Over 200 people attended the John Deere Day. Several toys were given to the different children present, and balloons were given to all the children present.

Stratford Scholarship Pageant

There needs to be some clarification. The 4 & 5 year olds; as well as the 1 and 2nd graders, 3rd and 4th graders, 5th and 6th graders will only be in revue. In other words they will not have a talent, they will be interviewed or visited with on stage by the M.C. for the 7th and 8th grade they will have an interview with the judges.

There is still time for the girls to call or if they still have their slip to have a parent or guardian to sign and take it back to the school. They may give the slip to their teacher, Mrs. Dodson, or Mrs. Davenport. The number to call for more information or to sign up is 396-5911 after 5, or 396-2260.

The response so far has been fair. I would hope that by the end of the school year that we would have

Research News Report

Bushland, Texas—Are you looking for a way to reduce irrigation water use by 45 percent and only cut grain sorghum yield 10 percent? The answer is simple, stop preplant irrigation and use rainfall to start the crop. This simple solution to high irrigation water cost was proven in four years of research by Ron Allen and Jack Musick, Agricultural Engineers at the USDA Research Laboratory at Bushland, Texas. Along with two to four irrigations during the summer, depending on rainfall, sorghum grain yields averaged 6500 and 5940 pounds per acre with and without preplant irrigation.

In order to determine the effectiveness over a wide range of conditions, efficiency of preplant irrigation for continuous sorghum was checked using three tillage methods. Conventional tillage prior to making beds was disking and chiseling. The other two methods were undercutting old beds with wide sweeps or using a chisel chopper tillage tool. The chisel chopper is a heavy duty plow with a rolling stalk cutter between a rank of chisels and sweeps.

The study was conducted on a field of Pullman clay loam that was 1300 feet long with a slope of 0.15 percent. Anhydrous ammonia at 150 pounds per acre was chiseled into the soil each fall. Propazine was incorporated in April to control weeds in the 30-inch rows of sorghum.

A disk bedder was used to make beds and furrows prior to preplant irrigation in early May. Plots that were not preplant irrigated were planted flat and furrowed out with a rolling cultivator before that first seasonal irrigation when sorghum had eight leaves or was about 10 inches tall.

Tillage treatment did not affect intake of preplant irrigation water. Average intake was 84 percent of the 8 inches of preplant irrigation water applied. According to Allen, total water applied including summer irrigations averaged 25 inches when preplant was

Wheat Board To Hold Biennial Election & Vote To Limit Assessment

The Texas Wheat Producers Board engaged in wheat research, market development services designed to add to the value of the crop, will hold its ninth-biennial mail election between Feb. 20 and March 7, 1989, according to Kenneth Keisling, farmer-elected chairman of the organization. The Board was formed in 1971 in the Panhandle-North Texas area and expanded statewide by a producer referendum in 1985. The term of five of the current fifteen board members expiring at this time include: District 1: Cagle Kendrick, Stratford; District 11, Otis Harman, Tulla; District 111; Keith Spears, Vernon; District IV; Jack Norman, Howe and Billy Vinson, Abilene.

In 1971 when the Board was formed by producers as a self-help program to enhance the value of wheat in Texas, the 1.5 million acre crop produced 31.4 million bushels, market priced at \$1.25 per bu. for a value of about \$37 million dollars. Texas peak harvested acres of 5.8 million in 1985 produced 187 million bu. crop valued in excess of \$800 million. Changes in government programs, particularly the Conservation Reserve Program (CRP), Agricultural Conservation Reserve (ACR) 0/52, 0/92 and Conservation Use (CU) has combined with changing cropping practices to drop Texas harvested acres to 3.2 million this current year. This reduced acreage produced an 89 million bu. crop—a drop of some 48% from the peak production of just three years earlier.

In as much as the Board's operating budget is based on the bushels produced times one-half cent per bushel, its budget has experienced a similar 48% decline in three years. Other states with similar wheat programs and experiencing budget reduction due to the same reasons have met their operating fund crisis by increasing their producer assessment up to as much as two-cents a bushel. The Texas Board assessment, set and unchanged since 1971, is one-half cent per bushel—the lowest of the seventeen organized wheat states. In order to revitalize and expand Texas' efforts in research, market development and service to producers, the Board has authorized the election ballot to also carry a proposal to change the assessment level. It will be styled: "A Proposition to limit the assessment on wheat produced in Texas to one-cent per bushel of research, market development and service."

Any farmer producing wheat in Texas is eligible to vote for a board member for the district in which he farms and to vote on the proposition to limit the assessment rate.

Counties included are: District 1: Sherman, Dallam, Ochiltree, Lipscomb, Hansford, Roberts, Moore, Hartley, Hutchinson and Gray. District 11: Carson, Potter, Oldham, Deaf Smith, Randall, Armstrong, Briscoe, Swisher, Castro, Parmer, Hale and Floyd. District 111: Childress, Hardeman, Foard Know, Throckmorton, Haskell, Archer, Baylor, Wilbarger, Wichita, Young and Clay. District 1v; All other counties in Texas.

Keisling points out that any person qualifying to vote in the election may place his name in nomination for a six-year membership on the Texas Wheat Producers Board by application to the organization, signed by himself and at least ten (10) other persons eligible to vote in his District in the election, at least 30-days (Feb. 3) prior to the election final (March 7) date, in order to have his name placed on the ballot.

The election will be held by mail ballot, which will be provided to all eligible voters 15-days prior to the election, Keisling said. He also indicates that any person qualified to vote who does not receive a ballot 15-days before the election date, may obtain one at the Agricultural extension Service offices as provided by the Texas Commodity Referendum Law.

Wheat producers fund TWPB with a one-half cent assessment on their deliveries of wheat at commercial handlers, principally at country elevators and feedyards. Proceeds from such participation supports programs of foreign and domestic market expansion, food and feed whet technical service, insect control,

Stratford and Scotter were shocked Tuesday a.m. Feb. 7 by the news of the death of Kirby Hill, Lubbock, son of Scotters R.J. and Mary Hill. When R.J. and Mary were unable to reach Kirby by telephone, we are told, they

called on friend Denny Martin, Lubbock to check on Kirby.

The result was finding that Kirby was deceased. The entire community support Mary and R.J. with Christian love and prayers. They and we know Our Heavenly Father does not err. Amen!

Noted in today's paper is the death of Ida Emaline Hager, Texhoma who is mother of Ronnie Hager of Amarillo. Ronnie is a loved and respected former Stratfordite and Mayor of our town. We tender Scots and personal Christian love and prayers to Ronnie and other family members. Ronnie and Lela Hampton Hager are children of former Scot Director Ethel Hampton Tennyson.

This is a fitting time to write a partial list of Scotters and friends who passed into Gods Great Beyond during 1988. All were not Scot members but are Old Timers. They are Olive Davis Boston, Mrs. Newman, mother of Mattie Baskin, L.J. Little, Peggy Coffman, "Buster" Mitts, Gail Wright Dale Schriber, Nell Wall, "Bill" Frizzell, Ethel Bowen Green-Lee Ellen Bowen Boner, Jewel Guthrie, Dick Diehl, Jr., Nellie Lee Carter (Dalhart, Tab Houston, Paul Chesmer, Geneva Wisdom, Bernice Dortch, Nell Roberts HR "Bud" Bain Newt Crabtree. Each person had a special place among Scotters and their deaths make writing Scot Notes a little more difficult.

Scotters tender congratulations to young people, college students, newlyweds new parents for their new joys and accomplishment. Our information is the Stratford Star. Scotters are interested in you. Sherman County future!

Friday, Feb. 10, at Scot Hall, birthday people, Marie Hill, Madeline Reising, Dicy Stephenson, Bill Lasley were wished many happy returns of the day by Timmie Brown, Billie Lou Thompson, Jewel Dovel, Ed Hill, Elsie Lasley, Max Stephenson, Jody Reising, Alta Mitts, Rowena Williams, Fir. Vickie Gore. All enjoyed sandwiches, coffee, cake and games. A table of 88 beginners really enjoyed the evening. Among regulars missed were Emma and Lawrence Naylor, Robbie Yates, Evelyn Cooper, Kathleen King, Opal Bryant, Clarence Willman, Gladys Arnold, Geneva Bell, Freda Dortch, Lillie Galloway, Arthur Judd, Corda Pleyer, Eskie Ritchie, John and Leona Woods.

The Bingo Party on Thurs.

Feb. 9 was well attended and proceeds of about \$200 leaves about \$160 to be paid on the Kiln. Congratulations Scotters always come through!

Sunday, Feb. 12 the Quilt Show at Scot was an interesting affair. Among the 30-40 guest registered were Vera Gaillard, Freddie Roach, Linnie Fisk, Ila Fry, Clara Brock, all of Texhoma, more than twenty quilts were displayed. One of special interest was exhibited by Linnie Fisk. Quilted in 1901 by Linnis grandmother the pattern was "Tree of Life". Minnie Reeder showed 3 quilts she made at home; Dolores Bunch showed one she quilted at home. Cleva Garrison loaned a number from her quilt collection. Some patterns displayed were: Bicentennial Star, Aztec Star, Lone Star, Mexican Star, Monkey wrench, Squaw, Dresch plate, double wedding rin.

Betty and Timmie Brown attended a reception honoring Margaret Hughes, Guymon on her 80th birthday. Margaret is Ruth Brown's Mrs. Bus sister and Jim Hughes mother.

Welcome home, Marie and Ed Hill, Scotters Lawrence Naylor isn't too well. Al Hacker is improving Alan, Patty, Nathan and Marc Halle, Friona were Sunday guests of The H.L. Hailes. Other dinner guest of the Hailes were Lorelyn, Joy and Mike Powers.

Ruby Garoutte is at home with her daughter Wanda Woolsey, Welcome Home, Ruby.

And so Scotters with prospects of better weather let's bestir ourselves not only for our own good but to help those we meet as we pass out "Scot Shoulder pats" and "Iuv us's"

Kerrick News

by Marylou McDaniel

There will be a covered dish supper at the Community Center this Saturday night, Feb. 18, 7 p.m. Hosts are Barbara and Terry Schoonover, Jo June and Kayo McDaniel, and Barbara Avent. (Where's George?)

The Band will provide live music afterwards! Should be lots of fun!

Although Kirby Hill didn't live in Kerrick, he often came with his parents to community activities. He will be missed.

A wedding shower for Tammie Barnes Avent was held Saturday, Feb. 11, 2:30 to 4:30 p.m. at the home of Jo June McDaniel. Co-hostesses were Donna Gillenwaters, Dayle Harris, Lynn Wells, and Marylou McDahiel. After Tammie opened the many packages, refreshments of vegetables, fruit slices, dips, hot cider and coffee were served from a pink covered table. A rainbow with a blue bird of happiness came from white clouds on the table.

Attending were Bonnie Barnes, the bride's mother, Barbara Avent, The groom's mother, and from Boise City, Debe Tuymen, Shawna Fowler, Peggy Risley, Barbara Fowler. From Stratford were Carollee Waters, Rinda Allison, Joyce Harper. Also Brenda Taylor, Denver, and Joyce Irlbeck, Barbara Schoonover, Bevilyn Wright, Donna Avent, Franny Taylor and hostesses.

Brenda Taylor, Denver, Co., and Dr. Gary Mathews, Austin were home for the memorial service of their cousin, Kirby Hill.

This is a follow-up on the recent Stock Show in Stratford. Kerrick 4-H members did well. Mandy Taylor had 8th with a Hampshire pig; Sammy Ellison was 1st with Chester, 10th on Cross. he also had Breed Champion heifer and Grand Champion overall. Kyle Ellison had 1st, Spotted Poland China, 3rd

Chester. Buffy Ellison had two 5ths on Spotted Poland China. Trew James won 2nd Hampshire and 8th Duroc.

Donald James won a Belt Buckle for the Judging Contest.

Attending the El Paso Stock Show from Kerrick and Stratford were Trew, Ben Tom and Gayla James and Dr. Jack Swain and Ryan. Trew showed four pigs with a heavy weight cross placing second in Class.

Ralph and Minnie Hampton, Don and Martha Ellison were in Verona, Mo., Sunday for a 25th wedding reception honoring Joe and Zona Crabtree. The reception was hosted by their children, Gayle Barsotti, Newt Crabtree, and Joe Paul Crabtree.

Good News for Dorsey Mansion buffs and this is correct because Sue James, Paula and Terry Beck were there Saturday! It is now open by appointment only. Tours are \$1.00 There is a restaurant with breakfast, lunch and dinner by reservation. A couple is working on it. There was vandalism when the State stopped work on it, Sue says, but there are two or three bedrooms available for bed and breakfast. Rates are \$45 single, \$50 double including breakfast. Picnic lunches will be available in nicer weather. Prices for meals are very reasonable. The lady can accommodate 20-24 people for a meal. She must have an hour's notice for small group, but would help if arrangements were made early as possible. The phone number is 505-375-2222.

Some of you will remember that a few years ago we got hold of some old information and it caused some confusion! So, this is first hand and correct!

Bessie Palmer had a big birthday party Feb. 12 at the home of daughter Joyce and Ted Irlbeck's. There were

two daughters, six grandchildren and 12 great-grandchildren present, Colleen Irlbeck, Fritch; Janet Jennings and children Keith, Dusty and Charlotte, Kathy Jennings and children, Michelle, Christy and Nathan, all of Dumas; Kyle and Terry Montgomery, Brandi and Amber, Amarillo; Linda Irlbeck, Plano; Jim, Belinda, Tracy, Aaron, Megan, Jason Roberts, Conlen; Dennis and Jeanette Irlbeck, Plainview, Tex.

Learn About Legislation Affecting Education, Rural Economy

Legislation proposed in the Texas legislature concerning retired teachers, health insurance, active teachers and Texas education will be discussed at the TRTA meeting on Thursday, February 23 from 2-4 p.m. in the Community Room of the First National Bank in Dalhart. Mr. Robert Green of Hartley will bring information from Austin on these topics and also proposals affecting small towns, rural communities and farmers.

Ways to assist in passing and implementing legislation and policies that will help retired educational personnel will be decided upon. There will be a business meeting, entertainment and refreshments. The public is always welcome to attend these meetings and learn more about TRTA, its policies, and how it helps active and retired teachers, and education in Texas.

Anyone interested in learning more about these questions, especially those who belong to the Texas Retirement System, will find it informative and worth while to attend.

HOW CAN ONE DETERMINE RIGHT FROM WRONG?

The obvious, and quick response to the above question is the Word of God. The Bible definitely is to be our guide and rule for life. We are to respect the authority of God's word for that word is that which we will be judged by [John 12:48].

Let me suggest some questions we might ask ourselves in helping us to determine right and wrong in our daily lives. You will want to be sure and look up the scripture references that are listed with the question.

1. I Cor. 10:23; Is it helpful physically, spiritually, and mentally?
2. I Cor. 6:12; Does it [whatever it may be] bring me under its power?
3. I Cor. 8:13; Does it hurt others? Does it hinder the salvation of others?
4. I Cor. 10:31; Does it glorify God?
5. I Thess. 5:22; Does it have the appearance of evil?
6. Eph. 6:4; Prov. 22:6; Would you want your children to do it?

You could add to this list of questions in your desire to determine what is best. Although, I think these questions will truly help in narrowing it down quite quickly. Oh yes, there is one more question I find helpful if I am still struggling. Simply put, "WOULD JESUS DO IT?" C.T.

Chamber Chatter

By J.A. Lasley

What about this weather? I cannot believe that one day we are layered 4 deep and freezing; the next day we are shedding clothing and using the car air conditioner. I guess this is what makes this part of the country-UNIQUE!

This past Friday I traveled to Amarillo and attended a PACE-Panhandle Association of Chamber Executives (& now you know) meeting. There are times I feel very inadequate with some of the fellow and ladies who I meet with. Believe me they are old pros; however they are most willing to share. I appreciate the opportunity afforded me by my board to go to these meetings.

Mr. Jim Mathews, from the Amarillo Chamber met with us. He is a promoter and fund raiser. This is his profession and apparently quite good at his job. One of the promo's and fund raisers he helped with was the Harrington Center. He shared with us about the PAA, or Panhandle Area Alliance, a regional organization, utilizing the finest resource in the Panhandle of Texas...OUR PEOPLE. its purpose to: Let us join hands, pull together, and lead the Panhandle of Texas into an unprecedented period of growth, production and prosperity. Those presently on the Board are: President W.R. Esler, Amarillo, J.W. Campbell, Pampa, B.A. Donelson, Stratford, V.H. Harman, Jr., Tulla, Wales Madden, Jr., Amarillo, Russel Wood, Amarillo, and Dr. Winfred Moore of Amarillo.

Everywhere you turn-listen again, it would seem all stops and endeavors are out to make the Panhandle grow. How excited are you?

I visited SCOT Hall yesterday (Sunday) and looked over the many quilts that the Scot Quilters had on view. There are some really beautiful and busy hands at work. They, the Quilters have added much to the heritage of our community. Quilts are the big thing for our younger generation-they have good taste. Keep it up ladies. Your work is appreciated.

REMINDERS: 3rd Sunday Trap shoot weather permitting, 1:30 p.m. till dark-thirty, this Sunday the 19th.

Monday evening, the 20th, County Barn, 7:30 p.m. TOWN MEETING. Be there! Tues. Morning: the 21st, 7 a.m. QUARTERLY BREAKFAST (Dutch Treat) Country Kitchen, Cheryl Pink, SPS Consultant-speaker. BE THERE! Tuesday evening, County Barn 7 p.m. Town Meeting, especially important for all of you that want something to happen in Stratford. YOU YOU ME I can make it happen. BE THERE!

The Month Of The Heart

The month of February is best known for hearts, cupids, and expressions of love.

The Sherman County Family Living Committee in conjunction with the American Heart Association is celebrating February as the Heart Month with information available on how to reduce fats in the diet and promote heart healthy lifestyles.

"Cutting Fats, Sugar, and Sodium in the Diet", a

fifteen minute program, focuses on health problems associated with too much dietary intake of these foods and ways to reduce the amounts of these foods consumed in the diet. The program will be aired continuously February 21 and 28, beginning at 4:00 p.m.

In the meantime, you may want to serve Cherries Jubilee to someone special for a heart healthy change.

Cherries Jubilee

February is National Cherries Month. And it's also Heart Month. Celebrate the extraordinary cherry by preparing this recipe from the American Heart Association Cookbook.

- 2 cups pitted Bing cherries, with juice
- 1/2 cup currant jelly
- 1 tbsp. cornstarch
- 1 tbsp. grated orange rind
- 2 tbsp. heated brandy

Pour juice from cherries into a saucepan with the currant jelly, cornstarch and orange rind. Cook over low heat until the jelly melts. Stir in the cherries. Cover and simmer 10 minutes.

At the table, pour the warm brandy over the cherries in the serving pan and flame. Spoon into meringue shells or over ice milk while cherries are still flaming.

Bullock Reports

"Breathing Room" for Texans

State Comptroller Bob Bullock said Friday that a series of bookkeeping measures could ease the squeeze on the state budget without new taxes by freeing up \$1 billion in existing funds to give Texans some breathing room while the Texas economy is recovering.

"New taxes would have a depressing effect on our recovery—both real and psychological," Bullock said. "Texans need a gasp of fresh air free of higher taxes while they put the economy back together and get Texas on its feet again."

The heart of Bullock's proposal to the Legislature is the temporary transfer of special fund balances to the General Revenue Fund to allow the Comptroller to increase the amount available for certification and the elimination of some escrow or trust accounts.

Bullock said that the state has traditionally "borrowed" from many special funds to pay bills drawn on the General Revenue Fund in order to maintain our "pay-as-you-go" provision of the constitution.

Much of the state's money is locked in special funds that can be spent by not necessarily counted in the certification process when the Legislature writes a budget, he said.

Bullock said the state's complex fund structure is a straitjacket that makes it difficult to get the right money in the right fund at the right time.

Bullock said the average business has the flexibility of shuffling money between accounts to meet day-to-day needs.

Bullock's official revenue estimate forecasts and increase of \$4.2 billion in revenue from all funds in the 1990-1991 budget period, including \$1.6 billion in additional money in those funds directly available to the Legislature.

Bullock said that the success or failure of his bookkeeping proposals would depend on the Legislature's willingness to amend existing laws governing the state's financial procedures.

These would include temporarily moving special fund balances into the

Extension Service Offers Training For Child Care Providers

Persons who operate child care facilities or keep children in their homes can sharpen their skills and gain new ideas to help them in their day-to-day tasks by attending a conference March 11 in Lubbock.

The program will begin at 8:30 a.m. and end at 4:00 p.m. at the educational building of the Broadway Church of Christ, 1924 Broadway, Lubbock. Course completion will provide participants six contact hours toward state required training.

"In Sherman County, some 40 percent of our families rely on child care providers each week," said County Extension Agent,

Susie E. Spurlock. "These providers play an important part in the growth and development of our children."

The training conference is being presented by the Texas Agricultural Extension Service with the assistance of several other state and community agencies. It will stimulate professional growth and provide an exchange of ideas and technical information to help child care providers.

Information and advance registration is available at the County Extension Office. For more information contact Susie Spurlock, CEA-HEC Sherman County, at 396-2122.

North Plains To Meet

The North Plains Branch of Catholic Life Insurance Union, a Texas based fraternal benefit society, will hold its annual meeting February 26, 1989 at 12 noon at the St. Joseph's Parish Hall in Stratford (515 S. Fulton). All North Plains Catholic Life Branch members are encouraged to attend.

Officers of the Branch are Rev. Ed Kieran, Spiritual Advisor; Joe Reinart, President; Jim Wieck, 1st Vice-President; Gerald Wilhelm, 2nd Vice-President; Babette Spinhirne, Secretary Treasurer; and Marvin Batenhorst, Representative. Andrew Lange of Rowena is the District Director and Jerome Brockman of Maza-

reth is the Deputy Director. Jerry Grossman of Canyon is the area Supervisor.

North Plains is one of 98 Catholic Life Branches serving 45,000 members in Texas and Louisiana. All Branches have a representative form of government, meet annually, and are involved in religious, charitable, civic and fraternal activities in their churches and communities.

Catholic Life was founded in 1901 to provide life insurance protection and fraternal benefits to families. Now the 11th largest fraternal benefit society in the U.S., they have assets in excess of \$78 million and insurance in force of more than \$730 million.

Sherman County 4-H Horse Club

Sherman County 4-H Horse Club had its last meeting on January 15. The program was to clean the highway near Texhoma as a community service project, but due to a shortage of attendance, this activity was postponed.

Many Horse Club members have exhibited in the Sherman County Stockshow

as well as various other stockshows. These members are to be congratulated for their hard work and the awards they've received.

The next meeting is Feb. 26, at 2:30 at the County Barn. No horses are needed.

The program will be on equipment care. Notice the change of date. Reporter Ryan Swain.

Speaker Cont. from Page 1

She began working in economic development in 1969 at the Wichita Falls Board of Commerce and Industry. Cheryl began as a research assistant and was promoted in 1974 to a staff executive position. She left the Board of Commerce and Industry in 1978 and taught vocational technical training courses at secondary and post secondary levels. She taught retailing and marketing courses at Southwest

General Revenue Fund; prepaying 1990-1991 budget expenditures in the 1988-89 budget; consolidating some special fund payments; and depositing mass transit authority funds in the General Revenue Fund instead of special accounts.

Details of the plan went to legislative leaders and lawmakers in a letter sent Friday.

Texas State, and joined the Texas Economic Development commission in Austin in 1984. Cheryl served as a location consultant for West Texas, and then was promoted to Director of the Department of Community Training. She continued in that position with the formation of the Texas Department of Commerce, and left TDOC in April of 1988 to join the Economic Development Department of Southwestern Public Service Company.

Based in Amarillo, her current responsibilities include community development, marketing and new industrial recruitment.

Cheryl has served as a member of the Board of Directors of the Texas Industrial Development Council, and directed the pilot training for the Texas state certification program for communities (TEXCEL).

used and only 14 inches where this irrigation was skipped. Planting date with no preplant irrigation depended on rainfall. When beds were wet by preplant irrigation, planting was from May 16 to 30 depending on weather. On the other hand, with no preplant irrigation, planting varied from the ideal time of May 20 in 1986 to June 22 in 1984 when May and early June were dry. The researchers said late planting after June 10 reduced yield potential in 1984. Allen pointed out previous research showed that potential grain yield decreased with late planting, but water use efficiency increased, so reduced irrigation cost offset lower yield.

When preplant irrigation was omitted, spring rains were stored in the soil and the water was used by plants later in the season. When the soil profile was filled with water from preplant irrigation, spring rains ran from the field and were wasted.

Allen said, "By making better use of rainfall, we almost doubled irrigation water use efficiency." "With preplant irrigation, one inch of irrigation water produced 260 pounds of grain per acre, and without it, 424 pounds of grain were produced per inch of irrigation."

Assuming irrigation water costs \$4.00 per acre inch including labor, irrigation water cost was \$100.00 and \$56.00 per acre with and without preplant irrigation. According to Allen's calculations, the extra 560 pounds per acre of grain produced with preplant irrigation was very expensive, costing \$7.85 per hundred pounds. "Sorghum selling price has never been high enough to make that profitable," he said.

Out The Library

By Dorothy Haile

Children who have been attending Story Time each Wednesday morning at the library are the featured readers this week. Vicki Gore is the director for these morning programs.

Nine children attended this week. They were Adam Reed, Ashley Brown, Lara Shafer, Jaret Pemberton, Nicholas Artho, Jamie Luther, Stevie Luther, Pamela Griffin, and Jessica Young. Each session begins with a time for the children to share with each other something about their activities and interests. They participated in a sing-along and action game. They talked about tantrums, and why children throw tantrums.

Vicki read the children a story about throwing tantrums. A film about getting angry further explored this emotion.

Craft time gave the children a time to draw a mouse to put in the mouse house they had begun the Wednesday before. The theme for the previous Wednesday was about wild things. And mice were talked about and the children decided that mice were wild. The morning time is completed when the children choose three books to take home to read.

All children from 3 to school age are invited to come share this time at the library for a fun and learning experience. Remember, Wednesday mornings from 11:00 to 12:00 a.m.

Vicki Gore, director for the Wednesday morning story time at the library is shown with the Feb 8th group. Names not in order, Adam Reed, Ashley Brown, Lara Shafer, Jaret Pemberton, Nicholas Artho, Jamie Luther, Stevie Luther, Pamela Griffin, and Jessica King.

Safety is no accident, especially in the kitchen. You should know how to prevent cooking-related fires that can lead to burn injuries. All cooking oils will burn if overheated, so never leave heated oils unattended. Do not attempt to remove the burning pan of oil from the stove. The fire department should be called to check for hot spots and to ensure that the fire has not spread. Do not dump the pan contents into the sink or spray with water. Allow the covered frying container to cool for two hours before removal. If the contents of a frying pan do ignite, turn off the heat and extinguish the fire by covering the pan immediately with a lid or by using an appropriate fire extinguisher, recommend experts at the Institute of Shortening and Edible Oils, Inc.

Never pour hot oil back into its original container since it's not designed to withstand the high temperatures reached by oils during cooking—wait for it to cool. You could get burned by spilled oil or hurt by a broken container.
