

Illegal aliens to be counted in 1990 census

WASHINGTON (AP) — House and Senate negotiators have agreed to include the number of illegal aliens counted in the 1990 census when congressional districts are redrawn to account for shifts in population.

Under an amendment approved by the Senate, the use of federal funds would have been prohibited for counting illegal aliens for the purpose of congressional reapportionment.

A House-Senate conference committee, however, voted Thursday to drop the Senate amendment when it approved appropriations for the judiciary and the Commerce, State and Justice Departments.

Texas, which stands to gain as many as three to four new congressional seats because of an increase in population since the 1980 census, could have forfeited one of those seats had illegal aliens not been counted, a state official said.

In Brief

Food drive

IRVING, Texas (AP) — Next month, millions of Boy Scouts will start a nationwide food drive designed to draw attention to this country's hungry, officials say.

Boy Scouts of America is conducting its second annual "Scouting For Food Good Turn" Nov. 11-18. The scouts will distribute food bags from coast to coast and will retrieve the filled food bags a week later for delivery to local food banks.

The U.S. Select Committee on Hunger estimates that more than 20 million Americans go hungry for at least a few days every month.

Officer buried

EL PASO, Texas (AP) — El Paso police awarded the department's Medal of Valor to the family of a detective who shot and killed a gunman that had mortally wounded him.

The medal was awarded at a graveside service Thursday for Norman Montion, who was killed when his former business partner went on a shooting rampage.

Richard Stratton killed his wife, Montion and Sergio Silva Munoz, an employee of Montion's business, on Monday. Montion, returning gunfire, killed Stratton.

Hastings out

WASHINGTON (AP) — The Senate today approved impeachment charges against U.S. District Judge Alcee L. Hastings of Florida, automatically ousting him from the federal bench for conspiring to obtain a \$150,000 payoff.

Sixty-nine senators voted guilty and 26 voted not guilty on the first article of 17 articles of impeachment.

The Senate then proceeded on the 16 other charges.

Scurry County United Way

\$78,000 Scurry County United Way is almost half way to its goal of \$78,000, Barbara Figueredo, president, said today.

\$70,000 Some \$38,534, or 49 percent of the goal, has been collected.

\$60,000 "We're halfway there. There is still a lot of the Commercial Division yet to be turned in, so we're optimistic," Figueredo said.

\$50,000 Aiding the cause this week was a check for \$1,520 from the Scurry County Pilots Association, which donated proceeds from its Fly-In during White Buffalo Days last Saturday.

\$40,000 The goal of \$78,000 would allocate \$28,000 to Scurry County Boy's Club, \$15,000 to Snyder Child Day Care, \$13,000 to Noah Project, \$5,500 each to the Boy Scouts and Girl Scouts and \$500 each to Red Cross and The Salvation Army. Also included is \$5,000 for local expenses.

\$30,000 United Way directors include Julie Sentell, Stan Paregien, Dalton Moseley, Jackie Hall, L.C. Green, Rudy Garza, Linda Franklin, Mike Dunham, Jack Denman, Ed Barkowsky, Dale Williamson, Rex Robinson, Leatha Ritchie, Jeff Martin and Nancy LaRoux.

\$20,000 Others are L.E. Griffin, Paul Gilbert, Wilma Dillard, Larry Anderson, Bert Robbins, Art Feinsod, Fran Farmer, Glen Butler and Donny Brown.

Legislators, advocates meet to mull over insurance woes

AUSTIN (AP) — Legislators and consumer advocates from across the country are meeting to discuss how to fight the insurance industry, which they said has an iron grip on many state houses.

"The way the insurance industry wines and dines the Legislature, nothing will happen until the people rise up," James David Cain, a Louisiana lawmaker, said Thursday.

Public Citizen, a watchdog group founded by Ralph Nader, is sponsoring the insurance reform conference, which is called "Taming the Giant."

Cain, a Democrat, said much of his insurance legislation was killed in committee by the insurance lobby.

Wanda Jo Peltier said she

fought utility companies during her first two terms in the Oklahoma Legislature, but is now taking on the insurance companies. "They are every bit as powerful as the utilities," said the Oklahoma City Democrat.

Caroline Smith, a former insurance regulator from Massachusetts and now with

Public Citizen, said rising insurance rates are causing more people to call for increased regulation of insurance companies.

"It's a very important issue. It affects too many people to be ignored," she said.

Jury finds man guilty

A 132nd District Court jury deliberated for more than 12 hours Thursday and Thursday night before finding David V. Medrano of 306 20th St. guilty of attempted murder in the Aug. 5 shooting of a 19-year-old Snyder man.

After hearing final arguments from District Attorney Ernie B. Armstrong and defense lawyer David Martinez of Lubbock, the panel retired to deliberate at 10:35 a.m., broke for lunch and then took until 11:50 p.m. to reach its verdict.

Testimony in the punishment phase of the trial was proceeding at midday.

Medrano is accused of shooting Oscar Garza Jr. in a late night incident in the 300 Block of 20th St.

Keeping tabs on our neighbors: Larry Crabtree, in the Vernon Daily Record, says that modern medicine is okay, but some home remedies remain popular.

"Warts is a skin problem experienced by many. There are about as many solutions for getting rid of warts as there are suggestions for dealing with hiccups.

"The current issue of the Old Farmers Almanac lists some interesting wart removing remedies. Among the 50 solutions are:

- rub with dandelion juice.
- rub seven times with a gold ring.
- wash your hands in water used to boil potatoes.
- count them each night for nine nights.
- give your warts names and think good things about them.
- sell the wart to someone and don't spend the

- money.
- rub it on St. Abdon's Day, July 30.
- rub it with the sole of your shoe.
- cut an apple in half, rub each half over the wart, tie the halves together, and throw them away.
- look at the new moon, rub the wart three times, saying 'You grow and go.'
- rub it with a fish.
- kiss the wart, then kiss someone else.
- rub it with a chicken foot.

Some solutions on the list got downright disgusting. If all else fails, you can always make an appointment with the doc.

Hermleigh gears for homecoming

Hermleigh's bi-annual homecoming will begin with registration at 9 a.m. Saturday at the school and continue throughout the day with lunch, a business meeting, barbecue supper, football game and dance.

Highlights include the crowning of a homecoming queen and hero at halftime of the football game and special recognition of the 1945 girl's basketball team

which was state runner-up.

Lunch, sponsored by the Hermleigh Booster Club, will be served at 11:30 a.m. in the cafeteria and will be followed by a 2 p.m. business meeting. At this time a special recognition of the 1945 girls team will be made. Eight of the 10 team members are expected for Saturday's reunion.

The 1939 graduating class will also be recognized. Local entertainment is planned.

Hermleigh School and community memorabilia from the 1930s and 1940s will be on display during the day.

The senior class will sponsor a barbecue supper to be served from 5 until 7 p.m., prior to the homecoming tilt between Hermleigh and Highland. Gridiron action gets underway at 7:30 p.m.

Barbecue supper tickets are priced at \$3 for grades six and under and \$6 for grades seven and over. A dance is also planned in the gym following the game. Tickets are \$1 each for kindergarten through third graders and \$3 each for fourth graders and above.

In addition to crowning homecoming royalty, other halftime activities are also planned.

Homecoming candidates include Robert Romero, Andrew Sanchez, Melissa Anderson, and Felix Martinez, all juniors; Karen Olsen and Manuel Castillo, seniors; and Mandy Olsen, freshman.

Skin cancer cases level off

CHICAGO (AP) — After decades of soaring rates of skin cancer — largely because of sun-tanning — Americans finally may be wising up to the dangers of the bronzed look, a medical researcher says.

Rates of malignant melanoma, the most deadly form of skin cancer, appeared to start leveling off in 1988, after 27 years of steep rises, said Dr. Andrew Glass of Kaiser Permanente's Center for Health Research in Portland, Ore.

"It's going to take some more time to follow that along," Glass said in a telephone interview Thursday. But early figures from the National Cancer Institute in

Bethesda, Md., appear to indicate a similar leveling off, he said.

Glass' remarks came after he reported on a long-term tracking of 300,000 members of the Kaiser Permanente prepaid health plan in the Portland, Ore., and Vancouver, Wash., areas.

Researchers found that from 1960 to 1987, annual cases of a type of skin cancer called squamous cell carcinoma increased 2.6 times in men and 3.1 times in women.

Squamous cell carcinoma is one of the commonest skin cancers, occurring in thousands of people each year. Usually starting as a scaly patch on the lip,

ear or hand, it grows, spreads and even causes death if untreated.

"Squamous cell skin cancer clearly seems to be related to skin exposure — it is more common among fair-skinned individuals, especially those with frequent or long-term exposure to sunlight," said a report by Glass and Dr. Robert N. Hoover of the National Cancer Institute.

Their findings represent the first systematic report over time of squamous cell skin cancer, they said.

The researchers also looked at melanoma, and found its incidence rose 3.5-fold and 4.6-fold among men and women, respectively, during the same 27-year period.

Greater exposure to sunlight is only one of many factors believed to have contributed to the increased rates of melanoma, the researchers said in their report in today's *Journal of the American Medical Association*.

But the occurrence of melanomas on the body's trunk rose much faster than cancers involving the head and neck or the extremities, the researchers

said. "These observations are consistent with the impression that the rising incidence of both malignancies may be attributable to increased voluntary exposure to the sun," said the researchers.

Malignant melanoma, which often starts in an existing mole that becomes enlarged, is the kind of cancer most likely to spread and kill.

Researchers found 2,453 cases of invasive skin cancers among members of the health plan.

The American Cancer Society has estimated that half of all people who live to age 65 will have skin cancer at some point in their lives and predicted malignant melanoma will kill 6,000 people this year.

Your Birthday

Oct. 21, 1989

In the year ahead don't be afraid to go after big objectives just because you never tried to do so before. This is a new ball game and Lady Luck will do her best to coach you.

LIBRA (Sept. 23-Oct. 23) Steer clear of competitive involvements today where you know going in that the odds favor your opponents. Wait until the deck is more evenly stacked. Libra, treat yourself to a birthday gift. Send for your Astro-Graph predictions for the year ahead by mailing \$1 to Astro-Graph, c/o this newspaper, P.O. Box 91428, Cleveland, OH 44101-3428. Be sure to state your zodiac sign.

SCORPIO (Oct. 24-Nov. 22) Be on guard today letting your emotions overrule your logic. Be a bit detached, keep a cool head and hold your feelings in check.

SAGITTARIUS (Nov. 23-Dec. 21) Keep everything on a purely social basis with friends today. Don't try to draw them into your business deals nor let them involve you in theirs.

CAPRICORN (Dec. 22-Jan. 19) If at all possible avoid associations with egotistical or arrogant individuals today, because a domineering type might try to entice you to do something you'd rather not.

AQUARIUS (Jan. 20-Feb. 19) You're a pretty keen observer today, but unfortunately, your focus might be on the frailties of others rather than on your virtues. No one is perfect, including yourself.

PISCES (Feb. 20-March 20) Check things out personally today before taking on gambles on investments recommended by another. Your counselor might not be half as smart as you are.

ARIES (March 21-April 19) In order to maintain peace in your household today avoid issues where you and your mate feel compelled to take opposing positions. Neither is apt to yield.

TAURUS (April 20-May 20) If there is something you want done a specific way today, be prepared to do it yourself. You could be rather difficult to please and your demands may discourage helpers.

GEMINI (May 21-June 20) Strive to protect your possessions and manage your money wisely today, because there is a chance you might be careless or wasteful, or perhaps both.

CANCER (June 21-July 22) You might experience some inner conflicts today because of your indecisiveness. Instead of trying to have a foot in two camps, take a singular position and adhere to it.

LEO (July 23-Aug. 22) Usually you are rather independent and daring, but today you might become immobilized because of your fear of making a mistake. Be hopeful and positive.

VIRGO (Aug. 23-Sept. 22) If you get involved in a group activity today be sure it is something where everyone realizes they must pay their fair share of the bill. Don't let the burden get passed onto you.

Bringing Up 'Baby' Is Wearing Grandma Out

By Abigail Van Buren

© 1989 Universal Press Syndicate

DEAR ABBY: My 33-year-old grandson (I'll call him "John") was divorced two years ago, so he came to live with me for free. I am a widow, living on a small pension and my Social Security.

John is a sweet and lovable lad, but he is a little on the lazy side. He refuses to carry out the trash, clear the table after his meals or make his own bed. He is immaculate about himself, taking two or three showers a day. I do all his laundry and even shine his shoes, and I must say he is a fine looking young man and a spiffy dresser.

He makes good money, but he spends it all on clothes and going out. His parents live in the city, but he doesn't get along very well with them and prefers to live with me.

I am not in the best of health and am getting a little weary. I love this lad, but my health is not too good and looking after him is quite a chore. What do you suggest?

WORN-OUT GRANNY

DEAR WORN OUT: I suggest that you quit pampering this "sweet, lovable" lad. He's 33, and it's time he became a man. You are encouraging, indeed contributing, to his selfishness by making no demands on him.

Hear me, Granny: Boot this full-grown bird out of the nest; he'll never learn to fly unless he has to.

DEAR ABBY: I have a problem, as do most people who write to you. My problem concerns my mother and my girlfriend. "Theresa" (my girlfriend) is 16, and she's a very nice girl. She is intelligent, fun to be with and beautiful besides. I like her very much, and I feel so good when I'm with her that it's hard to explain.

Now for my problem: Theresa's parents aren't the best in the world. Her father drinks quite a bit, and her mother is a heavy drinker and a "tramp," to quote my mother. Now my mother says Theresa is the same as her mother, and I should try to

find a "nice girl to date." Well, I've looked, and I'd rather have Theresa. I'll be 18 soon, which I think is old enough to know a nice girl from a tramp. I'm still living at home, but I'd move if I could support myself. I'm working, but don't make enough to be on my own.

In case you're wondering if Theresa feels the same about me, the answer is yes.

I guess what I really want to know is this: Is it fair to judge a person by the way her parents act? In my heart I know it isn't, but I just need to hear it from you.

IN LOVE IN OKLAHOMA

DEAR IN LOVE: The answer that's in your heart is in my head. No, it isn't fair. Everyone should be judged by his or her own behavior.

DEAR ABBY: Just read your letter "From Wahoo, Neb." in which you explain the flower-over-the-ear signal.

As a native-born Hawaiian, here's the true meaning of flower placement: If a girl wears a flower over her left ear, it means she is spoken for. (Same side as her heart — which is the reason why wedding rings are worn on the left hand.)

If the flower is worn over the right ear, it means the girl is available or unattached.

A flower worn on the back of the head means "Follow me." A flower on top of the head means "Married, but will fool around."

TDC guard suspended for allowing rapists to escape

HUNTSVILLE, Texas (AP) — A state prison guard has been suspended pending an investigation into the escape of two convicted rapists, one of whom remained free for a week until he was captured earlier this week in Denver.

Texas Department of Corrections spokesman David Nunnelee said Thursday that guard Lloyd Peebles, 58, was suspended with pay until authorities complete their investigation into the escapes of David Pickle and Gary Bidy on Oct. 11.

Peebles was in charge of a 28-prisoner work crew at the Darrington Unit in Brazoria County when Pickle, 31, and Bidy, 35, walked away.

Darrington Warden Keith Price said he has recommended that Peebles be fired for failing to keep a continuous count of the inmates, who were cutting brush in a wooded area.

Peebles, who has worked for the prison system for 20 months, could not be reached for comment, the Houston Chronicle reported today.

Pickle, who was serving a 30-year sentence for raping a 27-year-old woman in Midland, was recaptured two days later. He was still hiding on the 6,700-acre

prison complex.

Bidy eluded searchers, however, until being arrested Wednesday at a Volunteers of America shelter for the homeless in Denver. He was captured without resistance, said police spokeswoman Anne Montoya.

Price said Peebles is accused of gross negligence for bringing the work crew out of the woods without counting the prisoners. He said Peebles left Pickle and Bidy in the woods while he brought the rest of the crew out for a water break.

Nuclear test controller also an ordained Episcopal priest

LAS VEGAS (AP) — Many priests are called upon at the hour of death, but the Rev. Bob Nelson may be the only priest with his finger on the button of the bombs, that could one day obliterate mankind.

As a nuclear test controller at the Nevada Test Site, his job is to safely detonate the most powerful and horrifying weapons. As an ordained Episcopal priest, he prays those weapons will never be used.

Actually, Nelson says, it isn't buttons that set off the bombs. "It's all done by computers now," he explained in a recent interview.

But with priests generally among the protesters at the underground test site where he works, Nelson says he is forced daily to reconcile the differences between his occupation and his calling.

He admits to being "the only priest I know who fires nuclear weapons." Nelson, a 48-year-old father of two children, became a priest two years ago and, as he explains it, almost against his will.

"With my family, work and other commitments, I thought becoming a priest was something that just couldn't happen," Nelson said.

But he finally heeded a bishop's advice that a true calling would not go away.

"The way God works, he just doesn't follow the rules at all," he said.

As deputy manager of Nevada operations for the Energy Department and one of three rotating controllers at the test site, he has given the final authority for the detonation of more than 30 underground nuclear tests in the 1980s.

Nelson often is asked to go before anti-nuclear groups and explain the government's position that nuclear testing is vital to the nation's security.

"I don't think in any of these discussions I change anybody's mind or they change mine, but we come away from honest and

direct discussions the better for it," he said. "The best comment I ever got from one anti-nuclear activist was 'I don't agree with what you're doing, but I'm glad you're the one doing it.'"

He added that he would like to be in a situation where there are no nuclear weapons. "But I would also like a situation where we maintain the system of freedom and justice we have in our country," he said.

Nelson, a lifelong Episcopalian, was nominated into the priesthood by the congregation at All Saints Episcopal Church.

DEAR DR. GOTT: I'm in menopause and now am starting to have facial hair. Would the use of facial-hair remover make the hair grow faster or thicker?

DEAR READER: As women age and the influence of female hormones lessens, certain body changes take place. These often include osteoporosis and the appearance of facial hair, which can be cosmetically embarrassing.

Depilatories (chemical hair removers) may remedy the situation; they are safe when used according to the manufacturers' directions. Depilatories do not make hair grow faster or thicker. Hot wax and tweezing are also safe alternatives. You can obtain further advice from a licensed cosmetologist in your community.

To give you more information about what to expect during this time in your life, I am sending you a free copy of my Health Report "Menopause." Other readers who would like a copy should send \$1.25 with their name and address to P.O. Box 91369, Cleveland, OH 44101-3369. Be sure to mention the title.

DEAR DR. GOTT: I was diagnosed with Meniere's disease and was told that, until I lost 75 percent of my hearing, there would be no treatment available. I haven't lost any hearing, just my balance. I've been told by another specialist a salt-free diet is recommended and have additionally read articles indicating vitamin B helps. What's your opinion?

DEAR READER: Meniere's disease is an ailment of unknown cause affecting the inner ear. It is characterized by severe vertigo (an uncontrollable sense of spinning), hearing loss and tinnitus (noises within the ear).

Treatment of mild-to-moderate Meniere's disease includes medicine (such as scopolamine or cyclizine) to control vertigo. In severe cases, labyrinthectomy may have to be considered. This is a delicate operation during which the nerves to the inner ear are severed; the procedure is used only as a last resort, when the vertigo is constant and hearing is markedly

impaired. There is no specific treatment for the tinnitus and hearing loss of Meniere's disease.

Some doctors recommend dietary salt-restriction and the use of B vitamins for the condition, but I'm unaware of any scientific study supporting this treatment.

To give you more information, I am sending you a free copy of my Health Report "Ear Infections and Disorders." Other readers who would like a copy should send \$1.25 with their name and address to P.O. Box 91369, Cleveland, OH 44101-3369. Be sure to mention the title.

Warm-up jacket sells for \$530

EDGARTOWN, Mass. (AP) — A black warm-up jacket owned by actor Gregory Peck brought \$530 at the fifth Martha's Vineyard Celebrity Hat Auction.

The auction, where more than hats were sold, obviously, was held over the Columbus Day weekend and raised \$7,500 for a child-care program on the island off Cape Cod, organizers said this week.

Joan Baez contributed a worn and battered straw hat with the singer's signature on the brim. "You're really getting an oldy but a favorite," Baez wrote in a letter that came with the hat.

Judy Belushi, an auctioneer, held up the hat noting bent and worn places. "It didn't get this way in her closet," Belushi said. The hat sold for \$150.

Overbidders' paradise

By James Jacoby

If you think today's bidding is bizarre, you are right. But getting to a ridiculous contract usually results from one player's strange action. This time both contributed. North looked at his 17 high-card points, upgraded them for the fifth diamond and the 10 of hearts, and decided his hand was too strong to open one no-trump. South meanwhile mistook his ragged six-card suit for something wonderful, inflated his 11-point hand on the basis of his long suit, and suddenly jumped to five hearts, as though he were begging his partner to bid six with the spade ace.

South performed a miracle in the play. West led king of diamonds and then switched to a spade. Declarer won the king in dummy, ruffed a diamond and then played a club to dummy's jack. Declarer ruffed another diamond, as East discarded a club. Declarer now played king of clubs and his last club to dummy's ace. He ruffed still another diamond, East now discarding a spade. Queen of spades and spade to dummy's ace put declarer in dummy one more time. At this point everyone had three cards left. East, left with Q-7-4 of hearts, had to ruff when the queen of diamonds was led from dummy. If East ruffed low, declarer would overruff with the eight-spot and win the last two tricks with the ace and king of hearts. If East ruffed with the queen, declarer would overruff with the ace and then finesse through West's heart jack. It's a nice slam to make, but the bidding is bad for one's digestion.

SHS battles Panthers

It seems that workouts for the Snyder Tigers have been a little more upbeat this week after they beat Andrews, 9-6, for their first win of the football season.

"We've had good workouts since the Littlefield game," said Snyder head coach David Baugh.

"The enthusiasm has been running a little higher this week, though. Our kids are happier after winning."

The task for the 1-4 Tigers, this week, lies with the Ft. Stockton Panthers, 0-5.

Ft. Stockton is ranked next to last in team offense, gaining a paltry 194 yards per contest, and in team defense, giving up over 275 yards a game.

The Panthers offensive threat, according to Baugh, is quarterback Shannon Beeles, who has thrown for 383 yards and two touchdowns thus far this season.

The 5-10, 150 pound junior has also carried the ball for 146 yards.

"He's a slippery runner," Baugh reports, "and he passes adequately."

Beeles' favorite receiver is Flo Garcia, a 160 pound junior who has caught 15 passes for 267 yards, two TD's and a 17.8 yard average per reception.

Garcia is currently ranked second in the district in receiving.

"They run a veer offense with two or three wide-outs," Baugh stated.

"They'll split their backs, run a lot of triple options, that sort of thing."

The SHS defense assigned to stop the Ft. Stockton attack will be augmented by the return of starting cornerback Shelby Bufkin.

Bufkin has been sidelined for a pair of games due to a twisted knee suffered in practice.

Bufkin and Bert Merritt, the other Tiger corner, along with safeties Charlie Guynes and Paul Anderson expect to see a great deal of action in the defensive secondary Friday night as the Panthers have passed an amazing 82 times in the fall campaign.

The Snyder defensive line, anchored by Jody Iglehart, a 215

pound tackle, gave up just 133 yards rushing against Andrews a week ago. The Mustangs had been averaging almost 200 yards of ground offense per contest before crossing paths with the Tigers.

Linebackers Tommy Lane and Bart Morton were each cited for outstanding play by the Snyder coaches after last week's victory. Each received the weekly Big Hit award for tackles made in the Snder win.

The Tigers are fourth in the district defensively, giving up 254 yards a game. They are third in points allowed with 83, second in first downs allowed with 59 and first in fumbles recovered with nine.

The ball hawks on the defensive side of the football for Snyder have claimed those nine fumbles and an interception this year.

The Tigers' offense has been revolving around junior tailback Anderson, of late.

Anderson has gained 349 yards on 60 carries in 1989 for a percarry average of 6.8 yards.

He is rated currently as third in District 4-4A in ground yardage gained.

He has also added 31 yards in receiving.

Split end Jayson Presley of Snyder has snatched down 10 passes this year for 155 yards. He is now listed as eighth in the loop in that category and he leads the Tigers.

The man tossing the footballs to him, Toby Goodwin, barely got his arm warm last week, throwing just six times for one completion, to Mark King, for 15 yards.

On the year, Goodwin has completed 16 of 56 passes for 217 yards and two touchdowns.

"We hope we'll be able to run our sweep successfully," said Baugh.

"When the sweep works it opens up a lot of things for us."

"If our running game is going well," he continued, "then our play action passes should be real effective."

The Snyder offensive team is

averaging 221.8 yards a game through the first five contests of the year.

The Panthers have been giving up over 275 yards per tilt and are ranked near the bottom in every single statistical category.

They are seventh in the circuit allowing a total of 152 points and sixth in first downs allowed with 76.

"They run an even defense," Baugh reported.

"They give you a lot of different looks and they stunt quite a bit."

The Ft. Stockton secondary has been riddled as they have given up 30 pass completions in 67 attempts for a whopping 11 touchdowns through the air.

"No pass-no play" has disqualified a pair of Snyder varsity players, as well as two junior varsity team members and four freshmen.

The game will begin at 8 p.m. in Ft. Stockton.

Other action in District 4-4A Friday includes Monahans at Andrews, Lake View at Big Spring and Pecos at Sweetwater.

The Snyder-Ft. Stockton battle will be broadcast on a tape delay basis on Snyder Cablevision channel 2 at 7:30 p.m. Saturday.

Texas-Arkansas tilt featured in conference grid schedule

By The Associated Press
Twenty years ago, the Big Shootout between Arkansas and Texas in Fayetteville became one of the Southwest Conference's all-time football classics. Stakes won't be quite as high on Saturday but the same emotion will be there when these two old rivals meet in the same stadium. The undefeated and defending SWC champion Razorbacks are on a roll, seventh ranked and playing at home in the noon regionally televised (Raycom)

matchup. The Longhorns stunned the college football world last Saturday by beating 18-point favorite Oklahoma 28-24. Only the week before, Texas needed a controversial fourth-quarter touchdown to survive Rice 31-30. Texas is 2-0 in SWC play with victories over the Owls and Southern Methodist while Arkansas has thumped Texas Christian and Texas Tech in league action. Arkansas was a whopping 14½-point favorite over the banged up Longhorns, who lost starting left cornerback Stanley Richard in the Oklahoma game. Safety Graylin Johnson and tailback Adrian Walker were questionable.

In other SWC games, Houston was a 56-point favorite over SMU in a 4 p.m. game in the Astrodome, Texas A&M was a 7½-point choice over Baylor in a 1 p.m. game at Floyd Casey Stadium in Waco, and Texas Tech was a 10½ point favorite to

bounce back against Rice in a 2 p.m. game at Jones Stadium. TCU was outside the conference and 10-point underdogs against high-octane Air Force in a 2 p.m. game at Amon Carter Stadium. SMU coach Forrest Gregg wasn't bothered by the big point spread against his Mustangs. "I don't get roped into point spreads, but it doesn't surprise me," Gregg said.

Lady Tigers fight Monahans spikers

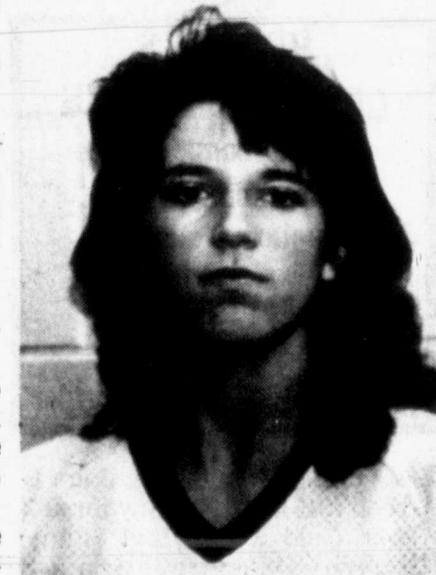

The Lady Tigers will host Monahans in a District 4-4A battle, Saturday at 2 p.m. with JV and varsity spikers competing. Snyder is fresh from a 17-15, 15-10 win over San Angelo Lake View. The win put Snyder at 12-10 on the season and 4-7 in loop play. Monahans' last match was a 8-15, 15-7, 15-12 loss to league-leading Pecos. The Lady Lobos are 3-8 in district competition and 5-12 in

all games this season. The JV will be minus the services of two players due to "no pass-no play". In other 4-4A matches Saturday, Big Spring is at Pecos, Sweetwater is at Andrews and Ft. Stockton is at San Angelo Lake View.

MEET THE DUSTERS — Tracy Edmunds is a product of Hawley High School where she was runner-up for the district MVP award. The 5-10 freshman is a P.E. major who hopes to get into coaching. Edmunds averaged 12 points, eight rebounds and five assists in high school with her best game a 28 point, 16 rebound performance against Roscoe. The WTC co-ed's hobbies include horseback riding, dancing, tennis and golf. (SDN Staff Photo)

Critton inks with college

Western Texas College sophomore basketball player, Kenneth Critton has signed a letter of intent to compete for Washington State University in Pullman. The 6-8 Critton averaged 12 points per game for the Westerners last season, pulling down 6.7 rebounds and shooting a hot 57.8 percent from the floor. His high game came against Texas State Technical Institute in Waco when he poured in 37 points. Critton was recruited by several Division I universities including Baylor, New Mexico State and Idaho. Washington State competes in the Pac-10 conference with USC, UCLA, Washington, Oregon, Oregon State, Arizona, Arizona State, Stanford and California.

Texans told food, workers not needed

DALLAS (AP) - Texas volunteers headed for Northern California in a convoy that included an 18-wheeler loaded with food and a mobile kitchen designed to feed thousands have been told to return to Texas because they aren't needed.

The convoy had reached New Mexico and stopped for breakfast Thursday when they were told to return, spokesmen for the Baptist General Convention of Texas and Texas Baptist Men said.

The group of 11 volunteers included the Texas Baptist Disaster Relief Mobile Unit, which has fed disaster victims as far away as Honduras.

"They were going to an area that's going to be bulldozed," said spokesman Ken Camp. "It was a little unexpected, but it's good to know that needs are being taken care of."

The Rev. John LaNove, assistant director of Texas Baptist Men, said the volunteers had reached Santa Rosa, N.M., when they were told by National Volunteer Organization Active in Disasters that much of the Marina area, where they were headed will be bulldozed and that most residents of the area had found other housing and those who need food are being fed by the Red Cross.

"The people living there, for the most part, had found other housing," Dr. LaNove said. "Those who were left were being served by the Red Cross, which found three food caterers that had not been damaged by the earthquake."

Many other residents of the Marina area had insurance and are being housed in hotels and being given money for food by the insurance companies, he added.

Jacobi becomes Danish knight

LONDON (AP) - Derek Jacobi, whose stage roles have included a prince of Denmark, became a Danish knight in recognition of his achievements as an actor and director, especially his inter-

pretations of Shakespeare.

Queen Margrethe II of Denmark authorized the knighthood for the actor, who played Hamlet at Elsinore in Denmark in 1979 and directed the play when he returned in 1988.

Atlantis...

Experiments resumed as Galileo continues journey

SPACE CENTER, Houston (AP) - The space shuttle Atlantis whirled around the Earth today taking samples of the ozone layer while its five astronauts tried to film the Grand Canyon, Japanese volcanoes and other parts of the world.

As the crew members began their third day in orbit, the nuclear-powered Galileo probe they deployed about six hours after blastoff Wednesday zipped across the solar system at more than 9,000 mph.

The \$1.5 billion probe, which is on a six-year, 2.4-billion-mile trip to Jupiter, had traveled more than 290,000 miles as the day began. Once it reaches Jupiter, Galileo is expected to give the best look yet of another planet and find clues to the universe's origin.

Galileo was pronounced in "perfect shape" and "right on course" Thursday by NASA, and Atlantis also was given a clean bill of health after the crew members restored a cooling system that shut down the previous day when it overheated, cutting in a backup unit.

The astronauts will spend the rest of their mission working on experiments and photographing the Earth with still and movie cameras. Atlantis is scheduled to land at 2:38 p.m. EDT Monday at Edwards Air Force Base, Calif.

The shuttle crew members are commander Don Williams, pilot Mike McCulley, and mission specialists Shannon Lucid, Ellen Baker and Franklin Chang-Diaz.

On Thursday, Mrs. Baker and Chang-Diaz demonstrated a retinal photography experiment that could be seen on NASA satellite television.

With swimming goggles strapped around her head, Mrs. Baker steadied herself on the shuttle's middeck while Chang-Diaz pressed a camera to the right goggle to photograph her retina.

"We're trying to hold ourselves steady, which is probably the hardest part of this task," said Mrs. Baker, a medical doctor.

Researchers want to study the 35mm camera slides to determine if there are any changes in the eye's vessels in zero gravity. Such changes could indicate some brain swelling, and re-

searchers want to find out if that is related to motion sickness in space.

Also Thursday night, a camera in the cargo bay showed spectacular views of Typhoon Elsie in the Philippines.

"It's a real big storm," Williams said.

Weather permitting, the astronauts hope to capture images of Los Angeles, North and South Korea, the Grand Canyon, the Dallas-Fort Worth area, Tokyo and several Japanese volcanoes.

They are using a special IMAX camera that produces detailed film that can be shown on extra-large screens. The film collected today will be used in two movies.

The astronauts will try to photograph lightning systems, providing data that researchers say could help develop better weather-predicting methods.

A new experiment aboard the shuttle uses a sensitive instrument in the cargo bay to measure the ozone layer, which protects the Earth from the sun's harmful ultraviolet radiation.

Insurance industry prompts discussion

nearly one-fifth of their disposable income on insurance, or about \$400 billion in annual premiums, she said.

Aside from rising rates, the public is also getting fed up with

insurance industry attempts to limit access to the courts in product liability and workers' compensation cases, according to Joan Claybrook, president of Public Citizen.

Ms. Claybrook said jury trials are a cornerstone of our government and should not be limited.

"A jury of peers, randomly selected, unlike a Legislature that can be lobbied and bought," can provide justice for the powerless against the powerful, she said.

Like many states, Texas is in the midst of a fight over workers' compensation.

Census

doubt because the Constitution could not be clearer. The Constitution says that apportionment is based on the number of persons and everybody is entitled to their own opinion, but not their own constitution," said Sen. Phil Gramm, R-Texas, a member of the conference committee.

The issue of counting illegal aliens has pitted Sunbelt states, whose populations have been swollen by illegal aliens, against Frostbelt states that stand to lose House seats after the census.

Sen. Lloyd Bentsen, D-Texas, called Thursday's vote a "clear victory for Texas."

Scout-A-Boot auction, dance set

Autographed caps, pennants, jerseys and sweatshirts are among the items to be auctioned during Scout-A-Boot, the second annual dance and auction to benefit the American Cancer Society.

The event will be held at 8 p.m. Saturday. Invitations have been sent out.

Officers note several arrests

A man and woman were arrested on various charges at 2:46 a.m. today in the 2400 Block of Ave. E.

The 27-year-old woman was taken into custody for DWI and not having a driver's license or liability insurance and the 32-year-old man for public intoxication.

State highway patrolmen arrested a man for DWI Thursday at Ennis Creek Rd. and U.S. 84.

To get to the site, turn north off U.S. 84 onto Polar Road, FM 1142, and go four miles.

Items include an autographed Texas Rangers cap, a Dallas Cowboys magazine and pennant signed by Herschel Walker, a Super Bowl XX magazine from the Chicago Bears, a pennant signed by Wes Unsel of the Washington Bullets and a Texas Tech football jersey. Among the professional football organizations donating items for auction are the Indianapolis Colts, San Diego Chargers, San Francisco 49ers, New York Jets and Miami Dolphins.

Other, non-sports related items are also to be auctioned.

Music will be provided by Richard Long and Prairie Fire. Soft drinks, coffee and hot chocolate will be served.

Amendment

justice agency.

Background Information

The three primary components of the criminal justice system are the Texas Department of Corrections, the Board of Pardons and Paroles and the Texas Adult Probation Commission. Each has its own governing body. To improve coordination of criminal justice services and provide a more effective system, the 71st Legislature enacted H.B. 2335 during the regular session, which combines the three primary entities into the Texas Department of Criminal Justice. Because the constitution establishes parole as an executive function and probation as a judicial function, this amendment is necessary to validate the newly created TDCJ.

FOR: The current system, with separate entities setting policies for imprisonment, probation and parole would benefit by being combined under one system, reducing the percentage of state resources used to maintain them.

AGAINST: Combining the three primary state agencies dealing with criminal justice affairs into one agency will weaken checks and balances that have served to protect the rights of persons convicted on criminal offenses.

The Spanish Civil War began July 18, 1936, when Gen. Francisco Franco led an uprising of army troops based in Spanish North Africa against a socialist coalition government in Madrid.

2nd CROP Walk slated Sunday

The second annual CROP Walk, sponsored by the Scurry County Ministerial Alliance, will take place this Sunday. The five kilometer walk from the courthouse to the football stadium will begin at 1:30 p.m., but walkers are asked to gather 30 minutes ahead of time on the courthouse square.

The safety of all walkers will be insured because local police will again have the designated route blocked off.

For the 1 p.m. registration, congregational group leaders are asked to have a list of walkers ready and any monies already collected should be turned in then also.

Dr. Tim Griffin, pastor of First Christian Church, is the CROP Walk co-ordinator, and Rev. Steve Smith, pastor of First Presbyterian Church, is the president of the ministerial alliance.

McDonald's will donate free drinks to all walkers. Anthony's will provide T-shirts and Dairy Queen is providing the rest stop.

Members of the following churches and organizations will participate: First Christian Church, First Presbyterian Church, Avenue D Baptist Church, Colonial Hill Baptist Church, First Baptist Church, Our Lady of Guadalupe and St. Elizabeth Catholic Churches, Trinity United Methodist Church, Grace Lutheran Church, and Boy Scout Troop 27.

The CROP Walk benefits the relief and development of Church World Service. In more than 70 countries, CWS works through partner agencies specializing in family health, food production, water resource development, vocational training and refugee assistance. CWS has been active recently in the Caribbean and on the South Carolina Coast, in the wake of Hurricane Hugo and presently CWS funds are being used by Red Cross and FEMA in San Francisco, Calif., following the earthquake.

Church World Service also allows contributors the option of designating gifts to other international hunger-fighting agencies such as Catholic Relief Services, Lutheran World Relief and the Southern Baptist Foreign Mission Board.

Twenty-five percent of all funds raised by the walk will remain in Snyder to combat hunger. In last year's walk, approximately 100 walkers raised more than \$3,000 with \$800 remaining in Snyder to assist the Ministerial Alliance's Food Bank work. The food bank is now located at Gentle Dove Ministries.

Steve Smith, pastor of First Presbyterian Church, is pictured with Dr. Tim Griffin, pastor of First Christian Church, project coordinator for the second annual CROP walk, which will be held Sunday at 1:30 p.m. Walkers will begin at the courthouse and proceed to walk to Tiger Stadium. Flag burning ban defeated

WASHINGTON (AP) — Senate concern about freedom of speech and a cooling of the summer's political passions combined to defeat the proposed constitutional amendment to ban flag burning, lawmakers say.

"I don't know that public interest has faded; I think that public interest has changed," Sen. John C. Danforth, R-Mo., said Thursday after the proposed amendment failed in the Senate.

Opponents of the measure said Americans are having second thoughts about the notion of changing the Constitution.

White House lobbying ap-

peared minimal despite a strong public campaign that last summer took President Bush to the foot of the Iwo Jima Memorial.

The measure did win a bare majority in the Senate, 51-48, but fell 15 votes short of the required two-thirds of senators present and voting.

Eleven Republicans joined 37 Democrats to oppose the measure.

Thirty-three Republicans and 18 Democrats voted for the proposal, which would have authorized the state and federal governments to outlaw flag desecration.

Following the vote, White House spokeswoman Alix Glen said Bush was "disappointed" and believes such an amendment represents "the only... real protection for the flag." She said a bill sent to the president last week to ban flag-burning by statute "would not survive constitutional scrutiny."

Critics of the amendment, in contrast, said the bill would satisfy concern in the country about flag-burning.

"I think when the statute passed, it made it much easier to

focus on the Constitution," said Sen. Patrick J. Leahy, D-Vt. "But this amendment should fall anyway because of the danger it poses to the Bill of Rights."

Sen. Strom Thurmond, R-S.C., a strong supporter of the amendment, told reporters that "the public was confused on this."

Supporters of the amendment claimed it was the only sure way to prevent a recurrence of the Supreme Court decision in June that overturned the conviction of Texas flag-burner Gregory Lee

Johnson on grounds his right to free speech was violated.

"We all lose with this action," said Miles Eplin, national commander of the American Legion, after the vote. "Today, I feel like my friends have been let down, as well as those from other generations who died believing that our nation would always remember their sacrifices and respect the foremost symbol of all they held dear."

Critics said there would be a political price to pay at election time for opposing the measure.

Sonrise will perform here this weekend

North College Avenue Baptist Church will present Sonrise in concert at 7 p.m. Saturday and 11 a.m. Sunday, Oct. 21-22. Sonrise is a country gospel group. Everyone is invited.

Drug cartel suspects have been captured in Mexico

MEXICO CITY (AP) — Mexican authorities were looking into whether Colombian drugrunners linked to the Medellin Cartel who were recently arrested had any protection by Mexican officials, authorities said.

On Thursday, officials said they captured the nephews of two major Colombian drug kingpins and broke up a ring that flew cocaine into Mexico and shipped it by boat to Florida.

The Colombians and eight other men were captured Sunday at a clandestine airstrip in the

Yucatan peninsula, said federal police commander Fausto Valverde, head of the narcotics interdiction forces.

"We imagine they made an arrangement for protection," Valverde said.

Two other men were captured in the resort city of Cancun, but the airplane and one Colombian supervisor got away, Valverde said.

Authorities said they waited to announce the arrests because they were hoping to apprehend more accomplices. They said

they are searching for another Colombian suspect.

Luis Alfredo Aguilar Castro, a nephew of Gonzalo Rodriguez Gacha, and Ricardo Isunza Ochoa, a nephew of Fabio Ochoa, ran the ring, according to Valverde.

Fabio Ochoa and Rodriguez Gacha, known as "El Mexicano" because of his interest in Mexican culture, are top members of the Medellin cartel and are among the world's most-sought drug traffickers.

Love County sheriff back on job

MARIETTA, Okla. (AP) — Books and office material were waiting to be put away, but for the first time in five months, Love County sheriff Wesley Liddell Jr. wore his badge.

Liddell returned to work Thursday, one day after he was acquitted of charges that he and his son-in-law, Marietta police officer Roger Hilton, conspired to kidnap and torture a suspected drug dealer.

Liddell had suspended himself after he was arrested May 18 by FBI agents. He returned to his office briefly Wednesday night and spent Thursday trying to get things back in order.

"When you are used to doing something and they take it away from you, it feels funny," Liddell said Thursday. "Yesterday I unsuspended myself. Today I am just trying to get my head on straight and get things coordinated."

Hilton remains jobless, and immediate prospects don't look bright.

"That will be up to the city council," said Police Chief Charles Dunn. "If they ask me if I want him back, I'd say yes, but I haven't got an opening. I've got a five-man department and I've already got five people."

Scotch, Spam, rice are big sellers on the black market

WASHINGTON (AP) — U.S. military personnel in South Korea buy six times as much Chivas Regal scotch as the much larger U.S. force in Europe — but instead of drinking it, they're selling it on the Korean black market, a study says.

SPAM, Aqua Net hair spray and rice are among other favorites selling in huge quantities at U.S. military commissaries in South Korea, apparently bound for the black market, the General Accounting Office said Thursday.

Such sales far exceed what would normally be consumed by the 70,000 authorized buyers stationed there, and U.S. taxpayers are footing part of the bill, GAO witnesses said at a Senate hearing. The GAO is Congress' investigative arm.

The Defense Department exports duty-free goods to bases in

Korea and other countries for sale at cut-rate prices in the commissaries and exchanges.

In 1988, commissaries in South Korea sold 1.1 million cans of SPAM, or almost 12 pounds per person per year; 34 pounds or 816 American cheese slices for every man, woman and child, and 170 pounds of rice for every consumer.

"If one person consumed 170 pounds of rice a year, that would be a little over 14 pounds of rice a month or just under a half a pound of rice a day," said Sen. Carl Levin, D-Mich., chairman of the Senate Governmental Affairs subcommittee on government oversight and management.
