COATS BENTLEY performed an act of kindness and accommodation for a stranger passing through Stanton one day recently and on Tuesday morning received a letter from the man he befriended. RAY E. COON, resident of Monahans, wrote: "I would not feel exactly right if I were to fail to comment on the kindly and friendly spirit shown by you on the occasion of my visit to Stanton recently. I have gained the thought that seeing exhibited the very friendly spirit of Stanton's folks made profitable to me, not expensive, the collision causing my train ride there. The signs giving expression of Stanton's 3,000 good folks, are now given to life, and the spirit is, to me, something beautiful to behold. That spirit should be spread and I hope to adopt and spread that 'Spirit of Stanton' elsewhere. To one my age, friendship thus created are far worth more than money."

Some very cute and attractive visitors arrived the past week end to spend a few days in Stanton with MR. and MRS. WOODFORD SALE. They are: MRS. DAVID BAUCOM and daughter, CONNIE LYNN, of Tyler and MRS. JACK WARD and son, RANDALL SCOTT, of Sulphur Springs. MRS. BAUCOM is the former SANDRA SALE and MRS. WARD is the former SHARON SALE. The twin daughters of the J. WOODFORD SALES married the Sulphur Springs boys they met while attending BAYLOR U. in a twin ceremony in Stanton's FIRST BAPTIST CHURCH.

Be sure and vote in Saturday's election. You must have a poll tax receipt. Four important amendment decisions must be made and in Martin County the question of creating a separate office of TAX ASSESSOR-COLLECTOR will be determined. Mayor's Job Goes Begging In Stanton

The job of mayor in Stanton apparently is an unwanted one. The official ballot for the special city election to be held on December 3, will find a blank space for writing in a candidate. And the man or woman receiving the most votes will win the mayor's race. One candidate, Albert A. Johnson, filed by deadline time as a candidate for the one seat to be filled on city council. He will run unopposed on the official ballot. Harvey White, city secretary, stated that his staff was ready to accept candidate applications up until midnight last Saturday night, the deadline for filing for the mayor's job. The election to be held in December will be conducted in the basement of the Methodist Church with a lot of write-in votes to be tabulated. As a matter-of-fact, as the situation stands right now, the whole town of qualified voters can be described as "probable" candidates.

Jake Bruton Resigns As Police Chief

Police Chief Jake Bruton submitted his resignation to the Stanton City Council Tuesday evening at the city hall. Bruton, serving only in temporary capacity, will cease to work on December 31, he advised the council. Chief Bruton was complimented by councilmen for the fine job he has done in keeping the local police department alert and efficient. He accepted approval. (Continued on page 4)

Absentee Voting Draws Little Interest

Mrs. Doris Stephenson, Martin County Clerk, stated to the press Wednesday morning that little interest had been shown in absentee voting for the November 9 special election. The deadline for voting absentee was 5:00 p.m. Tuesday, November 5. Mrs. Stephenson stated that three persons voted absentee and she mailed out one ballot for the election. She said election supplies for the Saturday election are ready. (Continued on page 4)

Welcome Oil Basin Inspectors

Experts of the Oil Basin Fieldmen's division for the Texas Insurance Advisory Association will conduct a complete fire prevention inspection in Stanton on November 13. The appearance in the city of the inspection teams was arranged by the Martin County Chamber of Commerce, the City Council, and the Volunteer Fire Department. All of these groups will aid the inspection tours. A luncheon will be held at noon on Wednesday at Motel Belvue and anyone desiring to attend will be welcome. The luncheon will follow the parade and morning inspection work. Inspectors will visit only those places in the business section giving permission for such inspection. This is a fine contribution to the town's safety program. The purpose of the visit here by the experts will be to alert our residents for any possible fire hazards now existing. We think the mission to Stanton of the Oil Basin Fieldmen's division inspectors is indeed a compliment to our city. We wish to extend them the warm welcome they deserve and hope their visit in our community will be beneficial, congenial and profitable to all concerned.

House Extends Bracero Program

The House passed Thursday a one-year extension of the Mexican farm labor program, amid indications that this is the last time the 12-year-old program will be extended. A 173-158 roll call vote sent the measure to the Senate. Rep. James Roosevelt, D-Calif., offered an amendment that would have provided that in 1964 only those farms which have used braceros in the

past would be eligible. It was defeated 109-89 on a standing vote. A bill to extend the program two years was defeated in the House last May 29. Speaker after speaker told the House he is supporting the one-year extension to give large users of bracero labor a chance to adjust to the end of the program, but that this is (Continued on page 4)

Mahon Predicts Approval Of Both Civil Rights, Tax Cut Measures

A proposed civil rights bill as revamped by a congressional committee still is objectionable, U. S. Rep. George H. Mahon emphasized Friday night. "I will not vote for it," he reiterated. However, the Congressman predicted approval either this year or next both of civil rights legislation and of a federal tax cut, which he also opposed. Mahon was "home" for a brief four-day visit. He returned Monday to Washington, where Congress is to remain in session except for Thanksgiving and Christmas recesses. "The civil rights bill approved in committee does not meet with my approval," Mahon said in an interview. He earlier had announced his strong opposition to public accommodations provisions in the proposed measure. Mahon said his "no" vote to a federal tax cut was supported by an "overwhelming ma-

Annual Martin County Capon Show Date Set

The annual Martin County Capon Show will be held this year on November 15 and 16. Announcement of the show date was released to the press this week by Bob Cox. The show will be under the supervision, guidance, and direction of the Martin County Chamber of Commerce. Cox, chairman of the Agriculture and Livestock Committee of the Chamber of Commerce, stated that capons will be required to be brought in for exhibition between 4 p.m. and 6 p.m. on the afternoon of November 15. Judging will be held on November 16 with Marshall Miller of Texas A&M University Extension Service in charge. Slim Owens of Big Spring, will serve the show as auctioneer. The auction will be held at the Martin County Show Barn promptly at 2 p.m. on Saturday afternoon, November 16. Ribbons and trophies will be presented to the winners. Each exhibitor will be allowed to enter five birds and only four of the five will be eligible for the auction sale, Cox said. Cox stated that the top 80 capons would be placed on the auction block.

Freeman Meeting In Lubbock Cancelled Out

Martin County and area farmers, who had planned to go to Lubbock Monday to attend a meeting with Secretary of Agriculture Orville Freeman, were advised shortly before the time for the meeting that it had been cancelled. The Martin County farmers had to find it out — news of the cancellation, the hard way. They got it from farmers in Big Spring and Howard County, who had been alerted by Carroll Davidson and Carlton Chapman, that the meeting was off. Chapman and Davidson had journeyed to Lubbock Sunday from Big Spring to line-up details for the conference with Secretary Freeman. They received news on their arrival that Brother Freeman had took off for Washington. It appears he had urgent business up there on the Potomac River where they have no tobacco bud worms or beet

Civic Groups Cooperating In Campaign

Plans for Stanton's first Texas Town Inspection is near completion as the fire prevention experts of the Oil Basin Fieldmen's division prepare to conduct a one-day hunt for fire hazards in this city, November 13.

Hugh T. Lorimer, Jr. of Abilene, president of the inspection group, will head up the team of approximately 20-25 specially-trained "Hazard Hunters." The inspection is being conducted under sponsorship of the City of Stanton, Volunteer Fire Department and Martin County Chamber of Commerce.

The inspectors, who will be easily recognized by their bright red jackets, will hang tags bearing the legend "fix-me" on any and all potential fire hazards uncovered in their attic-to-basement search. While the downtown area gets a thorough going over, another group will be inspecting Stanton schools and churches. At the schools, special stage shows explaining the dangers of fire will be presented. The inspection is being conducted on a strictly permissive basis and no property owner or tenant will be compelled to submit to an inspection. At each premises, a booklet explaining how corrections of hazards can be made will be left with each occupant. There is no penalty involved for non-compliance as the inspection is being made strictly as a public service.

A parade, signaling the start of the inspection is tentatively planned for Wednesday morning, November 13.

Philosopher Tries To Decide Whether We Should Go Ahead With Man-On-Moon Project

(Editor's note: The Martin County Philosopher on his grass farm on Mustang Draw discusses a burning issue of the day.)

Dear editor:

A man in town stopped me the other day and said, "Say, you're always expressing an opinion, tell me, should the United States proceed with its plans to put a man on the moon?"

I'll give you my opinion very frankly.

First, as I understand it, and I don't mind saying the way I understand some situations has no bearing on what the true situations are, here Russia and us were all set for a race to the moon and Russia ups and calls the game off.

And as I further understand it, the scientists in charge of the moon project argue that whether Russia tries for the moon or not has no bearing on what we do, that getting to the moon is worth what it'll cost, regardless.

Now while I've always felt a man shouldn't rush headlong into plowing, marrying or

moon-shooting, that it's wiser and easier and more comfortable to take your time on either task, still I don't know enough about the fruits of outer space to say we shouldn't spend 40 billion dollars to explore it.

But I was just thinking. Say we spend 40 billion and get to the moon but don't find quite what we were looking for, that the fun, as they say about mountain climbing, was getting there, not staying there.

All right. Here we've got all this money invested, we might as well try some other planet. The next planet, like next year's crop, may always look better than the current one.

Now, naturally the first trip, like the first model of a new airplane, costs a lot more than those that follow, so we'll assume that we can land a man on Venus for half as much, one on Jupiter for half of that, and so forth, until we get the cost down to say a measly billion dollars a planet.

Well, since a man can't imagine an end or a lack of an end to space, scientists have estimated there are countless billions of planets in the universe, and maybe some more universes outside of this one. But just for the sake of simple arithmetic, say there are a billion explorable planets out there waiting for us to put a man on.

At one billion dollars a planet, that's a billion-billion dollars. I would write the figure out in numerals, but I don't know how to do it and anyway I doubt if it you have enough zeroes in The Stanton Reporter printing plant to swing it.

As you can see, my answer to the question, should we put a man on the moon, is a clear-cut, emphatic I don't know.

Yours faithfully,
J. A.

MORTON TRIBUNE: "The Morton Indian football team will meet four new faces next year when they take to the gridiron wars, according to the 1964 scheduled released this week. The local eleven will take on newcomers Crosbyton, Portales, New Mexico, Slaton, and Denver City, in addition to six foes on this year's schedule."

MATADOR TRIBUNE: "Two Motley County 4-H Club members have been listed by the state 4-H Club office as winners of statewide awards for 1963. Mary Jane Hamilton, in fire prevention, and Rogene Swim, in range management."

THE WINK BULLETIN: "The Wink Wildcats won a whopping homecoming victory over the hapless Tahoka Bulldogs, 41-6, at Wildcat Field last Friday night. The tremendous victory over the Tahoka team brought the Wildcat's district standing to 1-1, since the Cats lost out to the Seagraves Eagles 14-6 the previous Friday night. Wink's season record now stands at 5-2."

THE MERKEL MAIL: "By candlelight service, officers of the Merkel Pat Neff chapter of the Future Teachers of America, were installed for this school term. The service was held in the high school library."

THE MUNDAY TIMES: "The Brazos Valley Boy Scout Camporee has been scheduled for November 9-10, 1963 at the lake in Benjamin. The Saturday and Sunday event is full of activities for the Scouts to enjoy."

ANDREWS COUNTY NEWS: "The hearing on the application for a shortline railroad between Odessa and Seagraves was recessed in a surprise move Monday noon. The request for a recess came from attorneys of the Permian Basin Railroad, who told Examiner Edmund T. Fritz, that their star witness, J. P. Kerr of Georgetown, was unprepared to give his testimony Monday."

THE BIG LAKE WILDCAT: "A three cent reduction in the fire insurance key rate for Big Lake residents has been granted by the State Board of Insurance, according to Blain Benton, city secretary. The new rate, which is now 33 cents for each \$100 of insurance, became effective October 15, and it is estimated to save \$600 per annum on insurance premiums."

THE McCAMEY NEWS: "W. K. (Bill) Ramsey, outgoing president of the McCamey Chamber of Commerce, was awarded the 'George B. McCamey Award' for outstanding service to the community, Tuesday night at the annual banquet."

Pioneer Gas Wins National Safety Honors

National honors for outstanding driver safety performance were won by Pioneer Natural Gas Company in the Gas Industry Division of the 32nd National Fleet Safety Contest conducted by the National Safety Council and sponsored by the American Gas Association.

The Pioneer Natural Gas Company fleet, consisting of 464 vehicles, was awarded third place in Chicago in the Gas Industry Division of the contest at ceremonies held in conjunction with the 51st National Safety Congress and Exposition.

The award is based on the company's fleet safety performance from July, 1962 through June, 1963. During the period, the firm's drivers operated 7,521,800 miles and 8.1 accidents per 1,000,000 vehicle miles of operation.

All accidents were counted in the contest except those occurring when a company vehicle was properly parked. Winners were determined after inspection of their records by an auditor appointed by the National Fleet Safety Contest Committee.

A total of 114 fleets competed in the Gas Industry Division of the contest. They operated 39,784 vehicles and traveled 480,815,000 vehicle miles with a frequency rate of 12.58 accidents per 1,000,000 vehicle miles. The rate is a 3 per cent reduction below last year's rate.

**Bible Comment—
Miracles Live In Jesus' Name**

The miracles in the Gospel are numerous and significant. There is the miracle of the turning of water into wine at the marriage of Cana. After noblemen's sick son at Capernaum.

In Jerusalem, at the pool of Bethesda, He cures an infirm man, and because it was on the Sabbath incurs the intense hostility of certain Jews. Then comes the miracle of the feeding of the 5,000.

There is also the miracle of Jesus coming to the disciples, walking on the sea. There is the story of the restoration of sight of the man born blind.

The crowning of the miracles is the raising of Lazarus from the dead.

The testimony of these mighty works will vary in value according to one's attitude toward miracles in general.

Homecoming Held At Graceland

Homecoming activities was held at Graceland College in Lamoni, Iowa on October 18 and 19.

Thadd Koonce, son of Mr. and Mrs. M. L. Koonce, appeared in several of the musical entertainments. He sang in the Talent Show with a quartet on Friday night.

He also appeared in a small choir which furnished the spirituals for the play "The Green Pastures" by Marc Connelly.

Koonce sang in the concert choir for the Sunday morning service. He sang "Dear Master, In Whose Life I See," written by Arensky.

Those attending homecoming activities from this area were Mr. and Mrs. M. L. Koonce, Mr. and Mrs. Roy Koonce, Mrs. Carl Leonard, Jr., and Gail, Miss Nancy Hursh, Mrs. Paul Petree, and Cathy Taylor.

For some the wonder-working aspect of Jesus seems larger than the spiritual significance of Jesus and his teachings.

For others the miracles are evidence of a wonderful life in which the supreme importance was the teaching and the life-giving power that brought new life, not to the body, but to the soul.

Jesus Himself disparaged the materialistic aspect of the miracles. To those who thronged about Him after the feeding of the 5,000 He said: "Ye seek me, not because ye saw miracles, but because ye did eat of the loaves, and were filled."

If men once believed in the Christ because of the miracles, today they believe in the miracles because of Christ.

3,900 HS Students To Attend El Paso Symposium

The space agency will sponsor an experimental space science symposium for more than 3,900 high school students next February 21 in El Paso.

Frank Gary, an El Paso school administrator, announced plans for the symposium Friday during the final session of a three-day science conference for top teenage students.

The conference was sponsored by the National Aeronautics and Space Administration and the National Science Teachers Association.

Gary said 3,000 high schools in Arizona, Utah, Colorado, Kansas, Oklahoma, New Mexico and Texas will be invited to send one or two of their brightest science students to the El Paso meetings. Science students in Mexican schools also will be invited, he said.

The Geurin and Morgan clan had a lovely day at the city park in Stanton, Sunday, celebrating with a barbecue and fish fry.

The Valley View home demonstration club met Thursday, October 22, with Mrs. Gordon Tunnell. Those present were Mrs. Britton, Mrs. McGee, Mrs. Clements, Mrs. Stanley Reid, Mrs. Mims, and Mrs. G. Tunnell. Mrs. J. T. Poindexter visited the club.

Mildred Louder, who is working in Lubbock, spent the weekend with her parents, Mr. and Mrs. Albert Louder. Miss Helen Ruth Range of Dallas, was also a weekend visitor in the Louder home.

There will be a special service at the Methodist Church Sunday night . . . remembering the boys in the Armed Service. We especially urge all parents and friends of boys in service to be present at this hour.

Wednesday morning saw the sixth car of tin being loaded on the siding of the T&P tracks, for shipment to Fort Worth. These cars average 30 tons each, which is 180 tons shipped out.

The gas rationing program for Martin County has been completed. The school houses of the county will be the points of registration which will be held at the school houses on Friday, November 12. Schools will be dismissed for that day.

Beginning Monday, November 9, Stanton schools will open at 10 a.m., have lunch at 1:00 p.m. and dismiss at 5:00 p.m. This action is deemed necessary because of the shortening days and cooler weather, which makes the earlier time now used a definite hardship on the many pupils who ride busses.

Thanks to the teachers, parents, and patrons, the Halloween Carnival, held Friday night in the school gym and sponsored by the Parent Teachers, was a huge success. It proved beyond a doubt what can be done when work and co-operation is put into a project.

There were 224 votes cast in Martin County in Tuesday's election proving how much interest has taken, and too, showed how much more the voter cared for his tires. When interest is keen in an election the county polls over 1,250 votes.

NEW CHEVELLE!
BY CHEVROLET

The kind of handling ease you'd expect in a smaller car. Come on down and drive it.

The kind of comfort you'd expect in a large interior. Come on down and sit in it.

Only a car that looks as good as this could come between Chevrolet and Chevy II. Come on down and stare at it.

New Chevelle Malibu Sport Coupe

Now—Chevy spirit in a new kind of car!

We built this one to do a lot more than just stand around looking beautiful. Held its weight down in the 3,000-pound range. Then built four lusty engines for it—two sixes and two V8's—with output all the way up to 220 horses*!

And if that combination of modest weight and potent power makes you think this is one frisky car, you've got the right idea. You've also got a car with lots of room for legs, hips, shoulders, hats and luggage. Yet its 115-inch wheelbase keeps it highly maneuverable in traffic and very easy to park.

With its Full Coil suspension and snug insulation, it's got a ride that reminds you of the Jet-smooth kind the way it muffles noise and cushions you from bumps.

And the fine hand of Body by Fisher craftsmen shows up beneath this one's suave good looks, too. Just listen to the solid *thunk* of a door closing or look at the smooth metalwork. You'll see what we mean.

Sound good so far? There's more. Like the fact that Chevelle comes in three series with eleven models—convertibles, sport coupes, sedans, wagons, even Super Sport models with front bucket seats. Like the fact that (and see if this isn't one of the nicest surprises of all) the new Chevelle comes at an easy-to-take price!

Like to hear more? The listening's wonderful at your Chevrolet dealer's—and so's the driving.

first touchdown with 9:40 left in the final period. The score capped a 60-yard drive that took nine plays.

The Badgers took a short Buffalo punt on the Stanton 35 a few plays later. From that point the visitors drove to the one-yard line in eight plays and then DeMaria again hit left tackle for the score.

DeMaria pass to fullback James Moody for the extra points after the second touchdown.

The win maintained a perfect district record of 3-0 for the Badgers. Stanton now has lost two games and won none in district play.

Citizens Chosen For October

Citizens for the month of October were chosen at the Stanton High School by the faculty members. Those elected were Carroll Anderson and Carolyn Springer.

Both of the students are Juniors. Anderson is the son of Mr. and Mrs. R. O. Anderson. Miss Springer is the daughter of Mr. and Mrs. Grover Springer of Lenorah.

The citizens are selected each month by the school faculty on their personality and character traits.

The student council nominating committee selects four boys and four girls who meet the qualifications of being citizens of the month. The faculty members choose a boy and girl from the list submitted by the student council.

The students were honored by the Stanton Lions Club at their Tuesday meeting.

"I certainly do not want our representatives to be elected on an at-large basis," he declared. "If it came to that, then the big population centers like Dallas and Houston could elect whoever they wanted."

Although he concurs with a federal district court's ruling that re-districting is needed, Mahon said the job should be left up to the Texas Legislature.

19th District "About Right"

"The court gave no guidelines to show what would be acceptable," he said. "I certainly hope that the Supreme Court decisions on the pending cases from Georgia and Delaware will give Texas more time to accomplish the job of re-districting. I have complete confidence the governor and the Legislature will do what is right and proper."

He pointed out that his 19th Congressional district is "about right" with relation to the population each of Texas' 23 districts would have if the lines were drawn to give each approximately the same number of residents.

Viet Nam Necessary

Mahon said he is confident there will be no need for Congressmen to be elected at-large next year.

Asked about Friday's military revolt in Viet Nam which toppled the government of Ngo Dinh Diem, Mahon said "I do not know" whether the coup was engineered by the United States.

"We cannot afford to pull out of Viet Nam," he asserted, however.

He added that Viet Nam has proved a so troublesome it would be tragic to permit the Communists to take control.

With relation to the tax cut and the evil rights bill, Mahon declared he is certain supporters of the measures would like to get them approved this year instead of next if at all possible.

Civil rights, he explained, is such an explosive issue proponents would like to get it passed now instead of at a time closer to next year's federal elections.

Asked whether the proponents might not prefer passage of both measures later in order to make "political hay" out of their stands, Mahon said he does not believe so because so many voters oppose both issues.

"Also, if the tax cut were to have any beneficial effects on the economy, as claimed by the supporters, then it would have to go into effect soon in order to have those effects before the elections," he added.

The tax cut has been approved by the House but has not been acted upon by the Senate.

On other issues, Mahon said he will oppose a proposal that pay of Congressmen be raised \$10,000 annually, from \$22,500 to \$32,500.

He lauded approval by the House this week of a bill extending the bracero labor program. Although the use of braceros in this region has dropped sharply in recent years, he said there still is a need for the program. The extension still must be approved by the Senate.

Mahon also said he expects the Soviet Union to continue emphasizing its "space efforts" despite Khrushchev's recent statement which led many observers to believe Russia is pulling out of a race to the moon against the United States.

Junior High Losses To Runnels, 12-0

Big Spring Runnels' seventh graders slashed Stanton, 12-0, in a show of power here Thursday evening. The win was their third in five starts.

John Patton roared 30 yards for the Yearlings' first score in the opening period. Luven Flores galloped 25 yards for the Big Springers' second tally in the second quarter.

In the third period, Flores went 40 yards for another Yearling score but the play was called back and Big Spring drew a 15-yard penalty for clipping.

A short time later, Patton passed to end Marshall for 35 yards and a score but the touchdown was nullified by another penalty.

Stanton threatened in the third round, advancing the ball as far as Big Spring's four. The Yearlings dug in, however, and threw the Junior Buffs back to the 17.

the last time they will vote to extend it.

Critics of the program say it depresses wages and working conditions for domestic farm labor and that it is "slave labor" for the Mexicans.

Proponents say Americans won't do the "stoop labor" the braceros are brought in for and that an end to the program would mean higher food prices.

About 195,000 braceros — or "strong-armed ones" — were imported last year, mainly to California, Texas, Arizona, Colorado, Arkansas and Michigan.

Their numbers have declined in recent years as mechanical harvesting became more and more prevalent.

ELECTION INTEREST INCREASES

Repeal Poll Tax Held Unlikely On Nov. 9

New and very strong opposition has developed in the state this week concerning the poll tax repeal amendment, one of four to be voted on November 9.

The trend is running heavily for keeping the poll tax. In view of recent elections in Texas, the people have found out that all stops can be pulled out when poll tax receipts are not required.

Senator George Parkhouse of Dallas stated that "chaos and confusion and possibly a lot of dishonesty in voting that we haven't had on a big local scale would result." If the poll tax requirement is eliminated, Parkhouse and other state leaders have already paid their poll taxes for the right to vote next year. That fact indicates that many leaders are not willing to tear down the bars to intelligent voting. A part of the poll tax money goes to help finance Texas programs. To repeal this source of tax revenue which has always been a requirement — an intelligent requirement — to vote in Texas, would simply mean that more tax revenue would have to be obtained from other sources.

— ONLY those with poll tax receipts can vote in the November 9 election. If you do not have a tax receipt keep away from the polls. There is a very strong law now on the books that says you can't cast a ballot in the special amendment election on November 9 without you have a poll receipt. No matter what person tells you otherwise — remember — you can't vote without the payment of your poll tax for this year. And this too, just because you paid your other taxes does not mean that you paid your 1963 poll tax.

Local Delegates To Attend State Farm Bureau Meet

Three Martin County Farm Bureau delegates and their wives will join about 2,000 bureau members for the organization's 30th annual meeting at the Hotel Texas, Fort Worth, November 10-13. State Farm Bureau President C. H. DeVaney of Coahoma, will head the delegation.

Voting delegates representing the 200 organized county Farm Bureaus in Texas will adopt state policies for 1964 and approve national recommendations to be considered in December at the American Farm Bureau Federation Convention.

\$100-A-PLATE EVENT

JKF To Address Austin 'Texas Welcome' Dinner

State Democratic Party leader said President Kennedy's November 22 appearance at a \$100-a-plate dinner in Austin will be his only fund raising appearance during a short tour of Texas.

Eugene Locke of Dallas, chairman of the State Democratic Executive Committee, said the "Texas welcome" dinner will honor the President and Vice President Lyndon Johnson. Proceeds will be shared by the state and national Democratic Parties.

Locke said the state party will use its share "for the benefit of all Democratic candidates in the 1964 general election."

The President is to attend a Houston dinner November 21 honoring Rep. Albert Thomas (D-Texas).

"He will visit other Texas

cities before coming here, but his schedule will be announced later," Locke said. Previous dispatches said Kennedy would visit Dallas and San Antonio.

— ONLY three speakers will be on the Austin program: The President, . . . Johnson and Gov. John Connally," Locke said.

Locke will be master of ceremonies. The State Democratic Headquarters said several thousand invitations will be mailed this week to all parts of the state asking party members to contribute \$100 for each dinner ticket wanted. The 62 members of the state committee will act as ticket salesmen in the respective senatorial districts.

CLEAN FLAMELESS ELECTRIC DRYING

Baby's tender skin and mother's gentle disposition both get favored treatment with an automatic electric clothes dryer on the job. Diapers, blankets and all of baby's things come out soft and fluffy. Other delicate washables share the tender care of accurate electric drying. So does mother . . . she no longer trudges to and from the clothes line, lugging loads of heavy wet clothes. And, any day (or night) can be washday, regardless of the weather, since items can be laundered as needed. See your electric dryer dealer soon.

PENNY and JESS WOODY are planning a swell open house for their new store in Stanton on November 12. Attractive door prizes will be given and they have planned a nice day for their friends and customers. We suggest you go down now and sign up, see the new store, and you will be pleased with the type merchandise the **WOODYS** are handling.

LAST week while I was confined to the bed with the flu I tuned the boob tube to the **MIKE NELSON SHOW**. I didn't dial it in on purpose—it was just that I felt so miserable some kind of move was in order. Frankly, I got interested in the theme but just as the sick child was almost dying they shut the film off and a big, round loaf of bread rolled up there on the tv screen and the commercial started. If I could have reached my walking cane I would have chunked it through the set. Boy, oh boy! some of the slush and propoganda they are peddling over the crazy box these days while we men are off working and trying to keep the home fires burning isn't fit for an occupant of a "Deep Elm" flop-house in Big D. to view. No wonder some women are shoving tranquilizer sales upward.

THE BIG SPRING HERALD said: "Soviet Premier Khrushchev's offhand declaration pulling Russia out of the man-to-the-moon race so startled official Washington that the initial flood of reaction comment failed to note that this also constituted a back-handed Moscow rejection of President **KENNEDY'S** offer to go to the moon together." There just happens to be \$5-billion-plus space budget now pending in Congress. Could be that the Russian leader, who so far, it appears, has won every rocking chair discussion with **KENNEDY**, might have launched the press release out of Moscow to stall any action by this nation in keeping our defenses strong. We don't think for a moment that **MR. K** is abandoning any part of his space program. We are hopeful, as **MR. KENNEDY** says so many times, that he will not let the Russian premier pull the wool over his eyes. We are hopeful too, that Congress will have the good judgment to keep our space program going full blast.

THE big game in the Southwest Conference takes place in Austin this week. **TEXAS UNIVERSITY COACH ROYAL** is a worried man. He has a good right to be. In the last three games, his Steers have failed to score a single point in the last two quarters of each game. **TEXAS** is ranked number one in the nation but the Longhorns can be slapped down in Austin quick come Saturday. **BAYLOR** is proud of the school's conference record to date. They have won four and lost none. The pass-catch-combination of **DON TRULL** to **LARRY ELKINS** must be something to behold. The **BEARS** easily stomped **TCU** last week and the 190-pound **TRULL** has completed 106 passes out of 185 attempted. **ELKINS** has grabbed 44 of **TRULL'S** tosses for a total of 514 yards gained. **COACH ROYAL** said this week in Austin: "BAYLOR is truly one of the great college passing teams of the nation, this year or any other year." As an ex-student of **TEXAS**, I would be disloyal to wish for anything other than a Longhorn victory, but if the Orange and White clad warriors have to lose, I would rather see them lose to **BAYLOR** than any other team in the conference this year. Reason: It's been a long, long, time since the Southwestern Conference championship flag flew in Waco. As a matter-of-fact, every college in the loop has won the pennant in recent years with the exception of **BAYLOR'S GOLDEN BEARS**.

Junior Girl Chosen Queen At Sands

The Halloween Carnival held last week at Sands school at Ackerly was termed as a success. Don Nell Allred, representing the junior class, was crowned queen to climax the evening's festivities. She was escorted by Eddy Herm.

The court consisted of Sue Bledsoe and Bobby Gaskins, seniors; Terrye Hambrick and Dennis Wells, sophomores; Kay Sample and Roger McCasland, freshman; Vickie Grantham and Gary Romine, eighth grade; Debra Williams and Ronnie Taylor, seventh grade. At the coronation, Queen Don Nell and her court were entertained with songs by Linda Shaw and Don Boyd. Robbie Brown and Randy Hambrick were pages.

The Student Council held meetings on Tuesday and Wednesday of last week. The theme, "The End of the Rainbow," was decided on and was carried out in the decorations, which they provided for the coronation of the Halloween queen.

Don Nell Allred was elected as Football Sweetheart, and Eddy Herm was chosen Pep Squad Hero.

RLDS Churches Holds District Conference

The District Conference of the Reorganized Church of Jesus Christ of the Latter Day Saints was held in the new church at Amarillo.

At this conference Elder Douglas Church was elected as a delegate to serve at the World Church Conference in April at Independence, Missouri. Mrs. Carl Leonard, Jr. was re-elected as district music director, and Elder Gearl Koonce of Midland, was elected treasurer.

Elder William Miller of Big Spring, was elected to be in charge of public relations and prints the district paper "Texas Times."

Attending the conference from the local branch were: Mrs. M. L. Koonce, Mr. and Mrs. M. T. Hursh and children, Mrs. Steve Church, Fred Church, Mr. and Mrs. Douglas Church, Mr. and Mrs. William Miller and children, Mrs. O. E. Saunders and girls, Mr. and Mrs. Denton Hines and family, Mr. and Mrs. Carl Leonard, Jr., and children.

The conference was in charge of Apostle Arthur A. Oakman, Independence, Missouri. Brother Oakman, a native of England, served his country as missionary during World War II. He is known in America and England as author and theologian.

Baptist Church Activities

The Mary Stamps circle of the Woman's Missionary Union met Monday afternoon at the home of Mrs. H. R. Caffey. Mrs. B. F. White, circle leader, was in charge of the meeting.

The devotional was given by Mrs. Bill Gillum. Mrs. J. R. Sale read the calendar of prayer and the prayer for the missionaries were given by Mrs. L. D. Stripling and Mrs. Roy Martin.

Mrs. Harry Billington presented the program, on the mission study book, "Mission Study on the Near East." Mrs. Paul Jones also took part on the program.

Those present were: Mrs. L. D. Stripling, Mrs. Harry Billington, Mrs. Paul K. Jones, Mrs. John Pinkston, Mrs. H. R. Caffey, Mrs. J. R. Sale, Mrs. B. F. White, Mrs. W. H. Yater, Mrs. Roy Martin, Mrs. Eula Eubanks, Mrs. Allie Sprawls, Mrs. Guy Eiland, and Mrs. Bill Gillum.

Mrs. W. H. Yater closed the meeting with prayer. Refreshments were served by Mrs. Caffey.

Girls 4-H Club Meets At Grady

The girls 4-H Club met at Grady last week and elected their officers for the coming year.

The officers are: Sandra Chandler, president; Rita Pribyla, vice president; Mary Louisa Duque, secretary; Brenda Graves, reporter; Virginia Springer and Pamela Hartsell, council delegates.

Mrs. Mildred Eiland is the adult leader. The group plans to meet twice a month.

We are a small group but feel like our church is accomplishing a Christian mission in this community."

4-H Club Met Monday

The sixth and seventh grade 4-H Club met Monday afternoon at the county extension's office.

The group discussed "4-H." Mrs. Patsy Odum, adult leader, was in charge of the program.

Those present were: Debra Brown, Vicki Morrison, Frances Deavenport, Allen Milam, Jerry Walker, Cindy Carr, Doris White, Beth Ward, Cindy Davis, Mary Davis, Ann Pheister, Darla D. O. W. Mary Segoto, Judy Driggers, Vicki Driggers, Debby Hogard, Ann Cook, Terry Sue Lively, Nora Moreno, Elva Achedo, and Jerry McQuerry.

Post Office Helps County Livestock

Rural mail carriers from the Stanton post office will leave some livestock survey cards along their routes beginning November 15.

"Information reported on these cards is used to set the yearly inventory of livestock and poultry on Texas farms," Postmistress Mrs. Eidson explained.

Rural carriers distribute the cards at random in boxes along their routes. "This means that not every box will get a card," Mrs. Eidson said. "For this reason, it's important for everyone who gets a card to return it filled out so that USDA can get a true sample of the State's livestock holdings."

Carriers assisting with the survey are: Mrs. Oma H. Johnson, Route 1; and D. H. Rogers, Star Route.

Facts and figures secured in this survey are the basis for Texas and national pig crop report and inventories of livestock and poultry on farms as of the first of the year. Stockmen and many others use this information in making business decisions.

Survey results will be widely distributed through Texas Crop and Livestock Reporting Service releases, newspapers, farm magazines, radio, and television.

New Arrivals

Mr. and Mrs. John Wilkes III are the proud parents of a daughter born at 7:50 a.m. on October 31, at the local hospital.

The infant has been named Nora Gaylene. She weighed six and one-half pounds and was 18 inches long.

This is the first child for Mr. and Mrs. Wilkes. The paternal grandparents are Mr. and Mrs. John Wilkes, Jr. The maternal grandfather is E. F. Polson.

lips, was selected historian. Miss Mary Behrends from Dimmitt, served on the resolutions committee and Miss Ken Morris from White Deer, was the Tech chapter voting delegate.

Five other home economics students and a faculty advisor from Tech attended the workshop on the TCU campus.

Miss Reid is the daughter of Mr. and Mrs. Stanley Reid. She represented the Tech chapter at the National Home Economics Convention in Miami, Florida in 1962. Miss Reid is a member of the Phi Upsilon Omicron sorority chapter at Tech. She was recently selected to serve on the Texas Tech Supreme Court.

Chamber Chatter

By MAURYN VARNADORE

The Fall Festival and Chili Supper was a huge success again, thanks to the people of Martin County who turned out en masse to take advantage of the fine bargains the merchants had for them. Also, the Chili Supper went off just fine, with the exception that we almost ran out of food. However, everyone did get enough to eat and the door prizes helped to lift the spirits of everyone. Merchants participating were: Thriftway Grocery, Texas Electric Service, Wilson's Dry Goods, The Family Store, Woody's Sport Shop, Stanton Cleaners, Stanton Drug, Sheila Dress Shop, James Jones Hardware, Deavenport's Bobbie's Dress Shop, Stanton Variety, Hicks Auto Supply, Bentley's of Stanton, Walters and Leonard Implement, Central TV & Radio, Vogue Cleaners, and Friendly Food Store. Mr. Charlie Eckert gave a bag of home-grown pecans.

Our thanks to the following, who did an excellent job in making the Chili Supper a success: O. B. Bryan, F. O. Rhodes, Ellmore Johnson, Bob Johnson, and Bill Varnadore; also the Chamber directors, Roy Pickett, Cecil Bridges, Jim Wheeler, Bob Herzog, Paige Eiland, Dr. Shy, Bob Cain, O. C. Turner, and Bob Cox. The Dr Pepper Bottling Company, which served free drinks. Willie Hull for hauling tables and chairs, the Methodist church for the use of their tables and chairs, The Stanton Reporter for publicity and tickets, and Mrs. Lila Flanagan for helping cook the beans.

Our membership drive is getting along nicely and we would like to welcome E & H Pump and Irrigation, Dairy Mart, and Dwain Henson Grocery into the Chamber. These new members deserve your patronage along with all the other merchants in the county.

Wednesday, November 13, will be another gala day in Stanton. The Fire Inspection Team will be here and set to go at 8:45 a.m., beginning with a parade featuring the local high school band, Fire Department, and the Fire Inspectors. Following that, programs will be held in the schools to point out fire hazards in the homes. All public buildings will be inspected by invitation of the owners only. This is a voluntary effort on the part of the merchants and the inspectors. We are fortunate to have these inspectors visit us, in much as they hold only two town inspections a year. Let's give them a big welcome next Wednesday and open our doors to them.

Friday and Saturday of next week will be the Capon Show. More details will be in The Stanton Reporter next week.

Martin County truly owes a debt of gratitude to the Chamber members who have faithfully paid their dues, as well as the members who have joined their ranks along the way. It is the sustaining member of the Chamber of Commerce and the "Fare-paying" passengers who make the work of the Chamber possible. Don't be "free riders." Join with us now and help us continue our work of making Martin County a better place in which to live and make a living.

To our members — We Salute You!

Bye, now.

Other visitors included Ed Robnett, Frank Mabry of Dallas, George Blagley of Lubbock, and Jim Franklin of College Station.

Mrs. Lee Graves Honored With Layette Shower

Mrs. Lee Graves was honored with a layette shower Thursday at the home of Mrs. Darrell Quaid.

Co-hostesses with Mrs. Quaid were Mrs. Ohmer Kelly, Mrs. Owen Kelly, Mrs. Glenn L. Brown, Mrs. Ellmore Johnson, Mrs. Tom Smith, Mrs. John Atchison, and Mrs. Barrie Mims.

The serving table was laid with a pink cloth, with an overlay of white lace. An arrangement of white chrysanthemums formed the centerpiece.

Stork games were played. Gifts were presented the honoree, which she opened.

Punch and individual cake, decorated with miniature shoes, were served to about 30 persons attending.

MAKES SCENTS

Trappers and some hunters carry animal scents used to attract game. Some scents are high powered in the odor department and keeping the smell off hands and clothes can be a problem. Fill one of the metal containers that water-proof matches come in with loose cotton. Then pour in the scent fluid. Top covers with small when not in use, yet a flick of the fingers lets you sprinkle the scent around.

FISH IN THE BAG

Time was when a man could catch a fish easy. Now he has to work at it. Like this: Fill a paper bag with

chum that will attract the species you want. Put a rock in the bag, lower to the bottom. A sharp snap breaks the bag, releases the chum, signals the fish. (P. S. About that "used to be easy to catch fish," we don't believe it. We bet the Indians used to complain that the fish were getting too smart.)

SILENT STRINGS

To cut down the twang of a bow string doing its work, tie thick rubber bands around the string at both ends about 8 inches from the tip.
