Dallam/Hartley Counties 4-H Delivers Valentine's Day Packages

The Dallam/Hartley Counties 4-H made and delivered Valentine's Day packages for fifty-three CASA 69, Inc. court appointed children from Dallam, Hartley, Moore and Sherman counties. This year they stuffed the packages with Valentine's Day cards, candy and a pillowcase for each child that had their name monogrammed on it. These children are abused and neglected then removed from their homes with very few personal belongings and put in the custody of the Texas Department of Family Protective Services (TDFPS). So, for Valentine's Day they get a very special package that has something personal with their names on it, and it is something they get to keep even if they are moved to different placements. Community organizations like this give their time and energy to help our CASA kids and put together gifts that are extremely meaningful to them. Just like our CASA volunteers who give their time and energy and are the only consistent person in their lives. If you are interested in being a CASA 69 volunteer, please contact us at casa69@xit.net or call 806244-2684 Dalhart Office/806-934-4417 Dumas Office. Safety Tips

Three Smart Suggestions For Your Self-Defense

(NAPS)—According to the U.S. Department of Justice, about 20 out of every thousand Americans will be a victim of some kind of assault every year—but you can learn to protect yourself and your loved ones.

Expert Advice

"The best self-defense tip is to always be aware of your surroundings and potential threats so that you don't get into a situation where you actually have to defend yourself when it could possibly be avoided," said Wade Eastwood, 2nd Unit Director/Stunt Coordinator for the action & adventure movie from Paramount "Jack Reacher: Never Go Back." You don't want to get into a fight if you can help it, but "if it can't be avoided," he added, "then at least you are prepped and ready" if you follow these three Reacher's Rules For Self-Defense.

1. Anything can be a weapon. Keys or a pen can inflict minor damage but after multiple hits can break an enemy down through loss of blood or acute impact strikes. Your voice is also a weapon and can draw help if needed.

2. Hit them fast. If you have to fight, it's critical to injure or immobilize your attacker immediately, and don't get any closer to your attacker than necessary. Kicking the side or front of the knee is a great way to injure and throw your attacker off balance. If you're already close, go for the eyes with your fingers or knuckles. You can also use the heel of your palm to strike up under the nose if your attacker is in front of you, or use

You can learn a lot about self-defense by watching Tom Cruise as action hero Jack Reacher.

your elbow to the nose if the attacker is behind.

3. Hit them hard. Use your entire body weight to hit or break free rather than your individual muscles because your attacker may be stronger. If you kick the knee, throw your whole body into the kick. Same with throwing the heel of your hand into the nose—don't just use your arm, use all your weight.

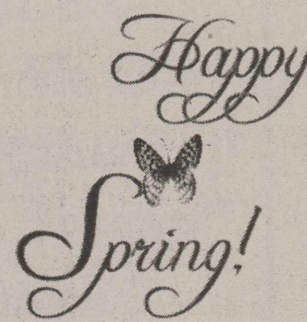

Again, prevention is the best defense. Attackers want unsuspecting, vulnerable targets. "The Jack Reacher character is always on the lookout for danger and you should be, too," Eastwood advised. "Always expect the worst."

Watch These Moves In The Movie

You can see Tom Cruise as the action hero put these principles into action at home when you get "Jack Reacher: Never Go Back" on Blu-ray, DVD or Digital HD. Check out www.JackReacherMovie.com for more information.

Let's Make Coloring Great Again!

(NAPS)—Through this election season (and perhaps beyond), many people are expressing their feelings about the candidates in a very colorful way. They're voting with their...crayons.

Coloring books for adults are more popular than ever, and now Americans of all ages can enjoy the new "Trump Coloring Book" by M. G. Anthony.

Whether he's crossing the Delaware or playing chess with Putin, it shows Donald Trump like you've never seen him before.

Color Donald Trump's world with a new coloring book.

There are over 50 drawings of Trump for you to color in any way you want. You can decide what color his superhero costume should be and even what shade to make his hair.

The book can make a great gift for Trump enthusiasts and opponents alike. It is available wherever books are sold and on trumpcoloringbook.com.
