School Bond Issue Back for Seconds

To The Point

By BUDDY NORVILLE

I noticed where Texas beer drinkers consumed the equivalent of 21.47 gallons for every man, woman and child last year. Well, all I can say is, "Somebody's drinking more than their share. Because I haven't drunk a drop."

This reminds me of a story. The science teacher was performing an experiment, in an effort to prove to the elementary class that drinking alcohol was not healthy.

The instructor first put a few worms in a beaker of plain water. The worms thrived in the water, with no ill effects.

The teacher then poured whiskey into the vessel. The worms died immediately.

Experiment completed, the professor asked the class, "Now, what does this experiment prove?"

Little Johnny, always on-the-ball and ready with an answer, replied, "It proves that people who drink whiskey won't have worms."

I trust that everyone has taken note of the fact that voter registration did not end January 31. But I hope everyone registered anyway. To be eligible to vote, you must register at least thirty days before the election. That means you must register early in April to be eligible to vote in the May Democratic primary.

The President of the United States has recommended to Congress a total United Nation budget of \$184,779,000 for the fiscal year ending on June 30, 1973. This recommendation, if approved by Congress, would provide a budget that 17.89 per cent above the estimated expenses for the fiscal year ending on June 30, 1972 and 27.22 per cent above the actual expenses for the fiscal year ending on June 30, 1971.

The U. N. has developed into an organization used for the distribution of funds in a large number of areas including Communist countries that are now fighting the United States such as Russia, Red China, Cuba, etc. Activities during the past months indicate that the United States no longer has an effective voice in the United Nations (the expulsion of Nationalist China).

Midland Community Theatre has already uncapped another great season of family entertainment with "Hello, Dolly!" This spectacular Broadway musical will be featured throughout the month of February.

Simon's "Plaza Suite", a comedy that is said to be the biggest laugh hit in years.

You'll find a Community Theatre membership is the greatest entertainment bargain going! Buy a membership and save your frozen dollars. The public, buying tickets at the box office pay \$2.50 and \$3.00 for plays, \$4.00 and \$5.00 for the musicals; but members receive 16 admissions for which they've only paid \$1.50. For good, clean family entertainment, you can't beat those prices. You certainly couldn't buy 16 tickets to a movie for \$24.

Only One Contest on Ballot For Voters in May Primary

One final day filing with the county Democratic chairman resulted in a contest between four candidates for precinct one commissioner.

W. S. "Bill" Decker, a welder and ex-school teacher, became the fourth candidate in

the race for precinct one. He will oppose incumbent W. W. Atchison and Troy Bradshaw and Bobby Owen Kelly.

State Rep. E. L. Short of Tahoka is being challenged by Don Avery, a Hockley County resident.

Persons on the ballot who will be unopposed are Sheriff Dan Saunders, County Attorney Roy Pickett, Precinct 3 commissioner Eldon Welch, Robert H. Moore of Big Spring is running unopposed for District Attorney of the 118th Judicial District, State Sen. H. J. (Doc) Blanchard, and U.S. Representative George Mahon will also run unopposed.

Voter registration deadline for the primary election ends 30 days prior to the election.

Cowboy Stars To Support Barnes

Three of the top stars from the world champion Dallas Cowboys will be aboard the Ben Barnes Victory Special when the Lieutenant Governor makes a three-day whistle-stop campaign tour of the state later this month in his bid for Governor. Bob Lilly, Walt Garrison and Dan Reeves, all of whom had their roles in the Cowboy defeat of Miami in the Super Bowl earlier this year will be among the celebrities who will make the tour.

Barnes, with his wife, Nancy, plans approximately 30 stops in three days of train campaigning from Amarillo to Houston. The trip begins with an arly in the depot at Amarillo at 7:15 a.m. Feb. 22 and ends with a Houston rally late on Feb. 24.

4-H SQUARE DANCERS TO ORGANIZE

All 4-H'ers who are in the 7th grade or above who are interested in the square dance group that will be organized this spring should call the County Extension office at 756-3316 to leave their name, address, and phone number.

Cancer Unit Sets Fund Drive Goal

The state goal for American Cancer Society is \$4,000,000. It was announced at a meeting of the Martin County Unit Monday in the county library.

Mrs. Glenn L. Brown, vice president, presided, and said memorials for December and January totaled \$26.50. Mrs. Bob Cox was named county campaign chairman for the April crusade. Members of the executive board and campaign chairmen will meet Monday to make further plans.

J. P. COURT CASES

Total cases completed in Justice of the Peace Court from February 1, 1972 to February 15, 1972 are 44 with fines amounting to \$1,141.50.

Seven Area Sorghum Growers Are Named Members of NK Carload Club

Holcomb Supply of Tarzan, Texas and Mr. T. N. Meador of Stamford, Texas the local territory manager for Northrup, King & Co., recently announced that seven grain sorghum growers in the area are named as members of the 1971 NK Carload Sorghum Club. Membership in the club honors the production achievements of these local growers:

STANTON - Mr. O. G. Langston harvested more than a giant hopper car of grain from the NK265 Grain Sorghum he planted last season. His NK-265 was planted at three pounds per acre in 40 inch rows.

STANTON - NK265, planted June 13, produced more than a giant hopper car of grain

for Mr. Bob Hill of Stanton. His NK265 crop was planted at three pounds per acre in 40 inch rows, sprayed once with 1-4 pound of Propazine for weed control and harvested in November, producing an average yield of 1,970 pounds of grain per acre.

STANTON - NK265 Grain Sorghum, planted May 20 by Mr. Jimmy Haggerton of Stanton, produced more than four giant hopper cars of grain. His crop yielded more than 1,000 pounds per acre despite very dry growing conditions.

ACKERLY - Mr. Jerry Cave of Ackerly planted 320 acres of NK265 at three pounds per acre in 40 inch rows in late April. In September, he harvested more than a giant hopper car of grain. His crop averaged more than 1,000 pounds per acre despite the adverse growing conditions.

ACKERLY - Mr. Daniel Cave of Ackerly harvested 200 acres of NK265 in September. His crop was planted at three pounds per acre in 40 inch rows. His grain sorghum produced more than 1,000 pounds per acre despite a very dry summer.

LAMESA - Mr. E. L. Richards planted more than 1,400 acres of NK265 in late June. His crop was seeded at 2 3-4 pounds per acre in 40 inch rows. In October, he harvested and average of 1,300 pounds of grain per acre. His total crop would have filled nearly 10 giant hopper cars of grain.

LENORAH - A July 2 grain sorghum planting of NK265 for Mr. O. D. Green of Lenorah Texas produced an excellent crop. His NK265 was planted at four pounds per acre in 40 inch rows and harvested nearly 2,000 pounds of grain per acre in late November.

The Northrup King Carload Sorghum Club for 1971 has 715 members from 14 states. In 1971, they produced 584,000,000 pounds of grain from 150,000 acres. This is equivalent to 2,933 hopper car loads of grain.

In naming the seven growers from this area, territory manager Meador noted that the purpose of the NK Carload Club is to recognize its members in order to emphasize the growing importance of sorghum as a feed grain. The NK Sorghum Growers Club provides a clearing house for ideas on production techniques and daily problems that confront sorghum growers. Club members have an opportunity to exchange ideas and to hear detailed reports on management practices for specific cropping conditions.

TEXAS SEAL CHAIRMAN—Miss America of 1971, Phyllis George of Denton, is pictured with six-year old Jennifer Johnson of Fort Worth, who has learned to walk at an Easter Seal Rehabilitation Center, and is one of the 21,562 crippled children helped by the Easter Seal Society.

Easter Seal Society Reports Growth in Numbers of Crippled

Because of the steady growth in numbers of crippled children and adults in Texas, the Easter Seal Society for Crippled Children and Adults of Texas has stepped up its rehabilitation services.

According to Mr. R. O. Anderson, who is the Easter Seal Representative from Martin County, over 22,000 handicapped Texans received Easter Seal treatments during 1971.

"Despite medical scientific advances," Mr. Anderson explained, "the ranks of the crippled are growing. This is because of population growth, increased number of accidents and medical treatment which saves victims of crippling diseases who might not have lived in past years."

Quoting the annual report of the Easter Seal Society for Crippled Children and Adults of Texas, he said that 19 affil-

What's Happening

LADIES NIGHT

Monday night, February 21, is Ladies' Night for the Stanton Lions Club. The Club will honor the ladies with a banquet at the Cap Rock Auditorium. An evening of entertainment is planned for the Ladies' enjoyment. The meal will be catered by Mrs. Rogers from the Belvue Restaurant. The time is set at 7:30 p.m.

The Martin County 4 - H Food Show will be held at 2:00 p.m. in the Caprock Electric Auditorium on March 4, 1972.

Tim Hudson Hired As County Deputy

Tim Hudson a 45 year old combat veteran of WW II was employed on February 15th as a Deputy by Sheriff Dan Saunders. Hudson has had 14 years experience as a peace officer, including 4 years as a deputy sheriff at Midland. For the past 7 months he has been employed by the Stanton Police Department as night patrolman.

Hudson and his wife, Vera, live at 502 North St. Francis and have two children, Michael age 13 and Gwynn age 9.

Stanton in UIL Play Contest

The district University Interscholastic League one-act play contest will be conducted in Crane, April 11.

Stanton will be presenting "To Kill a Mockingbird." Cast members include Steve Douglas, Atticus; Twila Stallings, Scout; Gene Maxwell, Boo Radley; Bubba Standefer, Heck Tate; Sid Saunders, Bob Ewell.

Also Carla Perry, Mayella; Paul McAllister and Larry Jones, Tom Robinson; Lisa Hopper, Miss Maudie; Sandra Mennefeld, Culpurnica; Randy Lambert, Jim Tate. Crew members are Suzana Brown and Steve Webb.

Plans are being made for the Junior - Senior banquet. It will be held in Midland at the Holiday March 18. Committee members are: Cindy Wheeler, Liz Flanagan, Lisa Hooper, Debbie Lambert and Betty McIlvain. Fees are set at \$6, which are to be paid no later than Wednesday.

Heartsister Week began Friday and will go through Feb. 22. This is an annual event of the Future Home Makers of America.

Future Teachers of America plan to attend the FTA convention in Dallas Feb. 24, 25, 26. Sponsor of the club is Mr. Robert Waddell.

Mrs. Bob Cox Is Martin County Cancer Chairman

The Martin County Unit of the American Cancer Society met Monday evening at 7:00 in the Martin County Library. Vice President, Mrs. Glenn L. Brown presided in the absence of Mrs. Marvin Standefer.

Minutes were read by Mrs. P. M. Bristow, in the absence of Mrs. George Dowden. Memorials for December were \$11.50 and for January \$15.00.

Mrs. Bob Cox will serve as Martin County Chairman for the April Crusade. The National date of May 18th, was voted and accepted as also being the Crusade date in Martin County. The state goal of \$4,000,000 (which is 36c per capita) was announced.

Refreshments were served to Mrs. Tommie Daniel, Mrs. Bob Latimer, Mrs. Gladys Jackson, Mrs. Howard Jenkins, Mrs. Glenn L. Brown, Mrs. Jimmy Sawyer, Mrs. Bob Cox, Mrs. David Young, Mrs. P. M. Bristow, and Charles Miller, District II Field Representative, Midland.

What's Happening

Training for the 4-H Food Show will be held Thursday night at 7:30 p.m. in the Reddy Room. All parents and interested 4-H'ers are encouraged to attend.

To Vote March 9

Citizens of the Stanton Independent School District will have another crack at the \$1,200,000 bond issue which was defeated in November. In the regular monthly meeting held Monday night, the board voted 5 to 1 (one member absent) to go ahead with the same proposal.

In light of the decision of a Federal Court declaring the present system of financing our public schools as unconstitutional, the board decided that if Stanton does not get a new school building within the next two years, it may be a long time before they get one. The state legislature has two years to come up with a new system of financing our schools, a new system of distributing money is what it amounts to.

The date of the election is set for March 9, 1972. James Jones will serve as election judge. The Jr., High gym will once again be the place of polls, with the time set at 7 a.m. to 7 p.m. Absentee voting will begin Friday, February 18, at the County Clerk's office.

Two guests were present at the board meeting Monday night. Earl Bruce and Malcolm Gerald, representing Pritchard and Abbott Evaluation Engineers, discussed new values of the school district with the board.

The board extended the three school principals' contract one more year. Their contracts had another year to run, the extension will give them a new two year contract.

The board extended the contract of Athletic Director and Head Coach Bill Young for another year. With the extension, Coach Young has a two year contract.

The board approved the purchase of a new school bus for the following year.

The board hired Norman Wright to finish out the term of Joe Neel to teach the fourth grade. Mr. Wright is a former teacher in the Midland schools and is a resident of Stanton.

The board appointed James Jones to serve as election judge for the April 1, trustee election. Deadline for filing is 30 days prior to the election or March 1. As of Tuesday noon, three men have filed for a position on the board. President George Glenn has filed for re-election for place two. Opposing Glenn for place two is Billy Mims. Tommy Newman is the lone filer for place one to date. Anyone may file, the place to do so is the superintendent's office, 8-5.

The board approved the adoption of new textbooks for the following school year as prepared by the text book committee.

Don't Forget To Register

Feb. 19-26 is National FFA Week

The theme for National FFA Week is "Youth With A Purpose", during the week of February 19 - 26, 1972. Fifty-four members of the Stanton Chapter joined with over 430,000 Future Farmers of America in celebrating National Future Farmers of America week which starts Feb. 19th. There are 8,100 FFA Chapters

in 49 states as well as Puerto Rico and the Virgin Islands.

Throughout the week the state's 955 chapters are planning activities to support the FFA Week theme, "Youth With A Purpose." According to president Gary Posey, the Stanton FFA Chapter will participate in National FFA Week activities. National FFA Week includes George Washington's

birthday in observance of his leadership in promoting scientific farming practices. Washington is considered the patron Saint of the FFA and has come to symbolize the FFA Treasurer.

Organized in 1928, the FFA promotes leadership, cooperation, and leadership among high school vocational agri-

cultural students. The FFA Foundation awards program provides chapter state and national recognition for supervised programs of agricultural production, marketing, processing, and service. FFA members are high school boys and girls studying vocational agriculture in high schools all over America and are "Youth With A Purpose."

Stanton FFA Wins at El Paso

A Stanton FFA Plant Identification Team was the El Paso Range and Pasture Judging Contest for the 6th consecutive year. This year's team was composed of Gary Henson, Dennis Ireton, Darrell Bradshaw and Denneth Hull. The Stanton team took four of the top individual awards with Gary Henson high individual in the contest, Dennis Ireton 2nd, Darrell Bradshaw 3rd and Denneth 5th.

FFA members exhibiting animals at the El Paso Livestock Show were: Lynn Romine, Darrell Bradshaw, Alan Clary, Dwayne Clary, Dennis Ireton, Steve Cook, Richard Parker and John Parker. John placed second with a light-weight Duroc Barrow. Only the top three animals of each class in the El Paso Show are sold at the Junior Livestock Auction.

On Saturday, February 5th a Grass Judging Team composed of Bradford Hull, Steve Wood and Jackie Rudd won 3rd place out of 19 teams at the Ft. Worth Stock Show. Jackie Rudd tied for high individual with a perfect score of 400 points. George Franks had a score of 390 on the second FFA Grass Judging Team. Plans are for the local chapter to send two teams to the Houston Livestock Show Plant Contest on March 4th.

Letter to the Editor

Our hearts are filled with gratitude as we learn of the many and various memorials that have been started in Melrae's memory.

Each one has a special meaning in our lives as they portray the influences she has had upon all of you as she lived her short span with us here on this earth. They are such a solace to us in our bereavement because they are something to be seen and shared with others. Melrae would appreciate the memorials as they honor her and are a pleasure to those she leaves behind.

The words of the poet, James Whitcomb Riley, best show our true feelings as the memorials will ever keep her memory alive before us.

"I cannot say, and I will not say
That she is dead, she is just away.

With a cheery smile and a wave of the hand
She has wandered into an unknown land.

And left us dreaming how very fair

It needs must be, since she lingers there!

From the Family of
Meirae Angel Kelso

Mustang Soil Conservation News

Minimum tillage farming is a system of farming in which cultivation is limited to those operations essential to produce a crop. It, in effect, uses herbicides instead of mechanical methods to control competition.

The ideal minimum tillage system is one that prepares a seedbed, plants the seed, and applies herbicides as well as fertilizer in one operation. It is applicable to grain and forage sorghums, corn, small grains, cotton, soybeans, and other crops. Minimum tillage is sometimes called by such names as mulch tillage, no tillage, slot planting, chisel planting, till planting and strip tillage.

There are many benefits from minimum tillage farming, but four of the most important are: time saved, lowered production costs, increased moisture retention and reduced erosion.

Time: With most minimum tillage systems, only one or two cultural operations are required across a field from harvest to harvest. With conventional methods, a minimum of six trips are required.

Cost: Most tillage operations in Texas cost a dollar an acre or more. If a farmer saves an average of \$1.50 per acre per operation, elimination of 3-10 trips can save \$4.50 to \$15.00 per acre. However, increased costs of herbicides may affect part of the savings.

Moisture: A protective mulch of crop residue keeps the soil cooler in the summer, and warmer in the winter. Evaporation of soil moisture is reduced. Under the mulch, the soil near the surface maintains extra moisture which often extends the planting season. Under dryland conditions, moisture saved by minimum tillage can substantially increase crop yields. On irrigated cropland,

it can mean less irrigation water required to produce a crop.

Erosion: Perhaps the most important benefit from minimum tillage is reduced soil erosion. Researchers have found that switching to minimum tillage can cut soil erosion up to 95 per cent.

Since the farming system leaves the surface largely undisturbed, residues from the previous crop protect the soil surface. Raindrops falling on bare land dislodge the soil particles; runoff water can then cause extensive erosion. Crop residues left on the surface catch the raindrops and let them trickle gently onto the soil surface.

Surface residues are especially effective in preventing wind erosion. Some farmers depend on emergency tillage to help control wind erosion; however emergency tillage is often ineffective and a temporary measure at best. Residues left on the surface is often the only measure which will prevent wind erosion on cropland.

Additional information concerning minimum tillage farming may be obtained at your local U. S. Soil Conservation Service Office.

VA Questions And Answers

Q - I am a 66 year old veteran with a \$10,000 National Service Life Insurance five year level premium term policy. I suffered a disability after I reached 65 which kept me from working for six months. Am I eligible for a waiver of premiums on my insurance?

A - No. Your disability must have been incurred before your 65th birthday to qualify for the waiver.

Legal Notice

STATE OF TEXAS)
COUNTY OF MARTIN)
NOTICE OF SALE OF REAL PROPERTY

WHEREAS, by virtue of a certain Order of Sale issued out of the District Court of Midland, County, Texas, on a judgment rendered in said Court on the 23rd day of November, 1971, in favor of Halliburton Services, Texas Mud & Chemical Co., Land & Marine Rental Co., Brodnax Supply & Welding, Inc., Midland Exploration Company, Mapp Tank Company and Fort Worth Pipe & Supply Co. against Desert American Petroleum Company and being No. 25,019 on the docket of said Court, I did at 11:45 o'clock A. M. on the 18 day of January, 1972, levy upon the following described land situated in Martin County, Texas as the property of said Desert American Petroleum Company, to-wit:

The oil, gas and mineral leasehold estate covering and including the E 2 of Section 39, Block 36, T-2-N, T&P Ry. Co. Survey and existing and arising under certain oil and gas leases dated May 5, 1970, from P. M. Bristow, II, and Mary Kathryn Bristow, Clarence Fryer and wife, Benna Mae Fryer, Fay Bullard and husband, James A. Bullard, and J. C. Greenhaw and wife, Ruby Nell Greenhaw to Lynn E. Foster, Lessee, and including the Desert American Petroleum Company No. 1 Well and location together with all machinery, equipment, supplies, fixtures, tanks, separators, rods, tubing, casing, and other equipment which may be affixed to and a part of such oil and gas leasehold estate including, but not limited to the following:

(all of said leases being recorded in Martin County, Texas)

One (1) National pumping unit type 320D, Serial No. 5850

One (1) 8-1/2 x 10 Ajax engine

One (1) 4 x 20 treater complete with valves

One (1) gas scrubber

Three (3) galvanized 500 barrel tanks with walkway and stairway and numbered 41971, 41972 and 41973

24 feet of 3" 8" copper tubing

One (1) Roper 3600 circulating pump with Wisconsin engine

One (1) 2" x 1-1/2" x 24" Harbinson - Fisher rod pump with valves pin and plunger

101 joints of 8-5/8" OD casing

218 joints of 4-1/2" OD casing

Miscellaneous pipe fittings, couplings, valves, and sundry items more particularly listed and described on the Fort Worth Pipe & Supply Co. invoices attached to a Notice of Sale of Personal Property in this cause posted at the Court-house door of Martin County at Stanton, Texas, to which reference is made.

Notice is hereby given that I will offer for sale on the 7th day of March, 1972, being the first Tuesday of said month between the hours of 10:00 a. m. and 4:00 p.m. on said day at the Courthouse door of Martin County in Stanton, Texas, and will sell at public auction for cash all of the right, title and interest of the said Desert American Petroleum Company in and to said property.

DATED at Stanton, Texas, this 18 day of January, 1972.
Dan Saunders
Sheriff, Martin County, Texas

Hospital Aux. Hears Report On Free Clinic

The Martin County Hospital Ladies Auxiliary met Tuesday night, February 8, in the Texas Electric Reddy Room. Mrs. Owen Kelly, president, presided.

Mrs. Forest Smith read the minutes and gave the treasurer's report.

Mrs. A. J. Smith, Registered School Nurse, brought a report of the Children's Free Clinic which is sponsored by the Auxiliary. Her report was given in detail by each month starting with December, 1970. She said that 962 children had been seen at the Clinic and a total of 1459 immunizations had been administered.

Mrs. Glenn L. Brown and Mrs. Owen Kelly served refreshments to Mrs. James Eiland, Mrs. Bob Latimer, Miss Sammye Laws, Mrs. Forest Smith Mrs. A. J. Smith and one new member, Mrs. Phil Berry.

IRS Explains Rent Regulations

DALLAS — Ellis Campbell, Jr., Internal Revenue Service District Director for North Texas, today described allowable residential rental increases provided for under the new rent regulations. Mr. Campbell explained that the Price Commission's rent regulations are designed to reduce the average rate of rent increases while allowing the landlord to maintain a reasonable rate of profit. According to the Director, landlords are allowed a basic 2½ per cent annual increase to cover operating costs. This increment may be added even if there is not an identifiable increase in operating costs.

Rent may not be raised higher than the 2½ per cent figure except for increases in state and local real estate taxes, state and local fees, levies, municipal service charges (other than gas and electricity), and capital improvements. These charges with certain limitations, may be added to the base rent on a dollar for dollar basis in addition to the 2½ per cent increase.

Capital improvements must have been made after August 15, 1971 to qualify for a rent increase. The monthly increase is limited to 1.5 per cent of the cost applicable to the rental unit or units and can only be passed on to renters on a prorata basis. However a rent increase for a capital improvement may not exceed ten per cent of the monthly rental without IRS approval.

Mr. Campbell reminded landlords that 30 days written notice is required before a rent increase can go into effect. Tenants questioning raises in rent must first attempt to obtain an explanation or justification from the landlord prior to reporting an alleged violation to the IRS. If the landlord refuses to meet with him, or if after the meeting the tenant believes the increase is a violation, the IRS should be provided with a copy of the landlord's notification and a written statement describing the alleged violation.

Current information on the Economic Stabilization Program is available at local offices of the Internal Revenue Service.

New Arrivals

Mr. and Mrs. Glen Evans of Bolloxi, Mississippi have announced the birth of a baby girl, Jamie Michele, on January 17, 1972. Jamie weighed 8 pounds and 15 ounces and was 21 inches in length at birth.

Jamie's maternal grandparents are Mr. and Mrs. B. J. Wells of Stanton.

Paternal grandparents are Mr. and Mrs. R. A. Evans of Stanton. Maternal great grandparents are Mr. and Mrs. W. T. Wells and Mrs. P. N. O'Brian of Stanton. Mrs. J. W. Wells of Stanton is the child's great grandmother.

Mrs. F. D. Evans of Idalou is the paternal great grandmother.

Veterans News

From the Office of Martin L. Gibson
Veterans Service Officer
Martin County

A veteran should know exactly what benefits his survivors are entitled to upon his death, Gibson cautioned today.

Family documents, such as military discharge papers and birth and marriage certificates, should be kept where they are protected from fire and theft, but readily available.

Good advice, V.A. states, is for the veteran and his wife to discuss openly the location of these papers and where to turn in the event of death.

Veterans service organizations, as well as VA offices, can be of immeasurable assistance in times of death.

Other important Documents that should be safeguarded include separation papers, death certificates, divorce decrees and guardianship or child custody evidence, Gibson says.

G.I. Insurance policy numbers, VA "C" numbers for all V.A. correspondence, commercial insurance policies, Social Security numbers and naturalization papers are all important in making claims for benefits.

At your service:

Enough electricity for today and tomorrow.

Dependable electric power in ample supply helps make good living possible today—and is essential for tomorrow's growth and progress—throughout the area served by Texas Electric.

will have to be raised in a competitive market at a time when interest rates are much higher than they were just a few years ago.

This, added to other higher costs of doing business, makes the job of planning and building ahead an even bigger task. At Texas Electric, providing enough electricity is a commitment and a continuing effort that keeps us at your service.

High School Happenings

By GLORIA BRYAND

The Stanton Varsity Boys won their final game of the Basketball season, defeating Ozona, 60-54. This year's team included: Jackie Burns, Coach Jackie Swanson, Bubba Standefer, Tommy Deavenport, Randal Papasan, Dwayne McMeans, Paul McCalister, David Dillard, David Chandler, Larry Jones, Preston Springer, and Rick Wilson.

Placing 4th in the Sonora Speech Tournament, Feb. 11 & 12, were Carla Perry, Poetry; Mindy Haislip, Prose; and Gloria Bryand, Oration. Those also participating were Molly Hughes and Kim Shive.

Mr. John Anastasio and Mr. Jimmy Conner, Jr. High Principal, left for San Antonio Wednesday to attend a 3-day Crime Prevention and Drug Seminar.

This week is "Heart Sister Week" in FHA. Heart Sisters will be revealed at the Tues-

day meeting, Feb. 22.

FHA NEWS

Five freshmen F.H.A. members are working on their Junior Degrees. They are Karen Anderson, Lois Howard, Peggy Barnes, Karla Gregg, and Mindy Haislip.

The Tubfrim committee met last week and counted stamps brought by F.H.A. members. The stamps are sent to Norway to help fight against tuberculosis.

Dog Gone? It's Possible

People are asking about the city ordinance pertaining to dogs. Printed below is the ordinance, in its entirety.

AN ORDINANCE

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF STANTON, TEXAS

SECTION 1: It shall be unlawful for the Owner, or the Harboring of animal, of the Dog kind, to harbor or permit such Dog to run at Large within the City of Stanton, WITH OR WITHOUT, first having paid, to the City Secretary, and annual license TAG FEE upon such animal as follows: on each Male Dog (1.00) One Dollar, on each Female Dog (\$2.50) Two Dollars and Fifty Cents, such TAG FEE to be Due at the time of the Dog's entrance into the City, or when such animal is found in the City Limits without a Tag.

SECTION 2: Upon payment of such license Tag Fee it shall be the Duty of the City Secretary to furnish Owner of such animal a Metal Tag on which is stamped the Words "Tax Paid" with the year for which the same is paid, which Tag at all Times shall be securely attached to a Collar around the neck of the Dog that has been paid upon.

SECTION 3: It shall be the

Duty of the City Secretary to cause; to be taken up and impounded, for not more than (36) thirty - six hours, all Dogs that are wareing a City Tag, if they are found running at large; also Dogs that are not wareing a City Tag, to be taken up and disposed of within a short time after its capture.

SECTION 4: The Owner, of any Dog that is wareing a City Tag, shall have the right to redeem the same upon the payment, to the City Secretary of the sum of (\$3.00) three dollars for each animal so redeemed, in addition to the Fine, if any, within (36) thirty - six hours, from the time of capturing the Dog. If the Dog is not redeemed within the said time, it will be disposed of.

SECTION 5: It shall be unlawful for the Owner of, or any Person having the Custody of any Female Dog, in Heat, to allow the same to run at large in the City, in addition to the penalty to be imposed upon such Owner, or Person having the Custody of such an animal, the City Secretary has the authority to cause, or have, the animal to be Killed.

SECTION 6: If any Person is found to be Violating any of the Provisions of the foregoing Sections pertaining to Dogs, he shall be subject or liable to a Fine in any Sum

New Traffic Laws

This is one of a series of articles furnished by the Texas Department of Public Safety on the traffic laws passed by Texas' 62nd Legislature.

Presumptive Limits of Blood Alcohol

Evidence of the amount of alcohol in a person's blood at the time of driving while under the influence of intoxicating liquor, as shown by chemical analysis of his blood, breath, urine or any other bodily substance shall be ad-

missible in court and if there was at that time 0.10 per cent or more by weight of alcohol in the person's blood, it shall be presumed that the person was under the influence of intoxicating liquor.

Three judge federal courts will hear congressional and consolidated state legislative redistricting suits. A pre-trial conference on the legislative suits was held here December 22.

Post Office Will Sell Tax Book

A booklet that gives information on how to fill out Federal tax returns will be sold at the local post office.

"Your Federal Income Tax" was written by the Internal Revenue Service and contains many examples to illustrate how the tax law applies to actual situations. A special feature of the booklet is the sample, filled - in return, Form 1040, keyed to pages where explanations can be found for each entry on the return.

"By selling this booklet at postal facilities in the Stanton area we are offering a convenient service to our customers," the local post office announced. "We are participating in a nationwide program to make the tax booklet available to the public in 15,000 postal facilities."

Announcing the most complete warranty ever put on a used car.

Covers engine, transmission, rear axle, brake system and electrical system for 30 days or 2000 miles. And you get special savings on all parts and labor for the first 24 months.

USED VEHICLE DEALER WARRANTY

No. _____

This Warranty is issued by the undersigned, an authorized Chevrolet Dealer (hereinafter called the Selling Dealer) to:

Name _____ Address _____
City _____ State _____

(hereinafter called the Purchaser) in consideration of the purchase of a used motor vehicle (hereinafter called the Vehicle) described as follows:

Year _____ Make _____ Type _____
Motor No. _____ Serial No. _____ Stock No. _____
Mileage shown on odometer at delivery _____

STATEMENT OF WARRANTY
Subject to the provisions and conditions stated below, in the event of mechanical failure of the Vehicle, the Selling Dealer agrees as follows:
(1) For a period of 30 days, beginning _____, 19____, or 2000 miles after delivery (whichever occurs first), the Selling Dealer agrees to repair or replace the engine, transmission, rear axle, brake system, or electrical system—without charge—to the extent necessary to keep the Vehicle in serviceable condition under normal use.

PROVISIONS
(a) Mechanical failures resulting from collision, accident, abuse or lack of maintenance, are expressly excluded from the above coverage.
(b) Repairs are to be made in the Selling Dealer's Service facilities.
(c) Such repairs do not qualify under any new vehicle warranty still applicable to the Vehicle.
(2) Upon the expiration of the warranty period specified in (1) above and for a period ending 24 months from the date the warranty period specified in (1) above commenced, the Selling Dealer will allow a discount of _____ off the normal retail charges for parts and labor (not necessary to keep the Vehicle in serviceable condition under normal use).

GENERAL CONDITIONS
This Warranty is issued by the Selling Dealer only, and not by the manufacturer of the Vehicle.
This Warranty is expressly in lieu of any other warranties, expressed or implied, including any implied warranty of merchantability or fitness for a particular purpose, and any other obligations or liabilities on the Selling Dealer's part, and Selling Dealer neither assumes nor authorizes any other person to assume for it any other liability in connection with the sale of the Vehicle.
This Warranty must be available with the Vehicle at the time of application for any repairs or adjustments, and is not transferable or assignable. (Not effective as to non-residents in California or Massachusetts.)

In witness of all the above conditions, we have attached our signatures this _____ day of _____, 19____.

Dealer's Name _____ Signature of Department Head _____
City _____ State _____ Signature of Purchaser _____

Many Chevrolet dealers are announcing the most complete warranty ever put on a used car. Count your blessings.

First, you're protected where it counts most: on the major mechanical parts of the car you buy. And that lasts a healthy 30 days or 2000 miles, whichever comes first.

Second, you get special savings on any parts or labor you need. From the day you buy for

24 months. Third, the special savings are good all across the country at most Chevrolet dealers. Say you're on a vacation trip and find you need service. You just get in touch with a participating Chevrolet dealership.

All you do is show an OK warranty identification card you receive when you buy your used car.

Your Chevrolet dealers' new OK warranty. It takes the guesswork out of used car buying.

Chevrolet

A BETTER WAY TO SEE THE U.S.A.

"Call Station-to-Station and Save."

"Take it from me, I'm a telephone operator, and I know station-to-station is the most economical way to call Long Distance."

Look at these examples*:

	Station-to-Station	Person-to-Person	Savings on a 3-minute call
Uvalde to Miami	\$1.15	\$2.65	\$1.50
Cuero to Dallas	.89	2.20	1.31
Alpine to Houston	1.02	2.50	1.48

*Rates quoted for three-minute calls between 8 a.m. and 5 p.m., Monday through Friday. All non-coin station calls, charged to the phone from which they are made, go through at the same low rate charged for One-Plus calls in cities having direct dialing capability.

Oilpatch Outlook

Adobe Oil Co. of Midland ran a 5-inch liner from 9,461-11,760 feet, on total depth of 11,764 feet, at No. 1 Kelly, Martin County wildcat, three miles northwest of Stanton. A straddle-packer drillstem test in the Fusselman from 11,405-77,507 feet, open 45 minutes, recovered 180 feet of drilling fluid, plus 400 cubic

centimeters of gas-cut mud from the sample chamber. Flowing pressures were 89-126 pounds; one-hour initial and two-hour final shut-in pressures were 4,782 and 4,359 pounds, respectively. Location is 1,320 feet from north and east lines of section 5, block 36, T-1-S, T&P survey.

Midwest Oil Corp., Midland, has completed No. 2 E. B. Holcomb 3/4 mile northwest of production in the Sulphur Draw (8,790 Dean) field of Martin County, 30 miles north of Stanton.

On a 24-hour potential test, it pumped 177 barrels of 38-gravity oil, plus 10 barrels of water, through perforations at 8,933-9,061 feet, which had been acidized with 2,250 gallons and fractured with 100,000 gallons, plus 140,000 pounds.

Wellsite is 1,707 feet from north and 1,320 feet from west lines of section 46 block 36, T-4-N, T&P survey.

John L. Cox of Midland completed No. 1 Whitten as a producer in the Spraberry Trend Area in Martin County, nine miles northwest of Stanton.

On 24-hour potential test, it pumped 144 barrels of 40-gravity oil and 10 barrels of water, through perforations between 8,164-8,922 feet which had been fractured with 80,000 gallons.

Location is 1,320 feet from north and west lines of section 9, block 37, T-1-S, T&P survey.

Fort Worth Oil & Gas, Inc., of Midland, has completed No. 4 Meek as a 1/2-mile west extension to the Martin County part of the Spraberry Trend Area.

On 24-hour potential test, it flowed 232 barrels of oil and 10 barrels of water, with gas-oil ratio of 780-1. Gravity of the oil was not reported.

Completion was effected through a 14 64-inch choke and perforations at 8,226-3,399 feet, which had been fractured with 80,000 gallons and 280,000 pounds.

Drilled to 10,842 feet, where 5 1/2-inch casing is seated, it is plugged back to 9,503 feet.

Completion attempt as a six-mile northwest extension to the Sale Ranch (Strawn) field, through perforations at 10,572-10,762 feet, failed.

Location is 1,320 feet from south and west lines of section 6, block 38, T-1-N, T&P survey.

Beico Petroleum Corp., Midland, has completed No. 3 Rosalie Tom four miles southwest of Tarzan, in the Spraberry Trend Area of Martin County.

On a 24-hour potential test, it pumped 93 barrels of 40-gravity oil, plus 12 barrels of water, through perforated section between 8,552-9,342 feet, which had been fractured with 80,000 gallons. Gas-oil ratio measured 685-1.

Wellsite is 1,320 feet from north and east lines of section 6, block 38, T-2-N, T&P survey.

Operators staked sites for three new projects in the Spraberry Trend Area of Martin County.

Graham & Delaware Basin Properties, Inc. of Abilene, filed application to drill No. 3 J. R. Grisham & J. M. Greenman 1/2 mile southeast of the field area.

Location is 2,640 feet from south and 1,320 feet from west

lines of section 34, block 36, T-1-N, T&P survey, 5 1/2 miles northwest of Stanton. Scheduled depth is 9,200 feet.

John L. Cox, Midland, is responsible for two of the proposed sites. Both are scheduled to be drilled to 9,500 feet.

No. 2 Tant Lindsey spots 1,320 feet from north and west lines of section 16 block 38, T-1-N, T&P survey, 10 miles northeast of Midland and 1/2 mile west of the closest producer.

No. 5 Mabec is located 1,320 feet from north and west lines of section 1, block 38, T-1-N, G&MMB&A survey, 12 miles northwest of Midland and 1/2 mile west of the field area.

Universal Resources Corp., Dallas, filed application to drill No. 1 Pitman 3/4 mile northwest of the Sulphur Draw (8,700 Dean) field of Martin County.

Located 27 miles northwest of Stanton, location is 1,320 feet from south and east lines of section 43, block 36, T-4-N, T&P survey. Scheduled depth is 9,350 feet.

Tom Brown, Inc. of Midland, will drill three developments in the Spraberry Trend Area of Midland County, 16 miles east of Midland.

Each of the three projects are scheduled to 8,800 feet.

No. 1-10 Fischer spots 1,320 feet from south and 1,340 feet from west lines of section 10, block 36, T-2-S, T&P survey and 3/4 mile northeast of the nearest producer.

No. 2-10 Fischer, 1/2 mile east of the No. 1, spots on the Midland - Glasscock County line and 1,320 feet from south and 1,340 feet from east lines of section 10, block 36, T-2-S, T&P survey.

No. 1-15 Phinney is a 1/2-mile east offset to the Trend Area, about seven miles south of Stanton.

Drillsite for the 8,700-foot project is 1,320 feet from north and west lines of section 15, block 36, T-2-S, T&P survey.

Tom Brown Inc of Midland No. 1-46 Sawyer, was finished through shot holes between 8,210-8,915 feet, which have been acidized with 3,000 gallons and fractured with 90,000 gallons, plus 180,000 pounds.

On a 24-hour potential test, through a 12-64 inch choke, it finished for 239 barrels 39.9 gravity oil, plus 13 barrels of water. Gas-oil ratio is 1,423-1. Location is one mile south and east of the field and spots 1,320 feet from south and west lines of section 46, block 36, T-2-N, T&P survey. 12 miles north of Stanton.

Henry & Landenberger, Inc. No. 2 Mabec, spots 1,320 feet from north and west lines of section 14, block 38, T-1-S, T&P survey, 5 1/2 miles northeast of Midland and 1 1/2 mile west of the nearest producer.

Perforated section between 8,479-9,089 feet, fractured with 100,000 gallons, finished to pump 100 barrels of 38.5 gravity oil, plus 50 barrels of water, on a 24 hour potential test. Gas-oil ratio measured 1,250-1.

RK Petroleum Corp. staked site for No. 1 Williams-Estes one mile north and south of the nearest producer in the Trend Area of Martin.

Drillsite is 1,320 feet from south and east lines of section 5, block 36, T-2-N, T&P survey, six miles northwest of Lenorah. Scheduled depth is 9,200 feet.

John L. Cox, Midland, has completed No. 1 Burley, six miles northeast of Midland and 1/2 miles west of production in the Spraberry Trend Area of Martin County.

On a 24 hour potential test, it pumped 53 barrels of oil, plus 10 barrels of water, through perforations at 8,389-9,165 feet, which had been fractured with 80,000 gallons. Gravity of the oil was 40 degrees, with gas-oil ratio measuring 547-1.

Location is 1,320 feet from north and east lines of section 2, block 38 T-1-S, T&P survey.

Petroleum Exploration & Operating Corp. No. 1 Meek, a 1/2 mile east offset to the nearest production in the Trend Area of Martin was finished for 98 barrels of 39.2 gravity oil, plus 15 barrels of water, daily.

Production was through shot holes at 8,152-9,039 feet which had been acidized with 3,000 gallons and fractured with 147,000 gallons, plus 280,000 pounds. Gas-oil ratio measured 653-1.

Wellsite is 1,320 feet from south and east lines of section 19, block 36, T-1-N, T&P survey, eight miles northwest of Stanton.

No. 1-A Raymond Glascock was finished for 230 barrels of 38.5 gravity oil, plus 40 barrels of water daily, through perforations at 8,309-8,951 feet, which had been treated with 2,500 gallons and fractured with 80,000 gallons, plus 160,000 pounds.

Martin County 4-H Club Will Enter 25 At Houston

Twenty-five members of the Martin County 4-H Club will show entries in the Junior Division of the Houston Livestock Show and Rodeo. Participating members will include: Jerry Holloway, Jackie Jones, Mike Holcomb, Jody Yates, Tana Yates, Melinda Davidson, Brad Tunnell, and J. C. Tunnell showing two

steers each in the Junior Steer Show; Brenda Holloway, Ricky Hightower, Montie Foster, Cristy Foster, Jay Mullins, Clyde Mullins, Darla Holcomb, Judith Yates and Wendy Tunnell showing one steer each; Clay Holcomb and Sharalyn Holcomb showing two steers and two lambs each; Elonna Airhart showing two steers

and three lambs; Joni Latty and Glenneth Letty showing two lambs each; Janie Roper showing an Angus steer; Tony Sawyer showing two Hereford steers; and Deana Holcomb showing two steers, five breeding sheep and three market lambs.

A record number of entries and premium money will make this year's Houston show the largest livestock show in the world. Classes are provided for 10 beef breeds, 4 dairy breeds, 6 swine breeds, 11 sheep breeds, 6 horse breeds, 5 rabbit breeds, 22 poultry breeds and Angora goats.

Among other programs benefiting youth on a statewide basis are the Scholarship and Research Programs. The Houston Livestock Show and Rodeo annually presents scholarships to outstanding FFA and 4-H Club members in the amount of \$4,000 each.

Fifty students are currently attending college on scholarships provided by the Houston Livestock Show and Rodeo. Twenty-four scholarships of \$1,000 each will be awarded to winners in each of 24 counties participating in the show's area GO TEXAN program.

The Research Program, established in 1970 by the show, is being carried on in 12 Texas agricultural colleges. Much of the work is done by students, thus providing jobs for those college students who need to work.

The knowledge shared through this \$200,000 Research program directly benefits Texas agribusiness.

Rates for the 1972 Houston Show are February 23 through March 5, with the first two days set aside solely for livestock judging and sales.

Oil News

Continued from page 3
000 pounds. Gas-oil ratio is 780-1.

It spots 1,320 feet from north and west lines of section 5, block 37, T-1-S, T&P survey, three miles west of Courtney.

Through perforations at 8,307-8,951 feet, which had been acidized with 2,000 gallons and fractured with 80,000 gallons plus 160,000 barrels, finished to pump 228 barrels of 39 gravity oil, plus 45 barrels of water, on a 24-hour potential test. Gas-oil ratio measured 702-1.

Adobe Oil Co., Midland, has finished No. 1 Alsip for a daily pumping potential of 155 barrels of 39.8 gravity oil, plus 15 barrels of water, in the Trend Area of Martin County.

Production was through shot holes at 7,889-8,888 feet, which had been acidized with 2,000 gallons, and fractured with 80,000 gallons plus 240,000 pounds of salt. Gas-oil ratio is 910-1.

Wellsite is 1,320 feet from south and east lines of section 2, block 37, T-1-S, T&P survey, six miles northwest of Stanton and 1/2 mile south and east of the nearest producers.

John L. Cox of Midland will drill No. 1 Lonnie Ray as a link well one mile southeast and northwest of production in the Spraberry Trend Area.

NEW TRAFFIC LAWS

This is one of a series of articles furnished by the Texas Department of Public Safety on the traffic laws passed by Texas' 62nd Legislature.

LIMITATIONS ON BACKING
A. The driver of a vehicle shall not back unless such movement can be made with safety and without interfering with other traffic.

B. The driver of a vehicle shall not back the same upon any shoulder or roadway of any controlled-access highway.

of Midland County. Scheduled for 9,200 feet, it spots 1,320 feet from north and east lines of section 6, block 37, T-3-S, T&P survey, 10 miles southwest of Midland.

Bufs Escape Cellar With Victory

By TERRY WILLIAMSON R-T Sports Writer
Stanton's Buffaloes escaped the possibility of spending a year in the District 5-AA cellar here Friday with a 60-54 victory over Ozona, but the Lions were not as lucky as they fell into the pit of despair.
Stanton finished the 5-AA season with a 3-7 mark which was good enough for fourth place, but Ozona dropped its ninth district game in 10 outings to finish last.
The Buffaloes finished the season with an 8-18 record and the Lions managed a 12-18 mark.
Randall Papasan, a 6-2 junior, paced the Buffalo attack with 16 points and 16 rebounds to give Stanton its third victory in four outings.
Ozona managed to take an early 4-0 lead with 6:46 left in the first quarter on two quick buckets by Rubin Tambunga and Mike Jenkins, but their luck would not hold very long.
The Buffaloes stole the ball four times in less than a min-

ute and Jackie Swanson, Tommy Deavenport and Papasan scored markers to make the score 9-6 with 4:27 left in the initial period, and Stanton never trailed after that point.
Paul McAlister and Swanson connected on two more baskets in the first period to give Stanton a 15-6 advantage, but as the quarter came to a close, Stanton owned a 20-14 edge.
Coach Jackie Burns then decided to send in a complete new Buffalo team at the beginning of the second stanza, but the Lions failed to take advantage of the Stanton bench.
The reserves outscored Ozona 13 to 10, mainly on a seven-point second quarter performance by junior Preston Springer. Springer ended the night with 11 points.
The Lions came back strong in the third frame on baskets by Tambunga and David Sewell to move within five at 33-28 but Stanton began to pull out again and with 1:55 left in the third period, Deavenport hit a bucket to give the

Buffaloes their largest lead of the night, 45-35.
With 5:23 left in the game Tambunga hit a basket and Gary Whitley cashed in on two free throws to pull the Lions within three at 48-45, but Stanton and Ozona matched each other for the remaining time, and the Buffaloes had their first win over Ozona of the season.
McAlister hit 11 points for Stanton and Deavenport added 10 as four Buffaloes managed to reach the double digit marks. Jenkins scored 16 points in the losing effort and Tambunga turned in a good performance with 11.
Stanton hit 38 per cent in the first half, but fell to 30 per cent from the field in the second half. The poor percentage in the second half was mainly due one possession when the Buffaloes shot six times without connecting on a basket. Ozona hit 39 and 33 per cent from the field in the ill-fated game.
Stanton easily won the junior varsity game over Ozona

National Federation of Music 17th Annual 'Parade' in February

Mrs. S. Arthur Wilson, president of the Stanton Music Club, feels that it will be to the advantage of each individual in the surrounding community to participate in the 17th Annual Parade of American Music during February. The following article explains its purpose.
The National Federation of Music Clubs will hold its 17th annual PARADE OF AMERICAN MUSIC during February. The purpose of the PARADE is to give recognition, encouragement and support to worthy American composers and performers, announced Dr. Merle Montgomery, president of NFMCA.
The project, inaugurated in

'55, is sponsored by ASCAP. All schools, colleges, churches, radio and TV, music clubs and civic organizations are urged to use programs of American music during this month. Besides composed music coming folk music of the various American cultures are also to be heard. Governors and mayors should be encouraged to declare February as American Music Month.
Awards of merit are offered in various classifications based upon program building and the caliber of music. In the past 16 years many thousands of organizations have entered with 11,158 awards given.

Halls Make Home in Midland

Mr. and Mrs. Michael Hall are at home at 1401 Ainslee street in Midland following their marriage on December 31, 1971 in the chapel of the First United Methodist church of Stanton, Texas. The Reverend Floyd Dunn, pastor, performed the ceremony before an altar of greenery, White mums and Red carnations. Miss Lynda White of Denver City was the bride's only attendant. Steve Hall, brother of the groom, was the best man.

"IF YOU THINK YOU AREN'T WORTHY"
No one is ever worthy of God's blessings. That's God's Gift to us.
No matter what kind of person you are, or ever have been, you can be forgiven for ALL your sins. That is why Jesus died on the cross, so we could be forgiven of our sins. All we have to do is ask Him and believe in Him.
