Any area development is contingent upon the ability to levy taxes to pay for such development. The Junior College development rests upon the willingness of property holders to have levied an ad valorum tax, which tax is so small that no one would be greatly affected by it especially if it is spread over a wide area, as is contemplated. The opposition by large farmers and ranchers to such developments, or their disinterest in such development, is the main obstacle to the survival of retail business centers in Haskell and other communities. People must be made to see that what benefits one, benefits all. The area will either stand together or it will fall apart."
"The key to growth in West

Texas is in water development, industry and tourism. This is common knowledge, especially in the minds of such outstanding leaders as Dr. T. W. Wil-liams, Abe Turner and Raja Hassen. People are prone, however, to be unduly suspicious of the motives of such leaders, and such suspicion is totally without foundation in fact. They seek only to serve this community, and to insure a better future for all its people. Such people deserve the complete cooperation of all citizens. The people who constantly complain about taxes and who decline to support charitable organizations are not the true leaders of the community. They, generally, are men who are motivated by selfish self-interest, and are without concern for the common good." Mayor Finch expressed his

appreciation for the fine cooperative spirit of the current city council, the administrative offices of the City of Haskell, and all city personnel. "It has been a distinct privilege to work with all of them," Mayor Finch added Mayor Finch will take up his

FRIENDS OF THE LIBRARY

During the past few weeks, several meetings of "Library Friends" have been held here to stimulate interest in a good library, and to discuss means in which it might be obtained.

"Library Friends" is a group of citizens in this community who have a common concern for their library's active expansion and participation in community life. They have a conviction that good library service is important to everyone.

"Library Friends" was organized in Haskell County to create public support for an expanding library program and needs the support of all citizens of the county.

A group of interested citizens representing "Library Friends" will go before the Commissioners Court, Monday, July 11, in the interest of the county library.

If you are interested in a better library for your county, join with the "Library Friends" ... attend their meetings, talk it, and

T-V and other activities have crowded our time to such an extent that many of us say, "I don't have time to read anymore" ...but there are many residents in our county, both young and old, who still avail themselves with "good books."

Let's put our shoulder to the wheels and work to improve our library...as all will benefit from its services.

Threatening The Voice of The Press

In many states at various times, legislation has been introduced, and in every case rejected, which would have required ed- visit itorial expression in newspapers and other publications to be signed. Such a porposal is being considered in Kentucky, where the House of Representatives has passed a bill requiring editorial identification. The Senate probably will not pass the measure. No better way could be thought of to destroy the stature of a paper's voice ... its editorial page,

Commenting on this, Editor and Publisher observes:: "Such a requirement would destroy the editorial page as the voice of the newspaper and turn it into a collection of individual opinions. We don't think there is any more justification for this legislation than there is for a law requiring a politician to reveal who writes his speech. A newspaper editor or publisher stands behind the comments expressed on the editorial page regardless of who put them into words just as a politician will stand behind the thoughts he utters regardless of who puts them on paper for him to read." 発売の選・・・・・

It is difficult to square the poverty and depressed areas concern with the actions of government agencies and officials that block private investments and employment for years at a time.

Two good illustrations are a \$700 million Duke Power project in the Carolinas' depressed area and the \$257 million Pacific Northwest Power Company project on the Snake River

Both projects would create many jobs and be great taxpaying assets. But government agencies and officials continue to promote tax-subsidized and tax-exempt public properties and block private

> Newspapers also make a good mulch when decayed. A man at Abilene kept a pit full of old newspapers constantly decaying for compost. His soil was dark and friable. He had as pretty a yard as there was in Abilene. He would put a layer of shredded paper and a layer of soil, then thoroughly saturate the mixture. Ever so often the compost was turned. As it broke down into humus it was added to the soil.

Black plastic is another good mulcher, especially when one is away on vacation, Not only does the plastic act as a mulch to preserve moisture, it also ts as a de-weeder. Lay the plastic as near to the well watered plants as possible and completely cover the middles, Black plastic is economical because of its long lasting qual-

visited Mrs. C. B. Rhea's garden this week and felt as though I'd stepped into a cool, green forest. Huge blackberry trees form a dense shade over most of the yard. As one stops in the drive-way, four o'clocks with both red and yellow flowers on the same stalk catches one's eye. They nestle in a bed McCauley by Mrs. Scott who of the largest, healthiest iris fans I have ever seen. Bronze foliage cannas make a pleasing picture against the white gar-

The Internal Revenue Service is probably the most efficient collection agency in the world. They collect 115 billion dollars each year for less than a half cent per dollar cost. They have a well trained group of employees who work hard to do a good job. However, they get a lot of help from the American taxpayer. Our nation's taxpayers pay 97 per cent of their tax bills through taxes withheld or voluntary compliance. Only 3 per cent of our taxes are collected through the enforcement efforts of the Internal Revenue people. The voluntary compliance record of the American people is one of which we can all be proud. THE INTERNATIONAL CHURCH OF THE FOURSQUARE GOSPEL A Corporation XI. THE SPIRIT-FILLED LIFE

We believe that while the Holy Spirit is as a mighty rushing wind and as tompues of living flame that can shake and set ablaze whole communities for God. He is also as a gentle dove, leasily grieved and wounded by implety, coldness, idle conversation, boastfulness, a judging or criticizing spirit and 3by thoughts and actions dishonoring to the Lord Jesus Christ; that it is therefore, the will of God that we live and walk in the Spirit, moment by moment,

under the precious blood of the Lamb; streading softly as

with unshed feet in the presence of the King; being patient,

And grieve not the Holy Spirit of God, whereby ye are sealed unto the day of redemption. Let all bitterness, and wrath, and anger, and clamor, and evil speaking, be put away from you, with all malice; and be ye kind one to another, tender-hearted, forgiving one another, even as God for Christ's sake hath forgiven you. Eph. 4:0-32. Praying always with all prayer and supplication in the Spirit and watching thereunto with all perseverance and supplication for all saints. Eph. 6:8.

I beseech you, therefore, brethren, by the mercies of God, that ye present your bodies a living sacrifice, holy, acceptable unto God, which is your reasonable service. And be not conformed to this world; but be ye transformed by the renewing of your mind, that ye may prove what is that good, and acceptable, and perfect, will of God. Rom.

He that saith he abideth in Him ought himself also to walk, even as He walked. I John 2:6.

Walk in the Spirit, and ye shall not fulfill the lust of the flesh. If we live in the Spirit, let us also walk in the Spirit.

If any man defile the temple of God, him shall God destroy: for the temple of God is holy, which temple ye are. I Cor. 3:17.

XII. THE GIFTS AND FRUITS OF THE SPIRIT

We believe that the Holy Spirit has the following 1gifts to bestow upon the believing church of the Lord Jesus Christ: 'wisdom, knowledge, faith, bealing, miracles, prophecy, discernment, tongues interpretation; that, according to the degree of grace and faith possessed by the recipient, these gifts are divided to every man severally, as Ho, the Holy Spirit, will; that they are to be most earnestly desired and coveted, in the order and proportion wherein they prove most edifying and beneficial to the church; and that the fruit of the Spirit: love, joy, peace, long-suffering, gentleness, goodness, faith, meekness, temperance, should be put forth, scultivated, and diligently guarded as the resultant adornment, the constant, eloquent and irrefutable evidence of a Spirit-filled life.

Scripture Reference Where Taught

Concerning spiritual gifts, brethren, I would not have you ignorant ... Covet earnestly the best gifts. I Cor. 12:1, 31. But all these worketh that one and the selfsame Spirit, dividing to every man severally as He will. I Cor. 12:11. Heren so ye, for asmuch as ye are zealous of spiritual ifts, seek that ye may excel to the edifying of the church. I Cor. 14:12. The gifts and calling of God are without repentance. Rom. 11:29.

Having then gifts according to the grace that is given to us, whether prophecy, let us prophesy according to the proportion of faith; or ministry, let us walt upon our ministering for he that teacheth, on teaching; or he that exhorteth on exhortation; he that giveth, let him do it with simplicity; he that ruleth, with diligence; he that showeth mercy, with cheerfulness. Rom. 12:6-8.

*Herein is My Father glorified, that ye bear much fruit so shall ye be My disciples. John 15:8. And now also the axe is laid upon the root of the trees; every tree, therefore, which bringeth not forth good fruit is hewn down and cast into the fire. Luke 3:9.

CARD OF THANKS

We wish to express our sincere thanks to all those that visited Alma in the hospital and at home and for the beautiful flowers and cards; it helped her so much to bear her suffering and we want to thank those that brought food and for your words of sympathy and prayers. Again we say thanks. Tom Baker and the Adams family.

HOW'S YOUR I. Q. WHEN IT COMES TO BORROWING MONEY?

How's your I. Q. when it comes to borrowing money? Here are ten money tips which may help you become more adept. They're suggested by Mrs. Doris Myers, Extension home management specialist at Texas A&M University. The tips are from the National Association of Credit Unions.

1) First, no matter how good the interest rate sounds, find out what the credit or loan will actually cost you in money.

2) Before you sign any papers, make sure all the figures are entered correctly. Never leave any blank spaces to be filled in later.

3) Question all insurance charges. Find out what kind of insurance you are buying and exactly what it covers, Many different insurance "lead on" practices have been reported. 4) On installment purchases you may owe the payments to some other firm, not the dealer. Find out who it is, and if it is a reputable firm. If you have any doubts, check.

5) Read the note or contract to see what penalties are imposed for late payments. Some penalties are exorbitant.

6) See if there are any other

extra charges specified in the note or contract. Don't skip the fine print or you may be sorry. 7) Read what is said about repossession in a time-payment contract. Do you get a fair notice before the item is repossessed? What repossession charges

can be levied against you? This is important. 8) Understand clearly what security you are giving. On a purchase, find out if it includes other merchandise you have bought previously. Above all,

look to see if the note or contract gives your creditor the right to collect your salary. 9) Make sure you do not sign away any of your legal rights or guarantees, such as the right to refuse merchandise that is

not as promised. 10) See if there is a provision for a refund of interest or Press.

carrying charges if you complete the payments ahead of schedule.

COMPLETES COURSE

Army Pvt . Horace Wayne Hatfield, son of Mr. and Mrs. C. W. Hatfield, of Rochester, completed a UH-1 Iroquois helicopter repair course at Army Transportation School, Ft. Eustis, Va., June 24.

During the 13-week course, Pvt. Hatfield was trained in the repair and maintenance of the Iroquois, a single-engine, single-rotor troop and cargo helicopter.

Most of the school's instruc-tors are Vietnam veterans. Pvt. Hatfield is a 1961 graduate of Rochester High School and entered the Army in January of 1966.

RETURN HOME

Mrs. Lee Brown and Debbie have returned from Sulphur Springs where they visited in the home of Mrs. Brown's daughter, Mrs. Jim Weeks, who recently moved to Sulphur Springs. Mr. Weeks is manager of Interstate Securities,

They also visited in the home of Mrs. Wiley Reid's twin sisters, Ida and Edna, at 413 Church St. Later they visited Mrs. Riley Reid who is in Theall's Nursing Home, 11301 Dennis Road, Room 13, Dallas, Texas. Mrs. Reid asked about "old timers" in Haskell and said she would appreciate hearing from them,

Some isolated areas of loblolly and shortleaf pine are found in Bastrop, Fayett and Lavaca counties and are known as the "Lost Pines" because of their isolation from the normal pine-growing area about 100 miles to the east.
