U.S. dependents told to leave China

Troops rake diplomatic compound with gunfire

BEIJING (AP) — Troops raked a diplomatic compound with gunfire today as military convoys drove through the capital and took up defensive positions, sending more foreigners fleeing Beijing in fear of open urban warfare.

The U.S. embassy's chief of security said bullets flew through the window into a room where his two children were watching television.

Radio Beijing said the troops were responding to sniper fire

that killed one soldier and injured three others. "The unit was forced to fire back, and at one time, surrounded the diplomats' apartments and nearby buildings," the radio said.

Later, the U.S. Embassy ordered the mandatory evacuation of dependents of diplomatic personnel from Beijing, and many other countries took similar steps. About 125 U.S. Dependents were scheduled to leave on a special flight Thursday.

More than 2,000 foreigners jammed the international airport today trying to leave.

Chinese witnesses reported more skirmishing today between rival armies on Beijing's outskirts.

At least a dozen other Chinese cities were wracked by demonstrations in protest of the weekend military massacre of unarmed Beijing citizens, which has turned some armies against each other.

Six people manning a bar-

ricade on rails near the Shanghai station died Tuesday when they were hit by a train unable to stop, a Chinese source said. Angry crowds set the train ablaze.

In Beijing, troops today shot and killed three people, a Chinese witness said. "I'm going home to Hunan. I'm afraid for my life in Beijing," said a 25-year-old construction worker at the train station.

The political situation grew more confusing today, with an official media report indicating the

rising fortunes of Qiao Shi, a shadowy figure considered the Communist Party's law-and-order chief.

None of China's leaders have been seen since Premier Li Peng appeared on television May 25, five days after declaring martial law in Beijing. Li and senior leader Deng Xiaoping are believed behind the crackdown.

The Bush administration says the situation is so chaotic in the world's most populous country that it can't tell who is in charge.

Duster precedes rainfall

From Local, Wire Reports

A storm system which moved northeastward through Scurry County Tuesday evening kicked up clouds of dust but deposited little moisture.

Snyder apparently received the greatest rain benefit with .27 of an inch recorded. Other rain amounts included .20 of an inch at Lake Thomas; a trace at Fluvanna; .10 of an inch at Hermleigh; and a trace at Ira.

High winds which moved in front of the system caused a brief sandstorm and red skies here. The outlook Wednesday, however, calls for a clearing trend with sunny skies predicted by Thursday.

Tuesday evening, other parts of Texas reported funnel clouds, heavy rainfall and hail.

A pregnant mother of five died and one of her children was hospitalized when fast-moving thunderstorms roared across West Texas.

Glasscock County Deputy Mike Pinkard said the victim and her family lived in a mobile home about 20 miles southwest of Garden City.

Although some residents of the rural area said it was a tornado, the National Weather Service determined that the storm in the Garden City area was simply high winds, in excess of 90 mph, Pinkard said.

"They called it high sheer wind," he said. The storm struck the area about 5:15 p.m. Tuesday.

Closer to Snyder, wind and hail damage was reported near Roby and Rotan. Baseball sized hail was reported north of Rotan.

A funnel cloud was sighted just north of the Abilene Municipal Airport about 7:30 p.m. but Taylor County sheriff's officers reported no damage or injuries.

The storms spawned at least one tornado that caused extensive damage to a grain elevator complex in Plainview and tore the roof off a house as it moved through the city late Tuesday.

A police officer was injured as he fled the tornado, which struck Plainview's south side about 5:10 p.m. Tuesday. The officer, hurt when his vehicle was involved in a collision, was treated and released at Central Plains Regional Hospital.

To elected officials...

Law would change tax board makeup

A bill requiring five elected members of taxing entities to serve as board members of appraisal districts raised discussion Tuesday evening at the Scurry County Appraisal District's board of directors meeting.

Thought to be a dead issue, the bill was pushed through the final

days of the state legislature which ended its regular session during the Memorial Day weekend. Chief Appraiser Ray Peveler told the board.

The bill now awaits Gov. Bill Clements signature to become law, he noted.

Currently, taxing entities may

appoint one of their own elected board members to serve on the tax appraisal board if they wish. If the new proposal is signed into law by the governor, the double service will be mandatory.

If passed, the bill will go into effect Sept. 1 but present board members would be allowed to finish their term.

In other action at the meeting, May bills were approved.

Present for the meeting were Peveler and assistant appraiser Larry Crooks, Dwain Williams, Mairl McFaul, Julius Roemisch, Doug Flynn and Rona Sikes, county tax collector Mickey Sterling did not attend.

July 4th booth space forecast to be sellout

Some booth space is still available, but a sellout is again expected for both the food and activity booths and the arts and crafts displays which are a tradition of the July 4th celebration here.

The event is again set in Towle Park on Tuesday, July 4th, and will culminate with the annual fireworks display, thought to be the largest of its kind in West Texas.

The Fourth of July activities are under the sponsorship of the Snyder Chamber of Commerce.

As of Wednesday morning, chamber workers said seven spaces were left for the food and activity booths. These are secured by civic clubs, church organizations and student clubs.

Costumes to be sold from Lambert studio

Costumes from the Elaine Lambert Studio of Dance will be offered for sale Saturday in the Western Texas College Fine Arts Theatre.

Mrs. Lambert, a patron of the WTC theatre department, taught dance classes in Snyder for many years before her death in 1988. A scholarship in her memory was begun at WTC and proceeds the sale of the costumes will go to that scholarship.

Persons interested in making

donations to the scholarship may contact Dennis Carlton, Financial Aid Officer, or see Jim Rambo on Saturday.

Included in the sale will be costumes for children from preschool through early teens. Prices will range from \$5 to \$10.

Hours for the sale will be from 9 a.m. to 1 p.m. Persons attending the sale may park in the East Parking Lot and walk down the main sidewalk to the Fine Arts Building.

SHS band member wins state ranking

Snyder High School band member Dora Jean Rumpff has won a second division rating in the state UIL solo and ensemble contest held in Austin.

She had qualified for the state meet at the district contest for individual band members held during the school year.

Her entry at state included three preludes by Robert Muczynski played on the flute.

Students enter the state competition as individuals although qualification for the event is based on performance at school-

The feller on Deep Creek says, "It's amazing. All the people who know how to run the world are sitting next to you in the doctor's waiting room."

Joye Loyd, retired school teacher, called this week and said she had a mystery, sort of a "whodunit." What Joye really wants to do is thank the person responsible.

The Loyds live north of town and last Thursday, Joye checked the rural mailbox, got out her mail and put in three letters for the carrier to pick up the next day.

When her husband, Wortham, came in from the golf course he also checked the mail box and observed the items that his wife had deposited.

A little later, that storm blew in from the north. Winds topped 50 mph, there were heavy rains and hail. During the storm, the mail box was blown

over.

When the storm passed, a check of the mail box revealed that the letters were gone. Wortham walked up and down the ditch, and the next day he futilely checked some vacant fields.

One of the items was a bank deposit to Snyder National. On Saturday morning, the Loyds received a receipt for their deposit in the mail.

Joye has checked with neighbors, but nobody knows who did the good deed. She would like to know...and say thanks.

The above is just another good reason for living in a small town.

On a light note, one fellow told me definition of a small town:

"It's the kind of place where everybody knows whose credit is good...and whose husband or wife isn't."

Death penalty

DALLAS (AP) — A Dallas County jury has sentenced a 19-year-old man to death for the slaying of a narcotics officer who was shot seven times during an undercover drug deal last December.

Javier Suarez Medina stood and listened impassively to state District Judge Larry Baraka's pronouncement that he be "taken and put to death by lethal injection."

The death sentenced was automatically appealed Monday to the Texas Court of Criminal Appeals.

Mesa to open

AMARILLO, Texas (AP) — About 30 Mesa Limited Partnership employees here will be relocated to open a Dallas office this summer, said company officials.

The employees will come from the Amarillo-based oil and gas company's investment and financial consulting groups, public affairs group and portions of general partner T. Boone Pickens Jr.'s administrative staff, said Pickens' assistant Andrew Littlefair.

Methodists pledge to pay for care of Railey's wife

DALLAS (AP) — A Methodist bishop says that the church will pay for continuing care of Peggy Railey, a former minister's wife who remains in a coma-like condition following a choking attack.

ference of the United Methodist Church, said it is "our objective, our will, our intent" that the level of care Mrs. Railey is receiving will continue. The prelate told a gathering of North Texas Methodists that a fund of \$20,000 has been raised in

the past three weeks "from a few individuals and groups." Mrs. Railey was attacked in April 1987. Her husband, Walker Railey, has steadfastly refused to provide any funds for her medical expenses, saying he has no money to spare.

Methodists list pastor changes

The Northwest Texas Annual Conference has recently announced changes in ministers for the United Methodist Churches in Scurry County which is in the Big Spring District.

Sunday, June 11, will mark the last Sunday that the Rev. James Merrell will serve as the pastor of Trinity United Methodist Church. He has pastored Trinity for the past 10 years and also served as pastor of the Dunn United Methodist Church prior to it being closed earlier this year.

Merrell and his wife, Edna, will be moving to Follett where he will pastor the Follett United Methodist Church.

Replacing Merrell will be the Rev. Loyce M. Dickerson who will move to Snyder from Hamlin United Methodist Church where he served for three years.

Other changes include the Rev. Carol Crumpton who will serve as pastor of Hermleigh United Methodist Church.

The Rev. John Hedrick is the new minister at the Union and Ira United Methodist churches. He comes from Ackerly, where he served one year. He replaces the Rev. David L. Hestand, who served one year. Hestand has been assigned to Paducah.

CRMWD broke records for May, report concludes

Deliveries to municipal customers by the Colorado River Municipal Water District broke records for May in amounting to 1,654,699,760 gallons. This represented a gain of 18.26 percent over May of 1988.

Total deliveries of 1,782,338,896 were up 17.30 percent since the total deliveries to oil companies was only 127,639,136 gallons, up only 6.09 percent. Deliveries translated into higher water revenues for the district, the total of \$1,159,590 representing an increase of 6.88 percent over May 1988.

Deliveries to cities during May included Big Spring 286,646,460 gallons, up 24.17 percent over last May; Midland (which takes water at an almost constant figure) 423,342,300 gallons, up .37 of a percent; Snyder 124,798,000 gallons, up 22.27 percent; Stanton 13,736,000 gallons, up 30.64 percent.

A stroke of good luck came just as June opened with Lake J.B. Thomas, crucial to quality control, catching over 17,000 ac. ft. and lake Spence nearly 6,000 ac. ft. of water.

Hahn picked grand marshal

BIRMINGHAM, Ala. (AP) — Jessica Hahn will be the grand marshal for a Do-Dah-Day parade.

Automobiles and marchers with their pets will be featured in Saturday's parade. Entry fees will benefit the Birmingham Humane Society.

"Let's do it," Miss Hahn told her publicist when she heard about the parade. "I love animals and people, especially old people and children."

Miss Hahn, the former church secretary whose tryst with Jim Bakker crumbled his PTL ministry, said she no longer attends church services but still believes in God.

Father-in-Law's Hearing Loss Muffles Pleasure of His Visit

By Abigail Van Buren

© Universal Press Syndicate

DEAR ABBY: My father-in-law may be coming to stay with my family and me for a visit this summer, and before he comes, I need some advice from you or your readers who have had to deal with this problem.

Dad is very hard of hearing. He sometimes jokes about getting a hearing aid, but he doesn't realize

that his hearing problem is a hardship on others. Last summer when he visited us, I was glad to see him, but I couldn't wait for him to leave.

Several times when my children were talking to either him or me, he would start talking — completely unaware that someone was talking. The children couldn't understand why Grandpa was so "rude." He enjoyed watching TV at night, but because he couldn't hear, he turned the volume-up so loud it disturbed everybody in the house and gave me a constant headache.

My husband refused to say anything because he didn't want to hurt his father's feelings, and I would not feel comfortable saying anything to him about it.

Is there a way to let this dear man know that his hearing loss is hard on all of us? I can't understand why some older people are too proud to wear hearing aids, yet they wear glasses.

Maybe if you print it (no name or location, please) he will see it and take the hint.

ANNY-MOUSE

DEAR MOUSE: Squeak up! Tell your husband that he must address this problem. To fear "hurting the feelings" of someone who is upsetting your entire household is foolish.

If he sometimes "jokes" about getting a hearing aid, he must be aware that he needs one. Insist that your husband handle this family problem. And if he refuses, then you handle it as gently and kindly as possible. But do handle it. You will be doing everyone — especially your father-in-law — a favor.

DEAR ABBY: I know I'm not alone. There's one in every family. I take my camera to all the family gatherings. I often hear, "Oh, Lord, there she is again with that camera!"

My relatives think I am a pain because I'm always taking pictures. Don't they understand that I'm not just taking pictures for the fun of it; I'm recording memories we can all look back on with fondness.

Please print this for some of those sourpusses who run away or cover their faces with their hands every time they see me with a camera. What's the harm in capturing some priceless moments on film?

DALLAS CAMERA NUT

DEAR CAMERA NUT: The "harm" in capturing some "priceless moments on film" lies in how the subjects feel about being "captured."

Do you ask permission before taking a picture? Or do you just click away, invading the privacy of your subjects?

Not everyone wants a "fond memory" of himself yawning, snoring or eating corn on the cob while a few kernels cling to his nose and butter drips from his chin. Please ask first

DEAR ABBY: I am single and very much in love with a married woman. She loves me, too, and is planning to leave her husband. However, while I am waiting, I am consumed by jealousy.

We are truly right for each other and know that we will live happily ever after — but how do I survive until then?

ACHING IN PENNSYLVANIA

DEAR ACHING: Keep repeating the following: Any woman who is capable of cheating on her husband, is capable of cheating on her husband — regardless of who he is.

Everything you'll need to know about planning a wedding can be found in Abby's booklet, "How to Have a Lovely Wedding." Send your name and address, plus check or money order for \$2.89 (\$3.39 in Canada) to: Dear Abby, Wedding Booklet, P.O. Box 447, Mount Morris, Ill. 61054 (postage included).

Jurors asked to donate pay to the juvenile program

DALLAS (AP) — It's not much, but Dallas County commissioners think troubled youths could use the \$6 daily paychecks a little bit more than jurors. Commissioners approved a plan Monday that would ask residents to donate their jury service reimbursements fees to the county juvenile department. The move could raise \$70,000 a year, a study indicated. Beginning in October, each jury notification form sent to county residents will contain a statement informing them that they can donate their jury pay to the county juvenile department. But County Treasurer Bill Melton said the "noble idea" may actually mean more harm to the coffers. In a memo to county officials, Melton predicted additional accounting errors would arise from the solicitation plan. He also predicted a negative reaction from jurors. "Each week, people are adamant with regard to their \$6 for jury pay, because in most cases it is a break-even proposition ... a losing cause in addition to the time that most are required to take off from their normal job," Melton said. "We believe that the general public feels that they are 'entitled' to their jury pay," he said. Last year, individuals donated \$180 to the county on their own initiative, Melton said. The donation idea was first broached last year when state district judges met to discuss ways to raise money during a time when the tax base was falling and services were being cut, Family Court Judge Theo Bedard said. "Six dollars a day might not seem like much, but it would certainly go a long way to help (area youths)," Bedard said. The funds could be used to supplement any program within the juvenile department, but would likely go first to a juvenile detention facility and a center for runaway youths.

led a low diamond. East was not up to rising with the king of diamonds, so the communication for two club ruffs was severed. Alistair MacDonald found the classic play to break up the defenders' communications. At trick two he cashed the ace of hearts, capturing his own king, and then led the heart jack, discarding his singleton diamond. Ten tricks were now secure.  The Jean Besse Alpwater award, given by the International Bridge Press Association for the best play made by a young player (under 25), was won last year by Alistair MacDonald of Scotland. The bidding may not be accurately reported, but the deal did occur in a West of Scotland Team Championship, and the common contract was four spades. The deal was played at many different tables, and the lead was invariably the singleton seven of clubs. Most declarers won in hand and played a high spade. East won the ace and gave his partner a club ruff, and West underled the diamond ace to get East on lead to give another club ruff. At one table declarer won the jack of clubs in dummy and

 DEAR READER: Hemophilia is a hereditary deficiency of either of two proteins (factor VIII or factor IX) necessary for blood coagulation. It affects only males and causes severe bleeding episodes. Minor injury can result in extensive bleeding or uncontrolled hemorrhages that must be treated with immediate transfusion of fresh frozen plasma (blood without cells) or purified factor VIII (or factor IX). Hemophiliacs are often encouraged by their doctors to use caution during everyday activities in order to avoid injury. Also, hemophiliacs must

Sting stung by criticism

BRASILIA, Brazil (AP) — British pop star Sting, a campaigner to protect the Amazon rain forest and native Indians, was stung by criticism and bureaucratic hassles during a visit to the capital. Sting came here after a two-month international tour to raise funds for creation of a huge Indian reservation in the Amazon jungle. At a meeting Monday to discuss the campaign, Mario Juruna, a Xavante Indian and congressman, accused the singer of taking advantage of the "purity and innocence of the Indians" for self-promotion: "Why doesn't he dedicate himself to resolving the problem of AIDS or defend the Indians of the United States?"

Sting also was told that to visit Xingu National Park, a major Indian reservation in central Brazil, he would have to meet the usual bureaucratic requirements to enter the restricted area. The red tape was waived for the singer on previous visits.

According to news reports, Sting said nothing but later cancelled a scheduled news conference.

Actress visits holiest site

JERUSALEM (AP) — Actress Alessandra Mussolini, granddaughter of the late fascist dictator of Italy, visited Judaism's holiest site and appealed for an end to religious prejudice. Miss Mussolini, 23, who is here for a film in which she portrays an Israeli soldier, visited the sacred Western Wall and the Yad Vashem Holocaust museum and said she "felt just sick" after seeing displays of Nazi atrocities. "There are no words to describe those things," she said Tuesday.

be carefully prepared before surgery or dental extraction by using factor VIII or IX concentrates.

Because these concentrates are obtained from pooled blood (received from many donors), a tragic situation developed for many hemophiliacs who received transfusions prior to 1980. Some concentrates were contaminated by HIV, the virus causing AIDS. Therefore, the unfortunate recipients were inoculated with the AIDS virus. Today, factor VIII and factor IX products are tested for HIV, so replacement of the factors is far safer than before.

You can receive detailed information about hemophilia and the risk of contracting AIDS from transfusions, by writing the National Hemophilia Foundation, 19 West 34th Street, New York, NY 10001. DEAR DR. GOTT: I have a burning pain in my right big toe. The only time it bothers me is when I sit or lie down. Would a ruptured disc in my neck cause this pain? I've been to a podiatrist and neurologist who diagnosed it as a neuropathy, but they also say there is no cure. Help!

DEAR READER: A ruptured disc in your neck would not cause burning pain in your toe. This symptom is more likely due to a disturbance farther down your body, such as a nerve malfunction (neuropathy) in the toe itself. Neuropathy is a common consequence of diabetes, circulatory disturbances, tumors, injuries to the nerve, infections and toxic reactions to certain compounds, such as antibiotics, barbiturates and industrial toxins. Neuropathy, then, is a symptom; the cure depends on the disease.

I suggest that you request a referral to the neurology clinic at a teaching hospital. Perhaps in an academic environment, specialists could diagnose your ailment and offer therapy. © 1989 NEWSPAPER ENTERPRISE ASSN

Butcher claims 22nd annual award

NEW YORK (AP) — Three-time Iditarod champion musher Susan Butcher says she has much in common with her four-legged teammates. "These are athletes, like any other athletes," Butcher said. The 150 sled dogs she and her husband own have speed, endurance "and the same thing I happen to have: drive and the competitive spirit."

Alaska to claim the 22nd annual Tanqueray Amateur Athlete Achievement Award on Tuesday. She received a silver platter in honor of her achievements in the 1,168-mile Iditarod Trail Sled Dog Race. Her 1987 mark of 11 days, 2 hours, 5 minutes and 13 seconds stands as the record for the dogsled race from Anchorage to Nome. She also won in 1986 and 1988, but came in second this year after several dogs became ill.

Neighbors complain about home

DETROIT (AP) — Neighbors are complaining that Aretha Franklin is giving them a case of the blues by neglecting her house on the city's west side. The two-story brick home, deeded to the singer in 1972 by her then-husband Theodore White, was condemned last year by the city. Now, the yard is overgrown and littered. "We live in a nice neighborhood, but Aretha Franklin doesn't care about us," said Theodora Stewart, who lives behind the house. Franklin couldn't be reached for comment. There was no answer Tuesday morning at the office of her attorney, Harvey Tennen. City records show the house

was bought by White and Franklin for \$18,500 in 1967, when they were married. The market value of the house and land is about \$42,500. Between 1983 and 1987, total U.S. imports from Latin America rose modestly, from \$43.2 billion to \$48.9 billion, but the share of manufacturers now represents 46.4 percent of the total, according to the Inter-American Development Bank.

LSU eliminates Hurricanes

OMAHA, Neb. (AP) - Louisiana State coach Skip Bertman's confidence level is showing at the College World Series.

Miami Coach Ron Fraser noticed it Tuesday night when his third-seeded Hurricanes were eliminated by No. 6-seed LSU 6-3 on Russ Springer's six-hitter. Tiger ace Ben McDonald added the finishing touches by coming on in relief to strike out the final

two Miami batters in the ninth. That game followed No. 4 Wichita State's second victory over No. 5 Arkansas, 8-4 in another elimination game.

"LSU is not playing like their backs are to the wall," Fraser said. "I've been there and there's a feeling you can beat anyone."

Bertman said his club, 55-16, will come back Thursday night and beat second-seeded Texas, a

team that improved to 53-17 after whipping Miami 12-2 Monday.

"McDonald will start against Texas. (Curtis) Leskanic will pitch the next one," Bertman said. McDonald is 14-3 and Leskanic 15-2.

Bertman's team already has one loss in the modified double-elimination tournament. A loss to Texas and likely starter Kirk Dressendorfer, 17-2, on Thursday

would put the Longhorns in Saturday's championship game and send LSU home. Bertman thinks Texas would have to play again Friday if McDonald stops the Longhorns as anticipated Thursday.

"I think he will beat them," Bertman said. "I never saw Texas during the regular season but I have seen them twice here."

LSU spotted Springer, 9-3, to the runs he needed with a three-run sixth inning, which included Mike Bianco's two-run homer. Tookie Johnson also extended his hitting streak to 25 games with an RBI single in the inning.

The LSU victory marked the first time in 10 CWS games this year that a higher-seeded team had not won a matchup. It also sent Miami home with a 49-18 record.

In the first game Tuesday, Wichita State Coach Gene Stephenson and pitcher Greg Brummett said the end result, not the method was the important factor in their second victory over Arkansas in Omaha.

"I don't think it was very pretty," Stephenson said. "I thought there were a lot of ugly hits, some strange plays to say the least. But the bottom line is we won."

"I felt good ... through the first four or five innings I was on top of my game, felt real good and had a lot of confidence in putting the ball where I wanted to," said Brummett, 17-2.

Eric Wedge staked Brummett to a three-run lead with a first-inning homer after walks to Jim Audley and Mike McDonald. It was Wedge's 23rd homer of the year. McDonald also added his 20th, a solo shot in the seventh.

Wichita State had a 7-1 lead heading into the bottom of the eighth but Arkansas picked up three runs, started by Troy Eklund's ninth homer of the year with one out and nobody on. Haden Ethridge doubled home another run.

PUMP JACK CHAMPIONS - Championship Flight winners for the Ladies Golf Association annual Pump Jack Partnership were, left to right, Sue Caudle and Katie Campbell of Bronte, low net with a 62 score; Penny Perry and Carolyn Greene

of Snyder, low gross with a 68; and Charlotte Sisco of San Angelo, longest drive. The single-day tournament was held Tuesday at Snyder Country Club. (SDN Staff Photo)

Detroit derails Lakers

AUBURN HILLS, Mich. (AP) - The Detroit Pistons swept away all that sweep talk. Los Angeles' playoff record no longer is perfect.

This year's Lakers won't be the first team in NBA history to go through the post-season without a loss. They still could be the first in 23 years to win three consecutive championships.

They're not about to abandon that hope simply because they were whipped 109-97 in Tuesday night's opener of the NBA Finals. They've gotten up from first-game flops before.

"We won the first game last year," Detroit Coach Chuck Daly said, "then lost the next two."

"We didn't make a big deal about the streak because if we did it would have ended a long time ago," Lakers guard Magic Johnson said.

The series shifts to Los Angeles for games next Sunday, Tuesday and, if necessary, the following Thursday.

Detroit's Isiah Thomas, who led all scorers with 24 points even though he sat out the entire

fourth quarter, knows nothing has been settled.

"It's nice, but we know from experience it takes four (victories). We've got one and there's six games left," he said.

How many of them Los Angeles starting guard Byron Scott will play is unknown. He missed the opener with a hamstring injury suffered in practice Monday. It's expected to keep him out at least until Game 3.

The Pistons have held opponents to less than 100 points in all 14 of their playoff games this season. They also limited the

Telegram tries to sponsor schoolboy championships

AUSTIN (AP) - Members of the Athletics Committee of the University Interscholastic League have been asked to consider a proposal to play the five state championship football games at Texas Stadium in the Dallas suburb of Irving.

The Fort Worth Star-Telegram has offered the UIL a \$276,000 payout in exchange for sponsorship and promotional rights to the championships.

Maureen Hathaway, director of marketing and promotions for the newspaper, made the proposal to the committee on Tuesday. If the committee passes the

Lakers to 18 points in the third quarter, the 12th time in the playoffs that a Detroit opponent had less than 20 points in a period.

James Worthy had averaged 24.5 points and Johnson 20.3 in Los Angeles' first 11 playoff games. Each had just 17, tops on the team, Tuesday night.

The Pistons took the lead for good when James Edwards' jumper made the score 20-18 with 2:51 left in the first quarter.

They led 55-48 at halftime and 79-66 after three quarters. Worthy got the first point of the fourth period before Vinnie Johnson took over.

Detroit's hot-shooting backup guard got five of his team's next six baskets, making the score 91-73. Consecutive baskets by Joe Dumars gave the Pistons their biggest lead, 105-84, with 3:45 left.

Dumars had 22 points and Vinnie Johnson 19 as Detroit's guards outscored Los Angeles' 67-40.

proposal, it will go before the Legislative Council, which is composed of 24 superintendents throughout the state.

The council does not meet until October so it is doubtful that the proposal, if approved, could be implemented before the 1990 season.

The proposal guarantees that the Star-Telegram will pay for everything, including the promotion of the games, stadium rental costs, game officials, trophies, printing of tickets, programs and kits for the news media.

The Star-Telegram also guarantees a \$100,000 profit for the Class 5A finalists. The UIL also usually gets a 15-percent cut from the games.

Anglers meet Thursday

Snyder Bass Club will meet Thursday, 7:30 p.m., at Snyder National Bank.

Among the topics of discussion will be the June Tournament, slated for the Saturday and Sunday at Oak Creek Lake.

Fishing hours for the tournament will be from 6 a.m. to 5 p.m. on Saturday, June 10, and from 6 a.m. until 3 p.m. on Sunday. Headquarters will be Ike's Sportsmen Den near the dam. Lake permits are required.

Freeman fifth in shot

Kyle Freeman, Snyder native and a senior at Angelo State University, finished fifth in the NCAA Division I shot put held last Saturday in Provo, Utah.

Freeman's throw was 60 feet, 6 inches. Texas A&M's Mike Stulce won the competition with a throw of 66-5.

Freeman, the son of Mr. and Mrs. Charlie Freeman of Snyder, is a former Class 4A state high school champion in the weight events.

Freeman previously swept the shot put, hammer throw and discus events at the Lone Star Conference meet this season. He also won the shot put at the NCAA Division II meet in Hampton, Va., in late May and was third in both the discus and hammer.

SHS athletic physicals

Snyder High School students needing an athletic physical should make an appointment with a local designated doctor.

The school will pay for physicals taken prior to Aug. 15. Steve Krueger, SHS trainer, urged students to schedule appointments as early as possible.

Those requiring physicals are seventh and ninth grade students who plan to participate in athletics and all athletes new to the Snyder school system. Others required to have physicals are students who have not previously participated in athletics, but plan to do so.

Forms are available at the athletic director's office or at the field house. Appointments may be made with Drs. Nelson Brice, Jim Burleson, Bid Cooper, Carl Dillaha, Bill Pierce or Paul Thompson.

Snyder 11, Merkel 1

Snyder stayed undefeated in Senior Teenage League play with a 10-run win over Merkel on Tuesday.

Merkel got one unearned run as Jamey Morton pitched no-hit baseball for the Tigers, now 3-0.

Randy Morris led an eight-hit Snyder attack with three singles. Ronnie Pruitt slapped two singles and Jason West, Toby Goodwin and Daniel Espinosa added one apiece.

Next action for Snyder will be Friday at 8:30 p.m. in Sweetwater.

8-9 YEAR OLD LEAGUE

Pirates 13, Braves 8

One of the few ballgames which got in before the rain swept Towle Park on Tuesday was this clash between the Pirates and Braves.

The Pirates came up with 18 hits, including a triple and three singles from Clay Derryman. Also rapping the ball for the Pirates, 4-4-2, were Cory Mandrell, two doubles and a single; Jack Hedges and Steve Burton, two doubles each; Jacob Rodriguez, a double and a single; Cory Trujillo and Joe Havner, a double each; Ben Brown, two singles; and Russell Havner, one single.

Johnny Pena slammed a home run, a triple and a single for the Braves and Zack Briseno cracked a home run and a single. Others getting hits were Bandy Rollins, three singles; Sean Duncan and Timothy McDowell, a double each; and Clell Knight, Jacob Hodges, Toby Zalman, Chris Halbert, Christopher Ortegon and Phillip Scott, one single apiece.

LSU eliminates Hurricanes

OMAHA, Neb. (AP) - Louisiana State coach Skip Bertman's confidence level is showing at the College World Series.

Miami Coach Ron Fraser noticed it Tuesday night when his third-seeded Hurricanes were eliminated by No. 6-seed LSU 6-3 on Russ Springer's six-hitter. Tiger ace Ben McDonald added the finishing touches by coming in relief to strike out the final

two Miami batters in the ninth.

That game followed No. 4 Wichita State's second victory over No. 5 Arkansas, 8-4 in another elimination game.

"LSU is not playing like their backs are to the wall," Fraser said. "I've been there and there's a feeling you can beat anyone."

Bertman said his club, 55-16, will come back Thursday night and beat second-seeded Texas, a

team that improved to 53-17 after whipping Miami 12-2 Monday.

"McDonald will start against Texas. (Curtis) Leskanic will pitch the next one," Bertman said. McDonald is 14-3 and Leskanic 15-2.

Bertman's team already has one loss in the modified double-elimination tournament. A loss to Texas and likely starter Kirk Dressendorfer, 17-2, on Thursday

would put the Longhorns in Saturday's championship game and send LSU home. Bertman thinks Texas would have to play again Friday if McDonald stops the Longhorns as anticipated Thursday.

"I think he will beat them," Bertman said. "I never saw Texas during the regular season but I have seen them twice here."

LSU spotted Springer, 9-3, to the runs he needed with a three-run sixth inning, which included Mike Bianco's two-run homer. Tookie Johnson also extended his hitting streak to 25 games with an RBI single in the inning.

The LSU victory marked the first time in 10 CWS games this year that a higher-seeded team had not won a matchup. It also sent Miami home with a 49-18 record.

In the first game Tuesday, Wichita State Coach Gene Stephenson and pitcher Greg Brummett said the end result, not the method was the important factor in their second victory over Arkansas in Omaha.

"I don't think it was very pretty," Stephenson said. "I thought there were a lot of ugly hits, some strange plays to say the least. But the bottom line is we won."

"I felt good ... through the first four or five innings I was on top of my game, felt real good and had a lot of confidence in putting the ball where I wanted to," said Brummett, 17-2.

Eric Wedge staked Brummett to a three-run lead with a first-inning homer after walks to Jim Audley and Mike McDonald. It was Wedge's 23rd homer of the year. McDonald also added his 20th, a solo shot in the seventh.

Wichita State had a 7-1 lead heading into the bottom of the eighth but Arkansas picked up three runs, started by Troy Eklund's ninth homer of the year with one out and nobody on. Haden Ethridge doubled home another run.

PUMP JACK CHAMPIONS - Championship Flight winners for the Ladies Golf Association annual Pump Jack Partnership were, left to right, Sue Caudle and Katie Campbell of Bronte, low net with a 62 score; Penny Perry and Carolyn Greene

of Snyder, low gross with a 68; and Charlotte Sisco of San Angelo, longest drive. The single-day tournament was held Tuesday at Snyder Country Club. (SDN Staff Photo)

Detroit derails Lakers

AUBURN HILLS, Mich. (AP) - The Detroit Pistons swept away all that sweep talk. Los Angeles' playoff record no longer is perfect.

This year's Lakers won't be the first team in NBA history to go through the post-season without a loss. They still could be the first in 23 years to win three consecutive championships.

They're not about to abandon that hope simply because they were whipped 109-97 in Tuesday night's opener of the NBA Finals. They've gotten up from first-game flops before.

"We won the first game last year," Detroit Coach Chuck Daly said, "then lost the next two."

"We didn't make a big deal about the streak because if we did it would have ended a long time ago," Lakers guard Magic Johnson said.

The series shifts to Los Angeles for games next Sunday, Tuesday and, if necessary, the following Thursday.

Detroit's Isiah Thomas, who led all scorers with 24 points even though he sat out the entire

fourth quarter, knows nothing has been settled.

"It's nice, but we know from experience it takes four (victories). We've got one and there's six games left," he said.

How many of them Los Angeles starting guard Byron Scott will play is unknown. He missed the opener with a hamstring injury suffered in practice Monday. It's expected to keep him out at least until Game 3.

The Pistons have held opponents to less than 100 points in all 14 of their playoff games this season. They also limited the

Lakers to 18 points in the third quarter, the 12th time in the playoffs that a Detroit opponent had less than 20 points in a period.

James Worthy had averaged 24.5 points and Johnson 20.3 in Los Angeles' first 11 playoff games. Each had just 17, tops on the team, Tuesday night.

The Pistons took the lead for good when James Edwards' jumper made the score 20-18 with 2:51 left in the first quarter.

They led 55-48 at halftime and 79-66 after three quarters. Worthy got the first point of the fourth period before Vinnie Johnson took over.

Detroit's hot-shooting backup guard got five of his team's next six baskets, making the score 91-73. Consecutive baskets by Joe Dumars gave the Pistons their biggest lead, 105-84, with 3:45 left.

Dumars had 22 points and Vinnie Johnson 19 as Detroit's guards outscored Los Angeles' 67-40.

Telegram tries to sponsor schoolboy championships

AUSTIN (AP) - Members of the Athletics Committee of the University Interscholastic League have been asked to consider a proposal to play the five state championship football games at Texas Stadium in the Dallas suburb of Irving.

The Fort Worth Star-Telegram has offered the UIL a \$276,000 payout in exchange for sponsorship and promotional rights to the championship.

Maureen Hathaway, director of marketing and promotions for the newspaper, made the proposal to the committee on Tuesday. If the committee passes the

proposal, it will go before the Legislative Council, which is composed of 24 superintendents throughout the state.

The council does not meet until October so it is doubtful that the proposal, if approved, could be implemented before the 1990 season.

The proposal guarantees that the Star-Telegram will pay for everything, including the promotion of the games, stadium rental costs, game officials, trophies, printing of tickets, programs and kits for the news media.

The Star-Telegram also guarantees a \$100,000 profit for the Class 5A finalists. The UIL also usually gets a 15-percent cut from the games.

Anglers meet Thursday

Snyder Bass Club will meet Thursday, 7:30 p.m., at Snyder National Bank.

Among the topics of discussion will be the June Tournament, slated for the Saturday and Sunday at Oak Creek Lake.

Fishing hours for the tournament will be from 6 a.m. to 5 p.m. on Saturday, June 10, and from 6 a.m. until 3 p.m. on Sunday. Headquarters will be Ike's Sportsmens Den near the dam. Lake permits are required.

Freeman fifth in shot

Kyle Freeman, Snyder native and a senior at Angelo State University, finished fifth in the NCAA Division I shot put held last Saturday in Provo, Utah.

Freeman's throw was 60 feet, 6 inches. Texas A&M's Mike Stulce won the competition with a throw of 66-5.

Freeman, the son of Mr. and Mrs. Charlie Freeman of Snyder, is a former Class 4A state high school champion in the weight events.

Freeman previously swept the shot put, hammer throw and discus events at the Lone Star Conference meet this season. He also won the shot put at the NCAA Division II meet in Hampton, Va., in late May and was third in both the discus and hammer.

SHS athletic physicals

Snyder High School students needing an athletic physical should make an appointment with a local designated doctor.

The school will pay for physicals taken prior to Aug. 15. Steve Krueger, SHS trainer, urged students to schedule appointments as early as possible.

Those requiring physicals are seventh and ninth grade students who plan to participate in athletics and all athletes new to the Snyder school system. Others required to have physicals are students who have not previously participated in athletics, but plan to do so.

Forms are available at the athletic director's office or at the field house. Appointments may be made with Drs. Nelson Brice, Jim Bursleson, Bid Cooper, Carl Dillaha, Bill Pierce or Paul Thompson.

Rangers 3, White Sox 1

ARLINGTON, Texas (AP) - Texas Rangers pitcher Kevin Brown says he's had "better stuff" before, but Chicago White Sox manager Jeff Torborg begs

to differ with him. Brown flirted with a no-hitter for 6 1-3 innings Tuesday night and wound up with a three-hit, 3-1 victory over the White Sox, the fourth victory for Texas in the last five games.

"Actually, my breaking ball wasn't very good tonight," said Brown, 24.

"I was throwing my fastball well tonight," added Brown, 5-2. "But I had a better slider at Minnesota last week."

"Oh, Man, has he got good stuff," said Torborg. "He has a good arm. It looked like everything he threw worked for him tonight."

Brown struck out six and walked just three in sending the White Sox to their 14th setback in the last 17 outings.

Melido Perez, 3-7, was tagged with the loss.

Astros 8, Padres 7

Houston, trailing 7-4 with two out in the ninth, scored three times off Padres relief ace Mark Davis to force extra innings. The Astros made it 7-7 on a bizarre play after Davis had apparently thrown a game-winning third strike past Alex Trevino.

Catcher Benito Santiago dropped the ball and, in his desperate hunt for it, forgot that the bases were loaded and he need only touch home plate for a forceout. Instead, he tried to tag Ken Caminiti charging home from third. The ball was knocked loose in the collision and the game was tied.

"I almost fell on the ground when I saw Santiago do that. I knew we were going to win after that," said Houston's Glenn Davis, whose 10th-inning, two-out single started the winning play. San Diego right fielder Bip Roberts had the ball bounce off his glove, allowing Bill Doran to score from first base.

Reliever Dave Smith, 1-2, pitched the top of the 10th for the victory.

Randy Johnson, pitched briefly for Montreal in 1988, at 6-10 is the tallest man ever to play in the major leagues.

Chang reaches Open semifinals

PARIS (AP) - Michael Chang, free of the cramps that wracked him against Ivan Lendl, continued his march through the French Open tennis championships today, battling past Ronald Agener 6-4, 2-6, 6-4, 7-6 to reach the semifinals.

Chang, the No. 15 seed, next will play the winner of the last men's quarterfinal taking place later today between Mats Wilander, the defending champion, and Andrei Chesnokov.

SENIOR TEENAGE LEAGUE

Snyder 11, Merkel 1

Snyder stayed undefeated in Senior Teenage League play with a 10-run win over Merkel on Tuesday.

Merkel got one unearned run as Jamey Morton pitched no-hit baseball for the Tigers, now 3-0.

Randy Morris led an eight-hit Snyder attack with three singles. Ronnie Pruitt slapped two singles and Jason West, Toby Goodwin and Daniel Espinosa added one apiece.

Next action for Snyder will be Friday at 8:30 p.m. in Sweetwater.

8-9 YEAR OLD LEAGUE

Pirates 13, Braves 8

One of the few ballgames which got in before the rain swept Towle Park on Tuesday was this clash between the Pirates and Braves.

The Pirates came up with 18 hits, including a triple and three singles from Clay Berryman. Also rapping the ball for the Pirates, 4-4-2, were Cory Mandrell, two doubles and a single; Jack Hedges and Steve Burton, two doubles each; Jacob Rodriguez, a double and a single; Cory Trujillo and Joe Havner, a double each; Ben Brown, two singles; and Russell Havner, one single.

Johnny Pena slammed a home run, a triple and a single for the Braves and Zack Briseno cracked a home run and a single. Others getting hits were Bandy Rollins, three singles; Sean Duncan and Timothy McDowell, a double each; and Cjell Knight, Jacob Hodges, Toby Zalman, Chris Halbert, Christopher Ortegon and Phillip Scott, one single apiece.

NRA tries to counter endorsements

WASHINGTON (AP) — While several police organizations are urging Congress to approve strict controls on semiautomatic assault-style weapons, some 225 officers gathered on Capitol Hill to say those groups don't speak for them.

"The average policeman in America right now is extremely upset with the misrepresentations," said Patrolman Thomas J. Aveni Jr., who asked that his department be identified only as being in Camden County, N.J.

The notion that policemen

favor "gun bans as a solution to violent crime" is wrong, said Aveni, who recently organized a group called Law Enforcement for the Preservation of the Second Amendment, which guarantees the right to keep and

bear arms.

"The majority of us have taken an oath to uphold the Constitution," he said in an interview. "The Second Amendment's the cornerstone of the Constitution. If the Second Amendment goes, there's no guarantee that the rest of the Constitution will remain intact. ... Without arms, people are powerless to dissent against any kind of tyranny or repression of government."

Drug decriminalization would cut the cost of crime in U.S.

WASHINGTON (AP) — With President Bush vowing that the "scourge" of drugs will stop and drug czar William J. Bennett organizing the troops for a full-scale war, calls for decriminalization of drug use are like cries in the dark.

But the cries are getting louder and have drawn together people from disparate sides of the political spectrum — from conservative William F. Buckley to Baltimore Mayor Kurt Schmoke, a former prosecutor.

Advocates of such a stance point to a drop in crime rates following the 1933 end of Prohibition that had outlawed liquor sales since 1920. Today, huge drug profits and artificially high drug prices are fueling the violent crime plaguing cities throughout the country, they say.

Removing the profits would remove the criminals, the argument goes, and the billions of dollars now spent on unsuccessful enforcement efforts could be funneled into treatment and education programs.

But the Bush administration maintains the need for "zero tolerance" of illicit drug use, and fighting the war on drugs — even if it requires scarce federal financial resources — is a priority on

Capitol Hill. In March, Bush told one group of high school students that legalizing drugs would be "180 degrees wrong."

A recent forum featuring advocates of decriminalization — organized by the libertarian-leaning Cato Institute and featuring presentations by Schmoke, Princeton University Professor Ethan Nadelmann and attorney James Ostrowski — drew attendees from Bennett's Office of National Drug Control Policy, the Justice Department and the Health and Human Services Department.

The three who spoke to the forum emphasized that they weren't advocating use of now-illicit drugs.

"The available evidence indicates that legalization would not lead to an explosion in drug use. The repeal of alcohol prohibition did not," said Ostrowski. "The decriminalization of marijuana in Alaska and the Netherlands did not. The cheap and ready access to cocaine and narcotics in the 19th century did not."

"The fact is, most people in our society are capable of acting responsibly when it comes to drugs," he said. "Users of nicotine are declining. Alcohol

abusers are only a small percentage of the population."

The panel members differed, however, on how much decriminalization they want.

Schmoke stressed that although he believes marijuana use and sales should not have criminal penalties, he was not advocating that sales of cocaine, heroin and other dangerous drugs be allowed in the same manner that alcoholic beverages are now sold.

"The model that I think makes the most sense is the model in Holland, in which the government treats addicts as patients and says that you can obtain these substances from certified health professionals," Schmoke said. "But if you obtain these substances outside the public health system, you're subject to criminal sanctions."

Such a plan lowers the crime rate, because "you don't have to rob and steal and break into people's houses to obtain enough goods to buy drugs," and it restricts the spread of AIDS that otherwise would be transmitted through the sharing of needles, he said.

Ever-increasing spending on unsuccessful enforcement makes no sense, Nadelmann argued.

Reports vary on casualties

BEIJING (AP) — The Chinese government says that 300 soldiers, "thugs," bystanders and students have been killed during the martial law occupation of Beijing.

But most other estimates of casualties are far higher.

State Council spokesman Yuan Mu said on Tuesday that 7,000 people, including 5,000 soldiers, have been injured and 400 other soldiers are missing and may be dead or wounded.

Non-official sources say Yuan's figures on civilian casualties are far too low, but most have different estimates on the number of victims. They

range from 500 to 12,000 people slain.

In Washington, U.S. intelligence reports indicate 3,000 people probably were killed, according to a U.S. official who spoke on condition of anonymity. He said estimates of the number of dead could go higher.

Nearly all of the deaths and injuries occurred Saturday night and early Sunday when troops, firing randomly into large crowds, smashed through barricades to reach Tiananmen square and attack demonstrators demanding democratic reforms.

One doctor said Sunday that a quick check of 10 hospitals placed the death toll at 500.

Other sources, compiling various reports and surveys, estimated more than 1,000 people had been killed.

That number has increased with additional details and rumors of killings.

Some officials of China's Red Cross said 2,600 people were killed but Beijing's Red Cross office has refused to provide any figures.

One Hong Kong newspaper

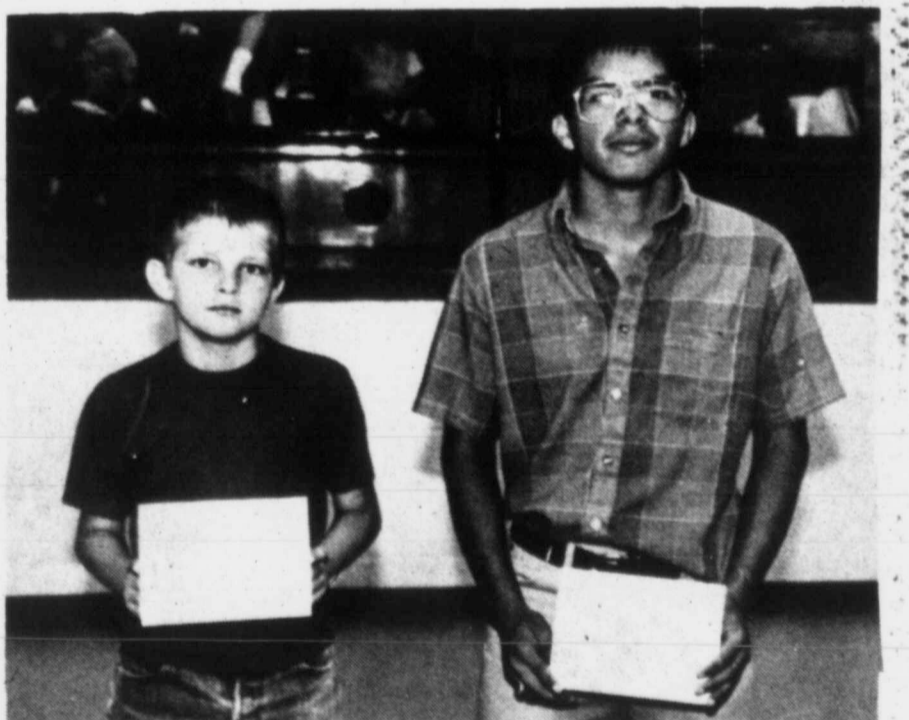

reported 5,000 deaths and 30,000 injured.

An Eastern European diplomat, whose country has good relations with China, insisted that 12,000 people were slain by soldiers as they attacked protesters in Tiananmen Square.

That figure is certainly high. Probably fewer than 10,000 people were in the square when the troops moved in and most were able to escape unharmed.

But students who had joined the Tiananmen occupation said hundreds of colleagues from the Academy of Fine Arts who were huddled around their "Goddess of Democracy" statue in the square were shot or crushed by tanks. Beijing University students said 150 of their fellow students who were in the square are missing.

There were rumors that after the square was cleared troops burned many corpses in large bonfires and other bodies were removed by helicopters and garbage trucks to minimize the death count.

MOST IMPROVED—Harve Smith and David Reyna were recognized as the two most improved students on May 26 during the Ira Schools awards assembly. (SDN Staff Photo)

Actor finally will graduate

SANTA MONICA, Calif. (AP) — It's been a long time coming, but Oscar-winning actor Dustin Hoffman is finally going to be a graduate.

The Santa Monica College board voted unanimously Monday to give an honorary associate in arts degree to Hoffman, who enrolled in 1955 to study music but changed to theater arts and never graduated.

Superintendent Richard Moore said Hoffman sent word through his agent that he would be honored to accept the degree. Hoffman is currently appearing in "The Merchant of Venice" in London.

Hoffman has been nominated six times for Academy Awards, including "The Graduate," "Midnight Cowboy," "Lenny" and "Tootsie." He won Oscars for his performances in "Rain Man" and "Kramer vs. Kramer."

Vehicle theft noted after traffic stop

Two San Angelo men were arrested for unauthorized use of a motor vehicle at 1:05 a.m. Wednesday in the 4000 Block of College Ave.

Gary G. Baker, 30, and Joe R. Campbell, 41, were taken into custody by a police sergeant after a check of statewide computer records indicated that the 1979 Chevrolet they were riding in had been reported stolen in San Angelo.

Baker was also arrested for public intoxication and Campbell for DWI.

They were stopped because they had run a stop sign, an officer said.

Other police action overnight included the arrest of a 23-year-old man for driving with his license suspended at 10:59 p.m. Tuesday in the 2700 Block of Ave. K.

Carpet reported as stolen here

Myron Fenton told police at 2:25 p.m. Tuesday that a man had stolen some new carpet from a house he was renting in the 2000 Block of Ave. O.

Texas judge extends TRO

PORT LAVACA, Texas (AP) — A state district judge extended for 10 days a temporary restraining order against the Texas Parks and Wildlife Department's enforcement of shrimping regulations in bays around Calhoun County.

Acting Judge Mike Fricke took the action Tuesday. He initially issued the temporary order on May 15 after shrimpers and shrimp house operators filed a class action suit.

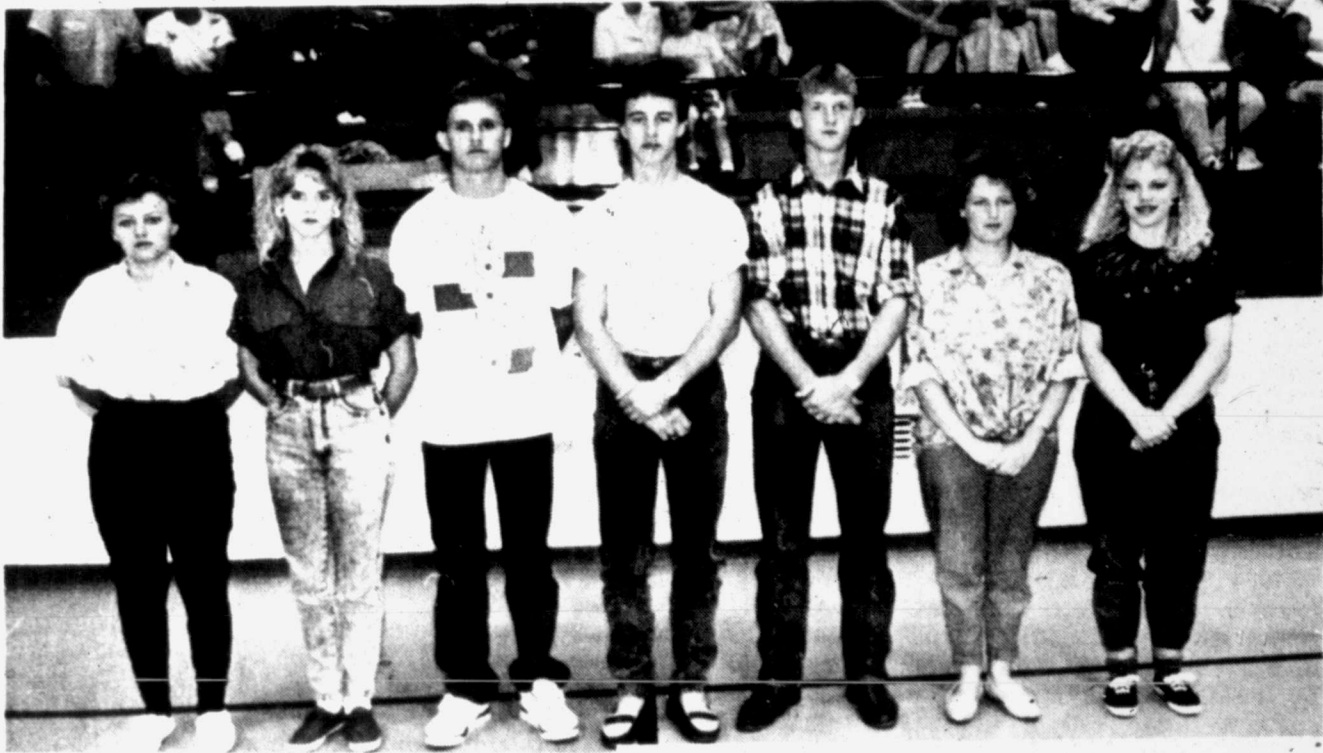

Members of the shrimpers' group challenge the department's enforcement of shrimping laws and contend some provisions of those regulations are unconstitutional.

State law currently permits shrimpers to license boats both as commercial shrimp boats and as bait shrimp vessels. Under the bait shrimp license, a shrimper may catch up to 200 pounds of shrimp per day for sale as bait, but must keep one-half the catch alive on the boat.

Officials say commercial shrimp boats are allowed to take up to 300 pounds of shrimp per day in the spring season from May 15 to July 15 for sale as food.

Department policies require a shrimper to catch the limit under one license, unload the shrimp and then return to bays to catch the second limit for a total of 500 pounds per day.
