

Quilt fund raiser for senior center on tap tomorrow

Senior citizens will be placing decorations in the coliseum Friday as final preparations get in full swing for Saturday's May Day.

The auction sale is the center's major fund raising activity for the year and members of the center work year-round getting ready for the event.

Handmade items including

ceramics made in the center and baked goods will be offered when the coliseum opens at 2 p.m. on Saturday. Musical entertainment will also begin at 2 o'clock and will continue through 6:30 p.m.

Admission to the coliseum is free and individuals are invited to visit the Sweet Tooth Booth for refreshments, the Country Store, with baked goods offered, and the

craft item booth.

A barbecue meal will be served from 4:30 until 6:30 as part of May Day. The menu will include barbecued brisket, beans and all the trimmings. Tickets for the meal are \$5 and must be purchased in advance. Take out orders will be offered as well.

Shuttle update

SPACE CENTER, Houston (AP) — The robot probe Magellan streaked across the solar system today at 25,000 mph on its way to Venus, and the astronauts who launched the spacecraft turned to more routine tasks aboard Atlantis.

Deployment of the probe from the shuttle's cargo bay Thursday night signaled a revival of an American planetary-science program that has been dormant since 1978.

Tower topples

KEENE, Texas (AP) — Severe storms blew down a 135-foot transmission tower used by radio station KJCR in Keene, wrapped it around a building and left the FM station off the air Friday.

News Director Mindy Woods said the tower blew down around 11:30 p.m. Thursday. No one was hurt.

Keene is in Johnson County about 30 miles south of Fort Worth.

"It's graduation weekend and our campus has been trashed," said Ms. Woods, referring to downed trees.

Local

At Hermleigh

Two seats on the Hermleigh Independent School District board have prompted four candidates to file, races to be decided Saturday.

Hermleigh voters will cast their ballots at the school Saturday from 7 a.m. until 7 p.m. John W. Jordan will be the election judge.

At Hermleigh, the three-year terms of Jesse Rios and Ronnie Price expire this year. Each is seeking re-election. They will be challenged by Donald R. McHaney and Rex Reynolds.

Since each position at Hermleigh is "at large," the top two candidates capturing the most votes will be declared the winners.

Ira ballot

Two candidates seek places on the Ira school board Saturday in uncontested races.

Place 6 and Place 7 expire this year and incumbents Keith Clements, Place 6, and Wylie Oliver, Place 7, are both unopposed.

Clements was appointed last fall to fill the then unexpired term of Carl Smith, who resigned. Since that term expires this year, Clements is running for a full three-year term for Place 6.

Voters will go to the Ira Community Center to cast ballots. Clarence Payne will serve as election judge and the polls will be open from 7 a.m. until 7 p.m.

School ballot slated

The two at-large seats on the Snyder school board will be decided Saturday, an election most recently affected by the withdrawal last Monday of one of the two incumbents seeking re-election.

The school vote will be held at Snyder City Hall in a ballot combined with city council elections. The polls will be open from 7 a.m. until 7 p.m. Election judge for the school will be Frank Miller.

At the close of absentee balloting for the school Tuesday, a record 236 votes had been cast.

On Monday, Ken Branam, 40, pastor of First Baptist Church, announced he was withdrawing his candidacy because of a pending pastorate offer from a church in another city.

His name will remain on the ballot, however, since the date to legally withdraw had already passed.

Remaining announced candidates include Luann Burleson, 38, completing her second year as a trustee after being first elected in a special ballot held in April of 1987. At that time, the board reorganized to implement single member districts.

Also announced are Sam Robertson, 47, owner-operator of Sam Robertson Insurance and a former high school band director here; and Mark Zeck, 35, vice president of Y-Z Industries.

For the school board's two at-large posts, the two candidates receiving the greatest number of votes will be declared the winners with no possibility of a runoff. School trustees serve three-year terms.

Because of the candidate withdrawal, school officials have learned that if Branam was among the top two candidates receiving votes, he would be sworn-in for a new term and would then have the option to resign.

Upon his resignation, the other See SCHOOL, page 11

Charter is updated...

Charter amendments face city voters

Along with naming two at-large council members and the city's mayor for the next two years, voters in Saturday's city election will be asked to decide 34 proposed amendments to the 1952 city charter.

The proposed amendments are considered to be generally non-controversial, with many of them changing city statutes to conform with federal election laws, particularly concerning the single-member council districts that are already in place but are unrecognized in the current charter.

A committee rewrote the charter to include former mayors John Fagin, Milton Ham and Mal Stevenson in addition to Mayor Troy Williamson, City Manager John Gayle and ex-officio members Ernie B. Armstrong, the city's legal consultant, and local certified public accountant Larry Anderson.

A sampling of the measures includes proposed Amendment No. 6, which establishes qualifications to serve on the city council, requiring candidates for single-member districts to live inside their districts when they file for election and during their terms.

There are four single-member and two at-large council seats.

Single-member district elections, of which there are none in Saturday's election, and mayoralty races will be decided by a majority vote, according to the new charter, while at-large races will be determined by a plurality vote.

Each registered voter in at-large elections is allowed to cast up to two votes, although no more than one for any one candidate.

If an amendment to bring the city into compliance with a federal election law that is already in effect were defeated,

however, city officials have noted, the federal law would take precedence and remain in effect.

In another sample, proposed Amendment No. 14 would eliminate the city treasurer's office, which is combined in the current charter with the city secretary's office.

Proposed Amendments 25 and 27, pertaining to the seizure and sale of personal property and the Board of Equalization, would repeal the existing amendments that deal with those subjects because those duties are now performed by the Scurry County Appraisal District.

Rabies shots event in Snyder Saturday

Scurry County pet owners are urged to have their animals vaccinated for rabies at the annual Snyder Jaycees vaccination clinic scheduled Saturday.

The immunizations are considered additionally important this year since a rabid skunk was killed in the city last Sunday. Also, a second rabid skunk was killed near Fluvanna in April.

Snyder veterinarians Dr. Jerry Don Early, Dr. Charles Church and Dr. Robert J. Kidd will be supervising the vaccinations from 9 a.m. until 5 p.m. in the coliseum ag annex.

The cost for the shots will be \$6. The event is co-sponsored by the City of Snyder, which waives its fee for pet tags and licensing.

Cogdell revises, resubmits prison health care proposal

A revised contract to provide a portion of the medical services to the Texas Department of Corrections Daniel Unit was approved Thursday by the Cogdell Memorial Hospital Board of Managers, to reduce the amount of the hospital's basic contract by \$18,000 a year.

Administrator Tom Hochwalt explained that the TDC had negotiated for slightly reduced rates both here and in Amarillo,

where a maximum-security 2,250-man unit is scheduled for completion next year.

He said he expects a verbal response from the TDC to the proposed contract early next week.

The rate reduction, from \$1,244 to \$1,224 annually for each of a minimum of 950 inmates, would reduce the amount of the contract annually from \$1,181,800 to \$1,162,800

"I want to commend the TDC for their innovative and bold step in privatizing the delivery of health care to inmates of the Price Daniel Unit," he said.

Hochwalt told the board that he is "cautiously confident that this proposal will meet the savings objective of TDC while providing us with sufficient returns to maintain our high standards of patient care."

The man, well-known as something of a tax protester in that city, has sued because he believes his property, is appraised too high for tax purposes. But he almost lost his right to protest the levy by paying his taxes in full.

Payment was an implication by law that he consented to the taxes, rendering his lawsuit void. When the man realized his error the following day, he asked for a refund so he could continue the suit.

The Grayson County tax collector, as expected, refused to make a refund. So the man stopped payment on the check and wrote out a new one for a lesser amount.

Final service set for Dunn church

A 95-year tradition will come to an end Sunday when the last scheduled service will be held at the Dunn United Methodist Church.

Methodist services have been held in Dunn since the congregation had its start around 1894 and services have been conducted at the present red brick building since 1928, the year it was built and dedicated.

Due to declining membership, of both the Dunn church and Trinity United Methodist Church in Snyder, said the church will be closed after this Sunday. He explained that many of the younger

members have already moved away, many to Snyder, and that only seven active members remain in the Dunn congregation.

Sunday's last service will begin at 10:30 a.m. and will consist of a special "grateful remembrance" which will also include a history of the church and special music.

Bobby McMillan, superintendent of the Big Spring District, will bring the message.

A special lunch will be served at the Dunn Community Center following the message.

Discrimination suit for AIDS dismissed

DALLAS (AP) — A federal judge dismissed a year-old suit that alleged Dallas County's public hospital discriminated in its treatment of AIDS patients.

In dismissing the suit, U.S. District Judge Barefoot Sanders ruled Thursday that the plaintiffs — five hospital patients and the Dallas Gay Alliance — had not substantiated allegations of inadequate medical treatment for AIDS patients at Parkland Memorial Hospital.

The suit claimed Parkland, which is required by law to provide indigent health care in Dallas County, failed to provide "readily available" medical treatments that included the drugs AZT and Pentamidine.

"The court does not minimize the seriousness of AIDS, AIDS-related Complex and HIV infection," Sanders said in his 29-page opinion. "It may be that this community should devote more resources to this menacing and so far irremediable problem; that is a question of important public policy, which it is not for this court to determine."

Sanders also rejected a move by the alliance to institute a class action in the suit. The American Civil Liberties Union had joined the Dallas Gay Alliance in the discrimination suit, saying it could set a precedent for hospitals around the country.

William Waybourn, Dallas Gay Alliance president, said his group is disappointed, but is declaring a partial victory.

"When started, there was a waiting list for AZT. Now a year later, under threat of judicial action, there's over 300 people receiving the drug," Waybourn said.

"After our lawsuit was filed, the plaintiffs were treated with kid gloves, they were given the best care available," Waybourn said. Two of the five plaintiffs have died since the suit was filed last May, he added.

Parkland administrator Ron

Anderson said the opinion vindicates the hospital of all allegations made in the suit.

"Although plaintiffs disagree with the defendants as to adequacy of staffing and the non-rotation of medical students at the AIDS clinic, plaintiffs have not demonstrated an actual or threatened injury caused by the alleged staffing deficiencies," Sanders wrote.

He said plaintiffs and all other eligible patients now have access to appointments, AZT and Pentamidine at Parkland AIDS clinic. One plaintiff testified he could get an appointment at the clinic within an hour.

Waybourn agreed that Parkland has improved its treatment of AIDS victims.

Joblessness is hurting minorities

WASHINGTON (AP) — Most of the impact of unemployment and low-paying jobs is felt by minorities, including a substantial number of Hispanics, says Robert B. Gill, vice chairman of the board of J.C. Penney Company Inc.

Gill told Hispanic leaders and Senate Republicans that not enough has been done about the "economic inequality."

"Our view is that there are too many who just aren't sharing in the promise of America," Gill said.

Eliminating economic inequality is vital to maintaining a strong America, Gill said.

"That's economic freedom, and it's fundamental to our health and our country's health," Gill told the Senate Republican Conference's task force on Hispanic affairs at a luncheon Thursday.

Gill said some would argue that the "opportunity for economic equality is there for everyone to grasp."

But, he said, "the reality is that when you look at unemployment or low-paying jobs, most of the impact is felt by minorities, including a substantial number of Hispanics. To date, we simply have not done enough."

"If the economic pie was divided evenly and more people were able to participate in the economic mainstream, many of the other issues we are concerned about would simply vanish," Gill told Hispanic leaders from around the country, who gathered for a spring meeting on the Hispanic work force.

Gill said Penney has been committed to minority economic development for years, establishing a Hispanic marketing coordinator in 1982 and publishing the first Spanish language guide in retailing — a guide to the J.C. Penney catalog — in 1979.

In 1988, Gill said, the company placed orders for more than \$263 million in goods and services from minority suppliers.

The company deals with more than 1,500 minority firms and the number increases yearly, he said.

Dear Abby

Woman Fears Younger Man's Love May Fail Test of Time

By Abigail Van Buren

© Universal Press Syndicate

DEAR ABBY: (I can't believe I've actually written those words.) I'm a 36-year-old divorced woman — no children by choice. I won't bore you with the story of my failed marriage. I just want you to know I was in love with "Gary" when I married him and tried my best to make our marriage work, but he never was a one-woman man and I couldn't change him. End of story.

I've been single for nearly two years and can honestly say I was not looking for another marriage because I have a flourishing little business of my own and enjoy my independence. Well, you guessed it. I met a man five months ago, and I am walking on air! So what's my problem? Abby, he's 26 years old. He has everything I have ever wanted in a man and he's talking marriage.

Am I crazy? Will it work? I'm not worried about what people will say, but I'm wondering what will happen when he's 46 and I'm 56. Or when he's 56 and I'm 66? What do you think?

WALKING ON AIR

DEAR WALKING: Run — do not walk — to wherever Pocket Books paperback are sold and buy "Loving a Younger Man" by Victoria Houston, who did just that (second time around). And if you don't think it's worth \$4.50, I'll send your money back.

DEAR ABBY: Another holiday has passed and my children again overdosed on sugar. Why does everyone think they have to give candy to children on every holiday? I suppose it's considered a treat, when actually it is torture to the children's parents. We know that too much sugar is bad for children's teeth as well as their bodies, yet adults continue to reward children with candy, cookies, etc.

There are many other things we can give children. Let's cut the sugar and get more creative.

GLUCOSE MAMA IN WEBSTER GROVES, MO.

DEAR MAMA: I agree, there are far better gifts for children. For example, books — to nourish

and expand their minds, instead of their behinds.

DEAR ABBY: I loved the letter from the English clergyman who had had enough hugging from strangers. I am also from England and joined a church here in California when I emigrated. Some years ago, we had a minister who advocated hugging all and sundry when we entered the church on Sunday morning.

I also felt it bespoke false intimacy and kept out of it as much as possible, for which I was severely criticized by some. (I was English, therefore "cold.") The minister left our church, and shortly after, left his wife and four children for a member of his new congregation — so obviously someone whose hugging must have gotten out of hand.

It is nice to be greeted warmly by one's friends and associates, but for the others, a more moderate approach will do. In fact, somewhere between kissing and hugging, and shooting!

LEILA IN GRANADA HILLS

DEAR ABBY: My fiance recently became an ensign in the U.S. Navy. We are planning to marry soon and he wants to wear his uniform instead of a regular tuxedo. It's going to be a formal church wedding. None of the males in the wedding party are in the military, so my fiance will be the only one in uniform.

Do you think it will look tacky if the groom is the only one in a uniform? Please hurry your answer.

TERRI IN QUINCY, MASS.

DEAR TERRI: Tacky? Absolutely not. A uniform is considered appropriate attire for any formal occasion. Good luck and anchors aweigh!

Is your social life in a slump? Get Abby's booklet, "How to Be Popular" — for people of all ages. To order, send your name and address, plus check or money order for \$2.89 (\$3.39 in Canada) to: Dear Abby, Popularity Booklet, P.O. Box 447, Mount Morris, Ill. 61054. (Postage is included.)

Firm lobbies for change in state law

AUSTIN (AP) — An aggressive lobbying effort is being made by a publishing company headed by Fort Worth billionaire Robert Bass to change Texas textbook laws to help the company win a contract that could be worth \$100 million nationwide.

A proposal being pushed by by Bass and Merrill Publishing Co. would delay indefinitely the distribution of new science books to elementary school students in Texas to allow Merrill time to compete for the multimillion-dollar contract on the science books.

Rep. Bill Hammond, R-Dallas, criticized the proposal Thursday, saying school children would be forced to use outdated science books for several years if the legislation is approved.

"This is rank, special-interest legislation of the worst kind," he said.

A spokesman for Merrill in Westerville, Ohio, did not return phone calls from the Dallas Morning News Thursday. Austin lobbyists for Bass and the publishing company also were unavailable for comment.

Merrill is controlled by the Robert Bass Group and Bass Brothers Enterprises Inc.

Child dies after attack by family's pit bull terrier

CLUTE, Texas (AP) — A 3-year-old child has died of injuries he suffered when he was mauled by a pit bull terrier owned by his grandparents, authorities said.

Dustin Webb, son of Steve and Debbie Webb, died Thursday at John Sealy Hospital in nearby Galveston, a day after he was attacked by the dog as he played in the backyard of his grandparents' home, officials said.

Clute Police Chief Mark Wicker said the boy was playing in the back yard while his grandmother, Geraldine Webb, was in the house.

A neighbor quoted the child's grandmother as saying the boy had been chasing insects around the back yard and that his quick movements and shouts may have led to the attack.

The child was pulled from the dog's jaws only after his grandmother and a neighbor fought off

the dog, Wicker said.

The dog finally released its grip on Dustin after being struck by Michael Gonzalez, a neighbor of the Webbs' who jumped over a fence to try to rescue the child.

"I grabbed a piece of board and tried to hit the dog," said Gonzalez, a Lake Jackson city employee. "It was hard to hit it without hitting the woman. I finally got it on the tail bone, and the dog let go."

"I hit him in the head. He staggered back and just looked at us," he said.

Authorities were holding the dog, but no decision has been made about what to do about it, Wicker said.

The fatal attack was at least the third by pit bulls in the Houston area in the past five years, authorities said.

Still anti-drugs

PASADENA, Calif. (AP) — Former first lady Nancy Reagan says her address may have changed but she's still a committed anti-drug crusader.

More than 25,000 children joined Mrs. Reagan at Thursday's fourth annual "Just Say No" rally at the Rose Bowl.

"I understand this rally has tripled in size in four years, and that's great because it means many of you are spreading the word of 'Just Say No' to drugs," said Mrs. Reagan.

tract that would normally fail. Today's declarer received a helpful double, but he failed to take advantage of it.

In four spades doubled, South discarded a losing club on the second heart. He then ruffed the third round of hearts. He expected West to hold long spades for his penalty double, but he also hoped that West had started with only three hearts. So he played four rounds of spades and then started running diamonds. Too bad. On the third diamond, West ruffed. Then, because West had unlocked the queen of hearts on the third round of that suit, he was able to play a low heart to East. Unfortunately East had not been alert to the fact that West was getting ahead of declarer in trump length and had carelessly discarded one of his hearts. So the contract was set only one trick.

If declarer recognizes that the only justification for West's double is a trump stack, he will make the contract. After ruffing the third heart low, he should play a low spade to dummy's queen. Then, leaving the nine of spades in dummy, he starts running the diamonds. West can ruff the third diamond, but now the spade nine in dummy protects against the play of another heart. Declarer will take 10 tricks, and West will regret alerting declarer to the need for very careful play.

Educators want document modified

NEW YORK (AP) — Catholic educators say they are pleased at the Vatican's readiness to modify

a proposed document on Catholic colleges and universities that had drawn much American criticism. Its initial draft in 1985 had aroused keen objections from U.S. Catholic educators as projecting a degree of ecclesiastical control over colleges that would not be acceptable on the American academic scene.

Soviet Union 'spiritual,' Graham says

SYRACUSE, N.Y. (AP) — Evangelist Billy Graham, talking with Syracuse University students as part of his Central New York Crusade, said of the spiritual state of the Soviet Union, where he has preached: "I believe it is one of the most religious countries in the world. They've just not been allowed to express this religion in years past. I think we're going to see something good come out of what is happening now, if people don't push too fast."

That draft was revised, but educators at their April 18-25 meeting with Vatican officials called for further major revisions, and the commission was set up to guide the process.

Americans on the commission are the Rev. Joseph A. O'Hare, president of Fordham University; the Rev. Edward A. Malloy, president of the University of Notre Dame; and Sister Sally Furay, provost of the University of San Diego.

Surgeon General C. E. Koop plans to retire this summer

WASHINGTON (AP) — His critics pictured Surgeon General C. Everett Koop as a national kook when he arrived in Washington. Now, as he prepares to leave, he has a reputation as a national scold.

For seven years, Koop, the stern family doctor with an Amish farmer's beard, wagged a finger and preached good health practices in direct language that made people squirm.

He came to office under suspicion from liberals for his impassioned anti-abortion views, for calling women "girls" and for telling graduating high school seniors that motherhood completed the "whole vocation" of being a woman.

By the time he announced on Thursday that he will retire this summer, he had pacified liberals and gained a fresh set of critics among conservatives.

Urvashi Vaid, a spokesman for the National Gay and Lesbian Task Force, said Koop helped educate the country by having "carved out a moderate, consensus position on AIDS."

But Koop's views antagonized such conservative activists as Phyllis Schlafly and March for Life leader Nellie Gray.

Mrs. Schlafly recoiled from Koop's if-you-must-have-sex, use-condoms views on AIDS and concluded that Koop had become indifferent to promiscuity.

Liberal Rep. Henry A. Waxman, D-Calif., chairman of the House subcommittee on health end the environment, said he had been dead wrong in 1981 when he said, "Dr. Koop scares me. He is a man of tremendous intolerance."

"One of the great surprises of

the last eight years is how wrong I was," Waxman said Thursday. "If they could find a clone of Koop, they ought to appoint him (as successor)."

And Sen. Edward M. Kennedy, D-Mass., a leader in the liberals' unsuccessful nine-month fight to block Koop's confirmation, said Koop had turned out to be "perhaps the best surgeon general ever."

The office gives its occupant

the right to wear a uniform as head of the 7,200-member commissioned corps of the Public Health Services, but not much statutory authority. An ability to persuade is the chief source of his power.

At that, the 72-year-old Koop — with a square-shouldered presence and the voice of a prophet — excelled. He was frequently on television talk shows.

1st graders sign contracts to finish high school

CORPUS CHRISTI, Texas (AP) — Seventy-one sixth-graders pledged in written "contracts" to finish high school in return for \$100 that each will receive at the end of the 12th grade.

Community and business leaders each are donating the \$100 that each first-grade student at the Crossley Special Emphasis School will receive upon graduation from high school.

Ten children were sponsored by the law firm of Allison and Huerta because the firm wanted to get involved in community affairs, said attorney Albert Huerta.

Huerta said it is time people "quit waiting for Big Brother in Washington to help us."

Lawyers Tony Bonilla and Mary Helen Berlanga, who is a

member of the State Board of Education, came up with the idea for contractual agreements, in an effort to stem a high dropout rate.

"While these 6-year-old youngsters may not fully comprehend today's events, their parents do," said Bonilla, chairman-elect of Corpus Christi's chamber of commerce. "We are hopeful that their parents ... will be inspired to work with their youngsters, knowing the community cares about their children."

DR. GOTT

By Peter H. Gott, M.D.

DEAR DR. GOTT: In June 1987, the teaching staff at the University of San Francisco determined that I had TB of the eyes. I still see spots and markings, but I was declared cured after taking 300 milligrams of Isoniazid for over a year. Now my family doctor and two others say they have never heard of TB of the eyes. Will the spots ever go away?

DEAR READER: Tuberculosis (TB) is a bacterial infection that can affect many organs, especially the lungs. On occasion, TB bacteria are carried by the blood stream to distant sites, such as the brain or kidneys, where they cause focal areas of infection called tubercles.

Although TB of the eye is an extremely rare occurrence, in theory it is a possible consequence of TB bacteria carried to eye tissues. Such tubercles could cause visual disruption.

TB can now be successfully treated with a combination of modern drugs. Isoniazid, or INH, is such a drug; it is an inexpensive mainstay of tuberculosis therapy. INH is safe, but is associated with jaundice and allergic reactions in some patients. It is often combined with Rifampin and administered for several months.

Although medicine will usually eradicate TB germs in the body, scar tissue often forms as healing takes place. This is not a problem in most patients; however, if the eyes are involved, visual difficulties may persist. Like your unbelieving doctors, I have never seen ocular TB. Nonetheless, I bow to the judgment of the specialists in San Francisco, who first diagnosed your infection. I suggest that you check with these specialists about your continuing eye problems; perhaps they know of a way to improve your sight.

DEAR DR. GOTT: I have read in your column that sorbitol causes intestinal problems. But what about polysorbate, potassium sorbate, sorbic acid and ascorbic acid? Are these additives derived from sorbitol? I find that when I eat anything containing any of these additives, I get cramps, gas and diarrhea. Polysorbate is in ice cream, toppings, dry soups and salad dressings. Potassium sorbate is in most margarines. Sorbic acid is in pizza. Ascorbic acid is in dry cereal, hot dogs and cold meats. Help!

DEAR READER: Sorbitol is an inert (indigestible) sugar that is not absorbed into the body; it is used as an artificial sweetener. Some people are particularly bothered by gas after eating sorbitol-containing foods, because the indigestible substance reaches the colon where bacteria act on it to produce excessive gas. Not all people are susceptible to this reaction, however.

Conversely, some patients react not only to sorbitol but also to other, related products of the type you mention. Therefore, although your problem is uncommon, it can be an annoying affliction.

There is no cure. Treatment consists of avoiding food treated with sorbitol-related compounds.

Incidentally, ascorbic acid (vitamin C) is not really part of the sorbitol family; it usually does not cause intestinal distress. Dry cereal, hot dogs and cold meats contain other food additives that are more likely causes for your symptoms.

For more information, I am sending you a copy of my Health Report "Fads I - Vitamins and Minerals." Other readers who would like a copy should send \$1.25 with their name and address to P.O. Box 91369, Cleveland, OH 44101-3369. Be sure to mention the title.

Griffin will spend millions

NEW YORK (AP) — Entertainer Merv Griffin is taking his Hollywood know-how to his newly acquired properties on Paradise Island in the Bahamas.

Griffin plans to spend \$50 million just to bring in extra plants for three of his hotels.

In unveiling plans for the island, of which his Resorts International Inc. owns 80 percent, Griffin said Thursday that he "fell in love with Paradise Island the minute he saw it," but added, "it still didn't have the look I envisioned."

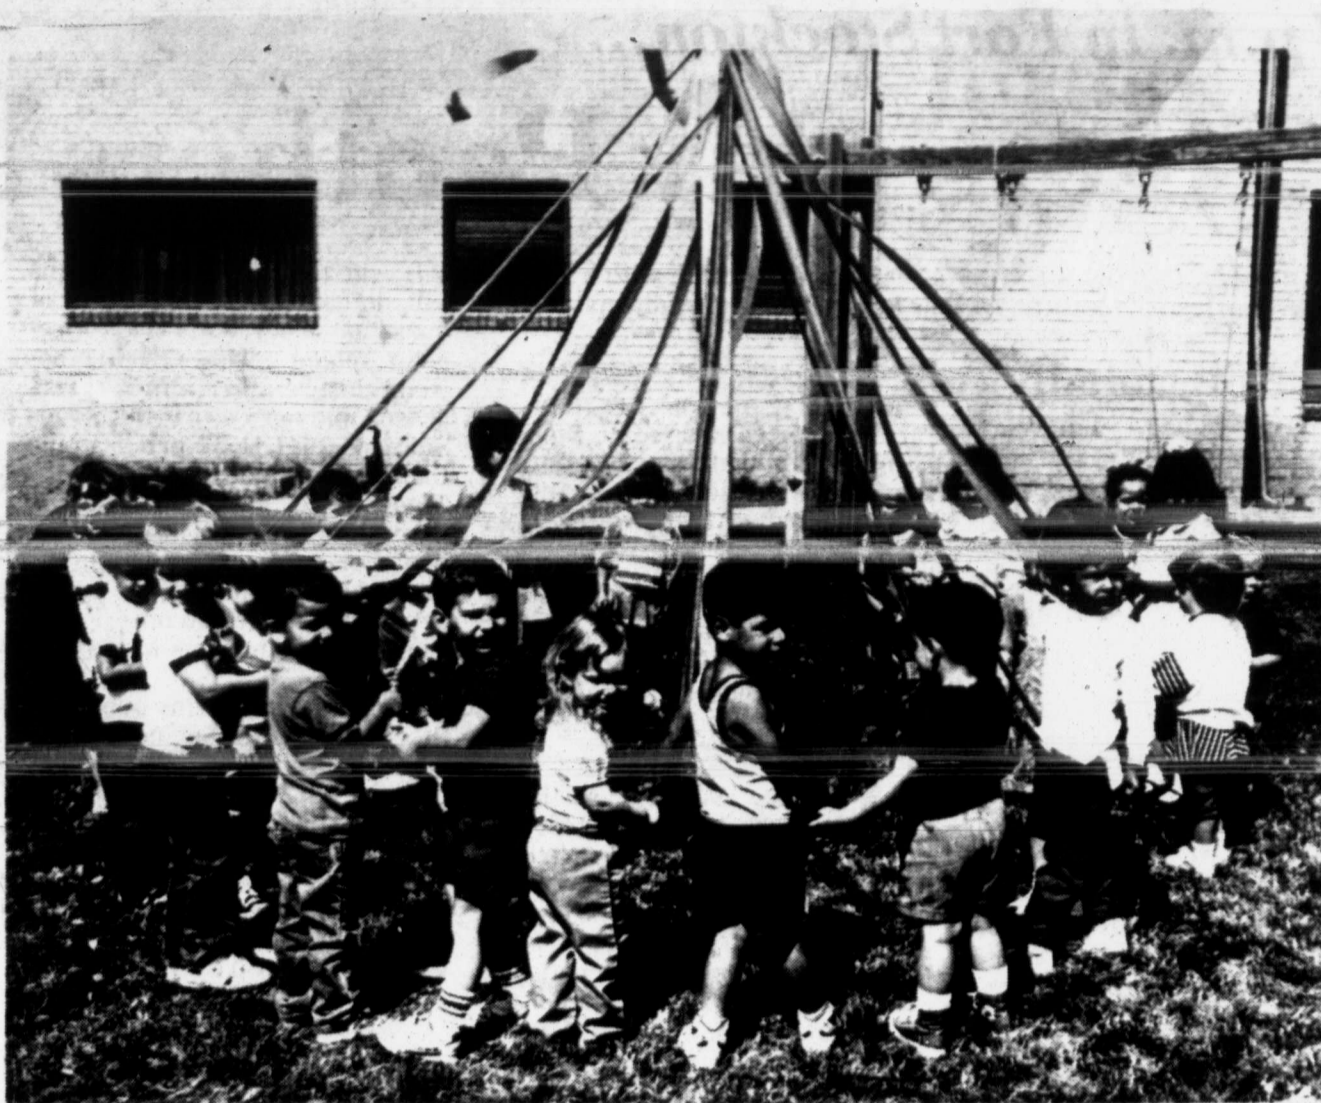

Griffin plans to fix that by enlisting the help of architect and designer Waldo Fernandez, who has helped decorate Griffin's homes as well as those of stars including Elizabeth Taylor, Goldie Hawn, Neil Simon and Sean Connery.

The career record for pass interceptions in the NFL is 81, set by Paul Krause, who picked off that many in his 16 seasons in the league.

Through 1988, the Zendejas family had been represented by four place-kickers at various times with various clubs in the NFL.

Senate votes to change the law for school attendance

AUSTIN (AP) — School reform legislation establishing strict guidelines for attendance has punished students too severely, says a sponsor of that legislation who won passage of a bill to make it less so.

Sen. Bill Haley, an architect of 1984 school reform, said legislation had addressed attendance in a "negative fashion" by disallowing credit for a class if a student had more than five unexcused absences in a semester.

A Haley bill, which cleared the Senate on voice vote Thursday, would amend the law to require that a student attend class for 80

days in an 86- or 89-day semester to receive credit. The bill makes no distinction between excused and unexcused absences.

School districts would be required to set up attendance committees that could grant credit to a student who attends school for fewer than 80 days because of extenuating circumstances.

Sen. Steve Carriker, D-Wichita Falls, complained that he could see a "much more complicated bureaucracy developing."

But Sen. Gonzalo Barrientos, sponsor of several bills to reduce the number of school dropouts, supported Haley's bill. Barrientos, D-Austin, said witnesses had testified that the unexcused absence rule had "caused students to drop out" because they had no incentive to return after receiving five absences.

Haley, D-Center, said, "For it to work, you've got to allow these kids a way back in, and this is that avenue."

Senators also voted Thursday to increase benefits for retired teachers, but rejected a proposal to attract industries to smaller communities, with the main complaint that the proposal fostered secrecy in government.

Sen. Kent Caperton, D-Bryan, sponsored the proposal that would allow teachers at 55, with 20 years service, to retire and receive 90 percent of full benefits. A teacher with 30 years service could retire at any age and receive 80 percent.

Caperton's bill also would raise the state's contribution to the teacher retirement system from 7.2 percent to 7.65 percent, with that rate remaining in place until August 1993.

The measure, which already had passed the House, was returned, 27-0, with amendments.

Sen. Bill Ratliff, R-Mount Pleasant, failed in his effort to bring up a bill he said would allow small cities to use a half-cent sales tax to create corporations to attract industry.

Caperton argued against the bill, saying it would "let entities

negotiate in private, behind closed doors, without any public knowledge about who they're talking to. It seems to me that the local citizenry ought to have the right to know what businesses might be coming into their communities."

Ratliff responded that "when an industry is looking for a place to go, and they're considering a number of places, these entities simply will not negotiate out in the newspaper — and that's just a fact of life."

He said once negotiations had been completed, "whether successful or not, everything that was done becomes public information."

Denial is issued

LONDON (AP) — Princess Anne's personal maid says she knows nothing about love letters that disappeared from the princess' briefcase and ended up at a newspaper office.

The disclosure that the queen's daughter had received personal letters from royal aide Timothy Laurence, a Royal Navy commander, renewed rumors of trouble in her 15-year marriage to former army captain Mark Phillips.

Miss Joyce, 30, told the week-

ly New Statesmen magazine on Thursday that she wanted to clear her name after some newspapers pointed to her as the principal suspect, reporting that she had a falling out with the princess.

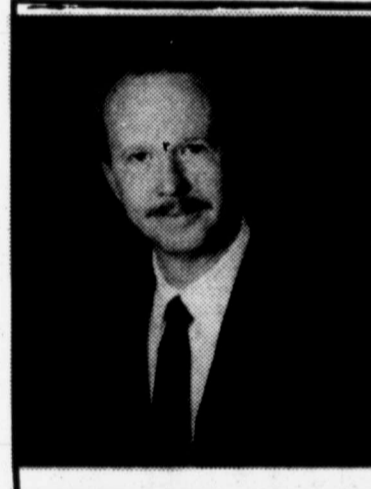

Miss Joyce said that anyone could have stolen the letters, especially since the briefcase has been around the world.

Miss Joyce said she had handed in her notice at the start of the year, long before the letters scandal.

LITTLE LEAGUE

White Sox 15, Yankees 2
Winning pitcher Curt Rinehart slammed a triple and a single and Nathan Zalman added a triple as the White Sox defeated the Yankees on Thursday.

Also hitting for the Sox, 2-1, were Ramsey Costillo, a double, and Matt Parker, a single.

Daniel Fish powered a home run and a single but took the loss for the Yankees, now 0-3. Others getting hits were Oliver Vasquez, a triple; and Tino Vasquez and Colt Carthel, one single each.

Braves 14, Cubs 13

The Braves got 12 hits in this contest, led by Jeremy Wells' triple and two doubles. Pete Garcia and winning pitcher Shae Sisson added a double and a single each.

Others getting hits for the Braves, 2-1, were Kevin Lacik, a double; Cecil Garcia, two singles; and Wayne Braziel and Joey Sanchez, one single apiece.

For the Cubs, also 2-1, Damian Medrano and Brock Gard punched a double and two singles each. Jeremy Perkins also hit a double while Tommy Torres hit two singles and pitcher Page Patterson offered one single.

FARM LEAGUE

Cubs 18, Braves 17

The Cubs were credited with 14 hits, including a home run from Paul O'Connor and a triple, double and single from Nathan Williams. Also hitting for the winners were David Yantz, two doubles and a single; John Purcell and Clark Church, two singles each; and Troy Allen, Robert Ninn and Amos Castillo, one single apiece.

Getting hits for the Braves were Jimmy Digby, a home run and a single; Chad Stewart, a double and a single; Tommy Fisk, two singles; and Seth Crawford, Wesley Neely, Josh Holder, Lindsay Gordy, Joe Smith, Zane Neely and Curtis Callaway, one single apiece.

8-9 YEAR OLD LEAGUE

7 p.m. in Fort Stockton...

Tigers play Panthers tonight

FORT STOCKTON - Snyder's Tigers can grab no less than a tie

for a playoff berth with a victory here tonight against Fort Stockton.

will win tonight and Monahans will defeat Big Spring - one of three teams currently tied for second place. Those outcomes would insure a berth in the post-season playoffs since both Fort Stockton and Big Spring would then be two games behind the Tigers with just one game to play. Snyder might still need a win over Big Spring to claim the district title outright, however, depending on the outcome of next Tuesday's Andrews-Monahans ballgame.

Of course, with wins over Fort Stockton and Big Spring, Snyder can capture the 4-4A crown, no matter what any other team does.

"I think we've got a good chance to beat Fort Stockton. Both Kevin Dollins and Lee Fletcher are rested and we had a real good workout yesterday (Thursday)," said Lewis. Dollins will get the start. He

goes into the game with a 5-1 season record, 4-1 in district play. He has a season ERA of 2.80. Lewis has juggled the batting order somewhat for tonight's contest.

Leading off will be third baseman Randy Morris, followed by catcher Tracy Odom, center fielder Tommy Lane and designated hitter John Wright, who will bat for Dollins. Next will be short stop Bert Otto, followed by left fielder Mark Kuss, first baseman Toby Goodwin, right fielder Bert Merritt and second baseman Jason West.

Morris leads the Tigers in hitting with a .556 average in district play. Other top district averages have Odom at .460, Lane at .387, Kuss at .375, Wright at .357 and Otto at .333.

Snyder is 17-7 for the season. Fort Stockton, tied with Big Spring and Andrews at 8-4 in district, is 12-8 overall.

Monahans	6	6	12	9	0	0
Sweetwater	1	11	4	15	0	0
Lake View	1	11	3	17	1	0

Tuesday's Results: Snyder 9, Sweetwater 5; Monahans 11, Fort Stockton 7; Andrews 4, Pecos 0; Big Spring 15, Lake View 6.

Friday's Games: Snyder at Fort Stockton, Big Spring at Monahans, Andrews at SA Lake View.

Saturday's Game: Sweetwater at Pecos. Next Tuesday's Games: Snyder at Big Spring, Fort Stockton at Pecos, Andrews at Monahans, Lake View at Sweetwater.

First pitch in the District 4-4A baseball game is set for 7 p.m.

In other games today, Big Spring is at Monahans and Andrews plays Lake View in San Angelo. On Saturday, Sweetwater treks to Pecos.

"I think we'd be in pretty good shape if we can win," said Coach Albert Lewis, whose Tigers are on top of the district standings with a 9-3 record. "We would at least be assured of having some kind of playoff."

A victory wouldn't assure a berth in the state playoffs yet because if the Tigers lost to Big Spring on Tuesday, the district could still wind up in a three-way tie - or worse. But it would mean the Tigers would get a chance to playoff for the playoffs, at least. Local hopes are that Snyder

Rangers fall to Yankees...

Brewers burn Viola, Twins

by The Associated Press
Frank Viola is still winless and it's driving him speechless.

"I've got so many things bound up to say but I'm speechless," Viola said after going 0-5 as the Minnesota Twins lost to the Milwaukee Brewers 3-2 Thursday night despite his complete-game eight-inning.

"I thought I threw better than I have all year. The breaks just aren't going our way. It's not just me, it's the whole team."

While the Twins were suffering their 11th loss in 12 games and falling into the American League West Division cellar, in other AL games it was Cleveland 3, Kansas City 1 as John Farrell came within three outs of a no-hitter; New York 11, Texas 7; California

3, Toronto 2, and Chicago 5, Boston 4.

Viola, the 1988 Cy Young Award winner when he was 24-7 with a 2.64 earned run average, actually lowered his ERA to 4.84. The last time Viola went this far without a victory was 1983, his first full season in the majors when he didn't win until May 18, making him 1-2 en route to a 7-15 record.

The Brewers parlayed an infield hit, a stolen base, a broken-bat single and Joey Meyer's RBI grounder into a 1-0 lead in the fourth inning. RBI singles by Gary Sheffield and Robin Yount made it 3-0 in the fifth.

Winner Don August allowed one run and six hits in seven innings. Chuck Crim retired the only

batter he faced and Dan Plesac took over for his fifth save although he yielded a home run to Brian Harper with two out in the ninth.

The Twins gave it a shot for Viola in the ninth. Following Harper's homer, Carmen Castillo doubled, but Plesac speared Dan Gladden's line drive to end the game.

Yankees 11, Rangers 7

Two-run singles by Rickey Henderson and Don Mattingly highlighted light-hitting New York's largest outburst of the year, a five-run third inning. Winner Dave LaPoint gave up three homers and all seven Texas runs in 5 1-3 innings. Dale Mohorcic and Dave Righetti closed it out.

The Yankees chased Charlie Hough with four runs in the first inning, including Ken Phelps' RBI double and RBI singles by Wayne Tolleson and Alvaro Espinoza.

The Yankees scored five runs in the third off Brad Arnsberg. New York's Steve Balboni and Texas' Pete Incaviglia, Rafael Palmeiro and Julio Franco hit solo homers.

Indians 3, Royals 1

Farrell held the Royals hitless until the ninth. Willie Wilson started the ninth with a grounder that skipped over first baseman Pete O'Brien's glove for a two-base error and Kevin Seitzer broke up the no-hit bid with a fly ball that dropped inside the right-field line for a single, Kansas City's only hit. Wilson scored when Doug Jones got Jim Eisenreich to hit into a double play.

Farrell was making his fourth start after beginning the year on the disabled list because of tendinitis in his right elbow. Loser Bret Saberhagen allowed three runs on five hits.

Cleveland broke a scoreless tie with three runs in the bottom of the eighth on a two-out RBI single by Jerry Browne and a two-run homer by Joe Carter.

Angels 3, Blue Jays 2

Lance Parrish led off the 10th inning with a double and eventually scored the winning run on Dante Bichette's sacrifice fly.

Brian Harvey got the win in relief.

Cardinals rip Los Angeles;

Astros defeat Montreal, 5-4

by The Associated Press
On the bright side for Los Angeles, Mickey Hatcher pitched a hitless ninth inning against St. Louis.

By that time, however, most of the Dodgers weren't looking.

Why? The Cardinals piled up 21 hits en route to a 12-0 victory Thursday night over Fernando

Valenzuela. Hatcher, who does just about everything for Los Angeles, was called on to mop up the mess.

He walked three, hit a batter and balked. But he didn't allow a hit.

"I waited 10 years for this," Hatcher said. "I had a spitter ready to go, but I forgot where I put the lubricant. They were squeezing my strike zone. It was one of the biggest thrills in my life."

Valenzuela, trying to recover from a sore shoulder last season, allowed six runs in 1 2-3 innings in his worst outing of the season.

Ken Hill pitched a three-hitter for his first major-league shutout and Tom Brunansky and Pedro Guerrero drove in two runs each.

Milt Thompson sparked a five-run second inning with a two-run homer and Tony Pena paced the Cardinals' attack with four singles.

Elsewhere in the National League it was San Francisco 6, Pittsburgh 3; Chicago 4, San Diego 0; New York 3, Cincinnati 2

in 10 innings; Atlanta 3, Philadelphia 0, and Houston 5, Montreal 4 in 10 innings.

Astros 5, Expos 4

Bill Doran hit a home run with one out in the 10th inning to lift Houston over Montreal.

Reliever Joe Hesketh, 3-1, struck out Rafael Ramirez to start the 10th, but Doran hit a 3-2 pitch into the left-field seats.

Danny Darwin, 3-1, who pitched a scoreless ninth, got the victory and Dave Smith retired the side in the 10th for his fifth save.

Giants 6, Pirates 3

Kevin Mitchell hit his major league-leading 10th home run of the season, leading San Francisco past Pittsburgh at Candlestick Park.

Mitchell, who also leads the majors with 32 runs batted in, hit a two-run homer in the third inning off Randy Kramer, 0-1, to snap a 1-1 tie.

Mike Krukow, 1-0, pitched the first five innings for his first victory since last Aug. 18. He allowed home runs to Bobby Bonilla and Glenn Wilson.

Doty selects six-man team...

Western Texas set for CNFR

Coach Bob Doty has selected the six young men who will serve as Western Texas College's team at the College National Finals Rodeo, set for June 12-17 in Bozeman, Mont.

Competing for Western will be Ray Brown, Clyde Himes, Denny McLanahan, Michael Gaffney, Kenny Taton and Jim Blain Kenney. Russell Merchant will also make the trip as runner-up in the steer wrestling for the Southwest Region and Bryan Davis will go as a team roping partner for Kenney.

Western qualified for its ninth consecutive trip to the national

finals by winning runner-up honors in the region. First and second place teams and individuals from the region qualify for the prestigious event.

It will be the second straight trip for Brown, Himes, McLanahan and Gaffney, although Gaffney, like Merchant this time around, was not a designated team member on the 1988 squad. The Cloudercroft, N.M. sophomore qualified last season as runner-up in the bull riding. He is also the region's runner-up this season.

Brown will compete in the steer wrestling and calf roping - events

in which he placed third in the region during the past season. The North Platte, Neb. cowboy was third in the average of the calf roping at the CNFR last season. Himes, a sophomore from Beulah, Colo., will also compete in the steer wrestling and calf roping. He had a tough time at last year's national finals and did not qualify for the short-go.

McLanahan will compete in the bareback and bull riding. The sophomore from Canadian placed fourth in final regional standings in the bareback and sixth in the bull riding. He competed only in the bareback at the CNFR last season. He scored a solid 69 in the first-go but failed to mark his horse out in the second-go and did not make the finals.

Gaffney will compete in the bull riding, where he won the second-go at nationals last season with a 78 and finished fifth in the average after taking a no-score in the finals.

Taton and Kenney are also sophomores. Taton, who tied for first in the average of the saddle bronc at the last regular season rodeo in Stephenville, finished fourth in the regional standings. He is from Marcus, S.D.

Kenney, an honors student from Pecos, will compete in the saddle bronc event and the team roping. He placed sixth in the bronc standings at the end of the season.

A strong student as well as a top hand for the Westerners, Kenney was selected as the Male Student of the Year at WTC. Roping with Kenney will be Davis, a

Jordan, Chicago can erase ailing Cavaliers with a win

by The Associated Press
Michael Jordan is hurting the Cleveland Cavaliers as much as Mark Price and Craig Ehlo are hurting.

Jordan, the NBA's leading scorer the last three seasons, had 44 points as the Bulls took a 2-1 lead in their best-of-5 series with Cleveland. But Jordan does that to everybody.

Perhaps more damaging for the Cavaliers, who will be eliminated from the playoffs with a loss at Chicago tonight, are the injuries to Price and Ehlo. Price, Cleveland's star guard and catalyst, is limited by a strained groin that has bothered him for two weeks. Ehlo has a sprained ankle.

Price sat with his leg wrapped in ice after shooting 1-12 Wednesday night.

"It was worse tonight than on Sunday," he said. "It wouldn't get loose for me and I couldn't do anything quick."

Without Price and Ehlo, the Cavaliers - whose 57-25 record was tied for second-best in the league - haven't been able to do much of anything in the backcourt. Ron Harper has been overburdened.

"When you have an injured Mark Price and Craig Ehlo, it's not the same team," Bulls coach Doug Collins said.

The Bulls are the same team that lost six straight to Cleveland during the regular season. But they are one victory away from advancing to play the New York

Knicks. In other games tonight, Seattle and Milwaukee can move on by winning. The SuperSonics lead Houston 2-1 and the Bucks are ahead of Atlanta 2-1.

Already into the second round are New York, Detroit, Golden State, Phoenix and the two-time champion Los Angeles Lakers.

Jordan has taken advantage of Cleveland's misfortune - he has 105 points and 31 assists in the series.

"Obviously, it's very important to have Michael Jordan do his thing," Collins said.

Houston raised its game a level once it got home after two losses at Seattle.

"I think the most important thing is we learned a lot in the first two games and we applied the knowledge Wednesday

night," said Rockets reserve Tim McCormick, who suffered a broken nose in Game 3.

The Rockets were sparked by Sleepy Floyd with 28 points. Akeem Olatuwon had his usual strong game with 19 points and 18 rebounds.

"Sleepy was the man, Olatuwon said. "He opened things up, pushing the ball down the floor and making the right plays."

Milwaukee made enough right plays in overtime of Game 3 to push Atlanta to the brink of elimination.

Ricky Pierce, getting extra playing time with Paul Pressey sidelined, and Fred Roberts have been key performers for the Bucks, who have reversed a late-season slump. Milwaukee lost 14 of its last 23 games.

White will get chance to try for roster spot

IRVING, Texas (AP) - Veteran quarterback Danny White says he is pleased to get a chance to compete for a roster spot with the Dallas Cowboys for next season.

White emerged from a meeting with owner Jerry Jones and coach Jimmy Johnson Thursday with a chance to compete for a roster spot with no guarantees.

He said he expects to sign a contract before the start of a voluntary quarterback school May 15. White, a free agent, is expected to make far less than the \$605,000 he made during the final year of his contract.

Earlier the Cowboys had declined to pick up the option year of his contract, leading to speculation that he was going to join so many other people from the Tom Landry-Tex Schramm era and be looking for a new job.

The 14-year veteran said he approached the meeting with nervous caution.

"I went in with an open mind," he said. "But actually I was pretty confident about coming back. I've planned on being a Cowboy next year all along."

"I would call it a positive meeting," White said. "I'm going to get the chance to win a spot on the team, even the starting job. And that's all any player can realistically ask for."

"It's not a sure thing I'll be on the roster come August, but I'm going to do everything I can to make it happen," White said.

"We'd like to have Danny give us his best shot," Jones said. "He's been a great performer and competitor through the years. You can never have too

many players like Danny White on your team."

"We didn't guarantee him a spot on the roster, but we'd like to see him come in here and compete at his best," the new owner said.

Easy Goer will break from No. 14 position

LOUISVILLE, Ky. (AP) - Now, Shug McGaughey can restart his heart and take a few easy breaths before Saturday. Easy Goer is the Kentucky Derby's first odds-on favorite in this decade, and the main horse is in the main gate.

Easy Goer will break from the 14th of 16 post positions Saturday, taking what many believe will be the first step on a Triple Crown road last traveled in 1978 by Affirmed.

"Somebody said they heard my heart pounding through my shirt when they drew the first, 15th and 16th post positions," McGaughey, Easy Goer's trainer, said. "I took a deep breath and relaxed a lot."

The main gate holds 14 starters. The 15th and 16th starters, 50-1 outsiders Wind

Splitter and Northern Wolf, will break from an auxiliary gate set up at the end of the main gate.

While there may be concern about the auxiliary gate opening, it's never failed in the Derby. The most obvious disadvantage is that because the auxiliary gate doesn't fit tightly against the main gate, the 15 and 16 starters are forced even farther outside.

"If I'd have picked, it wouldn't be 14," McGaughey said. "But what I really didn't want was number one or the auxiliary gate."

Easy Goer, who has won all three starts this year with ease, was a 3-5 early favorite, coupled in betting with stablemate Awe Inspiring.

North to fight charges 'as long as it takes'

WASHINGTON (AP) — Blasting prosecutors and vowing to "fight hard, for as long as it takes," Oliver North says his conviction on three felonies in the Iran-Contra affair will eventually be overturned.

The first person to go on trial in the scandal that rocked the last two years of the Reagan administration, North lost his \$22,100-a-year Marine pension as soon as the jury delivered its verdict Thursday.

Ex-President Reagan, who successfully resisted a defense subpoena to testify at the trial, declined to comment after the man he once called a national hero was found guilty.

North was acquitted of nine of the 12 criminal charges against him and prosecutor John Kecker appeared less than satisfied with the decision.

Still, Kecker said, "Colonel North has been convicted of three very serious charges. The jury has spoken." North called it "a partial vindication."

North, to be sentenced June 23 by U.S. District Judge Gerhard A. Gesell, faces a maximum of 10 years in prison and \$750,000 in fines. As a first-time offender with an exemplary 20-year military career, North almost certainly will get penalties far less severe than that. Court ap-

peals could take years.

The National Security Council's former "action officer" on Central America counterattacked less than two hours after walking out of the federal courthouse. He defiantly criticized the cost of pursuing him through the legal system and suggested the prosecution had overstepped the bounds of fairness.

"After more than two and a half years and over \$40 million of our taxpayers' money spent on investigations, congressional inquiries and now a special prosecutor who has likened me to Adolf Hitler, we now face many months and perhaps years of fighting the remaining charges," North said, reading from a statement.

"As a Marine, I was taught to fight and fight hard, for as long as it takes to prevail," he added. "We will continue this battle and with the support and prayers of the American people, we will be fully vindicated."

In closing arguments last month, Kecker said North and his former boss, national security adviser Robert McFarlane, "are following Adolf Hitler's old strategy: The victor will never be asked if he told the truth."

North got an endorsement of sorts from one of the jurors, 65-year-old Earl Williams, who

served in Patton's 3rd Army in World War II.

"He made some mistakes, you know, but I don't think he should go to jail for it ... a hero like he was," Williams told CBS News following deliberations that totaled 64 hours over 12 days.

North won't get his military pension back unless his conviction for altering and shredding sensitive NSC documents is overturned on appeal.

"Once the conviction goes into

effect, whatever time that is, he loses his retired pay," said Pentagon spokeswoman Linda Dumoulin. The conviction is legally effective as soon as the secretary of the Navy is formally notified and the paperwork completed.

For North, intensely proud of his Marine career, the pain of that punishment is likely to be more in its symbolism than its financial cost. Conservative groups have been willing to pay

him as much as \$20,000 in speaking fees for a single appearance.

North was found innocent of charges that focused on lying and obstructing Congress in 1985 and 1986 by denying he was assisting the Contras. At the time his superiors had passed along an order from Reagan to see to the needs of the rebels, and to do so secretly during a congressional ban on military aid, according to trial testimony.

But North was found guilty of

aiding and abetting an obstruction of Congress as well as shredding and altering documents in November 1986, crimes that occurred after the Iran arms sales had been publicly disclosed. North also was found guilty of accepting a \$13,800 home security system in mid-1986 from Iran-Contra co-defendant Richard Secord, whom North had enlisted to run arms to the Contras.

House tentatively approves new bill that will abolish common law marriage

AUSTIN (AP) — Although one opponent dubbed it "the yuppie-shacking-up insurance bill," a measure abolishing common law marriage won preliminary House approval.

The bill, tentatively passed Thursday with a 72-61 vote, requires another House vote to be sent to the Senate. It would affect people living together before Jan. 1, 1990.

Rep. Patricia Hill, sponsor of the bill, said 1 million unmarried couples live together in Texas. "I dare say most of them —

certainly not all of them — do not want to be married and they do not intend to be married," said Ms. Hill, R-Dallas.

"And I don't think Texas ... should be a big brother, trying to impose marriage on people who don't want it, never intended it and would probably be shocked to find out that was the situation," she said.

Ms. Hill, an attorney, said only 12 other states still recognized common law marriages.

Rep. Ron Wilson opposed the measure, calling it anti-family

and saying it would harm women and children.

"The only folks that have a problem with common law marriages are some of these yuppies ... who are deciding — after they go and hold themselves out to get their new condominiums as being married — that the law does in fact presume them to be married," said Wilson, D-Houston.

Ms. Hill told of a case in which a woman, who had lived with a man only three days before he died in an air crash, was awarded the man's estate under Texas'

common law marriage statute. She said even if couples keep separate bank accounts and keep property separate that a court could declare them married under common law if they live together for any period of time.

For a common law marriage, state law requires couples to agree to consider themselves married, hold themselves out as married and live together.

House Speaker Gib Lewis, who did not vote on the bill, said he would have voted against it.

Church to hold its last service

and pastors. The following information was compiled from church records. Church officials note they are incomplete because of a fire which destroyed the parsonage in 1917 or 1918.

Dunn Methodist Church had its beginning as a Union church circa 1894. The first services were held in a little school house that served the entire community.

In those days, the Rev. Bill Harris came from Snyder to Dunn to hold revival meetings under a brush arbor. This early church activity started below Dunn on the Big Sulphur Creek. Later Rev. Banks was an early preacher to serve the church.

A church building was later erected beside the old arbor.

The following facts were excerpted from the church's record book:

—The first marriage recorded was Olliver Reeves and Minnie Lee Ragsdale, who were married on Dec. 21, 1919 by J.R. Plant.

—The last marriage performed was Ricky Billingsley and Brenda Ann Bigham on May 28, 1971.

—The first baby recorded on August 7, 1921 was Laura M. Murphy, child of Hoyt and Alleth Murphy.

—The last baby baptized was Joseph Seth Crawford on March 2, 1960.

—The last person received on Certificate of Transfer was Mrs. Johnny (Betty Jo) Richardson on April 4, 1971. Frank Tarr was the pastor.

—The last person received by Some 41 pastors, including Profession of Faith was Clifford Rev. Merrell have served the church. Carl Fargason on July 17, 1966. Jesse Dea was the pastor.

LAST SERVICE—A final service at Dunn United Methodist Church is slated for this Sunday at 10:30 a.m. Declining membership is forcing the church to close, thereby ending a tradition which dates back some 95 years when Methodism first came to Dunn. This church building was built and dedicated in 1928. (SDN Staff Photo)

State's jobless rate up sharply

DALLAS (AP) — Texas' unemployment rate skyrocketed to 7.4 percent last month, but federal labor officials today said the April increase and the previous month's decline were likely overstated. Joblessness had fallen in March to 6.0 percent, its lowest point in more than four years.

"We went too low in March and came back too high in April," said Nic Santangelo, an analyst with the U.S. Bureau of Labor Statistics. He cited sampling errors and seasonal adjustments for the volatility in the recent figures.

Hospital revises TDC care bidding

Continued From Page 1

He said the state agency would pay almost \$100,000 per month after each month of service. The proposal approved Thursday does not include emergency room services or "acute in-patient care" to TDC inmates. Pending final approval from TDC, the agreement is to take effect on July 1.

The contract provides the equivalent of 20 full-time health care professionals for the prison.

At the unit, there will be two registered nurses, approximately four licensed vocational nurses, three medical records people, a half-time X-ray laboratory technician, two medication aides, a half-time dental assistant, three clerks, a property inventory clerk, a half-time dental hygienist and a full-time and a part-time nursing assistant.

At the TDC wing of the hospital, there will be R.N.s equaling 2.8 staffers; L.V.N.s equaling 4.2 staffers; and ward clerks equaling 1.4 staffers.

A physician from the Cogdell staff will be designated the

prison doctor, supervising the daily sick call at the unit and TDC hospital wing operations, seeing patients by appointment and performing other duties.

The contract revision was the only item on the noon Thursday agenda. The meeting was attended by board members, Dan Cotton, Roy McQueen, Jackie Smith, Janet Hall, G.A. Parks and Jim Palmer, as well as ex-officio member Bobby Goodwin, Scurry County judge, and County Commissioners C.D. Gray Jr. and Duaine Davis.

Break-in attempt reported to SO

John Thomas of the Camp Springs area told sheriff's deputies at 9 a.m. Thursday that someone had tried to break into his home.

A deputy said an outside window screen had been removed, but that the perpetrator had been unable to gain entry because the window was locked.

Theft reported

Stan Ballard of 3507 44th St. told police at 1:38 p.m. Thursday that a lubricator assembly had been stolen from his pickup truck.

Driverless car injures woman

Police have investigated an incident in which an elderly woman was knocked down in her driveway by a car that had apparently slipped into gear.

The incident was among four traffic accidents investigated by police Thursday. Officers note it occurred Tuesday and was not reported until Thursday.

Laura Greenfield of 2509 29th St. had started her 1977 Chevrolet and was behind it when it suddenly moved backwards, knocking her down. The vehicle continued across the street and did minor damage to a fence owned by Francis Austin.

The 75-year-old woman was taken by private vehicle to Cogdell Memorial Hospital, where she was treated for minor injuries and released.

In other incidents, an unknown vehicle and driver struck a parked 1985 Chevrolet pickup owned by Weaver Services in an incident discovered at 11:08 a.m. in the 2600 Block of College Ave.

At 11:53 a.m. in the 2200 Block of 37th St., a 1982 Ford driven by Tisha Morrell of 201 38th St. was in collision with a 1966 Ford Mustang driven by Elizabeth Ratliff of 2900 Ave. W.

A parked 1987 Honda owned by Dwain Collier of Rt. 2 was struck by a 1985 Mercury driven by Cheryl Hanson of 2306 41st St. at 8:57 p.m. in the 3600 Block of Ave. U.

2 arrests here

A 16-year-old boy was arrested for public intoxication and evading arrest at 11:50 p.m. Thursday in the 2700 Block of Ave. O.

A 61-year-old woman was taken into custody for shoplifting at 3:44 p.m. Thursday at Lawrence IGA supermarket.

Five die in Texas storms

GRANBURY, Texas (AP) — Storms in North Texas overnight have claimed at least five lives, including four people killed in flash flooding in the Dallas-Fort Worth area.

At least 20 people suffered minor injuries when a series of tornadoes ripped through Granbury, southwest of Fort Worth.

Wind and hail damage was widespread across North Texas.

A man and two boys apparently were swept away when they got out of a car while trying to escape rising waters in a northwest Fort Worth neighborhood, according to medical examiner investigator R.O. Medford. Three others fleeing in the car escaped, he said.

Obituaries

DISMISSALS: Karin Orr, Sara Ornelas and baby, Jack Newsome, Ann LaRoux, Nora Salazar and baby.

Mayor candidates:

Troy Williamson

Biographical data: Troy Williamson, 51, was born in Snyder and, except for a 15-year-period, has lived here all his life. He owns Williamson Auto Supply and is a real estate broker with Cornett Realtors. He has served on the city council since 1984, first elected as a council member and as mayor in 1987. He is now president of Region III for the Texas Municipal League and a member of the executive committee for the West Central Texas Council of Governments. He is a former director for the chamber of commerce and now serves on the boards for Snyder Neighbors Sharing and the Scurry County Work Center. He is chairman of the council of deacons for Colonial Hill Baptist Church and a member of the noon Kiwanis Club. He is a past lieutenant governor for the Texas-Oklahoma District of Kiwanis. His other memberships include the chamber Goldcoats and Scurry Lodge 706 of the Scottish Rite.

Q. — State any specific goals you would like to see accomplished.

A. — My goals are to develop long and short range goals for the city; provide greater city-private partnerships; encourage business growth; encourage businesses to locate here; develop tourist interest; work with area towns to develop this area as a dynamic area of the state; continue to support the Port to Plains Highway through Snyder.

Q. — What do you consider the most pressing problem facing the city council today?

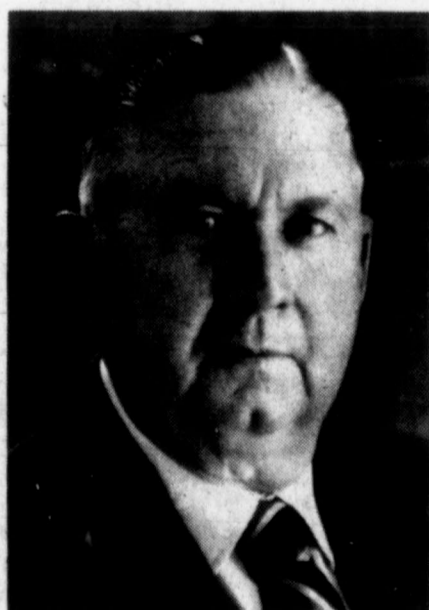

A. — The most pressing problem is to supply the needed and necessary services of a city faced by a decreasing tax base without raising taxes.

Q. — Outline the solution to this need.

A. — Planning is imperative, both short-range and long-range. This can provide a plan which will keep our costs in line with providing for expansion.

Q. — Briefly define the role of a city council member/mayor.

A. — The mayor is the leader of the city council. He conducts the council meetings and keeps the members of the council up to date on all items which will come before the council. The mayor is the representative of the city on numerous committees within the community. The mayor needs to keep in contact with the feelings of a cross section of the community to be abreast of current issues. The mayor needs to be in contact with leaders in neighboring cities to provide area wide expansion. We are able to do more together than individually. The mayor needs good communication with our legislators, to have information on pending legislation, in order to see that the needs of the citizens of this city are considered when decisions which affect them are made.

Alfred Kohl

Biographical data: Alfred A. Kohl, 60, has lived in Snyder for 35 years and is a former fire chief and department head for the city. He left city employment after 30 years service and is now semi-retired. He is a charter member of the State Firemen and Fire Marshal Certification Board at Austin and has served for the past three years on the parish council of St. Elizabeth Catholic Church, where he is a member. He was a candidate for county commissioner, Pct. 2, in 1986.

Q. — State any specific goals you would like to see accomplished.

A. — As mayor, I would see that our streets are kept clean, patched, junk cars removed and curbs repainted. The ground water tank needs to be painted and other projects that would restore our city's appearance. I would monitor the need for the number of employees we have. An excellent job was accomplished with less employees in past administrations. I would work to keep our town safe and have clean water. In working with the chamber of commerce and Board of County Development to promote small businesses and industries in locating here. I would review our city's rules on regulations on home building in some areas of town. If we want Snyder to be a retirement town, let's make it possible for our young to build here also. We have too many vacant lots that need to be filled.

Q. — What do you consider the most pressing problem facing the city council today?

A. — Bond debt, taxes and inflation.

Q. — Outline the solution to this need.

A. — Trim the budget and equalize the cost of water for rural residents and surrounding towns for the upgrading of our water plant. Also, check our costs on our sanitation containers, trucks and landfill operations to insure a return on our investment.

Q. — Briefly define the role of a city council member/mayor.

A. — The mayor is head of the city government, presides over the council meetings, performs duties consistent with the office. Listens to the people, works with the council, keeps citizens informed and brings leadership to our town and makes Snyder a good place to live.

Gospel singer to appear in Hermleigh May 12-13

Wendell Goodman and Wanda Jackson will be in concert at 7:30 p.m. on May 12 and 13 in the Hermleigh High School auditorium. Each concert is free to the public and is being sponsored by the Central Baptist Church in Hermleigh.

Goodman is a graduate of Hermleigh High School.

Jackson is a country and gospel recording artist and is a two time Grammy award nominee. She has recorded 60 albums in four languages and has appeared on such television shows as the "Grand Ole Opry," "Hoo-Haw," the "T.L. Club," and the "700 Club."

Faith Baptists revival upcoming

Faith Baptist Church will begin a revival on Sunday with the Rev. Dale Bigham, pastor of Arden Road Baptist Church in Amarillo, as the guest evangelist. He is a former resident of Snyder and graduated from Snyder High School in 1970.

Services on Sunday will be at 10:50 a.m. and 7 p.m. Week night services from Monday through Wednesday begin at 7:30 p.m.

Wayne Pierce of Westbrook will be in charge of the music.

Everyone is welcome and a nursery will be provided.

Jackson speaks out for soul singer

COLUMBIA, S.C. (AP) — The Rev. Jesse Jackson says jailed soul singer James Brown should be allowed to give a television interview to the French government as part of its bicentennial celebration.

Jackson visited Brown at State Park Correctional Center on Thursday and asked that the singer be allowed to give the interview.

"James Brown's musical contribution has earned him that honor," Jackson said after meeting with Brown.

Brown is serving a six-year sentence for aggravated assault and failing to stop for police during a chase across the Georgia-South Carolina border on Sept. 26.

The French Ministry of Culture asked for the interview through Los Angeles record producer Quincy Jones, who in turn asked Jackson for help. Jackson forwarded the request to Gov. Carroll Campbell and corrections officials.

No decision has been made.

Make-up artist job considered

NEW YORK (AP) — Had the rules at the American Academy of Dramatic Arts been different, acid-tongue actor Danny DeVito might have been a makeup artist.

DeVito, interviewed in Sunday's Parade magazine, attended the prestigious acting academy, intending to become a Hollywood makeup person.

"But you couldn't enroll as a makeup student. You had to

enroll as an actor. I got hooked," said DeVito. "I got so involved that I was tormented. ... There was no way out."

DeVito suffered through many rejections and recalled one in particular where a Hollywood casting director told him "nobody wants a 5-foot-tall character actor. Like I was a joke. She wouldn't even take my resume and picture."

New game under development

EAST LONGMEADOW, Mass. (AP) — Donald J. Trump, the quintessential wheeler-dealer, faces a new kind of board in his newest venture, "Trump The Game."

The real estate mogul has joined forces with board game manufacturer Milton Bradley Co., which expects the game to be the biggest seller in its 129-year history.

Trump flew to Milton Bradley headquarters Thursday to discuss the game.

Many of the 2,300 workers at the western Massachusetts factory clapped at each stop in the 45-minute visit, women sighed "Isn't he handsome?" and men lined up for autographs on the paper money that bears his likeness and comes in denominations no smaller than \$10 million.

Soprano will appear anyway

MILAN, Italy (AP) — Italian soprano Katia Ricciarelli says she'll appear in a second performance of Giuseppe Verdi's "Luisa Miller," despite the unflattering reception she got at

the opening.

The singer was booed by the audience at Tuesday night's opening performance, which was also panned by critics.

Merger bills tentatively ok'd

AUSTIN (AP) — The proposed merger of South Texas universities with the Texas A&M and University of Texas systems is "just the beginning" to improving higher education in the area, says one lawmaker.

The House gave quick, preliminary approval Thursday to the merger and to other bills designed to improve South Texas higher education.

"I've said before that before you ask your father-in-law for the keys to the car, you've got to marry the daughter. We're now just getting hitched, and now we're going to start asking," said Rep. Eddie Cavazos, D-Corpus Christi.

and we're going to keep on improving our system of higher education," Cavazos told reporters after the House action.

One bill would merge Texas A&I University at Kingsville, Corpus Christi State University and Laredo State University with the Texas A&M System. The measure will go to the governor after a final House vote.

Another bill would combine Pan American University at Edinburg, and its campus at

Brownsville, with the University of Texas System. Before this bill goes to Gov. Bill Clements, it requires final House passage and Senate approval of House changes.

"Bringing UT to the (Rio Grande) Valley has been a dream of community leaders for decades," said Sen. Hector Uribe, D-Brownsville. He predicted quick Senate concurrence.

Rep. Juan Amador, D-McAllen, said the UT-Pan American bill "means an acceleration of the continuing improvements of higher education."

A measure to establish a graduate school of international trade at Laredo State University will go to the governor after another House vote, while a bill authorizing freshman and sophomore level studies at Corpus Christi State University needs Senate concurrence before passing to the governor.

Corpus Christi State University, now an upper-level institution, could not offer the lower-division classes until the fall 1994 semester under the bill. It only would take effect if the merger

becomes law.

The only bill that spurred debate was one to establish a law school at Texas A&I University. The measure was tentatively passed with an 88-42 vote and will go to the Senate for consideration if it receives final House passage.

"So many people said, well, South Texas is getting too much, too soon," said Rep. Irma Rangel, D-Kingsville, of opposition to the measure. "But many of us have felt that South Texas has gotten too little for too long."

Sen. Carlos Truan, D-Corpus

Christi, said the House vote "ought to give me in the Senate the momentum that I've needed in order to overcome the opposition of the lieutenant governor."

But after Truan showed Lt. Gov. Bill Hobby a copy of the House vote, Hobby maintained, "I think there are more important things to spend money on than a new law school."

England's King Richard I (the Lion Hearted) was crowned in Westminster in 1189.
