Enforcement Delay

Zelda Pickens, Tax Assessor Collector, just received notification from the State Department of Highways and Public Transportation that the Texas Department of Public Safety, Public Safety Commission, has decided to delay enforcement of House Bill 908 until September 1, 1989. This decision was reached because of enforcement problems and the need for further legislative review.

House Bill 908 requirements were being triggered by gross weight of 10,000 pounds. Any motor vehicle

of that size would have to have liability insurance and file proof of that with the Railroad Commission of Texas. Also each vehicle must have proof of the vehicles safety mainenance, the driver must keep a log and have had a current physical-these are the same requirements currently required of those operating interstate trucks.

This delay gives everyone affected by this time to contact the Public Safety Commission and their representatives in Austin and Washington.

City Council Minutes

Stratford City Council met in regular session Thursday, Feb. 4, 1988 at 7:30 p.m. with Mayor Doug Reese presiding and the following Council members present: Wanda Riffe, Bill Roberts, Eddie Haggard, Don Williams, and Ronnie Pickens. Kyle Lewis, City Attorney, was also present.

Minutes of the last meeting were read and approved as read.

Bill made a motion and Eddie second to have Doug, Chris and Judy sign the signatures cards at North Plains Savings and Loan. Two (2) signatures will be required to withdraw funds.

Motion carried.

Council was in full agreement to have the Police Dept. get a waiver signed before unlocking any car.

City bills were reviewed for payment. A motion was made by Eddie and second by Don to pay all bills including McMorries and Glover of \$422.50 Motion carried.

A motion was made to adjourn, motion carried, meeting adjourned.

Cancer Society Needs New Members

The Stratford Unit of the American Cancer Society is in need of new members. If you are interested in finding out more about how you can help, you are invited to attend an "interested parties" meeting at 7:30 p.m. Tuesday, Feb. 16, at the Headquarters Restaurant, said Janet Riffe, President.

The American Cancer Society is a non-profit, volunteer health organization dedicated to helping service cancer patients and their families as well as helping to educate the people of the community on how to prevent or detect cancer early.

The American Cancer Society offers all cancer patients service and rehabilitation options at no direct cost to the cancer patient. Our concern is to ease the suffering and aid the recovery of those living with cancer.

Some of the services include equipment such as standard hospital beds, wheel chairs, walkers, and commode chairs. This equipment is provided at no direct cost to the cancer patient. The American Cancer Society also provides gift items including such things as eggcrate mattresses, ostomy supplies (6 month supply), bed pans,

laryngectomy stoma bibs, and much more.

Volunteers also can provide transportation to and from the hospital or clinic for cancer treatment through the Road to Recovery program. Some of the American Cancer Society's patient visitor programs include Reach to Recovery for women who have had breast surgery, laryngectomy visitation and speech training, and ostomy visitation.

The American Cancer Society also can provide temporary housing for patients who must travel for cancer related treatment and checkups through the Guestroom program.

For more information on the American Cancer Society and its programs and how you can get involved, come to the "interested parties" meeting Feb. 16 at 7:30 p.m. at the Headquarters Restaurant. If you cannot attend the meeting but would like to know who you can help, contact Janet Riffe at 396-5692 or B.A. Donelson at the First State Bank 396-5521.

Staying Pure in a Poluted World 1 Thes. 4:7
"For God hath not called us unto uncleanness, but unto holiness."

There is not much holiness in God's people anymore. The majority of Christians today don't put forth very much effort if any effort at all to live Godly lives. As Christians, what are we going to do with the verse we just read? We had better put forth some effort and ask God to help us with it. Otherwise we just live our lives as though it & other verses like it don't exist. If we are going to live that way then we need to take our scissors and cut that verse and the others out of our Bible. I don't know about you, but as for me and my house we want to serve God and obey him.

Now how does one keep himself pure in today's society and world? One thing is for sure-you must work at it, for there is opportunity around every corner to yield to ungodliness and sin. We as Christians are in the world, we can't help that, but the world does not have to be in us. The main problem on the thing of worldliness is selfishness, we are thinking of what I want or what I want to do rather than what God wants me to do.

Let me finish here today with a soul searching question. Why do we try to live for God or why do we not try to live for God? Could the answer be found in John 12:43?

"For they loved the praise of men more than the praise of God."

SCOT Notes

by Timmie Brown

Valentine! S.C.O.T. "I love u" and a shoulder pat to all Sherman County Older Texans, friends, neighbors and reader of notes from us. How well Older Texans know that the love we have given is coming back to us multiplied many times. To all folks, Texans and otherwise, our advice is give love extravagantly; it is life's best investment. The Bible teaches that God is Love! Amen.

Friday, Feb. 12 at 7:00 p.m. is time for Scot Birthday Party. Just read who has birthday; Raymond Dyess, Howard Ethridge, Lois Fedric, Bud Parvin, Corad Pleyer, Ted Reynolds, Madeline Reesing, Dicy Stephenson, Marie Hill, Bill Lasley. Doubtless there are other Senior Citizens and Scot members who have birthdays in Feb. If so, you are welcome. Other Scot folk be on hand to wish these named "Happy Birthday" and play games.

Surely we have had unpleasant weather, but Sat. the 6th, telephone calls from Fla. reported cold, wet weather; from Chicago cold, miserable weather with temperature 0 degrees and a chill factor of -40 degrees. Notice these are friend to friend reports! Not newspaper ones. How fortunate we are!

Last Tues. Feb. 2, no one ventured out to play games. However, some men were at Scot Hall for pool. Jan. 26th Eskie Ritchie, Corda Pleyer, Bertha Oquin, Audrey Gamble, Geneva Bell and Timmie Brown played "88". Men were playing pool, also. These are the purposes that we have for Scot Hall, added to quilting three days each week and dance practice on Monday nights. It - Scot Hall - belongs to Sherman County Older Texans for our use and enjoyment.

We are very pleased to receive the Plainview, Okla. school paper, "Wolf Cry". Every word is very interesting to us. One feature of special interest to Older Texans is an interview Melissa Asher held with Mrs. Reba (Brown) Goff. Mrs. Goff was born Jan. 1909 in Stratford. We have enjoyed seeing Mrs. Goff at Plainview school meetings.

We have enjoyed seeing Mrs. Goff at Plainview school meetings. We remember her father very distinctly. Our grand children Jim Bob and Patty Harris Brown are principal and teacher at Plainview.

The Amarillo News, Friday 5th informed the Panhandle that Gregg Sherwood has been named

Director of Athletics for Lubbock Independent School District. We have followed Gregg's advancement among Texas coaches because of the facts that his parents, Helen Michaels Sherwood and the late Weston Sherwood met and were married at Stratford and were our friends. Delbert Michaels, Helen's brother, is Betty Lee Brown's uncle by marriage. His deceased wife was Charlene Thorpe. You understand our interest. Helen Michaels lives in Panhandle, Texas.

Brian Kendrick, a first year graduate student in the physics department of the University of Texas, has been awarded a Teaching assistantship there. Brian will be teaching three Freshman labs during spring semester. SCOT congratulate Brian on his achievement. Brian, a graduate of S.H.S., the son of Sonja (Debord) and Cagle Kendrick; grandson of Anita & L.S. Debord of Stratford, also of lone and Ken Kendrick of Sun City West, Ariz; great grandson of the late Sheriff W.R. and Mrs. Gamble, Stratford and Mrs. Louise Long-Hedley.

On the more serious side of reporting we are saddened by the death of Lyndon Sims, the husband of Amelia Green Sims of Wheeler. Amelia will be remembered especially for her basketball ability on Conlen and Stratford State Winner Teams of former years. She is Keith Green's sister and daughter of the late Mr. & Mrs. Herbert Green. We tender S.C.O.T. love and prayer support to Amelia and family.

We also send love and peer support to Mr. & Mrs. Tab Houston as they enter Coon Memorial Nursing

Home in Dalhart. Our S.C.O.T. support to daughter, Chris Ethridge and Howard.

Betty and Baskin Brown visited Irene Butler in Guymon Hospital Sunday, Feb. 7th. Irene is to undergo surgery Feb. 8th. Best wishes and love to Irene and E.W. from S.C.O.T.

Cheery reports come from J.A. Lasley and Shirley Foreman on their cruise to Puerto Vallarta. Also Betty and Baskin Brown from their trip to Nassau and surrounding areas with a number of friends from various states. Seems one of the great joys was to order toast and wait, wondering if the wheat had to be grown!

Our last report on Judge Frizzell; he is home and doing well.

"Bon Voyage" to Lenelle and Hubert Waldrop on soon anticipated trip to Hawaii.

Congratulations and best wishes to Juanita and Lloyd Crownover on the occasion of their 44th Wedding Anniversary. We love you.

Is your calendar marked Feb. 14, Sunday as being Beverly Grimes day? See you at the Library!

We are alarmed by reports of "peeping Toms" being active in our community. Take care, S.C.O.T.

Scotters, have a good week. Be happy and busy scattering Scot pats and luv u plus Valentine greetings. Ours to you!

TAXPAYERS

with dependents

Beginning with your 1987 income tax return that you will file in 1988, you generally must list social security numbers for dependents who are at least five years old by the end of 1987. If any of your dependents do not have this number, get an application form today from the Social Security office in your area.

Kerrick News

by Marylou McDaniel

The mini-series, "Winds of the Gods", starts out in Junction City, Ks. but was really filmed in North Carolina. The patches and uniforms of the Sheriff's Dept. were sent to the film makers from J.C., so that was authentic. They made a mistake when Mary Ashley was being interviewed by the senate committee. They said she was a professor at Kansas University when they meant Kansas State! She couldn't be driving back and forth to KU every day! Manhattan, Ks., is about 20 miles from Junction City, just on the other side of Fort Riley. The trees were different than J.C., although J.C. has big trees, too. Anyway it's fun to have your hometown mentioned on television!

Thelma and Duane Smith were treated to birthday lunch in Dumas on Feb. 2 by Fred and Marylou McDaniel. They were again taken to dinner on Sunday by her nephew, Mike McDaniel. All visited with Minna McDaniel and Newt Crabtree.

Pat Boren and Nita Taylor attended a Super Bowl Party in Amarillo at the home of Mr. and Mrs. Mike Webb. Pat was in Lubbock Thursday and Friday for a We Care Seminar. She was there for the 10 -12 inch snow storm!

Trew James showed two pigs at the Sherman County Stock Show and earned a third and ninth. Thea James was in a Gymnastic Meet in

Dalhart Saturday and won second in tumbling and seventy on the trampoline. I made a mistake! Paula Ivey was elected treasurer of West Texas State Rodeo Club. Jeff and JoAnn Wells, Boise City, visited Sunday with his brother, Kenneth and Lynn Wells. Donald James showed four heifers and two steers at Sherman County Show. He received two firsts, two seconds, one third and Champion Commercial Heifer. His grandmother, Marjo Peterson, Boise City, attended the show.

If that Schwans man looks familiar, it's because you saw him on the Lawrence Welk Show for six years! David and Roger Otwell appeared on the show for six years. It went into re-runs in 1983. The twins moved back to Texas two and a half years ago and have just recently moved to Pampa. Roger and his wife, Millie, have one child. David, who was here Monday, is married to Leslie. The twins sing on weekends, recently had a reunion show in Lubbock with several other Welk performers, and appear on the Welk Christmas Shows. The Otwells have the Schwans business for Perryton, Spearman, Stratford, Kerrick, Clayton and Texline.

Cards of Thanks

My cup runneth over. Your cards, calls, flowers, prayers, and visits were appreciated and encouraging during my recent surgery. My special thanks to the staff at Coldwater Manor for their special care during my convalescent.

Bill Frizzell

I would like to express my thanks to each and everyone who helped make the 43rd Annual Stock Show a success. To John Wheeler and Ken Wight who were great assistants, thanks. To Craig Bell, Doug and Steven Pickens, and the many others, thanks for your help in the ring. Without your help, it would have been difficult. I would also like to say thanks to the many buyers. Without your great support, the show would not be possible. To the parents, leaders and advisors you deserve one of the biggest thanks. You have helped these boys and girls work with train and exhibit some of the best livestock ever shown in Sherman County.

Rex Sladek

Junior Girl Scout Troop 45 of Stratford would like to thank the Methodist Church for allowing us the use of their Youth Cottage Friday night, January 29th, for our lock-in. We would also like to thank Jolene Skaggs for furnishing the ice cream for our scrumptious banana splits; to Fred Velasquez and Thriftway for donating the donuts and HI-C for our breakfast; and to Dennis Davis and his crew of the City Police Dept. for keeping an eye on us during the night. Most of all thanks to our leaders husbands who stayed at home with their little ones so they could be with us.

Sarah Graham, Shaunda Blake, Gloria McAdams, Adele Cargill, Tracey Ziner, Condra Childs, Lisa Guado, Tracey Primall, Katelyn Howard, Tracey Dierker, Thobe Zacharias, Elvira Cantu, Jennifer Zacharias, Misty Zacher, Jennifer Chamberlain, Karen McMillan, Laria Kuder, Patricia Kirk

We would like to express our appreciation to the Sherman County Livestock Board for dedicating the 1988 Livestock Show in memory of T.J. T.J. looked forward to showing his lambs each year, whether he won or not.

A special thanks goes to Jim Allison and Susie Spurlock for the write up about T.J. in the fair book. Jim and Susie encouraged T.J. to participate in 4-H. They also opened their hearts to him and became his friend. Sherman County has been blessed to have two County Agents, like Jim and Susie to work with our kids.

We would also like to thank Keith Waters for announcing the dedication of the Livestock Show and reading the write up in the fair book before the Sale on Saturday.

Last July when T.J. died was a very difficult time for all of us. The Lord blessed us with so many friends and with such a supportive community. We want to thank everyone for all the food, flowers, cards, and opening their homes for all our relatives. We would like to thank Tom and Donna Wagner for helping us make the funeral arrangements and Gail Hunsaker for helping pick the music. We want to also thank Rev. Moore from Groom and Rev. Watson for the special service and the choir for the beautiful music.

A special thanks goes to Judy Stoy for answering the telephone and making calls for us. We know this was very hard for Judy to tell everyone about T.J. The Lord really blessed us when he sent her to us as an employee and friend. In fact we feel that way about all our employees, for they were all there for us.

We would also like to thank Steve Haynes, Rhonda Mathews, Chris McAdams, and all T.J.'s teachers at Mary Allen, who were very understanding of T.J.'s heart condition. All these people went out of their way to make sure T.J. did not do more than he should do physically. This was a very difficult job sometimes because T.J. was so active.

T. J. was a very special little boy and the Lord blessed us with him for ten wonderful years. He touched alot of people, young and old.

Bless you All,
Wesley, Cindy, Alicia and Mark Miller

The Board On Geographic Names is a federal agency of the U.S. that decides on standard names for geographic places throughout the world.

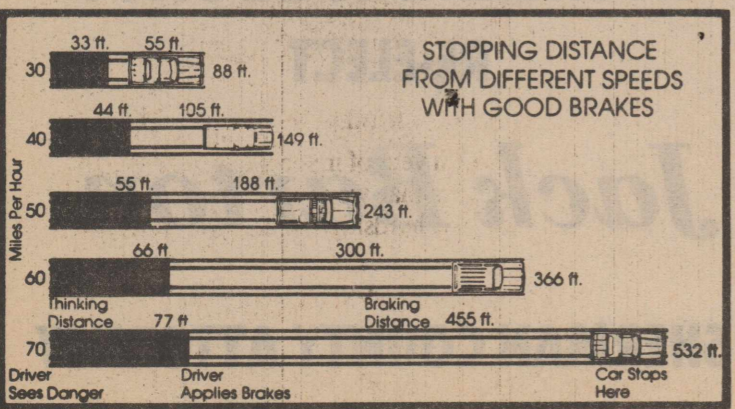

RISK

The faster you go, the harder it is to stop.

One of the principal features of transportation in the 20th century has been our decisions to travel faster than we can afford to crash.

We have conditioned ourselves to ride in jet aircraft at 400 mph, as well as in high speed trains. Unfortunately, this acceptance of higher speeds carries over to travel in our cars at velocities well above the safe limits of the ability to stop.

We become over confident. Then we are careless. Most drivers assume that 40 mph is twice as dangerous as 20 mph. Actually, the destructive power of your car DOUBLES when you increase your speed from 20 mph to 28 mph.

GLN FINE JEWELRY

Jim Naylor — Owner

You don't have to go deep in the heart of Texas to find beautiful, custom-designed jewelry that is crafted by true artisans of the trade! Right under your nose, in Amarillo, are two of the finest craftsmen around, **Jim Naylor** and **Ted Fancher**. At GLN FINE JEWELRY, located at 3608 Mockingbird, phone 806-352-7741, they can take your ideas and transform them into gorgeous one-of-a-kind creations using your gold and stones or theirs!

Contrary to popular belief that custom-designed work is usually more expensive than pre-manufactured stock, you'll be pleasantly surprised to learn that many times it is not! Imagine owning or giving your own custom-designed jewelry! Jim and Ted can offer you an extensive selection of gold, silver and stones including sapphires, emeralds, diamonds, and as a Valentine's suggestion, rubies! All work is done in their shop and many settings already designed are also available. Expert repair and accurate appraisals are all found at this one location.

Jim Naylor's 16 years of experience and thorough knowledge of all gemstones and precious metals guarantees that you will see quality work with each creation. He's well recognized throughout this area for his original designs as is Ted Fancher, who joins GLN FINE JEWELRY with his 18 years of experience as Jeweler for Wagner's Jewelry in Amarillo. Together these two goldsmiths feature such delicate work as stone settings, custom-carved waxes, pave, bright cut and channel settings.

Bear in mind that Valentine's Day is just a few days away, so warm your Valentine's heart with a special hand-crafted gift from GLN FINE JEWELRY. They're easy to find; take the Western Exit from I-44, go 4 blocks south on Western to Mockingbird, then 3 blocks east, and GLN FINE JEWELRY is on the north side of Mockingbird. They invite our Stratford Star readers and area Jewelry merchants to call them or to stop by on your next trip to Amarillo. Your inquiries and business are always welcome.

Dalhart Butane & Equipment Co.

Sometimes a name just doesn't tell it all, and in the case of DALHART BUTANE & EQUIPMENT COMPANY, that certainly is true! Let's get to the heart of the matter and enlighten you about ALL the fine services available to you from DALHART BUTANE & EQUIPMENT COMPANY.

Not only are they reliable distributors of L.P. Gas products and service, but they offer the folks in the Tri-State area over 40 years of experience in the drilling of irrigation water wells. Livestock and domestic water wells, quality submersible pumps, and windmills are also a specialty of the professionals at DALHART BUTANE & EQUIPMENT COMPANY, located on the east side of Highway 87 South in Dalhart, phone 249-4585. They offer a complete water well service including pump and gear head work.

General manager, **Rusty Gilmore**, and his staff can supply you with propane in bulk form delivered to your home, ranch or farm. For your convenience and emergencies, you can also reach Rusty at 249-5452. If you are presently using propane or are interested in the merits and economical benefits of L.P. Gas, call them. They can service your equipment from the smallest of tanks to the larger tanks for your entire home. Many work-saving gas products from gas burners and appliances to a full-line of L.P. equipment are available.

Thousands of irrigation wells throughout this area, which includes Oklahoma and New Mexico, have been serviced by DALHART BUTANE & EQUIPMENT COMPANY, and through their fair and honest business practices, they've won the respect of the communities they serve. They welcome from their Stratford neighbors any questions about all of their fine products and services, and want you to know that your business is always appreciated. Give them a call soon!

ENMR TELEPHONE COOPERATIVE

Here in the Texas Panhandle and in Northeastern New Mexico where your nearest neighbor sometimes is miles away, it's reassuring to know there is one company that has been providing reliable telephone service to its customers. For the past 40 years, the ENMR TELEPHONE COOPERATIVE, located at 7111 North Prince in Clovis, New Mexico, phone 505-389-5100, has been doing just that. From their beginning, they have provided the most efficient telephone service with friendly, conscientious efforts at the most reasonable prices.

Employing many people throughout this area, the ENMR TELEPHONE COOPERATIVE has aided in the financial strength and growth of the communities they serve. Without this dependable telephone service, these areas would not have been able to progress and prosper as they have.

The management of the ENMR TELEPHONE COOPERATIVE is committed to the same quality telephone service upon which the folks in these areas rely.

Once again, the ENMR TELEPHONE COOPERATIVE has proven to be a prominent name in this community, and they invite you to give them a call soon... 505-389-5100. They'll be there when you need them; you can count on it!

Kendrick Attends National Wheat Convention In New Orleans

Cagle Kendrick, who farms near Stratford, Tx., was among the hundreds of delegates attending the 38th annual convention of the National Association of Wheat Growers (NAWG), January 20-23 in New Orleans.

The theme of this year's NAWG convention was "New Ideas" and focused on innovations in farm management.

At the convention trade show, wheat growers also had a chance to see and hear about the latest products and services offered by exhibitors.

While at the convention, Kendrick stopped at the Du Pont Agricultural Products exhibit to register a guess for the number of kernels in a bushel of wheat on display.

In addition to registering the kernels of wheat guess at the Du Pont exhibit, Kendrick had the opportunity to visit directly with company representatives.

Kendrick heard information about "Harmony", Du Pont's newest short residual herbicide. It controls nearly 50 broadleaf weeds, including wild garlic and kochia, without limiting flexibility to rotate to other crops like corn, soybeans and sunflowers.

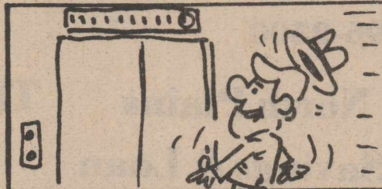

Kendrick discussed "Glean" and "Ally" that meet ASCS wheat control requirements for acreage enrolled in the Conservation Reserve Program (CRP).

Delegates to the convention were able to hear a variety of informative and entertaining speakers --

among them, Senator John Melcher of Montana, who discussed "Agriculture Politics: Optimism or Pessimism?"; Ambassador Allan Holmer, Deputy U.S. Trade Representative who discussed "Negotiating our way to Expanded Trade Opportunities"; and Winston Wilson, President of U.S. Wheat Associates, Inc. who discussed "U.S. Wheat: a Success Story".

The entertainment highlight of the convention was the show, "Shake the Blues and All That Jazz," starring Pete Fountain, who became famous playing clarinet on New Orleans's famed Bourbon Street. Sponsored by the Du Pont Company, the show was a particular hit of the convention.

As for the contest answer, according to calculations by the Du Pont, there was 919,121 kernels of wheat in the bushel on display at the exhibit booth.

The first skyscraper in the United States was the Home Insurance Co. building. It stood ten stories tall.

Stratford 6th grade boys started their basketball season Saturday, Jan. 30 at the Dumas ymca. Falling behind early the boys came back and gave Dumas a hard fight. Several times Stratford got within two points but never could get any closer. The final score ended up Stratford 21-Dumas 29. Scorers included: Ray Martinez-10; Colby Wheeler-6; Jeremy Brooks 3 and Adrian Aquelera-2. Other members include Heath Starnes, Chan Smith, Neal Hauser, Shane Watson, Nicki Phelps and Kyle McAdams. Coaches include Donovan Ferguson, John Wheeler. We have 5 more games at the Dumas YMCA for the next 5 Saturdays at 10:00 a.m. If you get a chance come watch. It is real exciting.

Bill Mires and Harvey Ward are the coaches of the 5th grade girls. When they played Saturday they beat Dumas 11-7. High Scorers were Ashley Parsons 6 points, Kimber Ward 3 points and Mandy Mires 2. Best Defensive player was Lea Shuping.

The Stratford 6th grade boys basketball pulled out an impressive win over Dumas this past Saturday by the score of 38-10. Jeremy Brooks lead all scores with 20 points. At times he was shooting as if he was unconscious because of his

great shots he was making. Other players scoring included: Ray Allen Martinez-6; Adrian Aquilera 6; Heath Starnes 2; Colby Wheeler 2; and Chan Smith 2. This game was a total team effort with Nick Phelps, Dean Hauser, Shane Watson and Kyle McAdams adding greatly to the play. Stratford lead the entire game. They also played excellent defense holding Dumas scoreless the 2nd and 3rd quarters. Stratford now has a record of 1 win and 1 lost. We play once again Saturday in Dumas at the YMCA.

North Plains Groundwater Conservation District No. 2 Awarded \$27,102 Grant By Texas Water Development Board

AUSTIN [Jan. 21, 1988]-Texas Water Development Board Chairman Louie Welch, Center, greets Cecil [left] Manager of the North Plains Research Field, Etter, Texas and Richard Bowers [right] Manager of the North Plains Water District, at the January Board meeting where the Board awarded a \$27,102 grant to the Water District. The grant will be used to convert two existing center pivot sprinklers to a single low energy precision application linear move sprinkler to demonstrate the impact of the more efficient system on water conservation.

On January 21, 1988 the Texas Water Development Board awarded a \$27,102 grant to North Plains Groundwater Conservation District No. 2. The funds which were awarded from the Board's Grants to Districts Program, will be used to convert two existing center pivot sprinklers to a single low energy precision application linear move sprinkler to demonstrate the impact of the more efficient system on water conservation.

The North Plains Groundwater Conservation District has been involved with the conservation of water used for irrigation since its creation in 1955 and has maintained an experiment station in association with Texas A&M Extension Service since 1961. The grant funds will enable the District to continue its commitment to continued education and research in the efficient use of groundwater for irrigation, industrial, municipal, and domestic use.

North Plains Water District feels very fortunate in receiving the grant. We certainly thank the Water Development Board for the grant, and all their personnel for the help they gave us in applying for the grant. We also thank Texas A & M Experiment Station personnel for their work in helping us secure the grant and a very special thanks to Cecil Regier for the excellent job he has done for the area as manager of the North Plains Research Field.

PSU Beef Bull Performance Test

Weather conditions were the topic of discussion during the 84-day weighing of bulls on test at the Panhandle State Test Station, Goodwell, Ok. With only 28 days left on the 112 day test period, the bulls have averaged 4.12 lbs. per day. Seventy head of junior age bulls averaged 4.14 lbs. per day and 60 head of senior age bulls averaged 4.10.

The Angus bull Pioneer 417 of Littlerobe consigned by Duane Jenkins of Higgins, Tx., still leads all bulls with an ADG of 6.14 lbs. This bull is a son of Pine Drive Big Sky. The Gwartney Simmentals (Strong City, Ok.) bull Test No. 11-1 by Diamond C Dream MRS029 is in second place with a gain of 5.64 lbs. per day. The third place bull is a simmental bull consigned by Dave Bozone, Rolla, Ks., by Bold Ruler. This bull has an ADG of 5.37 lbs. Ag Producers Must Make Choice Under New Tax Law

Agricultural taxpayers beware: If you grow or raise anything that takes more than two years to become productive, you're subject to new tax rules about "preproductive" expenses.

"Such expenses will no longer be deductible," notes economist Dr. Kenneth Stokes of the Texas Agricultural Extension Service. "Instead, they'll have to be depreciated."

Schedule F on 1987 tax returns requires producers to select a method of depreciation for this year and future tax years. "There are only two options provided—expensing or capitalizing," says Stokes, "but the choice isn't easy."

Stokes provides this basic information to help producers make their decision, but suggests that they may want to check with their accountants to see if other commodities come under the rule.

In the definition of "preproductive period," hogs, sheep and goats do not have a preproductive period over two years but cattle and

horses do. The preproductive period for a beef cow extends from conception of the cow to delivery of her first calf.

For plants, Stokes notes that the time span extends from when the plant or weed is planted to when it begins yielding marketable quantities.

The option of expensing is easier but can be more costly in the long run, Stokes says. Expensing requires no special bookkeeping or cost allocation. It also allows producers to deduct preproductive expenses the same year they're incurred.

"However, if you select expensing, you will be required to depreciate all other future farm assets using a slow straight-line depreciation method," Stokes says.

If producers elect to capitalize, they may not deduct preproductive costs until the plant or animal is sold, dies or becomes productive. The accumulated expenses can then be recovered by depreciating them over the life of the

asset, Stokes explains. In the case of animals raised for slaughter or purchased for resale, cash-basis taxpayers may deduct expenses as incurred, regardless of the preproductive period.

When calculating what amount to capitalize, producers should use their records to determine how much preproductive costs to subtract from total farm expenses. Or use an inventory valuation method he suggests, such as the farm-price or unit-livestock-price methods, to estimate costs incurred for preproductive plants and animals.

In the farm-price method, the cost of raising an animal or plant is estimated by subtracting the cost of taking the item to market from the price a producer would receive if selling it, Stokes explains.

The unit-livestock-price method uses the average cost of raising a type of animal or plant as an estimate of actual cost.

gifts and nice things.

When it is Christmas Time, that is the time you rejoice you feelings.

I went to the Old Home, we were carling there. This man could not talk only mumble. He mumbled and people laughed. I don't think it was funny Do you? I'll leave you with thoes thoughts.

What Christmas Means to Me by Wylee Maupin

Christmas means celebrating the birth of Jesus. When the three wise men saw the star they brought gifts. That is why we give presents. At Christmas is not just a time of getting. It is a time of giving.

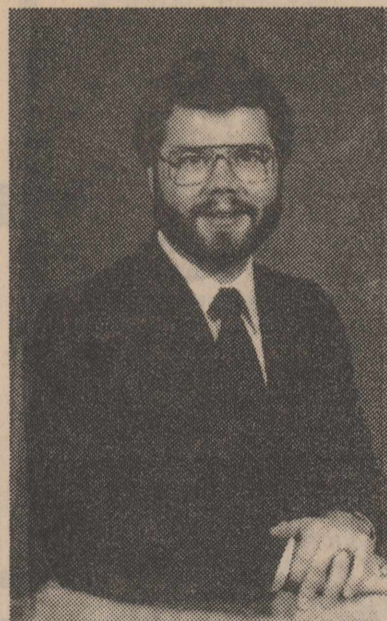

When the baby was lying in a manger everybody was wanting to see their new born King. So now at Christmas time people go to see their relative and friends. I get to spend time with my family and friends. I like to play games with them, and I get to give them
