History Nerd Club explores the wonder of the past weekly

By **ANDREIA MEDLIN**

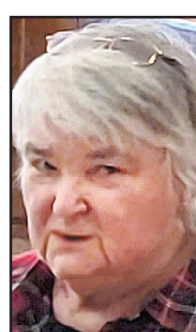

Staff Writer

Nancy Michaelis just wants to talk about history.

The former professor has created an opportunity for anyone who is interested in history to meet with other like minded people to view a Wondrium Great Courses lecture series of the American West: History, Myth and Legacy.

The weekly event has been in existence for the past three years and has generated some interest, but Michaelis hopes to bring in more people.

"I want to get people talking," Michaelis explained and added that she hopes to create an environment of discussion

MICHAELIS

and sharing experiences related to the lecture topic such as, "Have you been there or is there a book you've read about it?" But the real reason Michaelis started the group is simple enthusiasm as she added, "I've been watching this series and I think, 'I want to talk about this'."

The group affectionately called the History Nerd Club meets at noon every Wednesday at First Presbyterian Church theater room. But Michaelis wants to be clear that it is not a club or a religious group and it is free to

the public.

"We've been meeting at several different places," Michaelis said, but has found a home at the church who is providing the space free gratis so there are no fees or dues to participate.

The next meeting will feature "Mythology of the American West" by Professor Patrick N. Allit of Emory University at noon Wednesday August 17 in the church theater room located at 701 Runnels.

For more information contact Nancy Michaelis at 325-725-1905.

The Forsan ISD school board will hold a regular meeting at 10 a.m. Thursday in the Superintendent's Office, 411 W. Sixth St. in Forsan.

Texas Hunting, Fishing Licenses on sale now

Special to the Herald

The beginning of a new hunting season is quickly approaching and the Texas Parks and Wildlife Department (TPWD) reminds hunters and anglers to purchase their new licenses for 2022-23. Texas hunting and fishing licenses (except the Year-from-Purchase All-Water Fishing Package) for the current year expire at the end of August. The new licenses for the 2022-23 season go on sale Aug. 15.

Annually, Texans purchase more than 2.7 million hunting and fishing licenses and directly fund a multitude of conservation efforts and recreational opportunities, helping make Texas one of the best places in the country to hunt and fish. Some of the many projects made possible by license sales include fish stocking, wildlife management, habitat restoration, public hunting leases, river fishing access and Texas Game Wardens.

Outdoorsmen and women can purchase a variety of licenses online through the official TPWD website, by phone at 1-800-895-4248 during regular business hours or in person at more than 1,800 retailers across the state. Anyone planning to buy their license from TPWD's Austin Headquarters is reminded to make an advance appointment. Appointments may be scheduled up to one week in advance. Call 1-800-262-8755 or 512-389-4828 to schedule.

Brand new for this year, Texas residents can purchase a digital Super Combo license (Items 111, 117 and 990) that will authorize digital tagging of harvested deer, turkey and oversized red drum. The digital license option is available

through online purchase only when licenses go on sale Aug. 15. A digital license holder will not receive a printed license or tags but must keep their digital license available while in the field. The license can be viewed through the TPWD Outdoor Annual and My Texas Hunt Harvest (MTHH) mobile apps.

TPWD encourages repeat license buyers to use the expedited checkout process, which speeds up re-purchasing the same license bought in recent years.

Customers can access their past and current licenses in several ways: (1) an electronic photo of your license, (2) an emailed receipt of your purchase; (3) your account in the online license sales system; (4) via License Lookup in the Outdoor Annual app or in the My Texas Hunt Harvest app.

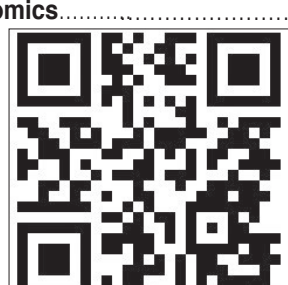

Hunting and fishing regulations for the 2022-23 season are available online at outdoorannual.com, on the Outdoor Annual mobile app. The mobile app is free, and once downloaded, it works without internet connectivity which makes it easy for hunters and anglers to view regulations in even the most remote locations. Other features include license lookup, location-based functionality such as "Hunting Seasons and Regulations by Location," "Where to Fish," and more. Thanks to partners at Chevrolet, a limited supply of printed booklets will be available at select TPWD offices. Hunters and anglers are encouraged to call their local offices to check availability.

The My Texas Hunt Harvest app enables electronic submission of mandatory harvest reports, including alligator gar harvest reporting, and new this year, supports digital tagging

Right top, Big Spring defensive lineman Rahlei Eddington causes a Greenwood player to fumble the ball during the scrimmage. Right bottom, Big Spring wide receiver Leroy Johnson scores a touchdown during the scrimmage. Coach McWilliams was pleased with the way the Steers played in the scrimmage against Greenwood and will look to build on that moving forward. The Steers will have their last scrimmage this Friday where they are set to host Levelland at Memorial Stadium.

By PATRICK GONZALES

Herald Sports Writer

Texas high school football is finally here!

The Big Spring Steers kicked off its season as they held its first scrimmage at Memorial Stadium Friday evening, against the Midland Greenwood Rangers. From start to finish, both Big Spring and Greenwood came out ready to play in what turned out to be a physical contest between both teams.

Greenwood Steers to be a tough and intimidating at all as they matched hit for hit, play for play in a physical but even contest. Both teams throughout the contest did a good job of matching each others intensity, as both Big Spring and Greenwood showed its fans what they are capable of this upcoming season.

Big Spring head coach and athletic director Cannon McWilliams, was excited about the Steer's first scrimmage and said it was fun and good to play someone else.

"It's good to play a really good opponent, they're physical, I thought we matched their physicality and really I'm excited," McWilliams said.

Overall, McWilliams was pleased with what he saw out of the Steer's in their first scrimmage, but acknowledged there are things they need to improve on. "You know our offense started off on fire and then we went for a couple of series like we've never seen an offensive football, defense played lights out in my opinion," McWilliams said. "We had one bust in the end when they started running the football when we were misaligned, but then our kids answer and go score when we haven't moved the ball for like two series in a row, man I'm excited." McWilliams added.

One important take away for McWilliams and the Steers was coming out of

the scrimmage with everyone healthy. "The best thing is all of our kids would be available tomorrow if we played so we are all healthy," McWilliams said.

Greenwood got things started, as they scored first in the set portion of the scrimmage. Greenwood's back up quarterback, Dylan Dominguez, connected with Zane Ogle on a long pass for the quarter. Dylan Dominguez would go score for the remainder of the set portion of the scrimmage, as the Steer's defense were able to shut down the Ranger's offense. The Steers would go on to score twice in the set portion thanks to a pair of rushing scores from senior wide receiver Leroy Johnson.

During the timed portion of the scrimmage, both teams each scored a touchdown. Greenwood again would score first, as junior Tylan Booker scored on a 13-yard run for the Rangers. The Steers responded back with a score of its own. The Steer's offense drove down the field, capping it off with a 12-yard touchdown pass from sophomore quarterback Gavin Padron to junior wide receiver Zeyire Franklin.

The highlights of the scrimmage came from both defense's, as both teams had shining moments. For Greenwood, senior linebacker Shawn Kelly came away with two interceptions for the Rangers. For the Steer's defense, Big Spring junior linebacker Ricky Escovedo came away with one interception.

Coach McWilliams and the Steers will get back to work on Monday in preparation for their next scrimmage against Levelland next Friday. "We gotta work on the little things and the best thing will be when we watch the film," McWilliams said. "It's hard to see on the field, once we see the film we'll sit down, make adjustments, be honest with them and just work on getting better."

The Steers will host Levelland Friday at Memorial Stadium for their final scrimmage, before the season starts. The junior varsity and freshmen teams will take the field at 6 p.m., with the varsity taking the field around 7:15 p.m.

Big Spring Community Pep-Rally will now be on Monday August 22

Special to the Herald

The Big Spring Community Pep-Rally will now be on Monday August 22 instead of Wednesday. The pep-rally will introduce the 22-23 Steer football squads, as well as Big Spring High School Fall sports teams. The pep-rally is set to start at 7:00 PM and will be held at Memorial Stadium. The public is encouraged to come out to meet and support the Steers and Lady Steers!

Rangers fire manager Chris Woodward short of his 500th game

By STEPHEN HAWKINS

AP Baseball Writer

ARLINGTON, Texas (AP) — The Texas Rangers fired manager Chris Woodward on Monday, with the team on pace for its sixth consecutive losing season and fourth since he took over the team.

The move came with Woodward only two games shy of managing 500 games with the Rangers. He finished with a 211-287 record.

Woodward, who was the third base coach for the Los Angeles Dodgers before land-

ing his first managerial job, was under contract through next season. The team held an option for the 2024 season.

"We have had extensive discussions over the last several weeks and while the team's current performance is certainly a big part of this decision, we are also looking at the future," said Jon Daniels, the team's president of baseball operations. "As the Rangers continue to develop a winning culture and put the pieces together to compete for the postseason year in and year out, we felt a

change in leadership was necessary at this time."

Daniels said the 46-year-old Woodward was "dedicated and passionate in his efforts to improve the on-field performance" of the team.

Third base coach Tony Beasley was named the team's interim manager, starting with Monday night's game against the Oakland A's.

Texas was 53-61 after finishing a series win at home Sunday over the Seattle Mariners, but hasn't had a winning record at any point this season.

When declarer fails to make a contract he could have made, the question he should ask himself is whether he played correctly and was unlucky or whether he played incorrectly and paid the penalty for his ineptitude.

Take this case where South is in three notrump and West leads a spade. Declarer holds up his ace until the third round and then

apparently has to decide whether to take a diamond or club finesse. In the actual hand, if he attempts either finesse, it fails, and he loses two more spade tricks to go down one.

As can be seen, South can make the contract by cashing the A-K of clubs, deliberately rejecting the finesse. However, that alone doesn't prove the play is correct, since hindsight is not an acceptable measure for testing correct play.

But if we consider the matter fairly, without looking at the East-West cards, it turns out that cashing the A-K of clubs is the right play. While it is true that you have only about a 1-in-3 chance of catching the queen by playing the A-K, the advantage derives from the fact that if the queen does not appear, you are not yet at the end of your rope. You can then fall back on the diamond finesse, hoping West has the king.

Testing the clubs before tackling the diamonds thus gives you two chances to make the contract instead of only one. But if you try the diamond finesse first and it loses, you can no longer test your luck in clubs.

Tomorrow: So near and yet so far.

Gratitude Trine

Remember the story about the one who was sad because he had no shoes and then he met the one who had no feet? It is rare to find a person who can appreciate life without first witnessing a comparatively worse situation, but a bright flash of insight brought to you by the Mercury trine to Uranus offers tangible good fortune to the grateful

ARIES (March 21-April 19). Quality lessons are often without charge, at least monetarily (emotional values notwithstanding). For instance, you can learn a TikTok dance for free, though posting your version comes with the requisite risk factors.

TAURUS (April 20-May 20). Some things just shouldn't be delegated. Others may be technically more qualified, and yet you'll do a job better than anyone because you care the most about the outcome. Passion and intention count.

GEMINI (May 21-June 21). You may go along with the group. Agreeing to one thing isn't agreeing to everything. Exercise your options on a case-by-case basis. Ultimately, you'll answer to your own values and conscience.

CANCER (June 22-July 22). Wherever possible, do it now, new and novel. The fresh ingredient makes the dish come alive and has the same effect on you. When one of your senses is opened, the others will follow.

LEO (July 23-Aug. 22). Like a

baby bird breaking out of the egg, you will make it through the first obstacle on the long path to flight. Take care and recuperate after each breakthrough so you can gather the strength you need to take the next risk.

VIRGO (Aug. 23-Sept. 22). Because of your rich inner life, you don't have to seek thrills to have a good time, though they may seek you. Glamorous environments are a plus, but not a necessity, since your eye is tuned to beauty in many forms.

LIBRA (Sept. 23-Oct. 23). The human brain is hardwired to stick with the other homo sapiens. Defying peer pressure isn't difficult so much as downright unnatural. That's why it's important to surround yourself with people who share your values.

SCORPIO (Oct. 24-Nov. 21). There are those very gifted people who seem to think their bestowments are exempt from the responsibility of also being good. Their charms will be lost on you. You hold everyone to the same moral standard.

SAGITTARIUS (Nov. 22-Dec. 21). Your practice of giving compliments widely and freely not only makes you a delightfully positive person to be around but it helps you tune into moment. Being good at noticing what people are good at is a talent in itself.

CAPRICORN (Dec. 22-Jan. 19). Unfinished business causes stress. Sometimes the feeling is so subtle and buried you don't even realize it's there until you finish what you've been putting off and witness your life getting instantaneously better.

AQUARIUS (Jan. 20-Feb. 18). To seek advice from the outside would be a waste of your energy today. You understand what you're dealing with much better than anyone else does. Conduct your own brainstorming session. Act privately on your own behalf.

PISCES (Feb. 19-March 20). You are executing at a high level, and yet you may think your work isn't interesting. You are too familiar with it! You assume everyone knows as much as you do. Step back for a reframe. It's helpful to see it how others do.

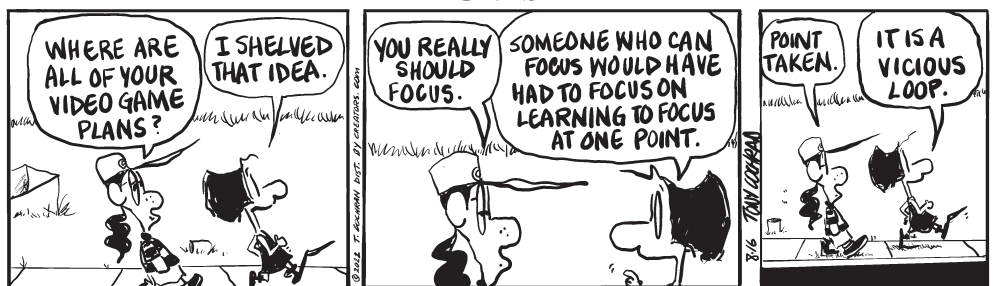

TODAY'S BIRTHDAY (Aug. 16). Domestic harmony and proud family moments are featured. One part of life settles in, giving you the drive to take risks in another. You'll hone your skill in your favorite game, exceeding previous levels. More highlights: personal development and a relationship with an exciting and different kind of bond. Cancer and Sagittarius adore you. Your lucky numbers are: 8, 32, 10, 4 and 17.

CELEBRITY PROFILES: A notable aspect to the natal chart of iconic pop star Madonna is the overwhelming number of planets in her 12th house. With her natal sun, Mercury, Uranus and Pluto all in the sign that rules the subconscious, and Leo in the 12th house, too, Madonna is a powerful creator of what she imagines. Her dreams, artistic whims and intuitive leanings conjure public fascination in perpetuity.

Here's How It Works:

Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!
