## Stratford Citizens Met With **Schoolboard To Discuss Hazing**

The Stratford Independent School Board met in regular session on September 12, with all members present. At this meeting several citizens met with the board to discuss the hazing of the freshmen students during fair days. The board discussed this matter with the group and told them that the school could not take part in any type of hazing and did not support this type of activity. That is why it was taken out of school activities many years ago.

In regular business the Board approved the minutes of the previous meeting and paid bills for the month of September. The Board passed a resolution to coninue taxing personnal property.

The dates for Parents' Back to School Night were set for October 2, High School and Middle School, & October 3 for Mary Allen Elementary from 7:00 until 9:00 p.m.

Superintendent Bass gave a report on the bus routes and the number of students eligible to be transported each day on the nine routes. The number of students eligible to ride each day was 147 students with approximately 1100 total miles driven daily.

In other business the Board accepted the securities as presented by the First State Bank to cover school funds deposited in the bank.

Superintendent Bass presented the enrollment figures for this year by grade: Kindergarten 42; First 38; Second 37; Third 44; Fourth 39; Fifth 36; Sixth 39; Seventh 38; Eighth 42; Ninth 48; Tenth 35; Eleventh 26; Twelfth 36, showing a total enrollment of 500 students. This is down by 29 students from this time a year ago. Although this figure is down, it is not as low as projected. Superintendent Bass stated, "This is about 20 more students than I though it

would be." In other business Superintent Bass gave reports to the Board about teacher in service, the Effective School Concepts, and discussed the Superintendent's meeting he

attended last week. Meeting adjourned at 8:30

## **Collection On Back** Taxes Are Being Sent

Taxpayers owing back taxes have recently been contacted by the delinquent tax firm of Perdue, Brandon & Fielder. If you owe taxes for 1988 or previous years and have not made other arrangements with the collection office at the appraisal district, you may expect to be served with a citation by the Sheriff's Department.

Due to new laws as made by the Texas State Legisla-

ture, costs levied by the County & District Clerk. Justice of Peace, and Sherman County Sheriff have increased considerably. Court costs can soon exceed actual tax costs.

It is to each and every delinquent tax payer's advantage to take care of their liability at once. 1989 tax statements will be mailed October 1, and are due and payable then.

Mitigation--the dictionary defines mitigate as: to make or become milder, less severe, or less painful. Most people mitigate in their own lives everyday. They have seat belts in their car and smoke alarms in their homes. Just having these devices does not constitute mitigation. Putting the seat belt on when driving and testing the smoke alarm periodically are forms of mitigation. Therefore, we are all involved in mitigation

## Chamber Chatter

By J.A. Lasley

The old saying, still holds true; If you do not like the weather at the moment wait around awhile, it will surely change. And it still does. Thursday and Friday were ideal, Sunday a little windy as well as the first part of the week. Perhaps the Carribean hurricane is affecting our weather?

Letters have gone out to our prospective hunters--we continually get calls about the pheasant hunt. And always they are asking about motel accommodations. I have spoken with J.R. Houston, at the Ranger. They are already booked up at the Ranger; as well as the Sunset. If you have an extra bed that you would not mind a hunter staying in, would you please call me at the Chamber, 2260 and I will keep your name for referrals. We had a few, on the surveys that said they would keep hunters, but did not give a name, consequently I did not know who to call. We had two families to call the Chamber last year and one family did keep a hunter.

At the present time, I have a group wanting to come in that will have a party of around twenty for the weekend. Can you help me and the Chambers annual Pheasant hunt???? Plans are

## Kerrick News

by Marylou McDaniel

For the fourth year, not third as reported earlier, the good Lord smiled on Kerrick Chuck Wagon Saturday night! The weather was perfect and the people turned out full force, about 375 or more. We ran out of potato salad, apples, and bread toward the end, but we had plenty of barbecue and calf fries and that was what was important!

We'll try to plan more for next year. Bill Gillenwaters and George Avent have consented to cook for us again next year.

Everyone pitches in on the day before and the big day in some way or another. They cook, serve, mow, setup, cleanup, furnish some of the food. This year hail got Hampton's garden and pounded their cabbage, so that it wouldn't keep, but delicious for now. They gave over 60 lbs. for the slaw. Others donated tomatoes, onions. Ellison's furnished

Friday night a crew cleaned and sliced calf fries. Well, am not mentioning anymore names cause would probably leave out someone. The point is, it is a community effort that is work, but fun!

Members of the band "Golden Notes" were Raymond, Mason, Chris and

Forrest, all of Spearman, Cap Benson of Gruver, Mac and Evie McMillian of Cluck Feedyard, W. R. Lawrence of Stratford, Terry Schoonover, Kayo McDaniel and Donna Avent.

Sunday afternoon visitors with Kayo and Jo June McDaniel were Harold and Narcessia Baker of Boise, Idaho, Dean & Zella Gifford of Guymon and Katherine Schriber, Stratford.

Sept. 12 was Virgie Mathews birthday. Claudine Allen and Franny Taylor surprised her with birthday cake and gifts. Also present was daughter Marjorie Munden of Claude. The Mundens returned for Satur-

Some of Pat and Bill Boren's guests didn't arrive last weekend, but son Joe Bill and his fiancee, Jennifer Wilkerson, flew in from Waco and daughter Kerry and husband Kelly Carlisle

of Goodwell were present. lan Weems and friend, James Staniswalis of Amarillo, were weekend visitors with his grandparents, Hank & Mabel Rogers.

Annette and Ralph James Hampton were in Hutchinson, Ks., Tuesday on business and had a quick look at the State Fair. It rained on them all the way.

Sunday was the 90th birthday of Mike Schoonover grandfather of Terry Schoonover. Terry, Barbara and Brady attended the party with Trisha Tillery going as a guest of Brady.

Joyce Irlbeck, Jean Everett and Mary Wayne Supurlock attended Texas Extension Homemakers Association State Meeting in Corpus Christi. They flew there Sept. 12 and returned Sept. 14. "Strengthening families through education" was the theme for the event which included workshops on all topics.

Outstanding speakers included Becky Barker, author and publisher and Ketha

## Centennial Park Project Gazebo **And Commemorative Walk**

Editors Note: At Presstime there had been several more names added to the list of buyers of the bricks.

\$250.00

The Gazebo is completed thanks to the individuals, business and foundations who donated funds and early brick buyers. Now the task is at hand to complete the Commemorative walk around the Gazebo.

At this time we have only 80 families, 1 church and 1 business represented with the commemorative bricks. It is the hope of the centennial committee to have a lasting monument of past, present and future, featuring families with dates in county business and organizations both past and presented with date active. This is a county centennial

therefore a representation from the communities in the county or associated with the county is very much desired. Texhoma, Spurlock, Kerrick and Conlen are certainly important in the progress and history of Sherman County and we hope to have these areas represented.

A walk down memory lane will make this project really

Deadline to purchase commemorative bricks has been extended to November 1, 1989. If you know of someone out of the county who would be interested in participating please contact the chamber and a form will

#### GOD'S LOVE PAINTED THE FLAMING BRILLIANCE OF AUTUMN

The summer's heat is on the wane And clouds are promising to rain. The cooler air is filled with haze From pungent smoke of bonfires' blaze, And with the season in its prime, On fields and trees it's harvest time; While frost produces in the nights Our most magnificent of sights: The flaming leaves of red and gold To mark a year that's growing old, Before they turn to deepest brown, So winds can bring them drifting down. Your House of Worship will convey The meaning of this bright display, Which shows the love that God has planned When brilliant autumn lights the land. - Gloria Nowak

## ✓ Out The Library By Dorothy Haile

Our READERS OF THE WEEK are Rita and David Harker. They come to the library often for reference and recreational reading material.

Rita learned to read at age three and has been an avid reader all her life. She choses history, geography, astronomy, geology, anthropology and travel books. These are her favorite reading interests. Seldom does she read fiction. She does enjoy James Herriot animal stories.

David did not learn to read in first grade, and in fact, his mother was told by the teacher that he would never learn to read! But his mother had different ideas. The summer following the first grade she made flash cards for them to use. His sister & mother worked all summer to teach some reading skills. When he entered second grade he was placed in the lowest reading group. In two weeks he was elevated to the middle level readers. In another two weeks he was in the top level readers.

Readers of the Week-David and Rita Harker.

Reading is essential to David's job, but also reading provides a great source of pleasure. he does read some contempory books and magazines. "One may live many lives, and experience worlds far different from your own," is a comment of the Harkers.

Rita teaches correlated English and French in Stratford High School. She often uses library resource

### Tutorial Period At High School

By Emily Graham

On September 25, the first tutorial session of the 1989-90 school year will begin at Stratford High School. This year however, it will be done differently from previous years.

The tutorial period, which all Texas schools have at some point in the day, resulted from House Bill 72. In years past, the session was held from 8:05 a.m.-8:25 This year the session is held from 11:17 a.m.-11:42. Time for the session was gained by taking a few minutes out of each regular class period.

Teachers feel this new tutorial session will be more successful, as it will be easier for students to attend.
