Candidates for County Commissioner, Precinct 4

By **CARRIE HARVELL**

Contributing Writer

Here is the final article in the *Herald's* series posing seven questions, chosen by the paper, to candidates in local political primaries. Other articles in the series covered County Judge, Justice of the Peace, and County Commissioner Precinct 2 candidates, this one will focus on candidates for County Commissioner Precinct 4.

The main purpose of elections is to choose good representatives for our county. On March 1, the citizens of Howard County will vote in a Primary election to elect the candidates they want on the ballot in November for the following positions: County Judge, County Commissioner (Precinct 2) County Commissioner (Precinct 4), Justice of the Peace (Precinct 1, Place 2), and Justice of The Peace (Precinct 2). Early voting is now underway at the Howard County Courthouse, and is slated to continue each weekday through Friday.

The Herald's seven questions, presented in the same order for each candidate, include:

1. Some people in our community say we have a traffic problem; heavy trucks coming through town and drag racing

down Third and Fourth streets. What is your opinion? How would you mitigate or change the situation?

2. How do you plan to involve residents in the decision-making process in our community?

3. What career accomplishments are you most proud of?

4 (a). What is your greatest strength?

(b). What is your weakness?

5. What are your top three priorities?

6. What steps do you take when making decisions?

7. What motivates you to work?

Printed below are the verbatim responses from the two candidates for County Commissioner, Precinct 4. Both candidates are Republicans:

Doug Wagner (Republican):

Editor's Note: Mr. Wagner included headings for each answer along with his responses. Printed below are his verbatim responses, although the Herald has added the numbering.

1. Traffic

Safe county roads are definitely one of my priorities. This includes not only road condition, but also traffic control. I intend to drive the roads in my precinct on a regular basis. Some intersections may need attention to signage. I don't

know if it's possible to lower the speed limit for trucks on county roads or not, but I think it is worth looking into.

2. Resident Involvement

I want to have an open-door policy to be more open and transparent. I will set up a Facebook page for the precinct for those that do not want to make a phone call but would share their concerns on social media. I plan to share information about things going on in the county and upcoming events. My personal phone number and email address will be readily available.

3. Accomplishments

I had a successful business at age 19. I taught Automotive Technology for 27 years at BSHS, and it is gratifying to meet ex-students and know that I had a positive influence on them. My years in the classroom and other professional leadership roles taught me how to relate to and work with a wide variety of people.

4(a) and (b). Strengths and Weaknesses

I feel that I work well with others, have common sense, and am a good listener. I want to hear concerns from people in the county. Some of my challenges are

before the movie theaters had begun and all entertainment was live and usually local. The Opera House featured a stage for entertainment and a large social area for dancing. Previously, the only place large enough for a dance to be held was at the courthouse. The stage had three drop curtains with different scenes that included a parlor, street, and woodland.

Plays, road shows, graduation exercises, railroad anniversaries were all conducted in the building. If there were no scheduled entertainment available, parties were thrown

The New York City Metropolitan Opera House was completed in 1883. Most Big Spring residents had never heard of the New York Metropolitan Opera and even fewer would have ever been able to experience it. However, Big Spring desired culture and entertainment for its small township.

During the late 1880s, brothers Dale and C.L. Alderman decided to build a wooden two-story structure on the east side of the courthouse, at 313-315 Main, for this service. This was

United Way holds successful coat drive

Photos courtesy Amanda Duforat

This past weekend the United Way of Big Spring and Howard County gave away warm coats and other cold-weather wear.

By **AMANDA DUFORAT**

Contributing Writer

Every year for the past several years, the United Way of Big Spring and How-

ard County has been supporting 14 local agencies. Since the onset of the pandemic, the local United Way has been searching for ways to fill in the gaps throughout the year in assistance to those agencies.

This past weekend, a Winter Coat and Blanket event was held at the Big Spring YMCA.

"We collected coats, jackets, blankets, scarves, and more items to keep our community members warm, over the past several weeks," Christian Fair, Executive Director of the United Way of Big Spring and Howard County, said. "We had several organizations and community members who supported the drive, and we were able to gather a great amount of coats."

The YMCA - a supported United Way agency - offered a centralized location for the coat distribution. Board members of the United Way were on hand Saturday morning to hand out coats to

Letha Kersey Duke

Letha Kersey Duke, 101, of Big Spring passed away on Monday, Feb. 21, 2022. She will lie in state from 8:30 a.m. until 9:00 p.m. Friday, Feb. 25, 2022 at Nalley-Pickle & Welch Funeral Home. Funeral services will be 2:00pm Saturday, Feb. 26, 2022 at Trinity Baptist Church. Interment will follow at Trinity Memorial Park. The services will be livestreamed through the YouTube channel Trinity Baptist Big Spring. The service will be available for viewing following the service as well.

She was born Jan. 6, 1921 in Cason, Texas to William D. and Ada Maude Barnard Kersey.

Letha was a member of Trinity Baptist Church for 74 years and was a warrior of Christ. She was saved at an early age of 8 years old in the late 1920's. Letha brought hundreds of people to Christ. She made sure every person she came in contact with knew about her Jesus. She taught Sunday school for many years and was very active in missions work alongside her husband until his death in 1992. She still pursued the work of the Lord through missions, traveling on various missions trips to Brazil, Mexico and Honduras. She prayed daily

for all of the missionaries and she never missed an opportunity to fellowship with them.

Letha was a World War II nurse. She then worked for 63 years as a registered nurse in many different locations. She was a hospice nurse for her daughter, her husband and two of her sisters in her home, caring for them in their end of life. Letha was also a certified sign language interpreter. She was a wonderful mother, grandmother and friend. Anyone who knew Ms. Letha loved her and knew she loved them.

Survivors include her grandchildren: Blake Torrence, Lupe Estrada, Margie Martinez, Richard Martinez, Raymond Martinez, Victor Martinez, David Martinez, David Duke III, Rita Robles, Lydia Cardenas, Daniel Duke; close friends, Sandra Henderson Temple and Bob; numerous loving great grandchildren.

The family would like to thank her special friends, Deanna Burnett, Robbie Froman and everyone at Trinity Baptist Church.

She was preceded in death by her husband, David Duke, Sr., parents, daughter, Amelia Duke Torrence, sisters, Ruth Kersey and Margaret Hinton.

Arrangements are under the direction of Nalley-Pickle & Welch Funeral Home and Crematory. Online condolences may be made at www.npwelch.com.

Continued from Page 1

that I am still learning to balance my time between family, work, and community responsibilities.

5. Priorities

I plan to work towards reducing or stopping the illegal dumping in the county. I would like to investigate the possibility of lower dumping fees, or some other way to reduce the cost for citizens. I would like to find out if the city's "Good Samaritan" dumping policy can be extended to county residents. Property taxes are always a concern, and I will do my best to work with the other commissioners to keep taxes as low as possible and still maintain adequate county services.

6. Decision Making Process

When I make decisions, I gather information about the subject through research, and seeking out knowledgeable people for input. Prayer helps a lot.

7. Motivation

I care about people and our community. That motivates me to set goals to identify and meet people's needs. I get a lot of satisfaction from solving problems and attaining those goals.

John Cline (Republican):

Editor's note: Mr. Cline also wrote headings, included here, along with his responses. Mr. Cline also included the numbering as shown:

1. Traffic Issues

In the county, the commissioners have increased patrols to handle the presences of the large oilfield trucks. We have also adjusted some speed limits.

2. Involve People

The Commissioners and I have an open-door policy with anyone to express their ideas. I would like to see all the entities come together to make better decisions for the county.

3. Accomplishments

I have been commissioner for 11 years. We have one of the lowest tax rates in Texas for counties our size. We have rebuilt a lot of the roads with state grants but have a long way to go. We have built a joint law enforcement center. We have built a new road and bridge department and also proud to say we have a very financially healthy county. I am most proud of our elected officials, employees and commissioner court. We have very little turn over and that is due to the great employees of the County.

4(a). Strengths

God and my family. I have owned and operated several businesses in Howard County. I am willing

to listen and do the best to solve the problems. I've been involved in building and road construction for 45 years which gives me an inside in county projects and not scared to get my hands dirty.

4(b). Weakness

I probably Micro-manage too much

5. Priorities

My priority is to see the continued update of the county buildings that need some attention, continue to find funding to rebuild roads and press the State of Texas to find a new revenue stream instead of property tax.

6. Decision-making

I try to look at the issues from all angles. Try to make decisions that will benefit the county in the future for years to come. As commissioners we have to get the most out of every penny while taking care of the needs of the county.

7. Motivation to work

My parents instilled in me you have to work to obtain your dreams and goals. I started working at a young age and have never stopped. This great nation gives anyone a chance to be successful with hard work. I'm motivated and honored to work every day with the employees, elected officials and commissioners of Howard County. Don't let anyone tell you different, this county is great!

along with dances. Ladies would raid their homes and bring scarves, fans, and other decorations. A piano was positioned near the stage as most of the young girls could play it well. There was always a fiddle player around somewhere as the music made the dances come alive. Girls with their long hoop skirts glided along the dance floor while the young gentlemen were dressed in their Sunday best. The girls carried a dance card. It was a small booklet with a tiny pencil attached with a string. The young women would fill in names of the different boys she intended to

dance with during the evening. As they danced, she would check them off and move on to the next name.

For twenty years, the Opera House was the center of Big Spring's cultural and entertainment activities featuring hometown talent. That is until the new high school was completed. It had a large gym/stage that soon become the go to location for entertainment and performances.

In the 1920's, the old opera house building became an auto repair garage for the new "Tourist cars." It was conveniently located next to the new Stokes Motor Company that had just been completed at the corner of Main and 4th Streets. The opera house was torn down in 1929 to make way for two new brick buildings that would later become the Anthony and J.C. Penney buildings.

families who needed one.

"This was a 'no questions asked' event. We invited all community members down to grab a coat for any upcoming cold days we may have," Fair said. "Our agencies do so much for our community on a con-

tinual basis, but events like this one help meet a few more needs in the community throughout the year."

Fair continued, "We wanted to make sure, with a few cold days coming up on the calendar, that if anyone was in need of a coat to stay warm, that they were able to have access to one. It's a little thing that can make a big difference to someone. We love doing these little outreach events,

but as always, none of what we do would be possible without a supportive community."

Howard's 63-55 loss to the Clarendon Lady Bulldogs pretty much summed up the Lady Hawks season. No matter how hard they tried or how well they played, Howard just couldn't get over the hump.

Clarendon had everything to play for. A win puts its in the region playoffs, fourth place in the conference secured. Howard made them work for every bit of this win Monday night at Dorothy Garrett Coliseum.

Howard stood tall the first three quarters. In fact the Lady Hawks played so well they led 52-49 going into the final period. That's when the bottom dropped for Howard. The Lady Hawks didn't score a single basket in the final 10 minutes of the game.. Two free throws by Daysha Tijerina and one free throw by Jasmine Elder was all the points Howard could muster in the final quarter.

Behind the help of Mah Minthe and Autumn Wadsworth the Lady Bulldogs gradually pulled away to victory. Minthe, who went to the foul line all night, led all scorer with 20 points. Wadsworth

scored 12 of her 16 points in the second half.

"It wasn't pretty and we didn't think it would be easy," said Clarendon coach Mark James. "Coach Ishee (John, Howard coach) always has his team ready to play hard. I think we played a little bit tight, that kind of thing can work against you. It did a little bit tonight. I think we felt the pressure, but we are now officially in the playoffs."

Howard brought the fight to Clarendon. It led from the the start thanks to two three-point bombs by, Charney Robinson and another by Kaeona Marquez. The lead was 9-2 three minutes into the game.

The Lady Hawks out hustled and outrebounded the Lady Bulldogs. Howard led 18-16 after the first quarter only to have Clarendon come back to lead 32-29 at the half. Robinson and Marquez carried Howard in the first half, each scoring eight points and leading a Howard rebounding edge; Marquez had eight rebounds and Robinson grabbed seven rebounds in the first half alone.

In the third quarter Howard played some of its best basketball all season. Howard made 8 of 17 shots, out scoring the Lady Bulldogs 23-17. Marquez

and Robinson connected on threes, Daysha Daniela Perdomo added another three and Reagan Travis contributed a bucket inside and two free throws. Things looked good for Howard heading into the fourth quarter.

The ending of the story is Howard went 0-19 from the floor in the fourth and Clarendon escaped with a win and a playoff berth.

Marquez and Robinson paced Howard with 16 and 11 points. They combined for 20 rebounds against a Clarendon squad that started a 6-foot-3 post player, Zariah Sango. Sango did grab 19 rebounds, 12 coming in the second half

The Lady Hawks close out the season by hosting Odessa College at 5:45 p.m.

CLARENDON (7-6, 22-7) - Minthe 13, Aileen Marquez 9, Wadsworth 15, Sango 6, Medrano 7, Minotto 4, totals 17-62, 21-29 63.

HOWARD (8-18, 1-12) - Green 6, Cotto 2, Kaeona Marquez 16, Elder 7, Perdomo 3, Robinson 11, Tijerina 5, Travis 5, totals 17-66, 12-16 55,

Clarendon - 18-14-17-14 - 63.
Howard - 16-13-23-03 - 55.

Another day runs off clock in MLB talks to save opening day

By RONALD BLUM

AP Baseball Writer

JUPITER, Fla.— Another day ran off the clock on talks to salvage opening day when locked-out baseball players proposed what they considered a small move forward in drawn-out labor negotiations and management termed it a third straight step backward.

Management again proposed a federal mediator enter the negotiations, but the union immediately turned down that idea, leaving Major League Baseball on track to lose regular-season games to a labor dispute for the first time since 1995.

Less than a week remains until the sides reach what management says is a Monday deadline for a deal that would allow the season to start as scheduled on March 31. Players have not said whether they accept that timeframe, and there remains a sense both sides are awaiting more time pressure to force more major moves by the other.

Still, the sides agreed to meet for a third day in a row Wednesday, the 84th day of the second-longest work stoppage in baseball history.

Players made a tiny shift toward management Tuesday on their proposal for increased salary arbitration eligibility, lowering to the top 75% by service time among the group with at least two seasons in the majors but less than three.

The union last week

came off its prior demand that all two-year players be eligible — the level from 1974-86 — and instead proposed the top 80% by service. Teams have said any movement in this area is not significant because management maintains it will never agree to any increase.

Players took a step back from clubs in their proposal for major league minimum salaries, which had been for \$775,000 this season with \$25,000 annual increases during a five-year deal to \$875,000 in 2026. The union instead proposed a \$30,000 rise each year, to \$895,000 in the final year.

MLB has proposed a rise from \$570,500 to \$630,000 and then by \$10,000 annually, to \$670,000 by 2026.

The union calculated its movement for the day as \$25 million over five years. The \$5 million average amounts to just over 0.1% of player compensation that totaled \$4.05 billion last season, down from a record high of just under \$4.25 billion in 2017.

The sides drew closer on their proposals for a lottery that would determine the early picks in each year's amateur draft, with the union lowering its proposal to the top seven selections from eight, a day after management raised from three to four. The union also is asking for other adjustments that management hasn't been interested in.

Today in History

Today is Wednesday, Feb. 23, the 54th day of 2022. There are 311 days left in the year.

Japanese submarine fired on an oil refinery near Santa Barbara, California, causing little damage.

propelled by a crash into the fence at Daytona International Speedway, and large chunks of debris flew into the grandstands.

In 2020, Ahmaud Arbery, a 25-year-old Black man, was fatally shot on a residential Georgia street; a white father and son had armed themselves and pursued him after seeing him running through their neighborhood. (Greg and Travis McMichael and neighbor William "Roddie" Bryan were convicted of murder, aggravated assault and other charges and were sentenced to life in prison.)

signals take precedence over suit-preference signals. But if a player gives a signal that cannot be either count or attitude, then it is, in all likelihood, suit-preference. A fine example is provided by this deal from a sectional tournament. South opened with five diamonds in third seat, ending the auction. West led the king of clubs, East playing the deuce and South the four. As East could not have a doubleton (he would have begun a high-low on the king), West switched to a low heart at trick two, declarer taking East's queen with the ace. South then made the excellent return of the club jack, delaying the drawing of trump in order not to give the opponents an opportunity to signal one another. It can be seen that if West takes the club and returns another heart, hoping his partner has the king, South will make the contract. After winning the heart return, South can draw trump ending in dummy and discard his losing spade on the club queen. West's play after taking the club ace would therefore appear to be a guess. But East came to the rescue by playing the ten of clubs on the second club lead. Since West knew that East still had the missing seven of clubs, West concluded that his partner was directing him to return a spade rather than a heart. So West duly returned a spade, and the contract went down one.

Mars and Neptune Suggest...

How would we fare if we reached the pearly gates and were graded by our leisure-time activities? Now is a great time to delve deeper into our most frivolous interests. In fact, it's more important than it seems. The seemingly fanciful endeavors reconcile our existence in the workaday world and are necessary to our mental health.

ARIES (March 21-April 19). A desire for improvement may seem like a rejection of the status quo. With an accepting heart, you will somehow be able to simultaneously love the way things are while also rooting for the change.

TAURUS (April 20-May 20). Unfinished business has its own beauty. It's still ripe with potential. Don't be too quick to finish things. Let yourself linger in the lively land of limbo.

GEMINI (May 21-June 21). It is possible that you lack the technical expertise to complete a task. Do not let that stop you. Let your enthusiasm and excitement shine through. There will be somebody to assist you with the logistics.

CANCER (June 22-July 22). The saying goes, "It takes money to make money." The money in question doesn't always have to be your own, though. Although you can mitigate the risk, remember that those who pay the most will also gain the most.

LEO (July 23-Aug. 22). You're skeptical of what's happening in elite circles. Though you may be invited to join, you'll resist. The outsiders are more attractive to you. Somehow, it's safer outside.

VIRGO (Aug. 23-Sept. 22). Although you work well with strong-willed individuals,

sometimes you need a break from the intensity. Today you'll thrive in easygoing company, or the serenity of solitude.

LIBRA (Sept. 23-Oct. 23). You know your limits and you also know that certain people will push you past them. It is best to avoid these types today. You're the boss of you. Don't give up the position.

SCORPIO (Oct. 24-Nov. 21). You're patient and will wait for your loved ones who move at a different pace. When you're on your own, you can have as much speed and freedom as you want.

SAGITTARIUS (Nov. 22-Dec. 21). The deal goes down; the exchange favors you. You won't immediately feel the force of your good fortune. But the future will reveal the many advantages to your position.

CAPRICORN (Dec. 22-Jan. 19). It's one puzzle after another today. Whether you're learning new software or locating a left shoe, trial and error will eventually get you to the win.

AQUARIUS (Jan. 20-Feb. 18). What would it take to let go of winning, of being right, of proving a point, and instead focus on understanding and listening? For many it would be too heroic a task. But you're angelic, gracious and egoless, so it's easy, right?

PISCES (Feb. 19-March 20). Being available to the world today will benefit you. Don't let your calls go to voicemail. Personalization will make a difference. Your human touch is appreciated.

TODAY'S BIRTHDAY (Feb. 23). The various roles of your life get a brilliant shake-up. A sibling acts as a good friend; children transform into teachers; and your inner critic becomes an insightful coach. You will gain a greater sense of control over your physical energy and achieve a health-related goal. Love will help you discover your potential. Gemini

and Libra adore you. Your lucky numbers are: 4, 44, 10, 27 and 16.

COSMIC QUESTION: "How do you know the difference between love and infatuation? I've been with a Capricorn for three weeks and I think it's love. I'm ready to be exclusive with him. He says I'm taking it too fast and that I'm still in the infatuation phase. He says he doesn't want to get hurt. Should I slow my roll? This is the most exciting, passionate, romantic relationship I've ever been in. I'm an Aries."

Fiery Aries thrives on excitement, impulse and risk. Can you savor this fun without being pushy? Like your practical Capricorn beau, I too believe that you're infatuated, but that's beside the point. Whether you're infatuated or in love, you're still creating this relationship with another person. If he's feeling pushed or pulled, that's repellant. He's going to be less attracted to you because you're asking him to make decisions he's not ready to make. My advice in this early stage is to build the fun, have experiences, get to know each other and bond like crazy. For now, don't worry about defining your feelings, just let them grow naturally through the dating process.

CELEBRITY PROFILES: Dakota Fanning holds the distinction of having been the youngest person ever nominated for a Screen Actor's Guild Award. She started acting at the age of 5, which is less unusual for Pisces natives, who tend to be old souls who know what work they want to do early on in life. Fanning was born under the entertaining Leo moon.

Here's How It Works:
Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!
