### Skin Reveals If You're Happy

Your skin can show your hap-piness or discontent! A noted female psychoanalyst says that poor skin care habits may indicate feelings of insecurity and emotional upheaval, while a well-tended skin is one sign of the well-adjusted woman.

Cleaning Comes First Cleaning Comes First
No shin can be lovely and healthy unless it is clean. To insure deep-cleaning, a new Rinse Off Cold Cream has been designed by Pacquin that washes off with plain water.

The new cold cream cleans like soap without drying, yet moisturizes like cream without greasiness. Good for all skin types, it's available everywhere priced from 59¢ to \$1.75.

# Good Earth By Mrs. B. F. Cobb

Oh blowing wind and swirling dust sapping the moisture like a man of lust.

Soon April will come and the life-giving rain will make the Good Earth smile once again.

We visited the Ewing Lintons last night and as usual our falls Saturday Also they visited their turned to gardening Mrs. Lin nephew, Lewis Edward, who is ton has already planted tomatand pepper seed. She tries each year to plant when the signs are in the twins. Mrs. Linton (Lome) keeps an almanae han dy to plant by I do not know i the signs really mean anything or not, but I do know Lonie has one of the best gardens and the prettiest flowers in the county each year

Mrs. Linton is a great believer in organic gardening. Each year they have left-over silage that she composts and spreads as much on the garden. The wal on their place is so soft and friable one can sift if like sand, wh year rows and rows of need are planted and cared for cola, visited here last week in through the winter. > Have you noticed how beautifully and vividly colored the nandinas have been this year? Everywhere we have gone, Ab-ilene, Wichita Falls, Forth Worth and all around Haskell, I have been fasinated with the beauty of this shrub.

Mr. and Mrs. Horace Woodard have set out three new nandinas recently. Mrs. Woodard has put in many hours working in their yard, after teaching school all day she finds great relaxation by gardening. She was busy pruning her roses when I visited her last Saturday. I carried home some cuttings and hope to root them.

Mrs. Paul Kuenstler took me to see her African violets this afternoon. There were 63 pots in bloom, or just beginning to burst their buds. Mrs. Kuenstler has so many other plants besides the violets it is almost like a visit to a florist. Mrs. Kuenstler will bring lots of interesting plants to our Haskell Garden Club this fall.

If your spirits get low take a visit to the nurseries and flor-The rows after rows of bedding plants nearly ready to transplant will give you something to dream about the rest of the long winter.

If there are holes in the center of the canes when you are pruning roses, cut the cane off until the peth of the plant is nice and white. If the canes are split open one often finds little white worms, these are borers. If you do not have tree paint to cover the scars a drop of tallow from a candle will work just

Texas Traffic accidents will cost at least \$500 million this year, according to an estimate announced by 'Texans for Traffic Safety" following a meeting of the Board of Trustees.

Noting that 700 highway pat-rolmen have the job of patroling 65,000 miles of highway, Robert F. Miller, president of the safe-ty group, stated, "The lack of trained manpower to police our state's highways is showing up in our rapidly escalating traffic accident rate.

"Conservative estimates place the number of Texans to be injured in traffic accidents this place of 200,000. It is my firm conviction that if adequate trained manpower were available to enforce the traffic laws, this number could be reduced to a humane minimum. Nothing can take the place of enforce ment.

"According to recognized authorities, a minimum of 2,500 patrolmen is needed to patrol the state's highways. There are 700 on the job today.

"Two hundred more jobs are suthorized, but wages are so low that few qualified men can afford to take them. Mr. Miller stated. "Wages must be raised to realistic levels in order to attract and attain qualified men. The safety of all Texans is adversely affected by the lack of men to properly enforce the laws."
