards, to arrange to have trash hauled off or have a mighty handy water line close by in the event trash is burned in barrels on their premises.

High winds whipping around burning barrels can spread a blaze and cause destruction before careless trash burners realize it, according to the sad experience of firemen here who were besieged by a rash of such fires about this time last year.

Brother Of Mrs. Montgomery Dies In New Mexico

Bryant Perry Davis, 65, of Albuquerque, N. M., brother of Mrs. Miller Montgomery of the tax assessor-collector's office in Haskell, died suddenly of a heart attack in Cortez, Colorado, Tuesday, Dec. 3, it has been learned here.

Mrs. Montgomery and her son, Frank, of El Paso, attended the funeral of Mr. Davis in Albuquerque, where he had resided 24 years. He was an employee of Rust Tractor Company. He was a native of Sterling City, Texas.

Survivors include the wife, Mrs. Edna Mae Davis, of the home; a son, Bryant Perry Davis, Jr., with the USAF in Germany; three daughters, Mrs. Freda Tanner, Monterey Park, Calif.; Mrs. Margie Koski, of Albuquerque; and Mrs. Lolana Jones, Santa Fe, N. M.; the sister, Mrs. Montgomery of Haskell; five granddaughters, three grandsons and two great-grandsons.

Dam Site---

(Continued from Page 1)

The normal anticipated depth at this site of a lake when full is 33 feet, with a waco of 55 feet in depth, the Waco group was advised. This compares to the normal 13-foot depth at Lake Stamford south of here, the projected normal depth of the new lake being 20 feet deeper, the water authority representatives pointed out.

Dalton told his hosts that he was returning for an immediate full conference with his organization's engineering consultants, and expected to "check the geophysics, make our own surveys and confer, too, of course, with the Texas Water Commission."

The group here is to make its report on the talks Friday to the full board of the North Central Texas Municipal Water Authority at a meeting at 7:30 p. m. Tuesday in Munday.

Before taking leave, the two groups agreed to "meet again in January."

Superintendent of Production Key, who commented that the "situation looks good" concerning the potential purchase of water by the Brazos Valley Cooperative for the purpose of converting it into power, explained that sources of fuel for a power plant at the Miller's Creek location would be a principal item for close scrutiny.

Herren pointed out that the water authority, should the Brazos Valley group join in the use of the lake, would realize an approximate \$30,000 a year from the purchase of 33 to 50 acre feet of water per year. This would be a "healthy" customer, by any yardstick it was pointed out, going a long way toward securing the financial footing of the Miller's Creek venture, as the City of Stamford has found in a similar contractual alignment with West Texas Utilities in use of Lake Stamford water at its Paint Creek Power Plant south-east of here.

Water Authority President Patterson, in a luncheon speech to the assembled two groups in Seymour, described the long controversy in which the authority has been embroiled with the City of Haskell, then de-

All-District Band Has 8 Picks From HHS, Rochester

Five members of the Haskell High School Indian Band and three in the Rochester High School Band were selected for cherished places in the 111-piece all-district band chosen in auditions held last Saturday during the annual meeting of the Northwest District, Region II, of the Texas Music Educators Association in Anson.

Haskell band members chosen included Ken Barnett and Judy Anderson, cornet; Randy Wiseman trumpet; Robert Speer, french horn; and Dennis Rueffer, baritone. Those who made the all-district band from Rochester were Carolyn Rose, clarinet; Alana Williams, alto clarinet; and Marsha Shaver, tenor sax.

Following their selections, the all-district band presented a public concert Saturday night in the Anson Elementary School Gymnasium.

The bands, ranging from Class B to AAA gathered for the meet from the schools of Anson, Aspermont, Bronte, Colorado City, Gail, Haskell, Hamlin, Jess Ned Loraine, Rocky, Haskell, Rochester, Rotan, Roscoe, Snyder, Stamford, Sweetwater and Trent.

Tryouts and rehearsals during the day-long audition began at 8:30 a. m. Dr. Neill Humfield, director of bands and head of the instrumental department of East Texas State College, Commerce, was clinician.

The all-district musical organization, in the public concert, played a program of seven numbers, including a wide variety of musical moods.

GOLDBLOCKS ROUTINE STAGED HERE IN RASH OF CAR THEFTS

A seven-hour, six-car stealing spree which set off a hunt by law enforcement officers in a half dozen West Texas counties, ended at Wellington in Collingsworth County, at 4:00 p. m. Sunday with the arrest of a 14-year-old youth, who staged a "Goldilocks and Three Bears" routine before his making his choice of an automobile to steal here.

According to information received by Haskell County Sheriff Garth Garrett, the youth was ordered sent from Wichita Falls to the Gatesville Boys School only last Friday for car theft, but managed to escape somehow Saturday.

The "Goldilocks" sequence began this way: A car with an empty shotgun in it was stolen in Seymour at 9 a. m. Sunday, and driven to Haskell, and abandoned in front of the home of Dr. Frank C. Scott, across the street from two churches, and within two blocks of two other houses of worship here.

First, the car of Howard Perry was taken from in front of the First Presbyterian church. Presumably, it was too low on gas. Next, the car of Desmond Dulaney at the Christian Church was taken. It was too cold-natured, and hard to start, according to the conjecture of the owner. Then, the auto of Loid Renfro was removed from its parking place at the First Baptist Church here. It was "just right." All this happened during the Sunday School hour in Haskell.

Taking off in the "just right" transportation, the car thief headed 10 miles west to Rule. For some reason, he left Renfro's car there and took still another car from in front of another church.

He left both the Perry and Dulaney automobiles parked side by side a block and a half from where he took one, three blocks from the spot he removed the other, on North Second Street in Haskell. The empty shotgun taken in Seymour was crew with 15.

Haskell's boys took the B game, 29-28.

Carolyn Fischer led the Haskell girls with 15 points in their 39-15 victory. Candy Cornelius made eight for the losers.

Local Cage Teams Beat Throck Thrice

James Davis made 18 points as the Haskell Indians defeated the Throckmorton Greyhounds, 63-46, Tuesday night in basketball play.

Connis Daws led the home crew with 15.

Haskell's boys took the B game, 29-28.

Carolyn Fischer led the Haskell girls with 15 points in their 39-15 victory. Candy Cornelius made eight for the losers.

Sagerton News

BY MRS. DELBERT LEFEVRE

The Zion Lutheran Congregation invites the people of the community to attend the Christmas concert to be presented by the combined choirs of the Sagerton and Albany Lutheran Churches on Sunday night, Dec. 15, at 8:00 p. m.

Dr. Gertrude Robinson
Chiropractic Clinic
508 N. Ave. E
Haskell, Texas
Hours: 8 to 12-1 to 5
Closed Every Saturday

The program will consist of Christmas chorales by the choir and congregational singing. The same program is to be presented at Trinity Lutheran Church in Albany on Saturday night, Dec. 14.

At a recent voters meeting of the Zion Lutheran Church the following officers were elected for 1964:

President, Carl Druesedow; Vice-President, E. H. Diers; Treasurer, F. A. Stegemoeller; Secretary, Leon Stegemoeller; Sunday School Superintendent, E. H. Diers; Asst. Sunday School Supt., Mrs. Joe Clark; Elders, J. A. Hertel, C. E.

Stegemoeller, Martin Fallstead; Ushers, Joe Clark, Melvin Baitz, Ray Clark, Stanley Diers.

The Sunday School children's program at the Sagerton Methodist Church will be presented on Monday night, Dec. 23. The Sunday School will have the Christmas Eve service at the Zion Lutheran Church at 6:00 p. m. St. Paul's Lutheran will have their children's program Christmas Eve at 6:30 p. m.

The home of Mrs. August Balzer was the scene of a "Pink and Blue" shower in honor of Mrs. Jerry Manske Friday afternoon, Dec. 6.

Hostesses were Mrs. Balzer and Mrs. Will Stegemoeller. They were assisted by Mrs. Lee Cornelius, Mrs. F. A. Ulmer, Mrs. E. J. Nienast.

The Sagerton School Board entertained the directors of the Sagerton Water Corporation at the Cliff House in Stamford on Monday night, to show their appreciation for getting the water to Sagerton from Stamford. The directors are: J. C. Spitzer, Charles Clark, Joe Ray Baitz, Fred Kupat, A. C. Knippling and Rev. Scheffel, advisor.

Colonel Donohoo Awarded Medal At Retirement

Mr. and Mrs. John Mergner of Seattle, Washington, were guests of Mr. and Mrs. Oscar Manske last week. They had not seen one another in 37 years.

The water line from Stamford is coming right along and is expected to be completed by Christmas, weather permitting, according to Mr. Gillespie, the contractor.

Mr. and Mrs. F. A. Ulmer went to Lubbock Saturday for their daughter, Jany's presentation for Gamma Phi Beta Sorority. She attends Texas Tech. The Ulmers were accompanied by Mr. and Mrs. Melvin New who visited with Mr. and Mrs. Jimmy New.

The Luther Leaguers from Trinity Lutheran in Haskell, Christ Lutheran in Stamford and St. Paul's of Sagerton, will have their Christmas party next Sunday evening at 6:00 p. m.

Dr. Charles Foote Native of Haskell Dies In Illinois

Charles Lee Foote, 51, a native of Haskell and zoology professor at Southern Illinois University, died at 4:40 a. m. on November 27, in Doctors' Hospital at Carbondale, Illinois, according to word just received here.

Professor Foote had been on indefinite sick leave from Southern Illinois University since December, 1962.

Funeral services were held at Huffman's Funeral Home in Carbondale with burial in Pleasant Grove Memorial Cemetery. The Rev. C. E. F. Howe, pastor of the Carbondale Presbyterian Church of which Professor Foote was a member, officiated.

The Haskell native went to Southern Illinois University in 1947, and was made a full professor ten years later. He was born October 5, 1912, in Haskell. In 1934 he received his bachelor's degree from North Texas State College, Denton, and in 1936 his master's degree from Texas A&M. He obtained his doctorate from the State University of Iowa in 1940.

Dr. Foote studied in Europe in 1955, 1958, and 1960-61. He was one of 40 scientists invited to a symposium of comparative endocrinology which will be held in Paris, France, next July.

He is survived by his wife, Florence Martindale Foote, associate professor of physiology at SIU; his mother Mrs. H. C. Foote, East Vaughn, N. M.; and two sisters, Mrs. Wayne McMeans, Aspermont, and Mrs. Herman McArthur, Winslow, Arizona.

total of 208 combat hours in World War II.

Since the end of World War II, he has served at Air Force bases in New York, Georgia, and Texas, and had one tour of duty in Korea.

Col. Donohoo and his wife plan to operate a fishing concession at Lake Sweetwater. Mrs. Donohoo is the former Jane Hickey, daughter of Rev. and Mrs. Scott W. Hickey, of Abilene.

✓ 1963 Box Score:
FORD'S TOTAL PERFORMANCE TOUGHNESS DOMINATES THE COMPETITION WORLD!

Ford has chosen the most rugged testing program cars have ever faced... full-scale open competition on the rally and racing circuits of the world. This is the dramatic way to show that Fords have changed... and the sure way to be certain they keep on changing. Changed? Just look at the record:

<p>STOCK CAR RACING: 2-to-1 margin for Ford Ford is king of NASCAR competition and Ford Motor Company has the NASCAR Achievement Award to prove it. In the '63 season, special Ford entries won every single race of 500 miles or longer, scored nearly twice as many points as any other make. 500-mile races are the ultimate test of inherent durability and dependability. In two other major stock car racing associations (MCA and M&RC, Ford drivers have wrapped up the 1963 championships.</p>	<p>SPORTS CAR ROAD RACING: Ford V-8 power is the new king Here the Cobra with its special Fairlane engine emerged as the overwhelming leader in one short year. Cobra won the coveted Manufacturer's Trophy in SCCA Class A Production competition by so wide a margin no other cars—U.S. or foreign—were even in sight. And in the two major tests this fall, the Laguna Seca and Riverside races, the new King Cobras dusted off the top "unlimited" cars from all over the world.</p>	<p>RALLY COMPETITION: Manufacturer's Championship Products of Ford Motor Company and its world-wide affiliates won the 1963 Manufacturer's World Rally Championship. Ford's rally year began when two specially equipped Falcon V-8's startled the automotive world in the brutal 2500-mile Monte Carlo Rallye. Other special Falcon V-8's triumphed in Holland's famed Tulip Rally, and ran away with the Manufacturer's Team Prize in the 4000-mile Trans-Canada Rally.</p>	<p>INDIANAPOLIS: Ford ends an era Advanced Ford engineering smashed precedent in the classic Indianapolis "500". The first time out, a light alloy version of the Fairlane V-8 design in a Lotus chassis finished second. And the next time, in the Milwaukee "200" it ended the reign of the traditional "indy" racing car by leading every foot of the way from start to finish.</p>	<p>PERFORMANCE & New laurels for The Mobil Econ underscored Falcon long reputation for Falcon scored first (medium engine) And the Pure Oil Pe Trials brought out big Fords, which with overall wins and 11 for total pe (economy, acceleration, braking).</p>
----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

✓ 1964 Result:
TOTAL PERFORMANCE INSPIRES THE TOUGHEST SMARTEST CARS FORD EVER BUILT!

Fords have changed—and that's the real reason behind Ford's racing successes. We're now making the longest lasting, best handling cars in our history. The things we've learned from the specially equipped cars we enter in open competition have helped make them that way.

The inherent qualities that make the victorious racing car—road-holding, braking, durability, precision control, resistance to vibration—also make a car safer, stronger, and smoother for highway use.

But prove it to yourself. Take the wheel of any new Ford. Five minutes on the road will show you the kind of total performance no one else can match.

YESTERDAY'S INSURANCE

... may have protected yesterday's home, but it won't do the job today. Here's why:

- Building costs continue to rise, boosting the cost of home repairs or replacement.
- Additions and improvements may have further increased your home's value.
- Property insurance has been constantly improving. Broader coverages are being offered at "package discounts."

So don't rely on yesterday's insurance to guard today's home and furnishings. See or call us today for an insurance check-up, without cost or obligation.

The Good Earth

The blowing wind and pelting rain brings new life to the growing grain.

by MRS. B. F. COBB

The name Geranium derives from the word "geranos" meaning Crane, and alludes to the seed pods that resembles the beaks of these birds. The plants are easily grown with minimum care. Sunlight, proper soil and temperature all play an important part in their growth. When grown indoors, Geraniums require a rather rich soil. The temperature should not be allowed to drop below 55 degrees. An east exposure with some sunlight is essential for the plants to bloom.

Plants brought indoors from the yard should be pruned back severely to give the roots rest, while becoming established. Cuttings from the slips cut off the old stock will root easily. Let them dry for a few hours before placing them in the pot of sand. Use a rooting medium on the tips of the stem inserted in the sand, to promote quick growth of roots.

In planting Geraniums outdoors, never add fertilizer to the soil. Too rich dirt causes a rank growth and no blossoms. They also require lots of sunshine to bloom.

Plants that were pulled from the garden and hung in the cellar, can be started next spring by placing them back in the soil, watering well once and left alone for a week until the plant has used up nearly all moisture, then water as usual. Tiny leaves will soon appear.

If blossoms are wanted for this winter, it is best to buy new plants, as it is natural for all vegetation to take a resting period. Flowers that have bloomed all summer seldom bloom well through the winter, but will give a good display again next summer.

Prattle

By AL HINDS

If you itch all over, it's probably your mother - in - law's fault, or maybe that aunt who came to dinner six years ago and is still around, that's what a doctor in Chicago claims. That localized itching or burning may also be caused by improper adjustment to one's job, to deep-seated and unremembered conflicts in early life. So, the next time Prattler gets that "itchy" feeling I'll just go punch Uncle Sludge in the nose, then he'll probably up and punch me on the back, consequently with a battered nose, I'll probably forget about that "itchy" sensation.

A phrase used by bankers when a check is misplaced is that the statement is "sick." From looking at my bank statement, I think it was more than "sick," I think the darn thing had convulsions.

Speaking of various terms used in various business, let's take the printing industry: A "devil" is a youngster learning the trade, in other words, an apprentice; a "bastard" is an uneven measure, slug or lead; and the "hell box" is a box where uneven slugs - odd size type, etc., is placed. So you see when the printer says, "Come here, you little 'devil', and take these 'bastards' to the 'hell box,' he isn't cussin' - It's just plumb good English as far as the printer is concerned.

POESIES to the Haskell Volunteer Fire Department. To this organization should go much praise and fine work for the very efficient work it is doing. The volunteer firemen draw no pay, are subject to call day or night, rain, or shine, sleet or snow and render a mighty fine service to the community. So the next time you see a fireman, why not give him a pat on the back and express to him words of thanks for a job well done. Hats off to all members of the Haskell Fire Department.

While this scribe is passing out a few posties, I would like to add the Jaycee organization. Jaycees, made up of men from the ages of 21-35, of course, have the "cream of the crop" of the town in so far as material to work with - as men in that age bracket have a little more get-up-and-go.

Purpose of the organization - which by the way is worldwide, is the improvement of the communities in which units are located and personal development of its members; both objectives being accomplished through a wide variety of project activities. So congratulations, Haskell Jaycees and to all Junior Chambers of Commerce organizations all over the world for your very fine contributions to the betterment of communities.

Not long ago I noticed a couple in a public gathering and between the husband and wife, there sat their only child,

Let Her Winterproof the Porch with FLEX-O-GLASS This Year

Any little lady can enclose a porch or breezeway with Warp's FLEX-O-GLASS. It's so easy! Just cut with shears and tack over screens. Makes a warm, sunlit room, flooded with healthful Ultraviolet rays, where the children can play all winter long - or use as an extra storage room. Genuine, crystal-clear FLEX-O-GLASS lasts for years at a fraction of the cost of glass. Only 87¢ a sq. yd. at your local hardware or lumber dealer.

now almost grown. I wondered at the time if this young person fully realized all the importance of his relationship to the older people who had carried life's burdens for all three up to that time? For the older couple, life is almost a thing of the past. Except for a brief interest in a few remaining years, all that life still held for them was wrapped up in and centered around the activity and future of their child. Yet, as we all know, these parents, and others like them, are powerless to affect the child's destiny very much. Unless character had been builded in earlier youth, no amount of love and interest can inject it now. The child had grown out of the parental range for all time. The moral of this, if any, is two-fold. Parents whose children are young should not neglect the training of their boys and girls. It is a task which cannot be delegated to others entirely. And, children, as they enter into life on their own responsibilities, should not overlook their power to wreck and make miserable the closing lives of their parents.

Dear Satan:
"Just a word with you, please. You'll know what I'm talking about. When I asked them to come to church they said, 'Well, Preacher, I . . . uh . . . When I asked them to come to official board meeting they said, 'Well, Preacher, uh . . . When I asked them to attend choir rehearsal they said, 'Well, Preacher, I . . . uh . . . When I asked them to do this or that urgently needed task, they said, 'Well, Preacher, 'Well, they're yours, big boy I . . . uh, am just one guy and you have so many helpers, and have convinced so many folks that they're so busy that I'll just have to turn it over to you while I go do something else where it is needed and folks are devoted enough to work pray, pay, love and serve when it is needed."
Well, good bye Satan, I'll furnish you a list if you need it.
Reluctantly,
The Preacher."

Prattler's Prophecy: In pre-game predictions for last week-end games, I batted 500. This winds up season play in the Southwest Conference, with exception of bowl games.
The Southwest Conference should feel justly proud as it placed three teams in Bowl games - Texas vs. Navy, Cotton Bowl; Baylor vs. L.S.U., Bluebonnet, and SMU vs. Oregon in the Sun Bowl.

It's a little early for predictions in the Bowl Games, but I am going ahead and stick my neck out and pick 'em like this: Texas over Navy, SMU backed Navy early in the season and wound up in sixth place in the Southwest Conference. Surely Texas, who wound up the season undefeated, can take Navy.
Baylor over LSU. Too much Trull and Company.
SMU over Oregon. Ponies really want this one.

Rotary To Hear Bill Lambert, W-F Newsmen

Bill Lambert, state news editor of the Wichita Falls Record News since August, and prior to that time a member of the staff of that newspaper as police and courthouse reporter and assistant city editor since 1960, will be the guest speaker at the Rotary Club of Haskell Thursday, noon in the banquet room of the Texas Cafe here.

Lambert, 31, already has put together a lucrative succession of assignments to acquire broad experience in the newspaper profession since starting work as sports writer for a weekly at age 17. Award winning of state and national contests in the sports and editorial writing fields were plateaus he reached before he was 20.

He had an intriguing stint on the public information "desk" in the Navy, visiting 13 countries, three foreign possessions and 39 states during his tenure as a PI specialist, in which he *found 2000 miles* with a man with foreign reporters, attaining the rank of Petty Officer, 2nd Class.

Following Navy service, Lambert saw extensive duty on a couple of dailies, one in Texas, one in Oklahoma, before going with the Wichita Falls newspaper three years ago.
The principal civic interests of the well-known newspaperman have been work with Junior Chamber of Commerce and VFW groups, plus an inbred avocation of sports. He has coached Kid football and looks forward to coaching a boxing team as an early "extra-curricular" goal.

Known for his ability to deliver a pretty potent "Sunday punch" to the midsection of a typewriter, Lambert should be on the road to qualifying for the leather slinging supervision slot.

Porter Oakes, editor of the Haskell Free Press, will introduce Lambert to Haskell Rotarians.

Lions Hear Facts About Heart Ass'n.

James E. Allen, of Wichita Falls, Area Consultant, Texas Heart Association, spoke to members of the Haskell Lions Club, Tuesday noon, and showed a very educational and entertaining film concerning heart disease.

Rogers Durham was program chairman for the day, and introduced the guest speaker.
"Heart and circulatory diseases are the leading cause of death in the United States. Each year they cause more than half of all deaths—928,670 in the U. S. in 1961. This is almost twice as many as are caused by the next six leading causes of death combined," Mr. Allen said.

Continuing, Mr. Allen pointed out that no age group is immune from heart disease. To help reduce the appalling toll of premature death and disability, the American Heart Association has evolved the Heart Program of research, education and community services for heart patients.

Concluding the visiting speaker said: "Your heart symptoms may or may not mean heart disease. Don't guess - don't worry, but see your doctor and be sure."

Lee Roy Haverlah was introduced as a new member at Tuesday's session. Guests present, other than the speaker, were Morris Neal and Clyde Grice, of Rule.

Royce Adkins, chairman of the Goodfellows Project, announced that around \$1,000 would be needed to fill the Christmas baskets for less fortunate families here, and pointed out that contributions to the Goodfellows Fund were coming in very slow.

Lions voted not to meet on Tuesday, Dec. 24.

Directors Meeting
Wallace Cox, president, called a short officers and directors' meeting following the noon-day luncheon session, at which time it was voted to purchase new song books, new buttons and a new flag, as all of these items were lost in the recent fire which destroyed the Highway Drive-In.

Officers and directors voted to give \$12.50 to the United Fund. Last year the club gave \$50.00 to the United Fund, but since local Lions suffered considerable loss in the fire, and since it will take a great deal of money for the Goodfellows project, it was necessary to cut down on the United Fund contribution this year.

College Head Of Hawaii to Be In 1st Baptist Pulpit

Dr. Louie M. Barrett, president of Jackson College, the first Christian liberal arts college in Hawaii, and a Texan, who at the age of 32, made his decision at the First Baptist Church in Greenville to enter the ministry, will speak to the congregation of the First Baptist Church in Haskell at both worship services 11 a. m. and 7 p. m., Sunday, Dec. 15.

The pioneer of Christian education in Hawaii, who also is pastor of the Waikiki Baptist Church, holds the Bachelor of Theology, Bachelor of Divinity and Master of Religious Education degrees from Southwestern Baptist Theological Seminary in Ft. Worth. He also has a bachelor of science degree from Texas Wesleyan College, Fort Worth.

Regarding the founding of Jackson College, which Dr. Barrett heads, Rev. Ray Nobile, pastor of First Baptist Church here, declares:

Funeral Held For Rodrigues Infant Who Died Monday

Joe Anthony Rodrigues, infant son of Mr. and Mrs. Mac Rodriguez, Jr., of Haskell, who would have been one year old Tuesday, was announced dead on arrival from natural causes at Haskell County Hospital at 6 p. m. Monday.

Funeral services were held Wednesday at 11 a. m. in St. George Catholic Church here, with the Father R. H. Nuytten officiating. Burial was in Willow Cemetery under direction of Holden Funeral Home.

The child, born December 10, 1962, had been in ill health for some time.

In addition to his parents, he is survived by three brothers, Richard Lee, Robert Lee, and Andrew Rodriguez; his paternal grandparents, Mr. and Mrs. Mac Rodriguez, Sr., and his maternal grandmother, Mrs. Julia Martinez, all of Haskell.
