Congratulations

Donelson selected by Texas Bankers Hall of Fame Recognized on April 27th

B. A. Donelson, of Amarillo, is one of five bankers who was selected by the Texas Bankers Hall of Fame recognized on April 27.

The others include Jack Griggs from Abilene, George Martinez from Houston, Milton S. McGee, Jr., from Henderson, and the late Milton L. Payne from Carthage, as the 2017 Honorees. These prestigious Texas bankers were inducted on April 27, 2017 at the Fifth Annual Texas Bankers Hall of Fame Gala held in the Lowman Student Center Ballroom of Sam Houston State University, Huntsville, Texas.

The Texas Bankers Hall of Fame, established by the Smith-Hutson Endowed Chair of Banking, recognizes outstanding bankers who have made valuable contributions to the banking profession and pioneered the Texas banking industry. The Honorees have truly made their industry, communities and state better places.

B.A. Donelson is a native Texan, born in Stratford, and graduated from Stratford High School. He received a BS in Economics with a minor in Finance from Texas Tech University in 1958 after transferring from Arlington State College.

Donelson returned to Stratford after graduation and began a farming and cattle business. Banking was not in the picture at that time, but life had other plans. In 1967, he was approached by The First State Bank of Stratford to see if banking might interest him as a career. Continuing to farm and ranch, he became a banker. The goal when he began was to become the President and owner of the bank. It took 18 years before the bank came for sale and the opportunity arose. Only with the help of other investors was this goal realized. In 1985, the Stratford Bancshares group was able to purchase the bank from JA Whittenburg, III. This group later purchased North Plains Savings and Loan with offices in Dalhart, Dumas and Stratford.

Once his career in banking began, civic involvement became a large part of his career. Along with his commitment to the bank, Donelson greatly enjoyed civic involvement. The creation of the Stratford Area Foundation and the Stratford Education Foundation count as the highest among his favorite civic projects. Along with community activities, came the banking political world. Donelson was one of the founding members of the group known as North Panhandle Bankers Association, a very active political group of banks from the upper Texas Panhandle during the 1980's and 1990's.

Other activities included serving banking interests on the national and state level -with American Bankers Association, Texas Bankers Association, Independent Bankers Association of America, and the Independent Bankers of Texas as Chairman from 1990-1991. Along with these activities, Donelson taught at Southwestern Graduate School of Banking at Southern Methodist University in Dallas and the Texas Tech Intermediate School of Banking in Lubbock.

Donelson was honored in 1992 by the Texas Tech Ag Conference for service to the Commercial Banking Profession, and in 2013, he received The Bruning Award presented by the American Bankers Association for Commitment to Agricultural.

Donelson is retired and lives in Amarillo with his wife of 63 years, LeRayne. They have two daughters, Blynn Weldon of Amarillo and Barrie Breed of San Marcos, four grandchildren and two great-grandchildren.

Jacquez Named Valedictorian

Fernando Jacquez is the Stratford High School Class of 2017 Valedictorian with a weighted GPA of 101.312. He is the son of Fernando and Carolina Jacquez and the grandson of Alberto and Graciela Jacquez and Porfirio and Bertha Elena Romero. During his high school years, he enjoyed participating in football, basketball, track, band, UIL academics, National Honor Society, FCCLA and FFA. Fernando is also a member of the St. Joseph's Catholic Church, and in his free time he enjoys spending time with his friends. His plans for the fall include attending West Texas A&M University where he will Major in Mechanical Engineering.

Barnard Named Salutatorian

Bret Barnard is the Salutatorian at Stratford High School with a weighted GPA of 100.83

Bret Wade Barnard is the son of Pat and Nita Barnard. Throughout his high school career he has been active in Athletics, FFA, UIL Academics, One Act Play, 4-H and National Honor Society. He is an Eagle Scout and a member of the First United Methodist Church and its youth group. He is the NHSRA National Champion Trap shooter and in his spare time can be found hunting, shooting and hanging out with friends. Bret plans to attend Oklahoma State University where he plans to major in Ag Business with a minor in Wildlife Management.

Attention Stratford Residents

Please be mindful of the upkeep of your properties. Landowners are responsible for the lot upkeep from the curb to the alley. It is not permitted to dump tires, tree limbs, trash and other debris in the alleys. I have seen an increase of such items being piled up next to the dumpsters. Not only is this a violation of the City Ordinance but also a violation of the State law. State litter fines range from \$200 to \$2,000.

Sec. 8.05.010 Depositing offensive refuse

If any person in this city shall deposit or cause to be deposited offensive rubbish or refuse matter from any premises whatever in any street, alley, sidewalk, gutter, creek, branch, square, lot, or other place, private or public, within the limits of the city, he shall be deemed guilty of a nuisance. (1977 Code, sec. 10-19)

Since we are now into mowing season please place your grass clippings in the green dumpsters. It is not permitted to put your grass clippings in the brown trash dumpsters.

Thank you for your cooperation.

Jessica Thompson, Code Enforcement/Animal Control Officer

A medical fund has been set up at First State Bank of Stratford for Jorge Ramirez. Jorge is a 2016 graduate of Stratford. He was involved in a vehicle accident on his way to work. He is facing a lengthy recovery & surgery.

Weekly Funny

Housework Challenged

One day my housework-challenged husband decided to wash his sweatshirt. Seconds after he stepped in the laundry room, he shouted to me, "What setting do I use on the washing machine?"

"It depends," I replied, "What does it say on your shirt?"

He yelled back, "University of Texas"

Mavis Davis, with her bird feeder

Feeder completed

Spring Arrives at Legacy

By Paula Nusz

Flowers blooming and trees leafing-out are sure signs that spring has arrived in Texas. Legacy Assisted Living residents welcomed the change of season and made bird feeders to hang in the trees on Legacy grounds.

Recycling 15 ounce aluminum cans, the cans were spray-painted using vibrant colors. Foam sheets were cut into the eight sectioned blooms with a whole in the center. The can is glued over the hole to create the bloom. Colorfully painted wooden beans were strung on the cotton twine to complete the project.

Four Legacy residents (Mavis Davis, Margie Cleavinger, Helen Pack, and Elizabeth White) spent the afternoon making their feeders. Songbird feed will be placed in the feeders when they are hung in the trees. Volunteer, Patricia Hartman, aided the residents with stringing the beads and choosing their flower base and bloom. The Legacy yards will soon be filled with beautiful songs as the birds 'sing for their supper'. Legacy is located in Dalhart, Texas.

Education & Technology

Today's Students Want To Read The Latest Textbooks

(NAPS)—Here's something parents, teachers, students and taxpayers may be glad to learn: An answer to education costs could be in the palm of your hands...if, that is, you get your hands on the latest thing in school-books—digital textbooks, which can provide more and cost less than traditional ones.

They make learning easier and more fun for students through a blend of text and media, by accommodating different reading levels and languages, and by providing a text-to-speech feature.

They save teachers time with model lessons, student activities, assessments, and data dashboards embedded at point of use.

They empower teachers to engage today's tech-savvy students through video, audio, text, and interactives with hands-on activities. The books are platform neutral and can be used in one-to-one or one-to-many configurations.

In fact, some of the country's most respected curriculum leaders and classroom teachers say Discovery Education Techbooks—from the leading provider of digital content and professional development for K-12 classrooms—provide standards-based content that's relevant, dynamic and carefully vetted. These Techbooks are available for math, science and social studies.

What's more, they're updated regularly at no additional cost so the school system doesn't have to decide between buying new books or teaching with outdated ones. While the average cost of a traditional textbook is approximately \$70 per student, these are only \$45 to \$55 per student for a six-year subscrip-

For many students, digital textbooks can make learning easier and even more fun.

tion, so schools save money that can be used for other education needs.

These award-winning digital textbooks are currently used by more than 3 million students in all 50 states and several Canadian provinces. Many people in other districts are encouraging their school systems to adopt digital textbooks for teaching and learning.

What Else You Can Do

In addition to helping make sure kids get good textbooks, there are three steps parents can take at home to help their youngsters succeed in school.

1. **Make it easy to study.** Create an area that works for your child. Does he work best at a desk in a quiet area of his room? Or is the dining room table a better place? Does music distract her or help her focus?

2. **Stress goal setting.** At the start of every school year, have children write down their goals for that year.

3. **Help kids manage time.** Create a family calendar of after-school activities, homework due dates and chores.

Card of Thanks

THANK YOU TO THE CITY OF STRATFORD AND THEIR CREWS FOR SHOWING UP AFTER THE STORM WITH THE "CHIPPER"!! REMOVING ALL THE LIMBS WAS SUCH A BIG HELP TO THOSE OF US WHO ARE GETTING A LITTLE OLDER!!!! IT WAS A BIG JOB FOR THE CITY EMPLOYEES, BUT OH SO APPRECIATED!!! AGAIN, WE THANK YOU.

GARY AND SUE

When handling peppers, especially if it is a pepper you have never used before, wear gloves. Some oils can blister skin or result in an allergic reaction.

With peppers, bigger might not be better, especially if you like them hot. Generally, the smaller the pepper, the hotter, and none of the hottest peppers in the world is more than three inches long.

Xcel Energy annual shareholders meeting planned in Amarillo, Texas, on May 17

MINNEAPOLIS (May 8, 2017) – Xcel Energy (NYSE: XEL) will hold its annual shareholders meeting for 2017 at 11 a.m. Wednesday, May 17 at Xcel Energy's new Texas-New Mexico headquarters building, 790 S. Buchanan Street, Suite 400, Amarillo, Texas.

"We're pleased to have the opportunity to highlight our service to our communities and customers in this growing and vibrant region," said Ben Fowke, Xcel Energy chairman, president and CEO. "Our investments of approximately \$1.5 billion over the next three years in Texas and New Mexico will support long-term economic growth and deliver significant customer savings while ensuring reliable, affordable, and cleaner energy."

Xcel Energy provides electricity to more than 380,000 customers in 94 communities in Texas and New Mexico. The company employs more than 1,700 employees in both states.

At the shareholders meeting, Xcel Energy leadership will outline the companywide accomplishments and challenges, conduct company business, announce voting results and answer shareholder questions.

Xcel Energy selects a different city within its eight-state territory each year for the site of the shareholders meeting. The company conducts a variety of community and customer outreach events in conjunction with the annual meeting, which this year will include customer and employee meetings, the ribbon cutting for the new headquarters building, and dialogue with local development authorities and policymakers.

A live webcast of the meeting will be available, and also archived on the Investor Relations page of xcelenergy.com. Please visit xcelenergy.com to view this and other shareholder communication.
