

Vote Is A Priceless Privilege; Exercise It At The Polls Tuesday

PAGES THE HASKELL FREE PRESS 10c per Copy

SEVENTY-EIGHT HASKELL (Haskell County) TEXAS, THURSDAY, APRIL 2, 1964 NUMBER 14

PELLERS—Brenda Griffith, left, daughter of Mr. and Mrs. W. B. ... Jean Posey, right, also 14, and an eighth grader, the Rochester champion. She is the daughter of Mr. and Mrs. C. R. Posey, of Rochester. Plaques for the school winners were contributed by Haskell Auto Parts, Bailey Tolver Chevrolet Company, Bynum's, Western Auto Store, Bill Wilson Motor Company, Harris Slaughter Service, Haskell National Bank, M&F Pharmacy and J. E. Walling Jr. The county champion's cup was given by the Haskell Free Press.

A City Councilman Speaks

The only time you hear Lake Stamford water mentioned is just prior to a city election. Apparently, the present Mayor and City Council have forgotten that some two years ago two-thirds of the taxpayers of Haskell voted to go to Lake Stamford, and since that time no effort has been made to acquire the same.

Therefore, I am of the opinion that this group of men is attempting to run on two tickets! One ticket being Lake Stamford water, and the other, straight well water.

From the looks of things at the present time, if you want soft water, you might as well buy a water softener, or change the city government.

I am sick of this mess that has kept the people of Haskell divided for so many years. This is the solution I propose: Assuming that each of these candidates are equally interested in our town's welfare, let's open our eyes.

It is my firm opinion that 95 percent of the people of Haskell will be happy with the outcome of plans among people with previously opposing views to bring togetherness to this community. I have sat in with these people and know we can work together.

I see no glory sitting on the City Council doing nothing about this water situation, which has been the case these many months.

This lack of communication among us on our water problems is absurd. If the voters do not trust me to mediate this situation, I will submit my resignation as a member of the City Council the day after election.

/s/ Robert H. Segó, Member, Haskell City Council

AN EDITORIAL

Is Your City Government Shared With ... And By ... You?

An astute man, who has experienced a personal brush with perhaps as many communities on the grow as any man in the land, told our 28th annual Chamber of Commerce banquet audience last Friday night, "Those who care build cities."

But just caring is NOT ENOUGH. Learned Louie Throgmorton said, "We MUST SHARE IN ORDER TO MAKE OUR COMMUNITIES BETTER FOR THE YOUNGER GENERATION," he emphasized.

Do YOU feel in your own heart you SHARE your city government under its now 4-year-old non-communicative regime? Search your conscience, and give your answer at the polls next Tuesday.

R. W. Herren Removes Self From NCTMWA "For Good of the Order"

R. W. Herren, a past president of the North Central Texas Municipal Water Authority, and currently its business manager, Tuesday submitted his resignation to the water authority "to be effective at the discretion of the Board."

In a letter to L. B. Patterson, of Munday, president of the NCTMWA, Herren wrote, "I am certain that you are aware of the fact that my presence on the Authority only allows certain unscrupulous persons in my city an opportunity to make their feelings of personal animosity toward me a stumbling block to progress. This has created an unfavorable situation which I hope to remove." (by the resignation).

Expanding this statement Monday afternoon to the Haskell Free Press, Herren explained that a continuing stalemate in Haskell on resolving its water supply problems and project has been blamed by the general public on a conflict of personalities among proponents and opponents of the Miller's Creek dam project as a source of palatable water for Haskell, Rule, Munday and Goree. He added that he felt his removal of himself from the water proceedings would be "for the good of the order."

Herren's message to Patterson also declared, "I have sought only to serve my neighbors and friends in the capacity of Business Manager, and you know that I have done so without compensation, monetary or otherwise, from the Authority. I am grateful for the opportunity provided me to strive for the completion of this most desperately needed project."

The longtime Haskell civic and business leader further stated, "It is my considered opinion that the Authority will eventually succeed in spite of the persons who are working to destroy it."

"If the communities now involved in this Authority are forced to give up this project," Herren asserted, "we know that some other community will pick it up when we lay it down. When the moving finger writes the history of this turbulent period in our communities, I feel that all the members of the Authority, along with me, will be justified in being proud to have taken a stand with progress rather than gradual deterioration."

The business manager of the NCTMWA concluded his letter with, "May I express a sincere desire for the ultimate success of this project, whether or not Haskell is a member."

ABSENTEE VOTING DEADLINE MIDNIGHT TOMORROW

Record Turnout Possible Tuesday

Mounting interest in next Tuesday's municipal election in Haskell, with the issues becoming more clearly drawn as voting day nears, indicates the possibility of a record turnout to choose a Mayor and three City Councilmen, veteran observers said Wednesday.

Polls open at 8:00 a. m. and close at 7:00 p. m. at City Hall here, the only voting place. The election judge will be Virgil Sonnemaker. His assistant will be Tom Rhoads.

Absentee Balloting Deadline Tomorrow Less than 20 absentee ballots had been cast with the deadline for voting absentee but two days away, City Secretary T. J. Arbuckle reported Wednesday. Absentee ballots may be obtained from

TO WHOM ALL HONOR IS DUE—Miss Nettie McCollum, assistant cashier at Haskell National Bank, Friday night was named "First Lady of Haskell" at the 28th dinner meeting of the Haskell Chamber of Commerce; Abe M. Turner Jr., right, bank cashier, was given a plaque in appreciation of the work he did for his home town during the past year; and Desmond Dulaney, center, lumber company manager, was named "1964 Stem-Winder" for his tireless devotion to the development of his community.

McCollum, Dulaney, Turner Cited For Service By C of C

RUTH EZELL, LORENE HAYNES HONOR GRADS OF NURSES

Twelve months of dedicated training by ten vocational nurses at Haskell County Hospital here was culminated last week with the awarded of cherished diplomas and pins in ceremonies held at the Trinity Lutheran Church here.

Receiving the emblems of the completion of their year-long training from Jean Tucker, RN, superintendent of nurses at the hospital, and Anna Kimbrough, RN, their instructor, were: Mrs. Iyonne Black, Mrs. Hortense Campbell, Mrs. Jessie Couch, Miss Caroline Cox, Mrs. Ruth Ezell, Mrs. Lorene Haynes, Mrs. Lois Howard, Mrs. Bonnie Loewe, Mrs. Evelyn Mercer, and Mrs. Verla Townsend.

A. J. (Cotton) Foster, administrator of Haskell County Hospital, presented honor certificates to two members of the nurses' class whose scholastic average, separated by only two-tenths of a grade point, were the highest compiled during the long course of instruction.

Honored for scholastic achievement with the highest grade average, 98.4 for the entire year was Mrs. Ruth Ezell, of Rule.

Awarded the distinction and certificate for "Best All Around Nurse" during her training period was Mrs. Lorene Haynes, whose scholastic average was 98.2.

Introduced by Foster, Rev. R. N. Tucker, pastor of the First Baptist Church of Weinstert, delivered the graduation address. In a unique presentation, the speaker challenged the new nurses to awaken to the responsibility for spiritual as well as physical health in their charges, declaring that the two types of health are interdependent.

Rev. James F. Schaefer, pastor of the host church, Trinity Lutheran, closed the ceremonies with a prayer for service.

A reception honoring the 10 graduates was held immediately after the exercises under the sponsorship of the Haskell County Hospital Women's Auxiliary, with Mrs. Byron Frazier, president, in charge.

6 Seek 3 School Slots Saturday

Even though six candidates are seeking three slots on the Haskell Board of Education in an election here Saturday, April 4, only two absentee ballots had been marked as the deadline for absentee voting passed at 5 p. m. Tuesday, Haskell County Clerk W. W. (Bill) Reeves reported.

Saturday's school board election here will be held from 8:00 a. m. to 7:00 p. m. in the Community Room of the Haskell National Bank with Clay Smith as election judge. He will be assisted by Rogers Durham.

All qualified voters living in Haskell school district are eligible to vote. The Office of Superintendent of Schools Hooper T. Wilkinson and that of School Board Secretary Howard Perry reported as the deadline for filing passed on March 5 that the follow-

ing Haskell citizens filed as candidates for three-year terms on the board: Jean Elliott, currently president of the board; Jewell A. Bynum, W. O. Holden, Buster Gholson, Thomas B. Rasco and J. E. Sanders.

Elliott, Bynum and Holden, all are incumbents. Gholson, Rasco and Sanders seek election to the board for the first time. Among the incumbents, Bynum is an office supply, furniture and hardware merchant here; Elliott is a medical technician associated with the Haskell Clinic; and Holden is a funeral director. Candidate Gholson is a grocery merchant. Both Sanders and Rasco are associated with Service Pipeline Company headquartered here.

Time Political Rally Courthouse Saturday

ANCHORAGE-BASED RELATIVES OF FOLKS HERE UNHARMED

Anxious days spent by three Haskell families were ended here Tuesday with word received that three native sons of this town, all working in Anchorage, Alaska, and their families are safe and unharmed after last Friday's devastating earthquake.

News funneled through the Red Cross and California relatives of the Haskell residents keeping vigils here "all was good," they reported. At least two of the Haskell native sons and their families just missed by minutes being in the midst of the quake pulverized areas of Anchorage.

Dr. Carroll Bjedsoe, who not long ago set up his new dental office in the heart of Anchorage's business district, arrived home on the outskirts of Anchorage barely 10 minutes before the quake. He, his wife and children are safe, according to word received by his parents, Mr. and Mrs. Hubert Bjedsoe here.

Roy Glenn Johnston, a former Haskell resident, is a form. (See Anchorage Based, P. 12)

W. C. Herring, 63, Resident of Area 40 Years, Dies

Walter Clyde Herring, 63, resident of Haskell County since 1924, died at 11:55 a. m. Saturday in the Knox County Hospital at Knox City. He had been ill for about four months.

Funeral was held at 3 p. m. Sunday in the Haskell Church of Christ, with burial in the Rochester Cemetery, Smith Funeral Home in charge. Jim Pennington, minister, officiated, assisted by Cecil Cor of Rochester.

Born April 19, 1897, in Comanche County, he moved to Knox County and later moved to Haskell County. He was employed by the Haskell school system until his illness.

He was a member of the Haskell Church of Christ. Survivors include his wife, Lula Mae Herring of the home; one son, T. P. of Rochester; four sisters, Mrs. Ozella Jones of Knox City, Mrs. Ostella Bandy and Mrs. Verdis Moore, both of Amarillo, and Mrs. Model Dunman of Whitesboro; one brother, Edward Lee, preceded him in death.

Elementary P-TA Holds Election, Has 'Hobby Day'

"Hobby Day" was held by the Haskell Elementary School P-TA for its April meeting Wednesday afternoon in the school cafeteria.

Many of the 600 students placed on display at the school their hobbies, in the form of collections of various kinds, or craftsmanship and handiwork. It was reported this did not include a favorite dog with his mobile flea collection, but some most interesting and unique hobby displays were in store for school patrons.

Rev. Douglas Finch, president of the P-TA, said that Mrs. Frank Cadenhead, Jr., chairman of the nominating committee, was to present for the membership's consideration a slate of officers for 1964-65. The election was to be held on Wednesday, and installation of new officers will be held with Mrs. Cadenhead directing the ceremony at the May meeting of the Elementary P-TA here. Results of the election were not known at presstime.

Mrs. Bailey Tolver, program director, was in charge of the Wednesday "Hobby Day" activities.

Prominent Rancher Crash Victim

Apparently injured in a crash of a prominent ranching family here Saturday, a prominent rancher was killed in a crash of his airplane.

Dr. T. C. Ford, Marvin Socol and Bill Echols in one of several planes in the search, including 25 members of the Breckenridge Civil Air Patrol.

Mr. Coody had owned a 10,000-acre ranch located about 15 miles southeast of Haskell, between Lake Stamford and the Throckmorton Highway, which was formerly known as the Ballard Ranch for about 20 years.

Although he had continued to live in Breckenridge, Coody had made frequent visits to the Haskell County ranch, where he maintained a summer home. He would commute from the Breckenridge airport to the ranch by airplane and had built a landing strip at the Haskell County location for that purpose.

Born Sept. 22, 1910, in Stephens County, he attended (See Prominent Rancher, P. 12)

 B. McMahon
 of the author of
 ended to direct

this false slander at Mr. R. W. Hevren who was then President of the Board of Directors of the North Central Texas Municipal Water Authority, or to the Board of Directors as a whole. I feel in either event, as current President of the Board, it is my duty to state the true facts of the issue involved: It is true that there have only been \$150,000.00 in bonds sold. It is true that 2% of \$150,000.00 is \$3,000.00. It is true that the difference between the \$10,000 paid to Mr. Frank B. McMahon and \$3,000.00 amounts to \$7,000.00 — BUT, this \$7,000.00 is NOT an overpayment.

I want to quote the exact wording of the contract between Frank B. McMahon & Associates and the NCTMWA as revealed in section 5 of the contract: "In payment of our services and reimbursement of expenses incurred in this undertaking, the Authority agrees to pay us a fee equal to two percent (2%) of the par value of the bonds voted. However, to be paid in full only when the bonds have been issued and sold, but simultaneously therewith."

You will note the wording does not say "bonds sold," but "bonds voted." Actually, there were \$3,800,000.00 bonds voted, so the \$10,000.00 paid to Mr. Frank B. McMahon was for expenses incurred on work performed, and was to be deducted from the total amount of \$75,000.00, which would leave a balance due Frank B. McMahon & Associates of \$66,000.00 at their completion of the contract. I quote herewith the portion of the Minutes of the meeting

held on August 9, 1960, when the Board voted to pay Mr. McMahon. Next order of business was to come before the Board was a motion by Mr. Neal that this Authority instruct the Haskell National Bank, at Haskell, Texas, that this Authority sell \$5,000.00 of 4 1/2% Bonds due in 1961 a par value plus accrued interest, and \$5,000.00 of 4 1/2% Bonds due in 1962 at par value plus accrued interest, and direct the proper official of the Water Authority to issue a check to Frank M. McMahon & Co. in the amount of \$10,000.00, said \$10,000.00 to be a deduction from the overall fee of 2% as set out in our agreement under date of July 17, 1958, this motion was seconded by Mr. Barger, upon a prevailing vote of the members present those voting AYES, Patterson, Neal, Baker, Barger, Herren, Campbell and Coffman. NOES: Chas. E. Smith."

I want to state further that Certified Accountants have audited the books of the Authority three times without finding one single error. The Authority has made under the Law. Publication of the financial statement has been made each year in each of the three newspapers within the Authority.

Signed:
 L. B. Patterson,
 President of NCTMWA
 March 27, 1964

Dear Editor:
 Having made Haskell, Texas of Haskell County our home for the past 18 years, and have bettered myself by moving here, a stranger in a strange

land, bought our farm north of Haskell sight unseen, and couldn't have been any better pleased, and hope we've had a small part in making it a better place to live.

Bought our town property the same way, sight unseen. We have been blessed, and our desire is to do everything possible to help conditions here regardless of price. We're paying a dear enough price as it is. There's certainly a need of some drastic changes.

Some six years ago, during a bout with Mr. Cain's health in Wichita Falls hospitals, clinics and under care of several doctors, they warned him to quit drinking this Haskell water, that it barely misses being condemned. Our water bill for him alone has been near the \$350.00 mark using this artesian water from Arkansas, and they seemed to have established a good business here, and time has gotten us into a bad situation. A program at the right time properly maneuvered and rightly carried out would have prevented a lot of unnecessary spending and misunderstanding.

It is the ideal thing to do to enlighten the public and let them know the why's and wherefore's of a movement and then the public's place is to inquire and investigate and find out these things from competent sources and prevent from being misled. There's one state in the nation of all pure water, Oregon State. Texas' reputation isn't too good either.

Say as we may, or as we think, but let's see if we can't do something to help the situation and vote April 7 and may I leave this thought and prayer. God grant us courage for our conflicts, patience for our strivings, Love enough to forgive.

Thanks,
 Mrs. J. A. Cain

(Paid Political Adv.)

March 30, 1964
 Mr. Porter Oakes, Editor,
 Haskell Free Press,
 Haskell, Texas.
 Dear Mr. Oakes:
 I have followed with great interest your courageous fight to promote progress with justice in the water problem. This is our common problem, as it is to some extent in all of West Texas.

When I came to Haskell County 40 years ago, the towns of Weinert and Bomarton were progressive little towns. Each ran out of water, and each began to dry up. But six or seven years ago, the town of Weinert voted bonds and obtained a water right several miles to the west of them, and brought water to their town. Bomarton, on the other hand, made no effort to remedy their situation. Weinert today is a thriving and attractive community of people; the last few years have seen the building of new homes and the opening of new businesses at a surprising rate. The reason is water. Bomarton, by comparison, completely dried up. The reason is NO water. These are just two examples that we readily know. There are hundreds of such cases throughout the Southwest.

I proudly serve as a Deacon in the First Baptist Church of Munday. On Easter, as I entered the church, my thoughts drifted to the matter of the influence of the Church in this world in matters involving human discord and tribulations. It occurred to me that our churches remain comfortably quiet in the background today

FROM A PASTOR'S STUDY
by
DOUGLAS B. FINCH, MINISTER
First Presbyterian Church, Haskell, Tex.

A Lesson In Logic

During the schooling they are given to themselves to a study of logic. It is an interesting study to better understand the reasons why things are as they are. It is a study of the tactics of persuasion which are used by those who would gain the favor of the masses. It is a study of the tactics of persuasion which are used by those who would gain the favor of the masses. It is a study of the tactics of persuasion which are used by those who would gain the favor of the masses.

They are taken in by it. It is utilized by desperate men who see that defeat is imminent. Unfortunately, like all of the other tactics of illogical behavior mentioned, this one works well, too, and it is again because people are gullible and are easily taken in, especially where character assassination is involved. We like to see other people grovel in the dirt because it often makes us feel more exalted and worthy. In the employment of **argumentum ad hominem**, it is not the issue that is attacked, but the person who presents the issue. This is not only illogical, but it is base, mean, and vile.

It is part of our history, though, in the United States that we very often make heroes out of persons who employ these tactics. Each time we do so, we destroy a little more of our freedom, and the American way of life recedes a little farther toward oblivion.

There is one last tactic that I would mention, and that is called "pettifoggery." A person who resorts to it is called a "pettifogger." A pettifogger is one who concentrates his attention on petty issues and resorts to questionable methods. He grasps at trivial things and tries to amplify them into something big and important. His motive is to mislead people. It is a form of falsehood that helps the pettifogger evade the appellation of "liar," and this only because people have not learned to recognize this as the sign of a liar. The pettifogger is characterized by quibbling, that is, evading the point of the argument by unfairly using deception or making "double talk"; making unreasonably fine distinctions; and wrangling about trivial points in such a way as to obscure the real issue or the important evidence.

People who have illogical minds will, in political campaigns, allow opponents of integrity to make their point in a reasonable and rational manner during the course of a political campaign... and as close to the deadline (or election date) as they can, they come forth with their character assassination... employing all the base tactics of deception and diversion as their minds are capable of employing. Their work is usually badly printed, grammatically incorrect, and typically false. Such people are extremely dangerous people... more dangerous than we can realize.

BUT... even more dangerous are the people who are "taken in" by such tactics. If people are gullible enough to be misled or coerced by such desperate and illogical behavior, then they are the chief culprits in the "irrelevancies" that degrade human existence.

RACK UP RECORD—These members of the Carl J. Anderson Construction Company "family" all share the credit for an outstanding 845-day injury-free safety record compiled by the Haskell-based oil field service firm. Pictured here at the barbecue dinner on March 25 recognizing the achievement are, top row, left to right: C. C. McFadden, Jackie Isbell, Luther Butler, James Curtis McFadden, Vernon Wright, John Hawkins, I. T. Briscoe, A. D. McFadden, Janis Klose, Mrs. Carl J. Anderson, and Anderson. Bottom row, from left, Tom Anderson, Jim McFadden, Darrel Anderson, H. L. Stover, Richard McFadden, Carl Wayne McFadden, H. L. McFadden, and Ben Anderson.

Area HD Agents Convene Here For Training

Fifteen county home demonstration agents from District Three, which is the Northwest-Central Texas area, met in Haskell Monday for an all-day training session on "Organization and Leadership."

The workshop was conducted by Miss Bonnie Cox, Texas A&M Extension Service organization specialist from College Station.

Miss Fern Hodge, district home demonstration agent, of Vernon, presided over the agent training session.

The group convened in the Haskell County Courthouse office of the county home demonstration agent here, Mrs. Mary Jo Leverett.

T. M. Patterson Houseguests

Mr. and Mrs. T. M. Patterson had as their houseguests over Easter weekend their children and grandchildren, including Mr. and Mrs. Horace Bland, and Mr. and Mrs. A. L. Graves, Terry and Tracy, all of Dallas; Mrs. D. E. Spann and David; Mrs. Don Mullen, Jimmy and Cheryl Markham, Mr. and Mrs. B. J. McLain, Bobby and Pat, all of Irving; Mr. and Mrs. T. C. Patterson Tona and Tommy, all of Haskell; Mr. and Mrs. H. E. Bland and Dana, also called at the Patterson residence Easter Sunday.

GALA BARBECUE DINNER SALUTES AMAZING 845-DAY SAFETY RECORD RACKED UP BY EMPLOYEES OF ANDERSON CONST. CO.

Fourteen representatives of outfits for which Anderson Construction Company, Haskell owned and headquartered oil field service firm, performs many jobs, joined Anderson employees and their families here recently in a dinner meeting saluting an outstanding safety record compiled by the Haskell partner to petroleum progress.

Texas Interscholastic League District 13-B one-act play contest will be held in Rule High School Auditorium Friday evening, April 3, beginning at 7:00. The three schools participating will be Rule, Mattson and Rochester.

Anderson Construction Company is now well into its third year with no time lost due to injury to any of its employees. In recognition of a string of 845-day injury-free days, Carl J. Anderson, president of the firm here, was host at a safety dinner for 120 persons. The principal fare was barbecued pork prepared by Bob Edwards of the Double-A Drive In, with supplementary dishes especially catered by Mrs. Anderson, wife of the service company owner-operator using her own personal recipes.

At the safety recognition dinner, held in the American Legion Hall here, Stanley E. Klein, of Abilene, safety engineer with Employers Casualty Company, showed a film entitled "The Last Mile."

Commenting on the hand-glove efforts by employees and supervisors to compile this outstanding safety record, Anderson declared, "Our policy is—if the job can't be done with a reasonable amount of safety, don't do it until it can be done safely."

He reminded that compensation received by an injured person falls far short of family needs and never matches remuneration received when the employee is on the regular payroll.

Anderson said if his firm can extend its present safety record, a similar event will be held again four to six months from now.

Oil company representatives joining in the salute included H. C. Sullivan, Phillips Petroleum Company; Charlie Lapham, Katz Oil Company; Junior Pharris, Lone Star Producing Company; K. L. Bolen, Cities Service Oil Company; Buddy Drinnon, Moffett Oil Company; Troy McFadden, Sohio Petroleum Company; R. L. Teague

School lunch menus for week of April 6-10:
Monday: Barbecue on buns, potato salad, cabbage slaw, peach cobbler, milk.
Tuesday: Meat loaf, mashed potatoes, English peas, stuffed celery, rolls, butter, chocolate pudding with whipped topping, milk.
Wednesday: Chili con carne with beans, buttered greens, scalloped potatoes, onion rings, pickles, cornbread, butter, apples.
Thursday: Fried beef cutlets, potatoes in cream sauce, green beans, orange-pineapple salad, rolls, butter, oatmeal cookies, milk.
Friday: Pimiento cheese and tuna sandwiches, buttered corn, potato chips, sliced tomatoes, apple cobbler, milk.

Admission of 25 and 50 cents will be charged for the entire group.

Attention, Parents Of Lassie Leaguers

Parents of prospective Lassie League participants interested in organization for summer play under the guidance and support of the Youth Development Program of Haskell should contact either Opal Dunnam, president, or Tom Paul Barnett, vice president, immediately to provide an indication of interest in formation of the league.

Opal may be reached at 864-2626, and Tom Paul's number is 864-2323.

Interest has lagged to the present time and the need is urgent to make some plans if the Lassie League is to operate this summer.

Five teams operated in the Lassie League last summer, and time is growing short for planning a season. Call Opal or Tom at once.

Returns From Levelland
Mrs. Sterling Edwards returned from Levelland last weekend where she had spent six weeks with her daughter, Mrs. W. E. Grant. Mrs. Grant underwent an operation February 26 to correct deterioration of a neck vertebra. She is reported improving nicely, but is expected to be in the recuperative stages for at least two more months.

Mr. and Mrs. Larry Williams and their son, Butch, a daughter of Mrs. Grant's, and a granddaughter of Mrs. Edwards', returned with her and spent the first of the week visiting with her and other relatives in this area.

Holland Houseguests
Mr. and Mrs. Thomas Holland, of Wichita, Kansas, spent the weekend in the home of Thomas' mother, Mrs. Tom Holland, here.

"Cotton" Moffett Appropriately To Be King Cotton

State Senator (Cotton) Moffett, known as "Mr. Agriculture" and "Mr. A&M" in the Texas Legislature, will crown King Cotton during the 30th annual Cotton Pageant and Ball April 4 at Texas A&M University, John R. Gannaway of Haskell, senior agronomy major and general chairman of the year's outstanding social event at Aggeland, announced Thursday.

Senator Moffett, of Chilton, is a human hallmark in the State Senate of Texas whose services to the agriculture of the state have been invaluable, and it is most appropriate that King Cotton be crowned by the veteran statesman, said Gannaway, president of the Student Agronomy Society, sponsor of the event.

The king this year is Kindred P. Caskey, a senior in plant and soil sciences and is the son of Mr. and Mrs. K. P. Caskey, of Weslaco.

The pageant chairman from Haskell said another highlight of the day on April 4 will be the naming of Queen Cotton and eight members of her court from among 150 young ladies representing colleges, universities and clubs of the state.

Royce Adkins Discusses Wills At Rotary Meet

Five area Rotary Clubs were among the top six in attendance rankings among the highly competitive 41 Rotary Organizations in District 579 in the Northwest-North Central Texas, during February Haskell Rotary President Ira Hester announced Thursday preceding a vocational address by District Attorney Royce Adkins calculated to "throw a little more light on the subject of wills."

Adkins told his Rotary listeners that the peculiarities of state laws always should be taken into consideration in the making of wills, and that elderly people without offspring and young people, too, contrary to general opinion, "need to make wills as much as anyone." The district attorney for this area cited many interesting bits of little known information regarding preparation of wills "in order to make your property go the way you want it to go."

President Hester said that Cisco, Rule, Rochester, North Fort Worth, Eastland and Haskell, all with attendance rec-

ords in the high 90 percent bracket, finished February in that order in the attendance race among Rotary Clubs, a perennial project, month to month.

Rotarian E. J. Stewart was program chairman of the day.

Paint Creek school trustees and patrons subsequently called a \$65,000 bond issue, which passed almost unanimously on January 25.

Wallace Wooten, David Frierson Do It Again in WF

Two Haskell shotgun slingers were top trophy takers among 30 clay pigeon poppers from six area communities assembled at the traps of the Wichita Falls Gun Club for a trapshooting session early this week.

Wallace Wooten, president of the Haskell Gun Club, and David Frierson, a fellow citizen and shotgun powder burner, both won their respective classes at the contest. Wooten's 97-100 earned him the Class B trophy and Frierson took the Class C title with 92-100. Frierson's 94-100 was good enough for runnerup in the handicap.

Larry Gravestock, formerly of Amarillo, who has moved to Wichita Falls, and one of the top trapshooters in the nation, was "Top Gun" and easily won the Class AA award with a 99-100 score.

Curtis Gollehan, of Brownwood, was the handicap high man with 95-100. Gravestock also captured the doubles honors with 44-50.

High winds hampered the shooters all afternoon, reducing shooting accuracy to some degree, the participants reported.

The first recorded State Fair of Texas was held in Dallas in 1859 and drew an attendance of 2,000.

LEARNING LEADERSHIP—Haskell County 4-H leaders at the District Three 4-H Adult Workshop held last Tuesday through Thursday at Lake Brownwood Christian Retreat were, seated, from left: Mrs. Joe Clark, Sagerton; Mrs. Sonny Denson, Rule; and

Mrs. Durwood Livengood, Paint Creek. Standing, left to right, Mrs. W. R. Hager, of Mattson, and Mrs. Jack Neathery, of O'Brien. Also attending the workshop were County Home Demonstration Agent Mrs. V. R. Leverett and County Agent Frank Martin.

4-H IS TEACHER OF AMERICAN HERITAGE, LEADERS ARE TOLD

Seven Haskell County 4-H Club volunteer adult leaders seeking "to make the best better" attended the first area 4-H Club Leader Workshop held recently in Brownwood.

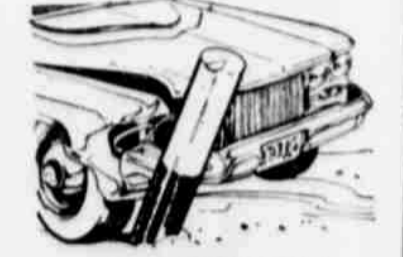

The Haskell County delegation joined over 200 other delegates representing 23 counties at the meeting. Going from this county were: Mrs. Sonny Denson, Rule; Mrs. Joe Clark, Sagerton; Mrs. Norris Anders, Rule; Mrs. W. R. Hager, Mattson; Mrs. Durwood Livengood, Paint Creek; Mrs. V. R. Leverett, home demonstration agent; and Frank Martin, county agent.

A staff of 4-H Club subject-matter specialists from A&M University provided instruction for the volunteer leaders. Curly Hays, farm and ranch representative, West Texas Utilities Company, addressed workshop participants. He pointed out that 4-H "is one of America's best teachers of the American heritage." Hays contended that a youth's investment of capital, time, energy, learning record keeping, and perhaps selling the project for a profit or loss, constitutes the basic aspects of the American agriculture-business system.

NOTICE OF EXECUTION SALE THE STATE OF TEXAS COUNTY OF HASKELL

By virtue of an execution issued out of the 95th District Court of Dallas County, Texas, on a judgment rendered in said Court on the 29th day of January, 1963, in favor of Ben F. Hobbs and against Westminister Corporation in the case of Ben F. Hobbs vs. Westminister Corporation No. 73263D in Such Court, I did on the 18th day of March 1964, at 10: A. M. o'clock levy upon the following described tract and parcel of land situated in the County of Haskell, State of Texas, as the property of the said Westminister Corporation, to-wit:

Location: Being all of the Northwest one-quarter of Subdivision No. 33 of the 2 league, Red River County School Land, patented to the School Commissioners of the Red River County, Texas, February 22, 1875 by Patent No. 653, Volume 29, Abstract No. 347 and Survey No. 75, and containing 100 acres more or less and being the same property described in a lease dated June 6, 1949 between B. E. Hancock and wife, Mintie Hancock, Lessors, and G. J. Huntsman, Lessee, recorded in Book 196, Page 516 of Deed Records Haskell County, Texas and being described further in an assignment to Marshall Pipe and Supply Co., which said assignment retained an overriding royalty of all oil, gas, and other minerals, to the assignor, said assignment being dated June 1, 1956, and recorded in Volume 253, Page 367, Deed Records of Haskell County, Texas. No. of wells: 4 Interest: 55% of 1/20 of 1/8 of 7/8 overriding royalty. Pipe Line: Indiana Oil Purchasing Co., Tulsa, Oklahoma No. 36397. And on the 5th day of May, 1964, being the first Tuesday of said month between the hours of 10:00 A. M. and 4:00 P. M. on said date at the Courthouse door of said County, I will, for sale and sell at public auction, for cash, all of the right, title and interest of the said
