New Organization Formed

The XIT Rural Telephone Cooperative Inc., with operating headquarters in Dalhart, Texas, since 1951, announces the formation of a new organization—the XIT Telecommunication & Technology, Inc. or XT&T.

XT&T is a new wholly-owned subsidiary of the XIT Rural Telephone Cooperative, Inc. formed in January, 1988. Jimmy R. White serves as General Manager of both Organizations. The Board of Directors are also the same for both organizations.

White stated that the XIT Telecommunication & Technology, Inc. will perform all the unregulated functions of the XIT Rural Telephone Cooperative, Inc. XT&T will sell, lease, and maintain all of the telephone instruments and business telephone systems, as well as provide inside wiring maintenance for the members of the Cooperative. XT&T will also offer telephone equipment and maintenance to anyone needing assistance with telephone equipment or systems, White added.

Being outside of the regulatory constraints allows XT&T many opportunities that the regulated Telephone Cooperative is unable to pursue, Mr. White reported. XT&T is presently involved in some of these endeavors and is negotiating or studying others.

Manager White reported that XT&T has secured a contract to lease facilities to AT&T from Guymon, Oklahoma, to Amarillo, Texas. This is a joint effort with Panhandle Telephone Cooperative, Inc. (PTCI) of Guymon, Oklahoma. PTCI has constructed fiber optic facilities from Guymon, Oklahoma, to the Texas state line on Highway 385, north of Dalhart, Texas. XT&T is near completion of its construction of fiber optic facilities from the Texas state line to the Coldwater Exchange, five miles north of Dalhart, Texas, to Dumas, Texas, and into downtown Amarillo, Texas, at 8th and Tyler. This facility is now in place and the electronic

equipment is presently being installed for this project. Plans are to cut this facility into service starting in January, 1989, and completing in June, 1989. This new fiber optic facility will provide for all of the AT&T long distance service from the Guymon, Oklahoma Toll Center, the Panhandle Telephone Cooperative Toll Center, Hooker, Oklahoma, the XIT Rural Telephone Cooperative Toll Center in Coldwater, Texas and the Dumas, Texas Toll Center. White stated that this fiber optic facility is the latest in technology. This facility will have the ultimate capacity of approximately 30,000 circuits on eight fibers. This could effectively double or triple with the new electronics equipment being developed. The facility is capable of video transmission, as well as voice circuits. The contract with AT&T will provide an approximate \$900,000.00 annual revenue to the XT&T corporation over the next five years, White added. XT&T is presently negotiating with General Telephone Company to lease facilities for the long distance services from the Dalhart, Texas and Stratford Texas Exchanges on the same facility.

XT&T also owns a limited partnership with Southwestern Bell Mobile Systems in the cellular service being offered in Amarillo, Lubbock Abilene, Midland & Odessa, Texas cellular markets. XT&T participates in ALAMO Cellular Corporation, Inc., along with five other organizations in this limited partnership. XT&T is presently negotiating with the other wireline companies on the cellular service for Texas Rural Service Area (RSA #1). This is Dallam, Hartley, Sherman, Moore, Oldham and Deaf Smith counties of the Texas Panhandle. XT&T would like to operate cell sites in the Dalhart and Dumas areas contained in this RSA. At this point, our chances are looking good to attain this. If we are successful, we will plan to introduce this service as soon as possible after the

licenses are issued by the FCC, which could be within the next 12 to 24 months, Manager White reported.

XT&T is also having a study developed to determine if it would be feasible to start into the competitive long distance services. Should this prove feasible, we could be offering long distance services directly to the XIT Rural Telephone Cooperative members and to the Dalhart and Dumas areas. It is too early to determine if, or when, XT&T may be offering these services in the area, White stated.

Other projects being considered are offering facilities to area schools for interactive video television classes. This is presently in operation for schools in Beaver County of the Oklahoma Panhandle with some very impressive success. Staff of XIT Telecommunication and Technology, along with representatives of the National Telephone Cooperative Association Marketing committee, recently toured the schools in Beaver County, Oklahoma, hosted by the Panhandle Telephone Cooperative, Inc. Other possibilities include linking area hospitals with interactive video and audio television to a major medical center.

Manager White concluded that XT&T is very excited about the new information services of the future and the role that XT&T may play in bringing some of these services to the Northwest Texas Panhandle Area. The management and directors have maintained the XIT Rural Telephone Cooperative, Inc. as a very progressive telephone company. Under that same direction, with more freedom regulatory restrictions, XT&T should accomplish some exciting projects in the future.

Chamber Chatter

By J.A. Lasley

Everything was great in 88 and everything will be fine in 89! Happy New Year to one and all.

It's real strange how quickly Christmas fades into the past. I came back from an out of town trip Monday (I missed 5 of the Bowl games) and the first thing that I noticed was that the Christmas Decorations were down. I want to let you folks know that the city stores the decorations from year to year and that they along with some other assistance put them up, voluntarily before Christmas. I personally want to thank the crew for a job well done. I helped judge the lighting in another city this past December, and quite frankly in retrospect to size we were as well lite downtown as they were and we had percentage wise as many home beautifully decorated. I am really proud of the efforts of our citizens.

Beginning this Thursday our tournament begins-this has to be about the 59th annual tournament. And yours truly probably went to the first one held here. And I will be at this one. Remember the Band Concession, and the "goodie room", down the hall. This is one way the Band earns money to help with the nice

trips they take each year. Lets support the Elks & Elkettes; as well as the Big Blue Marching Band. The 7th and 8th grade boys and girls travel to Panhandle this Thursday to play. According to Coach Allen the 7th grade girls play, then the 7th grade boys followed by the 8th grade girls and boys. The games will start at 4 p.m. This is the way it "use to be" with all four teams playing at the same place. Great!-there should be alot more noise and enthusiasm.

The 10th of Jan. there will be a "dutch treat" breakfast at the County Kitchen for the Landowners who leased their land for the Pheasant Hunt. We are indebted to these fellows as they provided for 61 Hunters this year. Doak Crabtree did an excellant job.

Just one word to the person or persons who stole the flag at the Chamber. it is a felony-but even more so you showed what a dott you really are with a gutter mentality. The ultimate put down is to be ignored. Thanks to Mary Reese and the U.S. Postal Service "OLD GLORY" is waving once again at the Chamber Office.

Cards of Thanks

On behalf of the Sherman County Older Texans, I would like to say thank you to everyone who helped make our annual Depression Supper a great success.

Madge Lowe and Kenneth Borth who donated the quilt tops for the give-away. The SCOT Quilters, who did a beautiful job quilting the two quilts. All the Scot members who brought dishes, helped set up, and helped clean the county barn.

The committee chairmen who did a terrific job getting things done. Gopher's, who donated ice. The local band who entertained us and to the town of Stratford, who came out on a cold night and enjoyed the fellowship and fun.

We appreciate the efforts of all who participated.

Sincerely, Vicki Gore, SCOT Director

I would like to thank my friends and family for the concern during the loss of my brother. I would also like to thank Jimmy's friends from Stratford and Texhoma who attended his services. It was a dreadful day, but I thank you for honoring him with your presence. You were special to him. Thanks to everyone.

Ken and Linda Forthman

I want to say a great big Thank You to Timmie Brown for putting my name in the pot and for Scot Quilters for making the beautiful quilt that now is on my bed to keep me warm on cold nights.

Thanks, Lorelyn Powers

SCOT Notes Births

by Timmie Brown

Happy 1989 to you, Sherman Co. Older Texans, Friends and Neighbors. On this Monday, January 2, 1989 the weather out look is fine. The low last night was 16 degrees F. and the forecast for the day's high is 60 degrees F.; humidity at 6 a.m. is 63% and the wind is calm. Personally, we look forward to a peaceful day of televising parades and football games.

Our Christmas Holidays were a mad rush of getting ready and planning each days exciting activities-a time to be happily remembered. Never have our families been so scattered. That is life however, and with people well, busy and happy, what more can we ask?

As for "Our Town"- the display of lights for Christmas was outstanding-representing lots of hard work, thinking and community pride. The one act of vandalism at Andrea Norris is pride-shattering to every Stratford Citizens and we are righteously indignant. As Christians we love the offenders and as Christians we detest their dastardly act. Personally, we trust these offenders are found and suffer the full consequences of the law which would be their just receipts. As intelligent people they are responsible for their acts.

Looking at our Scot Calendar usual activities are Marked "Go"- the first special is Birthday Party on Friday, Jan. 12th. Perhaps we will have caught our breath by then!

The Harold Bennetts are spending the winter in Stratford. Penny said that fathertime has removed so many freinds down on the coast they decided to stay home.

Director Vicki Gore and family spent the Holidays with her mother, Doshia Adcock Howell in Arkansas.

The Bill Pendletons spent Christmas with their families and the Jack Veasys at their Padre Island Condominium. The Ed Hills are returned from a California trip. The Hubert Waldrops New Years guests were their daughter Linda Waldrop Barone and family. Clea Garrison is in California with her daughter Marcella G. Gillis, who is very ill. Freda Dortch has been in the Dumas Hospital for several days. Ruby McNeal is in Colo. with her daughter, Reta Joyce.

Bruce Dettle, son of the Jack Dettles, has been in an Amarillo Hospital due to a turkey bone lodged in his throat. Harold Turner has returned to the VA Hospital

in Amarillo. The T.F. Baskin's holiday guests were their daughter, Lucy Gerkin and family. Holiday guests of the H.L. Hailles were the Eddie Moon family; Donna Moon; Barbara and Alan Carruth and family, Lorelyn H. Powers, Matt and Joy joined the party Christmas Day.

At Betty and Baskins house Christmas day were Jim Bob, Patty, Ashley, Caleb, Carrie, Blair and Timmie Brown.

SCOT's Congratulations to Ronald David Riffe and Kyle Ingham who have been selected for inclusion in the 1988 edition of Outstanding Young Men of America. Kyle is a 5th generation Sherman Co. Young Man, grandson of Mildred James

and Louella Johnson. Ronald is the grandson of Ruth Harland, Texhoma.

We read, "The world in which we live is made by how we think"- That was written by Marcus Aurelius. How about SCOT thinking "this is a good world" as we scatter "Scot Shoulder Pats" and "luv u's" as we go about during 1989!!!Happy New Year!!!!

Out The Library

By Dorothy Halle

The Stratford Area foundation has granted to the Sherman County Public Library a six thousand dollar request for equipment for the building.

This money will be used for shelving for the children's department. Six story-time seats will be added for the young children who use the library.

A system for hanging framed, matted and unmounted work of all sizes will be added to the walls in the west room. This will be a great addition for displaying pictures of local artists from young children through adults.

A 16 inch illuminated globe is yet another added piece of equipment. The globe features today's world with up-to-date names, countries in contrasting colors, and hundreds of

physical features. The globe is a beautiful and useful addition for our patrons.

A seven volume professional reference tool, books in print, has been added. These books provide information on reference, acquisitions and special ordering, and helps the librarian serve the patrons more efficiently.

Office equipment added with grant money consist of an electric typewriter, calculator, office chair and carpet floor mats.

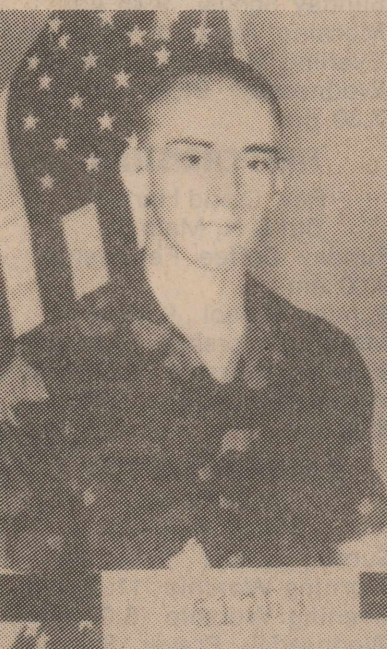

On behalf of patrons of the library, the library board and the office staff, we express our sincere appreciation to the Sherman County Area Foundation for granting our request. We invite all to come by the library and see for yourself what has been accomplished through the use of this grant money.

CHOOSING THE RIGHT DIET

So you overdid it on the holiday eating and now it's time to hop on the diet bandwagon.

To help you fulfill your New Year's vow to lose weight, the magazines will be filled with diet plans and the commercial weight loss programs will advertise heavily in January. The question is, how to choose.

You may not need a "Special diet" at all, according to Dr. Mary Kinney Sweeten, a registered dietitian and nutrition specialist with the Texas Agricultural Extension Service.

"People with an extra 2 to 5 pounds from overdoing it during the holidays can probably drop the weight just by cutting back on extra calories and getting on an exercise program, such as walking a mile or two each day," she said.

"Following the low-fat recipes from a magazine diet plan may help some people do that. But if you're already 20 to 30 pounds overweight & have added even more over the holidays, it's time for a significant diet," said Sweeten.

Although a post-holiday fad diet may help in the short run, research indicates that 95 percent of the people who go on them regain the weight within a year, said the specialist.

Before choosing a diet book, class or plan in hopes that it will help you with significant and permanent weight loss, Sweeten suggests asking the following questions:

*What's the source of the diet? Is it a reliable health organization?

*How is the effectiveness of the diet documented? Be wary of testimonies by "successful" clients. Ask for figures on long-term maintenance as well.

*Are sensational claims made for the diet? Does it make sense that you can "lose ten pounds overnight" or "Eat all you want" and still lose weight?

*Is the program supervised by qualified personnel, such as a physician or a registered dietitian?

*Along with calorie reduction, does the diet include instruction in behavior and lifestyle modification to help maintain the weight loss?

*Is this a one-food diet or a liquid diet? In addition to being boring, these diets omit necessary nutrients and can be a danger to your health.

*Is the diet nutritionally balanced? It should include foods from the major food groups of meat, poultry and fish; fruits and vegetables; dairy products; and grains and cereals.

*What is the cost of the diet? If you have to buy special foods, devices, supplements or books will it be worth it?

Supt. Ned Burns Speaks To TRTA

Mr. Ned Burns, superintendent of Dalhart ISD, spoke to the local unit of the Dalhart Retired Teachers at the December meeting in the Community Room of the First National Bank. Burns, whose mother is a retired teacher, gave a brief history of his professional career as a classroom teacher, elementary principal, financial director, and superintendent before coming to Dalhart in January 1988.

He mentioned several educational issues facing the 1989 session of the Texas legislature. These include; all active teachers may be asked to contribute to Medicare; the rule of "85" which means that a teacher may retire with full benefits when age and years of service equal 85; educational equity in funding of school districts; and the advisability of become acquainted with newly elected district and state officials. He also asked retirees to become substitute teachers.

He stressed that all must work together, active and retired teachers, administration, parents, and the community for the benefit of all children from pre-kindergarten to high school graduates.

Preceding the talk of Mr. Burns, the group had their business meeting with Portia Dees, vice-president, presiding. Elsie Nettleton read the minutes of the last meeting; J.W. Brannan gave the treasurer's report. Dees asked the members to pick

up a copy of the legislative agenda for TRTA and to study the priorities set by the state officials for teachers and education. Mrs. Bertie Hall gave a brief report on the district meeting held in Amarillo in November. Teachers were urged to write letters to state legislators. Elsie Nettleton asked members to give her reports on their volunteer activities and hours for 1988 so that she may send a report to the state volunteer chairman.

There will be no January meeting but members and guests will meet on Thursday, February 9, again at the First National Bank.

Mr. Herman Nettleton gave a report on ways to keep healthy. They included; avoid cholesterol and too much use of salt, reduce stress, avoid smoking, drinking of alcohol, overeating. Having a faith in God, prayer, and having a hobby also help to reduce stress and "burnout" in older people as well as younger people. He also reminded his listeners to become familiar with the changes in Medicare and the expansion of health coverage.

The members enjoyed a gift exchange, refreshments, and visiting and reminiscing about Christmas Holidays in the past. Miss Mildred Crabtree, sister of Ida Lee Leonard, was a guest. Other members present in addition to those previously mentioned were: Evelyn Brannon, Ralph Hall, Adree Bryant and Frank Gracey.

IT'S A FACT!

There are over 15 million small businesses in the United States today. Three times as many women as men have started their own businesses in the last five years. Two hundred billion dollars change hands each year. All these factors have created a need for brokers to help people buy and sell their businesses.

Pointers For Parents

Health Education Can Mean Healthier Students Your child may be healthier if his or her school has a comprehensive health education program. That's the finding of a recent Louis Harris survey.

Symbol of a corporate campaign promoting excellence in health education.

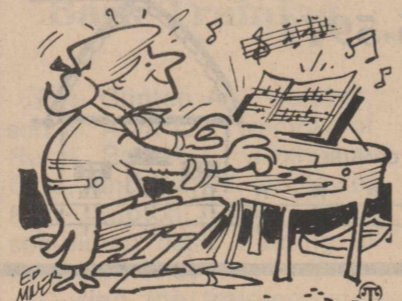

Some survey highlights show: • While 43 percent of students with one year of health education drink sometimes or more often, that number decreases to 33 percent for students with three years of health education.

• The proportion of those who've ridden with a driver who has been drinking decreases from 70 percent for students with one year of health education to 63 percent for students with three years. • Eighty-one percent of students in "Healthy Me" schools and 74 percent of students with three years of health education report making changes to improve their health, compared to 62 percent with no health education.

Healthy Me, an initiative funded by Metropolitan Life Foundation, encourages development, adoption, and implementation of quality comprehensive health education programs in schools across the country.
