

**Prattle**  
By AL HINDS

The curtain will rise soon on the 1965 pigskin season, so it is for Prattle to dust off the crystal ball and gaze into the future. The crystal ball is like my TV picture, a fuzzy at times and hard to see, but here goes:

My pick in the Southwestern Conference, I see it like this: I could be wrong and I could be right, but this is how I see it:

Texas University. The team had a 10-1 season last year and fell only 2 points short of perfection. So, watch the goblins don't get you, mighty Steers will.

Texas Tech. Good ol' bizzie Wm. Kemp will laugh me off, and I realize I am giving my neck out, and might be chopped off. The "Big Red" from the high plains area will be in "high cotton." The team's youngest member is ready to start serious competition for the championship, such stand-outs as Donny person (All America last year), Tom Wilson, Johnny John Porter, James and many others, and a few breaks, the right one of the ball, the Red Razors could even go all the way.

Arkansas. The Razorbacks begin the season with the best major college winning record in the land. They have running backs and tackles that the Longhorns will start Hag's downfall. The pig-skin will be tough, but plenty of it, but not quite tough.

Baylor. The always troublesome bold Bears will have explosive offense and a real defense which should be the hungry bears hard to.

Southern Methodist University. The Ponies have more talent, but a very young team. Thirty-one lettermen will back and nine seniors. Bet watch out, the Mustangs platoon you to death.

A Texas Christian University. A good crop of Sophomores, not enough experience. Watch Abe Martin and Froggies come 1966.

Rice. I hate to spot Jess's always-potent feather-flock this far down, but with a seasoned quarterback and experienced linebacks I can't see it any other way. Ever, the Wise Old Owls will surprise... I hope they will.

A&M. The new coach, Bill Stalling, is already in. Lacks depth, players are young. The Aggies seem to "rise and shine again" but not this year.

Oh, there it is. Dr. Kemp!

Making the back-stretch and let's home, let's take a look at the "Little Southwest Conference" 5-A... and here is my pick 'em:

Ballinger. The Bearcats led up a 9-1 record last year. They had 12 returning men. Milford Wiley is a ball carrier offensively a punishing tackle defensively. The Bearcats will be the staff.

Winters. They have 12 returning lettermen. Plagued all year last year the Blizzards will freeze you, and will let you show the district just they can do.

Stamford. I don't think Bulldogs will be as good as last year; however, this scribe learned from experience to count Stamford out, to the final whistle.

Hamlin. The Pied Pipers had a 4-4 record last year. They had nine lettermen and could be spoilers.

Colorado City. Nine lettermen are returning. The team are hungry. They'll eat up if you don't watch out.

Haskell. The Indians finished last year with a 5-5 record. Graduation took its toll, with Quarterback Bobby Thornton, center Paul Hiebert, guard Bill Perry, the Indians may surprise and take plenty scalps... I hope, I hope!

Anson. Defense will be the team will lack experience and speed.

MISS JUANITA GONZALES

## Juanita Gonzales Is G. I. Forum Queen Contestant

Miss Juanita Gonzales, age 15, daughter of Mr. and Mrs. Jose Gonzales, 1200 South Avenue G, Haskell, is a contestant in the G. I. Forum queen contest for the September 16th festivities.

The Haskell G. I. Forum is conducting a fund-raising collection campaign for their scholarship fund. The proceedings of this collection will determine the winner of the contest.

The contestant to collect the greater amount of funds will become the Queen of the September 16th festivities.

Miss Gonzales is an 8th grade student in Haskell Junior High School.

## Youth Revival Is Slated At Meth. Church

Rev. J. V. Patterson, pastor, announced that a Youth Revival will begin at the First Methodist Church, Haskell, on Sunday night, August 29, and will continue through Wednesday, Sept. 1.

The Sunday night service will begin at 8:00, with the week-day services at 7:30 p. m.

Glenn Smart will bring the messages Sunday and Tuesday nights, with Steve Harper preaching Monday and Wednesday nights.

There will be good singing and inspirational messages and everyone young and old are invited, Rev. Patterson said.

## Revival Slated At Foursquare Church, Weinert

The Foursquare Church of Weinert will begin a revival meeting Sunday, August 29, which will continue through September 5th with Rev. Katherine Byrd of Stamford, as the evangelist.

Services will be held each evening at 7:30, with exception of Sunday, which will be at 6:30 p. m. Morning prayer meeting will be at 9:30.

Rev. Mrs. Byrd is an outstanding minister of the gospel, having pastored churches in the Wichita Division for many years, also evangelistic work in other parts of the country.

Rev. Carl Pool, pastor, extends an invitation to all to attend the special services and receive a blessing from the Lord.

## Riding Club Wins Two More First Places

Making 10 road trips this season, the Haskell County Sheriff's Posse has won nine first places and one third place, for a record which is "tops" in anybody's books.

On Wednesday of last week, the Haskell Riding Club won first at Odessa, and the following day, Thursday, August 19, took first honors at Roby.

The colorful, all-palomino club, this season has won first place at Rotan; first at Mineral Wells; third at Vernon; first at Jackaboro; first at Aspermyer; first at Plainview; first at Snyder; first at Brownwood; first at Odessa and first at Roby. The club also set pivots at the Roby rodeo last Thursday night.

C. O. Holt, club secretary, said that 14 riders made the trip to Odessa and 16 to Roby. Haskell competed against eight clubs at Odessa and 6 at Roby.

The Sheriff's Posse is in Decatur, today, Thursday, August 26th.

## Town Hall Meeting Next Thursday Night

What Haskell is tomorrow, depends on what we do today!

Are you interested in Haskell? If so, you will attend the "Town Hall" meeting to be held next Thursday night, September 2, 8:00 o'clock in the District courtroom, courthouse.

Round-table discussions will include what is good and what should be done for Haskell, including industry, agriculture, education, highways, tourism... and oh, yes, something might be said about water.

This is a busy time of the year... for everyone... but we usually find time to do the things we want to do. Don't let John or Jane shoulder your responsibility. COME ON OUT TO THE "TOWN HALL" MEETING... lend an attentive ear, and enter into the discussions... at least YOU can do that much.

If YOU are interested in Haskell... its growth and development... BE PRESENT.

If you are not interested... just sit at home in your easy chair, watch TV... then cuss those who make decisions at the meeting.

Remember the date—THURSDAY NIGHT, SEPTEMBER 2, 8 O'CLOCK, DISTRICT COURTROOM, HASKELL.

## C of C Directors Plan Town Hall Meeting Thursday Night, Sept. 2

The Board of Directors of the Haskell Chamber of Commerce held their regular meeting Tuesday morning at Feller's Restaurant with the President, Don Muenzler, presiding.

Luther Walker, chamber manager, gave the "Hey-Day" financial report. A profit of \$780.00 was reported, less the amount used on the Depot Museum before "Hey-Day", which left a bank balance of \$489.56. Because some of the activities of the annual event did not show a profit, these will be changed another year.

Jim Sampson reported that merchants were well pleased with results of Flea Market. No other promotion will be held in connection with Dollar Day until after the first of the year. Plans are underway for the Christmas program. Santa Claus will be in Haskell the first week of December instead of his usual visit the last weekend of November. Bands of area towns are being asked to participate. Also, the Retail Committee is working on a plan with the local automobile dealers for a car to be given away.

President Muenzler suggested that a vote be taken at the next meeting whether United Fund should continue or not. The scholarship, given each year by this organization, was one of the important factors to be considered.

Jaycees now have all four signs erected on the highways leading into Haskell. They are now making preparations for the carnival to be held Sept. 30-Oct. 1. The County Fair will be held in conjunction with the carnival. Mrs. Barbara Elliott, Home Demonstration

## Cattle Theft Charge Is Filed Here

Charges of cattle theft have been filed against a Haskell County man arrested late Saturday by Haskell County officials in what Sheriff Garth Garrett said may be the largest cattle theft in recent years here.

Cary Meyner Jr., 32, was arrested Saturday by Garrett, Constable Raymond Dennison of Rule, and W. L. Henry, deputy sheriff, and is being held in the Haskell County jail in lieu of \$3,000 bond set by Peace Justice V. A. Brown.

Garrett said the arrest climaxed two days of investigation by Texas Ranger Homer T. Melton, Dwayne Cates of the Southwestern Cattlemen's Assn. and Garrett, in connection with the theft of cattle from a ranch five miles west of Haskell. The ranch is owned by Jack Morrow of Hawley.

Officials said cattle thefts have been reported in the area since early in June and that about 25 cattle are thought to have been involved.

Some of the stolen cattle already have been recovered and identified, Garrett said.

## Last Rites Are Held For Mrs. J. L. Grace, Sr.

Funeral services were held at 2 p. m. Monday in the First Methodist Church for Mrs. J. L. Grace Sr., 64, of Haskell, who died at 10 a. m. Saturday in Odessa.

Officiating were the Rev. J. V. Patterson, pastor, and Rev. W. T. Priddy of Anson Baptist Church.

Burial was in Willow Cemetery under direction of Holden Funeral Home.

Born Nov. 27, 1900, in Independence County, Arkansas, she was a member of the First Methodist Church and Rebekah Lodge.

Surviving are her mother, Mrs. D. C. Dunlap, of Haskell; one son, J. L. Jr., of Odessa; one daughter, Mrs. I. A. Lee Jr., of Amarillo; one brother, E. Dale Dunlap of Carlbad, N. M.; two grandchildren and two great-grandchildren.

Pallbearers were Bill Ratliff, Howard Perry, Raymond Lusk, Kirby Kirkpatrick, W. H. Baucus Sr., and Arthur McDonald.

## County's First Bale Ginned At O'Brien

The first bale of 1965 cotton for Haskell County was ginned Wednesday of last week, August 18, at the O'Brien Co-op Gin.

The bale produced by Delbert Hayes, O'Brien farmer, weighed 645 pounds. A premium of \$50.00 was paid by Farmers Compress Company, of Rule.

One of the most important things we learned at the conference, Arch and Evelyn reported, was that action programs through the churches, schools and other organizations in the communities prove that youth can become part of the solution, instead of part of the problem if given a chance.

Mr. and Mrs. Mayfield took Arch and Evelyn to Austin, but the youngsters returned by way of bus to Abilene where their parents met them.

Purpose of Attorney General Waggoner Carr's Youth Conferences is to stimulate existing church, civic, youth and other community organizations to devote more of their energies to projects designed to help youth meet the challenges of their generation through projects presented during the conference; to provide a clearing house for ideas among youth workers, church youth leaders, educators, law enforcement officers, recreation staffs, and other interested agencies and organizations... a clearing house filled with fresh new ideas for combating delinquency which they can implement in their own communities in cooperation with the adult community.

Mrs. Luther Burket, of Haskell, who had been appointed as official representative for Haskell County for the Attorney General's Youth Conference, was unable to attend.

**Absentee Voting Is Underway In Special Election**

Absentee voting is underway on the proposal to amend the Texas Constitution to enlarge the state senate from 31 to 39 members. Election day is Tuesday, Sept. 7.

This is the first of several proposed amendments to be considered by voters this year. Ten more will be submitted on November 2.

## Representatives Back From Youth Conference

Arch Ragan Mayfield and Evelyn LaVern Mayfield, son and daughter of Mr. and Mrs. John A. Mayfield, of Weinert, returned Sunday from Austin, where they had been attending the third annual Attorney General's Youth Conference on Crime. Both the Haskell county delegates were sponsored by Mayfield Grocery at Weinert.

Delegates to the conference were selected on the basis of community citizenship and leadership. Arch and Evelyn, students at Weinert, are active in school and church.

Evelyn Mayfield in an interview with the Haskell Free Press Tuesday afternoon said there were around 1,750 attending the Youth Conference.

"We had two full days with sessions beginning at 8:00 a. m. and continuing until 10:30 at night," Evelyn said.

One of the most important things we learned at the conference, Arch and Evelyn reported, was that action programs through the churches, schools and other organizations in the communities prove that youth can become part of the solution, instead of part of the problem if given a chance.

Mr. and Mrs. Mayfield took Arch and Evelyn to Austin, but the youngsters returned by way of bus to Abilene where their parents met them.

## Indians Working Hard For Opener With Electra Here

Only nine days left! That's right, there are only nine days left for the "Fighting Haskell Indians" to prepare for the Electra Tigers on September 3.

As the Indian workouts have progressed, it is very evident that they are out to win. Coach C. T. (Sonny) Everett reported that the "desire to win" was one of the Fighting Indians' greatest assets. The game with the Electra Tigers is scheduled for 8:00 p. m. in Haskell Indian Stadium, Friday, Sept. 3. They are expecting a large turnout to see them conquer their first foe.

In preparation for the 1965 football season, the varsity Indians will elect their captains Monday, August 30. Also, a special club has been formed among the Indians. This club is appropriately called the 119% Club, and gives special recognition to those Indians that give their best during the workouts. Those who made the 119% Club during the first week's drills, were Bobby Watson, senior quarterback; Jack Melton, senior end, and Frankie White, senior tackle.

Thomas Williamson, s.o.p.h.; Robelin Benavides, fr.; John Martinez, fr.; Glen Pogue, fr.; Tommy Patterson, fr.; Freddy Ray, fr.; Hal Spain, fr.; and Sam Stone, fr.

Managers for the 1965 Fighting Indians are, Kelly Adkins, Clinton Caljoway, Gene Hester, Johnny Stark and Roy Trussell. The coaches are very appreciative of these boys' work.

Coach Everett proudly announced Tuesday that two former Indians had received four-year scholarships. These Indians are Gary Conner and James Ivey, who plan to attend West Texas State and North Texas State respectively this fall. Both were very active in football and track throughout their high school years in Haskell.

As the "Fighting Indians" continue their workouts, the coaches have extended a special invitation to the fans and parents of the Indians to drop by and observe them during the sessions. Through these twice-a-day workouts, the Indians will surely represent their alma mater well Friday night, September 3, against the Electra Tigers.

## FOR WHOM THE "BELL TOLLS"

With senior and junior high school students pre-registering Monday and Tuesday of this week, and the Elementary students scheduled to register tomorrow, Friday, August 27th, everything is in readiness for the official school opening, on Monday, August 30, Hooper T. Wilkinson, superintendent, announced.

All first graders must bring birth certificates, and second graders through the sixth grade must have their book card and report card when registering, Elementary Principal, Mr. McCoy said.

As the school doors swing open next Monday, it will mark the beginning of the 81st school session in Haskell.

W. P. McCollum is high school principal; Hubert Bell, Junior High Principal, and Gerald McCoy, Elementary school principal. McCoy was moved to elementary school principal upon the resignation of Travis Smith, who served in that capacity last year.

Although the 1965-66 term of school gets underway Monday, students will have only one week to look forward to their first holiday, which is Labor Day, Monday, Sept. 6.

A complete list of teachers for Haskell schools was released by Supt. Wilkinson in last week's issue of the Free Press.

So, it's back to the "salt mines" Monday, for "whom the bell tolls."

## Haskell Jaycees To Sponsor Country Musical

A. G. Feiser, president, announced that the Haskell Jaycees will sponsor an old-time country musical in downtown Haskell on the East side of the square, beginning at 5:00 p. m., Saturday, August 28.

Musicians from Throckmorton, Stamford, Rule, Abilene, Haskell and possibly other towns will be present for the occasion, Feiser said.

No admission charge will be made and Jaycees extend an invitation to everyone to "come on down to Haskell" Saturday for the "shindig."

## Mrs. Norma Jean Childress Is Commended

Haskell County Tax Assessor-Collector, Mrs. Norma Jean Childress, has been commended by Robert S. Calvert, Comptroller of Public Accounts, State of Texas, Austin.

An excerpt from a letter received from the Comptroller of Public Accounts said:

"Dear Mrs. Childress. We are pleased to enclose a statement of your annual report for the year ending June 30, 1965, which shows your account to be in balance. We are always glad to check an account when it has been so accurately kept. Yours truly, Robert S. Calvert, Comptroller of Public Accounts."

## Weinert School Fall Term To Begin Monday

Superintendent Douglas Myers announced that registration of students at Weinert will be held tomorrow, Friday, August 27, at 3:00 p. m., including grades 7-12. A faculty meeting is slated for 9:00 a. m. Friday and on Monday, August 30, the official school term will get underway.

Faculty members are: Supt. Douglas Myers, who will also teach science; Principal Tiffen Mayfield will teach social studies; Kenneth Sanders, P.E., science and coach; Louise Chambers, Homecoming; Lia Moody, English; Mary Abbott, math; Sara Jones, Language Arts and Business; Sue Yeary, 5th and 4th grades; Betty Sanders, 3rd and 4th grades, and Mrs. Mabel Derr, 1st and 2nd grades.

Lunchroom workers are Mrs. R. L. Adams and Mrs. Ted Boykin, Custodian and bus maintenance, Ted Boykin.

## Haskell Merchants Attending Market

Mr. and Mrs. George Neely of Neely Dry Goods; Mrs. Veta Furrh and Mrs. Opal Adkins from the Personality Shoppe; Mrs. Hardin Cotfield and Alene Calhoun of Cotfield's Department Store; Mrs. R. A. Lane and Mrs. Viara Felker of Lane-Felker; Mr. and Mrs. Bob Wheatley and Robin, of C&E Store; Mrs. S. Hassen and Raja of Haasens; and Mrs. Elma Guest, of Elma Guest Ready-to-Wear, are in Dallas this week attending the Holiday Market.

## Farmers Home Administration Farm Tour Conducted Tuesday

For the purpose of showing local businessmen and civic leaders how the administration serves eligible farmers with needed credit and with technical assistance, the Farmers Home Administration conducted a tour Tuesday, August 24.

The tour began on the West side of Haskell County courthouse at 8:00 a. m. and included stops at the farms of Samuel C. Turner, Doyle Baugh and Joe Fletcher.

The first stop was at the Samuel T. Turner farm where the group viewed a system of farming of irrigated cotton, maize and wheat.

The second stop was at the Doyle Baugh farm, where the system of farming is cotton, maize, feed and beef cattle.

At the Joe Fletcher farm, the third and final stop on the conducted tour, the group viewed the system of farming coastal Bermuda, alfalfa and beef cattle.

The FHA in Haskell County is serving 170 farmers at the present time. 106 of these require annual recurring operating loans. In the past three years, approximately the same number of farmers used over 2 million dollars credit to operate their farms and live on. In the same period, 45 Haskell County farmers purchased their farms through FHA at a cost of more than a million dollars. The administration also has made 13 rural housing loans to 13 individuals totaling \$134,000; one Soil and Water Association (Sagerton Water Supply Corp.), for \$126,000 to develop a domestic water system; 5 individual soil and water loans totaling \$89,750 and 6 economic opportunity loans totaling \$12,350.

County Supervisor Donald R. Perry said the average gross income of FHA borrowers is approximately \$10,000. FHA is helping 170 farmers in one way or another to keep their land and stay on the farms. This amounts to approximately \$15 million dollars gross cash income each year that FHA borrowers have.

## ANOTHER LABOR DAY

The months and the seasons roll by fast. Soon Labor Day will be here, bringing with it another long and welcome holiday weekend.

It is among the newer of our national holidays, but it is universally observed within this country. It was established to celebrate and to commemorate the tremendous contributions the working people have made to the progress, strength and development of this nation. That is still its purpose, though that purpose has become somewhat obscured as the Day has become more and more a time for fun and a momentary escape from the serious matters of life.

Over the years, American labor has gone far indeed. Tremendous advances have been made in wages, working conditions, job security and all other labor benefits. Labor's status is a high one nowadays. That is as it should be. At the same time, the nation is entitled to demand an equally high sense of responsibility on labor's part. It must demand that labor's power be used with restraint, and with the national interest always in mind. This certainly has not always been the case.

After all, the legitimate goals of labor, organized or unorganized, are the same as those of all other groups within the country... a better life, under a system which guarantees the maximum freedom to the individual. That is what we should determine to strive for this Labor Day.

## YOU DO

Suppose you work the standard eight-hour day and are in an average income bracket. How much of that time goes to pay for elements that make up your cost of living?

Here are some examples: Food and tobacco cost one hour and 18 minutes; clothing and related items, 30 minutes; recreation, 19 minutes; transportation, 39 minutes; medical expenses, 21 minutes.

But there's another item that is bigger than any of these. It is taxes. They account for two hours and 20 minutes of your working time—more than a quarter of the whole.

To put it another way, it means that you must work more than three months of each year before you begin earning money you can spend as you wish. Taxes take all that you make during that three-month-plus period.

The chances are that this will come as news to a great number of people. They have small knowledge of the size and scope of the tax bill, the primary reasons being that many taxes are hidden in the cost of the goods and services we buy and that most individual income taxes are paid through the withholding system, rather than being personally paid to the government by the earner. But, realize it or not, they are the biggest single item of expense to most of us.

In sum—who pays for big and wasteful government? You do!

## BEDROCK

Love of freedom, respect for the individual, and a society dedicated to laws which hold inviolate the rights of property and persons, are the bedrock upon which our country was built. Under the pressures of war, population growth, inflation and the complacency of prosperity, there has been a crumbling of this bedrock.

In ways too numerous to mention from the rising crime rate to the philosophical acceptance of continually depreciating currency, the people have shown a declining regard for the "American dream" which took root in our land nearly two centuries ago.

Never has there been a greater need for the people in all walks of life to take a renewed interest in public affairs and the actions of public officials, lawmakers and legislative bodies. Especially is this true of businessmen. Speaking of businessmen, a leader in the business world, A. C. Rubel, retiring chairman of the Union Oil Company of California observes: "Many businessmen ask: 'Why become involved in the affairs of government? I'm doing all right. The answer is that government has become deeply involved in the affairs of business... your business. As a businessman, you had better become involved, or you will wake up too late and find you are on the outside looking in. By government I include everything from the local school board to the Federal Administration in Washington.'"

This word to businessmen applies to everyone of us.

## STERN MEASURES NEEDED

David Lawrence led off one of his recent columns with these striking words: "Everybody naturally laments the loss of 503 Americans in Viet Nam during the last four years, but it may come as a surprise to learn that in a single year in the United States itself, nearly 16 times as many persons... or approximately 8,000... were murdered."

Tragically, there is every evidence that our Viet Nam casualties will materially increase. But it would take a staggering increase indeed to bring their numbers up to the dreadful murder toll. And all other major crimes, as the FBI and other authoritative sources tell us, have been skyrocketing.

This is a cause of deep concern at the highest governmental levels... as President Johnson's appointment of a 19-member commission to study crime and recommend means for arresting it demonstrates. In his words, "The time has long since arrived for the nation to discard obsolete and unworkable methods of detecting and apprehending criminals." A great many experts are convinced that, as of now, there is excessive coddling of criminals at the expense of the law-abiding public.

Violence abounds, not only in the streets of the great cities, but in the countryside as well. Stern measures will be needed to control it.

## Haskell County History

30 YEARS AGO  
(August 22, 1885)

Dr. Gaston Foote, formerly pastor of the First Methodist Church here, now pastor at Pampa, will deliver the commencement address for the August class of McMurry College, Abilene, Wednesday night, August 28.

A modern type Superior all-steel school bus was purchased during the latter part of last week by the Haskell School Board.

Doors of the Ben Franklin Store, Haskell's new variety business, will open Saturday morning.

The Haskell Municipal Band will give their regular weekly concert Sunday afternoon at 4:30 o'clock on the east side of the Oates Drug Store building.

Director Joe Meacham states that membership in the band is rapidly increasing.

Mrs. Foster Davis was hostess to members of the Contract Bridge Club Tuesday afternoon at their regular weekly party.

Football practice will begin here Monday afternoon for the Haskell Indians, high school entry, and possible players are being told to report at four o'clock for checking purposes. At least 30 boys are expected to become members of the local squad at the start of the season.

The residence of J. M. Cameron in the east part of Haskell was destroyed by fire on Monday night about 9 o'clock, together with practically all household effects.

The first bale of Haskell county cotton from the crop of 1935 was ginned at Rochester Monday.

Pictures of the proposed new North Ward school building which would be erected partly from PWA funds and a local bond issue, have been placed on display at four business houses. Voters will vote on the polls here Saturday, August 31, to determine whether bonds shall be issued amounting to approximately \$25,000, which will be spent only in case the free grant of about \$20,000 is approved by the government.

40 YEARS AGO  
(August 21, 1925)

Herbert Hannasz, Haskell County Club Boy of the Cook Community, made a good showing at the short course held recently at A&M College.

W. G. Pope, who resides north of town, brought in what is said to be one of the finest watermelons produced in this section in some time. It weighed 56 pounds.

H. H. Hardin, with headquarters at Fort Worth, is putting in a new stock of lumber in the old Guest Lumber Yard sheds north of the square.

Mrs. Bertha McNeill is out of Grissom's Store this week, taking her vacation. Misses Beatie, Jessie and

Thickie Johnson and brother, Wiley, of this city, just returned from an extended trip to New Mexico and other western points where they spent a happy vacation.

Miss Elva Cox of the Post-office department, is taking her vacation this week.

Mr. and Mrs. J. A. McKee returned this week from a trip to Lubbock where they visited their daughter and family, Mr. and Mrs. R. N. Squires.

Mr. and Mrs. R. C. Couch and family have returned from their vacation trip to the Ozark mountains of Arkansas.

Mr. and Mrs. Otis Golden and little daughter, Juanita, of Ft. Worth, visited Mr. and Mrs. Dennis Ratliff last week and while here Messrs. Golden and Ratliff visited the plains and Mrs. E. L. Moody of Balinger.

Mrs. N. McNeil has let the contract for a new two-story apartment house on her lot just west of the Methodist Church.

Haskell Banker R. C. Montgomery and family left last Saturday for Ruidosa Springs, N. M., where they will vacation. A colored man and his wife went along to tend the camp and do the cooking.

60 YEARS AGO  
(August 26, 1905)

Mr. H. S. Post has purchased Dr. Post's residence and moved into it.

Mr. A. E. Parker, of Dallas, and Miss Cora Edge, were married last week at the home of the bride at Marcy, in this county.

Mr. George Comegys and wife and Courtney Hunt of Merkel came over Sunday in an automobile on a visit to Mr. and Mrs. E. J. Hunt. The auto was the first to visit our town and hence was something of a curiosity to quite a number of persons. Mr. Comegys delighted many of the youngsters by taking them for short rides. The party returned home Tuesday.

Mr. L. W. Post has accepted a position as salesman for the Wapples Platter Company of Fort Worth. Haskell is in the territory assigned to him, so that his friends will get an occasional sight of him.

Mr. M. Pierson made a busi-

## LETTERS TO THE EDITOR

Anson, Texas  
Aug. 13, 1965

Haskell Free Press  
Haskell, Texas

Dear Editor:

I would like to express my sincere appreciation to your town for the fine baseball teams they fielded this summer. Haskell has a wonderful baseball program for their youth and the Teen-Age baseball field is

ness trip to Mineral Wells this week.

There is a bunch of millet on exhibit at the Farmers' National Bank, grown by county commissioner H. C. Cousins, that is over six feet in height. It shows what Haskell soil will do under favorable conditions.

Mr. A. J. Brown, who resides about five miles south of town, brought in a bale of cotton on Wednesday, being the first bale of the new crop. He was closely followed by Mr. John Lamkin with the second bale. Both bales were ginned-out Thursday morning by Earnest and Sanders.

Mr. Brown's bale weighed 661 pounds and Mr. Lamkin's 545 pounds. Both sold at 10 1/2 cents. A premium was subscribed and paid Mr. Brown on the first bale.

Mr. F. G. Alexander returned Thursday night from Chicago, where he purchased a big, full stock of dry goods for Alexander Mercantile Company in Haskell and Munday.

Mr. J. L. Turnbow has returned from a business trip to Fort Worth.

Capt. W. W. Fields went to Fort Worth Wednesday.

Mr. W. T. Hudson made a large shipment of cattle to Fort Worth this week.

something that few cities can boast of having.

My son was honored by the coaches of the Haskell Redskins by being asked to play catcher for their team in the District Tournament held in your town, and the state meet. The tournament was fine and I know much work went into this. These things just don't come out fine without a lot of work. Few towns have better baseball programs. The citizens of your town should be very proud of this.

The Haskell Redskins represented their town well in the State tournament, not only by winning third place, but by their fine sportsmanship. The citizens of Haskell must be proud of them.

My husband and I attended the tournament in Freeport and were proud to have our son be a "Haskell Redskin."

We would also like to take this means of thanking the sponsors, Mr. and Mrs. Ratliff, Herren, Wiseman, Mrs. Pippin, Mr. Terrell, Charles Chapman and Judge and Mrs. Chapman, who were with the boys. Also to the coaches who worked with the team.

May you continue to have "winning" teams from Haskell.

Sincerely,  
Mrs. Jim Rye,  
Anson, Texas

**TAX MAN SAM SEZ**

Every year thousands of taxpayers get themselves in a big sweat when Internal Revenue calls them in for an audit of their tax return. These good folks haven't kept records of their business transactions and quite often they don't have any records to support the deductions they have taken on their tax return. You may think that we have broken the phonograph record when it comes to this subject, but we want to say once again—keep records, keep records, keep records.

## YOUR COTTON IS GINNED FASTER, BETTER AT FARMERS' COOPERATIVE SOCIETY NO. 1

# ... WITH OUR ALL ELECTRIC GIN

Modern As Tomorrow... to Give You  
the Most Money for Your Cotton!

Farmers' Cooperative Society No. 1 has recently completed converting to a modern ALL-ELECTRIC GIN... with three Lummas gin stands and six Lint Cleaners and two dryers. Our modern equipment permits us to handle up to fifteen bales of cotton an hour. This means we can handle your cotton, not only faster, but more efficiently and turn out the best grade possible. You will get more per bale, thanks to our modern gin equipment and methods. We guarantee a better turnout for your dollar. We are now in operation and welcome the opportunity to serve our friends and neighbors with quality ginning.

Here's What Farmers Cooperative Society No. 1 Can Do for You...

- Raise your cotton a full grade or more!
- Make you more dollars on every bale!
- Give you uniform staple length and better cotton!
- Keep your lint loss at a minimum!
- Comb your cotton as it's cleaned as it's bloomed!
- Gin it faster than ever before!

"IT COSTS NO MORE TO USE THE BEST!"

Mr. and Mrs. Anton Tichelmann and Marilyn and Mrs. Elmer Moedecker made a trip recently to Omaha, Nebraska, where they visited with Mr. and Mrs. T. C. Rice and family, and Mrs. Boedecker remained there. Then the Tichelmanns went on to DeKalb, Iowa, where they visited with Mr. and Mrs. Winston Hold. Mrs. Hold is the former Darlene Tichelmann. While there they visited in Chicago and Dubuque, Iowa, where the Holds will live while he is attending Seminary. Mrs. Hold will teach in Dubuque, Illinois, which is just across the river.

Mrs. Hilda Koch, Mrs. Kainer returned home last weekend from Midland, where she had been visiting the Bradshaws. Guests at a birthday party Monday, Aug. 16, in honor of Will Stegemoeiler were: Mr. and Mrs. August Balzer, Mr. and Mrs. Cliff LeFevre, Mr. and Mrs. Delbert LeFevre, Kent, Larry and Jill, Mr. C. E. Stegemoeiler, and F. A. Stegemoeiler.

Mrs. Harvey Jordan, who was a patient at Hendricks Memorial Hospital in Abilene for about two weeks has returned home.

Guests in the home of Mr. and Mrs. Reece Clark Sunday were: T-Sgt. and Mrs. Ted Terrell and children, Kay and Clark, who have recently returned from Okinawa, Mrs. Eunice Miller of Jacksboro, Mrs. Jessie Parmalee of Rule, Mr. and Mrs. Charles Clark, Mr. and Mrs. Joe Clark and Peggy, Mrs. John Clark, Whit Clark, Mr. and Mrs. Cliff LeFevre, Mr. and Mrs. Delbert LeFevre, Kent and Jill, Mrs. Oscar Manske, and Tom and Johnny.

Mr. and Mrs. Edith Kainer are visiting their son, Carl, and his wife in Iowa. They plan to sightsee while they are up there and plan to go into Canada.

Mr. and Mrs. Barney Ross and Yvonne visited with Mrs. M. D. Ross and other relatives at Dublin recently.

Revival services will be held at the Sagerton Methodist Church this week beginning on Wednesday evening at 7:30 until Sunday evening. Morning services will be at 7:00, on Thursday and Friday mornings, and at 10:45 on Sunday morning. The pastor, Marvin Arprieister, will conduct the revival services. All people of the community are invited to attend.

Mrs. Stein of Rule and her daughter, Lillie, of Tucumcari, N. M., visited old friends here last week. They visited the August Balzars and the Oscar Manskes.

### CHRISTIAN SCIENCE SERVICES SUNDAY, AUG. 29

The lesson-sermon to be read in Christian Science services on Sunday, Aug. 29, will underscore the need for people today to demonstrate the power and practicality of Christ Jesus' teachings.

Passages from the Bible and the Christian Science textbook on "Christ Jesus" will include His promises as recorded by the Apostle John: "Verily, verily, I say unto you, he that believeth on me, the works that I do shall he do also." (John 14:12).

Related readings will contain the following lines from "Science and Health With Key to the Scriptures" by Mary Baker Eddy, the discoverer and founder of Christian Science: "My weary hope tries to realize that happy day, when man shall recognize the Science of Christ and love his neighbor as himself—when he shall realize God's omnipotence and the healing power of the divine

Love in what it has done and is doing for mankind... The life-work extends through time and includes universal humanity" (pp. 36, 328).

# Mr. and Mrs. R. C. Couch Sr., Back From Touring In Eastern Oklahoma

EDITOR'S NOTE: The following article was written for the Free Press by Mr. and Mrs. R. C. Couch Sr., of their recent eventful trip to Eastern Oklahoma.

Since we have just returned after a very pleasant and happy 16 days in Eastern Oklahoma, we find that our former trips through these parts have been in the "hurry" order, and we have been missing the highlights as they really exist. But this time, the "hurry" was scratched out. We saw many interesting things and we enjoyed every inch of the way.

At Pottotoc (you might find this place on the map and you might not), we made a surprise visit to one of our fellow travelers and it seemed to make her so happy that she went all out to give us special attention. When asked where she lived, they told us the place, but said that we cannot tell you where she is, as she does a lot of going. But she was at home. She has a lovely country place with lots of yard and garden and many pecan trees. One pecan tree looked as though it were 200 feet tall, but it was likely less. She told us that the tree last year produced 400 lbs. of pecans. After showing us their ranch, I told her that I could tell at once that she would never move her out of Oklahoma. She said, "No, since I am living in the place where I was born, I expect to be buried over on the hillside with the other Indians." We will not forget Mrs. Keiser.

There was a ranch couple who lived up above this place several miles and I asked Mrs. Keiser if she knew the Stanford family. "Oh!" she says, "they are my best friends," and then I told her that they both went to school to me some 60 years ago in Lubbock County. She went with us there and we had a good time together.

After arriving at the ranch we had to talk school for a while and see some pictures and then we went to the usual ranch talk. Dowell (Stanford) said that he had worked for a Lubbock rancher in the early days and he at the same time had this ranch in Oklahoma. So he moved to this place in 1927 and began buying land at \$15.00 per acre. I asked him what it would cost now and he said "\$150.00 per acre." In the pasture in front of the house, he had 350 head of 2-year-old steers. We saw many of them and I think they were about the fattest and the fullest cattle I ever saw on the range.

Due to a busy schedule our visit was not completed but it was set to be finished at an indefinite future date. We did learn that his cattle numbers reached the thousands. They called this territory, "Hereford Heaven."

We continued the next day

Six Flags Over Texas' staff of 1,500 talented youngsters, such as the group of Crazy Horse Saloon singers pictured here, create the fresh, entertaining and wholesome atmosphere that has made the \$13,000,000 fun Park, located midway between Dallas and Fort Worth, the state's most popular tourist attraction.

up to Tulsa where we found a nephew and family and they had finished their higher schooling with a Mr. Poteet, a Haskell County boy, at A&I. We enjoyed seeing Tulsa as we had not seen it in 30 years. It was just another place altogether. You have to drive miles to get through it. This kinsman was Gulf Oil manager for Eastern Oklahoma, and he had a pretty busy job. This, with his small ranch interests, kept him busy.

The climax of our trip was reached at Bartlesville where we spent several days with our Haskell Old Timers, Mr. and Mrs. A. N. Hughes. They are retired and with nothing to worry about and this is proven by the following incident.

When we reached there one morning, Arthur told us that they had sold some calves and they were in the lot for delivery. Elsie said, "No, they are not in the lot. The trucks got them this morning about two or three hours before you got up."

The Hughes live in the edge of Bartlesville and also on the edge of a very large ranch. Since the ranch has been given to their sons they also manage it. Mr. Hughes has been a long time employee of the Phillips Petroleum Company, and he proudly says that he sold the first gallon of gas that the company put out. He continued in various capacities until his retirement some 10 years ago. Bartlesville is the richest town for its size that we ever saw, with (only) 35,000 population. It has many fine buildings to prove its worth. It is the headquarters of the Phillips Petroleum Company, and Frank Phillips has certainly left his footprints there. He left the Woolaroo. Now, what is woolaroo, and how did it get its name? It got the name from woods, lakes, rocks, a 1000-acre park where you see buffalo, deer, Texas Longhorns, etc.

But this is only a small part of it. You could spend all day in the museum and still not get through. Then Frank Phillips has one of his homes there, a very interesting place. The wife's room is filled with her friends' pictures. If they displeased her in any way, she took their picture down. Admission is free. Arthur's experiences in his many years of work are unique but very interesting and we will not have room for them here.

You can hardly spend a time in Eastern Oklahoma without giving a day to Will Rogers. So we went down to Claremore to his memorial which is also free. You can spend a day here in a very interesting way, especially if you were raised up in the shadow of a cowboy. The Long museum is interesting, but it cost \$1.00 per head to see it. Will Rogers was not born in Claremore, but he says he was because nobody but an Indian could pronounce the name of his birthplace. It was Oologah. Now try it.

The Hughes are delightful hosts. They do much entertaining and enjoy it. We will ever be indebted to them for a very, very lovely visit.

Before leaving home we made a date for a stop at Henrietta, Texas. This was where I finished high school in 1901 and when you go back over these 64 years you do not find the old friends that you once knew. At this time not one of my class is living there and but few of them can be found elsewhere. We met some of our traveling friends there and all made the trip over again. I met the sister of one of my old friends and the daughter of another one, but the Old Flames are gone. One pleasure I got was telling my age when none of them would believe it.

For a short sight-seeing trip we recommend Eastern Oklahoma. We think you will decide that "Hereford Heaven" is a good place to go. — Mr. and Mrs. R. C. Couch, Sr.

**VISIT HERE**

The Rev. and Mrs. M. D. Rexrode of Irving, visited in Haskell Wednesday and Thursday of last week in the J. P. Perrin home. Rev. Rexrode is a former pastor of the local First Baptist Church, having served in that capacity for many years.

Their son, Bob, who has been with the Bowie school system for the past two years, will be in Irving next term where he will be an instructor and football coach.

## OIL NOTES

An upper Strawn sand discovery well has been completed six miles southwest of Haskell in a new producing area in Haskell County.

Latest strike is G. W. Strake of Houston No. 1 H. D. Bland, located in William Walker survey 63.

No. 1 Bland had a daily potential of 90.41 barrels of 42.3 gravity oil. It is pumping from four perforations per foot at 4364 1/2-68 1/2 feet. The 5 1/2 inch casing was set at 4557 feet.

The hole was drilled to 4779 feet and plugged back to 4578 feet.

It is located 1127 feet east of Strake No. 1 Thejma Adams Vogelsang, et al, a deeper Strawn sand discovery. No. 1 Vogelsang was completed July 5 for a daily potential of 115.08 barrels of 39.6 gravity oil, plus 30 percent water, pumping from open hole at 4742-48 feet.

J. R. Christi of Breckenridge filed application to re-enter and deepen to 5000 feet a wildcard 20 miles east of Stamford. It is No. B-1 T. G. Hendrick Turst. Site is 1320 feet from north and west lines of section 3, ETRR survey. The venture was originally drilled by the same operator and plugged in 1964 at 3253 feet.

**VISIT IN FORT WORTH**

Mr. and Mrs. Frank McCurley and Mr. and Mrs. Buck Kendrick visited relatives and friends in Fort Worth this past week. They also visited Mrs. McCurley's brother, Bob Isham, who has been receiving treatment in St. Joseph's Hospital, Fort Worth.

## Many Women Will Benefit From 1965 SS Law

ERITOR'S NOTE: This is one of a series prepared for our readers by R. R. Tuley, Jr., District Manager for the Social Security Administration at Abilene, Texas.

The changes made by the 1965 Amendments to the Social Security Act will have many benefits for women over 60 years old, and to a lesser degree for men in that age bracket.

First, widows may elect to start their benefits at age 60, by taking a small reduction in the amount of the monthly check. For example, if a widow would be due \$60 per month at age 62, she could start benefits earlier and get from \$52.00 to \$59.80, depending on how many months she lacked being age 62. This becomes effective with September, 1965.

Second, a widow who has re-

married, may establish her rights to benefits on her deceased husband, or on her current husband. She will be paid on the record that produces the higher benefit. This also applies to dependent widowers, where the wife was the source of his support.

Third, if a marriage of more than 20 years' duration ends in divorce, the wife may be paid at age 62 or later, if she is unmarried at the time she files her claim.

These provisions are effective with September, 1965.

An example of the second situation above shows that if her former husband had built up a basic benefit amount of \$80 and her current husband one of only \$70, she would be paid \$40 (slightly less if not yet 65). Thus, eligibility on the former husband will usually not be established unless her current husband's social security record was lower than the first one's.

## Terry County Pioneers To Hold Reunion

"The fifth annual reunion of the Terry County Pioneers Association is scheduled to be held in Brownfield, Texas, on Saturday, August 28, 1965. The affair will be held at the American Legion Hall, located at 800 Seagraves Road, and registration will begin at 8:00 a. m.

Present members of the association, who now number about 500, as well as former residents and their children who have lived in Terry County for 40 years or more, are invited to attend and bring a picnic lunch. All persons who qualify for membership are especially urged to attend and register, as this organization affords an excellent opportunity to renew acquaintances, meet new friends and reminisce about the "pioneer days in Terry County."

## PATTERNS FOR PROGRESS IN COMMUNITY DEVELOPMENT

## The Industrial Team selling a community to industry

WTU area development representatives are available to assist growth-conscious communities in planning economic development programs

When a community prepares itself to attract new industry, a strong industrial team is essential. Industry representatives want all the facts. And only informed team members can sell a community's story accurately plus solving the industry's problems on a new location.

Team members must be thoroughly and completely informed on labor . . . taxes . . . utilities . . . transportation . . . sites . . . insurance . . . city commitments . . . and financing . . . thus indicating a minimum of seven members on the team.

As a PATTERN FOR PROGRESS a permanent Industrial Team is a definite requirement in a community's economic development program.

WTU's area development representatives have information about the organization and operation of an industrial team. This service is available to growth-conscious communities on request through your local WTU manager.

### McDonald Man of Many "Chores," But Finds Time to Clean Cemetery

If neat and well kept surroundings are criteria for self contentment, those resting in Pleasant Valley Cemetery are assured of this continued contentment through efforts of H. H. McDonald of Haskell.

Five or six years ago, McDonald noticed tall sunflowers and weeds literally taking over the cemetery. Each time he passed to go mow his mother's lawn, this overgrown cemetery bothered him. He decided to mow it and has ever since.

"I figured with a power mower it shouldn't be too hard to keep up. It isn't," said McDonald, who has a green thumb, jollier than the Jolly Green Giant.

McDonald has no immediate relatives buried in Pleasant Valley. He has two aunts and a cousin, and his wife has four relatives there. The cemetery contains an acre of ground.

McDonald was observed by one of Haskell's citizens who felt the cemetery's benefactor needed help. The citizen took it upon himself to collect donations to buy McDonald a lawn mower. "He didn't get enough to buy a mower, but he got enough to help," notes McDonald.

One acre of grass cutting does not keep McDonald overly busy. He has a quarter of a block homesite where flower plots and a vegetable garden grows. The site is shaded by bearing pecan trees which are McDonald's pride. His wife's pride is the flower garden with many varieties of flowers.

In his garden McDonald grows everything from peanuts to Swiss chard. The pride of the flower garden is the several varieties of man-tall cannas.

When the chores are done at the post office where he has been mail clerk for 21 years, in the flower garden, vegetable garden and the cemetery, McDonald heads for Lake Stamford to relax at his best-liked hobby, fishing.

MRS. KENNETH MICHAEL PARKER ... formerly Miss Sandra Letz

### Sandra Letz, Kenneth Michael Parker Exchange Double Ring Wedding Vows

Sandra Letz and Kenneth Michael Parker exchanged double-ring wedding vows Friday evening, August 20, at 8:00 o'clock, in the Church of Christ of Haskell. Ray Wells, minister of the Church of Christ, Lometa, read the vows.

Parents of the couple are Mr. and Mrs. Marvin Letz of Haskell and Mr. and Mrs. B. W. Parker of Quanah.

Kent Denton, brother-in-law of the bride, was soloist. He was assisted by an ACC chorus. Honor attendants were Mrs. Kent Denton, sister of the bride, and Bill Parker, brother of the bridegroom.

Bridesmaids were Mrs. Martha Gaines of Abilene and Mrs. Ray Wells of Lometa. Dezarae Gaines served as flower girl.

Given in marriage by her father, the bride wore a gown of silk organza over satin with bateau neckline and elbow-length sleeves. A band of re-embroidered alencon lace defined the waistline and another enhanced the skirt. The slim-line skirt featured a chapel train. Her silk illusion fingertip veil was caught to a tiara of seed pearls. She carried cymbidium orchids with feathered carnations on a white Bible.

The bridal attendants wore moss green peau satin dresses. French roses in mosa secured their short veils. They carried long-stemmed yellow gladiolias.

Groomsmen were John Parker of Altus, Okla., and James Wade, of Roscoe.

Ushers were Kenneth McCoy, of Abilene; Garland Stark, of Haskell; and Lynn McFarland, of Longview. Flynn Gaines and Randel Parker were ringbearers. Candlelighters were Freddy Letz of Haskell and Danny Hisey of Rule.

The bride-elect is a graduate of Haskell High School and is attending Abilene Christian College where she is majoring in mathematics. She is employed by the ACC Campaign Office.

The bridegroom is an honor graduate of Quanah High School and is a chemistry major at

Abilene Christian College where he is listed on the Dean's Honor Roll. He is employed by the ACC Chemistry Department.

Following a wedding trip, the couple will be at home at 608 1/2 E. N. 15, Abilene, Texas.

The reception was held at the Magazine Club which was beautifully decorated with baskets of green and yellow summer flowers.

Music was furnished by Mrs. Brenda Hisey of Rule and Miss Donna Nanny of Haskell.

The table was laid with white organza over satin, centered with yellow and white flowers and tall yellow tapers. The four-tiered wedding cake was served by Mrs. Kenneth McCoy of Abilene. Charlotte Smith, of Quanah, laded punch from the crystal punch bowl.

Mrs. Don Nanny greeted the guests. She was assisted by Mrs. W. S. Pogue, Jr., Mrs. W. P. McCollum, Mrs. T. J. Finley and Mrs. Robert Speer Sr. Misses Donna and Brenda Nanny passed out rice bags.

The bride-elect is a graduate of Rule High School and is a student at Commercial College of Abilene.

The prospective groom is a graduate of Abilene High School and is employed at Western Electric in Abilene.

TO RECEIVE DEGREE

Robert Andrew Sego of Haskell is among 375 graduate students who have applied for master's degrees to be awarded at North Texas State University August 24.

Commencement exercises are scheduled for 8 p. m. at Fouts Field. There are 632 candidates for bachelor's degrees and 19 for doctor's degrees.

Sego, son of Mr. and Mrs. Robert H. Sego, 903 N. Avenue G, Haskell, is seeking the master of education degree in guidance.

### Hester Family Reunion Held At Georgetown

The descendants of Mr. and Mrs. Samuel E. Hester attended a reunion held in Georgetown Sunday, August 15.

There were 150 relatives and friends that registered for the occasion. Claude Hester of Georgetown and Mrs. Arch Hester, of Lubbock, were the oldest in attendance.

Also present for the delightful occasion, Mr. and Mrs. Roy Hester of Knox City, Mr. and Mrs. Floyd Hester and son, Billie Wayne, of Rochester; Mr. and Mrs. Jerry Floyd Hester, of Weibert; Mr. and Mrs. Ed Hester, Eddie and Gene, and Mr. and Mrs. Ira Hester and Diane of Haskell; Tom Estes from the University of Texas; Mr. and Mrs. Joe Ed Parsons, Jeanie, Budde and Billie, of Fort Worth; all from the Joe Hester family; Mr. and Mrs. Lewis Hester of Rochester from the Jim Hester family were also present, plus many other relatives from over the state.

The group met at the San Gabriel Park Auditorium, and a big barbecue dinner was on the agenda.

### Elsie's Hi-Lander Honor Employees At Six Flags

In order to show their appreciation to the teen-agers who were employed during the summer months at Elsie's Hi-Lander, Mr. and Mrs. Pete Jacobs, owner-operators, loaded the group into two cars Wednesday, August 18, and carried them to "Six Flags," for a day of entertainment.

Making the trip were Mr. and Mrs. Pete Jacobs, David and Rowena Jacobs, Elaine Marr, Carol Meeks, Toni Green, Darlene New, Doris Gordon, Pat Hillard, James Wolf, Linda Tidrow, Gene Gibbs and Mary Warren.

### Hospital Auxiliary Plan Halloween Candy Sale

In a meeting of the Hospital Auxiliary, August 18, it was voted to sell Halloween candy the last week in October. Those persons wishing to place their order early may contact Mrs. Terrell or any member of the Hospital Auxiliary.

Money earned from the candy sale will be used to recover or replace chairs at the Hospital.

### Social Honors Mattson Baptist Intermediates

The Intermediate girls and boys of the Mattson Baptist Church were entertained with a Sunday School social in the home of their teacher, Mrs. Mattie Struck, on Friday night.

A worship service opened the meeting. The group gathered around the piano and sang some favorite hymns, after which Struck gave a very inspirational talk on the 23rd Psalm. Mrs. Jamie Stewart concluded the worship with a prayer.

Members then gathered in the gaily lighted yard for various games which furnished diversion, then homemade ice cream and cookies were served.

Those present were Diana Davis, Susan Hale, Caron Guess, Mike Guess, Eddie Stewart, Susan Weise, Deborah Struck, Lola Mae Atchison, Janice Stewart and two visitors, Pam and Patricia Nichols of Mineral Wells and the hostess, Mrs. Mattie Struck.

### AT FORT BLISS

Army Capt. Aaron Webb, stepson of Mrs. Gladys B. Webb, 506 S. Orient St., Stamford, Texas, was assigned Aug. 7 to the High Altitude Missile Dept., Army Air Defense School at Fort Bliss, Texas.

Captain Webb was last stationed in Thule, Greenland. The captain attended Lueders High School. His wife, Mary, lives in El Paso, Texas.

season on teal ducks, Sept. 4-12. Special permits, already issued by deadline, are required for the teal hunt, for which there is a four-per-day and eight-in-possession limit after the first day.

Uzell cautioned hunters that dove hunting will be permitted from noon to sunset, that the usual regulations involving plugged guns to three shots and such, will prevail, and that the South zone season will not open until noon, Sept. 25.

The wildlife coordinator said the best time to hunt usually is late afternoon and that grain fields, wild seed areas and the stock tanks are favored shooting spots. He advised hunters to obtain land owners' permission and to avoid shooting on highways or from cars.

The dove limit is 12-a-day or 24-in-possession, after the first day. The white-winged dove area limits is 12 mourning doves and 10 white-wing, with double that in possession after the first day. Each dove must retain one fully feathered wing until finally processed.

**Baumgardner's Second Report On International Farm Youth Exchange**

By F. W. Martin, County Agent

Time is certainly flying by my visit with my second host family as an IFYE in West Germany is almost over, but it seems like almost yesterday that I arrived here. These past four weeks I have been in the west central part of Germany in the state of Northrhine-Westphalia near Soest. Soest lies just to the east of the Ruhr—the great industrial region which includes the cities of Cologne, Dusseldorf, Dortmund, and Essen. There are 16,000,000 people living in this state which has an area of only 13,000 square miles (1,200 people per square mile). The area around Soest is well suited for agriculture with fertile loam soil of loess origin, fairly level land, and adequate rainfall. In general, the farms are fairly large by German standards and appear to be very prosperous.

The farm which I am now visiting has 75 acres of cropland, and the main crops are wheat, rye, barley, rape (an oilseed crop), and sugar beets. The yields are very good—the average wheat yield, for example, is about 70 bushels per acre. The farmstead itself is located in a small village of about six hundred people. The buildings are large, well constructed (mostly of red brick), relatively old, but in good repair.

The house is 200 years old, but is well-furnished and modern inside. There is a large kitchen with an electric stove, dishwasher, refrigerator, and a large amount of cabinet space and work area. Adjoining is a large pantry where the deep-freeze is located and a washroom which contains the washing machine and dryer. The living room is richly furnished in oak, but this is balanced by the brighter color in the rug and by the many flowers and potted plants in the large picture window. The large entrance hall contains deer trophies and boar tusks on the wall (hunting is a very popular

**New Variety Of Tomato Produces In Hot Weather**

By F. W. Martin, Co. Agent

A new variety of tomato that will set and produce tomatoes during the hot months of the summer is doing well at the Plant Diseases Experiment Station at Yoakum.

The new variety, dubbed Summertime, was released by Texas A&M University and the Yoakum Experiment Station this spring. It was developed by Dr. Arthur L. Harrison, plant

pathologist at the Yoakum Station.

Dr. Harrison describes the Summertime tomato as a family-garden type tomato. It is rather small, about an inch and one-half to two inches in diameter. The sweet tomato is excellent for salads and may be sliced.

The best time to plant Summertime is in May or June and it will bear fruit until the first frost. Dr. Harrison says it is a heavy producer even though the fruit is small.

A problem with raising tomatoes has been getting a tomato that will set-on during the hot months, said Dr. Harrison.

When the night temperature stays above the 70 degree mark, most tomatoes will not set. "Night temperature is more important to tomatoes than day temperature," said Dr. Harrison.

The main advantages of Summertime are: (1) resistance to high temperature, (2) high yield, and (3) early maturing (60 days from planting.) says Dr. Harrison.

Several producers in the Yoakum area are trying the Summertime tomato and reports are very favorable. The Summertime tomato will do a lot to eliminate the gap between spring and fall tomatoes.

In the other barn are kept the two tractors, combine (7 ft. pull type), and the sugar beet harvester. There are also large storage bins with a drying system for the grain. In addition there is stall area for about 20 head of feeder cattle for the winter months. In the summer these cattle are grazed on the 10 acres of pasture adjoining the farmstead; and in winter they are fed sugar beet top silage, beet pulp, and a small amount of soybean meal. They receive no grain during the feeding period. Since Germany has no beef cattle breed as such, the existing breeds are used as dual purpose breeds. The Holstein is the most important. The cattle on this farm are Holsteins; they are purchased from a dairy operation when they are about six months old and are kept until they weigh 1100-1300 lbs. They are usually between 18-30 months of age when slaughtered. The current price is about 35¢ lb.

My host family includes the older parents who are about 60 years of age, their son and his wife who are about 35, and a little boy, 1 year old. The son rents the farm from his father, though the father and mother still do quite a bit of work. Everyone does work hard—we have spent much time thinning sugar beets while I have been here. My host mother and her mother-in-law have a good-sized job keeping the house clean and the garden worked and the meals cooked and the clothes clean, just like in America.

I find the living standard here very good. Though this is a relatively prosperous community, I do not think this family is too far from the average. As far as the farming operation and the swine and cattle feeding are concerned, I believe it is very representative of the German agriculture. The crop land is intensively used, a large share for small grains. Most of this grain is then fed and sold through hogs.

**Buy 1 1/2 Rain Tires, get 2.**

This is the time to get those two Rain Tires you've been thinking of getting. One at our no-trade-in price. The second for half that price.

But if you want to play it really smart, we suggest you buy three Rain Tires at our no-trade-in price. And get the fourth at no additional cost (except the tax on four tires).

Then you'll have a complete set of Rain Tires for your car.

With them, you'll be able to stop 30% shorter on a rain-slicked road than you could when your car was brand new. And on a wet curve, you'll hold the road 50% better.

You'll be in great shape when the sun comes out, too. Because a set of Rain Tires will give you more control in passing and cornering on a dry road than the tires that came with your car. And less wander when you're driving down a straightaway at 70 or 80.

(That's how much difference there is between The Rain Tire and the tires that originally came with the '64, '63 or '62 cars. If you own a '61 or earlier car, the improvement is even more dramatic.)

Just make sure you get The Rain Tire. The one that says U.S. Royal Laredo on the side. (Remember, one at our no-trade-in price will get you a second one for half that price.)

And don't settle for anything else. Even if somebody wants to give it to you for nothing.

**"GET-TOGETHER"**

Mr. and Mrs. W. E. Kirkpatrick, of Dimmitt, Castro County, Texas, entertained some old school friends in their home last week, including Mr. and Mrs. C. V. Payne and Mr. and Mrs. Earl Atchison of Haskell; Mr. and Mrs. Marvin Post of Denver City, and Mr. and Mrs. R. R. English of Plainview.

All above are residents, or former residents, of Haskell. Mr. English was county clerk here for a number of years. Mr. Kirkpatrick was with the post office and Mr. Post, insurance. On Friday, the Kirkpatricks, Atchisons, Posts and Paynes were guests of the English's in Plainview.

**RETURN HOME**

Mr. and Mrs. Wilbert Klose and daughters, Pam and Cam, and Mrs. Klose's mother, Mrs. Mack Mathews, have returned home after a week's vacation in Arizona and other points of interest.

In Coolidge they visited Mrs. Mathews' sister and also visited in Phoenix. They enjoyed the cool weather in the mountains at Pine Top, Arizona. On their return home they came by way of Juarez, Mexico, and later visited in the home of Mrs. Mathew's daughter, and Mrs. Klose's sister, Mr. and Mrs. Jimmy Alexander of Kermit, Texas.

**Welcome Showers**  
The rain Sunday evening was welcomed by all. It seemed we were being left out completely as rain had fallen in so many different areas, but it finally came, with better than an inch in different parts of the community.

With school starting classes Monday, Aug. 30, things will drift back to normal. So many have been on vacation, family reunions, visiting and entertaining company in their homes all the churches reported

attendance down both morning and evening services Sunday.

## Donations Are Secured For Oldtimers Museum

President Jasper Bevers of the Old Timers' Assn., of the Texas Cowboy Reunion, Stamford, announced he has secured a number of donations of old-time ranch use items for the museum of Oldtimers, which is located on Highway US 277 in Stamford.

President Bevers personally donated a wall magazine rack and a cast iron stove which belonged to his grandfather who ranched in east Haskell County.

His grandfather, Spence Bevers, sold the land to the Weinert family, where Weinert now is located.

Bevers stated "West Texas is rich in cattle history, and many historical items are stored away by pioneer families. We hope to secure these items, both from members and non-members, to display in the museum of the Oldtimers, each item marked in memory of the family or Oldtimer who contributes."

## TAX MAN SAM SEZ

The principal changes that Congress made this year in our tax laws was the reduction of excise taxes. Of course, any tax cuts benefit the taxpayer, but the manufacturer usually pays the excise tax. The tax cut will be passed on to the taxpayer through a reduced price on the articles that you buy. Most of us don't spend enough time keeping up with tax changes that affect us. There are usually several each year. We may not enjoy reading tax instructions but if we don't keep up with tax changes we'll miss a lot of benefits. Ignorance of your tax affairs can be costly. It's fine to have a good tax man but you should also keep yourself up to date.

# GET A CLOSE-OUT DEAL ON A PLYMOUTH FURY

Plymouth sales in Texas are booming!  
No question about it, Texans have taken to the '65 Plymouth Fury in a big, Texas-size way. And why not? Fury is the biggest, plushiest Plymouth ever, yet still solidly in the low-price field. And your Texas Plymouth Dealer is celebrating Plymouth's sales success by giving Texas-size close-out deals. Shop for a Plymouth Fury today! You get quality protection with Plymouth's 5-year/50,000-mile warranty\* on the parts that keep you going!

\*Here's how Plymouth's 5-year/50,000-mile engine and drive train warranty protects you! Chrysler Corporation confidently warrants all of the following vital parts of its 1965 cars for 5 years or 50,000 miles, whichever comes first, during which time any such parts that prove defective in material and workmanship will be replaced or repaired at a Chrysler Motors Corporation Authorized Dealer's place of business without charge for such parts or labor: engine block, head and internal parts, intake manifold, water pump, transmission case and internal parts (excepting manual clutch), torque converter, drive shaft, universal joints, rear axle and differential and rear wheel bearings. Required maintenance: The following maintenance services are required under the warranty—change engine oil every 3 months or 4,000 miles, whichever comes first; replace oil filter every second oil change; clean carburetor and filter every 6 months and replace it every 2 years; and every 6 months furnish evidence of the required service to a Chrysler Motors Corporation Authorized Dealer and request him to certify receipt of such evidence and your car's mileage. Simple enough for such important protection.

### Michael Overton Will Serve As Cadet Captain

Michael Eugene Overton of Haskell will serve as a cadet captain in the first Corps of Cadets of Texas A&M University.

The long list of cadet appointments effective in September was announced by Col. D. L. Baker, commandant of cadets.

The cadet corps will begin organizing with the traditional commanders' conferences Sept. 13-15. The cadet appointments will be made final about Oct. 1. Students who are juniors serve as cadet sergeants and seniors serve as officers. Each has been chosen as the result of an intensive selection procedure. Recommendations from the cadet corps, the nominee's records as a student and cadet and evaluations by military and university representatives are considered.

Overton will be Scholastic Character Guidance Officer of Headquarters, First Brigade. He is the son of Mr. and Mrs. M. E. Overton, R.R. 3, Haskell, and a graduate of Paint Creek High School. The A&M Senior is a physical education major. He was chosen as number one in his platoon at the Fourth Army Reserve Officer Training Corps summer camp held at Fort Sill, Okla.

### WTCC Agriculture Committee Meets Today In Abilene

The Agriculture Committee of the West Texas Chamber of Commerce will meet in Abilene today, Thursday, August 26 to discuss a range of farm problems and perfect its own subcommittee organization.

W. H. (Bill) Lance of Perryton, chairman, has set the meeting for 1:30 p. m. in the Parisian Room of the Starlite Inn. Thirty or more members are expected to attend.

Among the problems to be discussed is the farm and ranch labor picture as it exists in West Texas.

Committee members in Haskell are R. C. Couch, Jr., and R. W. Herren.

### ANNOUNCE BIRTH OF SON

Mr. and Mrs. Leroy Strickland, of Stamford, announce the birth of a 6 lb., 10 oz. son, Shannon Dale, August 8.

Shannon Dale has a brother, Jeff, and a sister, Lori. Grandparents are Mr. and Mrs. W. A. Fowler, of Haskell, and Mr. and Mrs. Buster Strickland of Rochester. Great grandparents are Mr. and Mrs. J. P. Patterson, of Rochester.

### The Good Earth

by MRS. B. F. COBB

Fall rains usually bring lush foliage and flowers for a last gay fling before frost.

There are many things to be done in the garden this month to help plants put on their best show.

Pull off all old blossoms to encourage new buds to form. Keep a close watch for insects and fungi. Cut back dead stems to the main stalk.

Where insects are present, spray with a good insecticide. Be sure not to dust with sulphur if an oil base spray has been used on plants. The oil catches and holds sulphur and severe burn to foliage is the result.

If wettable sulphur cannot be obtained, use a good grade of dusting sulphur on the soil beneath rose bushes to keep down blackspot and mildew.

There is still time enough to sow turnip seed. Turnips planted this late may not make quite as large a crop of roots, but will produce lots of greens.

Keep a vigorous cleanup program going. The only insecticide we have used this year was sabadilla dust. But we go after weeds constantly. Our hoe seldom rests a day.

Since my husband has returned from Fort Worth he has planted a large fall garden. Peas, beans, sweet and Irish potatoes, rutabaga turnips, purple globe and white velvet turnip, kohlrabi, winter radish, swiss chard, onions, beets, corn, mustard and lettuce are all up to a very good stand.

Our Italian canner tomatoes are literally covered in green fruit. The Porter Prides are loaded also. We keep the okra well watered and are rewarded by gathering from 1 to 2 gallons of tender, young pods a day.

Where blackspot or mildew is already established on a plant, dust with sulphur at night but be sure to wash the foliage off before the hot sun comes out the next day. This should be done by 10:00 at least.

Check your garden for material that will make lovely arrangements when dried. Gather flowers on a dry day any time from 10 a. m. to 3 p. m. Strip off all foliage; hang the blossoms with stem up, in a cool, dark, dry place. Be sure to not cover the flowers. A hot water heater closet makes a wonderful place to dry materials for winter arrangements.

Do not feed roses after September 1. This would cause young cankers to put out and an early frost would kill the

new growth. This often severely damages rose bushes. Stake and feed chrysanthemums. Do not let mildew at-

tack the plants. Scan Haskell Garden Club starts its new year. Once more gardeners' spirits are set afire with the desire to grow and show how the "Good Earth" can produce flowers under adverse conditions.

Gardeners will be busy the next two months taking cuttings from plants to be wintered in the house. Coleous, copper plant, Joseph's coat and many other plants do better from new cuttings than from trying to winter the old plant. Mrs. Ivy Calloway, plants root readily in a rooting medium.

### E. J. Stewart Rotary Speaker Thursday Noon

"The day of the 'shade-tree' mechanic is a thing of the past. With the changes in high compression engines, they are quite complicated and today's mechanic must be a specialist." E. J. Stewart, owner-operator of Stewart Motor Company told members of the Rotary

Club at the Thursday noon-day luncheon meeting. "There are 17 types of automatic transmissions and there has been rapid changes in braking conditions," Stewart said. "Diesel engines are becoming more popular, but they, too, are quite complicated," Stewart pointed out. Vice-president, Alvin Sherman presided over the meeting in the absence of President Woody Woodard. Invocation was given by Rev. Douglas Finch. Bob Herren led the group in song, with

Ruthie Withers at the piano. Ira Hester gave a short talk on Rotary Information and pointed out the number of delegates eligible to attend Rotary International Conventions. Sherman gave a report on the Little League, Junior and Senior baseball programs during the summer and club members agreed to "chip-in" \$1.00 per member to help defray the tournament expenses. Guests included J. J. Williamson, Plainview; Mordant McKinney, Rule; Frank Hickman, Wichita Falls and Robert Carress.

### BRAHMAN NOT COWED BY POPCORN

READY FOR SALTY STATE FAIR — At last year's State Fair of Texas, this Brahman found something better than a saltlick; a hole with some salt, but the salt was on popcorn. Undaunted and un-cowed, the Brahman won — everybody knows that eating popcorn is part of "going to the fair." The 1965 State Fair of Texas will run October 9 through 24 in Dallas, with the internationally significant Pan-American Livestock Exposition the major attraction of the first nine days. The Pan-American will feature the Premier Angus Show of the Americas, along with excellent shows of Hereford, Brahman, Brangus, Charolais, Santa Gertrudis and Shorthorn cattle. During the exposition, a superior dairy show also will be presented, with the Regional Holstein Show, State Jersey Show, and shows for Ayrshire, Brown Swiss and Guernsey cattle. In addition, there will be shows for purebred swine, sheep and goats.

### NEW MARRIAGE LAWS ARE EFFECTIVE SEPTEMBER 1ST

In order that persons might be better informed, County Clerk Bill Reeves is calling attention to the new marriage laws which will go into effect next Wednesday, Sept. 1, 1965. After September 1, there will be no waiting period to obtain marriage licenses, but the medical certificate must be presented at the time of the application of marriage. If both parties are of age, no one will have to sign the application, except the male and female

applicant, and they in turn must furnish proof of their age. Each minor applying for a marriage license must be accompanied by a parent or a guardian, who shall give written consent under oath to the marriage and also must furnish proof of identification. If both parents of the minor be alive, the consent of the father alone shall be sufficient. The consent of the mother shall be sufficient only when an affidavit, subscribed and sworn to by the mother before the county clerk, stating that she and the minor have lived in the county continuously for a period exceeding one year and that the father of the minor has been continuously absent from the county for a period exceeding six months; or that she and the father of the minor are divorced and she has sole custody and control of the minor for a period exceeding six months. No marriage license will be issued to a male under 16 or to a female under age 14. Remarried mothers signing affidavits must furnish a certified copy of a marriage license showing her marriage, from the name of the mother, of the minor as shown in the minor's birth certificate, to the name of the female shown in the proof of identification.

### Pfc. Larry Long Assigned To 3rd Armored Division

Army PFC Larry D. Long, son of Mrs. Dora M. Long, 900 S. Second St., Haskell, was assigned to the 3d Armored Division in Germany, August 10. Long is a member of Troop C, 3d Squadron of the division's 12th Cavalry near Bidingen, Germany. He entered the Army in March 1964, and completed basic training at Fort Knox, Ky. The 22-year-old soldier was graduated from Odessa High School, 1962.

### RETURN HOME

Mr. and Mrs. Jack Sanders and Rocky returned home Monday after a three-week vacation in Denver, Colo., and the White Mountains of northern Arizona. They visited with five of their children, Mr. and Mrs. Jack Sanders, Mr. and Mrs. Oman Sanders, Mr. and Mrs. B. D. Kirkland, all of Lubbock; Mr. and Mrs. Walter Cox of North Glenn, Colo., and Mr. and Mrs. Darwin Slade of Eager, Arizona. They also visited their niece, Mrs. Dorothy Lee Finn, of Clovis, N. M. They reported a very nice trip.

### VA Questions And Answers

Q—My son is leaving for military service and there is the possibility he might be sent where there is actual fighting. Can he purchase a Government Life Insurance policy?  
A—No. No Government Life Insurance is available as such. However, in the event of his death, his survivors have the protection of the Dependency and Indemnity Compensation program. Should he live, if he establishes after separation from service that he has a disability incurred in or aggravated by military service, he may be eligible to apply for an insurance policy which is available to certain disabled veterans.  
Q—I am a World War II veteran with no service-connected disabilities. Would I be eligible for the new "J" insurance?  
A—You would not be eligible unless you have a non service-connected disability which is uninsurable by commercial companies at their highest rates; also you must show that such disability existed on October 13, 1964, the date the new "J" insurance law was signed.  
Q—I have a skin cancer on my lip and expect to enter a VA hospital for its removal. My wife is in need of a similar operation. May she enter the hospital at the same time I do?  
A—Dependents of veterans are not eligible for treatment in a VA Hospital unless they themselves are also veterans.  
Small enough to become habit forming; large enough to add up quickly, the \$25 "Series E" U. S. Savings Bond — purchase price, \$18.75 — is a big beginner for the steady saver.

### Couches' Talk "Turkey" At Lions Session

"World Travelers," Mr. and Mrs. R. C. Couch Sr., brought the program at the Tuesday noon-day luncheon meeting of Lions Chamber of Commerce Manager, Luther Walker, was program chairman for the day and introduced Mr. and Mrs. Couch. Mrs. Couch showed interesting slides taken while touring Turkey, and Mr. Couch gave Lions information about the places they visited, as the slides were flashed on the screen. "Plentiful food was served in the places we stayed, but none of it was as good as the meal that was served here today, in this Lions' meeting," Mr. Couch said. On two occasions as slides were shown, Mr. Couch spoke up and said that was a harem but his pretty Missus corrected him. It seemed the senior Couch remembered quite a bit about the harems. Guests at Tuesday's meeting were Jack Shelley of Seymour, Commercial Representative of the General Telephone Company, and Wallace Cox Sr.
