

By JAMES E. KELLY

Opinions expressed in this column are the views of the writer and should be so interpreted.

WITH LAST WEEK'S ISSUE of the Big Spring Weekly News it removed from active membership in the newspaper fraternity in West Texas one of its pioneer members. It was the retirement from active duty in the printing business of Allen Conrad Hayden, better known to the printing profession as A. C. (Coonie) Hayden.

The first full-time job as a printer Coonie fell heir to was in October, 1904, in Big Spring, with the late Tom Jordan, and his brother-in-law, Will Hayden, publishers of the weekly 'Big Spring Herald.'

It was from the 'devil's roost' in a printshop that Coonie climbed to the top of his profession. It was a "come-up" from the days when composition for the newspaper was set by hand—lifting individual type out of boxes by the fingers of one hand and placing them in a printer's stick to be set in line while being held by the thumb of the other hand. That was the time, too, when the G. Washington hand press was being moved out of the picture by the "speedy" cylinder presses—the Country Campbell and the Prowtly (grass-hopper).

Fifty years of holding "close communion" with the printer's trade, and serving it as well as "Coonie" Hayden closed his last week, deserves retirement into the arms of a comfortable, peaceful and happy life.

The purchase of "Coonie" Hayden's interest in the Weekly News, was made by his nephew, Joseph Hayden, who first got acquainted with the newspaper game by working as "devil," in a printshop. Forming a partnership between uncle and nephew in newspapering put Joe Hayden in control of the front office of the Weekly News, and A. C. (Coonie) Hayden, master of the mechanical end, or back-shop.

To share the responsibilities of padding the News safely over the turbulent waters of journalism, will be the wife, Mrs. Mae Hayden, assuming charge of the business, or front end of the office, and Joe's father, Henry H. Hayden, to continue his association in the back-shop operations.

All kinds of good luck, Joe Hayden and Mrs. Hayden, and the father, Henry H. Hayden. We wish you a successful voyage as you pilot the News down life's pathway.

And to you "Coonie" Hayden since you have sapped all the glory and emoluments there is to be garnered in 50 years of newspapering, my sincerest best wishes for a long and contented life.

ALTHOUGH MOST OF THE CITIZENS of our State are competently aware, there are 759 empty chairs that were occupied in the classrooms at the beginning of school in Texas last year. Where are they this year? These children will not come in late, they are not home sick or visiting out of state—they are dead! 759 school age children in Texas died last year as a result of accidents. The accidents were of various types: traffic, home, recreational, and others, but all of them claimed a life. Will you know any of the approximately 800 who will die this next year? They will die, you know—unless you do something about it. Don't stop reading and look around you and say, WHO ME? You are the one. It is your responsibility just as it is the responsibility of each and every one of us. Safety cannot succeed unless it comes from the individual. Two of the main things the Texas Safety Association advises you to do is:

- 1. Work to get safety patrols for your schools, not only for street crossings, but in buildings, on the grounds, and on the school buses.
2. Work with local service clubs to support the traffic safety program carried on by your police department and traffic courts.

THERE HAS BEEN MUCH IN newspapers recently where children have been found dead from suffocating in abandoned ice boxes or refrigerators stationed outside of homes, behind stores, and on vacant lots. The children have opened the door, walked in, either shut it behind them or the door shut of its own (SEE SNOOTER)

FINEST CLIMATE ON EARTH WHERE HEALTH, HAPPINESS and PROSPERITY AWAIT THE HOMESEAKER

Martin Oil Activities

By JAMES C. WATSON

Gulf Oil Corporation will begin drilling immediately on its No. 2-A G. W. Glass, one-half mile north stepout to production in the Glass (Pennsylvanian) field of Southwest Martin County.

Drillsite is 2,310 feet from north and 330 feet from east lines of section 12, block 39, T-1-N, T&P survey and 12 miles north of Midland.

Rotary tools will be used to drill the test to 10,600 feet to the Pennsylvanian.

Jake L. Hamon of Dallas and Midland No. 1-C University, Ellenburger wildcat in Northwest Martin County, is bottomed at 4,650 feet and is preparing to set and cement 9 5/8-inch intermediate casing.

Location is 660 feet from west and 1,980 feet from south lines of section 13, block 7, University survey and 1,320 feet east of Devonian production in the Block 7 field.

It is to go to 13,500 feet for tests of the Ellenburger irregardless of what it finds in the Devonian.

Hall & Stewart Drilling Company of Midland, is drilling below 6,706 feet in lime and shale at its No. 1 C. M. Brown, wildcat in Northeast Martin County.

It is one mile south of Ackerly and 28 miles north northeast of Stanton. Drillsite is 660 feet from north and east lines of the southeast quarter of section 15, block 34, T-3-N, T&P survey.

It is projected to 8,500 feet which is calculated to test the Pennsylvanian reef lime.

The McElroy Ranch Company No. 1 C. C. Kelly, Southeast Martin County wildcat, is preparing to plug and abandon after two drillstem tests. Total depth is 4,120 feet.

Operator drillstem tested from 3,976 to 4,022 feet with the tool open 30 minutes. There was a weak air blow which died after a few minutes. Recovery was 15 feet of drilling mud. Flowing pressure was 25 pounds and 15-minute shutin pressure was 1-390 pounds.

The second drillstem test was taken from 4,040 to 4,120 feet. Tool was open one hour. There was a strong blow of air for 15 minutes and then it died.

Recovery was 300 feet of mud and 3,460 feet of sulphur water. Flowing pressure was 1,040 pounds and shutin pressure after 20 minutes was 1,765 pounds.

Location of the failure is 340 feet from south and 2,310 feet from east lines of section 12, block 36, T-1-S, T&P survey and three miles west of Stanton.

Chuck Wagon, Riders Off For Three Day Overland Journey

A chuck wagon with a pair of drivers and half a dozen saddle horses ridden by local youths paraded through Stanton early Wednesday morning before starting their twenty-mile trek to Big Spring where they will attend and participate in the Eighth Annual World's Championship 4-H Club Junior Rodeo. The three-day event will close Saturday night.

Making the trip was Butch Foreman, Bobby Owen Kelly, Gerald Smith, Vernor Cox, Norman Cox, B. R. Wilson and Butch Bowden.

The boys said they would live "on the range" during the entire trip to and from Big Spring. Bearing the brand of the "Figure 2" ranch southwest of Stanton on Mustang Draw, the group also displayed signs of local merchants who had helped sponsor the outing.

The covered chuck wagon carried bedding, food and other equipment for the youth's comfort and rodeo participation.

GROUP GOES FISHING

Mr. and Mrs. Harold Ervin and daughter, Mr. and Mrs. Allan Hopper and family, all of Stanton; Mr. and Mrs. J. T. Young, Jr., and family, Midland; Mr. and Mrs. J. R. Hopper, and Mr. and Mrs. Laudermilk, Big Spring, enjoyed a fishing trip to the Concho River, near San Angelo, over the weekend. They reported fishing was only fair due to the recent rains.

What Price For A Needless Death-Trap? (An Editorial)

A tiny tot filled with joy and happiness laughing merrily as he rushes from the school grounds toward his mother waiting for him in the family auto.—In a split second a screeching of brakes, a dull thud and this little bundle of joy becomes a heap of broken bones and torn flesh that will never laugh again.

This sort of thing does happen and the Stanton schools are located on a spot that seems to invite such a tragedy.

A section of the old highway, not more than 100 yards long, in front of the school building is a constant hazard to the children. Motorists entering Stanton from the west are eager to get off the highway before oncoming traffic will force them to stop in the middle of the roadway. In their eagerness they give their car the gas and plunge headlong around the corner of the school yard at a break-neck speed. Of course, they intend to slow down once they get off the road, but how quick can you slow or stop an auto traveling at 50, 60, or 70 miles an hour? No the 100 yard distance will not take care of the forward motion of an auto traveling at the stated speeds. Signs have proven of no worth in slowing the traffic at this spot. Road blocks at strategic times during the day have been knocked over and one such barrier completely demolished. The solution to our problem is to close this narrow section of street, plow it up and plant grass for our youngsters to play on.

This action will keep our youngsters full of life and laughing merrily as they run to mother in the afternoon to tell her of the wonders he or she is learning about the world and their anticipation that they will live to see and enjoy them at a later date.

BURNAM, DEAVENPORT CHAMPIONS IN STANTON'S FIRST GOLF TOURNAMENT

Hundreds of spectators went to Stanton golf course Sunday and Labor Day to see H. C. Burnam, Jr., of Iraan beat J. W. Graham of Stanton, two strokes on 18 holes to take first flight honors in the handicap tournament.

Second flight champion was Bob Deavenport who won out over Jack Arrington.

Consolation winners of first and second flight were Houston Woody and Spencer Blocker, respectively. Woody was medalist with a qualifying score of 38 on the 36 par, nine hole course.

Burnam had gone into the final match by defeating A. G. Davis while Graham had won out over Clement Standefer. Arrington entered the finals by beating Ralph Caton and Deavenport had won over Harry Haislip in the consolation eliminations. Woody defeated H. S. Blocker while Spencer Blocker beat Jim Webb.

Other entrants in the 32-man tournament included P. M. Bristol, Jr., O. B. Bryan, A. J. Stallion, Bob Haislip, Sam Houston, Tull Ray Louder, M. R. Byrd, Grady Standefer, Glen McHaffey, Ray Simpson, Curtis Erwin, Yuell Winslow, Richard Doggett, Sadler Bridges, James Jones, Ed Robnett, Cecil Bridges, Leland Gibbons, F. C. Rhodes, and Morris Guy.

All winners and finalists were recipients of awards which were donated by various Stanton merchants.

Stanton Golf Club President, Bob Haislip, headed a committee of members who spent many hours preparing greens, hauling ice water, keeping records, and various tasks which made the event an enjoyable one for every contestant and spectator. Free Cokes were available for the general public.

Stanton Golf Club President, Bob Haislip, headed a committee of members who spent many hours preparing greens, hauling ice water, keeping records, and various tasks which made the event an enjoyable one for every contestant and spectator. Free Cokes were available for the general public.

STANTON LION'S CLUB TO STAGE TALENT SHOW

Monday, October 5, is the date set for the staging of the Lion's Club talent show in the Texas Theatre.

The proceeds from this event will be used to purchase an eye testing machine for Stanton school. The machine will be used to test the eyes of Stanton students and students from Courtney, Flower Grove and Grady schools in an effort to find and eliminate any sight-handicap a student may have.

Committee members staging this show invite all talent wishing to enter an act, to get in touch with Phillip White, White Motor Co.; Ed Robnett, Blocker-Robnett Motor Co.; Mrs. Hila Weathers, Martin County Chamber of Commerce, or John Roueche, The Stanton Reporter.

Alpine Citizen Makes Swing Around Area In Behalf Of Sul Ross

The Reporter had a prominent citizen of Alpine to step in the office Thursday afternoon of last week and spend several pleasant moments visiting with the force. It was Glenn Burgess, former manager of the Alpine Chamber of Commerce, and an instructor in journalism and photography at Sul Ross College.

He was making a tour of a group of towns in the immediate vicinity of Alpine, going as far east as Brady, San Angelo, and back home. Out in this section Burgess had already visited the towns of Pecos, Kermit, Wink and Midland before reaching Stanton.

It was to meet an old high school classmate, when Burgess visited Melvin Dow, publisher of the Wink Bulletin. The two gentlemen had attended high school together in Lubbock and graduated from the institution together in 1923.

In Midland Burgess visited Bill Collyns, editor of the Midland Reporter-Telegram and James C. Watson, oil editor of the same publication, as the Midlanders and Burgess had been manager of chambers of commerce about the same period, only at different places, and had become quite well acquainted at that time.

Burgess' trip was in the interest of distributing information about the advantages of Sul Ross as a college.

He is quite a rapid-fire artist with the "pen" in assembling words into vivid descriptive matter of the scenic beauties of the Big Bend National Park as well as revealing in a word picture of the untamed wilds of the Park, and have it published as feature stories with pictures appearing in newspapers and magazines.

While in Stanton Burgess paid a pop call on Mrs. Hila Weathers, manager of the Martin County Chamber of Commerce, as their acquaintance made in chamber of commerce work, dated back several years ago.

The journalism-photography course Burgess will instruct in Sul Ross, he says, is not one complete as schools of journalism go, but a course that will give the young college student the opportunity to become acquainted with the fundamentals of newspaper writing and photography.

To be able to take a snap shot of a fire, an auto collision, or any object that would create interest in print, today, is considered almost a "must" requirement that the newspaper management exacts from a reporter applying for a job.

Burgess said, with the rapid strides newspapers have made in their field, and are due to make, in news writing, and the expansion of the growth that photography has made, and is due to make in the future, the college graduation can hardly be called complete without some knowledge of news writing and the operation of newspaper plant as it is building the edition for publication.

VISITED IN DE LEON

Mr. and Mrs. Tillman Morgan and children spent the Labor Day weekend in DeLeon visiting Mrs. Morgan's parents, Mr. and Mrs. J. H. Dawkins. They attended the Dublin Rodeo in Dublin, and visited in Roby with Mr. and Mrs. Hollis Head and family before returning home.

Heavier Buff Line Will Meet Big Spring "B's" Saturday Night

The referee's whistle starting the football game Saturday night between the Stanton Buffaloes and Big Spring's "B" team will

COUNTY JUDGE PLANS ECONOMY FOR '54 BUDGET

Martin County Judge James McMorris announced last week that he is working for a 25 to 30 thousand dollar reduction in the county's budget for the year ahead. He said the effort toward general economy was designed to keep county spending within income as it is presently derived.

McMorris has already proposed and the commissioners court has accepted salary adjustments which will decrease county expenses by \$18,700. Besides lowering most salaries for county officers the economy move included abolition of the County Health Sanitarian's obligation, and the county trapper, as well as dismissal of some clerical help.

Future economy may include reductions in county road maintenance by conserving manpower hours, fuel, and related costs.

Mother Of Fred Alexander Passes Away Wednesday

Mrs. Lurah Emma Alexander, 83, mother of Fred Alexander, well known Stanton real estate man, passed away at 6:21 a. m., September 9, at Memorial Hospital of Martin County.

Funeral services were scheduled at Nazarine Church, Lamesa, at 2:30 p. m. Thursday with Rev. D. D. Elliott, officiating. Interment was to be in the Lamesa City Cemetery.

Pioneer settlers in this area the Alexander family moved to Howard County in the year 1903 and made countless friends in a wide section of West Texas. The family came here from Caryell County.

Other survivors besides the Stanton son, include two sisters, Mrs. Ella Bell, Lampasas, and Mrs. Minnie Callison, Big Spring; sixteen grandchildren and 28 great grandchildren.

Mrs. Alexander was preceded in death by three children, three sisters and one brother.

Funeral services were under direction of Arrington Funeral Home.

Emilyline Cross, 81, Interred At Hobbs

Funeral services for Emilyline Cross, 81, were held at the First Baptist Church in Stanton September 8 at 1:00 p. m. Rev. J. M. Fields, pastor of the Courtney Baptist Church, officiated and was assisted by Ellmore Johnson, Stanton Church of Christ minister.

Mrs. Cross passed away at 1:22 p. m. September 7 and interment was at Hobbs, New Mexico, Tuesday at 5:00 p. m. under the direction of Arrington Funeral Home of Stanton.

Survivors included one sister, Mrs. Ellen Cornelius of Stanton; two brothers, Tom Fletcher, Amarillo and Sam Fletcher, Springfield, Oregon, and a number of nieces and nephews.

School Insurance Available For \$1.00

Superintendent O. W. Winstead said that Friday was the deadline for school children to take out school insurance. He said that elementary children wanting the insurance should notify Elementary Principal Ellmore Johnson and that high school pupils should notify Principal M. R. Byrd.

"We have a plan whereby you can insure your children for nine months against accidents at school, on the way to and from school, or during school activities (except at interscholastic events)," Winstead said.

"The policy may be had for \$1.00 per student for the entire school year." Many parents are reported to have already paid the dollar and have their policies. Winstead again reminded that Friday, September 11, was the last day when the policies could be issued.

probably find the following Buffs in Stanton's lineup:

Table with 4 columns: No., Name, Pos., Wt.
89 Wayne Butcher - end 175
88 Reggie Myrick - end 165
10 Jim Henson - QB 134
65 Burley Polk - guard 170
25 Conrad McKaskle - HB 165
26 Norman Blocker - HB 155
50 Mike Bauch - center 165
60 Harold Smith - guard 175
30 Jim Wheeler - FB 170
49 Gordon Stone - tackle 175
48 David Johnson - tackle 175

Game time has been set at 8 o'clock and the non-conference tilt will be played at Buffalo Stadium in Stanton.

Training Intense The Buffalo squad, which averages about ten pounds heavier than the 1952 squad, has undergone extensively and intense training since the first day of this season. The boys spent the first week of this month in the gym during which time they practiced both morning and evening.

Much knowledge was gained Saturday afternoon during a practice or scrimmage session on the local field with the football team from Iraan. Local spectators were well pleased with what they saw at that time and confidence was expressed that the Buffs would have an interesting and successful season.

Besides the starting lineup Coaches Melvin Robertson and Ray Gilmore have listed the following boys on the football roster, with possibly more reporting at a later date.

Paige Eiland, Ellis Britton, Delmond Boren, Bill Burns, Roy Koonec, Virgil Poulson, Jim Butcher, Wayne Petree, Johnal Woody, Courtney Clements, Corky Blocker, Archie Butler, Bob Carlile, Carroll Overby, David Elliott, Tommy Williams, Danny Foreman, Marlin Springer, Phillip Foreman, Richard Cross, Russ Tom, Ross Standefer, Jarvis Estrata, Clayton Cleaver, and Sammy Yates.

FRIENDLY FOOD STORE ANNOUNCES WINNERS

Friendly Food Store No. 1, which celebrated its opening in its new building last week, announced the following names as winners of the fourteen baskets of groceries which they gave away free to registrants.

Ray Kelly, Herman Fisher, Henry Louder, Raymond Wheeler, Walter Sanders, Mrs. Pearl Weathers, Mrs. Elvie Henson, J. F. Hayes, A. G. Donelson, Glen Wren, E. E. Tracey, R. M. Deavenport, Ellmore Johnson and Elda Barrandey.

Although no account was kept of the registration during the two day open house and sale event, the large number of slips signed for the drawings indicated several hundred customers and friends had been present.

Owners Alton Turner and Dwain Henson thanked every person who had visited their store and invited them to return often. They reminded that Friendly Food Store No. 2 is continuing to close on Tuesday and to remain open from 9:30 a. m. until 7:00 p. m. on Sunday.

Howdy Folks

By John Roueche

THE CRIMS, ROY and FRANCES up from Louisiana for a visit in the SAM WILKINSON home. May your stay be an enjoyable event. Stanton Square Dance Club will be host to West Texas squares Friday evening at Legion Hall. BILL MCARROLL, Lubbock, will be guest entertainer for Stanton Lion's Club Monday evening when he will show a West Texas Gas Company film, "Southern Gas Association". JIM TOM and WOODFORD SALE in a hustle to get off on a business trip to EL PASO Thursday noon. Do you WORRY?—Don't worry too much about what lies ahead. Go as far as you can see, and when you get there you can see farther on. At 7:30 p. m. Tuesday, September 15, High School Gym, BOOSTERS CLUB will have a showing of Humble S-W Conference film "Highlights of 1952". Everyone is invited to see this movie of the outstanding football games of 1952.

Monarch Lion Yawns At Traffic Cop

CHICAGO — "Monarch Centennial", the five-month-old lion cub mascot of Lions Clubs International, doesn't seem to take parking tickets too seriously—but maybe he was just tired. Little Monarch is shown here with (left) A. J. Bishman, president of Monarch Finer Foods, and Traffic Officer Arthur Fisher, Chicago's most popular traffic cop. When the Lions Clubs International had its 36th annual convention in Chicago recently there was no live lion present—so, inasmuch as the food company is celebrating its 100th anniversary this year, and because a lion has always been its trade mark, Mr. Bishman purchased this baby lion, named him "Monarch Centennial" and presented him to S. A. Dodge, newly elected Lions International president at the Chicago Stadium. Mr. Dodge is from Detroit and he has given "Monarch Centennial" to the Detroit Zoo where the lion cub will be on exhibition permanently as Lions International's first live lion mascot. The baby lion was born in the Toledo, Ohio, Zoo. His mother destroyed his two cub litter mates, but he was retrieved by his keeper, bottle-fed and hand-raised. He has been a daily stroller on a leash in the Toledo parks to the delight of children there, and has appeared on many television programs.

Generally Speaking, America Sign Conscious

A pamphlet arriving at this desk from the Texas Safety Association, carries this line under a Stop Sign which is printed in red: "IT DOESN'T TAKE AS LONG TO STOP AS TO PICK UP THE PIECES."

In an article for publication this very appropriate three-word quote: "SIGNS OF LIFE."

It is these traffic violations the motorist is charged with when he disregards the "Signs of Life."

1. Exceeding speed limit.
2. Failing to keep right of center line.
3. Improper passing.
4. Disregarding stop sign.
5. Disregarding signal of officer.

Col. E. B. Tilley, of Houston, President of the Texas Safety Association, and Service Adviser for the Gulf Corporation, reporting on the 1952 traffic violations, says: "Many of these accidents involved violations of traffic signs, signals and pavement markings, according to statistics from the National Safety Council. If these posted warnings had been observed, the accident might not have happened."

Then Col. Tilley offers this slogan of the Texas Safety Association and Department of Public Safety: "SIGNS OF LIFE—OBEY THEM!"

The Texas Safety Association reminds the public that "America, generally speaking, is a sign conscious nation. We depend upon the convenience of signs in thousands of phases of our daily lives. Signs tell us prices in stores, advertise merchandise in shop windows, speed up all our methods of conducting business."

Editorially speaking on the "Signs of Life," the Safety Association proceeds with:

"And signs help us to maintain order in countless little ways. For instance, if there were no signs it might be difficult—almost impossible—to keep people from walking on the grass, disposing of trash where they shouldn't, smoking in forbidden places, loitering in busy buildings, posting bills on telegraph poles, talking and shouting in libraries and hospitals.

"Probably, the most important of all, we have traffic signs to guard and protect motorists and pedestrians on the nation's streets and highways. These signs are so important they are called, 'Signs of Life.'"

"It's an appropriate name. Traffic sign can, and often do save lives. Without 'Signs of Life'—such as the 'stop' sign at intersections, the diamond-shaped warning sign, the round and cross-buck railroad signs—it could become almost suicidal to drive an automobile.

"But 'Signs of Life' can do the vital job for which they are intended only read and heed them."

It's a program that deserves the support of every citizen, for these signs, if observed, may help you save a life—perhaps your own.

Unfair to Chicken to Compare Driver With It

Frank Grimes in an editorial in the Abilene Reporter-News, the other day was discussing a new Expressway, 19 miles long and costing \$20 million that ran through the outskirts of Chicago, Ill. The highway had been open a little over a year and to last August, 20 fatalities had been recorded. The Expressway, according to Grimes, had been provided with all the "safety checks and traffic facilitating gadgets the engineering minds could think of."

The Chicago Daily News sent a traffic writer to investigate the reason that the model highway had become a man-killer. He concluded that "these high-speed arteries still depend on the care and skill of drivers to hold down the traffic toll."

Grimes speaking of the reckless driver of a motor vehicle, apologizes to the chicken family for comparing that sort of a driver to them. Grimes thinks it an insult to the dumb-cluck hen. But let Grimes tell it in his own words as he winds up his editorial on the traffic deaths on the new Chicago Expressway. He captioned his editorial, "Unfair to the Birds." Here it is:

"Now a chicken is about the dumbest creature on earth, feathered or otherwise. Its urge to cross the road just to get to the other side is a by word. Yet dumb as it is, there is some evidence that successive generations of common barnyard fowl have learned not to get killed in traffic in the wholesale fashion of 40 or 50 years ago.

"It is really an insult to refer to a reckless driver as bird-minded. It isn't fair to the birds, especially to the dumb-cluck hens."

The Governor of Alabama has signed a bitterly disputed bill outlawing the union shop, and similar labor management agreements. He said he believed in "free labor and free enterprise." The bill makes it unlawful to require an employe to join a labor organization in order to hold a job.

"Big Ma" Bryant, they call her in Waco, age 75, has raised eight of her own children, and 15 foster ones. She makes the rounds of her two farms on horseback. Friends have been trying to get "Big Ma" to use a mechanical vehicle, and she is beginning to concede that in a few more years she will be too old to ride the pasture on horseback. She gives this advice for her riding through life thus far: "Work hard and don't worry about a pension. Eat plenty of bacon and eggs and fresh fruit. And when things get tough push a little harder."

It's remarkable how some folks can come up with brilliant advice how you can expect good results—especially advice when one can expect rain. For instance, the other day, one of the reporters with the San Angelo Standard-Times came out in a news story telling the readers when they could expect it to rain. He said: "If the correct type of cloud gets squarely over San Angelo, there could be a shower." And he's correct. That's precisely the reason West Texas people have been battling three years of drought. "The correct type of cloud" never ventured to spread itself over the area. Most of us West Texans are still waiting for that "correct type cloud." If that kind ever strikes Stanton and Martin County, folks better draw their hip-boots from the closet and have their boats handy. There have been rains visit the area that made the frogs take cover under toad stools to keep from drowning.

THE STANTON REPORTER
THURSDAY, SEPT. 10, 1953

Bible Comment:

The Resurrection Was the Beginning Of Jesus' Mission

If one thinks of the earthly life of Jesus as lived in its Palestinian homeland, the Resurrection was its triumphant climax.

It was not only the victory over death, it was also the victory over those who sought to destroy Him.

But for the world at large, into which Jesus had come, it was not a climax, but a beginning.

It was now that He told His disciples to go forth and preach the gospel. In obedience to that great commission, 20 centuries have seen the growth of Christianity.

But even greater than the outward power of churches and organizations is the mystic fellowship of all believers, who have taken to themselves the Christian name and who have sought to live according to the teaching and example of the Master.

The evil that Jesus fought and that crucified Him is still abroad in the world, seeking to destroy His teaching, setting up other standards of selfishness, violence, worldly power and caring nothing for justice, mercy and right.

So great is this evil, so apparently overwhelming and successful, that it is easy to underestimate the power of good, the forces of righteousness and the strength of Christian progress toward what may still be a far-off goal.

But the power and impulse of Christianity are not in the past. Jesus still lives and leads in every devout soul whose daily life, no matter how lowly or great its place and environment, is attuned to love.

He lives and leads in every service for one's fellowmen, in the schools and colleges and in the missionaries.

We sing in our prayer, "Jesus Still Leads On," and that prayer has its answer before it is spoken, for the surest, truest, most hopeful thing in all the world is that Jesus is still leading on.

Favors National Debt Limit Raise If Private Limit Raised Too

Editor's note: The Martin County Philosopher on his Johnson grass farm on Mustang Draw is confused, his letter this week reveals.

Dear editor: I have been reading in the papers lately where President Eisenhower has been thinking about maybe havin to call Congress back into a special session to raise the debt limit.

This ain't the first time a man has taken over an outfit and discovered it was in worse shape than he'd realized, and all my sympathies are with the President as he struggles to make ends meet, balance the budget, keep up our defenses, lower his golf score, pave all the roads everybody wants, build all the dams the cities want, increase Social Security, contend with Congress and cut taxes at the same time.

Understand, I don't want him to call a special session of Congress on my account, but if he does call em back and they raise the government's debt limit, how about puttin a rider on the bill to increase mine?

One of the greatest bars to expandin business in this country is the debt limit some merchants put on their customers, and what I would like to know is why don't they take on a more international viewpoint and open the floodgates? There are literally thousands of people in this country ready and willin to buy, and all that's stoppin em is these privately imposed debt limits.

On my place out here, I can sit down, or could if I wasn't already sittin down, and enumerate dozens of improvements that could be made in the next thirty days, except for these private debt limits that's holdin the country back. And my problem is more complex than Eisenhower's. It ain't just one debt limit that's in my way, it's dozens of em. Even if the lumber yard raised mine and allowed me enough credit for a new roof, I'd still have to get the carpenters to raise theirs before construction could start.

You multiply my situation by the whole country and you begin to get an idea of how much more business everybody could do if this limit was changed.

Personally, my sympathies are all with the President, and while I don't know anything about the national debt limit, if I raise it will start a trend, I'm in favor of it.

Yours faithfully, J. A.

Here's the Answer

Second In Mile Run At Tournament In Japan

Army Cpl. Roy E. Bailey, 22, of Big Spring, Texas, recently won second place in the mile run at a tournament in Japan. Son of Mr. and Mrs. Nile Bailey, 204 N. E. 12th St., he is a fire direction control computer in Headquarters Battery of the 1st Cavalry Division's 77th Field Artillery Battalion. Corporal Bailey entered the Army in April 1952 and arrived overseas last November after an assignment at Fort Bliss, Texas. A graduate of Big Spring High School, he now wears the UN and Korean Service Medals.

Ten Word INTELLIGRAM

Check correct word.

1. Benjamin Franklin was born in (England) (U. S. A.).
2. (Paupers) (poets) are buried in England's Potter's Field.
3. Europe is in the (eastern) (western) hemisphere.
4. (Garner) (Wallace) was F. D. R.'s first vice president.
5. George Washington was inaugurated in (1776) (1789).
6. German subs in World War I were called (U-boats) (Pollies).
7. (England) (America) first abolished slavery.
8. The U. S. Constitution has (30) (22) amendments.
9. (1954) (1956) is the next national election year.
10. (Mississippi) (Ohio) is the "Bayou State."

Check your answers, scoring yourself 10 points for each correct choice. A score of 0-20 is poor; 30-60, average; 70-80, superior; 90-100, very superior.

FROM WHERE I SIT

By Hila Weathers

OUR MEMBER OF THE WEEK is a very important woman in the business life of our county. The member is Mrs. Leta Eidson Postmistress, who is widely known throughout this area. Leta, as all of you know her, has always been interested, and has taken part in community projects, and holds a position worthy of her ability. She was of much help in securing the extension of one of the Rural Delivery routes, as she was vitally interested in helping the people served by this extension. We are glad to have Leta Eidson on our active roll of members.

ONE NEW FAMILY is moving this week to Stanton who is especially interested in helping the development of our town and county. Mr. and Mrs. Frank McDaniel and family are moving to 505 N. St. Peter Street. He is connected with the Anchor Petroleum Company, which is located on West Highway 80. If you remember a picture and a story concerning this project, we in a recent issue of this paper. We welcome the McDaniels to Stanton, and hope their stay with us will be long and satisfactory.

OUR BEST WISHES to the Stockholders of the Stanton-Midland National Farm Loan Association at their annual meeting, which is to be held at the Greenwood School on Saturday, September 12. We extend congratulations to all stockholders and to Albert W. Heckler, Secretary-Treasurer, for a successful year's record and wish for their continued prosperity.

ONE OF OUR out-of-town visitors this past week was Glenn Burgess of Alpine, a friend of ours for many years. Glenn is a former Manager of the Alpine Chamber of Commerce, and is now serving as a member of the faculty at Sul Ross College. During his visit we discussed our mutual friend, Dr. Bryan Wildenthal, President of the College. For many years we have known Bryan and Doris, his wife, and considered them mighty fine folks, and Sul Ross is fortunate in having Dr. Wildenthal as their president. Our good wishes to Glenn and Bryan for a highly successful school year!

WE PLEDGE OUR FULL coop-

SNOOTER KNOWS

(Continued from Page One)

accord. It's natural for a child to reach for a door knob or latch, and turn it. It's something that invites a feeling of curiosity to lift the latch to a door on an abandoned ice box to see what is on the inside. And t h e door once open, it is inviting to the

eration to the Public Schools throughout the county and are ready to be of service to all who might ask our help. Since the opening of our local schools, we have had visits from two of the faculty members. They were M. R. Byrd and Ellmore Johnson, and then we had a call from Mrs. L. H. Batton, who announced that we had been retained for another year in the Fifth Grade. This is highly pleasing, as we enjoyed being an "honor-try member" of the grade last year, and shall do our best to help in making this grade outstanding and we shall endeavor to "make good" with the girls and boys of this grade.

WE HAD AS VISITORS last Friday, Mr. and Mrs. C. W. Fisher and little daughters, Patty and Kitty, from Big Spring. As you know Mr. Fisher is Manager of the Big Spring and Stanton Southwestern Bell Telephone Systems. It was our pleasure to have lunch with them, and listen to some fine reports on their recent vacation in South Texas. This is Patty's first year in school, so naturally, it was also nice to listen to her enthused report of her experiences. Bless her little heart, hope she makes good in school this year, and in the years to come. We love "kids!"

CONGRATULATIONS to Alton Turner and Dwaine Henson upon a highly successful opening last week at their new location for Friendly Food Store No. 1. We are mighty happy for them in their expansion.

AGAIN WE ARE urging all of you who possibly can to go over and enter the Parade in Big Spring on Thursday, September 10, as this is the 8th Annual Rodeo that the 4-H Boys and Girls have presented, and I feel that we should help our neighbor boys and girls in this project. WE might put on a 4-H project sometime, and might want their help. So, let's all go over and help!

OUR QUOTE FOR THE WEEK "What is past, is useful ONLY as it suggests ways and means for progress."

child to step on the inside of the box. The child could shut the door, or the box sitting unevenly on the ground, and in the right position, would cause the door to shut of its own momentum.

The waves of deaths and near deaths of children found enclosed in abandoned refrigerators over the country, has caused the officials of cities and towns to pass rigid laws instructing the officers to remove the doors from the empty boxes or remove the boxes to a place of absolute safety from children.

Of recent date a Midland child was missing from home and it had entered an abandoned ice box and locked in. When the child was found it had almost suffocated. Officers say had it not been for a couple of holes in the top of the refrigerator it was likely he would have been found dead.

THIS COLUMN HAS BEEN INFORMED that in their game Saturday night with the McMurry Indians in Memorial Stadium at Midland, the Sul Ross Lobos are to us t h r e e f o r m e r members of the Stanton Buffaloes. These Buffs are named Kenneth Henson, Earl and Jearl Koonce, three outstanding players on the Buffalo squad, who in their last year of school pushed the squad through a champ winning streak in district, bi-district, up to regional, losing that contest, played in Abilene, by one point.

As recent as last year Kenneth Henson, played outstanding football with the Rams of the San Angelo Junior College. There is a reason for me placing my money on the Lobos will win the contest Saturday night by one or two touchdowns. If either one of those three Stanton boys get hold of the football and there is the least of an opening mark down a touchdown for Sul Ross.

I HAVE THE INFORMATION direct from A. C. Turner, Rodeo Publicity Director that the 22nd Annual Prison Rodeo will be held at Huntsville, October 4-11-18-25, and that the first day of the Rodeo, which is Sunday, has been set aside as Press Day. Listen to what Turner tells me: "Choice seats are again being reserved in the newly erected guest section directly behind the chutes affording a good view of the show and extra accommodations will be afforded for working news and cameramen." And that's not all Turner writes:

"Your Press Badge will be waiting for you and your seats reserved."

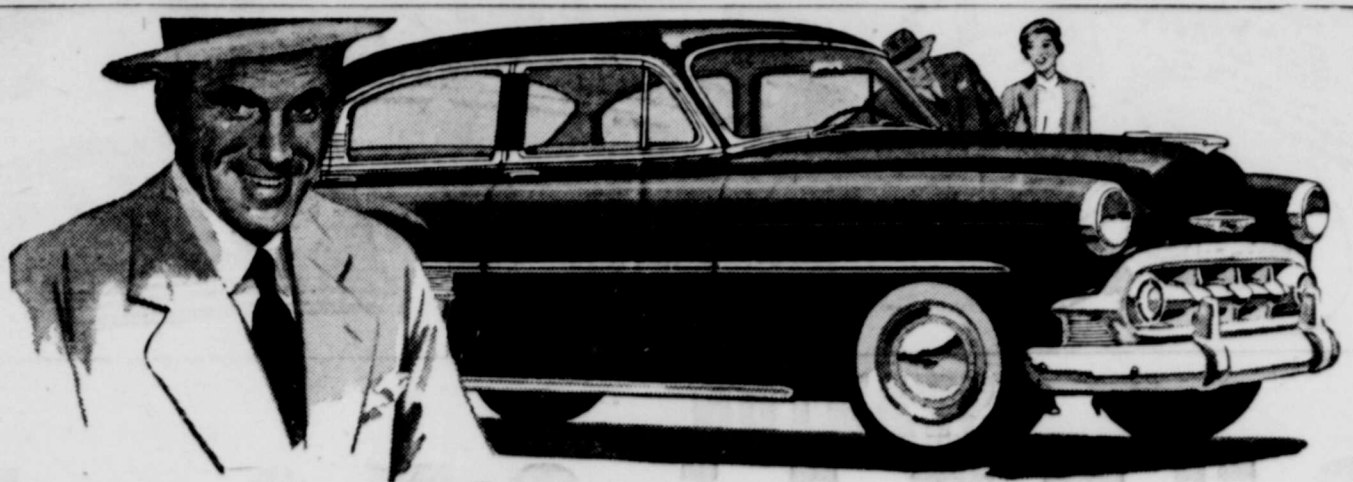

The invitation to attend the Prison Rodeo is greatly appre-

ciated by me, and the courtesies to be extended me after my arrival on the rodeo grounds, is more than appreciated.

Not that I have broken any law that comes to my mind.

That's just it. I don't know whether I can trust my mind at this stage of the game. I'd hate to get on the grounds with all those prisoners and have one of them yell out with his finger pointing

at me. "That's the guy who escaped Alcatraz the same year I did way back yonder." Then Mr. Mind would speak up: "He's right Jim. You remember now, don't you?"

This demonstration was worth many hundreds of dollars to me!

I thought only a higher-priced car would suit me. But then I found out how much more Chevrolet offered for how much less!

You're "sitting pretty" behind the wheel

Take this Bel Air model. First thing you'll notice is the quality of the interior. Rich-looking appointments. Roomy seats with foam rubber cushions. Turn the key to start the engine and you're ready to go.

You can see all around

You look out and down through a wide, curved, one-piece windshield. The panoramic rear window and big side windows provide a clear view in all directions.

You get more power on less gas

That's because Chevrolet's two great valve-in-head engines are high-compression engines. In Powerglide* models, you get the most powerful engine in

Chevrolet's field — the new 115-h.p. "Blue-Flame." Gearshift models offer the advanced 108-h.p. "Thrift-King" engine.

—right now! Chevrolet's improved brakes are the largest in the low-price field.

It's heavier for better roadability

You're in for a pleasant surprise at the smooth, steady, big-car ride of this new Chev-

rolet. One reason is that, model for model, Chevrolet will weigh up to 200 pounds more than the other low-priced cars.

You get greater getaway with the new Powerglide*

A lot finer performance on a lot less gas. That's what you get with the new Powerglide automatic transmission. There's no more advanced automatic transmission at any price.

And it's the lowest-priced line

A demonstration will show you that Chevrolet offers just about everything you could want. Yet it's the lowest-priced line in the low-price field.

*Combination of Powerglide automatic transmission and 115-h.p. "Blue-Flame" engine optional on "Two-Ten" and Bel Air models at extra cost.

Let us demonstrate all the advantages of buying a Chevrolet now!

How to save time for BETTER LIVING...

Plenty of leisure time for shared fun and hobbies with your family is simple and easy to arrange when you eliminate washday drudgery. A wonderful threesome of economical electric servants will do the trick, and leave you extra time for more enjoyable living.

An Electric **WASHER** cleans your clothes spotlessly with a turn of the dial. An automatic **DRYER** dries them fast

in any kind of weather... fluffy, clean, sweet-smelling and free from outside dirt and dust. Sit down to an easy-to-operate Electric **IRONER** that handles curtains ruffles, dresses, flarwork and shirts with equal ease and a minimum of effort.

It all adds up to cleaner clothes, less work, and more leisure time and **BETTER LIVING** for YOU and the entire family.

BE REALLY FREE!

Get All 3... Electric Wash, or Dryer, or Ironer. See your favorite electric appliance dealer!

Pay More! What For?

YOUR FORD DEALER CAN GIVE YOU THE BEST USED CAR OR TRUCK DEAL IN TOWN!

One of the really BIG reasons we can give you the most for your money, is that more and more owners are swinging to Ford. We're loaded with all makes and models of cars and trucks taken in trade for the '53 Ford. Another reason you get your dollar's-worth, is our reputation. We've a record of years of fair dealing... the kind of dealing that brings the same people back year after year. And don't forget, we don't rely on our used car and truck profits to stay in business. First and foremost our job is selling new Fords. Add this up and it's easy to see why it's just good sense to buy from a Ford Dealer. When you buy a used car or truck, be sure! Be A-1 sure!

YOUR FORD DEALER HAS ALL MAKES ALL MODELS!

YOUR FORD DEALER HAS LATE MODELS LOW PRICES!

YOUR FORD DEALER IS IN BUSINESS TO STAY!

YOUR FORD DEALER OFFERS LOWEST TERMS!

FORD DEALER USED CARS and TRUCKS ARE ALWAYS SPECIAL

Before an A-1 used car or truck is offered to the public, it gets a complete inspection by Ford-trained mechanics, men who really know their business. They go all over, in and around, every unit that comes to us! They inspect the engine, the brakes, shock absorbers, see if the wheels are in alignment, and make a host of other detailed checks. All this means just one thing to you. When you buy from your Ford Dealer, you're sure of getting a used car or truck that is an extra good value and the price will be right, too.

Only Ford Dealers sell Used cars and Trucks!

THE STANTON REPORTER, THURSDAY, SEPT. 10, 1953

Stated meeting every second and fourth Tuesday night at 7:30 p. m.

CARD OF THANKS

We wish to extend our sincere thanks and appreciation to all who helped us in any way during the illness and death of our loved one.

The Family of Em Cross

We wish to express our sincere appreciation to the Latter Day Saints Church and to the American Legion for the use of their building, and also the preparation of them, for our fifth Sunday meeting in Stanton. We also wish to thank the Methodist Church of Lenora for the offer of their building. All played a great part toward the successfulness of our meeting.

PRIMITIVE BAPTIST CHURCH
Dr. W. R. Dale, Moderator
(Adv)

EXCEPTIONALLY nice seven-rooms and bath. Garage and small apartment, five acres land. Conveniently located to Stanton. Pricer right, low down payment. I have several good homes in Stanton. Priced to sell, small down payment. R. A. Bennett. Call 4-3461 or 4-2333.

FARM AND RANCHES

One mile from Midland city limits, 25 acres, improved irrigated. Alfalfa, 10 acres, higear, 10 acres; 5 acres trees and garden (8,000 trees). Two wells, electric pumps, sprinkler irrigation system. \$1,000 per acre. Down payment one-half. Especially interesting to veterans. Write Dr. Glenn Walker, 1501 W. Wall, Midland, Texas.

WANT TO BUY—from 5 to 100 acres of land. Write Box 356, Garden City. 8-27; 9-3-10-17-24

FOR SALE—200 acres highly improved ranch near Sherman, Grayson County. Price reasonable. Write for information. Oil possibilities. O. W. Myrick, Sherman, Texas.

Have your GIFTS and PARTY FAVORS personalized with monogramming. We do it in all COLORS. NAPKINS, BILLFOLDS, STATIONERY and MATCHES. STANTON DRUG STORE.

LEGAL NOTICE

THE STATE OF TEXAS
TO: Harry T. Burnell,
GREETING:
You are commanded to appear by filing a written answer to the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 19th day of October, A. D., 1953, at or before 10 o'clock A. M., before Honorable District Court of Martin County, at the Court House in Stanton, Texas. Said plaintiff's petition was filed on the 10th day of August, 1953.

The file number of said suit being No. 1918.

The names of the parties in said suit are:
Eddie Louise Burnell as Plaintiff, and Harry T. Burnell as Defendant.

The nature of said suit being substantially as follows, to wit: Suit for divorce.

If this Citation is not served within 90 days after the date of its issuance, it shall be returned unserved.

Issued this 1st day of September A. D., 1953.

Given under my hand and seal of said Court, at office in Stanton, Texas, this 1st day of September A. D., 1953.

Doris Stephenson, Clerk
District Court Martin County, Texas.
9-3-10-17-24

GROUP RETURNS FROM TRIP
Mr. and Mrs. Jim Tom and Mr. and Mrs. Yuell Winslow have returned from a vacation trip which took them to Santa Fe New Mexico; Denver Colorado; and Salt Lake City, Utah.

On Eve Of Game Time Between Lobos-Indians Interest Soaring High

Football fever is running high in West Texas as fans look forward to seeing the first college game of the 1953 season in Midland's Memorial Stadium Saturday night, September 12th. This first game, under the sponsorship of the Midland Optimist Club, will match McMurry College of Abilene and Sul Ross College of Alpine. If pre-game interest is any indication, the stadium should be filled to capacity for the eight o'clock kickoff.

The Midland Optimist Club sponsors this annual college game in order to raise funds to maintain a full time boys workshop, Air Scout Squadron, "Boxing" team, and Little League baseball team each season. In staging the once-a-year game,

CALIFORNIA VISITORS

Mrs. Beatrice Phips and Mrs. Alice Crow of Chula Vista, California, visited recently with Mrs. C. E. Crow.

VISITS SISTER

Mr. and Mrs. Bob Latimer, spent the Labor Day weekend in Breckenridge and Fort Worth, where they visited Bob's sister, Mrs. L. A. Choate.

they feel they are giving the public full value in entertainment rather than seeking public contribution. All proceeds from the game, after expenses, are put in a special fund for the Boys Workshop. So on the strength of seeing a good football game, as well as helping in a very worthy cause, all football fans in West Texas are invited to be in Midland Saturday night, September 12th for the first college football game of the year.

ROADMASTER
CUSTOM BUILT BY BUICK

TO you who have yet to drive a 1953 Buick ROADMASTER, we have this to say:

There is waiting for you at the wheel of this car a tremendously satisfying experience—the most magnificent Buick motoring experience of the past half century. We say this as a matter of straight and simple fact.

For in this automobile—the smoothest-riding, the most maneuverable, and the most instantly responsive ROADMASTER in history—is an engine unlike any other in the world, plus an automatic transmission of similar uniqueness.

Here, you command the first Fireball V8 Engine—the world's first V8 with vertical valves—the modern and advanced V8 with the highest horsepower ever placed in a Buick, and the highest compression on the American scene today.

Here, you command distance through the liquid grace of Twin-Turbine Dynaflo—where getaway response is instant and quiet, and power build-up is infinitely, utterly smooth.

Here too, you take a new step forward in fine-car motoring—in the luxury of your ride, the luxury of your surroundings, the luxury of your control, with Power Steering standard equipment at no extra cost.

We can give you the details, the reasons, the facts.

But—wouldn't you rather learn the sum total of such things in a road sampling of the greatest ROADMASTER yet built?

We'll be happy to arrange matters. Why not visit us soon?

*Available at additional cost on Roadmaster and Super models only. **Optional at extra cost in Super and Roadmaster Sedan and Riviera models.

Three Former Outstanding Members of Stanton Buffaloes To Appear With Sul Ross Lobos

The shades of yesteryear in football sports in Stanton are to be pulled at the college football game to be played in Midland Saturday night, September 12, between the Sul Ross Lobos and the McMurry Indians. When the curtain is raised on the members of the Sul Ross squad it will reveal the faces of Kenneth Henson and Earl and Jearl Koonce, members of the Stanton Buffalo squad when it won all the championship contests in the district up to the regional and lost that one by one point.

Kenneth Henson is the son of Mr. and Mrs. Lloyd Henson of Stanton, and for two years was an outstanding player on the San Angelo Rams, the junior college team.

Earl and Jearl Koonce, twins, are sons of Mr. and Mrs. M. L. (Red) Koonce of Stanton.

These former Stanton Buffalo football players are to be used by the Sul Ross Lobos in their game, according to information received at this sport's desk from the Midland Optimist Club.

The McMurry Indians Abilene, and the Sul Ross Lobos, Alpine, will play in Midland, Saturday night, September 12. The game is being sponsored by the Midland Optimist Club with

just a good, fast football game in mind," reports the club. "Interest has mounted," declares the club, "until it is snow-balling and both teams will arrive in Midland with but one thought in mind, 'win the game'."

The Optimist Club expands its enthusiasm as to what is going to happen at this football game "it" has spread to the bands and drill teams, and now they will go out to capture favor in the halftime activities."

The Optimists expect a sell-out crowd of over ten thousand to witness the game, proceeds from which will be used in carrying out their boys workshop.

The winning team will be presented with a beautiful, two-foot high trophy.

TO ENTER JUNIOR COLLEGE

Eldon Hopkins, class president of the 1953 graduating class of Stanton High School, left Sunday to enter San Angelo Junior College, where he will be a freshman student. He is the son of Mr. and Mrs. Jim Hopkins.

LOUISIANS VISITING HERE

Mr. and Mrs. C. R. Crim of Franklin, Louisiana, are spending the week in the home of Mr. and Mrs. Sam Wilkinson.

D. N. Roueche, Retired Newsmen, Visits In Stanton

Settling of the country by homesteader and the turning under of prairie lands by plowshares for agricultural purposes had not entirely blotted out the cow trails that lead from Wichita Falls through the counties of Baylor, Cottle, Foard, Motley, Floyd into Hale by the year 1922.

Prairie dog towns were numerous and the howl of the coyotes was still a symbol that the early days of West Texas had not yet lost its pioneer identity.

The year 1922 was the year that David Ney Roueche traveled the county mentioned from Wichita Falls to Plainview, Hale County, in behalf of the circulation department of the Wichita Falls Times. The trip, with stops at the county seats of the counties to collect for and solicit subscriptions to his newspaper was not one of rapidity, especially, was that first trip made by Roueche in a Ford Model T.

Twenty-seven years of motor travel in the interest of getting business for the circulation department of the Wichita Falls Times, Roueche drove a Ford Model T, Chevrolet, Whippet, Oldsmobile, Graham-Palge, De Soto, and ended his 27 years with the Times to go into retirement driving a Chrysler. It was the rule of the Times Publishing Company that no car in its service be driven over 25,000 miles then abandoned for a new one. However, one of the number of cars — DeSoto — Roueche drove 180,000 miles.

All this narrative may seem to The Reporter readers as whipping a long way around the stump to get at the real "meat" of the story.

The fact is that D. N. Roueche of Wichita Falls, was the weekend guest of his son, John T. Roueche and Mrs. Roueche of Stanton.

The most important and delightful thing, and one that brought great pleasure to a few invited guests Roueche did while on his visit to Stanton, was to prepare a pork and beef barbecue Saturday night at the home of his son, according to his own artistic ability. The deliciousness of the prepared meat done in the a la Roueche style, was evidenced by the guests when with each bite it fairly melted away in the mouth.

Mr. Roueche returned Tuesday morning to his home in Wichita Falls after he had endeared himself to Mr. and Mrs. Burl Guyton and children of Midland; Mr. and Mrs. J. E. Kelly, and Mr. and Mrs. John T. Roueche of Stanton at his barbecue.

DALLAS VISITORS

Mr. and Mrs. John Connell of Dallas, were visitors here Saturday. They spent the weekend in Midland in the home of Mr. and Mrs. J. Wright Ligion.

RETURN FROM NEM MEXICO

Mr. and Mrs. Walter Graves and son, Granville, have returned from New Mexico, where they visited Ruidoso and Santa Fe.

Martin L. Gibson, Jr. Enters Naval Academy

Information reaching The Reporter from Annapolis, Md., reports that among the members of the new fourth class at the U. S. Naval Academy is Martin L. Gibson, Jr., son of Mr. and Mrs. Martin L. Gibson of 207 West School Street, Stanton, Texas.

Gibson was graduated from Stanton High School and attended Texas Western College, El Paso, before coming to Annapolis.

W. D. Pinkerton Honored On Birthday

Mr. and Mrs. Charlie Martin were hosts for a barbecue Saturday night at their home, 405 E. Golf Course Rd., Midland.

Honored guests were Charlie Pinkerton, who had just returned from Korea and W. D. Pinkerton, who was celebrating his 74th birthday.

Games of "42" and home movies were enjoyed by the group.

Those attending from Stanton were Mr. and Mrs. W. D. Pinkerton, Lewis, W. L. Betty and David Pinkerton, Mr. and Mrs. Henry Pinkerton and Mickey, Mr. and Mrs. H. C. Warner, Mr. and Mrs. Kay Pinkerton, Mr. and Mrs. Spencer Blocker, Mrs. Lela Shankle, and Mr. and Mrs. A. T. Angel.

Others attending were Mr. and Mrs. Bill Reed, Don and Margie, Big Spring; Mr. and Mrs. H. M. McReynolds, Ronny and Donny, Mr. and Mrs. C. L. Schuelke and Karen, Mr. and Mrs. Charlie Pinkerton and Tommy, and Carlis and DeBby Martin, all of Midland.

Stanton 4-H Clubber Among 44 Honored At Dallas State Fair

Bobby Carlile of Lenora, a member of the Four-H Club, is one of 44 outstanding Texas youngsters who will be honored by the State Fair of Texas at the annual Honor Awards dinner Oct. 16.

James W. Aston, chairman of the fair's Youth Activities Committee, announced that ten Future Farmers, ten Future Homemakers, twelve 4-H Club girls and twelve 4-H boys will be awarded gold medals for outstanding work in animal husbandry, agriculture and home-making.

"Each medal is cast in the shape of a map of Texas, with the name of the recipient engraved on the back", Aston said.

Dan C. Williams, chairman of the Honor Award Dinner Committee, will be master of ceremonies.

Guests will include parents of the forty-four youths, vocational agriculture teachers, home demonstration agents, county agents, and home economics teachers who are advisors of the boys and girls.

The 4-H Club members—a boy and a girl from each of the state's twelve Extension Service Districts—were selected by the Extension Service District committees. The boys were chosen for achievements in livestock and agriculture and the girls for accomplishments in home economics.

Future Homemakers honored are the ten officers of the Texas Association of Future Homemakers of America. The Future Farmers are ten area Star Farmers selected by the Texas Asso-

MORRIS ZIMMERMAN MADE CHIEF OF POLICE

Morris Zimmerman a former sheriff of Martin County, recently has been given the post of Chief of Police of Monahans.

Following serving his term as sheriff of this county, Zimmerman and family moved to Monahans, where he was made a deputy sheriff of Ward County.

From July 4 to the time he was appointed chief of police by the acting city council, Zimmerman was acting chief of police.

Zimmerman succeeded G. A. (Rags) Ragsdale, who later joined the sheriff's department.

VISITED IN ABILENE

Mr. and Mrs. J. T. Young, daughter, Frances, and Milburn Doshier, spent Sunday in Abilene visiting Mr. and Mrs. W. J. Mashburn.

clation of Future Farmers of America and the Texas Agriculture Education Service for their record in leadership and agriculture.

The dinner will be the night before Rural Youth Day at the fair, Saturday, Oct. 17.

VISITS DAUGHTER-SISTER

Mrs. Flora Morris has returned from a visit with her son-in-law and daughter, Mr. and Mrs. Bill Neill at Tornillo, and her sister, Mrs. Iris Palm in El Paso.

Stop Taking Harsh Drugs for Constipation

Avoid Intestinal Upset! Get Relief This Gentle Vegetable Laxative Way!

For constipation, never take harsh drugs. They cause brutal cramps and griping, disrupt normal bowel action, make repeated doses seem needed.

Get sure but gentle relief when you are temporarily constipated. Take Dr. Caldwell's Senna Laxative contained in Syrup Pepsin. No salts, no harsh drugs. Dr. Caldwell's contains an extract of Senna, one of the finest natural vegetable laxatives known to medicine.

Dr. Caldwell's Senna Laxative tastes good, gives gentle, comfortable, satisfying relief for every member of the family. Helps you get "on schedule" without repeated doses. Even relieves stomach sourness that constipation often brings.

Buy Dr. Caldwell's 30¢ size today. Money back if not satisfied. Mail bottle to Box 280, New York 18, N. Y.

WEST TEXAS PRESS COMMENTS

From the Paris, Texas News comes the report that its editor, A. W. Neville, last week, passed his 52nd year with the North Texas newspaper.

Of his 52nd anniversary with the newspaper, Editor Neville, said: "I have been on the payroll every week since Sept. 1, 1902—2,652 weeks, to be exact."

Neville has been in some part of newspaper work since 1880 when he was 16.

The Mitchell County News reports that Loraine is to have a Community Fair, October 17. The News says: "That will give soil conservationists and others an opportunity to show what grasses and legume crops will do on the land." The News also advises the farmers to plant cover crops to keep the land from blowing in the spring and also add fertility to the soil.

The Big Spring Weekly News stated in its last week's issue that Coahoma had received its first bale of cotton for the season. It weighed 500 pounds, and the bale came from 1900 pounds of seed cotton. It required the picking over of a 35-acre patch. The bale sold for 32 cents per pound.

"Yours Truly," Melvin Dow in the Wink Bulletin stated last week that the citizens were laying plans to "pull a big one" in the way of a celebration. It is being planned to celebrate Wink's 25th birthday — the Silver Anniversary.

Roy Craig and his Stamford American and all Stamford citizens are aglow with rejoicing over the fact that their new lake on Paint Creek that has been dry as a bone for so long, is full of water — rain water, that is — "soft as can be found anywhere," the American says. The water is coming into Stamford through an 18-inch pipeline, which connects the city with the 60,000-acre-foot lake 15 miles away. The lake will supply Stamford, Hamlin, and the power plant of the West Texas Utilities Co.

The Eden Echo came last week announcing that the Lions Club has taken on the job of providing Eden with a City Park. Three members of a ranch family there have agreed to deed the city the Pfleger Mott, a pecan grove, one of the prettiest park sites

in all West Texas," the Echo says. The donation is to be made by the ranch family with the understanding it will be maintained as a city park.

The Andrews County News did itself proud with its issue of August 28. It was a "Back to School" edition with that line a c r o s s to top of t h e front page printed in blue ink, accompanied by several pictures of small school boys and girls printed in blue, darting here and yon at various points on the page. One groceryman had a six column adv. clear down the page printed in blue. The News was "a-bustin' at the seams" with paid advertisements — something that tickles the "funny bone" of the publisher.

The 50th birthday anniversary of Reagan County, closed its celebration last week at Big Lake. The attendance was teeming with old timers, former residents, and present residents living in the county. The oldest old timer present was D. K. McMullen, Sr., of Snyder. The Big Lake Wildcat said: "Nearing his 92nd birthday anniversary, Mr. McMullen, an ardent dance enthusiast, did not let his age interfere with his dancing a few sets."

Arriving at the exchange table this week is The Echo, the Texas State Prison newspaper, published at Huntsville. It was the Roden edition announcing the 22nd Annual Prison Rodeo, to be held October 4-11-18-25. The issue was neatly printed on book paper, carrying a whale of a lot of news contributed by inmates and others about what the visitor could expect who attended the event.

It was in 1932 when the Rodeo was started. It was an insignificant notion then about staging a wild west show where outlaw men would be matched against outlaw beasts. Now the occasion is dubbed the "fastest and wildest rodeo in the world."

The editor of The Echo said editorially: "We, the inmates, can be justly proud of the Rodeo because it is our way of earning for ourselves, the recreation facilities we have, education opportunities for those of us who want or need them, prosthetic aid for the disabled and numerous other things that occur here and there."

The good rains which have visited Jones County in the past two months, with showers that are continuing, is credited with setting up a prospect that the county will produce its biggest cotton crop since 1949. The rains have brought injury in another direction. The county agent says that due to the rains they have uncovered many nests from their dormant homes that are killing trees and plants. Always something to take the joy out of life.

SORORITY HAS DINNER AND PROGRAM MEET

Betty Ruth Gaddis, spoke on "The Body Beautiful" when the Delta Omega Chapter, Beta Sigma Phi, met Thursday night for a dinner program meeting in the home of Dorothy Riley in Midland.

The Ways and Means committee announced plans for a "hire out" to raise money for the chapter's charity fund. Each member is required to "hire out" on jobs to earn five dollars before the October 1 meeting. This includes baby sitting, baking, clerking or even cotton picking or what have you. Members will appreciate anyone having an odd job, which they can do, to contact Eula Arrington 4-3336 or Margaret Roueche at 4-3344.

Nadine Steele distributed the club year books. Phi pal gifts were exchanged.

It was announced the next meeting will be on September 17. Members present were Eula Arrington, Doris Brewer, Gloria Billington, Mary Caton, Mildred Eiland, Betty Ruth Gaddis, Ruby Nell Greenhaw, Aylene Kelly, Polly Nichols, Hallie Sale, Nadine Steele, Polly Talton, Carman Whitaker, Joyce Woody, Hila Weathers, Margaret Roueche and Dorothy Riley.

Mrs. Atteberry To Teach Piano And Organ Here

Through the efforts of the Stanton Music Club, Mrs. Don Atteberry of Midland, has been secured to teach piano and organ in Stanton.

Mrs. Atteberry is a graduate of the University of Tulsa, where she majored in piano and, also, studied voice and organ. She taught six years in the University of Tulsa in the preparatory department, and has held numerous positions as church organist and choir director in Tulsa, Oklahoma, and Hobbs, New Mexico. She is the mother of an eight-year-old son, and her husband is connected with the Ohio Oil Company of Midland.

The Music Club has recently redecorated a building at 707 St. Anna Street for Mrs. Atteberry to use as a studio.

Mrs. Don Gaddis, president of the Stanton Music Club stated, "the Club feels fortunate in securing Mrs. Atteberry as a music teacher for Stanton, and with her wonderful background in music she will be helpful in planning community programs."

Pink, Blue Shower Honors Mrs. Pickett

Mrs. Roy Pickett was honored with a pink and blue shower in the home of Mrs. C. W. Fitzpatrick.

Twenty guests attended. Out-of-town guests included Mrs. George Thompson, Mrs. E. B. Estes, Mrs. L. C. Rone, Mrs. Woodrow Wilson and Mrs. Leroy Thomas of Midland.

Exemplar's Have Mexican Dinner In Turner Home

Opening its Fall activities, Xi Alpha Beta, Exemplar Chapter, Beta Sigma Phi, met Thursday night in the home of Jendo Turner for a Mexican dinner.

The buffet table held an attractive arrangement of fruits and vegetables in a red bowl.

The group selected Mexico for its year's study.

Mary Prudie Brown gave an interesting report on her recent visit to the International offices in Kansas City, Missouri.

Plans were discussed for a Bake Sale which will be held at the Friendly Food Store, Saturday, September 12.

Present were Billie Estes, Lanelle Davis, June Reid, Naomi Hedrick, Cora Kelly, Mary Kathryn Bristow, Dorothy Deavenport, Mary Rogers, Doralene Robne, Sammye Laws, Mary Haislip, Irene Lone and Mary Grace Latimer.

Girl Scout Executive Board Plans Fall Activities

Plans for fall activities were discussed when the executive board of the Stanton Girl Scouts met last Wednesday afternoon at Arrington Funeral home, with Jack Arrington presiding.

It was voted to change the meeting time to the second Thursday in each month.

The Stanton Girl Scouts will begin their Fall meetings September 14. It was announced that troop leaders for the coming year are Mrs. Claude Nowlin, Roberta Sims, Mrs. Louise Graves, troop one; Mrs. Phil Berry and Mrs. Tracy, troop two; Mrs. Wallace Kelly and Mrs. H. P. Morrison, troop three; Mrs. Johnson and Mrs. O. B. Bryan, troop four; and Mrs. Lois Brice and Mrs. O. J. Jenkins, troop five.

Members attending were Mrs. O. B. Bryan, Mrs. Leo Turner, Mrs. Lois Brice, Mrs. O. J. Jenkins, Mrs. P. M. Bristow and Jack Arrington.

IRVIN MYRICKS ENTERTAIN GUESTS LAST WEEK

Mr. and Mrs. Irvin Myrick had as their guests last week, their son, Jim Myrick and family of Waco; and son-in-law and daughter, Mr. and Mrs. Bill Crone of Morton. Jim, who is high school coach at Waco State Home, attended a coaching clinic in San Luis Obispo, California, in August.

Other recent visitors in the Myrick home were Mr. and Mrs. Ralph Rose, Mrs. Ruby De Luca and Miss Orrie Burri, all nurses at Midland Memorial Hospital, and Mrs. Minnie Lee Williams and Mrs. Alveta Pucket of Stanton.

SON IS BORN

A son, Billie Joe, was born to Mr. and Mrs. E. G. Farrington September 2 at Lamesa General Hospital. The baby weighed seven pounds and 15 ounces.

MU LAMBDA HOLDS FIRST FALL MEET

Members of the Mu Lambda Chapter, Beta Sigma Phi, held a covered dish dinner and exchanged Phi Pal gifts when they met Thursday night in the home of Sue Standefer.

During a business session La Valle Reid presented the service organization for the coming year, The Southwest Foundation for Research and Education, which is presently conducting research for cancer, heart, and circulatory diseases, polio, etc.

Ann Counts gave the program on "Beauty."

Serving as officers for the group this year are La Valle Reid, president; Vivian Rogers, vice-president; Cora Beth White, extension officer; Ouida Henson, recording secretary; Virginia Dickison, corresponding secretary; JoAnne Webb, treasurer; and Ruth Supulver, contact girl.

The next meeting will be held September 17, in the home of Laverne Sechrist, 1129 Spruce Street in Midland.

Girl Scout Training Courses To Be Held Here

Margaret McAdams, executive director of the West Texas Girl Scout Area Council in Abilene, has announced the dates for training leaders in Stanton. The dates for basic training are as follows: September 28, October 1, October 5 and October 8. The classes will be held from 9 to 12 a. m. The meeting place will be announced later. A class in advanced training will be held October 7 from 9 till 12 a. m.

It is important that new leaders take all four sessions of the course, and register in advance with Mrs. Lois Brice. New leaders are asked to bring a dollar to the first class in order to purchase a handbook which will be used as text for the training.

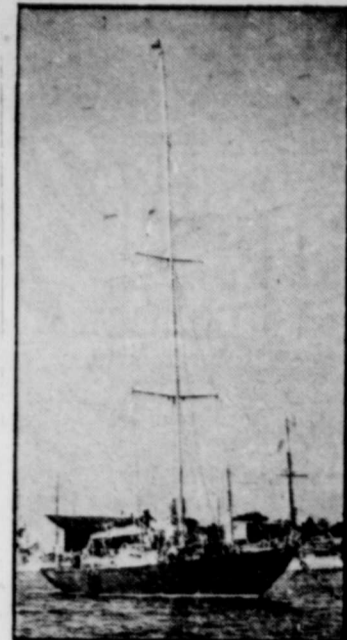

Advanced training is open only to leaders who have completed basic training and have had over nine months experience with a troop.

RETURNS HOME

D. N. Roueche of Wichita Falls, after spending the Labor Day weekend with his son and daughter-in-law, Mr. and Mrs. John T. Roueche, returned Tuesday morning to his home.

BURNAMS HAVE VISITORS

Visitors in the J. H. Burnam home over the weekend were Mr. and Mrs. Jess Burnam, Lubbock; Mr. and Mrs. Mark Burnam, daughters, Retha and Gayle of Cisco.

GETTING READY — Waiting to begin the long trip across the Atlantic is the 57-foot sloop *Gesture*. Seen above in New York harbor, the ship owned by Howard Fuller carries a crew of six. Fuller plans to return in the ship in September.

PERSONALS

Mr. and Mrs. Walter Graves and Granville were visitors in Big Spring Sunday.

Mr. and Mrs. R. K. Rogers and son, Bobby, have returned from Grand Junction, Colorado, where they spent several days.

Dee Rogers, Star Route mail carrier, is spending a few days in Grand Junction, Colorado. He was accompanied by his brother, R. K. Rogers from El Paso.

VISIT IN FARRINGTON HOME

Sunday visitors in the home of Mr. and Mrs. D. E. Farrington were Mr. and Mrs. R. R. Cox, Patsy, Robert and Lou, Mrs. Loie Lyerla, E. G. Farrington, Lois and Louise, of Stanton; Mrs. Farrington's sister and brother-in-law, Mr. and Mrs. J. E. Shipp and family from Snyder; Mrs. Evelyn Willson, San Francisco, California; Mrs. Eula Willson, Pep; Mrs. Conley Cox, Hamilton; and Mr. and Mrs. Bill Cox, Wayne and John of Pampa.

VISITED IN LORAIN

Mr. and Mrs. H. H. Padgett, visited in Loraine over the weekend.

VISITING IN LUBBOCK

Mrs. Morgan Hall and mother, Mrs. W. Y. Houston, are in Lubbock to visit Mrs. Hall's son, Jerry Hall and family.

TOO LATE TO CLASSIFY

LOST: Child's pet toy rat terrier, black and white, strayed from 500 McMorries Street. Small reward. Call 4-3478 evenings.

FASHION NOTE—What appeared at first glance to be an epidemic of mumps in the spectators' stand was actually a fashionable display of African head-dressing during a recent Paris parade. Each of the African dignitaries is wearing his native ceremonial turban.
