To The Point

By BUDDY NORVILLE

The twentieth century found man at war with himself. As the years pass and time draws us nearer another century mark, man finds himself in the thick of battle still. Peace is freedom from war, yet man wages war to find peace. Man has never been free from war long enough to know peace or feel the tranquility that peace might bring. Untold millions have lost their lives in the quest for peace. The desire of man to attain peace is commendable, but the certainty of attainment is improbable. Peace is not attainable because of man's inevitability to quarrel with his neighbor, the impossibility of any one country to be sovereign, the prophecy of Jesus.

Man probably lived in peace until, one day, he discovered some other man had a different point-of-view from his own. He found that he did not have a monopoly on thinking, that other men could also think. A wise man will discuss differences of opinion, but a fool will not. Mankind, then, might be classified into two categories—the wise and the foolish. Since the day Abel was slain by his foolish brother, Cain, there has been no peace between men. The foolish have refused to sit down at the conference table and evaluate the differences of opinion, bringing war on the wise.

It is the foolish man who has tried to rule his wise brother. In most cases the wise brother has resisted, and resistance has meant war. Just as it is in one man's nature to desire to rule, it is another's to want to make his own decisions and to rule himself. The difference in personalities make it an impossibility for man to live at peace with himself.

A sovereign nation would be one that could exist wholly independent of any other nation. Yet, no nation can survive entirely by itself. There is no nation in the world that can provide, within its own domain, every need of its nationals. Every country must depend upon some other country for total survival. As nations are governed by men, and men are both, wise and foolish, they also are liable to have differences of opinions. When leaders become foolish and quarrelsome, war is a likely result. Foolish leaders have tried conquest, and have lost the desire for peace. Wise leaders have desired peace and have been conquered.

Christ himself spoke of the improbability of peace. Matthew, in the twenty-fourth chapter of his gospel, quoted Jesus: "And ye shall hear of wars, and rumors of war:..." As long as there is one foolish man left alive, there will be war. As long as man reverts to war to settle his differences, there will be no peace.

Jesus was an excellent judge of human nature. He knew man would be foolish and that foolish men would become leaders. Just as he knew this, he knew also that there would always be wars—but never peace.

U. S. Postal Service Installing Area Mail Processing At Midland

The newest innovation of the United States Postal Service - Area Mail Processing - is to be installed at the Midland, TX Sectional Center on Jan. 22.

This was announced by Carl Ulsaker, Regional Postmaster General, Southern Postal Region, which covers the Southern United States, from Texas to Florida.

"The program is intended to speed the ultimate delivery of the mail and to gain maximum efficiency and economy through full utilization of Midland's mechanized post office," Ulsaker said.

This service will begin January 29 for Stanton, according to Bill Morrow, Local Postmaster.

Midland has an automatic canceling machine capable of facing and canceling 30,000 letters per hour. The facer-canceler works in conjunction with mechanized edger-stacker systems for letter mail.

The Midland Post Office, Ulsaker pointed out, is a sectional center serving 43 associate post offices, and the new system will revolve entirely around that capacity and function. The program will be phased in gradually, over a period of weeks, he said.

Area Mail Processing is a plan whereby first class mail originating within a Sectional Center Facility area, including the associate offices of the Sectional Center, will be consolidated at the SCF for complete preparation and processing for outgoing dispatch.

The plan contemplates that originating mail from all or selected associate offices of an SCF be collected and consolidated at the originating associate office, and without further preparation be dispatched to the SCF for culling, facing, canceling, and distributing preparatory to dispatch.

All mail deposited in a designated drop unit at a post office or a letter box designated for local delivery will be postmarked at the local office of origin. All metered mail will

bear the postmark of the office of origin.

Area Mail Processing will be applicable primarily to that mail originating at post offices within the SCF area which is destined for delivery outside the city of origin.

The Midland Sectional Center Area postmark will read, "U.S. Postal Service, TX 797," along with the date and AMP designation. The city postmark of Midland and each individual associate office will not be changed.

However, the only mail that will be postmarked with the name of the mailing office will be mail that has been designated for local delivery. Each postmaster will have these deposit boxes and letter drop units so designated for this purpose.

Ulsaker urged that customers no longer use the word "City" as an address in place of the name of the city of destination. "Obviously," he said, "in this new system, a letter with just 'City' could lose its identity."

Customers in Stanton addressing letters to Tarzan or Lenora should deposit the mail in the drop marked "Local Mail". This will speed delivery by at least 24 hours, Bill Morrow stated.

Lions Hold Third Cabinet Meeting

Friday night, January 15, 1972, the third Cabinet Meeting of Lions International District 2A-1 was held in Colorado City, Texas. The meeting was conducted by District Governor Homer J. Hodge of Winters, Texas. Reports were given by the various Deputy District Governors, Zone Chairmen and District Committee Chairmen at the meeting. The cabinet meeting was attended by 46 cabinet members and guest Lions. Lion B. C. Domingue, Past President of the San Angelo Southside Club, was appointed District 2A-1 Membership Chairman to fill the unexpired office of the late E. B. King of Sonora, Texas.

Preceding the cabinet meeting 78 Lions and their wives attended a reception and dinner at the Villa Inn in Colorado City, Texas.

Stanton Lions attending the cabinet meeting were: John Wood, District Leo Chairman; J. R. Dillard, Zone Chairman; John Z. and Cecil Bridges, Past District Governor.

Lions International District 2A-1 had 21 Lions present at the Mid-Winter Conference of District 2T-2 in Brownfield, Texas, on Sunday, January 16, 1972. The delegates were led by Lion Carl O. Hyde and Roy A. Minear of Midland Downtown Lions Club. Lion E. J. "Ebb" Grindstaff of Ballinger, Texas, was presented as a candidate for the office of Lions International Director for Texas. Lions Clubs representing District 2A-1 were from Midland, Stanton and Big Spring, Texas.

Prices continue good with a range from 22 cents for the poorest qualities to 32 cents for the best. Around 80 per cent of the current ginning are selling between 29 and 32 cents per pound.

\$29,500 Grant To PBRPC Okayed

A \$29,500 grant to the Permian Basin Regional Planning Commission of Texas has been approved by the Farmers Home Administration, reports FHA Administrator James V. Smith.

The grant funds will enable the commission to prepare an initial comprehensive plan for the water and sewer service needs of a six-county area, which includes the counties of Ector, Midland, Ward, Andrews, Martin and Terrell. In addition, updating and consolidation of the water/sewer facility plans for the counties of Borden, Dawson, Upton and Pecos will also take place.

Ernie W. Crawford of P. O. Box 6391, Midland, Texas 79701, is executive director of the Permian Basin Regional Planning Commission.

WHO'S NEW—Brown Collins, 25, and his wife, Diana, have recently moved to Stanton from College Station. Brown completed requirements for the Masters Degree in Range Science (Plant Ecology) at Texas A&M University. He will be with the Mustang Soil Conservation Service here in Stanton. Brown has been with the Service since 1968.

116,000 Samples Processed In '71

The Consumer and Marketing Service reported that a total of 116,000 samples had been processed at the Abilene Cotton Classing Office this season. At the same time last season the crop was practically harvested and 325,000 samples had been processed. According to B. B. Manly, Jr., officer-in-charge of the U. S. D. A. Cotton Classing Office in Abilene, Texas, the season is around one-half complete.

Last week a total of 27,000 samples were processed compared to a straggling 386 a year ago.

Grades are low this season with Bark being one of the reasons. Last week 57 per cent were designated as Bark. The predominate grade was 52 at 35 per cent, with some others as follows: 42, 30 per cent and 53, 14 per cent.

The staple was running mainly 30 at 71 per cent and 29 at 18 per cent. Micronaire readings are the lowest since the instrument came into use with only 15 per cent in the premium 3.5-4.9 range. Other readings were: 2.6 and below range, 19 per cent; 2.7 through 2.9 range, 30 per cent; 3.0 through 3.2, 27 per cent; 3.3 through 3.4 range, 9 per cent; and 3.5 and above, 15 per cent. Last season 72 per cent miked 3.5 and above.

Prices continue good with a range from 22 cents for the poorest qualities to 32 cents for the best. Around 80 per cent of the current ginning are selling between 29 and 32 cents per pound.

1972 Stanton Encounter Crusade Begins With Evangelism Conference

The churches of Stanton began preparation for the Encounter Crusade, Monday and Tuesday nights with an evangelism conference held at the First United Methodist Church.

Dr. James Hester, Crusade co-ordinator, spoke to the group Monday night.

Dr. Hester outlined the calendar of activities from now to April 9 when the Crusade will begin. Dr. Hester is with the Evangelism Department of the Southern Baptist Convention.

Tuesday night all of the different committees had a short meeting to discuss plans for the crusade.

Following the committee meetings, Mr. James Puckett, pastor of the Temple Baptist Church of Big Spring, brought an inspiring message based on the 20th Chapter of Acts. Mr. Puckett challenged the group not to leave the "Give" out of

Stanton Young Men to Head Jaycees

The possibility of organizing a Jaycee chapter in Stanton will be aired at an open meeting which has been scheduled by the Midland Jaycees for Tuesday, January 25, at the Texas Electric Reddy Room.

According to Midland Jaycees, the meeting was set at the request of many Stanton young men who have expressed an interest in forming a Jaycee unit here.

Donny Thompson, extension

chairman of the Midland Jaycees has reported that many young men, already contacted, will be present at the meeting. One of them, James Lewis, will provide free transportation and may be contacted at 756-3622.

At the brief meeting, Midland Jaycees will explain various phases of their own operation, community and membership benefits resulting from Jaycee operations and

Jaycee chapter and membership requirements. A question and answer period will close the session which will last no longer than ninety minutes.

The Jaycees is an organization whose membership is open to all young men between the ages of 21 and 35.

Purpose of the world-wide organization is the improvement of the communities in which the chapters are located and personal development of

its members; both objectives being accomplished through variety of project activities.

Jaycee chapters are located in 6,100 communities in the United States and have a total membership of 285,000. Internationally - Jaycee chapters exist in over 81 countries and territories.

Jaycees in this country have their own headquarters in Tulsa, Oklahoma - a memorial of honor of World War II.

Jerry Holloway at the reins of his Grand Champion Steer. Jerry also won the Showmanship Award in the Steer Division.

Elonna Airhart showed the Reserve Grand Champion Steer.

Cybil Deavenport Dies Tuesday

Mrs. Cybil Clara Deavenport, age 76, expired Tuesday in the Martin County Hospital after a lengthy illness.

Services will be held Thursday at 10:00 a.m. at the First United Methodist Church with Rev. Floyd Dunn officiating. Interment will be in the Evergreen Cemetery under the direction of Gilbreath Funeral Home.

Mrs. Deavenport was born on June 8, 1895 in Yell County, Arkansas. She moved to Stanton in 1937 from Marlow, Oklahoma. She was married to P. E. Deavenport at Duncan, Oklahoma on May 30, 1927. She was a retired retail merchant. Survivors include two sons, John Twyman of San Diego, Calif., and Bob D. of Stanton; two daughters, Mrs. John Connell and Mrs. Byron Muffee, both of Dallas; one sister, Mrs. Martha Crownover of Marlow, Oklahoma; one brother, Walter Barker of Senola, Oklahoma, four grandchildren and five great-grandchildren.

Martin County Show Is Best In History of County

"It might not have been the largest, but was by far the best stock show in the history of Martin County," said Chuck Elmore, chairman of the show, as Jerry Holloway carried home the top honors of the meet.

Holloway's steer was named Grand Champion of the livestock show, while Elonna Airhart's entry was judged as Reserve Champion.

Jerry was also recipient of the Showmanship Award in that category. Elmore said the auction, after the judging, was excellent this year, with sales high. In all, there were 181 entries in the show, slightly below what was previously anticipated.

Judges in this year's show included Bobby Lemon, Mitchell County agricultural agent, Colorado City, the steer show; Fred Wilkerson, Crane County agricultural agent, Crane, lamb show judge; Bob-

by Lee Wilson FFA teacher from Wilson, the hog show.

Superintendents in charge of the event were Craig Beckmyers, Ackerly; Lambs, Bobby O. Kelly, Stanton; hogs, and Owen Kelly, Stanton, steers.

Top winners in the various events were:

LAMBS
Hampshire - Jimmy Ross, champion; Roy Blake, second. Crossbred - Deana Holcomb, champion; Tahita Blake, second. Finewool - Tahita Blake, champion; Fay Ann Welch, second.

BARROWS
Lightweight - J. C. Tunnell, champion; Elonna Airhart, second; Medium weight - Dennis Heald, champion; Tana Yates, second; Heavyweight - Lillie Leich, champion; Gary Hanson, second. Grand cham-

Pumpernickel is really Westphalian rye bread!

panion barrow, J. C. Tunnell; reserve, Elonna Airhart.

GILTS
Wayne Acheson, champion, Brad Tunnell, reserve champion.

Showman ship award in swine division was won by Wendy Tunnell; in the lamb division by Denna Holcombe.

Grady Wins Two In League Play

Grady won both ends of a district doubleheader from Greenwood here Thursday.

Margin in the boys' game was 38-35, and Grady had to come from behind to turn the trick. The Grady girls won, 36-27, thanks to a 32-point effort by Joanna Sawyer.

In the back courts for the Grady girls, Tana Yates, Tahita Blake and Tina Deavenport showed to advantage for Grady. Junior Rangel had 16 points and J.C. Tunnell 12 for the Grady boys, who are now 2-3 in conference and 8-7 on the year. Grady's girls are also 2-3 within the league and 6-9 overall.

Troy Bradshaw To Run For Com.

To the voters of Precinct One:

After careful consideration, I wish to announce as a candidate for the office of County Commissioner for Precinct One.

For the past 25 years I have been a resident of Martin County and am aware of many of the needs of our county.

If elected, I will to the best of my ability tend to the duties of this office in an honest and business like manner.

I will be working for you, the tax payers, of Martin County. I will not be careless in performing the duties of this office.

I ask for your support in the Democratic primary May 6. Your vote or support in any way will be greatly appreciated.

Troy C. Bradshaw.

Post Office Will Sell Tax Book

A booklet that gives information on how to fill out Federal tax returns will be sold at the local post office.

"Your Federal Income Tax" was written by the Internal Revenue Service and contains many examples to illustrate how the tax law applies to actual situations. A special feature of the booklet is the sample, filled-in return, Form 1040, keyed to pages where explanations can be found for each entry on the return.

"By selling this booklet at postal facilities in the Stanton area we are offering a convenient service to our customers," the local post office announced. "We are participating in a nationwide program to make the tax booklet available to the public in 15,000 postal facilities."

Social Security Visit Schedule

A representative from the Big Spring Social Security office will be in Stanton Monday, January 24, at 10 a.m.

New Arrivals

Born to Mr. and Mrs. Trinidad Rubio Jr., Box 1151, Stanton, a boy, Martin Garza, at 1:45 a.m., Jan. 9 weighing 7 pounds, 14 ounces.

Card of Thanks

Dear Friends,
I would like to thank all of you from the bottom of my heart. Some people say that you don't need anyone in this world, but they are really wrong. I don't know what would have happened to our cotton if it hadn't been for those good and generous men who took time out to help us.
Again my "thanks" from the bottom of my heart to W.C. "Buck" Boon, Jack Thompson, Claude Glaspie Jr., Bud Glaspie, Manuel Rodriguez, A.C. Powell, Tommy Hursh, Mark Hursh, Pat Ramirez, G. P. Harrell, Tooter Harrell, Cliff Hazlewood Jr. and Delbert Franklin.
Also for the gifts and kind deeds. To Mr. Senaido Hernandez Sr. for the collection they took up and the men that stayed nights at the hospital.
Jesse Nevarez

CARD OF THANKS

To all the nice people who visited me during my stay in the hospital. For the beautiful flowers. And otherwise helped me in any way to make my extended stay in the hospital easier to bear.
Thanks again,
Morgan Hall

Oilpatch Outlook Philosopher Says:

The Mustang Draw (Devonian) pool of northwest Martin County gained its second producer and a location north extension with completion of Continental Oil Co. No. 2-14-7 University, 15 miles northwest of Tarzan.

It finished on 24-hour potential test to flow 482 barrels of 45.2-gravity oil, through an 8/64-inch choke and from open hole at 12,325-12,328 feet, which had been washed with an unreported amount of mud acid. Operator ran 5 1/2-inch casing to 12,325 feet. Gas-oil ratio was 27-1.

It spots 1,980 feet from north and west lines of section 14, block 7, ULS.

The discovery, the firm's No. 1-14-7 University, finished Oct. 15, 1971 to flow 339.74 barrels of oil and 8.4 barrels of water daily, through a 10 64-inch choke and perforations at 12,323-12,325 feet.

Adobe Oil Co., Midland, completed No. 1-A Sawyer as a 1/2-mile south extension to production in the Martin sector of the Spraberry Trend Area.

It finished to flow 220 barrels of 39.8-gravity oil per day, with gas-oil ratio of 800-1, through a 16 64-inch choke and perforations at 7,754-8,787 feet. The section had been acidized with 4,500 gallons and fractured with 80,000 gallons and 240,000 pounds.

While drilling was in progress, it indicated production in the Grayburg-San Andres, with the recovery of 1,000 feet of gas, 15 feet of oil and 135 feet of drilling fluid, on a one-hour drillstem test from 3,685-3,790 feet.

Location is 1,320 feet from north and west lines of section 36, block 36, T-2-N, T&P survey, 2 1/2 miles northeast of Lenorah.

Universal Resources Corp., Dallas, completed No. 1-B (originally filed as No. 2) Slaughter as a 1/2-mile north extension to the Sulphur Draw (8,790 Dean) field of north Martin County, 26 miles northwest of Stanton.

It finished to flow 124 barrels of 39.8-gravity oil and 7 1/2 barrels of water per day, through a 16 64-inch choke and perforations at 8,790-9,126 feet, which had been acidized with 1,000 gallons. Gas-oil ratio was 1,327-1.

Location is 1,419 feet from north and 1,228 feet from east lines of section 5, block 36, T-3-N, T&P survey.

Adobe Oil Co., Midland, has added four new producers to the Spraberry Trend Area of Martin County.

Located four miles northeast of Lenorah, No. 1 Brashers was finished through perforations between 7,740-8,621 feet, which had been acidized with 4,000 gallons and fractured with 30,000 gallons, plus 240,000 pounds.

It pumped 168 barrels of 39.7-gravity oil, and 21 barrels of water per day on an initial test, with a gas-oil ratio of 857-1.

Location is 1,320 feet from south and east lines of section 20, block 35, T-2-N, T&P survey and 5 8 mile northeast of the field.

No. 2 Glass was completed to pump 188 barrels of 39.9-gravity oil, plus 18 barrels of water in 24 hours.

Production is through shot holes at 8,240-9,255 feet, which had been treated with 4,500 gallons of acid and 100,000 gallons, plus 300,000 pounds of fracture material.

Wellsite is 1,320 feet from north and west lines of section 29, block 38, T-1-N, T&P survey, 15 miles northwest of Stanton and 1/2 mile west of the nearest producer.

Adobe's No. 1-A Glass spots 1,320 feet from south and east lines of section 30, block 38, T-1-N, T&P survey, 15 miles southwest of Stanton.

On a 24-hour potential test, it pumped 188 barrels of oil and 15 barrels of water, through perforations at 8,251-9,276 feet, which had been acidized with 4,000 gallons and fractured with 80,000 pounds, plus 240,000 pounds. Gravity of the oil is 37.7 degrees, with gas-oil ratio of 878-1.

No. 1-C Jones pumped 176 barrels of 39.8-gravity oil and 25 barrels of water on a 24-hour initial test, through shot holes at 7,756-8,743 feet which had been acidized with 4,000 gallons and fractured with 80,000 gallons, plus 240,000 pounds. Gas-oil ratio measured 951-1.

Located 3/4 mile northeast of the closest producer, location is 1,320 feet from north and west lines of section 24, block 36, T-2-N, T&P survey, four miles northwest of Lenorah.

Operators have completed two developments in the Martin County sector of the Spraberry Trend Area.

Ne-O-Tex Corp., Midland, has finished No. 2 Jim Tom Estate four miles northwest of Stanton.

On a 24-hour potential test, it pumped 145 barrels of 39-gravity oil, plus 12 barrels of water, through perforations between 8,506-9,325 feet, which had been fractured with 80,000 gallons. Gas-oil ratio is 620-1.

Wellsite is 1,320 feet from north and west lines of section 2, block 38, T-1-N, T&P survey.

Adobe Oil Co. of Midland, No. 1 Powell, has been completed through shot holes at 7,838-8,805 feet.

After an acid treatment of 4,000 gallons, and being fractured with 80,000 gallons, plus 240,000 pounds, it pumped 168 barrels of 39.8-gravity oil and 15 barrels of water on a daily potential test. Gas-oil ratio measured 839-1.

Location is 1,320 feet from north and east lines of section 43, block 36, T-1-N, T&P survey, five miles northwest of Stanton.

John L. Cox of Midland fil-

ed application to drill No. 2 Winkelman as a one-mile northwest outpost to the Midland County part of the Spraberry Trend Area, 13 miles southeast of Midland.

Location for the test, slated to 9,100 feet, is 1,320 feet from south and east lines of section 10, block 38, T-3-S, T&P survey.

The 9,400-foot planned project spots 1,320 feet from south and east lines of section 37, block 38, T-1-N, T&P survey, seven miles northeast of Midland.

Universal Resources Corp., Dallas, will drill a one-mile west and northeast outpost to the Sulphur Draw (8,790 Dean) field of Martin, 26 miles northwest of Stanton. It is No. 1 Richards.

Location is 1,518 feet from north and 1,320 feet from east lines of section 6, block 36, T-3-N, T&P survey. Contract depth is 9,300 feet.

Information on all aspects of eye health and eye safety are available for the asking from the Texas Society for the Prevention of Blindness, 3617 Fannin Street, Houston, Texas 77004.

Woman's Idea of Work May Set Dangerous Precedent

Editor's note: The Martin County Philosopher on his Johnson grass farm on Mustang Draw probably is unnecessarily disturbed over something he read, his letter this week indicates.

Dear editor:
According to an article I read during one of the half-times last weekend, when Congress gets back into session shortly the only woman in the United States Senate is going to propose a Constitutional amendment requiring members of Congress to be on hand oftener.

Absenteeism, she said, is the Senate's greatest disgrace and she is going to introduce a Constitutional amendment providing for the automatic expulsion of any Senator or House member not present for at least 60 per cent of the roll call votes in any session.

This is dangerous legislation and I hope the absent Senators and Congressmen will show up long enough to vote against it.

You require a Senator or a Congressman to work 60 per cent of the time and the first thing you know some Washington bureaucrat will get the

notion the rule ought to apply to everybody.

I don't want anybody coming out here to my place telling me if I don't work 60 per cent of the time I'll be expelled. I can't imagine Congress declaring it's unconstitutional to loaf.

I don't know what Senators and Congressmen do while they're gone 40 per cent of the time, outside of running for President, but they've been on hand often enough now to pass more laws that most of us can obey.

Work is something I don't want anybody coming around to tell me what it is, and you can straighten out the grammar if you want to. Mayor Lindsey of New York knows what I'm talking about. While in Florida last week announcing he's running for President

and will campaign all around the country, and when asked what about his job as mayor, he said "I'm mayor of New York 24 hours a day, seven days a week."

Those are my sentiments exactly. I ran this place 24 hours a day seven days a week and it'd scare me to death to have some woman Senator come out here and pick my notion of work to pieces with a fine-tooth comb. I admire Senator Margaret Chase Smith of Maine but this time she's gone too far.

J.A.

Is there a handy man around your house? If so, the Texas Society for the Prevention of Blindness says, the should wear eye protection whenever he is engaged in carpentering, metal working or any other activity where there is danger of an eye accident. Accidents injure blinds thousands of people, reports the Society, and a little extra effort to protect yourself is certainly worth it.

Mustang Soil Conservation News

Since the "Black Blizzards" of the 1930's, much work has been done to learn how man can break up the force of the wind during sand storms which occur in the Mustang Soil Conservation District.

Many residents remember the mid 1930's as the time when they vainly stuffed rags in windows to keep out the fine dust, washed the grit from dishes just before serving each meal, and removed the red dust film on their faces after every trip outdoors. Street lights burned, chickens went to roost at mid day and zero visibility halted traffic.

From those "Black Blizzards" until now, the human discomfort associated with sand storms has plagued district residents. Sand storms and dust laden air is no respecter of persons or houses. Urban residents suffer as well as the farmer and rancher. The application of soil, water and plant conservation programs, by farmers and ranchers, has reduced the severity

of the sand storms and the discomfort accompanying them.

The great economic loss from wind erosion sustained by farmers and townspeople alike, has stimulated action that has done much to determine conditions favoring soil blowing. Aggressive action has been taken to prevent, or at least reduce, the damaging effects of the sand storms.

The climatic conditions of low rainfall, high temperature and strong winds are partners in severe wind erosion. Short rainfall reduces the production of crop stubble so needed to protect the soil from the force of the wind.

Farmers benefit directly by controlling wind erosion. Everyone shares in the improved economic conditions resulting from erosion control. The value of erosion control, to our non-farm people, is becoming increasingly important because the economic stability of the Mustang Soil Conservation District is agriculture and its allied industries. As the local farmers and ranchers prosper, so does the economy of the people.

Changes in farming and farming practices creates a severe hazard locally for wind erosion conditions. Sorghum stubble, properly managed, has proven, to be an effective control from wind erosion. Stubble maintained on the surface of the soil prevents the force of the wind from sweeping the soil. Research has proven the wind must get a straight blow against the soil before the static electricity will charge the soil particles until they jump up and are caught and blown by the wind. As the soil particles strike the ground, other soil particles are charged thus causing a chain reaction.

To overcome the lack of sorghum stubble, many district cooperators are seeding sorghums in their cotton banks to produce stubble for soil cover and to reduce the force of the wind. Remember, each acre treated with sorghums this summer will reduce the effects of the windstorms next spring. We all benefit.

Stanton Study Club News

The Stanton Study Club met recently in the Martin County Library with Mrs. J.O. Stuard and Mrs. Joe Stewart as hostesses.

Mrs. Bob Cox, president, called the meeting to order. Thank-yous were read from the Big Spring State Hospital for gifts at Christmas and from the Martin-Glascock Day Care Center for books at Christmas.

A report of the Martin County Historical Museum was made by Mrs. Stanley Reid.

Mrs. Cox introduced Mrs. Jess Angel from the Day Care Center, who spoke on Pre-School Programs in Martin County. She explained that the center has recently been renamed Martin-Glascock Child Development Center. Mrs. Angel told of the work of the Center which is open week-days from 8-5 and it cares for 20 children. The schedule for the day was given and it was shown how the children are prepared to enter public school.

Mrs. Angel closed the program with a recorded story which she had done on tape and presented pictures on a flannel board to illustrate the story.

Refreshments were served from a table decorated with bright-colored flowers to Mrs. C.F. Huling, Mrs. George Dawson, Mrs. Stanley Reid, Mrs. Glenn L. Brown, Mrs. Alex Haggard, Mrs. Bob Cox, Mrs. Jesse Angel, Mrs. Velma Zimmerman, Mrs. Bitty Stockstill, Mrs. Stuard and Mrs. Stewart.

Rebekah Lodge News

Formal installation of officers were held Monday night at the IOOF Hall when the Stanton Rebekah Lodge 287 met with Virgie Johnson, officiating for the business of the meeting.

Vena Fortune, incoming Noble Grand, was installed along with her officers for the new year. Mrs. Fortune's officers are Vice Grand Earene McCoy, Treasure, Lillian Coggin, Chaplain, Mason Coggin, Christopher, Secretary Vervarden, Ellen Morgan, R.S.N.G., Sammie Laws, L.S.N.G., Pauline Graves, Inside Guardian Lynn White, Outside guardian, Charlie Christopher, Conductor, Mildred Hastings, Musician, Elna Sprawls, R.S.V.G., Obera Angel, I.S.V.G., Audrey, Louder, and Virgie Johnson, past Noble Grand. Margaret Beechly, of John A. Kee Rebekah Lodge, Big Spring and District Deputy the installing officers. President, and her staff were a salad supper was served to eleven visitors from Big Spring and to fourteen members of Stanton.

Mrs. Roxie Coggin played music during the meeting.

Lakeview HD News

The Lakeview H. D. Club met January 12 in the home of Mrs. Horace Tubb.

Roll call was answered with "A New Accessory I Have Made for My Home."

Minutes and treasurers reports were read.

Programs were discussed for the coming year. Reports of various Christmas activities and projects were presented.

Mrs. Ray Russell was elected secretary-treasurer to replace Mrs. W.D. Bryant, who resigned.

The Club welcomed another past member, Mrs. Lee Castle, back.

Mrs. James Elland, agent, gave the program, "Tips for '72."

They included spring gardening, noting that is time for tulip planting, tree pruning and stressed watering of our outdoor trees and shrubs.

Food was another item and she presented new Cook Books on new cookery and foods.

Cleaning jewelry—a mixture of water and detergent and ammonia will prepare it for spring.

Styles were stated about the same.

Necessary for the home add a final touch and she showed several to make, double pot holders, jewelry box and a picture.

Refreshments of cake and cokes was served by the hostesses to Msds. James Elland, Lee Costlow, Ray Russell, Bill McIlwain, W.D. Bryant and W. J. Harlow.

The next meeting will be held January 20 in the home of Mrs. Bill McIlwain.

High School News

By GLORIA BRYAND
One of the most exciting events of the school year is the election of class favorites and school honors.

This year they include:
Class favorites:
Freshman — Susie Hopkins and Billy Howard.

Sophomore — Leatrice Glaze and Gene Maxwell.
Juniors — Twila Stallings and Preston Springer.

Seniors — Gloria Bryand and Sid Saunders.
School honors:
Mr. and Miss. S.H.S.
Gary Posey and Darla Sawyer.

Most Handsome and Most Beautiful:
Gary Posey and Teresa Louder.

Most Intellectual:
Marc Briggs and Lyn Herzog
Wittiest:
Sid Saunders and Judy Costlow.

Most School Spirit:
Sid Saunders and Twila Stallings.

Most Athletic:
Preston Springer and Twila Stallings.

Most Congenial:
Sid Saunders and Twila Stallings.

The Candy Strippers met and discussed having a bake sale, Saturday morning. Kathy Decker gave the program. She spoke on her trip to Canyon to the State Convention for the Junior Hospital Auxiliary.

Martin County Hospital News

Jan. 11: Edgar A. Baugh, Consuelo Salgado.

Jan. 12: Jeanette McPherson and infant son.
Jan. 13: Katherine R. Graham.

Jan. 14: Gladys Oliver, Romana Miller.

Dismissed:
Jan. 10: Prentiss Hightower.
Jan. 11: Bobby Kiser.
Jan. 12: Sarah D. Blocker, Aleck Mason, Charlotte Ann White and infant son, Gabina Lujan, Fiji Rhodes, Gordon Fortunes.

Jan. 13: Loldeen Tracy, Edith Foster.
Jan. 14: Mary Villa, Consuelo Salgado.

Cataract is not a film on the eye's surface, as the Texas Society for the Prevention of Blindness reports many people believe, but a clouding of the lens of the eye itself. Surgical removal of the lens, safe and effective 95 per cent of the time is the only known treatment for cataract. Following surgery, special glasses or contact lenses are worn to duplicate the function of the lens which has been removed.

\$165 million that must go into new facilities in the next two years.

It's a lot of money, \$165,000,000. It's the amount that Texas Electric will have to spend for construction of new facilities in the next two years.
About \$100 million of this will have to be raised in a very competitive money market at a time when interest rates are much higher than they were a few years ago.
But it's what we must do

—to assist in the economic growth of our area;
—to help solve some of the environmental problems;
—and to avoid the causes of power shortages that have been experienced in other parts of the country.
Planning and building ahead to keep our system strong is one of our biggest responsibilities to you, our customers. It's what keeps us at your service.

GIRLS BASKETBALL

Coahoma Girls Win, 45-43

By GLORIA BRYAND

Sometimes you can try, but you just can't do it, or so the saying goes, and this was true of last Thursday night as the varsity girls lost to Coahoma.

Stanton exhibited much energy and did a fine job of hustling but the Coahoma offense and defense seemed to be everywhere the basketball was. Coahoma, a rough and strong team, maintained a steady hold on Stanton and at the end of the first half, Stanton trailed 25-14.

In the final minutes of the game, the A-girls managed to close a 16-point gap to 5 Betty Smith with 2 points on a lay up and 1 on a free throw made the score 45-43. With 3 seconds remaining, the unavoidable all night long happened again. Coahoma was fouled. After a missed free throw, Coahoma retained possession of the ball and the end of the game saw the Stanton A-girls with their first loss in district play.

High point for Stanton was Debbie Lambert with 15, and Daria Sawyer and Betty Smith with 14. The Stanton A-girls are now 3-1, having won previously against Crane, McCamey and Ozona. Their next game will be at McCamey, January 20.

The B-girls also lost to Coahoma. The score was 51-44, in the end, Tricia Shoemaker was high point girl.

Coahoma (45) - Patterson 5-0-10; Echols 6-10-22; Beal 4-1-9; Griffin 2-0-4. Totals 17-11-45.

Stanton (43) - Sawyer 3-6-12; Lambert 3-5-15; Smith 6-4-16. Totals 14-15-43.

Coahoma	16	25	40	45
Stanton	10	14	24	43

Stanton Loses To Big Lake

By JAN McELRATH

They tried but they couldn't do it. Same old song and dance routine. The Stanton Buffs B-team fight a hard battle but just can't seem to win the war. They have the spirit, the know-how, and the will but a victory is just too much to ask. The Big Lake players were here to win and went home with the victory.

High point scorers for Stanton were Henson-16, Mark Eiland-14, and Gordon Eiland and Brown with 13 each. The high point players for Big Lake were Smith-28, and Barnes 16. The score at the end of the quarters were Stanton 13-33-48-60 and Big Lake 17-29-40-63. The final score being 60-63 in Big Lake's favor.

The Varsity followed in the B-team's tracks. Their score was just about as impressive with Big Lake winning 60-57. Stanton high pointers were Deavenport-21, and Swanson-12. The Big Lake scorers were Stout-14, Bird-12, and Tarvin and Gunnells both with 11. The scores stayed pretty close all through the games with the half ending with a tie of 30-30. But by the end of the game Big Lake ended with a mere 3 point lead. The scores by quarters were Stanton 11-30-47-57, and Big Lake 15-30-39-60.

So ends another district game.

Coahoma 69, Stanton 61

Roland Beal meshed 20 points Friday night to spark the Coahoma Bulldogs to a 69-61 victory over the battling Stanton Buffaloes in a District 5-AA cage contest.

Preston Springer ripped the cords for 20 points for the Buff.

The victory gives the Bulldogs a 2-0 loop mark while the Buffaloes are now 0-2 in district play.

Backing up Beal was Keith Pherigo and Terry Shafer with 16 and 15 points.

Tom Deavenport also played well for Stanton, scoring 18 points.

Facts For You . . .

Stanton Jr. High Whips Forsan

The Stanton Junior High boys went all the way to victory over Forsan Monday night as they brought in a victory of 43-38. It was an exciting second quarter when Stanton could do nothing wrong. They sunk 22 of their 43 points in that one quarter. Elvin Brown did his share by getting nine rebounds as the Forsan players looked on. High pointers in the game were Elvin Brown with 12 and Ronnie Rose with 10.

Coach Granado was very well pleased with the team's action and he felt that many played their best game even though they were not feeling up to par.

Stanton goes to Forsan tomorrow to challenge their players again. The first game will be at 5:30 and will be the first games for Stanton in the Grady Tournament.

Monday January 24 Stanton goes to Grady for a game. The Stanton Junior High Team now leads with a 5-0 district score.

From Texas Farm Bureau A REVIEW OF 1971

Freedom

Freedom was still the most important issue discussed in 1971. Freedom is defined as the right to make a decision and act as a result of the decision without fear. Basic facts with regard to freedom were reviewed in FACTS FOR YOU of January 1, 1971. As a nation seeks personal freedom for all citizens, there is a by-product: economic abundance.

Looking back over the various subjects dealt with this year in the general area of freedom, some of the important ones are as follows: (1) school tax court cases in California and Texas; (2) wages and price control, and (3) various environmental safety laws and regulations.

Simply stated, American citizens during 1971 lost a large chunk of their personal freedoms. The personal freedom issue has deteriorated to a point where it is doubtful that U.S. citizens will reverse the trend. The only hope is in discovering the true meaning of personal freedom, what produces personal freedom, the result of personal freedom and then putting these facts into day-to-day operation. Personal property and the general economic climate are so interwoven with personal freedom that it is impossible to separate them. Man has never been completely free, nor will he ever be.

In a country such as the United States there are two primary forces to control people: (1) the market place and (2) administrative rule. The Market place is defined primarily as voluntary compromise. Each individual has a right to buy and to sell, or to produce for sale anything he chooses at whatever price he can get. The consumer's choice to buy or not to buy is a signal to the producer to produce more or less. If there are 100 U.S. farmers who want to produce wheat in the U.S. and the consuming public only chooses to buy the production of 90 U.S. producers, the simple problem is to determine which of the 100 producers will be eliminated. The choice is economic pressure in the market place or administrative ruling. If economic pressure is permitted to work in the market place, the individual can produce or he can shift to other sources based on his own decision. If administrative ruling is used to select the producers then the products and the consumers become locked in a failing economy that will produce only a bare existence.

Follow The Buffaloes As They Pop the Nets for Points

Jan's Jots...

By Jan McElrath
Children of God? — Are They So Different?

They give up all personal possessions, take Biblical names, and vow to spend half their waking hours of life studying, memorizing and spreading the Word of the Bible. They are the Children of God. Their leaders say they number from 2,000 to 3,000 in small colonies across America and Europe. Their talk is hip, their music rock, but their names and the daily acts of their lives are taken from literal

reading and adaptation of the Bible.

They believe they are preparing for doomsday which will be in the next two or three decades. The Children refer to themselves as a team — going against a hostile world and those who do not understand them. The team is set up like an Army boot camp — with discipline at the top of the list. The Children of God start work by the new members learning the life and beliefs and the older members becoming leaders of new colonies.

The Children do not believe in working for material gain, but rely on solicited charity. Although not always appetizing, there is little complaining. Nearly all members have been on drugs at one time or another, but all have given it up for the Word of God.

Although not fully understood, they believe in one of the important beliefs — like us, God takes care of us.

Mid-Winter Conference

The Mid-Winter Conference of Lions International District 2A-1 was held Saturday, January 15, 1972, at Colorado City, Texas. District Governor Homer J. Hodge of Winters, Texas, presided. The conference delegates were addressed by Lion Surry G. Shaffer, Jr., State Youth Exchange Chairman, and Marjorie H. Pinchmidt, Regional Director of Care, Inc., from Dallas, Texas. Lion Leonard Hanson, District 2A-1 Sight Conservation Chairman from Midland, Texas; Lion Dexter Anderson, State Extension Chairman from Eagle Lake, Texas; Lion Ed Flood, State Membership Chairman from Amarillo, Texas; Lions Roy A. Minear and Carl O. Hyde from Midland, Texas, and Lion E. J. "Ebb" Grindstaff, candidate for Lions International Director from Ballinger, Texas. The Conference was attended by approximately 200 Lions from District 2A-1. The luncheon guests were addressed by Lion A. C. "Cullen" Akins of Odessa, Texas.

Children Honored

Mr. and Mrs. Herman Lander Jr. honored their children Krest on her eighth birthday and Shandal on his tenth birthday with ice cream and cakes decorated as a Formal Doll and a Football. Guests present were Mr. and Mrs. John Calvin Jones, Jennifer, John and Mike, and Mr. and Mrs. Wes Morgan and Deborah.

Koffee Kup Club News

Koffee Kup H. D. Club met on January 13, 1972 at 9:30 a. m. in the home of Torchy Swinson. Gayle Aisup presided. The meeting was called to order and roll call was answered with "An Accessory I Have Made for My Home." The secretary, Mickey Lander, read the minutes of the last meeting and they stood approved as read. The treasurer's report was given by Virginia Morrow. Year books were filled out for February. A Valentine luncheon was discussed for February 10, 1972.

Mildred Eiland of the county H. D. office spoke on tips for 1972. Highlights were discussions on gardening, with now being the time to plant roses and bulb flowers such as tulips and gladiolas. The uses of a blender and new recipes were given. In fashions the 1940's and 1950's are the similar in-look, while the men's fashion is double knit.

Members present were Gayle Aisup, Jo Jon Cox, Jo Ann Henely, Virginia Morrow, Linda Shanks, Torchy Swinson, Melba Webb, Mickey Lander, and one guest, Mildred Eiland. The next meeting will be held on January 27 at the home of Melba Webb.

Stanton School Lunch Menu

Jan. 24-28, 1972

Monday: Sloppy joe on bun, vegetable salad, french fries, ginger bread, milk, salad, creamed squash.

Tuesday: Tuna casserole, pea hot rolls, butter, orange kiss me cake, milk.

Wednesday: Bean shalupas, lettuce, tomatoes, buttered corn, pickled beets, corn bread, cherry gelatin, milk.

Thursday: Sheperd pie, buttered bracuall, plain cake, cherry sauce, hot rolls, butter milk.

Friday: Chicken fried steak, gravy, jelled cranberry fruit salad, green beans, buttered rice, hot sliced bread, butter, milk.

formerly of Stanton, was married to Bruce Douglas Stowers, son of Mr. and Mrs. William H. Stowers of Falls Church, Va., at 7 p.m. Saturday in the College Church of Christ Chapel in Abilene.

The bride is a senior student at Abilene Christian College. She is a special education major and is employed in recreation therapy at the Abilene State School. She is minor in music and is a member of the ACC Choralliers. Her father formerly was a minister of the Belvue Church of Christ here.

The bridegroom, a Greek major at ACC, also is employed at the Abilene State School.

Dr. Anthony Lee Ash, minister and professor of Bible at ACC, performed the double ring ceremony.

The bride was given in marriage by her father. She wore a formal gown of white crepe with Empire lines and long sleeves. Alencon lace beaded with pearls marked the neckline, bodice front, waistline and sleeves. The skirt was gathered and ended in the back in a short train. A cloche cap of white crepe hand applied with lace flowers and embroidered with pearls and seed pearls held her chapel veil of illusion. She carried white Fuji chrysanthemums and poms on a Bible.

Lisa Zuck of Grandfield, sis-

man The ushers were Jim Trammell of Quanah and Tom Nolan of Fort Worth. Trammell also was the soloist.

The maid of honor wore a formal gown of gold colored crepe trimmed with embroidered ribbon. She carried a nosegay of champagne carnations.

The reception was held in the Fellowship Hall.

The couple will reside at 1536½ Washington Blvd. in Abilene.

Library Lines

Mrs. VELMA ZIMMERMAN
Librarian
Hours 2 p.m. to 6 p.m.
Monday through Friday

Total circulation for the year 1971 was 6,370. 329 new books were added. The library now has 5,081 volumes.

Stanton Music Club Grady HD Club News

The Stanton Music Club met recently at the Belvue Motel with Mrs. Billy Reagor as hostess.

Mrs. S. Arthur Wilson, president, called the meeting to order. It was voted to send a contribution to the National Federation of Music Clubs in honor of its approaching 75th anniversary. The contribution will help to defray expenses of the Bi-ennial Convention and continue the work of the federation in promoting good music.

Mrs. Wilson appointed the nominating committee. Members of the committee are Mrs. Roy Pickett, Mrs. R.O. Anderson, and Mrs. Billy Reagor.

Mrs. Glenn L. Brown, program chairman, introduced the program with a short history of American Popular Music taken from the book "Panorama of Popular Music" by David Ewen. The musical program was entitled "Music Sampler" and began with two Cowboy Folk songs played by Mrs. C.R. Welch.

"Turkey in the Straw" was played by Mrs. Roy Pickett. Following this Mrs. Billy Reagor sang "Buttons and Bows." She was accompanied by Mrs. Warren Hall.

The spiritual, "Everytime I Feel the Spirit", was sung by Mrs. Glenn L. Brown, Mrs. James Jones and Mrs. Arthur Wilson. The trio was accompanied by Mrs. Roy Pickett.

"Some Enchanted Evening" from South Pacific was played by Mrs. Pickett. She again accompanied Mrs. Brown, Mrs. Jones and Mrs. Wilson as

they sang "The Desert Song" by Sigmund Romberg.

The program was closed with group singing of the hymn of the month, "A Mighty Fortress is Our God" by Luther. The hymn was discussed and led by Mrs. Carl Leonard, Jr.

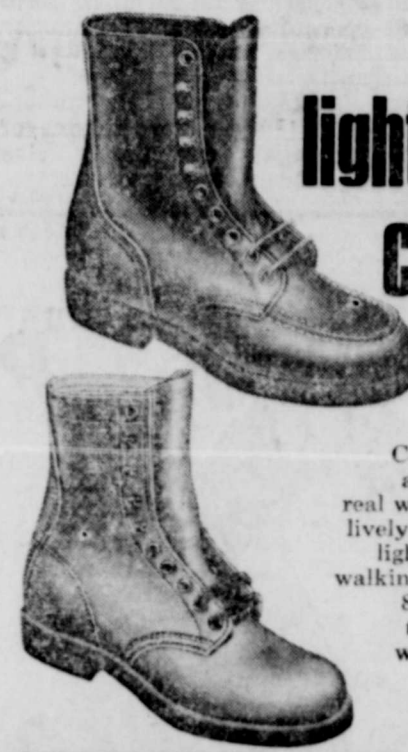

Refreshments of punch and cake were served to Mrs. Robert Waddei, Mrs. W.E. Byrd, Mrs. Carl Leonard, Jr., Mrs. George Dawson, Mrs. C.R. Welch, Mrs. Warren Hall, Mrs. Doyle Hughes, Mrs. James Jones, Mrs. Roy Pickett, Mrs. Homer Schwaibe, Mrs. Glenn L. Brown, Mrs. Arthur Wilson and Mrs. Billy Reagor.

Grady H. D. Club met in the home of Mrs. A. H. Tate.

Business was taken care of. A project for the coming year was tabled until the last meeting.

Mildred Eiland gave us a program on gardening, planting flowers and bulbs, and cooking.

Nine members were present and one guest. They were Mrs. Sam Cox, O. D. Green, Jack Kuhlman, Eddie Odum, Grady Standefer, A. H. Tate, hostess, Wiley Williams, and A. C. Fleming, guest.
