Beach riot

VIRGINIA BEACH, Va. (AP) — Labor Day weekend ended with little more than a skirmish after two nights of clashes between police and black youths on the oceanfront strip.

Shortly before midnight Monday, a crowd of about 40 young people protested when a police dog tore at the clothes of a man officers were arresting. Police sealed off the area and the confrontation ended about 20 minutes later.

700 acres burn

HENLY, Texas (AP) - Astubborn fire over 700 acres of ranch land east of Pedernales Falls State Park has been brought under control after a 28-hour battle, authorities said today.

At least 80 firefighters from across Central Texas and beyond had to overcome flame, rugged ter-101-degree rain, temperatures and gusty winds. "There is not enough people, not enough water and too much wind," Tommy Holder, a volunteer with the Blanco Volunteer Fire Department, said Monday at the height of the fire. The fire was brought under control by 8 p.m. Monday.

Times change, and students may miss some of the fond memories of yesteryear. The opening of school meant finally getting to wear those new clothes that were purposefully accumulated over the summer.

It usually included two pairs of jeans, three or four new shirts, socks without holes and a pair of high-top tennis shoes. You had to be careful in a game of sandlot football not to get a hole in the knee of those new pants.

By spring, everybody had patches on their jeans, but nobody wanted knee patches in September. And if your sneakers became worn before Christmas, you could look forward to miserable wet feet during the winter.

We can still remember the days when the high school building took up more room than the parking lot. Yep, there were cars in the old days, but only teachers - and not all of them - drove cars. School days are fun days ... so enjoy 'em.

If Two Forks were built, her home "would be under approximately 300 feet of water - if they ever had the water to fill it," Roth said.

A two-month public hearing period is the next step, followed by a final decision by EPA administrators in Washington, D.C.

DeHihns said his five-month review concluded that the Denver metropolitan area's future water needs did not warrant the environmental toll of the proposed \$500 million to \$1 billion project.

Abortion ruling spurs action on both sides of the issue

MILWAUKEE (AP) - Deb Morse was angry with the U.S. Supreme Court's recent abortion ruling and decided to join her local chapter of the National Organization for Women.

But she found that her community, La Crosse, no longer had one. That didn't stop her, though, as she set out to revive the city's NOW chapter.

Ms. Morse said she would have considered the group's first meeting a success if 10 people attended.

Instead, nearly 100 men and women showed up last week to express displeasure at the high court's decision to uphold key restrictions in a Missouri abortion law. They also started to devise a plan of action.

"We're really going to have to do something quickly and concrete," Ms. Morse said. "We want to let the legislators ... know how we feel and how strong that feeling is.

The ruling effectively returned regulation of abortions to state legislatures. The court also agreed to hear three other abortion cases this fall.

The renewed debate also has brought new members to antiabortion forces.

No Matter What You've Heard, Wine Makes Lousy Medicine

By Abigail Van Buren

© 1989 Universal Press Syndicate

DEAR ABBY: You were way off base in your response to "Mom," who needed a glass of wine in the evening to relax after a stressful day. The lady is not necessarily a candidate for Alcoholics Anonymous.

Two glasses of wine a day actually helps save lives. Moderate use of alcoholic beverages, especially wine, which is the most moderate of them all, is beneficial to the cardiovascular system. It increases the level of "good" cholesterol in the blood, which in turn blocks the formation of "bad" cholesterol --- the kind that leads to arteriosclerosis and other ills.

Doctors consider wine so beneficial that it is now on the menus of over half the hospitals nationwide; it is part of the evening routine at many rest homes because it relaxes people, contributes to social interaction, improves sleep patterns and generally cheers folks up. Until very recently, it was regularly prescribed by doctors as a mild sedative.

In addition, researchers at the University of California at Berkeley have recently discovered that red wine contains the largest percentage of "quercetin," the most potent anti-cancer agent known in any food - including broccoli and zucchini. In short, wine is good for you. Do you have the guts to print the truth? CHERIE MORRISON,

SAN FRANCISCO

DEAR CHERIE: According to Dr. P.J. Palumbo, director of nutrition at the Mayo Clinic, medical editor of the Mayo Clinic Nutrition Letter, and an expert on lipids (cholesterol and triglycerides), alcohol has no proven beneficial effect on preventing heart disease. And the fraction of "good" cholesterol affected by alcohol is not the fraction that prevents heart disease.

As for wine being on the menu at "half the hospitals nationwide," one hospital where it is not offered is the world-famous Mayo Clinic. Alcohol should be avoided entirely by people tak-

tives, alcohol is addictive. To be effective over a period of time it must be taken in ever-increasing quantities, which can result in liver damage. Dr. Terrance Leighton, pro-

fessor of biochemistry at the University of California at Berkeley, did the studies of quercetin in red wine. The studies were undertaken to ascertain whether the quercetin content of the wine would offset the carcinogenic properties of the alcohol. He concluded that the percentage of quercetin in a glass of red wine is 100 times lower than in an onion. So, onions (and garlic, incidentally) are even better for you than broccoli, zucchini and red wine.

And that, "Ma Cherie," is the truth I have the guts to print.

DEAR ABBY: My elderly mother died last week after being in an extended-care facility for some time. She was able to go to the dining room for her meals until the last three months. It was there that she saw the other residents.

Instead of having the usual family floral piece at her funeral, we placed a bouquet of flowers on each of the tables in the dining room in her memory.

Not only did it brighten the room, it brought smiles to many faces. HAZEL TEEGARDEN,

COLUMBUS, IND.

DEAR HAZEL: I offer my sincere condolences on the loss of your beloved mother. Your idea of dividing the flowers so that all the residents could enjoy them was both innovative and generous. Thank you for an idea well worth sharing.

A heat pump. And there are three good reasons you should get one.

A HEAT PUMP COOLS, HEATS AND SAVES.

Replace your old air conditioner with a new electric heat pump. It's a high efficiency air conditioner in summer. While, in the winter, it's the most energy efficient heating system you can own. On even the coldest days, a heat pump system operates efficiently and will provide all the warmth you need.

A HEAT PUMP CAN SAVE \$130 A YEAR.

Compared to a gas furnace, a heat pump is more energy efficient. And TU Electric's low rates make heating and cooling your home with a heat pump an even better value. Tests have shown you can save \$130 or more a year by installing a heat pump.*

Officials seeks ways to aid beached whale

GALVESTON. Texas (AP) - work, which rescued the whale. Having secured nourishment for a 900-pound baby sperm whale hours Monday before locating a found floundering in shallow milk substitute needed for waters, marine workers are turning their attention to caring for the whale.

The whale, nicknamed Odie, was found beached Saturday west of Sabine Pass and transported the next day to Sea Arama Marine World in Galveston on a flatbed truck.

'We don't know why he beached himself,'' Sea Arama spokeswoman Christy Benson said Monday, adding that most they have an illness.

Experts nationwide have been contacted for help about caring for Odie because a sperm whale has never been in captivity long enough for study, said Gina Barron, state coordinator for the **Texas Mammal Stranding Net-**

Mariner workers searched for feeding.

"He's OK. He's just kind of sit-ting there" in his holding tank, Ms. Benson said. "He now needs some nourishment. He's a big guy - and he's just a baby.'

Odie is estimated to be a little more than a week old, but already is 13 feet long.

Marine workers have been feeding the whale an electrolytesolution through a stomach tube to keep him hydrated, but the whales become stranded because mammal also needs "some caloric intake," Ms. Benson said.

> Sea Arama officials had trouble finding a lactose-free milk substitute for Odie because many businesses were closed on the Labor Day holiday, but they finally found the needed veterinary product at the Houston Zoo, she said.

> Zoo officials "brought us what they had" for the whale, Ms. Ben-son said. They also told Sea Arama officials where they could find more today.

"We're just going to continue to treat him and feed him and hope for the best," she said.

The closure of laboratories because of Monday's Labor Day holiday also delayed efforts to find out what's wrong with the whale, she said.

LAFF-A-DAY

"After all these years I've finally taught Alfred to speak only when yelled at."

UT falls to Colorado, 27-6, in season opener

BOULDER, Colo. (AP) - Except for sub-par production from in fine fashion.

Sophomore night.

Hagan passed 5 yards to fullback George Hemingway to put the Buffs ahead 14-0 in the first quarter, and he ran 4 yards cond play from scrimmage set up the first CU score.

Meanwhile, the Colorado defense sacked Texas quarterbacks five times and forced three harried Longhorn quarterbacks into numerous other hurried throws.

Kick returns also played a part in the Colorado victory. Jeff Campbell, whose fumbled punt return set up one of the Texas field goals, redeemed himself with punt returns of 21 and 33 yards that led to two subsequent CU scores. M.J. Nelson's 47-yard kickoff return late in the half helped produce a CU field goal.

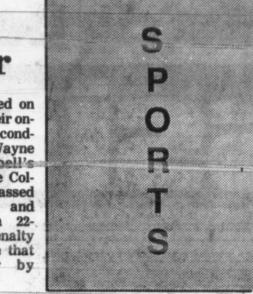

"It was a complete victory, the kind you enjoy, where everybody plays hard," McCartney said. "Our quarterback did a good job in his first start. His big-play ability gave us a lift. Defensively, our pressure on their quarterbacks was enough to keep their passing game in check. Our kick returns were key plays.

"Any time you beat Texas, it's a heck of a victory." It was Col-orado's first victory over Texas in the five-game series.

McCartney's only real complaint was with the relative paucity of yardage from tailbacks Eric Bieniemy and J.J. Flannigan. Bieniemy, who averaged 124 yards per game rushing a year ago, had just 66 yards on 16 carries Monday night. Flannigan got 51 yards on 11 carries in a relief role.

"Our tailbacks are accustomed to gaining more yards," he said. 'We'd like them to be more proctive, and we'd like to control the line of scrimmage better than we did. We had a lot of secondand-longs. But any time you play a team that's as big and strong as they are and commit that many guys to stopping the run, it's going to be tough to gain vards."

The Longhorns capitalized on Colorado mistakes to get their onthe tailback position, Colorado ly scores — a pair of second-coach Bill McCartney found little quarter field goals by Wayne to fault after his 14th ranked Buf-Clements. After Campbell's faloes kicked off their 1989 season fumbled punt return at the Colorado 37, Mark Murdock passed quarterback 24 yards to Tony Jones, and Darian Hagan, starting his first Clements then kicked a 22game, ran for one touchdown and yarder. A personal foul penalty passed for another as the Buffs was a key play in a drive that romped over Texas 27-6 Monday produced a 29-yarder by Clements.

Connors returns to old form upsets Edberg at U.S. Open

his favorite tennis setting, Jimmy Connors put aside the issues of age and stamina, replacing them with some oldtime verve and nerve to advance to the quarterfinals of the U.S. Open.

He did it with a 6-2, 6-3, 6-1 romp over Stefan Edberg Monday night, a victory so thorough that one of the games Edberg

NEW YORK (AP) - Back in won was on a default when Connors got into one of his old fashioned debates with the chair referce. He was fined \$2,250 for his rowdiness, but it was probably worth every penny to pro-duce this unlikely triumph.

"I went out and played the kind of match everybody dreams of playing, hitting the ball that way and just making things happen,' Connors said.

It was the kind of match he isn't supposed to be capable of playing anymore, not at age 37, not two days after he was so severely crippled by cramps that he needed intravenous liquids.

But this is the Open, his favorite tennis playground, a tournament he has won five times on three different surfaces.

"I love this place," Connors said. "The atmosphere, the people. You open the gates and they flood in, everybody's pushing and shoving. They're animals.

Seattle Chicago Monday's Games New York 2, California 1 Detroit 5, Kansas City 1

"But I put myself in that group. That's the way I've always played, like an animal my whole ite. To be put in a cage with these people is a lot of fun.'

The Snyder (Tex.) Daily News, Tues., Sept. 5, 1989 5

Against Edberg, a finalist in the French and Wimbledon tournaments and seeded No. 3 in the Open, Connors played brilliant tennis. There was none of the oldfashioned fist-pumping and playing to the crowd.

The victory earned Connors a quarterfinal date with sixthseeded Andre Agassi, who took out Jim Grabb 6-1, 7-5, 6-3.

Also moving to the men's quarters were ninth-seeded Tim Mayotte, who defeated No. 7 Michael Chang 7-5, 6-1, 1-6, 6-3, and top-seeded Ivan Lendl, who survived a gruelling 3-hour, 45-minute duel with No. 16 Andrei Chesnokov, finally winning 6-3; 4-6, 1-6, 6-4, 6-3.

On the women's side, defending champion Steffi Graf overcame a slow start, winning the last 10 games in a 6-4, 6-0 rout of Rosalyn Fairbank to reach the quarters.

Also advancing were No. 8 Helena Sukova, who defeated Larisa Savchenko 4-6, 6-1, 6-2, No. 3 Gabriela Sabatini, who beat No. 15 Conchita Martinez, 6-1, 6-1, and Arantxa Sanchez Vicario, a 6-2, 6-2 winner over Barbara Paulus.

Spikers take 4th in Pecos

The Snyder Lady Tigers volleyball team travelled to Pecos over the weekend to compete in that city's volleyball tournament.

The Snyder crew took fourth place honors in the event. Friday's play was highlighted by the Lady Tigers beating Crane, Palo Duro and Bel Aire in pool play and advancing as a seeded team to the second day.

Brownfield was the next victim for Snyder as they fell 15-3 and 16-14 to the Tigers as the girls from Snyder prepared to meet Hereford.

The first loss of the tournament came at the hands of the Hereford squad as they defeated Snyder 15-9 and 15-3 putting the Black and Gold unit into the consolation game. Facing Del Valle in the consolation match was a tough proposition, too, as Snyder lost 15-11 and 15-7 to take fourth place. The winner of the tournament, Pecos, will be here Saturday for a 2 p.m. match with Snyder. The Lady Tigers travel to Plains tonight to put their 7-3 season mark on the line in a match beginning at 5 p.m.

Eight rookies make Dallas' produced the final margin. His 75-yard dash on the game's se-cond play from scrimmage set up IRVING, Texas (AP) - Scott picked up in a trade with the see on the waiver wire Tuesday

Ankrom was picked in the 12th Baltimore Colts; tight end Keith afternoon," Johnson said. "We round by the Dallas Cowboys almost as an afterthought.

let's see what he can do," said coach Jimmy Johnson.

Working against Ankrom were series of injuries at Texas Christian, ranging from hamstring pulls to a broken ankle.

"I knew I would have to get through camp without getting hurt and I knew I needed to impress them right away," Ankrom said.

He did both and made the team on Monday when Johnson announced the 47-man roster.

Eight rookies including Ankrom made the team but among the veteran casualties were wide receiver Ray Alexander and running back Junior. Tautalatasi.

"I think the things I showed on the special teams is what did it,' Ankrom said. "I never had a feeling I had the team made but I can tell you I was fighting for a spot. I wasn't going to let any of the older guys intimidate me."

Ankrom, who played every of-fensive position but lineman at TCU, was involved in a shoving match or fisticuffs of some sort at almost every Cowboys scrimmage. And he scuffled with an opposing lineman during the Cowboys' exhibition at the Los Angeles Raiders.

"We were very pleased with Scott because he's a physical wide receiver who also added a lot to our kicking game. Johnson said. "That was the difference when we looked at our number three, four, and five wide receivers. We wanted them to be able to contribute to the special teams."

Jennings, a fifth-round pick from Clemson; free agent tight end "Oh, the guy has some speed Anthony Jones; fifth-round pick and defensive tackle Jeff Roth of Florida; free agent tackle Ricky Siglar of San Jose State; free agent defensive lineman Tony Simmons of Tennessee; free agent linebacker Ken Tippins of Middle Tennessee State: and Greg Gilbert, a free agent linebacker from Alabama.

> The other seven rookies on the active roster included quarterbacks Steve Walsh of Miami and Troy Aikman of UCLA; fullback Daryl Johnston of Syracuse; linebacker Randy Shannon of Miami, defensive lineman Tony Tolbert of Texas-El Paso; offensive guard Mark Stepnoski of Pittsburgh; and wide receiver **James Dixon of Houston.**

Dixon was picked up off waivers from Detroit last week.

'He gives us some things on the special teams we want to look at. We like his speed," Johnson said. "He made some plays the other night and we thought it might be beneficial to look at him again."

Dixon set numerous Southwest Conference pass receiving records last year and was the top receiver in the nation.

Johnson said not to set the Cowboys' roster into concrete.

"This was our first practice match," said coach Charlie "We could still make some Chrane. "We have a lot of work changes depending on what we and improving to do. We have got

might not make any changes but we'll just have to see.'

The Cowboys are still looking for help at defensive tackle and linebacker.

There are three rookies on Dallas' injured reserve squad, tight end John Duff of New Mexico, linebacker Kevin Peterson of Northwestern and linebacker Willis Crockett of Georgia Tech.

Fishing club meets Thurs.

The Snyder Bass Club's monthly meeting will be held Sept. 7 at 7:30 p.m. at the Snyder National Bank.

A contest will be held on the bank parking lot for casting ac- 2. curacy. Everyone should bring a rod and reel and pay \$1 for entering. The winner of the contest takes all.

The tournament for the month of September is slated for the 9th and 10th at Lake Colorado City and Lake Champion. The event is scheduled to coincide with the Colorado City Bass Club's Open Tournament.

Fishing will begin at 6:30 a.m. both days and will end at 5 p.m. Saturday and 3 p.m. Sunday.

Headquarters will be set up at the ramp in the state park on Lake Colorado City.

Fishermen may register at the monthly meeting or the day of the tournament.

Only 11 members fished the White River tournament in August. Johnny Spruell, leader of the club's Top Twenty, won the event with only two fish weighing a total of 3.60 pounds. Luke Proctor took second place and honors for the 'big bass' with a single fish weighing 2.85 pounds. Con-rad Reed took third place with 1.55 pounds followed by Rick Howard, Buck Rambin and Jimmy Kiker with 1.40, 1.35 and 1.15, respectively.

An updated listing of the Snyder Bass Club's Top Twenty is as follows:

Ms. Miner was thrown from the vehicle, and died when the car in which she was travelling rolled over her.

John Christian Casparis, 63, of Johnson City died Monday afternoon when his own truck rolled over him after he fell getting out of the pickup, Wells said.

Casparis was driving on a county road about 10 miles northwest of Dripping Springs in Hayes County when several items fell out of the back of the truck. Casparis stopped on an incline, then fell as he got out of truck to retrieve the items. The truck rolled back over him.

Airport board discussed

consider. The first recommendation made by Zeck was a complete reorganization of the board, saying that no more than 25 percent of the board be composed of pilots. The other board members, in Zeck's proposal, should be businessmen, people involved in agriculture, representatives of major oil companies, representatives of the general public, and

representatives of the prison. Secondly, Zeck proposed that copies of minutes, expenses and revenues of the airport board be on record so that anyone can examine them at any time. He also proposed written job descriptions. "We need to get away from this good ol' boy agreement type stuff," he said.

County Judge Bobby Goodwin addressed Zeck's suggestions, first by saying that he and the commissioners would consider them. He did say that the minutes from monthly airport board meetings are on file in the County Auditor's office, along with expenditures and revenues.

Judge Goodwin said that Commissioner Tommy Pate, also a pilot, is usually at the airport every morning to maintain rela-

tions with airport personnel and business.

Wayland Huddleston, airport board member, said that he has been involved with the airport

since 1966, and "...it's being run right now better than at any time in the past."

Zeck suggested that some of Mize's hours at the airport are spent doing mechanic work, not necessarily working for the coun-

ty. Mize responded that he spends an average of 53 hours per week, between the hours of 8 a.m. and 8 p.m., working and being accountable for the county. He does mechanic work there also, but that is not within the hours he is accountable for the county.

Blackard said that Mize has done as good a job as can be done saving tax dollars right now, pointing out that all county entities are feeling the "tax crunch "

Judge Goodwin said that the board has been looking out for the best interest of the public. When some hangars were flooded, with five inches of water standing, concrete slabs were poured to keep the planes out of the water. Zeck countered that his plane was in one of those hangars, and that rain was so infrequent, it did not bother him to have his plane in the water on such occassions.

Each commissioner, along with Goodwin, said that they would consider Zeck's proposals.

In other business, the court adopted a contract with Alta Health Services for hospitalization insurance for county employees.

DEAR DR. GOTT: I'm an elementary school student and want to know what causes muscular dystrophy. Is there a cure, and can it be avoided?

DEAR READER: Muscular dystroty is a term describing a class of inherited, progressive muscle diseases of unknown cause.

Pseudohypertrophic (Duchenne) muscular dystrophy is the most common type. It primarily affects boys between the ages of 3 and 7, causing weakness of the large muscles in the upper legs. The disorder causes a waddling gait, frequent falls and difficulty walking. The leg muscles are slowly replaced by a combination of scar and fatty tissue

Most patients are confined to wheelchairs by the age of 12. About 50 percent of these patients have lower IQ test results. Because there is no treatment for Duchenne muscular dystrophy, most patients die by the age of 20 from respiratory complications, resulting from weakness of the chest and back muscles.

Fascioscapulohumeral (Landouzy-Dejerine) muscular dystrophy is a rare muscular disease that usually begins in early adolescence. It is marked by difficulty moving the lips, closing the eyes and raising the arms. Again, no treatment is available, but life expectancy is normal.

Limb-girdle muscular dystrophy results in weakness of the shoulders and pelvic muscles. It usually begins in adulthood.

Ocular myopathy causes progres-sive weakness of the eyelids (ptosis), as well as difficulty in coordination of other muscles, notably in the eyes and face.

Congenital myopathies are individually named, according to the muscle groups involved. Like the above examples, they are inherited muscle disamples, they are inherited muscle dis-orders, affecting children and causing OH 44101-3428. Be sure to state your delayed walking and weakness that are not, however, progressive.

In summary, the muscular dystrophies cause profound weakness in various muscle groups. By and large, the afflictions are progressive and un-treatable, although physical therapy and various devices, such as braces, will help dystrophic patients to cope with their disease. Because muscular dystrophy is inherited (not contagious), genetic counseling - for would-be parents at risk - is a must. People with family histories of muscular dystrophy are often encouraged a not to have children.

COLOMBIA

This South American country was recently plunged into near anarchy by the drug lord-ordered assassinations of a leading presidential candidate and a crusading police chief.

As much as 80 percent of the cocaine arriving in the United States is controlled by a drug cartel headquartered in the provincial capital of Medellin. The drug barons of the Medellin-Gartel" have effectively formed their own government one that is more powerful than the official government in Bogota.

Under strong U.S. prodding, the Colombian government has tried to crack down on the drug lords. They, in turn, have assassinated hundreds of police and government officials and some 50 judges.

The Snyder (Tex.) Daily News, Tues., Sept. 5, 1989 9

The cartel was quick to claim credit for the twin killings of Liberal Party head Luis Carlos Galan, who was campaigning on a strong antidrug platform, and district police chief Franklin Quintero, who had led raids against cocaine processing labs and had a \$500,000 bounty on his head. The cartel promised the killings would continue as long as the government tried to interfere with eir activities.

The recent assassinations have shocked the government into action. **Colombian President Virgilio Barco** says he will re-establish an extradition treaty that will allow for drug kingpins to be sent to the United States without any judicial process in Colombia.

DEAR READER: Red streaks under the nails do not ordinarily indicate liver disease. They can, however, be a consequence of certain bloodstream and heart infections, such as endocarditis. In addition, small hemorrhages under the nails can be a sign of a clotting deficiency.

Show the red streaks to your doctor. If further tests are necessary, the practitioner will order them. In my opinion, you should have a complete blood count, tests for blood clotting and blood cultures.

Day Torrid Labor temperatures sent many Texans indoors for rest and relaxation, many heading to air-conditioned malls for purchases instead of picnics.

For others, the informal end of summer was filled with politicians and parades. And workers cleaned up after weekend music festivals in several cities.

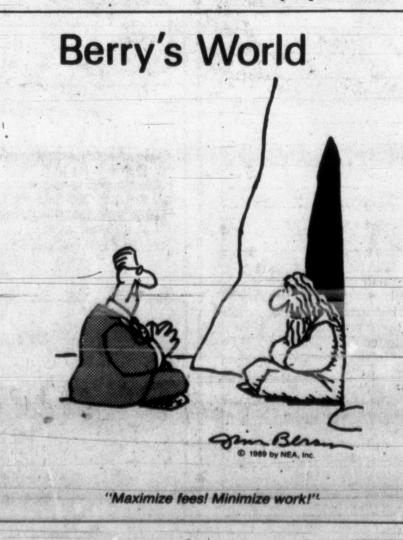

Temperatures across the state hovered in the 90s and low 100s Monday. The Texas Rangers beat the Minnesota Twins 8-5 in 101-degree heat at Arlington Stadium Monday afternoon.

Some state recreational lakes were busy, but others reported moderate or light attendance and blamed it on high weekend temperatures and muggy conditions.

The Guadalupe River, a popular spot between Austin and San Antonio for rafting and tubing, was practically deserted.

"It's been plain sorry. What we need is rain," said Viola Meckel, whose husband owns Lazy L-and-L, a bait and tube shop on the Guadalupe near Sattler.

In Beaumont, state Treasurer Ann Richards was barely into her Labor Day Speech when the

microphone went dead. Richards

and Texas Attorney General Jim Mattox, who are engaged in a battle for the Democratic nominations for governor in 1990, addressed some 3,000 people.

The two candidates joined Democrats seeking virtually every other statewide office at the annual picnic sponsored by state Sen. Carl Parker, D-Port Arthur.

In Denton, two Republican gubernatorial hopefuls used a traditional Labor Day political picnic to urge GOP front-runner for the nomination to resign his **Railroad Commission seat.**

Houston businessman Jack Rains and Midland rancher Clayton Williams said Kent Hance should resign to give Gov. **Bill Clements a chance to appoint** another Republican.

Hance, who did not attend the picnic, has said he has no intentions of resigning.

While most Texans enjoyed the extra day off from work, some professional football players were given their walking papers. The Dallas Cowboys and **Houston Oilers released dozens of** players to meet the NFLmandated 47-man roster limit.

In Galveston, where the big excitement was the effort to save a beached sperm whale, the beach patrol reported a moderate crowd at mid-afternoon.

Scientists, hampered by closed stores and laboratories, scrambled to obtain a milk substitute to feed the 13-foot-long whale, nicknamed Odie.

Joe Pool Lake, the 7,500-acre lake that opened near Dallas-Fort Worth Aug. 18, was jammed with boaters and picnickers.

"It's not as bad as that opening day, but it's pretty packed," said Sharon Jernigan of the Grand Prairie police.

In the Dallas suburb of Garland, families lined the streets for the annual Jaycees parade. About 225 bands, drill squads and floats marched in the 2½-hour, five-mile route.

At least 300,000 Texans attended weekend events held in conjunction with Miller Brewing Co.'s "Biggest Party in History" promotion.

Fears that the events, highlighted by concerts by The Who in Houston and Dallas, would turn into alcohol-induced free-for-alls turned out to be unfounded.

The donations soared to a record shortly after Bob Sampson, an airline executive crippled muscular dystrophy, apby peared in the final hour.

"No telethon for my kids will ever be anything without him," Lewis said in introducing Sampson, who contracted MD as a teenager during the Depression ed in fighting. and first appeared on the telethon in 1967.

Sampson, who has lost two of his six grandchildren to muscular dystrophy, told Lewis last week he couldn't return to the telethon this year because of

Misprinted stamp could post profit

FORT WORTH, Texas (AP) Postage stamps picturing a honey bee landing on a flower could be worth several hundred dollars if they have printing mistakes determined to be rare, experts say.

Many of the misprinted 25-cent stamps have been found here and in New York and Los Angeles. The misprints do not include a black border, the number "25" in the price and the letters "USA" at the top of the stamp.

The stamps could be worth 50 cents to several hundred dollars, depending on the number of misprints and the seriousness of the mistakes, experts say. The more widespread the mistake, the lower the value of the stamp.

Helen Wallace of R.E. Wallace **Stamps and Coins in Fort Worth** said she has received about 15 calls concerning mistakes in rolls of stamps bought recently.

Postal officials in Dallas said they knew nothing of the mistake, but stamp collecting experts say a similar mistake was discovered several weeks ago in New York. In Los Angeles, the outline of the bee was omitted on some stamps.

"If any of the ink fountains for various plates dry, or any roller disengages at a start up or end especially, you can have an omis-sion of a color," said Steve Datz with Generál Philatelic Corp. in Denver, which publishes "U.S. Errors, Inverts, Imperforates and Colors," a book on mistakes in stamp printing.

Datz said mistakes in stamps are fairly common.
