2016 HASKELL INDIAN BAND

## Indian Band receives a Superior Rating at contest

Nine years and counting. That is how many consecutive years the Haskell High School Mighty Indian Marching Band has received a superior rating.

The band performed at the Region 7 UIL Marching Contest Saturday, October 22 in Wichita Falls. The judges,

all from 6A high schools in the Metroplex, rewarded the band's effort with a division I rating. Haskell was one of only four schools in the A and AA classifications to receive a top rating. Schools advance to the next level of competition on alternating years, and this is not the year

for Class AA to advance.

Mike Aston, assisted by Teresa New, has directed the band for the past eleven years. This year the band played four contrasting music styles, including Rock, Confident; Jazz-Latin, Jump in the Line; Sacred, Abide with Me; and Pop, Viva La

Vida. The fifty member band is led by senior drum major Payton Thomas.

It takes a lot of hard work on the part of the directors and students to put together a superior performance. They begin practice during the summer and continue with in-school and after school

practices. It is certainly rewarding when all that hard work pays off. The band's UIL performance may be viewed on YouTube, just type in Haskell HS Mighty Indian Marching Band.

Congratulations to the Haskell Indian Band on a job well done.

# Insurance agency has new owner

After 19 years in the insurance business, Chan and Bridget Guess have sold the insurance portion of their corporation.

and the insurance agency and the real estate agency will continue to share this space just as before. Nothing much will change except the insurance agency will have a new owner, Dylan Gray from McKinney, who will provide the same personal attention to the customers," Chan said.

Bridget will continue as the broker and owner of Haskell County Realty. The new owner of the insurance agency will move into the offices at the same location and with the same name, Haskell County Insurance Agency.

The couple said they were careful with their decision to select a new owner.

"We wanted someone who would understand the needs of our rural community and shared our values. Relationships are important to the business and taking time to customize the insurance needs of each client are the foundation we built the company on," Chan explained.

Gray has been in the insurance business for seven years.

"Chan and I believe we found the right person in Dylan to continue the relationships with our existing customers as well as build new relationships. He, too, will continue Haskell County as an independent agency and plans to add more companies to give more options to customers to better serve their needs," Bridget said.

Bo Tatum, who has been with the agency since 1994, will remain as the insurance office manager.

"I'm looking forward to spending all my time on real estate now, and, of course, having some help from Chan occasionally," Bridget said.

The couple expressed gratitude for their customers and the support of the community.

"Bridget and I appreciate the relationships we established with our customers and the confidence and trust they placed in us," Chan said. "The support of the community enabled us to move the agency forward and build a future in Haskell, and we are grateful."

Chan plans a career move into finance. With a BBA and an MBA degree from Texas Tech University, he will pursue a different side of business; this time in the financial world.

"We are not leaving Haskell. Bridget is laser-focused on her reality business, and our roots and home are here," Chan said.

**INDIAN HURDLE**—Haskell Indian #33 Rocky Haggard hurdles the Archer City defender to gain yards for the Indians.

# Indians scalp Wildcats, to host Petrolia Friday

by Michael Lindsey  
The Indians walked away from Archer City with a big win last Friday night 44-21, but the Wildcats did keep the game interesting through the first half, putting up 15 points in the second quarter. The score at halftime was 27-15. The Tribe would only allow six more points in the entire second half, while Haskell would cash in on 17 more points bringing the game to its final, and a spread out victory.

Three of the second half's 17 points came from junior Caleb Wheat with the super leg, hitting a career long field goal of 49 yards. A kicker like this young man comes few and far between in all levels of high school football. Probably seen in small school football once in a decade and I'm not even sure it happens that often. Stats on Maxpreps.com say

Wheat has hit 34 out of 35 extra points, and at this level that is as efficient of a kicker as you're going to see.

Another player putting together another solid performance this season was senior quarterback Alec Roewe. Roewe completed 17 out of 27 passes for 254 yards with 3 touchdowns and the all important 0 interceptions. Roewe also ran the ball for 69 yards on 14 carries and one touchdown. Roewe's favorite target throughout the night was fellow senior Kellen Parks, who caught 9 passes for 150 yards, and all three touchdown passes thrown by Roewe.

I think that we also need to recognize the defense as a whole for falling just short of completely shutting out Archer City in the second half. Only allowing six points, which was scored in the fourth

quarter, that was too little too late for the Wildcats. Coach Grady Benton said on Sunday, "Game day is funny. Sometimes you get to the field and you don't have your best stuff. I'm proud of my guys for weathering that storm and grinding out a win. They have put themselves in position to accomplish what they set out to do when we started this."

Now the Indians will move on to their next and final regular season opponent Petrolia, whom will travel to Haskell and battle on Indian Field. This all important game will determine what lies ahead for both teams' season. There are a lot of scenarios, but I can guarantee one, with a win Haskell would be the third place representative. So let's all be at Indian Field on Friday night to help cheer our Indians on to victory.

# Operation Round Up applications due Nov. 17

The Operation Round Up program, administered by volunteers on the Big Country Electric Cooperative trust board of directors, allows the cooperative and its members to partner together to provide financial assistance to those

in need locally. This program is supported by co-op members whose electric bills are "Rounded Up" to the nearest dollar. The "Round Up" amount goes into the Operation Round Up fund for distribution to individuals and organizations with demonstrated financial need in the counties we serve: Borden, Fisher, Garza, Haskell, Jones, Kent, Mitchell, Nolan, Scurry, Shackelford, Stonewall and Throckmorton.

Applications are evaluated with the utmost confidence and funding decisions made by the trust's board of directors—your peers and neighbors—who volunteer their time, hearts and consideration to make decisions that will positively impact lives in our communities. Food needs and food banks, shelter, medical bills and health needs, rescue organizations, educational projects, child care programs and other special needs are just a few of the ways this fund helps families and groups in our local communities. Every penny stays right here at home, in the counties we serve.

Applications for assistance will be accepted now through Nov. 17 at 5:00 p.m.

Applications, instructions and FAQs are available at [bigcountry.coop](http://bigcountry.coop), just look for the Operation Round Up name or logo. Please contact Sarah McLen at 325-776-3803 or at [smclen@bigcountry.coop](mailto:smclen@bigcountry.coop) with any questions about Operation Roundup.

### Diabetes Texas style workshop Nov. 5

Knowledge is the key to making lifestyle changes and controlling and managing diabetes. The 22nd annual Diabetes Texas Style workshop will be held Sat., Nov. 5, at the Shelton Building, 2000 Pine Street, Hendrick Medical Center in Abilene. Registration and exhibits open at 8:00 a.m. and the workshop will conclude at noon.

Registered Pharmacist, Greg Young, will kick off the day with an entertaining presentation, "I Walk The Line."

Joining the list of speakers this year from College Station Texas will be Registered Dietician,

Danielle Krueger to help us learn more about the importance of carbohydrates for a person with diabetes. In this presentation, she will talk about what counts as a carbohydrate, understanding the basics of carbohydrate counting, and how these basics can help manage blood glucose.

Rounding out the morning will be Dr. Charlotte Akor, Ophthalmologist with Hendrick Medical Center with a discussion on "The Diabetic Eye." Diabetic eye disease comprises a group of eye conditions that can affect people with diabetes. All forms of diabetic eye disease have the potential to cause severe vision loss and blindness. Dr. Akor will discuss eye care in dealing

with these issues.

There will be time for questions and answers at the end of each presentation.

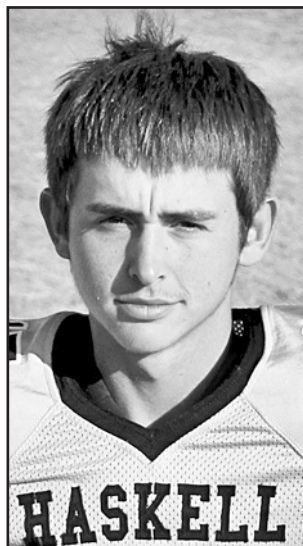

During the workshop, participants will have an opportunity to visit exhibits which will include diabetic supplies, patient educational materials, and pharmaceuticals with company representatives to answer questions.

A refreshment break will feature diabetic food samples and recipes as well as door prizes throughout the morning. The free workshop is sponsored by Texas A&M AgriLife Extension Service in Taylor, Jones and Nolan counties and Hendrick Diabetes Center for Education.

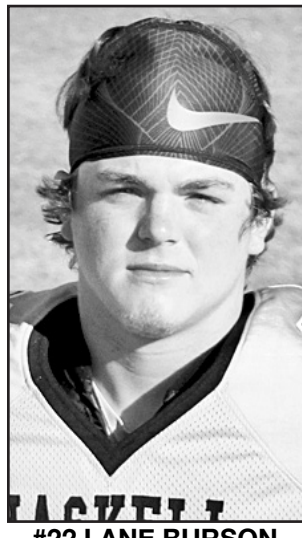

Individuals with disabilities who require an auxiliary aid are asked to contact 325-672-6048 in advance to see how an accommodation can be made. For more information on the workshop contact Darlene Hopkins 940-864-2658 or darlene.hopkins@ag.tamu.edu.

While diabetes is not curable, it is manageable. People with diabetes who maintain blood sugar, blood pressure and cholesterol levels within recommended ranges can lower their health care costs and increase their productivity.

## This Week's Devotional Message:

From the beginning, we have assigned our leaders the awesome task of guiding our nation through the storms of war, economic crisis and social conflict. Some of them were undoubtedly better at it than others, and all of them were a mixture of virtues and weaknesses. Nonetheless, they had one thing in common. They all prayed for God's guidance whenever they had to make a major decision that would affect our destiny. That was the secret of their greatness, they had the humility to rely on a higher source of wisdom. Those of us who don't bear that much responsibility would still do well to follow their example and go to our house of worship, to seek the best advice for the well-being of ourselves and our families.

Afterward, the students went to Cobb Park for a picnic and relaxed before heading back to the classrooms.

BLACKWOOD LEGACY GOSPEL QUARTET

## Blackwood Legacy Gospel Quartet to perform live

The Blackwood Legacy Quartet, direct from Nashville, will be in concert Tues., Nov. 15, at 7:45 p.m. at the First United Methodist Church in Haskell. Admission is free to this community-wide, non-denominational event and a free-will offering will be received for the group.

The popular Blackwood Legacy Quartet blends the best of traditional Southern Gospel with today's newer Country Gospel for a unique mix that pleases audiences of all ages. The group most recently performed at the prestigious Fanny Cosby Memorial Concert, televised live from Nashville across the US.

Group owner and bass singer, Rick Price, was originally a protégée of the late Cecil Blackwood, of Blackwood Brothers fame, and began his 40-year career singing with the Blackwood Brothers

in 1977, and was honored with induction into the Gospel Music Hall of Fame with the legendary group in 1998.

Spokane native Luke Yates sings baritone with the group, and is also an accomplished pianist and Nashville recording artist. Tenor singer Paul Secord, formerly a featured singer for Disney World, is one of the most talented in Gospel Music today.

Lead singer, Hunter Sparkman, is a talented Christian recording artist and musician from Nashville.

Performing since 2001, The Blackwood Legacy Quartet was signed to Mansion Entertainment in 2010, and continues the grand tradition of gospel music, performing nearly 250 dates annually nationwide.

## Haskell CISD seeks gifted learners

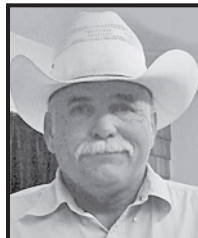

Haskell CISD conducts a program for students with above average potential in academic and creative-productive thinking skills areas in grades K-12. This gifted education program is designed to challenge students to accelerate above and beyond the regular school curriculum.

Any adult wishing to nominate a student believed to be an intellectually or creatively gifted learner is encouraged to come by any of the three offices: Haskell High School Office, Haskell Jr. High Office or Haskell Elementary Office to pick up the necessary forms. Offices are open from 7:45 a.m. to 3:45 p.m. Those students nominated will go through a screening procedure that requires special testing. At the time of nomination, parents will be requested to grant permission for this test.

Nomination period for Haskell CISD is Nov. 7-18. During this time parents may pick up an application at any of the three campuses to nominate a student. Fill out the paperwork and return it back to the campus office by Fri., Nov. 18.

For any further assistance, contact Michelle Thane at 940-864-2602 ext. 105.

Hello,  
I am your sheriff, Winston Stephens. I was born here and have made Haskell County my home for fifty-six years. My lovely wife, Sharon, and I have been married for thirty-six of those years. We are blessed with four outstanding children. Our children have blessed us with seven wonderful grandchildren.

My deputies and I have over seventy-six years of experience between us to serve you. I went to work as deputy in 2001 and have worked cases from Aggravated Sexual Assault of a Child to fighting the war on drugs. I have seized, and also been involved in the seizure of over two million dollars in cash and drug assets.

I have run and been involved in the running of multiple drug search warrants throughout Haskell County. I promise to continue this battle on drugs and drug dealers with my last breath, to make our home, Haskell County, a wonderful, safe place for our children and grandchildren to grow up. I wish to thank each one of you for the great honor of serving you as Deputy, Chief Deputy, and now Sheriff. Your great support and backing me in trying to better Haskell County are the best in the State of Texas. Again, thanks to each one of you for the honor of serving you as sheriff. I also look forward to the honor of serving you as Haskell Co. Sheriff for another four years. Please remember to come out and vote for me November 8th. Allow me to continue to serve and protect you as Sheriff of Haskell County. God bless.
