

C of C Directors Have "Full Session" Tuesday

The Haskell Chamber of Commerce Board of Directors had an extra busy session at the early Tuesday morning meeting held at Sam's Cafe, with president, Don Muenzler, presiding.

Manager Luther Walker read the minutes of the last meeting and financial report.

HEY-DAY
Mrs. Opal Adkins reported on the results to date on the "Queen" entries for "Hey-Day", both senior and Little Miss Hey-Day contestants.

The senior contest will be held at the Texas Theatre on Thursday, August 5, at 8:00 p. m. The Little Miss Hey-Day contest is slated Friday night, August 6, at the swimming pool with a musical showboat setting to highlight the activity.

A tea in the R. C. Couch Jr. home and a "Coke" party given by Mrs. Luther Burkett will also be held on Friday, with the judges being present.

A senior queen will be sponsored for \$15.00, with an additional \$5.00 for Little Miss Hey-Day.

Walker concluded the Hey-Day report as to the other events being planned for this year. Fun activities will replace bingo, a square dance contest, with trophies to be given, fiddlers' contest and a sing-song are among the 1965 "Hey-Day" attractions. An advance ticket

sale will be held for the Bar-B-Que.

An all-out effort is being made to finish painting the depot museum, the C of C president said.

Highway Sign
The highway sign to be placed between Old Glory and Aspermont, to direct traffic enroute to Lake Stamford through Haskell, should be up sometime this week, it was reported at the early morning meeting.

Alvis Reports
Haskell County Judge Jim Alvis reported that a letter had been written to Jake Stewart concerning the right-of-way for Highway 277. A meeting to attempt further progress will be held in Seymour, Monday, July 19. Members of the highway committee are being urged to attend this meeting.

County Fair
The County Fair, in conjunction with the Jaycee carnival, was thought to be a favorable project. The Home Demonstration Agent, Mrs. Barbara Elliott, has volunteered her assistance. Commercial exhibits are to be featured with a charge for their space. More progress on this project will be reported at the next meeting.

Cook Elected
M. L. Cook was elected a member of the board of directors, replacing Allen Reeves, who is moving to Denton.

Diane Hester And Earl Proctor Participate In Theatre Workshop

DIANE HESTER

JAMES EARL PROCTOR

Diane Hester, daughter of Mr. and Mrs. Irv Hester, and James Earl Proctor, son of Mr. and Mrs. C. E. Proctor, of Haskell, were two of the 70 students which were accepted by the University of Texas Department of Drama to participate in the Third Annual High School Theatre Workshop.

The Workshop was designed for high school students. Each student participated in acting, directing, stagecraft and make-up.

In addition the students had the opportunity to hear, as guest lecturers, outstanding theatre personalities.

On July 6th and 7th, the Workshop students produced two plays. Roy Brown, director of the Workshop, directed an original one-act play by Cleve Haskett entitled, "Harkee The Cat." Wayne Pevey, assistant professor, directed Act II from Jean Giraudoux's "Madwoman of Chailot." Each student was actively involved in the production of both plays.

Diane Hester played the part of The Lord High Quite Wide First Grand Marshall of the King in "Harkee The Cat," and also the part of Adolphe Bertaunt in "Madwoman of Chailot."

The Workshop was concluded Wednesday, July 7th.

Car Wreck Is Fatal For Haskell Marine

Full military services were conducted Tuesday, July 13, at 2:00 p. m. in Ocean Side, Calif., for Sgt. Howard B. Wilson, son of Mrs. R. H. Darnell, of Haskell. Interment was in the Marine Cemetery at Ocean Side.

Sgt. Wilson was killed in a car-wreck, Friday, July 9, at Ramona, Calif. He was returning to Camp Pendleton, following a visit here with his mother, and his sister, Mrs. Willard Mitchell, of Rochester.

Born Dec. 6, 1914, in Wise County, he moved to Haskell, October 1, 1921. He was a graduate of Haskell High School with the class of 1932, and was employed by the W. A. Holt Grocery here, prior to enlisting in the Marines in 1942.

Survivors include his wife, of Ocean Side, Calif.; one daughter, Mrs. Guy Ewing III, Dallas; his mother, Mrs. R. H. Darnell, Haskell; three brothers, Dennis Wilson of Midland, Bruce Wilson, Wichita Falls, and Virgil Wilson of Navasota; two sisters, Mrs. Willard Mitchell, Rochester, Mrs. Robert Tarkington, Tulsa, Okla., and a sister-in-law, Mrs. Mary Wilson, Amarillo.

Mid-Year Report Shows Bank Has Healthy Status

Total resources, cash on deposit, loans and discounts in the Haskell National Bank, shows a healthy status, according to a statement released June 30, 1965.

The statement released by Abe Turner, cashier shows the following report:

Capital Accounts And Liabilities
Capital Stock \$100,000.00; Surplus, \$100,000.00; Undivided Profits, \$162,143.04; Reserve for Contingencies, \$100,000.00; Reserve for Taxes, \$15,986.99; Total Capital and Reserves, \$478,130.03; Unearned Discounts, \$33,552.36; Deposits, \$4,250,373.94; Total Capital, Reserve and Liabilities, \$4,762,056.33.

Mid-Year report, last year revealed that deposits stood at \$4,687,275.51; Total Resources of \$5,164,746.39 and loans and discounts of \$1,928,946.36 at that time.

Redskins Topple Warriors By Score of 7-5

In a game played Tuesday night between two local Teen-Age teams, the Haskell Redskins toppled the Haskell Warriors 7 to 5.

Both teams have clinched the championship in their respective leagues. Tuesday night's game was an exhibition match for the purpose of giving both teams practice in preparation for the play-offs to be held here the latter part of July.

The Redskins are managed by Raymond Bennett Jr., and the Warriors by Kenneth Felker.

John Martinez, the winning pitcher, went all the way for the Redskins, against a succession of three pitchers for the Warriors.

Burglary Charge Filed Against Two Haskell Men

Sheriff Garth Garrett has recovered two saddles which were taken from the Powell Feed Lot between Rule and Rochester, around June 1.

Burglary charges have been filed against two local men. At present they are out on bond, pending 39th District Court grand jury action.

Names of the men are being withheld for publication at this time, Garrett said, "due to the fact they are local residents."

"D-Day" Is Coming Next Tues., July 20

D-Day in Haskell is just around the corner. In fact a look at the calendar reveals Dollar Day is next Tuesday, July 20.

The "Treasure Hunt" will again be held in conjunction with Dollar Day next Tuesday. In fact the Treasure Hunt was so successful last Trades Day, that cooperating merchants decided to again sponsor the program.

Residents over this wide trade area, should watch for the July Dollar Day, big 4-page circular this weekend. When it arrives be sure to look it over carefully for the many outstanding bargains... and be sure to check the number you will find printed on page one of the circular, as you could easily be a treasure hunt winner.

Nine persons received prizes last Dollar Day... and perhaps many more will receive valuable prizes next Tuesday.

All 8,500 circulars for the July Dollar Day are again numbered. Merchants have been given a card by the Chamber of Commerce listing the numbers. Most all of the cooperating merchants have listed in their Dollar Day ad, the prize or prizes to be given away.

Better circle Tuesday, July 20, on your calendar... and head for Haskell "come D-Day."

There is no need for shoppers to "run like mad" from store to store on D-Day. Just take it casually as you might overlook some mighty good buys... and remember, too, the number appearing on your circular, if it be a winning one, will be good anytime during the day.

Little League Area Tourney July 23-24

Little League Area Tournament is set for Friday and Saturday, July 23 and 24, 8:00 p. m., in Haskell.

On Friday night, July 23, Rule will play Monday, and on Saturday night, July 24, Haskell Little League All-Stars will be pitted against the winner of the Rule-Munday game.

Saturday, July 17, the 1965 Little League scheduled games will come to a close. The final game for the Minor League teams will be between the Frogs and Owls... but this is not the end, as far as activity is concerned. Immediately following this game (8:45 p. m.), preparation will begin for Area II Tournament.

All managers and fathers of both leagues are urged to be present for conditioning the field. Haskell has been able to schedule these tournaments because of the good playing field.

"Let us maintain our good reputation and put the field in tip-top shape Saturday, July 17."

\$1,000 Reward By Haskell Citizens Still In Effect

The \$1,000 reward pledged recently by Haskell citizens leading to the arrest and conviction of the two men who robbed and bound the Virgil Meadows and their daughter, Martha, Saturday night, June 28, at their home here, is still in effect. Sheriff Garth Garrett informed the Free Press.

The Haskell County Sheriff, who has been working diligently and long hours tracking down every clue possible, also informed this newspaper that any information, in regard to the burglary, given him would be kept strictly confidential.

Weinert Church Of Christ Revival Begins July 19th

ROY PHEEMISTER

Preacher

With Roy Pheemister, minister of the Church of Christ, Clyde, Texas, delivering the messages, revival services will begin Monday, July 19, at the Weinert Church of Christ, and will continue through Sunday, July 25.

Services during the week-long revival will be held each evening at 8:00 o'clock.

Pheemister, a native of Haskell County, has been in the ministry for about 17 years, and for the past year has served as minister of the Clyde Church of Christ.

Everyone is invited to attend.

AGRICULTURAL COOPERATIVES SERVING HASKELL FARMERS

Cooperatives serving farmers in Haskell area and which are active in the Houston Area Cooperatives include: Farmers Cooperative Society (Haskell); Allen Land, President and Melvin M. Young, Haskell; Henry Harris, Haskell; Dennis Martin, Haskell; O'Brien Cooperative (Jack Idol of Benjamin, Haskell); S. N. Reed, Farmers Gin Co., Haskell; Ray McWhorter, Haskell; and the Rule Cooperative Gin Co. Joe W. Cline, Haskell; and Clyde Grace, Haskell.

agricultural cooperatives serving more than 100,000 ranchers and dairymen have entered an era of the following retirement of \$2,000,000 of federal funds from the Houston Bank Cooperatives, financing in excess of more than 300 cooperatives in the state.

Rodriguez just recently returned from Winnipeg, Canada where he preached in a special meeting. Enroute home from Canada, he stopped over in Chicago, Ill., where he preached at the Bethel Baptist Church in that city.

He is in Bryan, Texas this week attending the Baptist State Convention.

Rodriguez has a wife and two sons, Tony, age 6, and Sammy, 3. The family reside at 504 S. E. 1st St., Haskell.

American Legion To Elect Officers Tonight, Thursday

Fred Boon, Commander, announced that a very important meeting of the American Legion, Post 221, will be held tonight, Thursday, July 15, 8:00 o'clock, at the Legion Hall.

"A full attendance is needed at tonight's meeting," Boon said, "because new officers will be elected and other matters of business will come before the meeting."

SUNDAY
Sunday singing will be July 18, beginning at 2:00 at the Four-square Gospel in Hamlin.

Residents Keep Social Security Agent Quite Busy

One hundred and forty-six more Haskell persons had business with the representative of the Abilene Social Security office who visits here regularly, in the first half of 1965 than in 1964, according to R. R. Tuley, Jr., District Manager of the Abilene office. 1,124 interviews were held in 1965; in the same part of 1964, there were 924.

He added that 222 claims were filed by local area residents between Jan. 1, 1965, and June 30, 1965, with 206 having been filed for that period in 1964.

Tuley urged every reader of the Haskell Free Press who is past age 62 to write his office for the leaflet, "You Don't Have To Retire Completely." He feels there are many checks not being filed for because of the mistaken idea that annual earnings past \$1200 bar any payment during that year.

Readers of the Haskell Free Press may receive the leaflet, "You Don't Have To Retire Completely" by writing Social Security, Box 3258, Abilene, Texas 79604.

OIL NOTES

W. B. Omohundro of Wichita Falls will drill No. 6 N. B. Webb three miles southeast of Rochester in the Weinert, West (Strawn) field. Drillsite is 1,250 feet from north line and 1,250 feet from east line of Lot 36, Red River CSL Survey 75. It is on a 100-acre lease and depth will be to 4,950 feet with rotary.

W. B. Omohundro has applied for re-entry and to deepen No. 2-WI Marley Brown in the same field. Drillsite is 330 feet from north line and 250 feet from east line on Lot 24, Red River CSL Survey 75.

Depth applied for is 4,950 feet and it will be a water injection project. It was drilled to 4,890 feet and plugged by Roy H. Smith in 1956.

RUN ON THE BANK

So far, the stressed goal in the war on poverty program has been aid to the Appalachian region. However, says Senator Cotton of New Hampshire, six more Appalachias are being considered, among them the Deep South, northern New England and the Ozarks.

The Senator goes on to say: "The fly in that ointment is that it's like a run on the bank. The funds will be long gone before many in the line reach the window. This is especially true of Uncle Sam's bank which is already borrowing money to keep enough in the till to pay the tellers."

In other words, the administrative costs of such programs have a habit of biting deeply into the funds provided. One sometimes wonders if the principal beneficiaries aren't the armies of bureaucrats, some very highly paid, who manage to jump on the bandwagon.

Beyond that, ending poverty demands far more than any conceivable government program. The long-range, lasting cure is an expanding, vital and vigorous economy which eternally creates more jobs and opportunities.

THE ANSWER

What is the solution to this country's commercial transportation problem? Expert after expert, study group after study group, have found that it lies in equality of treatment for all the forms of transportation.

So another question arises. To reach the objective, what is needed?

The president of the Association of American Railroads has provided a four-part answer to that question. The requirements are: 1. A drastic reduction in the regulatory restraints imposed on railroads. 2. Halt in discriminatory railroad taxation. 3. Equal rights for any carrier to diversify into other carriage and form general transportation companies offering across-the-board services by the best mode of combination for each movement. 4. Establishment of systems of adequate user charges for those carriers using public transport facilities provided at public expense, such as waterways and highways.

This program imposes no penalty on any carrier. It would simply require each to pay its own way and to offer rates reflecting the cost of providing service. It would eliminate regulatory practices which a changed competitive situation have made totally obsolete and highway destructive. It would permit the maximum use and development of technological innovations which would provide the ultimate in service at the lowest possible cost.

And, let it be stressed, that Congress and state legislatures are laggards for change.

SMALL WORLD

Trite sayings commonly have their base in truths. "It's a small world," falls into that category.

Moreover, in terms of time, it has grown vastly smaller in late years. This, of course, is the doing of the jet age, in which we can go almost anywhere in the world in a matter of hours, in perfect comfort and at speeds which would have seemed unbelievable a generation or so ago.

Further, air travel is making it possible for more people to visit places which were known only to the few in past times. As an example, this country's principal overseas airline, Pan American World Airways, recently appointed its first district traffic and sales manager at Pago Pago, American Samoa. It inaugurated jet service to that colorful spot in 1962. Now it anticipates that future tourism in Samoa will be accelerated with the opening of a new 101-room hotel in September. The hotel will be managed by a wholly-owned subsidiary of Pan Am.

Multitudes of people have always been bitten by the wanderlust bug. They've felt the urge to visit the far corners of the world. What was lacking was the opportunity. That has been provided, and ever-increasing numbers now travel vast distances almost as a matter of course. They go for pleasure, for business, and for education. Whatever the reason, the traveler returns home with a better understanding of the problems, aspirations and needs of other peoples.

THE INFLATION PATTERN

The President has announced that the expected deficit for the fiscal year which ended June 30 is \$3.8 billion instead of the previously estimated \$6.2 billion. He gave the credit for the reduction to increased tax revenues along with reduced spending.

Any improvement in the government's fiscal position amounts to good news. But the fact that a deficit of several billions has occurred during a time when business activity, purchasing, the gross national product and all the other economic indicators have been at record levels should give any thoughtful person a pause. The mind reels at what would happen if the country should undergo even a moderate recession. If the budget can't be balanced in a period of unprecedented boom, when can it be?

Meanwhile, deficit financing continues to produce its inevitable corollary—more price inflation. It is true that the month by month increases are small. But, cumulatively, they mark a serious degradation of the dollar's value. They fall hardest on people of small means, whom government policy is supposed to help. Preserving what is left of the dollar's worth by eliminating deficits should be the first order of business in Washington.

Haskell County History

30 YEARS AGO
(July 11, 1935)

Attorney French Robertson will deliver an address to the congregation at the Baptist Church Sunday morning at the regular preaching hour.

J. S. Abernathy, who lives north of Haskell, was in town Friday exhibiting several pictures of the flooded conditions in that section as a result of the recent hard rains.

Judge Dennis Ratliff of Haskell is presiding in the 42nd district court at Albany this week, for opening of the summer term. Civil cases were docketed for first of the week, and criminal cases were slated to be considered beginning on Thursday. Judge Ratliff will sit for Judge M. S. Long.

Plans for the waging of an anti-liquor battle in Haskell County were laid Monday night when prohibition forces convened in a special meeting.

Only a few persons availed themselves of the opportunity to pay delinquent taxes, a check of the rolls show, although most loan companies took advantage of the savings. It has been estimated by officials that at least the sum of \$150,000 is on the delinquent rolls, which includes state, county and rural school assessments. About 70 percent of the 1934 taxes were paid, records also show. Most of the taxes delinquent are centered through the years from 1930 forward, although some go as far back as 1924.

The new theatre under construction on the west side of the square will be ready for opening Friday night.

A golf tournament which will include players from Haskell and Rule, has been scheduled for Monday and Tuesday, July 15-16.

Mrs. Alonzo Pate and daughters, Sue and Patsy, returned Wednesday from a visit with relatives in Brady.

40 YEARS AGO
(July 10, 1925)

J. B. (Bailey) Post, Cashier of the Farmers State Bank of this city, left last Thursday for the plains with his family to spend his vacation with relatives, and it is reported that he will camp out while in the mountains of New Mexico before his return.

Last week while Mrs. (Grandma) Josselot was cleaning her hen house she fell and broke three of her ribs. She has been suffering very much, but is some better and it is hoped by her many friends that she will soon be able to do her work again.

Mrs. Mary A. Blakely of this city, one of Haskell's best teachers, left Thursday morning to spend her vacation with relatives and friends in Hastings, Iowa. She will return before the school term opens. She will teach the school again at New Mid year this term, making her third year at that place. Rains over the county were spotted the past week and only

a very few places report any rain. Judge P. D. Sanders spent several days in Marlin last week and is now visiting his daughter, Mrs. J. Earl Porter of Caldwell.

A few of the young married women organized a bridge club last week to be known as the Tuesday Bridge Club. Mrs. Clyde Grissom was hostess to the members of the club Tuesday afternoon at the attractive home of Mr. and Mrs. C. D. Grissom. A most delightful afternoon was spent at bridge, and the hostess served ice cream and sandwiches to Messdames J. P. Payne, Hill Oates, Theron Cahill, Wayne Koonce, Marlin Wilson of Rufe, Misses Florence and Mildred Shook.

Jones & Son of this city are very busy with their work in the tin shop these days, and have been doing considerable work for other towns.

The actual spudding-in of the test well on the Charles McGregor farm 10 miles northwest of O'Brien, took place last Thursday.

60 YEARS AGO
(July 15, 1905)

The conversion of the Farmers Exchange bank which was established some months ago by Mr. R. C. Montgomery as a private bank, into a national bank with increased capital, gives Haskell and the tributary country additional banking facilities, which were becoming necessary on account of the rapid strides being made in the settlement and development of this section. Reference to the list of officers and directors of the new bank gives very satisfactory assurance as to the business management and policy to be pursued by it. Its patrons are assured that they will be accorded every courtesy and accommodation consistent with the conduct of a prudent banking business.

County Judge Oates has re-appointed Dr. E. E. Gilbert as county health officer and the Doctor says the people must clean-up their premises. After all the scientific investigation and the facts that have been published time and time again in regard to the efficacy of cleanliness in preventing fevers, diphtheria and other diseases, the strange thing is that people have to be urged and even coerced into keeping their premises clean and sanitary. Don't it strike you that way? ... then go and clean up.

In pursuance of a call issued by the Haskell County Farmers' Union at its last meeting, held at Sayles school house, by agreement with the unions of this, Jones, Stonewall and Knox counties, delegates met at Haskell last Saturday for the purpose of organizing a district union composed of the said four counties.

Mr. J. F. Albin, whose farm is out in the edge of the sandhills, so called, was in town Wednesday. In reply to questions about crops he said they

On days when the heat is unbearable, people go to the lakes or beaches to be cool and comfortable. The cool breeze of the lake or sea shore is air in motion that has been cooled by the process of water evaporation. This same process is created by a Paramount Evaporative Cooler. The large squirrel cage blower continuously pulls outside air through wet redwood filters thereby lowering the temperature through evaporation of water in the filters. This cool, fresh, filtered air is then directed into the area to be cooled.

Some of the advantages of a Paramount Evaporative Cooler are:

- Low cost of equipment, operation and maintenance
- Quick and easy installation
- Maximum comfort at all times
- 100% fresh, cooled, filtered air
- Fresh air ventilation, without cooling, for spring and fall—just turn off the water

See the Paramount DeVille evaporative cooler at your TV Showroom.

Normal installation FREE for WTU residential customers.

SAFETY DEVICE—In order to combat the growing number of accidents involving slow-moving vehicles, a safety emblem has been developed to alert motorists approaching from behind. The emblem, shown mounted on the rear of the above tractor, is brilliantly colored for quick recognition either in daytime or at night. A comprehensive program to encourage use of the emblem by farmers and others who operate slow vehicles and to acquaint the public with its meaning is being coordinated in Texas by the Texas Farm Bureau Safety Department.

Farm Safety Week Slated July 25 - 31

The Texas Farm & Ranch Safety Council has joined other private and public agencies throughout the state in promoting the observance July 25-31, of National Farm Safety Week. James Fichte, Farm Magazine Editor of Dallas, chairman of the Farm & Ranch Safety Council, outlined the objectives for the special week.

He pointed out that the organization he heads carries out a year-round program of accident prevention for rural areas with emphasis on safe use of agricultural chemicals and the proper operation of farm tractors and equipment. Additional objectives are home safety, prevention of falls, reduction of accidents caused by slow-moving

vehicles and recreational safety.

These objectives, Fichte said, actually present a challenge to everyone who lives and works on our farms and ranches to fulfill their responsibility as a citizen toward safety at home, at work and on the highway.

The importance of farm safety is reflected in the emphasis placed on proclamations designating the week by Gov. John Connally and President Johnson. Both pointed out the sev-

erity of accident rates in rural areas and in farm activities and urged citizens to join in a year-round observance of safety. "This is the theme for the year," Fichte said, "Safe and Alive in '65."

Co-op Foundation Creates Handbook For Counselors

"Careers in Cooperatives," a new booklet designed for the use of guidance counselors in high schools and colleges, was announced by the Cooperative Foundation here June 25.

Stanley Dreyer, executive secretary, said that while a number of large cooperatives have "careers" books for their own internal uses, no previous publication has dealt with the subject comprehensively.

"Careers in Cooperatives," 16 well illustrated pages plus cover, pictures a variety of occupations in both rural and urban cooperative and mutual organizations and lists a great many more. The text, besides describing the growth of job opportunities in cooperatives, cites briefly the services these organizations provide farmers, consumers and businessmen and the benefit they bring to communities.

The Cooperative Foundation, Dreyer said, conceived the new publication, employed two experienced co-op men to write it, and arranged for its publication by the Cooperative League, Chicago. The authors are Glenn M. Anderson, general manager of the Wisconsin Association of Cooperatives, Madison, and Edward E. Sletton, executive secretary of the Minnesota Association of Cooperatives, St. Paul.

Two Texas Farmers Will Receive \$5,000 Cash, Gold Medal, Scroll

Two Texas farmers or ranchers chosen for the awards will receive the state's highest recognition given to individual land operators during Texas Research Foundation's Awards Dinner at Renner.

"Search for the two men is underway through a team of statewide committees," said Dr. C. L. Lundell, Director of the Foundation. "One recipient will be a junior farmer or ranchman who is 35 years of age or younger. The other will be a senior who has passed his 36th birthday."

Next May each will be presented an award of \$5,000 in cash, a gold medal and a scroll in recognition for his outstanding contribution to the improvement of rural life in the state. The four-year period of service covered by the awards is July 1, 1961, through July 1, 1965.

"Any farmer or rancher operating in Texas is eligible for the 1966 Hoblitzelle Awards," Dr. Lundell continued. "Any organization, business, institution or person may make nominations to the proper committee. The candidate's actual plan of land improvement will receive utmost consideration in the selection, the Director added.

The statewide search is carried out by five state regional committees—one in each of the five areas of the State Association of Soil Conservation Districts. Nominations may be made to any member of the state regional committee in the area in which the candidate lives.

All nominations for the honors must be submitted to the proper committee by December 1, 1965.

Members of each regional committee are the area vice-president of the State Association of Soil Conservation Districts, the area vice president of the State Association of Young Farmers of Texas, an area supervisor of Vocational Agriculture Education, a district agent of the Texas Agricultural Extension Service, an area conservationist of the Soil Conservation Service, and an outstanding banker.

The biennial awards—the most lucrative and all encompassing given in Texas agriculture—are donated by the Hoblitzelle Foundation of Dallas and presented by the Karl Hoblitzelle Agriculture Laboratory of Texas Research Foundation, administrator of the awards.

The Hoblitzelle Foundation was established in 1941 by Karl St. John Hoblitzelle, Dallas philanthropist, who has been active

Monthly Business And Social Held By Mary SS Class

The ladies of the Mary Sunday School Class gathered at the First Baptist Church Fellowship Hall, July 8, at 3:00 p. m. for their monthly business and social meeting.

The meeting was opened with the group singing, "There Shall Be Showers of Blessing," with Mrs. Charley Quattlebaum at the piano, and Mrs. Walter Rogers leading.

Mrs. Edna Brown brought a very thoughtful and interesting devotional, using as her subject, "Follow Me and I will Make You Fishers of Men," Matthew 4:18-22, supplemented by the Beatitudes.

Stella Josselot presided over the meeting in the absence of the president, Mrs. John McMillin.

After reading of the minutes, by Mrs. Charley Quattlebaum, good reports were given by all of the officers.

Mrs. Ally Ford was the hostess for the afternoon and was assisted by Mrs. Wint Adkins and Mrs. E. J. Couch.

Mrs. Ford led in a Bible Quiz and Mrs. Walter Rogers coached a game of touch handball. A travel game was enjoyed by each lady.

Frosted Dr. Peppers were served to Mmes. Edna Brown, Ally Ford, Stella Josselot, Walter Rogers, Wint Adkins, Charley Quattlebaum, Addie Middleton, Etta Moore, E. J. Couch, S. G. Cobb, Arthur Edwards and a visitor, Mrs. Seina Ammons.

Dismissal prayer was given by Mrs. Moore.

Robertson Annual Family Reunion Held Here Sunday

Members of the late Addison Robertson family converged on Haskell Sunday, July 11, for their fourth annual reunion held in the American Legion Hall.

Towns represented were Dallas, Houston, Wichita Falls, Floydada, Abilene, Lubbock, Fritch and Haskell.

Joe Bob Wheat, of Dallas, delivered the invocation at the noon meal.

Present for the reunion were Mr. and Mrs. Pete Horton, of Fritch; Mr. and Mrs. Donald Wood, Mark and Kelly, Mr. and Mrs. Jack White, Mr. and Mrs. Ladell Prewitt, Mr. and Mrs. Joe Bob Wheat, Mr. and Mrs. Morris Wheat, from Dallas; Mr. and Mrs. Fred Robertson, Mrs. Ora Hinsley, Helen Owens and Ricky, of Floydada; Mrs. Clara Morris, of Wichita Falls.

Mr. and Mrs. Billy Fry and Billy K. Jr., Mrs. Lyndon Norman and Vanessa, Mrs. Weldon Boudin and Nannette, of Abilene; Mr. and Mrs. Lewis O. Parks and family of Lubbock; Mrs. Paul Parks, Houston.

Those attending from Haskell were: Mr. and Mrs. Von Cobb, Mrs. H. K. Fry, Mr. and Mrs. H. B. Callaway, Hollis and Clinton, Mr. and Mrs. E. B. Callaway, Mr. and Mrs. D. C. Wester and Mr. and Mrs. W. D. Kierepka, Carol, Mike and Danny.

Visitors were Anita Smith and Kelly Adkins.

CARD OF THANKS We wish to thank each person for the kindness, prayers and all the helpful things the people of Haskell did during the illness and passing of our dear mother. Haskell is a wonderful place to live. Thanks again. The Nancy V. Foster Family.

MR. AND MRS. BOBBY WHORTON

Baird-Whorton Vows Recited July 3rd In Home of Groom's Parents In Rule

The beautiful home of Mr. and Mrs. E. B. Whorton, of Rule, was the setting for the marriage of their son, Bobby, to Andrea Baird, daughter of Mrs. Pauline Baird of Haskell.

Officiating for the double-ring rites, read at 10:00 o'clock in the morning, on July 3, 1965, was Mr. Douglas B. Finch, minister of the First Presbyterian Church of Haskell, and of Rule, Marriage vows were said before an improvised altar, flanked on either side by tall baskets of white gladioli. Nuptial music was provided by Mrs. Philip Norton, Lubbock, sister of the bride, and by Miss Rita Woodard, of Haskell, the "Nine-Teens." Haskell High School choral group, directed by Mr. and Mrs. Hubert Bell, of which the bride was a former member, sang "Prayerful Hour," accompanied by Miss Woodard. Each girl carried a long-stemmed white rose, with pink streamers.

Miss Jo Helen Elliott, of Haskell, was maid of honor, and Mr. James Payne, of Dallas, was best man. Miss Elliott was attired in a pink crepe dress. Her headress was a matching pink circle that held a brief pink veil. She carried a bouquet of pink and white feathered carnations.

The bride wore a white brocade suit, and white pill-box hat, decorated with tiny sequins and a brief veil. She carried white rosebuds, centered with a white orchid, on a white satin Bible, that her sister carried in her wedding.

The bride's mother was hostess for a reception, held in the home of the groom's parents, immediately following the ceremony. The bride's table was covered with white lace over pink polished cotton and had a centerpiece of pink daisies and silver and crystal appointments.

Mary Whorton, sister of the groom, laddled pink punch and Mrs. Sonny Whorton, of New Orleans, La., sister-in-law of the groom, served the pink and white, three-tiered wedding cake. Linda Penman, of Rochester, cousin of the groom, registered guests, and little Miss LeLise Whorton, niece of the

groom, distributed tiny pink rice bags to the guests.

The bride was a 1965 graduate of Haskell High School, where she was drum major of the Haskell Indian Band, and was chosen Band Sweetheart. She was editor of the "Totem," delegate to Girls State, received the Outstanding Homemaker award, was a member of National Honor Society, Owl Club, Quill and Scroll, and a three-year member of the "Nine-Teens." She also served four years as a pianist in the Methodist Church in Haskell.

The groom was graduated from Rule High School in 1968, and attended John Tarleton College in Stephenville for one year, and McMurry College in Abilene for three years, working toward a degree in chemical engineering. While at McMurry, he was a member of IHR, men's social club. He is an active member of the U. S. Marine Corps Reserve.

After a wedding trip to Ruidoso, New Mexico, the couple will be at home in Rule. The groom is presently engaged in business in Rochester.

Lackey Family Reunion Held Here July 4th

Attending the Lackey Family Reunion here July 4th were: Mr. and Mrs. Paul Gunter, Rickey and Andy, of Morton; Mr. and Mrs. Harley Lankford, Scotty and Matt, Haskell; Mr. and Mrs. Boyd A. Address, Ft. Rotarians Hear Facts About "Agriculture"

By STANLEY FURRH
Public Relations, Ch.

A very able speaker, Lloyd Feemster, Agricultural Stabilization and Conservation Manager, spoke to members of the Rotary Club at the Thursday noon-day luncheon meeting.

"What he had to say didn't sound too good, because we knew they were facts."

"Mr. Feemster really put the cards on the table, concerning the agriculture outlook, so to speak, and it does not look too good."

"But our motto is to pray, think so, discuss ideas with others and then act, for the American people usually always come up with something good."

The invocation was given by E. J. Stewart at the meeting held in the Texas Cafe dining room. Robert White Herren introduced the following guests: Fitzhugh Williams, of Newport, Va., son of Dr. and Mrs. T. W. Williams; Ed Corzine, of Temple, Texas, grandson of Nita Herren, and John Deffebach, Rotarian from Abilene.

"The song service was a little better than usual, as it was not interrupted by Brooks Middleton's high and low notes. I think he got there late and was too busy eating to sing," Stanley Furrah, Reporter.

Youth Week Services To Be Held At The Trinity Lutheran Church

REV. CLIFFORD SCHMIDT

Special services will be conducted July 21, 22, 23, Wednesday through Friday of next week for the youth of the community.

week for the youth of the community.

The Rev. Clifford Schmidt of St. John Lutheran Church, San Antonio, Texas, will be guest speaker for the occasion. Rev. Schmidt graduated from Texas Lutheran College, Seguin, Texas in 1958 with a B. S. degree. He then attended Evangelical Lutheran Theological Seminary of Columbus, Ohio where he graduated with a B. D. degree in 1962. During his years in Seminary, he served his year of internship at Martin Luther Lutheran Church in Youngstown, Ohio. Presently he is one of three pastors at St. John Lutheran and specializes in the areas of Youth, Parish, Education and Evangelism.

Pastor Schmidt will speak at each of the three services. The services will be followed by open discussion on the topics presented with a period of fellowship to follow the discussion. His topics are: Wednesday, "Called From Destruction"; Thursday, "Called to Believe"; Friday, "Called to Serve."

A bootnanny is planned during the fellowship hour Wednesday evening, with such songs as "Jonah Sailed a Ship," "Cumbay My Lord," "Cherry Tree Carol," "The Lord's Prayer" in calypso beat. Thursday evening will find the worship service set to the Folk Song idiom. Friday evening following the discussion period a group of youth from Trinity will present the Chancel Drama, "Time Between the Times." This drama, written by the Rev. Cal Storey and Miss Ruth Westheim, was first presented a few weeks ago at a Lutheran Youth Round-Up at the H. E. Butt Foundation Camp. It is based on 1 Peter 2:9 and Ecclesiastes 3:1-8, emphasizing the importance of "time" as a "Gift of God to declare his wonderful deeds."

During the period of three days the Living Word, Jesus Christ, will be presented through the medium of song, preaching, reading, discussion, and dramas, showing that God speaks to us in more ways than we realize.

An open invitation is extended to all the youth of the community. Adults are more than welcome.

RETURNED TO ABILENE

Miss Mary Lou Jetton, a spring graduate of McMurry College, has returned to Abilene for two weeks where she is head supervisor of President Hall and will serve as a juvenile tutoring instructor for McMurry's 18th Annual Band and Twirling School.

Last weekend Mary Lou attended a reunion of her social club, Theta Chi Lambda, at Buttonwillow Ranch, the home of the sponsor, Mr. and Mrs. Felix Rosser.

She is the daughter of Mr. and Mrs. Cecil S. Jetton, Rochester.

RETURNS TO VIRGINIA

Fitzhugh Williams, son of Dr. and Mrs. T. W. Williams, who had been visiting here the past week, returned Sunday to Newport News, Va.

BACK FROM MARKET

R. I. and Loraine Johnson, of Boggs & Johnson, were in Dallas the first of this week attending the Furniture Market.

"I Am Sending This Money To Fix The Highways With"

"I am sending this money to fix the highways with."

That was the terse letter received recently in the Texas Highway Department main office in Austin. Enclosed was a one-dollar bill in a separate envelope.

The good-roads writer is Kent Sojourner, age 8, of Abilene. His explanation of why he sent the money to "fix highways with" is simple.

"We studied that a long time ago roads used to be just gravel and stuff like that," he said. "And there were Model T's instead of modern cars. Now the roads are made of thick cement and are pretty and real wide. And they are safer, with posts and guards, and reflectors showing curves and white lines."

Kent said he wrote the Highway Department because he was studying roads and travel at school. The children wrote for the Department's travel map.

"Texas roads are real good," said Kent. "They have roadside parks and all kinds of stuff. So I just wanted to help build some of the highways."

State Highway Engineer D. C. Greer sent the dollar back to Kent expressing his appreciation for the boy's interest in better highways.

Kent is the son of Mr. and Mrs. Jimmy W. Sojourner in Abilene. His mother teaches school and his father runs a drilling company. Kent has a 10-year-old brother in the fourth grade. Kent's mother knew nothing of her son's gift to the Highway Department.

"He's an extraordinary boy," Mrs. Sojourner said. "He's always sending off for various pamphlets and free travel literature. He uses his own allowance money he earns from running errands, and he writes his own business letters and buys his own stamps and addresses his own envelopes. We're always getting all kinds of things in

the mail that Kent has written for."

Kent and his family travel Texas highways quite a bit.

"We went to the Sonora Caverns and to Dallas and Houston, and Aunt Barbara took us to Old Mexico," he said. "I like the pecan trees and Blue bonnets along the roads and the roadside parks."

Kent has no favorite subject in school. "But I do like working together in class projects—like the travel project," he said.

Lions Elect International President

Dr. Walter H. Campbell of Miami Beach, Florida, was elected President of Lions International at the Association's 48th annual convention in Los Angeles, California, July 7-10. Lions International, with 759,097 members in 132 countries, is the world's largest service club organization.

Lions International is best known for its many youth programs, community service projects, sight conservation activities and aid to the blind. Last year Lions Clubs around the world completed more than 430,000 individual community projects.

ALLEN RIEVES THANKS PUBLIC

I have sold Western Auto Store to Darold Roberson, who will take over and start operating the business Monday, July 19th. The Robersons come to us well recommended and we want to solicit your continued support and patronage for them.

Mrs. Rieves and I want to express our sincere appreciation for the wonderful association we have had with the people of Haskell and this area. Also for the support you have given us through the years. You have made our stay in Haskell a pleasant one and it is with reluctance that we go to Denton to make our future home.

Sincerely,
ALLEN RIEVES

The Good Earth

by MRS. B. F. COBB

These high, hot winds are drying out the moisture almost as fast as things are watered. I've been doing most of my watering by moonlight lately. The nights are cool and pleasant with enough light to see by. Night watering gives plants time to dry before a hot sun can scald them.

Roses should be watered by soaking. Sprinkling encourages black spot and mildew. I sprinkled wettable sulphur on our rosebush last spring and watered it in. We haven't had any blackspot or mildew on our roses.

I was talking to our county agent, Mr. F. W. Martin, today. He tells me this county is low on nitrogen. Lack of this chemical will cause pale, listless plants. He gave me some literature to read. I haven't had time yet to study this valuable information.

The "Good Earth" has really produced a bountiful garden crop for us this year.

I've canned enough vegetables to do us a year and still our garden continues to produce. Cantaloupe and watermelon are just beginning to ripen in our garden. Never have I seen prettier vines or larger cantaloupe.

I visited my husband in Fort Worth this week. Everything there is so dark and green. Gardens are beautiful. Cans of every description seemed to be in most every yard.

Watch out for wasps when picking vegetables. I received a vicious sting last week as I gathered peas. Several have received severe stings lately.

Hedges, low hanging limbs and vegetable blossoms harbor wasps. When trimming hedges keep a can of spray handy. Watch carefully for wasp nests and beat the wasp out of his chance to sting you.

If a wasp, bumble bee or honey bee should sting one while they are hot, the sting could prove fatal.

I have several gardens to visit next week. I'll try to bring a word picture of them in the next column.

My husband comes in each Tuesday. He says our trees get greener each time he is away.

Mrs. J. M. Littlefield just called. They were watering their sweet potatoes by moonlight last night. Her grandson stayed to watch when the ditch was filled. Suddenly when the water reached a certain point, a rattlesnake began to sing and

buzz. The boy saw it cross the road into a neighbor's yard.

If you water at night, be very careful. One could probe ahead with a stick. This is the second rattlesnake I've heard of being here in town. One was killed in the northeast part of Haskell a few weeks back.

Seymour Rodeo And Reunion Begins Today

Seymour will stage its 68th annual Rodeo and Old Settlers Reunion July 15, 16 and 17. Activities will get underway with a big downtown parade at 4:00 Thursday. Rodeo performances will follow each evening at 8:00.

Old settlers of Baylor County and the area will convene for their annual reunion at the city park in Seymour on Thursday morning, July 15. Around a thousand are expected to attend. Over eight hundred were fed at last year's affair.

Adrian Parker, Producer and Arena Director for this year's show, promises toughest stock ever; and amateur rodeo contestants from a four-state area are expected to participate. Junior events will be another big feature of the rodeo this year as well as the selection of a Rodeo Queen.

Reserve seat tickets for the affair can be obtained through the Seymour Chamber of Commerce, Seymour, Texas.

Rolling Plains Cotton Growers Set Stamford Meet

The First Annual Meeting of the Rolling Plains Cotton Growers, Inc., will be held in the High School Auditorium, Stamford, Friday, July 23, at 2:00 p. m.

Farm organization leaders will outline insect control plans and programs for 1966.

Refreshments will be served.

TO VISIT HERE

Staff Sergeant Milford E. Mullins, Personnel Sergeant at the 819th Hospital Center, Maison Fort near Orleans, France, recently received the Army Commendation Medal from his Commanding Officer, Col. Herbert D. Edger, Chief of the Hospital Center.

Sergeant Mullins, now enroute to his new assignment in the United States, will be assigned to the William Beaumont Army Hospital, at El Paso, Texas. Sgt. Mullins and his family will visit his mother, Mrs. Bessie Melton, 104 N. 3rd St., Haskell.

CHRISTIAN SCIENCE SERVICES FOR JULY 18

The Lesson-Sermon in Christian Science churches this Sunday is on the subject of "Life." It describes the nature of man's spiritual life as an idea which exists forever in the Divine Mind. The Golden Text is from Proverbs 16: "Understanding is a wellspring of life unto him that hath it."

The readings will also include this passage from the Christian Science textbook: "The understanding that Life is God, Spirit, lengthens our days by strengthening our trust in the deathless reality of Life, its almightiness and immortality" (Science and Health with Key to the Scriptures by Mary Baker Eddy, p. 487).

NEW CHART RELEASED

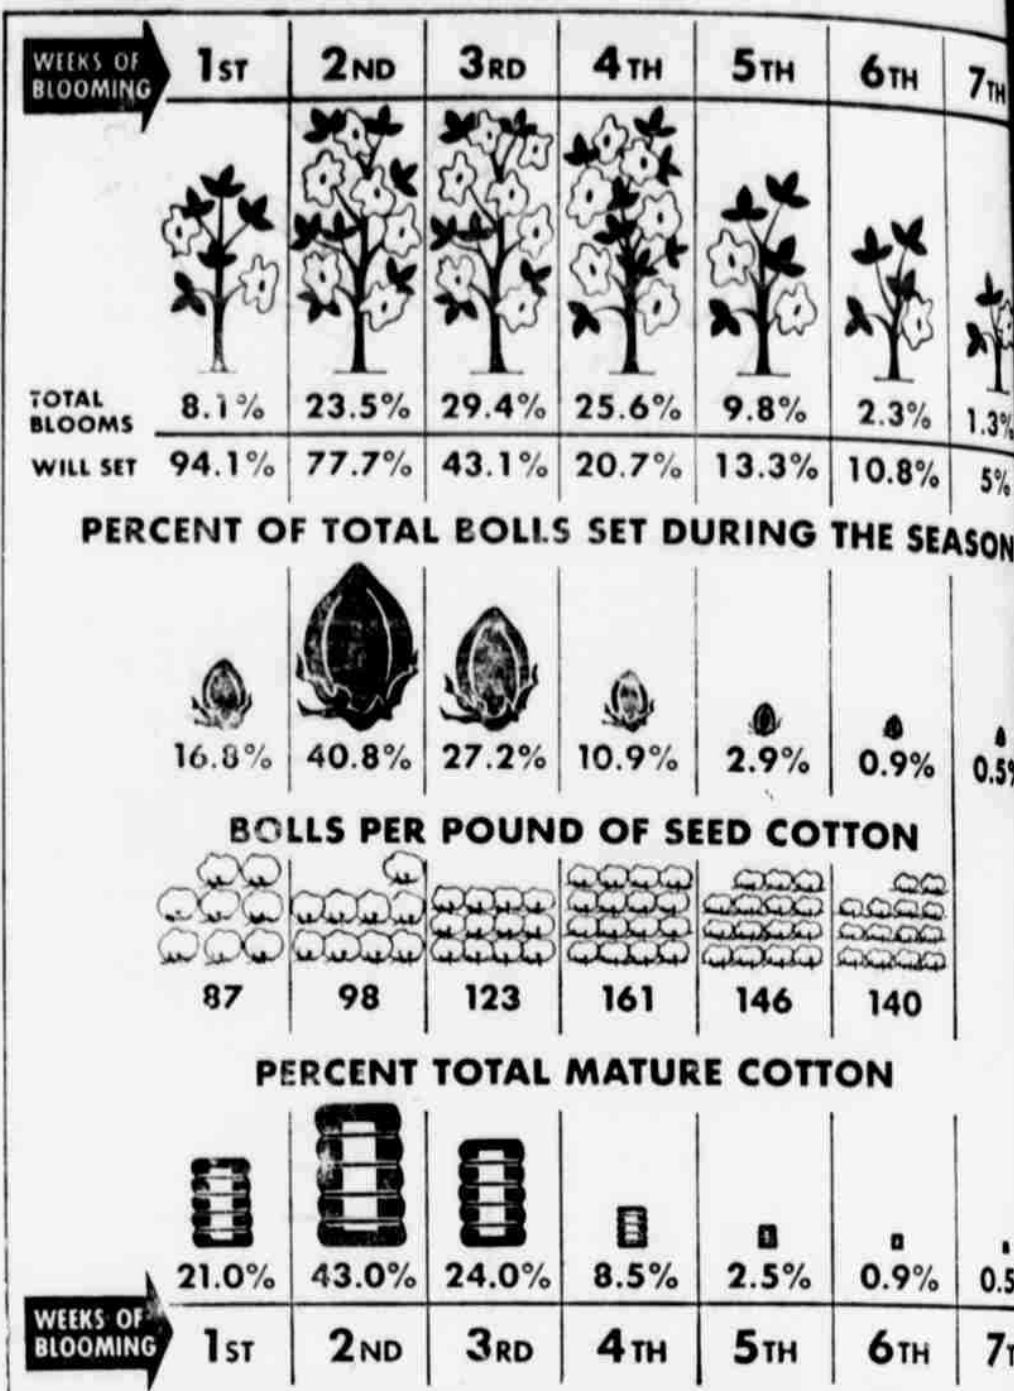

Study Of Fruiting Habit Of Cotton Plant Cited As Valuable Aid To Cotton Farmer

A new, easy-to-understand chart showing the fruiting habits of the typical cotton plant has been released in this area. The chart is a simplified form of a continuing study by leading cotton research men, on fruiting of the typical cotton plant, under average weather conditions, if unhampered by insects. The chart is divided into seven weeks of cotton blooming and demonstrates that the greatest volume of mature cotton results from the early blooms. More than half of the total bolls and 64% of mature cotton results from the first two weeks' blooms. And 88% of the total mature cotton is picked from the blooms of the first three weeks. For example, in the first week only 8% of the blooms occur, but they develop into 21% of the mature cotton. By contrast, the fifth week has 9% of the total blooms, which results in less than 3% of the total cotton.

This fruiting pattern clearly demonstrates the importance of keeping insect infestations to a minimum. It is essential that squares be protected, and cotton experts agree, that a systematic planned program

COMMUNICATIONS — Your Tool for Progress

In case of fire, this telephone rings the alarm

In many of our towns, fire protection comes from a volunteer fire department. An effective communications system summons these volunteers by ringing all members' telephones at the same time. What's more, it is a distinctive ring which means "FIRE!" and brings firemen on the run. Here is another example of how Communications becomes a Tool for Progress—a communications service of great value to every town with a volunteer fire department. For full information about our many communications services, please call our Business Office.

Prattle

By AL HINDS

Gene Long says he has taken the Tiger out of his tank and dropped in a rabbit, since he only makes short hops around town anyway.

My good, scholarly, gentleman friend Douglas B. Finch, Minister of the First Presbyterian Church, walked into my office one day recently and remarked that he smelled home brew cooking. The Free Press Devil Jack Muegge had a pot brewing in the back shop but it happened to be hot lead.

"Dear Mr. Hinds, I've enjoyed your poetry and quotations you put in your PRATTLE column each week. I ran across this little shopping list that I thought perhaps you might be interested in. There is a lot of truth in it... hope you like it... a weekly reader"

SHOPPING LIST

One of these days I must go shopping... I am completely out of self respect... I want to exchange the self righteousness I picked up the other day, for some humility; which they say is less expensive and wears better.

I want to look at some tolerance which is being used for wraps this season. Someone showed me some pretty samples of peace—we are a little low on that, and one can never have too much of it. And, by the way, I must try to match some patience that my neighbor wears. It is very becoming on her and I think some might look equally well on me.

I might try on that little garment of long-suffering they are displaying. I never thought I wanted to wear it, but perhaps I should. Also, I mustn't forget to have my sense of humor mended, and look for some inexpensive, everyday goodness. It's surprising how quickly one's stock on goodness is depleted. Yes... I must go shopping soon... (Spyglass).

Want to keep fit? Then if you do—pitch horseshoes. Don't snicker before you read further. It's a proven fact. So, if you want to play as you exercise, but find golf, bowling or other sports inaccessible, why not consider horseshoe pitching?

A leading horseshoe pitcher regards the sport as one that makes greater physical demands than golf or bowling. To achieve in this sport, he says you must move all over.

Pitching horseshoes brings many muscles into play. Bending down to pick up two shoes weighing 2½ pounds each, raising them, taking aim and throwing to a stake 40 feet away puts hand, wrist, forearm, shoulder, back and leg muscles to active use.

In tournament play, a competitor will walk an average of five miles between stakes. He will bend down more than 500 times and, in all, will lift and throw more than a ton of metal. A crowning achievement for those who look to athletic activities to help keep in trim, is that weight loss is common during tournaments.

The population of the U.S.A. is 160 million, but 62 million are over 60 years of age, leaving only 98 million to do the work.

People under 21 total 54 million which leaves 44 million to do the work. There are 20 million employed by the government and that leaves 24 million to do the work. Ten million are in the armed forces, so that leaves 14 million left to do the work. Deduct 13,800,000 state, county and city officers and that leaves 200,000 to do the work.

There are 126,000 in hospitals, asylums and homes, so that leaves 74,000 to do the work, but 62,000 are hoboes who will not work so that leaves 12,000 to do the work.

Now, it may interest you to know, there are 11,998 persons now in jail, so that leaves just two people to do the work—you and me, but I'm pooped, so that leaves just you!

Kinda' Bugged Me: In a circular mailed to the Haskell Free Press advertising a meeting of Rolling Plains Cotton Growers, it read: "Hear farm organization leaders outline insect control plans and programs for 1966 REFRESHMENTS."

Guess that would be a good way to control insects... serve 'em refreshments.

TO RECEIVE DEGREE

William E. Goff, son-in-law, of Mr. and Mrs. S. L. Griffith, Route No. 2, Haskell, will receive the Bachelor of Divinity degree from Southwestern Baptist Theological Seminary July 23.

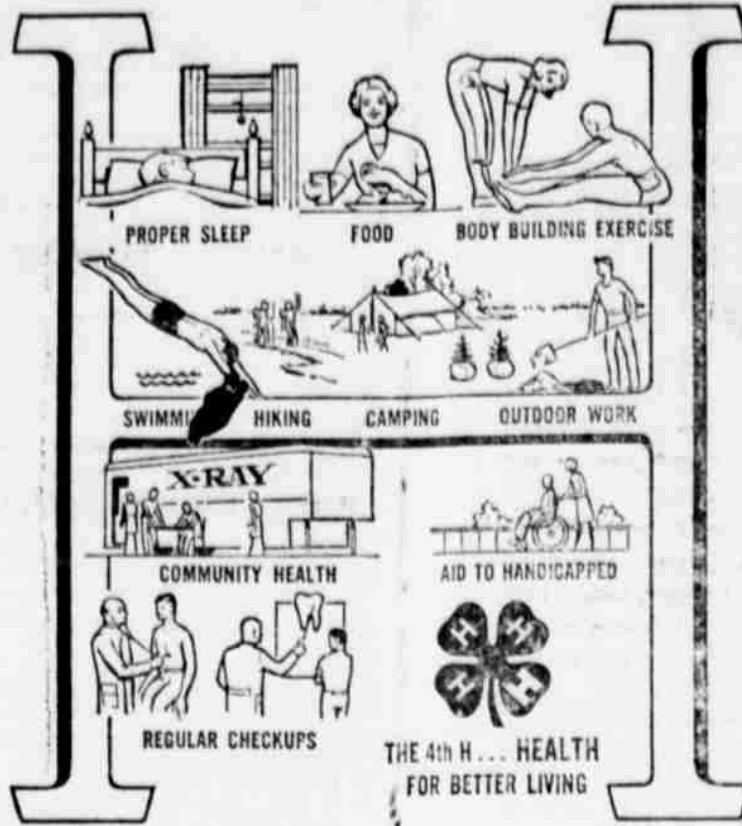

Southwestern Seminary, largest evangelical seminary in the world, annually graduates approximately 500 students in the fields of theology, church music and religious education.

Seminary president Robert E. Naylor will present the degrees and diplomas to the 114 graduates at the summer graduation exercises. Enoch C. Brown, pastor, Shandon Baptist Church, Columbia, S. C., will deliver the commencement address.

Motor vehicle accidents are the leading cause of accidental death to farm residents, said the National Safety Council.

4-H Youths Keep Fit

When boys and girls club work first started in the early 1900's, the emblem was a 3-H clover symbolizing Head, Heart, Hands. Around 1911 the 4th H was added to represent Health. Ever since, both here and in about 75 other countries, this emblem has represented the equal training of "head, heart, hands and health for better living."

Health projects have grown over the years in knowledge, activities and membership, says the Cooperative Extension Service which supervises 4-H programs. And keeping fit is one important segment of the national 4-H Health program which today enrolls some 677,000 boys and girls.

It is easy to keep in good shape during summer months through sports, games, hikes, camping and outdoor work. But, cautions the 4-H Health bulletin, there is more to maintaining good health than strenuous exercise. This recent publication points out the need for three nutritious meals a day, plenty of sleep, periodic physical checkups and a sensible balance of work and play. It also urges 4-H Club members to look for ways to improve family and community health.

Individual members and clubs can win awards for doing an outstanding job. Winners are selected by the Extension Service. Award donor and sponsor of the 4-H Health program for the last 10 years is Eli Lilly and Company. The boy or girl judged best in the state will be a delegate to the National 4-H Club Congress at Chicago next fall, and will compete for one of six \$500 scholarships. In the county, the best four club projects will be recognized with a certificate and medals will be presented to as many as four top individuals.

Chapel Choir of Ocala, Florida, To Present Concert At First Baptist

The Chapel Choir, of the First Baptist Church, Ocala, Florida, will present a concert at the First Baptist Church, Haskell, Sunday evening, July 18.

Forty young people, under the able direction of Veo Gray, Minister of Music at the Ocala First Baptist Church, will arrive in Haskell on a chartered bus on a two-week trip into the west.

The young people, members of the choir of Ocala, washed cars and performed other assorted odd jobs to earn money for the "concert tour." Supplementary funds are being supplied by the church and through individual donations.

Among the several states on their itinerary are North Florida, Mississippi, Louisiana, Texas, New Mexico, Arkansas, Tennessee, Alabama and Georgia.

The repertoire spans a range of music from anthems to stirring spirituals to selections from Broadway shows, all of which the choir performs extremely well and with obvious enjoyment.

A particularly entertaining selection is the novelty arrangement of "Row, Row Your Boat," as sung "throughout the ages."

Also included on the program will be presentations by the handbell choir, composed of several girls from the Chapel Choir.

Invitation is extended the public to attend the concert.

"Fasten Your Seat Belts Please..."

"Fasten your seat belts, please," is a customary warning for airline passengers. But, it's an admonition for motorists, too. Your chances of being killed in an accident increase five times if you are thrown from the vehicle. Using your seat belt can keep you safe. Accident studies show that use of seat belts can eliminate at least one-third of all automobile injuries.

Seat belts are the best low-cost safety feature available for a car, yet many people fail to install and use them. One person may use "claustrophobia" as an excuse for not using seat belts. He may tell you, "If the car should catch fire or submerge, I wouldn't want to be trapped inside." What this person doesn't realize is that less than one percent of all injury-accidents involve fire or submersion. By helping you become conscious of quick seat belt use, you may be saving your life.

And anyone thinking are strictly for the half of the accident injury or death involved less than 40 miles per hour. Seat belts offer the protection at low speed give on the race track.

"I never take the trips," a man said why should I use seat belts? Here's why. Three traffic deaths occur miles of home. Seat protection in town on the highway.

This year one of cars, according to will be involved in a accident. True, seat stop accidents, but duce deaths and injuries.
