### LIONS CLUB

The weekly meeting of the Lions Club had as their guest Tom Nipp, the District Governor. Mr. Nipp is an accountant from Midland who is active in Scouts, Church, and Masonic work of the area. Accompanying him was the zone chairman of Zone II, Mr. Russell Devoe and deputy District Governor Jim Lemons. Also present was Mr. Bill Wischkaemper who will be practicing law here in the Martin County Abstract building shortly.

### THE WEATHER

Wednesday evening produced a small amount of rain in Stanton. During the night and early Thursday morning of last week we had blowing rain in Stanton with a constant drizzle for most of the day. The evening again brought blowing rain.

Friday was cloudy with light rain during most of the day and Saturday was clear for a lot of the day. Sunday saw more light rain and clouds with a clearing trend Monday morning.

## Stanton Carnival

The Stanton Lions have set the date for the arrival of the carnival in town. It will be here from the 24th of September until the 29th. The Jest Amusement Company will be on the midway. There will be rides, games and booths. Some of the booths will be run by local clubs and some by the carnival. You may buy your tickets early at a good savings to you and extra profit to the Lion's Club by contacting almost any member of the organization.

### COURTHOUSE

There has been a petition passed around the County to get enough names to call a bond election for a new court house. The petition has a number of names on it already.

## Kim McMorries Wins National Merit Scholarship

Kim McMorries, son of Mr. and Mrs. B.R. McMorries of Amarillo, received a National Merit Scholarship from the University of Texas. The scholarship is awarded to the eight highest ranking students entering the five Texas medical schools. The ranking is determined by a combination of academic grades in college and the scores made on the Medical Admission Tests (M-CAP).

Kim will attend medical school in Galveston. He is the grandson of Mrs. Nellie McMorries. He graduated from Abilene Christian College.

## Cap Rock Holds Meeting

More than 2,100 members, wives and children turned out here Saturday to eat, laugh and hear reports of another good year for Cap Rock Electric Cooperative.

The occasion was the 34th annual meeting for Cap Rock and the first at which O. B. Bryan did not appear as manager. But the veteran administrator of Cap Rock was presented with a 33-year plaque by Glen Cantrell, who has served as president of the board of directors for many years. Bryan retired in August and was succeeded by

# O. KELLY PACKS A WHALE OF A BALE

## BUFFSCLOBBERED THE BULLDOGS IN TAHOKA Score 26 To 6

### BUFFS HOST STRONG O'DONNELL TEAM

This Friday night at 8:00 p.m. the Stanton Buffaloes will host the big, strong O'Donnell Eagles at Buffalo Stadium.

The Buffs will be coming off a 26-6 victory over the Tahoka Bulldogs, while O'Donnell owns a 20-14 win

over a tough Wilson team. O'Donnell averages 194 lbs. per man in the line to the Buffaloes 170 lb. line average. In the backfield the O'Donnell squad averages 185 lbs. per man to the Buffaloes 171. (See O'DONNELL, Page 7)

## HOMECOMING

The theme of the 1973 homecoming parade is "Stanton Today — Tomorrow the World" and the parade is being expanded to include not only floats from the four classes in high school but also entries from all the civic clubs. The high school category will include only the freshman, sophomore, junior and senior floats competing for prizes of \$30 for first place, \$20 for second place and \$15 for third place. The open competition will feature entries of any type from the civic clubs of the community and will offer a first place

prize of \$30 and a second place prize of \$20. Also owners of antique cars are invited to drive in the parade.

The parade will be at 4:00 Friday, September 21 and all interested groups are urged to enter and help boost the Buffs spirit. For more information call 756-2541 or 756-2391.

Candidates for Homecoming Queen 1973 are: Elaine (Hazelwood) Eiland, class of 1955. Francis (Morrow) Biggs, class of 1946. Barbara (Smith) Donelson, class of 1958.

## Man Shot In Park

Jesse Espinoza, 34, was hospitalized in Medical Center Hospital in Big Spring in serious condition after suffering a gunshot wound above the heart Sunday night.

The shooting occurred at a baseball park in south Stanton according to Martin County Sheriff Dan Saunders. Espinoza was shot once just above the heart with a .22 rifle from a distance of six to eight feet.

Epifanio Hinojosa, 28, was jailed and is out on \$2,000 bond, charged with assault with intent to murder. Witnesses at the park reported that Hinojosa fired the shot at Espinoza from his car.

## Snelson To Speak

Senator W. E. (Pete) Snelson is to speak to the Lions Club on the occasion of their Teacher's Appreciation Banquet next Monday night. The event will be honoring the teachers of Stanton. Guests will be the teachers and wives of the Stanton Lions Club members.

Senator Snelson of Midland is presently serving his third term as a member of the Texas Senate. He was reelected last year unopposed. He represents the 35 counties of the 25th senatorial district. The 59,599 square miles represents the largest senatorial district in the nation.

He is a native West Texan and married the former Susan Sutton; they have four children, aged 5 to 13. He holds a

B.A. from T.U. and a master's from Northwestern U.

Snelson served in Europe in W.W. II where he received Combat Infantryman's Badge, Bronze Star and Purple Heart. He has been in the advertising business for 18 years and was a Professor of Journalism at U.T. in El Paso and formerly the V.P. of Odessa College. He was President of the Texas Jaycees in 1957 and is a member of Lions International. He is a 32nd degree Scottish Rite Mason and a Presbyterian.

The Texas House was his place of service in 1960 and he served terms in the Texas Senate in 1964, 1968 and 1972.

This will be a fine occasion and all members and teachers are urged to be present.

James Eiland.

Other service awards were presented to Edgar Phillips, a plaque for 30 years as director; Alfred Schwartz, a 10-year pin, and Bob Cox, a five-year pin.

Members named a new director to the board, A. D. Reed, Ackerly, succeeding Paul Adams, and returned D. W. McDonald, Midland, C. Ray Russell, Big Spring to the board.

Hold-over directors are Glen Cantrell, Edgar Phillips, Neil Fryar, all of Big Spring, Raymond A. Pribyla, Tarzan; Bob

Cox, Stanton and Alfred Schwartz, St. Lawrence.

The feed, served by Johnny's Barbecue, of Midland, was held at the Stanton High School Football Stadium. Financial statements were distributed to members, who also were delighted with the humor and philosophy of Dr. James Blakely, associate professor at Wharton Junior College.

There were free rides and snow cones for the kids and the "lost kid" department did a land-office business.

Stanton's Buffaloes kicked off Phase IV in their Return to Respectability at Tahoka Friday at 8 p.m. when they met the Tahoka Bulldogs in a non-district football opener for both teams, ending 26-6, Stanton.

Stanton, thin with just 21 players but talented at many positions, will be trying to duplicate last year's victory.

Coach Bill Young hopes this victory will kick off the team's first winning campaign in 10 years. The Buffs were 0-10 during Young's first season in 1970, finished 2-8 a year later and last season had a break even 5-5 standing.

Fullback Mark Eiland scored three Stanton touchdowns two on runs and one on a pass reception, as the Buffs rolled to the 26-6 advantage in the third quarter. Eiland ended the night with 112 yards on 17 carries.

Over-all, the Buffs rolled up an impressive 306 rushing yards, with 56 more coming through the air. Tahoka had 195 yards total offense and six first downs.

Eiland sprinted 27 yards for the Buffaloes' first touchdown with 53 seconds gone off the Tahoka Stadium clock. Vernon Brown booted the visitors to a 7-0 lead.

22	First Downs	6
306	Yards Rushing	139
56	Yards Passing	56
4	of 10 passes com.	2 of 5
2	Passes Inter. by	2
3	for 60 Puns Yds.	3 for 15
0	Fumbles Lost	0
4	for 35 Punts. Avg.	3 for 37

Late in the half Eiland got his second marker of the night on a five-yard blast over the middle, but Brown's PAT attempt was blocked.

Just a few seconds later, with 3:22 left in the half, Tahoka got back in the game with a 35-yard scoring toss from Weldon Warren to Terry McCord. The try for the two point conversion failed.

But the Buffaloes came up with a back-breaker just before the half ended, when quarterback Bill Howard tossed to Eiland for 11 yards and a touchdown with six seconds remaining for a 19-6 Stanton bulge at the intermission.

Mitchell Irvin blasted two yards for another six-pointer in the third stanza and Brown booted the conversion point for the final margin.

The Coaches were well pleased with the effort against Tahoka. Coach Young stated "that he could not single out any outstanding players in the game because it was an over-all team effort. "We played as a team and the mistakes we made were mental and those can be corrected. We are hitting better than we ever have and we have great leadership in the players this year. We will have to correct the errors we made against Tahoka this week. O'Donnell is the kind of ballclub that will turn your mistakes into scores. We will have to give a super effort to get past O'Donnell." Young stated.

## Planning Board Consider Roads

The Regional Planning Commission, among other actions, has voted to:

Consider a resolution accepting the review and comments of the Government Apportionment Commission. (See ROADS, Page 8)

HE IS NUMBER ONE. Ohmer Kelly proudly exhibits his bale of cotton which is the first one ginned in Martin County this year. Pictured with the 615 pound bale of cotton is Mr. Kelly with the ginner Dan Long of the Long Gin Co. (formerly Broughton Gin).

## JAYCEES PRESENT TRAILER Parker's F.F.A. Is Recipient

Through the generous donations of several interested persons throughout the area, THE STANTON JAYCEES were able to present Nolan Parker, FFA advisor, with a badly needed stock trailer last Thursday.

The 16 ft. covered Joshua trailer was presented at a brief ceremony held at 4:00 P.M. in the newly constructed Vo-Ag. building adjacent to the high school. Accom-

panying the trailer was a bronze plaque recognizing the event and the many contributors to the project.

Until now, the FFA boys have had no means of transporting their stock to and from the various shows throughout the state. In spite of this handicap Parker has been able to walk away from the contests carrying several awards, and it is hoped that he will now be able to further

this winning record in years to come.

During the ceremony, Sid Saunders, project chairman, expressed the appreciation of the JAYCEES to all those who helped make this possible and commended Parker and the FFA members for doing an outstanding job.

Our youth is our most important asset, but they need our continued support in order to survive.

F.F.A. GETS NEW STOCK TRAILER. Mr. Nolan Parker looks on as the Stanton Jaycees present the F.F.A. boys with a new stock trailer with two compartments to take their animals to shows, etc. Pictured above at the presentation, from left to right, is Nolan Parker, Sid Saunders, James Franks, Dennis Iretan, Gary Henson, Kenneth Hull, Larry Romine, Terry Kelly, and Herb Sorley. Not pictured were Jaycees Larry Brown, Larry White, Jerry Graham and Danny Fryar.

### TRAILER GIFT

The list of donors on covered 16' Joshua Trailer for the Stanton Vo-Ag department as are follows:

Gerald Hanson, Sid Saunders, David Saunders, Jimmie Sawyer, Marshall Yates, Malcolm Irvin, Rufus Tom, J. N. Woody Jr., James R. Doggett,

Billy Mims, Glenn Brown, Danny Fryar, Neil Fryar, Marshall Louder, Ricky Kennedy, Ed Lawson, James D. Eiland, Houston Woody, Bernard

Houston, Gene Clements, Steve Fryar, L. Dwain Henson, J. D. Poe, O. E. Saunders, Charlie Smith, Betty G... (See TRAILER, Page 8)

Oil News

Adobe Oil Co. of Midland has announced intention to drill a 9,800-foot wildcat in Martin County, 7 3/8 mile northeast of the firm's No. 1-A Wolcott, an active searcher. It is No. 2-A Wolcott.

Drill site is 1,771 feet from north and 5,780 feet from west lines of league 250, Hartley CSL survey, 11 miles northeast of Tarzan.

The firm's No. 1-A Wolcott continued recovering 10 a.d. through Dean perforations at 9,341-9-636 feet, which had been fractured with 80,000 gallons and 160,000 pounds.

It spots 5,313 feet north and 3,472 feet from west lines of league 250, Hartley CSL survey.

C. W. Guthrie, Big Spring, has filed application to drill a 7,800-foot wildcat in Howard County, one mile west of Vincent. It is No. 1 Mattie Bishop.

Drill site is 3 1/4 mile southwest of the two-well Saratoga (Canyon) field, and spots 467 feet from north and west lines of section 10, block 25, H&TC survey.

Mobil Oil Corp. has recompleted its No. 1-B Walton-Judkins, former Devonian gas producer, as a third Atoka oiler and 1 1/4-mile south extension to that pay in the Azalea multizone field of Midland County.

On 24-hour potential test, it flowed 56 barrels of 48-gravity oil, and three barrels of water, through a 10-64-inch choke and perforations at 10,858-10,992 feet, which had been acidized with 11,000 gallons. Gas-oil ratio measured 2-142-1.

It originally was completed by Macpet Corp. as No. 3 Walton-Judkins and completed as a producer in the Spraberry Trend Area. Mobil recompleted it last February for 265,000 cubic feet of gas per day, through Devonian perforations at 11,426-11,616 feet.

It has been plugged back to 11,300 feet, from total depth of 11,800 feet.

Well site is 660 feet from south and 1,980 feet east from east lines of section 46, block 37, T-3-S, T&P survey, 20 miles southeast of Midland.

John L. Cox, Midland, has staked three locations in the Lacaff (Dean) field of Martin County.

The No. 3-C Guy Mabee spots 933 feet from north and 4,291 feet from east lines of section 5, block HA, 25 miles north of Midland. Contract depth is 9,690 feet.

Located 19 miles north of Midland, the No. 1-D Guy Mabee spots 933 feet from north and 1,320 feet from east lines of section 1, block OHX. Project depth is 9,500 feet.

The No. 3-D Guy Mabee is 19 miles north of Midland, and spots 2,449 feet from north and 1,230 feet from east lines of section 1, block OH. Proposed depth is 9,500 feet. Connally Oil Co., Inc., has

completed No. 1-2 Flynt, as a 3 8-mile east extension to the Lacaff (Dean) field of Martin County.

It potentialized pumping 106 barrels of 40.5-gravity oil per day, plus 90 barrels of water, with gas-oil ratio measuring 850-1.

Production was through perforations at 9,476-9,606 feet, after being acidized with 2,000 gallons and fractured with 60,000 gallons and 120,000 pounds.

Well site is 933 feet from south and west lines of labor 24, league 248, Hartley CSL survey.

John L. Cox has completed No. 1-C Guy Mabee, one mile west extension to the Lacaff (Dean) field of Martin County, 12 miles northwest of Tarzan.

Completion was 288 barrels of 40-gravity oil per day, no water, with gas-oil ratio of 660-1.

The completion test was taken through a 16-64-inch choke and perforations at 9,426-9,616 feet, which had been acidized with 5,000 gallons.

The producer is 1,350 feet from south and west lines of labor 5, league 318, Farmer CSL survey.

Registrations For PP&K Still Open

Registrations for the area's 13th annual Punt, Pass and Kick competition for youngsters eight through 13 years of age will remain open through September 28.

Nationally, more than 1-200,000 youngsters are expected to take part in this year's program which is co-sponsored by the Jaycees and White Ford Co. of Stanton. Registration blanks and local competition details are available at all participating Ford dealerships.

Punt, Pass and Kick has attracted more than 9,350,000 participants since its inception in 1961, in addition to the enthusiastic support of high school, college and professional football coaches across the country.

National Football League Commissioner Pete Rozelle describes Punt, Pass and Kick as the "finest youth athletic program of its kind" and notes that entrants compete only against other youngsters their own age. Scoring is based on distance and accuracy in punting, passing and placekicking.

Competition begins at the local level on September 29 or 30 and subsequently moves to Zone, District, Area, Divisional and National Levels. No entrance fee or special equipment is required. There is no body contact and participation does not impair a youth's amateur standing.

Youngsters, accompanied by a parent or guardian, may register for PP&K at White Ford Co.

Legal Notice

Bids will be received by the City of Stanton until Sept. 18, 1973 for the sale of one (1) used Oliver-Crawley-Tractor Serial No. 3503909.

The City reserves the right to reject any or all bids.

Southwestern Bell Announces New Telephone Rates For State

DALLAS - Southwestern Bell today announced an adjustment of telephone rates for long distance calls within Texas which will produce an after-tax revenue gain of less than \$12 million (\$23 million before taxes) to the company. This amounts to a little less than 2 percent of the company's total operating revenues in Texas.

T. O. Gravitt, vice president for Southwestern Bell operations in Texas, said the new rate schedule will increase the

cost of most three-minute intrastate calls from a few cents to a dime. The change is effective September 24. Rates for local service and charges for long distance calls to other states will not be affected.

One Plus calls within Texas, which constitute about three-fourths of the calls, will still generally be lower than the average for 41 other states offering a One Plus rate. The other states do not have a One Plus rate schedule. On calls requiring an operator, Texas rates generally compare favorably with other states, with some states higher and some lower.

"The increase on long distance rates in Texas is needed to partially offset sharp increases in the cost of doing business," Gravitt said. He cited that telephone wages for 1973 will be \$110 million higher than in 1971, and taxes for the year will be \$40 million more than two years ago when the last intrastate rate adjustment was made.

The largest portion of the increase will be on One Plus calls, but this type of call will still be considerably cheaper than operator handled calls.

For example, at the new rates, a One Plus call from Dallas to Houston will be only 93 cent for three minutes during the day. A station-to-station call requiring an operator will be \$1.15, and a person-to-person call \$2.05. A similar San Antonio to Waco Plus call will cost 82 cents, while a station-to-station call will be \$1 and a person-to-person call \$1.75.

"We truly dislike having to increase rates; however, we too have become the victims of inflation - not the cause of it," Gravitt said.

CHALMER WREN Chalmer Wren Jr., 4547 S. Fairplay Court, Denver, has received the Air Force Commendation Medal for his work as audit manager for the Auditor General Representative's office at the Strategic Air Command headquarters in Offutt, Neb.

Jaycees Attend I-C Conference

The Jaycees attended a three-day area I-C conference at the Ramada Inn with a prayer breakfast at 8 a.m.

Sunday, followed by a general assembly at 9 a.m. Clinics followed and an awards luncheon at 11:30 a.m. concluded the event.

Adult Education Course Begins

The classes in Basic Adult Education will begin Thursday, September 13. These classes will be held in the new Junior High School Building from 6:00 to 9:00 p.m. every Tuesday and Thursday night.

We hope that all who are interested in improving their education will attend this first session. The new ruling of the Texas Education Agency is that we must have an enrollment of at least fifteen and maintain an average monthly attendance of seven in order to keep the grant for the classes.

State president, John Thompson of Huntsville spoke to the group Saturday night on the importance of increasing membership and extending new chapters to the area.

Representatives from Big Spring, San Angelo, Snyder, Albany, Stanton and Colorado City attended the dinner Saturday night.

Abilene will host the district meeting on March 1-3. Among the dignitaries present other than Thompson were National Director Milt Saltzman of Pampa, National Director Huck Downs of San Angelo and State vice president Fred Simpson, Big Spring; Leroy Roach, Abilene and Royce Burrows, San Angelo.

PUBLIC NOTICE SUMMARY OF PROPOSED CONSTITUTIONAL AMENDMENTS SPECIAL ELECTION NOVEMBER 6, 1973

NUMBER ONE ON THE BALLOT (S.J.R. 8)

Article III, Sections 5, 24 and 49a and Article VIII, Section 6 of the Texas Constitution are amended to:

Provide for a regular annual session of the Legislature. The regular session in each odd-numbered year would be for a period not to exceed 180 days. The regular session in each even numbered year would be for a period not to exceed 60 days and would be limited to consideration of fiscal matters and any emergency matters submitted by the Governor. The 60 day session could be extended by the Governor for a period not to exceed 30 days.

Provide an annual salary for members of the Legislature not exceeding \$15,000 per year and a per diem exceeding \$18 per day for each day of each regular session or special session.

Provide that no appropriation of money shall be made for a longer term than one year and direct the Comptroller to make annual estimates of anticipated revenue rather than biennial estimates.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendment to provide for annual regular sessions of the legislature; and to provide an annual salary of \$15,000 and per diem for the members of the legislature, effective in January, 1975."

NUMBER TWO ON THE BALLOT (H.J.R. 7)

Article XVI, Sections 50 and 51 of the Texas Constitution are amended to:

Include within the scope of homestead protection the real property of a single adult person which meets the other requirements of homestead property, and to provide that a family homestead may not be abandoned except with the consent of both spouses.

Presently a single adult person is not entitled to claim a homestead exemption and a married man can abandon a family homestead without the consent of his wife.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendment to include within the scope of homestead protection the real property of a single adult person which meets the other requirements of homestead property, and to provide that a family homestead may not be abandoned except with the consent of both spouses."

NUMBER THREE ON THE BALLOT (S.J.R. 13)

Article VIII, Sections 1-a and 1-b of the Texas Constitution are amended to:

Extend the \$3,000 ad valorem tax exemption to the residential homesteads of unmarried adults.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendment to extend the \$3,000 ad valorem tax exemption to the homesteads of unmarried adults."

NUMBER FOUR ON THE BALLOT (S.J.R. 1)

Article XVI, Section 59, of the Texas Constitution is amended by adding a new Subsection (e) which:

Provides that no law creating a conservation and reclamation district shall be passed unless a copy of the proposed law is delivered to the commissioners court of each county and to the governing body of each incorporated city or town in whose jurisdiction said district or any part thereof will be located. Each such commissioners court and governing body may file its written consent or opposition to the proposed law with the Governor, Lieutenant Governor and Speaker of the House of Representatives. Each special law creating such a district must comply with general laws then in effect relating to consent by political subdivisions to the creation of such districts.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendment establishing certain requirements relative to the enactment of laws creating certain conservation and reclamation districts."

NUMBER FIVE ON THE BALLOT (S.J.R. 12)

Article XI, Section 7 of the Texas Constitution is amended to:

Provide that all counties and cities bordering on the coast of the Gulf of Mexico are authorized to levy a tax to pay for bonds issued for the construction of sea walls and breakwaters upon a majority vote of the resident property tax-payers. Counties and cities are presently authorized to levy such taxes and this amendment only changes the required vote from a two-thirds majority to a simple majority.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendment authorizing counties and cities bordering on the Gulf of Mexico to issue bonds

for the construction of sea walls and breakwaters upon a vote of the resident property tax-payers.

NUMBER SIX ON THE BALLOT (S.J.R. 26)

Article V, Section 8 of the Texas Constitution is amended by adding a new paragraph which:

Provides that the district court, concurrently with the general jurisdiction of a probate court and in a probate proceeding shall also have the jurisdiction otherwise conferred on it by law. It also provides that the legislature may increase, diminish, or eliminate the jurisdiction of the district court or county court in probate matters, may adopt rules governing the filing, distribution, or transfer of cases and proceedings as between the courts having jurisdiction of probate matters, and may provide that all appeals in probate matters shall be to the courts of civil appeals.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

"The constitutional amendment to provide for an additional \$100 million in bonds or other obligations of the State of Texas for the Veterans' Land Fund."

NUMBER EIGHT ON THE BALLOT (S.J.R. 29)

Article XI, of the Texas Constitution is amended by adding a new Section 5(a) which:

Authorizes and requires incorporated cities, towns, and villages, regardless of population and notwithstanding standing constitutional limitations on total tax rates, to levy such annual ad valorem taxes on the taxable property in the city, town, or village as are necessary to pay the principal of and interest on, when due, the general obligations hereinafter issued by the city, town, or village. The legislature is empowered to limit by general or special law the total principal amount of general obligations which may be issued, but unless and until the legislature acts to do so, the limitations established by statute with respect to the total principal amount of bonds which may be issued by independent school districts shall apply as the rate limitation on cities, towns, and villages.

The wording of the proposed constitutional amendment as it appears on the ballot is as follows:

"The constitutional amendment to authorize cities, towns, and villages to levy such ad valorem taxes as are sufficient to pay the principal of and interest on their general obligations hereafter issued subject to the restrictions provided by law."

NUMBER SEVEN ON THE BALLOT (H.J.R. 6)

Article III, Section 49-b of the Texas Constitution is amended to:

Provide for an additional \$100 million in bonds or other obligations of the State of Texas for the Veterans' Land Fund. This amendment increases the present \$400 million authorization to \$500 million.

Remove the present provision which permits buying of land only by those veterans who served between September 16, 1940 and the date of formal withdrawal of United States troops from the armed conflict in Viet Nam. This amendment would allow all veterans who serve after September 16, 1940 to buy land from the Veterans' Land Fund, provided they are otherwise qualified.

Provide that, in the event of the death of an eligible

NUMBER NINE ON THE BALLOT (S.J.R. 25)

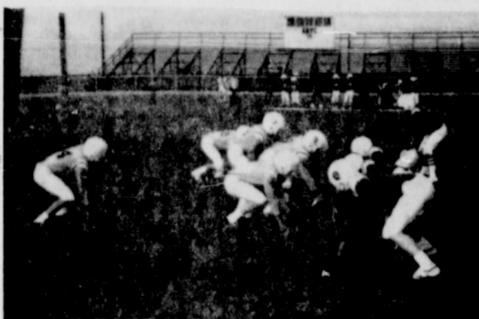

Article VIII of the Texas Constitution is amended by adding a new Section 20 which:

Allows the Legislature, by general law, to exempt all real and personal property used by non-profit water supply corporations or cooperatives from all property taxes. The exemption would apply only to such property as is reasonably necessary to conduct the business of a non-profit water supply corporation or cooperative.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

"The constitutional amendment authorizing the legislature to exempt from property taxes case (a) property used by a non-profit water supply corporation or a non-profit water supply cooperative."

## Rueda Is Youth For Understanding Ambassador

**PEE WEE FOOTBALL**—The Raiders and the Dolphins are shown here as they square off for their contest last Saturday morning at Buffalo Stadium.

**PLAQUE**, Parker's F.F.A. trailer donors and photographer.

The "Youth For Understanding Teenage Exchange Program" has placed Alberto Rueda in the home of Douglas Church and family.

Alberto is 16 years old, a graduate from his school in Ipiales, Narimo, Colombia, South America. His father is a doctor in Colombia. He has two brothers and two sisters. He is classified as a senior in Stanton High School.

The purpose of Y.F.U. program is to provide an opportunity for students and families to develop understanding among people through a family living experience. Each student is expected to live as a son or daughter in the family, to relate as a brother or sister to the other children in the home and to assume his or her share of the family chores.

Students are not selected on a basis of wealth, but on a basis of their leadership potentiality and their capability as junior ambassadors for their own country.

The thought behind bringing teenage students here to the United States, is so that they will have an opportunity to develop an appreciation of what we call "The American Way of Life" through participation in family, school, and community activities, as well as through participation in the religious life of their American family (North Am-

erican) and the church to which it belongs. No "h American students going abroad have the same opportunities in reverse.

Since 1951 almost 11,000 U.S. families have spent the better part of a year as host families to such Y.F.U. foreign exchange students.

## Couple Marry In Ranch Home

Mrs. Nola Marie Batton and Mr. Jerry M. Collins were united in marriage Sept. 4, 1973, in the beautiful ranch home of Mr. and Mrs. B. W. Clements of Franklin, Texas. Dr. C. M. Bailey of Tatum, Texas, performed the marriage ceremony.

Mr. Chester Evans of Stephenville, Texas, served as best man. Mrs. Chester Evans was matron of honor.

The bride was given in marriage by Mr. and Mrs. B. W. Clements. Mrs. Joyce Gregurek of Hearne, Texas, sang "Somewhere My Love." She was accompanied by Mrs. Verdi Hassell at the piano.

The refreshment table was laid in white. The centerpiece was a crystal bowl of yellow roses. Yellow candles flanked the centerpiece. The two-tiered wedding cake was decorated in yellow roses and a miniature bride and groom. Mrs. Joyce Gregurek served the wedding cake. Mrs. Brint Lomax presided at the crystal punch bowl. Members of the house party were: Dr. and Mrs. C. M. Bailey, Mr. and Mrs. Chester Evans, Mr. and Mrs. Keith Lane, Jr. of Gustine, Texas, Mrs. Joyce Gregurek, Mrs. Verdi Hassell, Col. and Mrs. Brint Lomax, Mr. and Mrs. Jerry Collins.

A luncheon was served in the Blue Room of the Falls Hotel in Marlin, Texas, where piano music was rendered by Mrs. Bobby Feum of Marlin.

"I have always thought that every woman should marry, and no man." (Benjamin Disraeli)

Mrs. Baird baked her bread the old-fashioned yeast-rising way for wonderful flavor and soft texture.

Today her family still uses that baking method... because they still care about quality.

## Prevention Of Blindness Sought

The concept of preventive medicine — now acknowledged as the viable solution to comprehensive health care delivery in this country — has been the thrust of the National Society for the Prevention of Blindness throughout its 65-year history.

The underlying reason is simple: with blindness—most times there is no second chance. Prevention is, must be the key.

Over the years, the Society's work has touched every economic level and age group in the country. Its efforts (then a leading cause of blindness, transmitted by VD - infected mothers), through the mandatory use of silver nitrate drops in the eyes of all newborns. That success is still visible, though with an ironic twist: today, when VD is reaching epidemic proportions, there is virtually no incidence of ophthalmic neonatorum.

## Homes Luxury For The

The time may be coming when little children in England will point to houses in their storybooks and ask what they are. "They are homes," will be the reply, "and once almost everyone could own one. Now they're a luxury for the rich." A spokesman for the Building Societies Association estimates that a new house in Britain now sells for about \$20,000. If that is too steep, a prospective buyer may obtain a loan over 25 or 30 years at 9 percent interest to help pay for it, but be earning approx. \$125 a week before he is awarded the loan. Since one in 10 Englishmen eat that much, a house of his own must remain only a dream for most people.

Ah, the joys of English socialism! We'll take the American system, with all of its faults, any day. At least here the phrase, "A man's home is his castle" is more than just a colorful cliché — at least so far it is.

# Church Of Jesus Day Saints Devotional

ORGANIZED OF JESUS CHRIST OF LATTER DAY SAINTS By Douglas Church Pastor

"Till we all come to the knowledge of the Son of God, unto a perfect man, unto the measure of the stature of the fullness of Christ."

It is said that man is the measure of all things. So a good man is a good measure. A righteous man would be a righteous measure. The righteous standard is Jesus Christ.

We are familiar with measuring standards such as the foot, yard, ounce, pound, ton, etc. We use them daily and are willing to recognize and honor them.

Why is it that as we move into the area of religion and life we depart from the perfect standard of life which is

the life and teachings of Jesus.

How often have we thought or said, "I'm as good as 'so and so,' or 'I'm not as bad as he and he goes to church all the time." We cannot excel our standard. Unless Jesus becomes our standard we can never become like him.

We are like the coal miner who takes his lunch and goes to the mine in the morning, works until noon and eats his lunch not noticing his hands and face are covered with coal dust. But in the evening, when he comes home and there is a white tablecloth at dinner he sees the need of cleaning up.

We feel pretty good sometimes when we don't commit the grosser sins of society, and often do not sense our need to make changes in our lives until we come face to face with Jesus, and see the true standard by which our lives are measured.

May we look to him each day as we determine the course of our lives.

## Preceptor Beta Pi

President Georgia McMeans called the first meeting of Preceptor Beta Pi to order on Sept. 6, 1973 at the home of Aylene Kelly with all members repeating the opening ritual.

Communications were read from international. We received notice of appreciation that we are a 3-Star Chapter. The president reviewed the program for the district meeting to be held in Sweetwater, Texas on Oct. 19, 20th and 21st.

The service chairman gave a report and discussed a project carrying out the theme of love, love, love. The social chairman gave a report on the fall banquet.

The program was turned over to Aylene Kelly. She gave a most interesting book review on "The Shakers Cook Book," by Caroline B. Piercy.

Aylene told of their way of life and attitudes of a small religious group called Shakers and their contribution to the American way of life, when the country was quiet young.

Those present were Bert Schwalbe, Mary Payne, Amelia Ory, Audrey Louder, Margie Ireton, Georgie McMeans, Lois Powell and the hostess Aylene Kelly.

## Martin-Glasscock Day Care Children See Shrine Circus

The Martin-Glasscock Day Care children went to the Shrine Circus Monday, Sept. 10. Tickets for these children were donated by the First National Bank, Stanton and Gibbs & Weeks Men Store in Big Spring.

The circus was a very exciting event for our children as for most of them this was their first one to see.

Thanks to you good people for taking the children to Big Spring: Opera Angel, Rosie Young and Aurora Sanchez, chez.

Names of the children taken were: Cruz Acurrie, Treasa Brown, Jasmin Castillo, Hernandez Lisa, Valentino Flores Jr., David Montez, Joe Montez, Norma Jean Montez, Lorena Olivas, Ricky Marquez, Michael Ramos, Theresa Ramos, Delma Salgado, Mouro Satelo, Delores Villa, Darrel Williams, Marcia Williams, Geneva Rico, Kimberly Jones and Miranda Gonzalez.

## Mrs. James Jones Honored With Tea

Mrs. James Jones was honored Sunday with a tea in the Fellowship Hall of the First United Methodist Church. Various church organizations served as hostesses. Mrs. Ray Simpson presided at the register, where about fifty guests registered.

Mrs. Jess Burns thanked Mrs. Jones for her long and faithful work as organist of the church, for her work in the Woman's Society, and time spent on various committees. She presented the honoree with an inscribed silver tray.

At the center of the refreshment table was a large bouquet of pink roses. Mrs. Lawrence Adkins presided at the punch bowl.

Out of town guests were Mrs. Dwayne Davis, and Mr. and Mrs. Turner Kaderl of San Antonio.

Special guests were the daughters of Mrs. Jones, and their husbands: Mr. and Mrs. Ellis Britton, and Mr. and Mrs. Dean Forrest, both of Big Spring. Grand children present were Jimmie and Jill Britton, and Jill Forrest of Big Spring, and great grand-son, Stacey Ream.

## Music Club Board Meeting

The Texas Federation of Music Clubs' Annual Meeting will be held in San Antonio, Texas on September 18, 19, and 20, 1973 at the La Mansion Motor Hotel.

Host group will be the Ninth District Officers. Mrs. Joseph, President of Ninth District, will serve as General Chairman and Mrs. Carl Edward Bock of Austin is State Program Chairman. Theme of the meeting is "A Rendezvous in Old San Antonio."

Mrs. Glenn L. Brown, of Stanton, President of the Texas Federation of Music Clubs, will preside over the meeting.

## Lakeview H.D. Club News

The first meeting of the Lakeview H.D. Club met Sept. 6 at 2 p.m. in the home of Mrs. Bill McIlvain. Ten members attended.

The Martin County Extension agent, Kathryn Luckenbach, gave the program on parliamentary procedure.

Refreshments of cake, ice cream, lemonade and coffee were served.

The next meeting will be Sept. 20, in the home of Mrs. J. W. Holt.

NEW CURTAINS CONTRIBUTED. The Ladies Hospital Auxiliary helps Martin County hospital get new curtains and vertical blinds. Pictured are members from left to right: Mrs. Jim McCoy, Mrs. Bob Latimer, Mrs. Phil Berry, Mrs. Forest Smith, Mrs. Johnnie Brooks, Mrs. D. M. White and Mary Priddy Brown not pictured.

## Auxiliary Donates Blinds

If you happen to be by the Martin County Hospital any time you will notice some new alterations to the rooms for the patients. They now have green vertical blinds that are flame proof and can often be operated by the person from their bed. They consist of long vertical strips of cloth arranged more or less like a

Mr. and Mrs. David Guevara, Stanton, are the parents of a girl, Gloria Gene, born August 31 at Medical Arts Hospital in Big Spring. Gloria was born at 7:22 p.m. and weighed 9 pound, 1 ounce.

Mr. and Mrs. Johnny Barnes, Gardendale, are the proud parents of a daughter, Monica Ann, born August 30, 1973 at 2:40 p.m. in an Odessa hospital. She weighed 8 pounds, 9 ounces. She has a brother, Mark, who is 4.

Maternal grandparents are Mr. and Mrs. Marvin Hampton of Abilene, formerly of Stanton. Paternal grandmother is Mrs. Mary Tunnel of Stanton.

Mr. and Mrs. Troy Pierce just returned from a one week vacation. They traveled four states visiting friends, relatives and sightseeing. They traveled through Louisiana but stopped in Mississippi to visit Mr. and Mrs. James Croom and Mr. and Mrs. Shelton Steede of Lucedale; Mr. and Mrs. Benny George of Moss Point; and Mr. and Mrs. Bill Gilley of Pasagoula. In Alabama they visited Mr. and Mrs. Hayward Buckham and Bucky of Birmingham. They proceeded to Tennessee where they toured Nashville and enjoyed sightseeing. They returned home last Tuesday.

Tips for using electricity efficiently:

## Use oven heat for all its worth.

There's many a time when you can make your oven do double duty. When you plan to use it to cook meat or a dessert, you can make more efficient use of the heat by cooking an entire meal in the oven.

Simply choose foods that cook at the same temperature. One good example would be a meatloaf, baked potatoes, frozen peas or broccoli in a covered casserole, and a fruit

cobbler. There! You'll have cooked a well-balanced meal without once having used a surface unit. And our home economists can suggest others.

Here are some other efficiency tips you may find helpful. Reduce the cooking time for frozen meats by thawing them properly. For best baking results, pre-heat your oven just long enough to obtain the necessary cooking temperature. For broiling or

roasting, do not pre-heat, but start with a cold oven. If there's a delay in serving the meal after it's cooked, a temperature setting of 150 degrees will keep food warm without cooking it further.

It's our job at Texas Electric to help you get the most value from your electric service. Call us when you have questions about cooking or any other use of electricity.

# Martin County Farm-Ranch Report

## Cotton Shortage Threatens?

WASHINGTON (AP) — The textile industry has asked the government to license cotton exports, saying a critical shortage of raw cotton threatens consumers with price increases totaling hundreds of millions of dollars.

The assistant secretary of agriculture for international affairs, Carroll G. Brunthaver, promptly rejected the idea. He said there will be no cotton shortage, although prices will rise.

Brunthaver commented Tuesday on a letter to Secretary Earl L. Butz from Donald Comer Jr., president of the American Textile Manufacturers Institute.

### NEAR PANIC

Comer said the price of cotton contracts on commodity markets has increased more than 150 per cent since last October, reaching the highest level since the Civil War.

"The unprecedented cot-

ton supply and price situation is complicated and magnified enormously for our mills by Phase 4 rules and regulations that are creating great difficulties and pricing uncertainties," he said.

"The combination of these factors is generating near panic in our industry, and the marketing system, in a great many instances, has ground to a halt. It is only a matter of time before production and employment will be affected in fact, we have been advised of some slowdowns already."

### SOME INCREASE

Comer did not spell out how the proposed export licensing system should work. He said a detailed recommendation would be drawn up at a cotton industry meeting in Dallas, Texas.

"We basically reject the idea," said Brunthaver. "The President has indicated quite clearly that we are not in favor of restricting exports."

"The mills have excellent contacts in the field," he said. "It is their responsibility to acquire the cotton stocks they need."

"The price of raw cotton has moved up," Brunthaver conceded. "I don't know how much cotton there is in a

shirt, but there will be some increase to reflect this increased cost."

Comer said worldwide demand for cotton is at a record high, exports from some other cotton-producing countries have been restricted. Japan is buying up cotton with large holdings of devalued dollars and Mainland China is importing U.S. cotton to make up for a poor crop.

## County Extension Agent Reports

By KATHRYN LUCKENBACH WATERMELON

Watermelon season is coming to a close, but there will still be plenty around for a few more weeks. They are simple to serve as dessert, salad or snack and high in nutrition. One wedge about 2 pounds with rind contains 115 calories, 2 gr. protein, 30 milligrams calcium, 2.1 milligrams iron, 2.5 IU Vitamin A, 30 milligrams Vitamin C, and small amounts of B Vitamins.

If you are buying a cut melon, look for firm, juicy flesh and fruit with a good color, free from white streaks. The seeds should be dark brown or black. Avoid melons with pale colored flesh, and white streaks or "white heart." An immature melon will have much cotton there is in a

Martin County cotton producers and agribusinessmen will elect a Businessman Director to Plains Cotton Growers, Inc. at an 8:00 p.m. meeting on Saturday, September 15 at the Grady High School. The election will be held in connection with the Farm Bureau meeting and barbecue on that date.

Announcement of the election comes from Owen Kelly, Martin County Producer Director to the 25-county commodity organization and Gerald Hanson, current Businessman Director, both of Stanton. Each of the counties in PCG territory has two directors, one a businessman, usually a cotton grower as well, and the other a cotton producer. They serve two-year terms, with businessmen elected on odd years and producers on even years. Each is eligible for re-election every second year.

Kelly and Hanson said all interested parties are urged to attend and that both farmers and businessmen are eligible to vote in the election.

In addition to the election, Kelly said a member or members of the PCG staff will be on hand "to answer any questions concerning the organization's activities and objectives." He added "Directors to PCG are the men who determine the organization's policies and actions on legislation, research, promotion, finances and other matters so vital to the cotton economy of Martin County, and all cotton people should make every effort to be on hand for this election."

## Mustang Soil Conservation

Jack W. Elrod Soil Conservation Service

Labor saving devices become a must on today's farm. Good reliable farm labor has become scarce and in some areas non-existent.

To combat this problem farmers are going more and more to machines such as the hay stacker used by Mustang District Chairman Bob Cox and his neighbors around Tarzan. The hay stacker, operated by one man, picks up the bales of hay, stacks it on the trailer, and transports it to the stacking area where it sets it on the ground. This eliminates at least two men and a great deal of time. According to Bob Cox, the best part is when the hay is ready he doesn't have to beat the bushes looking for hay haulers. He just hooks onto his stacker and goes to work.

Other types of stackers put up the hay unbaled into large stacks that look like big loafs of bread. With this type of machine the hay can be put up greener and the cost of baling is eliminated.

Both methods are examples of how the farmers of the Mustang Soil and Water Conservation District are solving the labor problem.

## Over 1,000 Enroll At U.T.P.B.

Enrollment swept past 1,000 before regular registration closed at noon Sept 1 for the first semester at The University of Texas at the Permian Basin, the largest of the state's upper-level universities.

Official figure at the end of regular sign-up was 1012, and the number was expected to swell to near 1100 by the end of late registration Sept. 7.

George Louis Schaidler, 20-year-old accounting major from LaPorte, Texas, was the first student to complete registration at US Permian, and the 1000th student pass through the registration lines was Sandra K. Slay, 26-year-old physical education major from Dallas.

## Grady Enrolls 205 Students

By TAHITA BLAKE

The Grady Schools have enrolled 205 students this year, slightly above expectations.

Grady High School is off and running, and the results are pretty adequate. The total enrollment for the freshmen, sophomore and junior classes is 43.

Grady will not have a senior class until the 1974-75 school year, due to the fact that it only recently added a high school to its system.

The members for the annual staff have been selected for the forthcoming year. They are Teena Davenport, Tana Yates, Joanna Sawyer, Danny Crow, Mark Greenhaw, Jerry Holloway, Dave Hopper, Jana Wood, Tony Sawyer, Daniel Lozano, Debbie Hildreth, La Ree Baker, Leslie Welch and Tahita Blake. The sponsor for the Wildcat, Mr. Allan Wootan, suspects a very well organized staff has been selected for the initial high school year at Grady.

Class officers have been elected for this year, and these are the results. The junior class president is La Ree Baker; Dave Hopper, vice president; Mary Helen Rivas, secretary; Tony Sawyer, treasurer, and Danny Crow, reporter. Mrs. Ted Gates is the junior class sponsor.

Daniel Lozano was selected as sophomore president; J. C. Tunnell, vice president; and Joanna Sawyer, secretary. Mr. Ted Gates is the sophomore sponsor.

The freshmen chose Richard Parra as their president; Rose Ingram, vice president; Korrine Wight, secretary; and Ricky Hewitt, sergeant at arms. Coach Gary Harrell is the freshman sponsor.

Cheerleaders have been chosen for the 1973-74 school year. Those who will be leading the rooting for the Wildcats are Mary Helen Rivas, Anna Rivera and Korrine Wight. The first game on the schedule, as of now, is with Greenwood in the Grady gym on Oct. 26.

## Letter To The Editor

The Stanton Vocational Agriculture Department has been in great need of a trailer for transferring stock to and from stock shows, etc. That trailer has been purchased and will be in use shortly. The Stanton Jaycees would like to thank everyone who gave for the generous donation to this project. Without their concern and help, this trailer would not have become a reality for the youth of our community.

Our youth is our greatest asset and we believe they do a tremendous job of representing our community while at these various shows. We hope this trailer will aid them in all their efforts.

This trailer will be pulled in the Homecoming parade on the afternoon of September 21.

We hope that everyone will come out to see it.

Just for civic service.  
Stanton Jaycees,  
Sid Saunders, Chairman  
Herb Sorley, President.

## BUTZ ADMITS U.S. BESTED IN RUSSIAN WHEAT DEAL

WASHINGTON (AP) — Shrewd Russian traders bested the United States in the massive 1972 wheat deal but it shouldn't happen again, Treasury Secretary George P. Shultz says.

The Russians "were very sharp in their buying practices" in the 440-million-bushel grain deal, Shultz told a news conference Friday.

Meanwhile, Sen. Walter Huddleston, D-Ky., said the Russians may be reaping a huge profit by reselling some of the wheat in Italy.

"For a country of noncapitalists, the Soviet Union has pulled off a major coup," Huddleston told newsmen.

In a floor speech, Huddleston asked the Agriculture Department and the General Accounting Office to probe the sale.

The Soviet Union is getting more than double their money by selling the grain at current inflated world prices, he told newsmen.

With the help of a three-year, \$750-million U.S. loan, the Russians bought the grain last year at about \$1.68 a bushel Huddleston said. Now, he said, he has learned from an Italian informant and Rome press accounts that a ship unloaded 22,000 metric tons of Russian grain near Rome and two other ships have carried grain there.

Huddleston said he was unable to find out who purchased the grain but presumes it was sold at the world price of \$4.65 a bushel or more.

Huddleston said the increase in domestic wheat prices following the wheat deal was partially to blame for the record 23.1 per cent in-

crease in wholesale farm prices in August.

In Rome, officials said two Soviet ships were anchored at an unloading harbor near the city but that neither unloaded wheat and both appeared about to depart.

Officials in the port of Civitavecchia, the closest port to Rome able to handle such a cargo, denied today that Soviet ships had unloaded any wheat there. Two Soviet freighters put out to sea Friday night but neither had carried grain, they said.

The Soviet freighters which left port Friday night, the Sormovsky and the Floreshy, had been in port for a week unloading aluminum and cellulose, port officials said. A Yugoslav ship, the Krasevaz, had unloaded soybean oil earlier in the week.

The Jagat Neta, flying the Indian flag is due in Civitavecchia Monday with 20,000 tons of wheat, but it took on the cargo in Galveston, Tex., the port officials said.

Asked about the Italian denials, Huddleston said today: "Our contact in Rome claims to have personally seen the grain unloaded. He passed along to us first-hand information. I don't think the Italian authorities are presenting the case as it is."

Shultz said the United States is talking to the Soviets about the magnitude of the wheat purchases, which he said were perhaps two-thirds greater than U.S. officials originally believed.

"If you get burned once, then that's their fault," said the treasury secretary. "But if you get burned twice, then that's our fault."

### Beta Sigma Phi News

The first regular meeting of the year was held in the home of Mrs. Beth Black on September 6, 1973.

Marsha Todd, president, presided over the business meeting which was highlighted with committee reports on plans for the year's activities.

Patricia Wilson presented the program, "Oratory," with the aid of Mary Sale, Marilyn Newman and Bonnie Franklin.

A surprise baby shower was held for Judy Brandenberger. A cake decorated with a stork was served to the members.

A salad supper was also enjoyed by these members who attended the meeting: Beth Black, Mary Deitiker, Judy Brandenberger, Bonnie Franklin, Mary Sale, Marilyn Newman, Carolyn Stone, Clara Stewart, Marsha Todd, Brenda Robertson, Patricia Wilson and Paulette Hahn.

### Preceptor Mu Holds Meet To Launch New Season

Preceptor Mu met in the home of Edith Chenault Sept. 6. The meeting started with a dinner served buffet style. On the table, different kinds of food were labeled such as: "Lone Potion," "Fatted Calf," and "Herbs of the Earth."

Jerdo Turner presided at the business meeting. Irene Long gave the report from City Council. Ways and Means chairman, Irene Long, reported on the meeting held recently in her home, to decide projects for the year. Plans were discussed for the food booth which the sorority will sponsor at the Lions Club Carnival, Sept. 24-29.

Irene Long led the discussion from "The Book of Beta Sigma Phi." In spite of inclement weather the following members were present: Mary Prudie Brown, Mary Grave Latimer, Irene Long, Jerdo Turner, Helen Dawson, Helen Ruth Louder, Margaret Roueche, Sammie Laws, Edith Chenault and Pauline Wood.

### Mu Lambda

Glenna Mims gave the program, "The Body Beautiful" when the Mu Lambda Chapter of Beta Sigma Phi met Monday night at the home of Billie Pinkerton.

Billie Morgan, president, led the opening ritual. Clairese Hale, secretary read the minutes of the last two call meetings and the ice cream supper. The Mu Lambda chapter was granted a 3-Star rating for 1972-73 by Beta Sigma Phi International from Bill Ross.

Mabel Atchison read the sorority study and she presented the "it" gift with Glenna Mims receiving it.

Refreshments of dips, chips, cake, cookies, homemade candy and drinks were served to Mabel Atchison, Billie Flanagan, Clairese Hale, Mickey Lander, Glenna Mims, Billie Morgan, Rhonda Patrick, Lora Springer, Pauline Graves and the hostess Billie Pinkerton.

### Slow The Clock

There's a new attraction in Washington, D.C. these days, and it promises to send many a citizen's blood pressure dangerously high. It is called the federal spending clock, and it shows the rapid rate at which the federal government is spending your tax money.

The clock is located in the Chamber of Commerce building, and everyday the second tick off exactly how many dollars are being spent, a vivid example of how the federal spending spree has increased more than 100 percent in the last 10 years. If you'd like to slow down the "clock" — and our nation's pell-mell race into bankruptcy, with its attendant evils such as inflation and high taxes to pay for such foolishness — let your Congressmen know today. Tomorrow may be too late!

### BARBECUE TENDER MEAT

For best results when barbecuing, use only tender meat. Neither the outdoor air nor barbecue sauce will "camouflage" tough meat, says Karen Krepike.

### WHEN ROOMS STEAM

When a bathroom, kitchen or laundry room gets steamed up, close it off. Where there's no built-in exhaust system, place a fan by the window to push moist air out.

### CLEAN SPILLS QUICKLY

Clean up spills on carpet immediately — they won't stay on the surface long. After a few grinding footsteps, debris goes deeper into the rug and can gnaw at the fiber.

natural  
energy  
HOME

CLEAN ENERGY  
FOR TODAY  
AND TOMORROW

A Natural Energy Home uses natural gas for heating, cooling, water heating, cooking and clothes drying to save you money and help conserve our cleanest natural energy resource . . . natural gas.

That's because electricity in West Texas is generated by burning natural gas, and in the process of generating and transmitting electricity to your home, 2/3 of the gas energy is lost.

So, by using gas directly in the home for the jobs it can do, you're helping to conserve it and you're getting more energy for your money.

### 4-H'ers Aid U.S. Agriculture in Many Ways

Young people are getting practical experience while making an active contribution to America's new glamour industry, agriculture. They are the million participants in the national 4-H agricultural program, sponsored by International Harvester Company.

With expanding agricultural experts, technology and more favorable prices, many 4-H'ers look favorably at careers in farming, agribusiness and other agriculturally related careers.

Supervised by the Cooperative Extension Service, the program encourages 4-H'ers to become more involved in all areas of agriculture, farm operations and management, food processing, product marketing and disease control.

Livestock and crop production, conservation, opera-

### NEWS

#### OF EDUCATION YOUTH WANTS

THE TRUTH is to America's high school and college students, questions about goals, careers and the rewards of leadership are far from academic. They want practical information about how they can "make their mark" in society.

Now there's a unique opportunity to give youngsters straight answers—a chance to really put their preconceived notions to the acid test...to experience firsthand what makes the world tick. And

they are getting their answers directly from the men and women who actually run companies, agencies and schools.

Operation Enterprise, a special program designed by the American Management Association, helps them get a broader outlook in examining career possibilities.

It covers a lot of ground left untouched by a student's high school or college curriculum. After all, a student may study a wide variety of subjects exhaustively — and even get good marks — but still lack direction in life. Operation Enterprise helps sponsored students and lets them do it in an easy-going no-pressure atmosphere.

Here they get the inside story on leadership and management directly from successful practicing leaders.

For further information, write to Robin Schade, O.E., American Management Association, AMA Grove, Hamlet, N.Y. 13346.

### A PRAYER

God our Father, we express our gratitude to Thee for all that our Star-Spangled Banner symbolizes.

For the drumbeats of his held mute in her folds, thank Thee, Lord.

For the roll call of heroes to have marched with loyal and courage under her banners down the hallowed corridors of American history, from Valley Forge to Omaha Beach, from Bull Run to Iwo Jima, from the forests of Korea to the rice paddies of Vietnam, we thank Thee, Lord.

For the ideals and hopes cherished in her star-studded field, we thank Thee, Lord.

Where we are wrong, correct us; where we are weak strengthen us; where we are divided, reconcile us; and where we are right, confirm us.

And grant, O most merciful Father, that in our day and generation, we may achieve something worthy to be remembered, that when we pass the flag on to our children, they will receive it with pride, and we will be able to rest from our labors secure in the knowledge that we have built constructively if not completely, and served faithfully if not perfectly. And to You be the glory and the praise.

—From the 1973 Flag Day prayer in the House of Representatives by Rep. William H. Hudnut III of Indiana. Hudnut is a Presbyterian minister.

The first successful steel walking plow was invented by John Lane in 1833.

### Unintended Strike Subsidy

Too often, just about the time summer construction projects begin to roll again, a strike in the construction industry brings everything to a halt. Instead of getting their jobs done, construction workers spend the summer months carting picket signs around building sites to assure that no work gets accomplished.

When seasonal work combines with strike action, it is sometimes difficult to see how the people involved manage to make enough to live on. The answer, of course, is welfare, strike benefits, various forms of unemployment insurance and, last but not least, food stamps. The food stamp program was started to assure that people in need would not go hungry. In eight years, through periods of peak prosperity in the United States, it has grown from a \$75 million to a \$2.5 billion effort supported by the taxpayers. One of the problems is that food stamps issued to striking workers have become one of the major props to strike action, resulting in prolonged disruption of business and industrial activity. It is a taxpayer supported subsidy encouraging the destruction of effective collective bargaining between labor and management. To say the least, this was not the purpose of the program. This and other abuses of the food stamp program should be corrected by legislative action.

The STANTON REPORTER Sells Letterheads

### High School Happening

**By JACKIE JONES**  
The FFA met last Wednesday discussed dues and decided to enter a float in the homecoming parade. They also made suggestions of ways to make money — either selling license plates or T-shirts. Members will earn points by helping sell money-making items, working on the float, and by attending the FFA meetings. The ten people with the most points will go to the state convention next spring.

Class meetings were held at the end of last week and the beginning of this week. Floats were discussed and Homecoming nominees elected. Nancy Vann was elected the freshman candidate and Joanna Haggard the sophomore. Selected for the junior class was Melissa Hursh and for the senior class Jackie Jones. The classes also elected student council representatives. For the freshman class are Kenney McCalister, Jill Hughes, and alternate Ricky McCall-

ter. The sophomore class has Jo Mims, Connie Christop, Rae Avery and Morgan Coy alternate. Elected for the junior class are Bill Howard and H. A. Schuelke and selected by the senior class are Jackie Jones, Jody Yates, Rosalind Welch and Nancy Glynn alternate.

The "Battlin Buffaloes" traveled to Tahoka this last Friday and blasted the Bulldogs. The game got off to a good start with a touchdown on the second play. The score was 26-6 at the end with Mark Eiland making three of the touchdowns and Mitchell Irvin making the fourth. Congratulations to coaches and players.

The Junior Varsity played the Forsan Varsity at Forsan last Saturday. Although they played hard they lost 26-0. This coming Saturday the JV will be playing the Sands Varsity at Ackerly and this Friday O'Donnell will be coming to Stanton playing the Varsity. Good luck Buffs!

### ... O'Donnell

**Continued from Page 1**  
O'Donnell also boasts good speed for their large backfield. Left halfback David Pearson stands 6'4" and weighs 190 lbs. He has been clocked in 10.5. Scotty Childress, 5'11" fullback runs a 10.2 and Odell Hunter, the right halfback stands 6'1" and weighs 210 lbs. He runs the 100 in 10.5 also. This compares to the Buffs' fastest man, Bill Howard who runs the 100 in 10.5.

Coach Jensen who has scouted O'Donnell twice this season says, "They are big, fast and very aggressive. They are well-disciplined and love to play it tough. We will really have to be ready for a hard-nosed game to be able to pull this one out."

The starting line-up for tomorrow night is 9:00 p.m.

### 8th Grade News

**By DONNA SUE HALE**  
After finally settling down in the new Junior High and Elementary Building, the 8th grade classes got together and elected officers. They are President, Roy Madison; Vice President, Tressa Hull; Secretary, Cindy Esparza; Treasurer, Tamala Allred; Reporter, Donna Sue Hale.

Thank you 8th graders for electing me your class reporter.

Buffalo fans be sure to come out and back the Junior Buffs

on September 13th at 4:30 p.m. for the 7th graders and 6:00 p.m. for the 8th graders. They will be playing the Coahoma Bulldogs here at home. See you at the games.

The 1973-74 cheerleaders are: Head cheerleader Tamala Allred, 8th; Loretta Young, 8th; Diana Hernandez, 8th; Polly Lewis, 7th and Cindy Herzog, 7th.

The 8th grade class welcomes our new principal, Mr. Dennis Walling, to Stanton Junior High.

**WREN ADVANCES IN USAF**  
Chalmer Wren Jr., formerly of Stanton, is the son of Mr. and Mrs. Chelmer Wren of Rt. 1 Stanton. He was a 1957 graduate and valedictorian of Stanton High School. He was voted "most likely to succeed" in the 1957 yearbook. He also graduated from Texas A&M in College Station. Since graduation, he has been a member of the United States Air Force. He recently moved to Denver, Colorado where he has made his home.

### Teachers Have In-Service Training

Saturday saw the 59 Stanton teachers at the new Jr. High School building getting some of the latest on individualized instruction and methods of teaching. Some of the meetings were held in the cafeteria of the school and the group sessions were held in the adjoining rooms.

Scheduled were these events: 7:45, leaving the Furr's Cafeteria in Midland; review of concept development by Sue Ashwood; introduction to performance objectives; work on self-instructional packet on objectives; coffee break; writing in the cognitive, affective, and psychomotor domains and sharing with group; Lunch; writing concept objectives and debriefing.

These meetings are much like the ones that most businesses or trades have periodically except that all the personnel are expected to attend in the case of the teachers.

### Deana Holcomb In Who's Who

KLONDIKE — Deana Ann Holcomb, senior in Klondike High School, has been notified she will appear in the seventh annual edition of Who's Who Among American High School Students (1973-74).

Deana is the daughter of Mr. and Mrs. E. D. Holcomb, Star Route, Stanton. She is active in 4-H livestock projects, sports, Future Homemakers of America and the pep squad. She was a cheerleader last year. Several of her steers and lambs have won at stock shows. Next year, Deana plans to attend Western Texas College in Snyder.

### Jaycee Sponsor Horse Show

Stanton Jaycees will sponsor an open youth horse show Oct. 6 at Bobby Kelly's arena.

Any one under 19 years of age is eligible to compete. There will be halter classes and performance classes.

Contact Bobby Kelly for entry blanks and other information needed.

### Destructive Diversion

A bulletin of the Western Oil and Gas Association reports that officials from a number of states suspect the gasoline shortage is "phony." They suspect the shortage has somehow been contrived by oil companies. Such reasoning is based on the fact that...

DAY CARE GROUP—Hoping to go to the Shrine circus this afternoon if weather permits, students busy themselves with days activities.

DAY CARE CENTER—Some of the students of the Martin County Day Care Center pause for a pose.

### Forsan Team Takes 26-0 Victory Over Stanton Junior Varsity 11

FORSAN — The youngsters did most of the damage Saturday night as Forsan blanked the Stanton Junior Varsity 26-0 in the season liftdifter for both teams.

Freshman Ralph Miranda threw a pair of touchdown passes to sophomore halfback Gary Turner to highlight the tilt, postponed from Thursday because of rain.

Miranda and Turner combined for a 10-yard completion in the first quarter for the Buffaloes. A run for two points was stopped short.

In the second stanza, junior tailback Landon Soles scampered nine yard on a quick pitch, and Miranda shot over for the two extra points for a 14-0 bulge.

Forsan got on the scoreboard once more before the intermission as Miranda found Turner once again for a 35-yard touchdown to give the Buffs a 20-0 advantage.

The last Buffalo score came midway through the fourth period as defensive back David Crooks picked off a Gary Han-

son pass and returned it 60 yards for a TD.

Forsan gets back into action Friday night when the Buffs visit Roscoe, while Stanton's JVs look for their first win against Sands' Mustangs in Ackerly.

### Scale Steppers

The Southside Scale Steppers are giving a toy drive, in behalf of the Day Care Center. If anyone has used toys that their child does not play with any more, or has outgrown, it will be greatly appreciated if you will donate them to the toy drive. These toys will be given to the Day Care children who will really be glad to get them. So, if you would like to make some children happy, dig into your child's toybox and give. All usable toys will be used and played with and appreciated. If you have toys to give, call Rosie Young at the Day Care Center (756-2511), or drop them by the Day Care Center at 305 S. St. Theresa.

Applicant: Texas Highway Department.

Funding Agency: Federal Highway Administration.

Grant Total: \$193,000.

Summary: The Texas Highway Department is requesting \$193,000 to grade and surface 5.6 miles which will involve cutting a new strip of roadway. The right-of-way (120 feet minimum) acquisition for this project will be financed with local funds. The Texas Highway Department analysis of the project indicates that the environment of this area will not be adversely affected. The project will fit into the overall development of the area, and there will be no street or highway closures or grade separations involved in this project.

Also it was decided to consider a resolution accepting the review and comment of the Alcoholism Advisory Committee on the grant application of Big Spring State Hospital titled "Use of Chicano Counselor and Community Follow-up as an Aid to Treatment of Alcoholics."

Applicant: Big Spring State Hospital.

Funding Agency: Dept. of H.E.W. through the Texas Commission on Alcoholism.

Grant Total: \$158,192 (HEW — \$110,521; local \$47,671).

Project Duration: 12 months, Dec. 1, 1973, through November 30, 1974.

**SHUFFLE OFF TO BUFFALO.**

**20 minutes for \$5.00** (plus tax)

That's all it costs when you travel the One-Plus way—Sunday through Friday, 5 p.m. to 11 p.m. Rates are even lower all day Saturday and until 5 p.m. Sunday. Don't know a soul in

Buffalo? Low One-Plus evening and weekend rates mean you can saunter off to San Diego or Salt Lake City—or wherever your friends are. And have a nice long visit.
